

WATER, SEWER PLANTS PUT IN COURT CHARGE

Eastland water and sewer plants Saturday were under the jurisdiction of United States Court at Fort Worth following granting of a temporary restraining order to an investment company which claimed it represents owners of municipal bonds totaling \$155,000.

Federal Judge T. W. Davidson granted the restraining order at request of Brown-Crummer investment company of Wichita, Kansas.

The investment company alleged to the federal court that two of four water and sewer bond issues are delinquent.

The federal court's order restrains Eastland from spending money derived from the water and sewer plant except for current payrolls and from amending a suit filed recently in 91st district court by which the city sought to cancel two bond issues.

Eastland officials were ordered to file in federal court at Lubbock Monday, Dec. 14, to show reasons why a receiver should not be appointed for the municipal plant.

The Eastland National Bank, the city's depository, has been named also as a defendant and is to place municipal funds deposited there under jurisdiction of the Northern District Federal Court.

Mayor C. W. Hoffmann, C. B. Wellman, H. O. Satterwhite, C. T. Lucas, city commissioners, and J. F. Little, city manager, are also defendants.

Royal Arch Work Planned Friday

Work in the past and most excellent ranks is planned at a meeting of the Royal Arch Chapter in Eastland Masonic lodge at 7:30 Friday night, it was announced Thursday.

Cisco Offsets Are Drilling at 1970

CISCO, Dec. 10.—Both wells drilling in the area immediately north of Cisco were pounding away at about the same depth today. The Hickox Charles J. Kleiner No. 1 well was drilling this morning at 1975 feet, while the Lone Star Boggs No. 3 was reported at 1970 feet. The wells are offsets.

Mayor Explains Federal Court Suit Taking Control of Plants

When approached with reference to the suit filed by Brown-Crummer Investment Company, bond brokers of Wichita, Kansas, the United States District Court at Abilene seeking to take possession of the water and sewer plant of the City of Eastland, Mayor C. W. Hoffmann stated Saturday that the procedure was not unexpected.

Burkett, Dismissed From Oil Division Work, Says He Has Always Tried To Do His Best

Asserting he had always tried to render the best service of which he was capable, Omar Burkett, supervisor in the Oil and Gas office of the Railroad Commission at Eastland, declined Tuesday to make any statement regarding a notice received Saturday of his dismissal effective Dec. 15.

Burkett, who holds the backing of oilmen in this section, was appointed to the Oil and Gas Division of the commission by Commissioner Lon Smith January 1925. He was in conservation work from March, 1925 until 1931.

On Sept. 1, 1931 Burkett was ordered to East Texas where he organized the oil proration force

at the start of the military occupancy of the field. Dec. 3, 1931 he was transferred back to Eastland where he was in charge of proration and connected with oil tender work in the West Central district until March 29, 1935.

Since 1935 he has with I. K. Killough, deputy supervisor, been in conservation work in the following counties: Eastland, Brown, Coleman, Comanche, Erath, Palo Pinto, Hamilton, Mills, Lampasas, Coryell, Johnson, Tarrant, Parker, Denton and Wise.

At Austin Monday Commissioner Smith was irked at Burkett and three other employes' dismissal without his knowledge. Smith termed the procedure "unusual."

Garrett to Speak At Cisco Meeting

Judge Clyde L. Garrett, congressman-elect, will be one of the speakers at the Junior Chamber of Commerce banquet on the Laguna roof at Cisco, Monday, December 14, when members of the state and federal parks boards will also be guests after inspecting the proposed site north of Cisco.

Judge Garrett will accompany the inspection party consisting of Wendell Mayes of Brownwood, vice president of the State Parks Board, a representative of the federal board located at Austin and Cisco members of the chamber with other citizens of Cisco.

Activities of A. & M. Project Boys Told

Activities of 19 Eastland county youths attending Agricultural and Mechanical College at College Station by sharing equally the living costs were told this week in a letter received by County Agent Elmo V. Cook.

Robert Henderson of Eastland, who acts as reporter for the group, stated "Stubby" Watson is coming out for the freshman basketball team. Cleo Key and L. A. Dolbery were invited to a mechanical engineer banquet next week.

Henderson said he is trying for a position on the freshman livestock judging team.

Santa Mystified By 'Number' Letter

An unsigned letter with many numbers and no writing mystified Santa Claus Thursday at Eastland.

The corpulent gentleman wondered if some of his admirers had tried to play a joke on him for he could not make anything from the endless digits.

"It was written in pencil and numbers extended from the top to bottom in three columns on notebook paper," said Santa Claus as he exhibited the letter.

"And perhaps," Santa said indefinitely, "it was the right piece of paper in the wrong envelope," as he dismissed the puzzle.

Eastland Girl Is Member University Bit and Spur Club

AUSTIN, Texas, Dec. 7.—Members of Bit and Spur, University of Texas Sports Association riding club, recently spent the weekend at Gallagher Dude Ranch, twenty-five miles west of San Antonio. They attended a cowboy dance and rode on a scavenger hunt. Those making the trip were Anna Lee Spires of San Angelo, leader, Mary Jane Allison of Houston, Mary Jane Coffing of Dallas, Alice Sawyer of Sonora, Lura Mae Frost of Eastland, Terry Lewis of Bay City, Frances Hackett of Austin, and Elizabeth Bellows of Oklahoma City, Okla. The group was accompanied by Miss Leah Gregg, assistant professor of physical training for women, who is sponsor of the club.

