

GIRL INJURED IN ACCIDENT NEAR OLDEN

Several bones in her back broken, Miss Nellie Mae Carmichael was in a serious condition Thursday at a Cisco hospital as a result of an automobile accident one mile east of Olden Wednesday. Miss Bertie Mae McClellan, her companion, was not seriously injured.

It was reported the driver of the automobile accidentally drove the machine into the ditch in an effort to avoid colliding with an automobile trailer.

The girls were enroute to Ranger. Their parents are Mr. and Mrs. S. A. Carmichael and Mr. and Mrs. Charles McClellan, all of Cisco. They are in the grocery business.

A Ranger ambulance took the girls to Ranger shortly after the accident was reported.

Family Reunion Brings 123 For Birthday Dinner

W. S. Harrison, old time resident of Breckenridge, was given a birthday dinner at his home, 14 miles northwest of Breckenridge, Sunday, November 15.

All his nine children were present for the first time in 20 years. They are Mrs. Barnes, Munday; Mrs. Raglin, Mingus; Mrs. Harris, Breckenridge; Mrs. Sanders, Antelope; and George, Stith, John, Frank and Lina Harrison, all of Breckenridge.

In addition to the children 20 grandchildren and one great-grandchild were present. The great-grandchild was Bertha Mae Choate daughter of Mr. and Mrs. Tommie Choate of Mingus.

A sister, Mrs. Frank Henderson and three nieces and their families from Cisco also attended, along with many other relatives and friends, bringing the total present for the dinner to 123. Each carried a picnic lunch, which was spread outside.

The honor guest of the day was celebrating his 70th birthday. After lunch pictures of him with his children, grandchildren and great-grandchild were taken.

Routine Order Makes Election Vote Final

Democratic nominees for county officers were declared elected in an order filed in county clerk's office Thursday by commissioners' court, which canvassed returns of the recent general election.

Banquet Held by Phone Employees

Employees of the Southwestern Bell Telephone Company of the Fort Worth West Suburban Chapter met Wednesday night at the Eastland office for a Thanksgiving banquet. The attendance of 56 was made up of employees, their wives and friends.

F. W. Chapman of Fort Worth, district plant chief, presided. Other officials attending were Gus Lane of Fort Worth, division plant superintendent; H. J. Hagar, Fort Worth, division toll line superintendent, and Fort Worth Suburban Traffic Chief Word, also of Fort Worth.

Employees from Breckenridge, Eastland, Albany, Ranger, Dublin and Mineral Wells attended. The banquet was a regular meeting of the chapter.

Transfer Case From Eastland to Abilene

Damage suit of J. F. Wells against Rainbow Coaches and Southwestern Greyhound Lines, Inc., has been removed from 88th district court at Eastland to Abilene federal court. The transfer was made upon motion of Southwestern Greyhound.

Ex-Chamber Chief Goes to Cleburne For Lone Star Job

H. C. Davis, former secretary of the Eastland Chamber of Commerce, left Wednesday for Cleburne, where he will be employed by the Lone Star Gas Company.

The successor to Davis in the Eastland Commerce has not been announced.

'Hard Luck' Tattoo Traps Suspect

A detective stopped Gail Gilmore (above) on the steps of a Baltimore lodging house and asked for a match. By its light he saw the letters H-A-R-D L-U-C-K tattooed on the lodger's knuckles. That was Gilmore's hard luck, for he was arrested and brought to State Island, New York, for questioning about the murder of his fishing partner, William Moritz.

Mavs May Realize Life's Ambition

Eastland Mavericks Friday afternoon at 3 o'clock will have the "opportunity of a lifetime," when the Cisco Lobos invade Welch field.

Since Eastland has been in the Oil Belt football sector it has not ever defeated Ranger and Cisco in the same season. The Mavericks are nearer this realization this year than ever. The game with Ranger resulted in the Mavericks gaining its only victory to date.

While many believe Cisco a set-up, still other declare that the Lobos will not allow their previous defeats to impress them in any manner Friday afternoon. Cisco will be fighting to stay from the Oil Belt collar, for which it is apparently doomed with Ranger unless a victory is obtained from Eastland.

The Mavericks have been arch foes of the Lobos for years. Eastland hasn't been defeated by the Lobos since 1933 and it is striving to maintain that record. Last year the Mavericks tied with Cisco and the year previous hammered their way to a 28 to 7 victory. In 1922 the team tied.

The game will be called at 3:00 o'clock.

Two Judges Work For Same Tribunal

Ninety-first district court Thursday was in session in two courts.

Occupied with the damage suit of X-Ray Gas Company against Lone Star Gas Company, which has been in progress over two weeks, Judge George L. Davenport of the 91st court assigned Judge B. W. Patterson of the 88th district court to hold court for him in his tribunal.

Judge Davenport is presiding judge of the 88th administrative judicial district.

The suit over which Judge Patterson is presiding for Judge Davenport is styled Elizabeth A. Lowman and others against Alexander A. Walton and others.

First Sheriff Ill In Austin Home

"Uncle" Henry Schmick, 93, first sheriff of Eastland county, whose wife was buried at Eastland last week, was seriously ill Thursday in the Confederate home at Austin.

Mrs. Agnes Harwood Doyle, a niece and an adopted daughter, was summoned Wednesday afternoon by officials of the Confederate home.

Schmick, born in Pocahontas, Ark., came to Eastland when 26. He was commissioned by Governor Pope to serve as sheriff when the county was a wooded section.

BRITISH POTTERIES BOOM

LONDON.—Demand for coronation commemorative china has led to a boom in the potteries and in the claypits and china stone quarries of England's West Country. The direct cause is King Edward's wish that all coronation china shall be of British design and manufacture.

Eastland Girl is One of 'Queens' at Fort Worth School

Ann Arnold of Eastland has been nominated by the student body of Texas Christian University as one of the 16 "Popular Queens" who will be presented the night of Dec. 5 at the annual Horned Frog Revue in Fort Worth.

Students that night will select two of the four candidates from each class, who will be honored with a full page in the 1937 year-book. They will vote by ballot that night, and students who did not attend will be given an opportunity to vote later on.

The student body, in attempting to select the 16 candidates, named 164 girls for that honor.

Miss Arnold is a sophomore.

Rev. Daily, Family Leave for Tolar

Rev. and Mrs. E. M. Daily and their two daughters, Rebecca and Rita Joyce, have gone from Desdemona to Tolar, where he was assigned to the pastorate of the First Methodist church at the recent conference in Houston.

Rev. O. D. McDonald of Hall county, a transfer from the Northwest Texas Conference to the Central Texas conference, is the new pastor of the Desdemona church. Members of the Baptist church Sunday aided in welcoming the new preacher and his family when he delivered his first sermon at Desdemona.

Junior Red Cross Reports Growth During Past Year

Few organizations could equal the record for growth and achievement shown by the American Junior Red Cross, a branch of the adult Red Cross, functioning in the leading schools throughout the country, according to J. E. Spencer, Chairman of the Eastland Chapter, Red Cross.

Since its inception during the early World War years, Mr. Spencer declared yesterday, the Junior Red Cross has enjoyed a phenomenal growth both numerically and from the standpoint of influence among the youth of America. Today the organization consists of 8,352,298 members in 24,882 elementary, junior high, and high schools, 589,055 of these members representing the rapid growth of the Junior society during the fiscal year.

Helping disaster victims by contributions to the Red Cross flood and tornado relief fund this past spring, as well as supplying several thousand blind children with stories in Braille were two outstanding activities in which the Juniors have been especially helpful.

Many thousands of dollars for disaster relief were given by Junior members this past year, and a new record was established both in the total amount of money for disasters raised, and in the number of Junior members who have participated in the work of the organization during this twelve months' period.

From the National Children's Fund—a fund administered by the Junior Red Cross and built on contributions by the Juniors—appropriations have been made to buy playground equipment and books for children in communities particularly hard hit by disasters, lunches for school children in hurricane districts and libraries for schools where books have been destroyed by catastrophes of various kinds, as well as for schools in mountain or rural areas whose funds will not permit such purchases.

One project which moved throughout the year under impetus of great enthusiasm was that of providing at least one story in Braille for each child in state schools for the blind. Covers for the Braille manuscripts were made by hand by the Juniors, and the cost of materials was met from the Children's Fund. The Juniors also provided more than 52,000 menu covers to be supplied mess rooms of ships of the United States Naval Fleet at Christmas time.

In the 26,000 schools where American Juniors are to be found, international friendship and understanding have been fostered through the exchange of photographs, albums, letters and hand-work between our students and those of many other countries, thereby stimulating an interest in children of other nations which would be hard to inculcate in any other way.

Chattel Mortgage Increase Shows Credit Easier, Times Better Here

Better business conditions for persons in various occupations are interpreted in the increase of chattel mortgages filed in the county clerk's office the first 10 months this year over a similar period in 1935.

Miss Genevieve Truly, deputy clerk, checked the books and the results showed an increase of approximately 25 per cent over last year. A total of 5,966 chattel mortgages were filed the first 10 months of this year, compared to 4,863 for a similar period in 1935.

The figures are interpreted as showing people are in better shape this year and credit conditions easier. The increase also shows a big pickup in installment buying of things which the average person can do without when times are hard.

Chattel liens against furniture, refrigerators and washing machines reveal a pick-up in demand for home goods, officials say. Automobile liens are numerous in the recordings, too, registration of new cars in the county indicate.

BODY OF GIRL IS FOUND ON SIDE OF ROAD

SAN ANTONIO, Nov. 19.—The pajama-clad body of a girl found on the Fredericksburg road today was identified as that of Miss Clara Marsh, 27, of Seguin.

Officers considered the possibility that the girl had been murdered.

The battered condition of her body, a crushed skull, fractures of both legs and a broken left arm and shoulder hampered efforts at identification.

Almond Beardon of Desdemona Buried

Almond Beardon, 59, resident of Desdemona, was buried under the auspices of the Church of Christ Saturday afternoon at 3, in the Desdemona cemetery.

Beardon had recently returned from a tour of the world and was well known in Eastland county. The deceased is survived by one sister, Mrs. Simpson of Arizona, and a nephew, Joe Horton, of New Mexico, both of whom were present at the funeral.

Beardon was not married.

Desdemona Woman's Mother Succumbs

Mrs. Clara Beamer, mother of Mrs. Charles Lee of Desdemona, died Monday morning at her home in Weston, West Virginia. Mrs. Lee was with her mother when she died. Mr. Lee was notified of the death.

For the past 16 years Mrs. Beamer had visited often in the home of Mrs. Lee and with her granddaughter, Mrs. Dick Cutting of Desdemona.

QUININE LOSES BITTERNESS

MINNEAPOLIS.—Dr. Max Hoffer of Basel, Switzerland, reports in Modern Medicine, published here that he has discovered a method of removing the bitter taste of quinine. He says he removes the taste by combining the drug with naphthalene.

EASTLAND FIRM TO DRILL IN VICINITY OF CHASTAIN WELL

A new location five miles south of Ranger and between that city and Eastland, regarded as a promising territory for oil development, has been made by Hoffmann and Page of Eastland.

In the same territory from which Garvin Chastain of Ranger had production which attracted the attention of all county oil men and resulted in a well with initial production of over 750 barrels daily, the Eastland firm staked location for the No. 1 Brashar-Fox, E. Finley No. 1, 330 feet of the south line and 330 feet west of the farm lines. The land was leased from the Eastland Investment Company.

Almost side by side, Lone Star Gas Company and Hickok Producing and Development Company are drilling one mile north of Cisco.

Italy, France Preparing For Their Defense

ROME, Nov. 19.—More guns, more airplanes, more warships and more men were voted by the fascist grand council today to back up Premier Mussolini's policies.

Meeting in the dead of night after the Italian and German recognition of the Spanish nationalists, the grand council affirmed the necessity of speeding preparation for war, especially as regards air and sea strength.

It was explained that the present international situation was the reason for the vote.

Burglary Case Term Suspended

"Pistol" Clements was under a five-year suspended sentence Tuesday after he had pleaded guilty in 88th district court at Eastland to a charge of burglary.

Clements, indicted April 30 on a charge of entering Mar. 18, a residence occupied by L. E. Clark, was returned by the sheriff's department from Lea county, New Mexico.

Suspects Are Freed In Wheel Theft Case

Continuing their investigation of theft of automobile wheels reported from Eastland and Strawn, members of the Sheriff's department released several youthful suspects Wednesday from the county jail.

Disappearance of over 10 automobile wheels from Eastland has been reported. Several of the same thefts have been reported from Strawn. It was stated.

COLLEGE USES 10,000 RATS

MONTREAL.—McGill University is one of the greatest rat exterminators in the country. It is estimated that an average of 18,000 rodents become martyrs to the cause of science during biological and other research work every year.

Cockrill Is Named Garrett's Secretary

Announcement has been made that J. W. Cockrill, editor and owner of the Gorman Progress, has been appointed as secretary to congressman-elect Clyde L. Garrett.

The announcement came from Gorman, where Cockrill has lived for the past 16 years. He plans to leave for Washington about Dec. 15 to assume his duties, it was stated.

Iron Man Role Taken by Youths In Two Sports

Without one second of substitution, he has played through 18 consecutive football games, and with only 1-2 minutes of substitution he has played through 26 consecutive hockey games.

The feat is regarded as amazing because he plays two of the most trying positions in two of the most strenuous sports. He is a backfield man and in hockey plays defense.

His endurance is ascribed to his physical development and powerful legs. His 5-foot, 11-inch frame packs 186 pounds.

CLUB AIDS BLIND

PORT HURON, Mich.—White cannot signify a blind person in this city. Recently the Lions Club applied all persons with imperfect sight with white walking sticks and an ordinance prohibiting anyone except blind persons to use them.

Eastland Senator To Attend Parole, Probation Confab

Wilbourne B. Colie of Eastland will be one of three state senators who will attend the southwestern state probation and parole conference in New Orleans Dec. 3-5, to study legislation on these subjects preparatory to making recommendations to the legislature.

Other members of the committee are Weaver Moore of Houston and Roy Sanderford of Belton.

Measuring of Farm Termination Seen

Only 25 farms are unmeasured in the work to determine compliance in the federal agricultural program, L. N. Miller, conservation agent, estimated Tuesday.

Miller stated the work will be finished this week.

The unmeasured farms are in scattered parts of the county. There were 750 farms to be measured when the work began six weeks ago, Miller stated.

Lower Prices Are Expected on Cotton

COLLEGE STATION, Tex.—"In the face of a large world carry-over of cotton, it is obvious that American cotton farmers may expect to encounter lowered prices if they greatly increase production in 1937," W. E. Morgan, Texas Extension economist, said in commenting on the Outlook Report from Washington, D. C., that the world supply of cotton is the largest in three years.

"The increase in world supply is due to marked increase of production in Russia, Brazil and China."

"The tendency toward lowered prices, however, would be offset to some extent if the general price level continues to rise or if there is further improvement in demand for the staple, Morgan said.

An encouraging fact as part of the general outlook on cotton is that government figures indicate the cotton and supply situation is favorable to maintaining prices of cotton seed and cotton seed products at higher levels this season than last.

"A point worthy of consideration," Morgan said, "is that improved quality of Texas cotton would tend to strengthen the competitive position of American cotton and to make it more salable at home."

Drunk Driver Tip To Liquor Find

The arrest of an intoxicated driver led Eastland police to the discovery of 17 gallons of "corn whiskey" in the rear of his automobile, Chief W. J. Peters reported Saturday.

After the intoxicated driver, a Ranger citizen was arrested and his car halted the police noticed the tax unpaid liquor.

Federal officers of Fort Worth were notified and the man put in their custody.

Deputies In Tax Office Are Named

C. H. (Harl) O'Brien, county Tax Collector - Assessor - elect, Thursday afternoon named the deputies who will assist him.

Held in Murder He Discovered

Instead of discovering the murder of Morris Erde, wealthy "Punker-nickel king," as he claims, New York police charge Michael Bowen (above), handlar and night watchman at the building where Erde lived, committed the murder, hid the body three days, then dragged the body into the street and reported the crime.

Treatment Helps Well's Production

Acid treatment of Panhandle Refining Company No. 1 E. H. Webb, lot 3 of the Bronson subdivision, William Van Norman survey, Eastland county, increased production from one to 10 barrels of oil.

This was shown Thursday from records in the oil and gas division office of the railroad commission at Eastland.

One hundred and sixty-five quarts of acid were used in the 65 feet of sand thickness. The depth to the top of the sand formation was 3,320 feet.

No report has been received from the same company's shooting of No. 1 L. A. Hightower, William Van Norman survey, block 2. Two hundred quarts of nitroglycerin were to be used in an effort to step up the present production of two barrels daily. Formations to be shot were 2,940 to 2,970, 3,028-3,050, and 3,110-3,140.

Plugging record has been filed for Robert A. Holt's No. 1 Payne, section 60, H. & T. C. survey, block 2, Comanche county.

Also to be plugged at a total depth of 830 feet was States Oil Corporation No. 1 Mrs. M. E. Holcomb, section 1, H. & T. C. R. survey, block 4, northeast of Eastland.

Bank Creditors Due Last Dividend

Approved creditors of the Texas State Bank of Eastland, which closed by order of directors Oct. 4, 1931, will receive a final dividend of 1.8.

Eighty-Eighth District Court Judge E. W. Patterson Tuesday approved the application of Z. Gossett, banking commissioner of Texas and statutory receiver, to pay the final dividend. Gossett assured the court a sufficient amount of cash would be retained to take care of all claims on file but not approved.

Gossett stated all assets of the defunct bank had been disposed. The institution was placed in the hands of the banking commission for liquidation after it was closed by the directors.

\$1,000 Bond Made In Burglary Count

Larry Edwards, indicted October 30 by a district court grand jury on a charge of burglary, has made bond of \$1,000. He was charged by the indictment, with entering a home owned by R. O. King, Sr.

Case Workers Attend Meeting In Abilene

County and Texas Relief Commission case workers from Eastland, Ranger and Cisco attended a district meeting Saturday at Abilene for discussion of routine problems.

GREAT BRITAIN WILL PROTECT HER SHIPPERS

LONDON, Nov. 19.—Great Britain will protect her shipping in event of a blockade of Spanish ports, Anthony Eden told the house of commons today.

Asked if British ships would be protected on the high seas if carrying goods to Barcelona, which the Spanish rebel government has threatened to blockade, Eden asserted:

"The rules would normally govern international action on these matters will be pursued by his majesty's government in the face of legitimate British entry."

He promised he would seek specific assurances from Italy and Germany that their recognition of Gen. Franco's government would not mean they regarded themselves free to supply arms to the nationalists.

A thick concentration of legal warships in the Mediterranean was reported. This was regarded as a sign Britain is preparing to defy the threatened blockade of Barcelona and other ports and, if necessary, to challenge the insurgent fleet to a test of naval strength.

Itinerary of Tax Collector Arranged

The following schedule for the collection of state and county taxes has been arranged by T. J. Haley, county tax collector-assessor:

Desdemona, Nov. 28, morning. Olden, Nov. 28, afternoon. Carbon, Nov. 24. Rising Star, Nov. 25. Gorman, Nov. 27. Ranger, Nov. 28. Cisco, Nov. 30. Romney, Dec. 1, morning. Okra, Dec. 1, afternoon. Nimrod, Dec. 2, morning. Pioneer, Dec. 2, afternoon. Dothan, Dec. 3, morning. Searcy, Dec. 3, afternoon.

If polls and half of other taxes are paid on or before Nov. 30, the balance will be extended until June 30, 1937, without penalty or interest.

Bank Creditors Due Last Dividend

Approved creditors of the Texas State Bank of Eastland, which closed by order of directors Oct. 4, 1931, will receive a final dividend of 1.8.

Eighty-Eighth District Court Judge E. W. Patterson Tuesday approved the application of Z. Gossett, banking commissioner of Texas and statutory receiver, to pay the final dividend. Gossett assured the court a sufficient amount of cash would be retained to take care of all claims on file but not approved.

Gossett stated all assets of the defunct bank had been disposed. The institution was placed in the hands of the banking commission for liquidation after it was closed by the directors.

County Purchases Rising Star Bond

Commissioners' court has authorized the purchase of a \$1,000 municipal gas system revenue bond issued by the City of Rising Star, an order filed Saturday in county clerk's office disclosed.

The bond was bought with money from the county's permanent school fund. It was one of 12 issued by Rising Star, dated Sept. 1, 1936, and which will mature Sept. 1, 1942. Interest is payable March 1 and Sept. 1 each year.

Attorney-Elect and New Sheriff Attend Gathering at Cisco

District Attorney-elect Earl Conner, Jr., and Sheriff-elect Lew Woods of Eastland were among 60 who Monday night attended a dinner sponsored by the Cisco police department to bring about cooperation between local and law enforcement agencies. The meeting was held at a Cisco hotel.

New Amendments To the Constitution Still Present Several Problems

By United Press
 AUSTIN—State officials whose monthly pay checks were boosted by popular vote in a salary-raising amendment to the constitution, now are wondering when they will get the larger pay.
 The amendment says the increase from \$4,000 to \$12,000 a year shall not become effective for the Governor until the third Tuesday in January. The sections of the amendment raising the salaries of the Attorney General, Comptroller, Treasurer, Land Commissioner and Secretary of State make no mention of when they are to take effect.
 None of them will be paid until the state legislature makes an ap-

propriation for the purpose. The office holders are worried as to whether the appropriations when made will date back, or be put off until the start of the new state fiscal year on Sept. 1, 1937.
 If it is held that the appropriations can be made retroactive, there will be a question of whether the increased pay shall date from Nov. 3 or only from Nov. 18, the date for official canvass of the election and declaration of its results.
 If the pay is not made retroactive, one official will receive no benefit from it. Land Commissioner J. H. Walker was not a candidate for re-election. If the

When the legislature will act on the amendments that need enabling acts is doubtful. Two amendments that were adopted in 1935 have not yet been carried into effect by laws. One of these would permit 90 day commitment of persons for mental observation without jury trial of their sanity. The other would permit courts to grant paroles to convicted defendants.
 Like these amendments which were merely permissive to the legislature, two that were adopted on Nov. 3 are permissive. One permits a tax levy for a teacher retirement fund. Another permits the legislature to provide workmen's compensation insurance for state employees.
 ROBE VALUED AT MILLION
 HONOLULU—Bishop Museum of this city believes it possesses the most valuable robe in America. It is the feather cloak of an early Hawaiian king and might possibly be bought for \$1,000,000, should the museum decide to sell.

age (1928-32) production of 4, 580,000 bales of 500 pounds gross weight.
 CORN yield is not turning out as well as had been anticipated, and is now estimated at 14 bushels per acre. Last month indications pointed to a yield of 15 bushels per acre. In 1935, Texas produced 19.5 bushels per acre and the 10-year average (1923-32) is 16.8 bushels.
 Prospects for other crops show little or no change from a month ago.

Bayer Tablets Dissolve Almost Instantly

In 2 seconds by stop watch, a genuine BAYER Aspirin tablet starts to disintegrate and go to work. Drop a Bayer Aspirin tablet into a glass of water. By the time it hits the bottom of the glass it is disintegrating. What happens in this glass happens in your stomach.

Crop Prospects In Texas Change But Very Little

AUSTIN—The first three weeks of October were generally favorable for the maturing and harvesting of crops, but general rains over practically the entire State during the last ten days of the month retarded the harvesting of crops still in the field. These rains were beneficial to rangeland and pastures and to small grain crops. With the exception of the area north of the Canadian River and other scattered local areas, moisture supplies have been adequate, and prospects for the winter are fairly good except in these dry areas.
 Prospective crop yields per acre in Texas for 1936, based on the combined yields of 33 important crops, are 91 per cent of the 10-year average on November 1. This is an increase of 2 per cent above indications on October 1. This increase is accounted for largely by improved cotton and peanut yields, which more than offset declines for some other commodities, particularly corn.
 Improvement in the northern and northwestern districts results in a COTTON production forecast at 3,005,000 bales, based on an indicated yield per acre of 122 pounds. Indicated production is slightly above that of last year, but is far below the 5-year aver-

For Amazingly Quick Relief Get Genuine Bayer Aspirin

If you suffer from pains of neuritis what you want is quick relief.
 Genuine Bayer Aspirin tablets give quick relief, for one reason, because they dissolve or disintegrate almost instantly they touch moisture. (Note illustration above.)
 Hence—when you take a real Bayer Aspirin tablet it starts to dissolve almost as quickly as you swallow it. And this is ready to start working almost instantly... headaches, neuralgia and neuritis pains start easing almost at once.
 That's why millions never ask for aspirin by the name aspirin alone when they buy, but always say "BAYER ASPIRIN" and see that they get it.
 Try it. You'll say it's marvelous.

15c FOR 2 FULL DOZEN 25c
 Virtually 1c a tablet

CRYSTAL WHITE SOAP OFFERS MICKEY MOUSE Balloon FREE!

FOR 5 WRAPPERS FROM CRYSTAL WHITE SOAP

For limited time only. Special offer to acquaint more women with this big bar of white laundry soap that cuts soap bills in half!

MOTHERS! Here's a grand free gift for your youngsters—a Mickey Mouse Balloon, 2 1/2 feet high, sent FREE for just 5 wrappers from Crystal White Soap!

It's a marvelous toy for the youngsters—made of durable rubber, with heavy cardboard feet so that when you toss "Mickey" in the air—he always lands on his feet!

But this offer is for a limited time only—so get your Crystal White Soap now.

Crystal White will CUT YOUR SOAP BILLS IN TWO. For Crystal White costs only half as much as fancy packaged soaps. You get twice the suds at half the cost! And, this giant pure white bar will LAST AND LAST.

Yet this creamy white giant bar is made with the same costly tropical oil used in fine shampoos and toilet soaps. That is why it gives "billion-bubble suds" that dissolve grime and grease... make clothes gleaming white, dishes sparkling clean!

Go to your grocer today—get your 5 bars of Crystal White Soap... and send for your free Mickey Mouse balloon!

TOSS "MICKEY" IN THE AIR... HE ALWAYS LANDS ON HIS FEET!

HOW TO GET YOUR FREE BIG 2 1/2 FOOT MICKEY MOUSE BALLOON
 Just mail 5 wrappers from Crystal White Soap, with your name and address, to Crystal White, Kansas City, Kansas. Your balloon will be sent at once, postage prepaid. Offer expires November 30th, 1936.

TESTED AND APPROVED BY GOOD HOUSEKEEPING INSTITUTE

DESDEMONA

The "21" Study club met on Tuesday afternoon of last week at the clubhouse for the program on "Spain." The meeting was called to order by the president, Mrs. David Parks, and Mrs. S. E. Snodgrass served as secretary pro tem. The leader of the program was Mrs. W. H. Davis, whose subject was "Turbulent Spain." A parliamentary drill on "The Previous Question," was given by Mrs. C. W. Matthey. The first number on the program was the reading of a poem by Mrs. Mattie Henry. The title of the poem was "Solace," which had been written by Mrs. W. H. Davis and had been accepted by the 6th district poetry contest for publication in "Sheaves We Have Bound," the anthology of the 6th district of the Federation of Women's Clubs.

Miss Lillie Buchan, accompanied by Miss Capitola Browning, Mrs. H. G. Salyer and Mrs. W. S. Craig, drove to Ranger on business Thursday.

Mr. and Mrs. J. E. Heeter visited Sunday with her mother, Mrs. S. E. Snodgrass.

Clyde Blackburn, accompanied by his mother, left Monday for his

home at Pampa. His mother has lived on his farm the past few years, but he decided to take her to Pampa to keep house for him. Their many friends hope they may return before many months.

About two months of efforts by the members of the Methodist Missionary society, the "21" Study club and the Eastern Star chapter, a work-room was opened here Thursday with ten women being employed at sewing. For some time a few of the women had been going to Gorman to the work-room, which was very inconvenient, and they and the others eligible for work are glad to have a place here to be employed. The work-room is located in the store building belonging to Mrs. Ayres, a place that is in the main part of town and is very convenient for those who are working there.

On Tuesday of last week four school buses filled with 112 pupils and a number of teachers and parents, left here at 4 o'clock in the morning for Dallas, where they all enjoyed the Centennial. The expense of the trip was quite small as the bus fare was only 50 cents and lunches were carried and admission to the Centennial grounds and to a number of the special attractions were reduced for the school children.

Just When We Were Getting Ready to Relax

Mr. and Mrs. Horace Morrison and her daughter, Miss Joe Celine Crenshaw, drove to Dublin on business Thursday.

Mr. and Mrs. Frank Daniels of DeLeon visited her brother, S. T. Stover, and his family, Sunday.

The Methodist Missionary society met Monday afternoon at the church and had the regular program from the World Outlook. Mrs. C. O. Bragg, vice president, presided. During a short business session the parsonage committee reported that some of the furniture needed re-upholstering and draperies were needed for some of the rooms. They also reported that the house had been left in good condition by the outgoing pastor's family. Mrs. Preston Sparks led the Outlook program and Mrs. W. C. Bedford presented the bulletin of missionary news. Others taking part on the program were Miss Mollie O'Rear, Mrs. C. O. Bragg and Mrs. S. E. Snodgrass. The society sent a message of sympathy to their president, Mrs. Chas.

Lee, whose mother, Mrs. Clara Beamer, had passed away that morning at his home in Weston, West Virginia.

Funeral services were conducted Saturday afternoon at the Church of Christ over the remains of Almond Beardon, who had passed away Wednesday night after a short illness. He was born in Desdemona on Sept. 29, 1878, and lived here nearly all of his 58 years, though he spent some time in Arizona and two years ago he took a trip around the world. The pastor of the Comanche Church of Christ conducted the funeral and gave a message to relatives and friends. He is survived by one sister, Mrs. Simpson, of Phoenix, Arizona. Pall bearers were his boyhood companions. Numerous

and beautiful floral offerings covered the grave as tokens of love and respect from his many friends and relatives, to whom we extend sincere sympathy.

Saturday night at 6:15 o'clock, Nov. 14, at the home of Elder Calvin Maddox of Gorman, Miss Joe Celine Crenshaw and Mr. H. P. Tomlinson of Wallis, Texas, were united in marriage. Those present for the wedding were her mother and step father, Mr. and Mrs. H. Morrison, and Mrs. Jesse Clark of Desdemona. Out-of-town visitors were her grandmother, Mrs. B. L. Woody, and her brothers, Gene and Herbert Crenshaw, of Gorman; Mr. and Mrs. Philip Tomlinson and son, Lloyd, of Wallis; Mrs. J. W. Fewell and daughter, Betty Jo, and Mrs. P. W. Hamilton and daughter, June, of Sealey. They left Sunday for Wallis, where they will reside, going by way of Fort Worth and Dallas to visit the Centennial. The groom is the son of Mr. and Mrs. Philip

Tomlinson, and is a graduate of Wallis high school. The bride has made her home here the past year and has made hosts of friends who extend congratulations and best wishes to them.

Farmers are busy now turning the soil and sowing grain.

ton Valley, motored to Dallas Sunday to see the Centennial.

Mr. and Mrs. W. T. Duncan attended the Baptist convention at Mineral Wells last Wednesday.

Mr. and Mrs. Sam Fonville and small son, Jimmie, were visiting Mr. Fonville's parents, Mr. and Mrs. J. L. Fonville of Desdemona, last Saturday.

Mr. and Mrs. Sam Fonville and Jimmie Fonville and Mrs. L. B. Bourland were visitors at Straw and Desdemona last Sunday.

We are having some fine weather now and the farmers are taking advantage of it by getting their peanuts threshed.

STAFF

Boyd Hazard and family of Merton Valley were visitors in the home of Mr. Hazard's parents, Mr. and Mrs. M. O. Hazard, last Friday evening.

Mrs. Lloyd Clem of Gordon was the guest of her sister, Mrs. Spencer Hazard, last Thursday.

Mrs. J. B. Bourland and Mrs. Sam Fonville shopped in Ranger Monday and visited with relatives there.

Mr. and Mrs. M. O. Hazard and son, Maurice, accompanied by Boyd Hazard and family of Mor-

BACKING THE BULLDOGS -- WIN OR LOSE!

Times and Arcadia to Stage Football Party

Shirley's New Film 'Dimples' Is Full of Songs and Dances

Singing, dancing and dimpling her way once more into millions of hearts, Shirley Temple's new Twentieth Century-Fox triumph, "Dimples," opens Sunday at the Arcadia theatre.

Hailed as Shirley's wonder show, and featuring swiny new songs hits and brand-new dance steps, "Dimples" is heralded as the outstanding hit in the little star's parade of triumphs.

An exceptional cast, headed by the irrepressible and inimitable Frank Morgan, supports Shirley

in the film, with Helen Westley, Robert Kent, Astrid Allwyn, Delma Byron, the Hall Johnson choir and Stepin Fetchit prominently featured.

Replete with laughter, romance and drama, "Dimples" tells the story of a lovable little street minstrel, Shirley, and her incorrigible but irresistibly funny guardian, Frank Morgan.

The film opens with Shirley leading a group of young sidewalk minstrels through songs and dances. As they conclude their performance Morgan pushes thru the crowd and starts off the "contributions." This is how he and Shirley eke out a precarious livelihood.

Morgan has a penchant for other people's belongings and his nimble fingers fasten on anything of value with which they come into

contact. His peccadillos eventually lead him into trouble, but he goes free through Shirley's winsome smiles and pleas.

With Shirley mothering and caring for the irresponsible scamp, the film moves through its highly entertaining story, climaxes with Shirley being cast in the starring role in a presentation of "Uncle Tom's Cabin."

With Morgan and Stepin Fetchit contributing hilarious laughter, Robert Kent, Astrid Allwyn, and Delma Byron youthful romance, Helen Westley and Berton Churchill providing stirring drama, and Shirley better than even her previous "bests," "Dimples" is the greatest in the succession of Shirley Temple pictures.

Darryl F. Zanuck selected William A. Seiter, director, and Nunnally Johnson associate producer

"Spendthrift" Is High-Speed Tale With Henry Fonda

Henry Fonda, who won widespread acclaim for his roles in the full-color Paramount picture, the "Trail of the Lonesome Pine," and his co-starred part with Margaret Sullavan in "The Moon's Our Home," is the leading character of Walter Wanger's "Spendthrift," scheduled Friday at the Arcadia theatre.

Fonda is a young millionaire gone broke in "Spendthrift." Owner of a string of polo and race horses, he is believed by his society neighbors to have \$23,000,000. Actually, he is without cash.

With the aid of his trainer and the trainer's daughter, Pat Patterson, he manages to stall off bill collectors until after the Kentucky Derby, promising that his horse will win. His last cent goes toward reaching Kentucky and then the horse fails.

At the Derby, however, he meets and falls in love with Mary Brian, Southern belle, who later is revealed as a fortune hunter and gold digger. They marry and she gets him further in debt.

Only after the Fonda fortune is gone entirely and after the ex-millionaire gets a job does he learn where real romance lies. Pat has stuck to him through thick and thin.

Into the story has been worked a balanced ration of comedy and romance, plus the thrills of the track. George Barber, Halliwell Hobbes, Richard Carle and J. M. Kerrigan join in providing the laughs; June Brewster and a number of other feminine screen lights aid Miss Brian and Miss Patterson in providing romantic appeal.

FRATERNITIES OUT OF "RED"

UNIVERSITY OF STANFORD, Cal.—Greek letter fraternities at the university have passed a milestone. They are out of the red. The Inter Alumni Fraternity conference developed the fact that not a single "frat" has any outstanding bills.

The original "Old Mill Stream" is being improved. A recent visit to a tavern suggests a little face-lifting for Adeline.

AT THE ARCADIA FRIDAY

Henry Fonda, Mary Brian and Pat Patterson in a scene from "Spendthrift" currently at the ARCADIA.

New Film Is High Tension Drama

A vicious new crime ring that couldn't be smashed and a startling new mystery that couldn't be solved — until a deb who wants thrills and a reporter who wants headlines plunge into the exciting plot and, in a series of breath-taking events, smash the new menace that threatens the nation.

That's the high-tension entertainment promised in the new Fox film, "Human Cargo," coming Saturday to the Arcadia theatre with Claire Trevor and Brian Donlevy heading the cast which includes Alan Dinehart, Ralph Morgan, Helen Troy and Rita Casanova.

Miss Trevor is seen as the deb who is determined to have her share of excitement. She obtains a job on Dinehart's newspaper and her first assignment sends her to a night club with Ace Reporter Brian Donlevy.

That first story is almost Claire's last, for before the evening ends she is eye-witness to a murder, is in the midst of a thrilling fight, and is mistakenly arrested and forced to spend the night in jail.

Claire is more than game for her new job, however, and to help Donlevy trap the criminals he is trailing, she accompanies him to Vancouver where they obtain passage on a boat that is illegally transporting another group of aliens to America.

Before the film ends Miss Trevor goes through a set of experiences thrilling enough for any daredevil or explorer. The ending is reported to have Claire, out-of-breath, falling willingly into Donlevy's arms.

THREE TEAMS TO BE GUESTS ON SATURDAY

STRAWN, ODLEN AND RANGER FOOTBALL TEAMS AND COACHES TO SEE "PIG-SKIN PARADE"

The Ranger Daily Times and E. E. Garner of the Arcadia theatre will have the football coaches and teams of the Olden, Strawn and Ranger high schools as their guests next Saturday evening at 11:15, at the Arcadia theatre at a special showing of the sensational new gridiron picture, "The Pigskin Parade."

There are riotous runs and dizzy drop-kicks, foolish forwards and cackoo coaches, hilarious half-backs and "finch" touchdowns in the Twentieth Century-Fox giddy gridiron musical, "Pigskin Parade."

The picture which features Stuart Erwin, Johnny Downs, Arline Judge, Betty Grable, Patsy Kelly, Jack Haley, the Yacht Club Boys, Dixie Dunbar, Anthony Martin and Judy Garland, is a crazy campus caper with a procession of swiny songs and a never-ceasing barrage of loney laughter.

More melodious than "Thanks a Million," more side-splitting than "Sing, Baby, Sing," "Pigskin Parade" turns loose a legion of dancing girls and their singing pals in an uproarious yarn of a fresh water college that plays the big game of the season amid a tidal wave of titters with the powerful Boda-Boola team — just because somebody mailed the right letter to the wrong place!

The invitation to play against the unbeaten Boda-Boola isn't meant for Yipee University at all, but when Yipee's youthful coach, Jack Haley and his wife, Patsy Kelly, receive it, they shoot in their acceptance before it is cancelled.

Meanwhile, Boda-Boola, in an effort to make the ludicrous match appear worthwhile, immediately sets under way a gigantic publicity campaign to convince the world of the great strength of their unknown opponents, particularly stressing their phenomenal passing attack.

Patsy, taking the hint, prevails upon Jack to put the school's championship basketball team in the backfield with surprising results.

Tossing the pigskin oval around like a bean bag, the Yipee boys ruin the morale of their foes, then proceed to mop up one powerful team after another. On they sweep to national fame, until the star full-back is knocked out for the season through an injury.

That's where the morose Stuart Erwin, a muscular hill-billy who can throw a muskmelon farther than Washington tossed that silver dollar, comes in to save the day. Erwin is drafted as the new Yipee forward-passing star and really proves to be a marvel, even though he draws the line at wearing shoes no matter how rough a game.

After a series of hilarious games, Yipee and Boda-Boola lock horns for the big game, which works up to a rib-racking climax of mad mirth in one of the craziest football games ever seen in a hard-boiled coach's wildest nightmares.

The public is invited to attend the Times-Arcadia party at 11:15 Saturday, when regular admission prices will prevail.

Man Figures Way to Guess Big Weights

By United Press
KERRVILLE, Texas — Willie Pape guessed within three pounds the weight of the new vault door in the new home of the Fredericksburg National Bank.

The formula Pape used to arrive at his prize-winning estimate of the door's weight was to take the year of our Lord, 1936, adding a zero to the end, making the total 19,360. He then added 10, the number then being 19,370. He added 12, the day of the month, which brought the total up to 19,382.

The door actually weighed 19,379 pounds, but Willie's guess was good enough to win \$20.

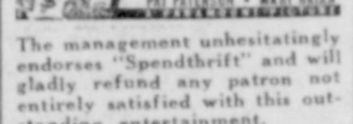

LONG DISTANCE SUIT

FORT WORTH — Local court attaches believed a new record for long distance citation in civil suits was set this month when papers were mailed to two missionaries in Shanghai, China. The suit involves a \$2,000 note.

Here is A "SLEEPER"

A "Sleeper" as pertains to a picture, means one that has a good cast, good story and all other elements that go into making a good picture; but—the picture looks as though it would be just another picture—until it is previewed—then the critic begin to rave. Such a picture was "Spendthrift."

And Now—Here's Another

The management unhesitatingly endorses "Spendthrift" and will gladly refund any patron not entirely satisfied with this outstanding entertainment.

IN ADDITION to our excellent screen entertainment Friday is another big

Fashion Shop Has Newest Styles On Display at Store

While browsing uptown this morning the window at the new Fashion Shoppe caught everyone's eye in a most fascinating manner. Really the window dress now in evidence is completely lovely . . . and so thrillingly draws desires closer for that holiday ensemble . . . party frock . . . or perhaps evening formal . . . just stop for a peek when passing by . . . and you are certain to get an eyeful.

The Fashion is the newest addition to Ranger business firms, and introduces an exclusive ladies' shoppe . . . Friday, November 20, brings a sale sponsored by them opening at the stroke of 9 . . . and incidentally, it is also announced as their formal opening sale . . . being that their stock is now complete . . . while a few days ago . . . to be exact, Friday the 13th . . . found a number of their lines incomplete due to late arrivals in garments sent from the factories.

Garments for Midlady from head to toe is in the offering . . . and you are cordially invited to visit this shoppe, where courteous sales persons are happy to aid in your needs. Present personnel names: Kevie Wolf, son of Mr. and Mrs. Dave Wolf, manager; Mrs. Annie Cook, Miss Allie Virginia Walker, Mrs. Ven O. White, and Royce Pope.

Brother of Ranger Woman Dies at His Brownwood Home

Funeral services for Ira Edward Blinn, 36, brother of Mrs. C. B. Pruet of Ranger, were conducted at Brownwood Wednesday afternoon.

The decedent was born at Brownwood Sept. 1, 1900 and was the son of Mr. and Mrs. Edward A. Blinn of Brownwood. He had been employed by the Santa Fe Railway Co., in Dallas.

He is survived by his parents, three sisters, Mrs. Dewitt McClelland, El Paso; Mrs. C. B. Pruet, Ranger, and Miss Ruby Blinn, of Brownwood; two brothers, E. L. Blinn, Houston and C. W. Blinn, Brownwood.

Funeral services were conducted from the residence, Wednesday afternoon at 2:30, with Rev. J. M. Bradford officiating. Interment was in the Evergreen cemetery at Brownwood.

County Youth Is Enlisted in Army

James Alford, son of Benjamin T. Alford, Route 2, Eastland, has enlisted in the United States Army and has been transferred to the cavalry unit at Fort Bliss, El Paso, according to word received here today. Alford enlisted at Abilene and was transferred to Dallas from there before being sent to El Paso.

Vacancies in the army still exist, the announcement stated, and all applicants from this area should contact Sgt. Clifton D. King, army recruiting service, at the Abilene post office.

MONTREAL.—Children would have to spend two years less in school if a simplified method of phonetic spelling and metric system of weights and measures were adopted, Dean Sinclair Laird, of MacDonald College, said in an address here.

Red Cross Gave Disaster Relief In 39 States

The American Red Cross was called on for assistance to 131,000 families as a result of disasters in 39 states during the past year.

On 105 occasions the Red Cross was called upon during the year to render aid in stricken communities. This involved assistance as a result of floods, shipwrecks, earthquakes, fires, tornadoes, hurricanes, typhoons, forest fires, epidemics, explosions, bombings, landslides and other types of disasters.

\$5,232,052.48 was spent by the Red Cross for this disaster relief, although at the close of the fiscal year relief work in the spring flood and tornado zones was not completed. Only nine states in the country escaped some type of catastrophe during the year. Assistance also was given in disasters in insular territories.

Since the Red Cross first began carrying out disaster relief 55 years ago, assistance in the form of food, clothing, medical aid, shelter, and rehabilitation of homes and families has been sent to more than 1900 sections of disaster, and during this time a total of more than \$109,500,000 have been expended in this work of mercy.

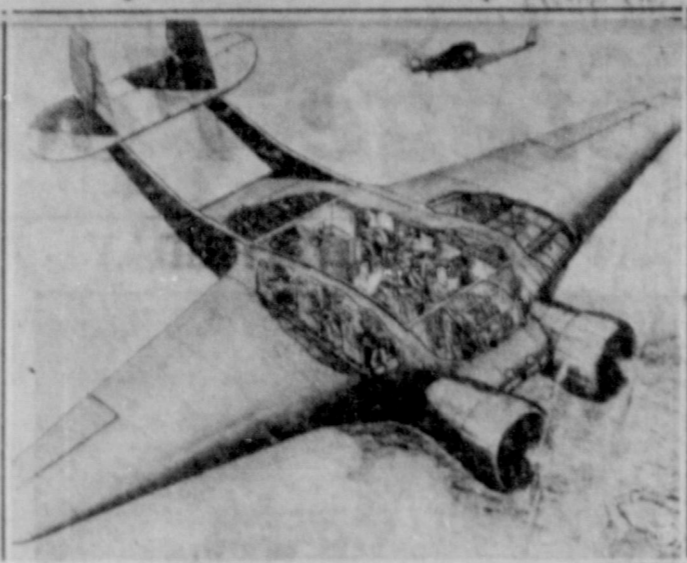

During the year 256,988 ex-service men came to the Red Cross for some form of assistance. Through the same period 222,693 persons were given instruction in first aid, bringing the total number of first aiders who have been trained by the Red Cross since 1910 to 1,173,494 persons. The life saving service also enrolled 90,961 persons as life savers after their completion of regular courses of instruction, while 10,339 persons were re-appointed after additional instruction and examinations.

Red Cross public health nurses gave care to 233,616 persons and made 1,069,061 visits to or on behalf of the sick. In their school and pre-school work the nurses cooperated with doctors in examining 677,057 children. Of this number they found 342,861 with physical defects and arranged for curative treatment in 209,950 cases. Through courses in the care of the sick and home sanitation, 53,126 persons including men and women, girls and boys, were awarded certificates upon completing the course prescribed and taught by the Red Cross.

Maternity and infant care was given by our nurses on islands off our coast, in isolated mountain communities, and in drought-stricken areas. Red Cross nurses were also sent into a number of epidemics this year, including serious outbreaks of typhoid, meningitis, bronchial diseases following dust storms, pellagra and scarlet fever.

During the year 133,468 volunteers were on active duty giving a total of 1,707,220 hours during the year. These volunteers produced 683,084 garments, 4,355,719 surgical dressings, 16,773 Christ-

Transport That Will Defy Atlantic

In test flights being conducted at Montreal a Burrell transport plane, like that sketched, is being prepared by Clyde Pangborn for a flight across the Atlantic for delivery to its purchaser. The roomy cabin suggests the design as one suitable for the proposed transatlantic passenger and freight service.

University Head Recalls Efforts to Build University

AUSTIN—A story of pioneer Texans' desire to forward the cause of education was told in a pamphlet written and released here by Dr. H. Y. Benedict, president of the University of Texas.

Dr. Benedict sketched the events leading up to the conception and execution of the idea of a state university. Vividly he recalled one of the reasons offered by the Republic of Texas for revolt against Mexico.

"The Declaration of Independence of the Republic of Texas on March 2, 1836, injected a new element into history when it listed a neglect of public education as a reason for revolt. One of its charges reads: 'Mexico has failed to establish any public system of education, although possessed of almost boundless resources and although it is an axiom of political science that unless a people are educated and enlightened, it is idle to expect the continuance of civil liberty or the capacity of self-government.'"

Dr. Benedict recalled that 18 months after the Battle of San Jacinto, April 21, 1836, during the Second Congress of the Republic, the first bill to incorporate the University of Texas was introduced by General Kelsey H. Douglas. The bill was never heard of again.

In 1838, when the state capital was located at Austin, 220,000 acres of land were set aside for two colleges or universities to be established.

The desire of pioneers for education, Dr. Benedict wrote, was expressed by Mirabeau B. Lamar, Texas' second president, in his famous bags for soldiers, sailors and marines serving overseas, 342,274 pages of Braille printing for blind readers, and 8,136 pints of canned goods for the needy.

University Head Recalls Efforts to Build University

President of the Republic, in 1839 when he said: "Cultivated mind is the guardian genius of Democracy and while guided and controlled by virtue, the noblest attribute of man. It is the only dictator that free men acknowledge and the only security that free men desire."

When Texas entered the Union she retained her public lands and used them to create the permanent public school fund. In other states public lands had become United States public lands.

In 1858 the 220,000 acres of land already earmarked for the University of Texas, was officially granted by act of the legislature. To this was added a cash grant of \$100,000. The Civil War halted further consideration.

The constitution of 1876 gave the University and its branches A. & M. College and a negro college not yet established—one million acres of land in West Texas. To this was added another million acres in 1883.

In 1881 the act establishing the University was passed. By popular vote the main university was placed at Austin, the Medical branch at Galveston.

First branches of the main university were established in 1883 when the academic and law branches came into existence.

Ladies' Night of Rotary Club Has Varied Program

The annual ladies' night program was conducted by the Ranger Rotary club Wednesday evening, when Rotarians and Rotarians met in the Colonial ballroom of the Gholson hotel.

Judge Clyde L. Garrett, congressman-elect, was the principal speaker of the evening and delivered an entertaining talk, featuring "Service," and the Rotary motto, "Service Above Self." His talk was interspersed with a number of humorous stories that kept the crowd laughing during the lighter moments of his address.

Dr. L. B. Gray, master of ceremonies, took charge of the meeting, which was opened by S. P. Boon, president. W. T. Walton led in the singing and Dr. Gray pronounced the benediction. The Rotarians drew the names of the ladies with whom they were to be seated during the meal and each introduced his guest before the program proper started.

Miss Evelyn Long was presented in two violin numbers, and Mrs. Weldon Webb rendered two piano selections, after which Dorothy Jean Bruce was presented in a recitation and Cecilia McDowell entertained with a tap dance.

"Turnip" Platform Elected One Judge

KIRBYVILLE, Texas—During the heat of the recent political campaign, N. F. Belk, 87, recalled how he was elected Jasper county judge in 1890 on a "turnip" platform.

The courthouse square had been plowed for leveling purposes and Belk planted turnip seed. "They came up, too," he recalled, "and farmers—even from the country—and housewives of Jasper, came to the square to gather the knee-high turnips."

Belk was the "popular" candidate that year.

Years of Mourning Is Termed Proper

MONTREAL.—The Superior Court here has set the proper period of mourning for a widow at one year. Justice Forest handed down the decision in a case in which Rosa L'Heureux, widow of the late Lucien Carmel, wealthy

Giant Bombers Tax Navy Bases

By United Press
SAN DIEGO, Cal.—The problem of housing the navy's new 13-ton flying boats faces officials at North Island air station as the first group of six of the giant ships nears completion here.

The navy has contracted for 110 of the flying boats to be stationed at various strategic bases. Two already have been delivered to the North Island air station at San Diego, but there is not enough hangar space available to accommodate all the smaller planes there.

The problem is more than one of housing.

"A system has to be devised which would denable the flying boats to get away quickly in case of emergency," Lieut. Cecil F. Harper, operations officer at North Island, said. "This type of aircraft is being manufactured larger every year, and that makes it difficult to figure on permanent hangars."

Capt. Arthur L. Bristol, commanding officer of the Naval Air Station, spent several days at the Pan-American Airways base at Alameda observing methods of housing and handling the trans-Pacific clippers.

The first six of the giant patrol bombers are expected to be completed some time in December and will be flown to Pearl Harbor air station in Hawaii shortly after the first of the year. A second group of six is tentatively scheduled for completion two months later. These ships also will be flown to Pearl Harbor.

"Storks are slow in leaving England this year." Perhaps they're frightened by rumor of sweatshop conditions in Italy and Canada.

Error Is Reduced In Cancer Data

CHICAGO—Maude Slye, pathologist, who after 30 years of study developed a theory of genetic characteristics in cancer only 2 per cent in error, has placed her findings before the International Congress for Control of Cancer, which met in Brussels.

"If we had records of human beings comparable to those I have kept on my mice, we could stamp out cancer in a generation," she told scientists.

She said she based her conclusions on case histories of more than 5,000 mice, from which she developed her theory of incidence and type of cancer.

More than 125,000 mice were studied by Miss Slye in her research into the theory of heredity in cancer. Through her experiments she reached the point, she said, where she even can forestall the age at which cancer will appear in her specimens.

Her theory of genetic characteristics, following the Mendelian law of heredity, accounts for and predicts such factors as occurrence of cancer in certain parts of the body, susceptibility to external irritation and the type of cancer.

A full report of all phases of her research was made in Miss Slye's report to cancer experts. In addition to presenting her theory of cancer, the Chicago woman made a plea for organization of family records much in the manner she used in checking on her mice for the past three decades.

"Sweden has made a start in this direction," she said, "but no other country in the world has begun to do so."

"Meanwhile, cancer is a leading cause of death, and as we make progress in the fight against heart disease, it is likely to become the first cause in a short time."

But despite her absorption in obliteration of cancer, Miss Slye still finds time for politics.

"I will vote in November," "No," she smiled, "I do not care to name my choice."

88th Tribunal to Use Jury Monday

Following are the names of citizens who have been summoned to appear Monday morning at 9 o'clock for possible jury service in 88th district court at Eastland:

Bucy, Rising Star; H. C. Davis, Eastland.

Rats Are Economic and Health Problem

AUSTIN, Tex.—That rats not only destroy property, but carry disease germs, is a well known fact. Prompt and effective measures by the United States Public Health Service for killing and rat proofing buildings have saved this country from serious epidemics, such as occurred in the Old World in past generations.

"It has been estimated that in the United States, rats and mice each year destroy crops and other property valued at over \$200,000,000," Dr. John W. Brown, State Health Officer, said, "and even this large amount of money seems small compared to the human misery and loss of life which these small pests may cause."

"If rats are in your home or business house, kill them as soon as possible. Because rats increase so rapidly it is useless to expect more than temporary relief from campaign of riddance restricted to killing only. To be of lasting benefit the work of building rats out of their shelters and away from their food supply must go along with that of trapping, poisoning and other means of eradication."

"Rats eat every known food, both animal and vegetable. The removal of garbage, rubbish, trash, and similar material is of importance in rat control as it affords shelter as well as food."

"In recent years the use of 'red squill' as an effective rat poison has placed in our hands a most effective weapon. In case human beings or domestic animals should eat the bait containing 'red squill' they would vomit and rid themselves of the poison, but it seems that rats cannot vomit and they

die of progressive paralysis which kills in from one to four days, thereby giving them time to take to the oper, as they commonly will.

"A thorough and systematic campaign to rid your neighborhood and community or rats will not only save money but will preserve your health and that of your family."

Suit Is Filed On Desdemona Tax Collector, Assessor

A suit alleging misappropriation of approximately \$4,000 of the City of Desdemona's funds has been filed in 91st district court at Eastland.

The petition was filed by Fred O. Jaye of DeLeon and Oscar Caloway of Comanche.

American Parlor Fun Still Holds Its Lure

George S. Parker, who has been inventing and marketing parlor games since 'way back in the pre-lotto era, emerges from the wreck of the election land slide to remark that the ancient and genteel sport of playing games around the living room table is going just as strong as it ever was.

The sport seems to have begun, according to Mr. Parker, back in 1843, or thereabouts, when someone brought out a game called "Mansions of Happiness."

This game swept the country, and then gave way to a variety of successors; and, somehow, to hear Mr. Parker call the roll on these succeeding games is to get a picture of a homely, "comfy" side of American life that goes on, uninterrupted, through wars and depressions and complaints about the decline of the American home.

After "Mansions of Happiness"—and wouldn't you like to know what that game was, and how it was played?—there came such old favorites as crokinole and caroms, in which you snapped little doughnut-shaped pieces of wood around a polished board and made your fingers sore.

And then, around 1890, someone brought out tiddler-winks, and sober citizens spent hours trying to snap one bone disc into a glass cup with another bone disc.

Do you remember flinch—that card game played with an amazingly thick deck of cards numbered from one to fifteen? And bamboozle, a weird variant of it? And rook, and pit—which used to cause much loud yelling and squeals of excited laughter—and that darkly intellectual card game, authors? And that strangest of all card games, lost heir?

Last heir if you can remember it, was nothing in the world but ancient game of 500, played with a special deck.

But they liked to play cards, just the same; so these other card games were brought out, to take the curse off an enjoyable pastime.

Then we come down to modern times, with mah jongg and the revival of backgammon—and, more recently, with monopoly. All these, like their predecessors, remarks Mr. Parker, held a peak of popularity for about two years and then faded—except that monopoly is still going strong.

And what about it all? Well, Mr. Parker says that while games come and go, the habit of playing them goes on undiminished. It is about as strong in summer as in winter and it doesn't change much from one generation to another.

To divert us, we have autos, movies, radios, and a lot of other things which our grandfathers did not have. But grouping about the living-room table in an eager family circle, is a diversion that never loses its appeal.

WHY PUT UP WITH PIMPLES, WRINKLES AND A SALLOW SKIN?

So many women throw their charm and beauty away—look years older than they are—because they neglect common constipation. They forget that badly balanced meals, over a period of years, can change how they look and feel.

Often their menus lack the "bulk" needed for regular habits. Then constipation, the beauty-killer, sets in. Other effects may be headaches, listlessness, sleeplessness.

Get "bulk" back into your meals with a delicious cereal: Kellogg's ALL-BRAN. It absorbs moisture within the body, forms a soft mass, gently cleanses the system.

Just eat two tablespoonfuls daily, either as a cereal or in cooked dishes. ALL-BRAN is guaranteed. Try it a week. If not satisfactory, your money will be refunded by the Kellogg Company. Sold by all grocers. Made by Kellogg in Battle Creek.

Examinations to Be Held to Fill Assistance Posts

AUSTIN.—Orville S. Carpenter, acting director of the Old Age Assistance Commission, has announced that competitive exams will be held soon to fill vacancies in the investigation staffs in ten out of the twenty Texas districts.

"We wish alert, trained men, preferably between the ages of 25 and 45. Women also will be eligible," the Director stated.

Districts in which vacancies will be filled are those with headquarters at Texarkana, Lufkin, Beaumont, Athens, Dallas, Fort Worth, Waco, Houston, San Antonio and Austin. Application blanks may be obtained at the district headquarters in each of these cities.

"In accordance with the merit system under which we operate, the following qualifications for the position of investigator will hold true:

"An applicant will not be eligible to take the examination unless he or she has a minimum of two years college study in addition to three years experience in social welfare work or in a closely allied field, such as teaching, public health, Red Cross, etc.

"No experience is necessary if the applicant has a four-year college or university degree with a social science major," Carpenter explained.

He added: "Application blanks should be obtained as soon as possible and mailed to the State Office in Austin immediately because examinations will be held soon."

"Applicants must have lived in Texas for the past four years. "Eligible applicants will be notified of the time and place of the examinations. They should remember that it is urgent for them to send in their applications immediately."

Except for a little vigilance, it was practically no trick at all for a local trailer home owner to keep alongside his garbage can on Halloween.

DOG IS AIR PASSENGER CHICAGO—Duglom has taken to the airways. In the cargo pit of a United States Air Lines plane Kamel Maravian Mainstead, prize bulldog, valued at \$8,500, made a speedy journey to compete in shows in different parts of the country on consecutive days.

The Economy Car in the Low-Price Field

THE NEW 60-HORSEPOWER FORD V-8

It is natural to ask why a 60-horsepower engine is added to the Ford line for 1937. The answer is simply that the smaller engine makes possible a saving in weight—a car that costs less to run—and a lower price.

The 1937 Ford with the new 60-horsepower engine is for those who want maximum economy with good performance. It offers the smoothness and quietness you expect of a V-8—even at speeds up to 70 miles an hour—with gasoline mileage so high that it creates an entirely new standard of economy.

New "60" Meets Many Needs

This Economy Car in the Low-price Field makes the Ford more than ever The Universal Car. It will appeal to families with small budgets. To salesmen who drive their own cars and want to pare expenses to the last penny. To farmers who need a rugged, inexpensive car for bad roads in all weathers. To fleet owners who must hold mileage costs down. To women whose cars are a part of the daily round of family or business duties. To two-car families as a general utility car... and to many others.

Improved 85-horsepower V-8

For those who want maximum performance with good economy, there is the improved 85-horsepower V-8

engine. It delivers the flashing speed and acceleration that more than three million Ford V-8 owners are already enjoying on the road. Yet improved carburetion enables it to give its thrilling performance with unusually good gasoline mileage.

You are invited to see the New Ford V-8 Cars for 1937—in two engine sizes but only one body size—at the showroom of the Ford dealer nearest you.

BASE \$ 480 AND UP PRICES At Dearborn Plant

De Luxe types, with 85-horsepower engine: Tudor Sedan, Tudor Touring Sedan, Fordor Sedan, Fordor Touring Sedan, Five-window Coupe, Roadster, Phaeton, Club Cabriolet, Convertible Cabriolet, Club Coupe, Convertible Sedan.

AUTHORIZED FORD FINANCE PLANS \$25 a month, after small down-payment, buys any model 1937 Ford V-8 Car—from any Ford dealer—anywhere in the United States. Ask your Ford dealer about the easy payment plan of the Universal Credit Company.

FEATURES OF THE 1937 FORD V-8 CARS

APPEARANCE—Distinctive modern design. Headlamps streamlined into fender aprons. Modern lid-type hood. Larger luggage space and spare tire concealed within body. Interiors entirely new. Slanting V-type windshield opens in all closed cars.

BRAKES—You want two things in a modern braking system. Dependability—and soft pedal action. The Easy-Action Safety Brakes in the new Ford give you both, with "the safety of steel from pedal to wheel." Cable and conduit control type. Self-energizing—car momentum is used to help apply the brakes. About one-third less pedal pressure is required to stop the car.

SAFETY—All-steel construction. Top, sides, floor and frame welded into a single steel unit of great protective strength. Safety Glass throughout at no extra charge.

COMFORT AND QUIET—By every modern standard of design, the 1937 Ford is a big, roomy car. Extra space in the body where you want it—not taken up by the engine under the hood. Comfort of the Ford Center-Poise Ride is further increased by smoother action of the long-tapering springs with new pressure lubrication. New methods of mounting body and engine, and other refinements, make this a quieter car.

STOP PAYING TRIBUTE TO MOTOR NEGLIGENCE WINTER-PROOF YOUR CAR GET THIS 7-POINT PROTECTION FOR WINTER DRIVING

- 1 CRANKCASE: Drain dirty summer oil and refill with correct winter grade of Mobiloil to assure quicker starting and instant lubrication to all parts of the motor during coldest weather.

VARIOUS STARCHES TESTED
By United Press
HONOLULU—Hawaiian dietitians have made one new discovery for the benefit of America's

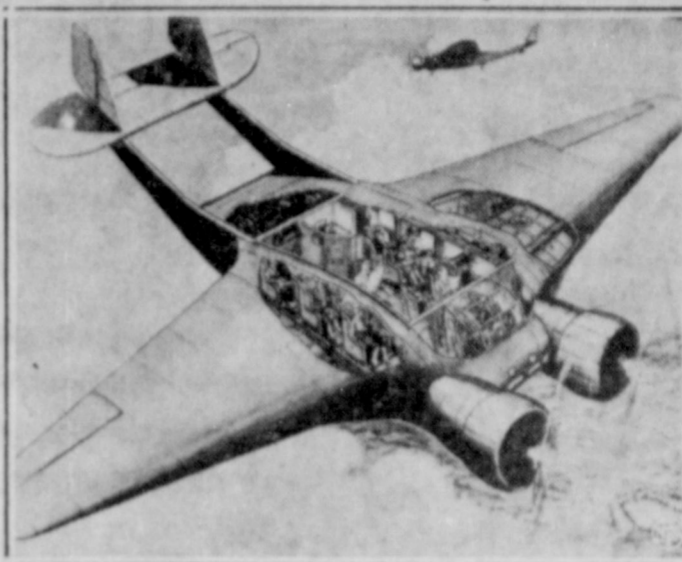

health. Experiments on American school children here have demonstrated that root starches are more healthful than grain starches, at least in a tropical climate.

POLICEMAN TOO LARGE
FORT WORTH—W. L. Barton, policeman, was too big for promotion. He could ride a motorcycle and asked for promotion from his

"beat" when a vacancy was created on the motorcycle squad. Chief of Police Henry B. Lewis ruled Barton out because of his size,—six feet six inches.

A pig bought for a Michigan election party was stolen. There must have been quite a fuss, as hell hath no fury like politician deprived of pork.

Transport That Will Defy Atlantic

In test flights being conducted at Montreal a Burnelli transport plane, like that sketched, is being prepared by Clyde Pangborn for a flight across the Atlantic for delivery to its purchaser. The roomy cabin suggests the design as one suitable for the proposed transatlantic passenger and freight service.

tearing bites with their razor-sharp beaks.
Round and round the cage they went with the object of their affection looking on from a perch above among four other occupants of the cage.

Suddenly one eagle seized the other in a vise-like grip and dragged it across to the pool of water in the middle of the cage. With a terrific effort it hurled it in, and jumped after it. It landed on the breast of the defeated bird and stood there until it drowned. Then the eagle emerged, shook the water from its wings, and flew to the side of the hen cage.

MONTREAL—Children would have to spend two years less in school if a simplified method of phonetic spelling and metric system of weights and measures were adopted, Dean Sinclair Laird, of MacDonald College, said in an address here.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief
Many sufferers believe nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are nature's chief way of taking the excess acids and waste out of the blood. Most people pass about 3 pints a day or about 2 quarts of waste.
Frequent or steady passage with smarting and burning shows there may be something wrong with your kidneys or bladder. An excess of acids or poisons in your blood, when due to functional kidney diseases, may be the cause of nagging backache, rheumatic pains, lameness, leg pain, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness.
Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

University Head Recalls Efforts to Build University

LONDON—A fight to the death between two love-smitten Bateleur eagles, in which one of the birds dragged its rival to a drinking pool, thrust it in and held it down until it was drowned, was witnessed at the London Zoo.
The two birds were rivals for the affections of a hen eagle, and for a week had waged spasmodic warfare. Then came the climax. Without warning, both eagles rushed at each other and fought ferociously, using smashing blows with their wings, striking strokes with their enormous talons and

Eagles Fight to Death As Rivals

AUSTIN—A story of pioneer Texans' desire to forward the cause of education was told in a pamphlet written and released here by Dr. H. Y. Benedict, president of the University of Texas.
Dr. Benedict sketched the events leading up to the conception and execution of the idea of a state university. Vividly he recalled one of the reasons offered by the Republic of Texas for revolt against Mexico.

"The Declaration of Independence of the Republic of Texas on March 2, 1836, injected a new element into history when it listed a neglect of public education as a reason for revolt. One of its charges reads: 'Mexico has failed to establish any public system of education, although possessed of almost boundless resources and although it is an axiom of political science that unless a people are educated and enlightened, it is idle to expect the continuance of civil liberty or the capacity of self-government.'"
Dr. Benedict recalled that 18 months after the Battle of San Jacinto, April 21, 1836, during the Second Congress of the Republic, the first bill to incorporate the University of Texas was introduced by General Kelsey H. Douglas. The bill was never heard of again.

In 1838, when the state capitol was located at Austin, 220,000 acres of land were set aside for two colleges or universities to be established.

The desire of pioneers for education, Dr. Benedict wrote, was expressed by Mirabeau B. Lamar, President of the Republic, in 1839 when he said: "Cultivated mind is the guardian genius of Democracy and while guided and controlled by virtue, the noblest attribute of man. It is the only dictator that free men acknowledge and the only security that free men desire."

When Texas entered the Union she retained her public lands and used them to create the permanent public school fund. In other states public lands had become United States public lands.

In 1858 the 220,000 acres of land already earmarked for the University of Texas, was officially granted by act of the legislature. To this was added a cash grant of \$100,000. The Civil War halted further consideration.

The constitution of 1876 gave the University and its branches—A. & M. College and a negro college not yet established—one million acres of land in West Texas. To this was added another million acres in 1883.

In 1881 the act establishing the University was passed. By popular vote the main university was placed at Austin, the Medical branch at Galveston.
First branches of the main university were established in 1883 when the academic and law branches came into existence. First classes in these branches were held in the temporary capitol, and later transferred to the old main building.

In 1894 the College of Engineering was added; in 1898 the summer session; in 1906 the school of education; in 1909 the division of extension; in 1910 the graduate school; in 1922 the school of business administration; and in 1924 the school of physical activities, now a part of the school of education.
The medical branch was opened at Galveston in 1891 after the City of Galveston gave to the state the John Sealy hospital. The college of pharmacy was begun in 1895 and moved to Austin in 1927. The college of nursing was added in 1897.
At first it was contemplated that the university would be supported wholly by endowments. Admission fee was set at \$50.
Since 1925 oil royalties from university property have amounted to more than \$20,000,000, and are increasing. Surface leases for grazing bring in about \$250,000 a year. The money so derived is placed in the permanent university fund, which is invested in high grade bonds.

SCARE WINTER AWAY...WITH HANES!

GOOSE-FLESH, chills and chattering teeth won't perch where there's HANES Underwear! Gentlemen, here's a union-suit that takes you as straight as the crow flies—to comfort. The minute you button up a Heavyweight Champion, those snug ribs of downy nap get to work—and you're set for an easy Winter!