Filling Station Is Robbed In Ranger

Robbers who used a ruse to gain entrance to the C. & B. filling station in Ranger, are reported to have escaped with a revolver and about \$20 in cash in a daylight robbery.

Two young men entered the filling station and informed Mr. Blanchard, the proprietor, that they wanted to buy some chickens. Blanchard locked the front door, according to the report, and went with one of the youths to his chicken yard at the rear.

While he was showing one the chickens the other went to a side door, entered his living quarters and took a revolver that he kept under his pillow. He then opened the cash register and took out all the money in it, estimated at about \$20. He left without waiting for his companion to return from the chicken yard.

No arrests have been made in the case.

Early Mailing Is Suggested by P.O.

Posters giving information about mailing for Christmas are being displayed at the post office. The posters advise persons to shop now and mail early for early delivery. There will be no mail delivery Christmas Day, Friday, Dec. 25.

The postoffice department will make every effort to handle the Christmas mails without congestion and delay, but owing to the enormous volume this can be done only with the cooperation of the public.

During the holiday time the volume of mail increases approximately 200 per cent. It is a physical impossibility to handle this great mass of mail matter efficiently and promptly within a few days.

All parcels must be securely packed and wrapped. Fragile and perishable parcels must be so marked. Addresses should be complete with house number and street name, and should be addressed in ink or with typewriter.

For speed the department advised the use of special delivery service and the air mail. Detailed information about Christmas mailing problems may be obtained at the local post office.

Potato Poolers to Meet on Saturday

Eastland county farmers who pool orders annually for state certified seed Irish potatoes will hold their annual meeting Saturday afternoon at 2 o'clock in the Chamber of Commerce office at Cisco. W. B. Starr, who lives near Cisco, is secretary for the pool.

KING TO BE IS "NAVY MAN"

A veteran of the battle of Jutland, qualified Royal Air Force aviator, the Duke of York, heir to King Edward's throne, has earned his right to the naval uniform he wears so proudly above. Only a year ago he was advanced to the rank of admiral. It was announced today he would likely take the name of King Albert upon ascension to the throne abdicated by King Edward VIII.

Home Clubs Will Meet in Eastland

Eastland will be host Saturday to members of Home Maker clubs of high schools of this section. The meeting will be held at the high school auditorium beginning at 10:15. The public is invited to attend the morning.

Mrs. John Knox of the Eastland high school home economics class said attendance is expected from clubs of the following schools: Breckenridge, Albany, Caddo, Ranger, Cisco, Strawn, Baird, Dublin, DeLeon and Eastland.

Three Desire Seed Tested by Officials

Three farmers have responded to an announcement from County Agent Elmo V. Cook that he will arrange testing of field and garden seed for germination, the farm office announced Thursday.

Agent Cook will cooperate by sending a pound or more of farmers' seed to the State Department of Agriculture at Austin for testing without charge. The service is still available.

Bandmaster Back From Operation

G. W. Colman, Eastland bandmaster, returned Sunday to Eastland from Dallas, where he underwent a gall stone operation. He is improving and expects to resume work soon.

Rejoicing Winners at 4-H Show

These champions at the National 4-H Club Congress, held in Chicago in connection with the International Livestock Show, smilingly hold the symbols of their supremacy. Florence Erickson, left of Tracy, Minn., won the president's trophy for achievement, and Cora Mae Briggs, of Seward, Neb., was awarded the H. A. Moses trophy for leadership.

Brashear-Fox Is Drilling Further

With gas production continuing at the former rate, 2,000,000 feet Hoffmann and Page's No. 1 Brashear-Fox, south of Ranger, was being drilled further Thursday in an effort to obtain oil pay.

The well was being drilled past 3,220 feet. The operation is in territory from which production has been obtained satisfactorily. It is located 2,900 feet from Garvin D. Chastain's first well on an adjoining lease.

Application Filed For Coleman Test

Anzac Oil Corporation and others have filed in the oil and gas division office of the Railroad Commission at Eastland an application to drill eight miles south of Coleman.

The well will be known as No. 1 J. M. Hinds, section 700, J. H. Barclay survey, Overall field. The application showed the test would be drilled 800 feet.

Kilman's Eligibility To Be Determined

By United Press AUSTIN, Dec. 10.—Football eligibility of Bill Kilman, Amarillo High School guard, will be passed upon at a meeting of Texas Interscholastic League officials here tonight.

W. H. (Bill) McDonald Makes More Appointments From This County To Jobs With The State Land Office

Additional appointments from Eastland county to the state land office were announced Thursday by W. H. McDonald of Eastland, who will assume the commissioner's position at Austin Wednesday, Dec. 16.

Sixty-five positions in the department are appointive. William Sherriffs of Eastland, county surveyor, was chosen by McDonald as chief draftsman. Jack Vaught of Eastland, employed in the bookkeeping department of an electric company, will be in the accounting department.

Grady Owen, present criminal district attorney, and Perry Sayles member of an Eastland attorney firm, are to be employed in the legal department.

Roy Nunnally, former district clerk of Rising Star, has been appointed to a position in the department, as well as the following who will fill various vacancies: Neil Day of Eastland; June K. Hendricks of Kokomo; Edward Smith of Gorman; Mrs. Winnie Tichenor of Cisco; Roy Gallagher of Cisco; Miss Eloise Ligon of Eastland, and J. A. Parker of Eastland.

Floyd Cox, colored, of Eastland will be employed as porter. Bert V. Bollinger, formerly of Eastland and Ranger, will be McDonald's chief clerk. He is now connected with the State Game, Fish and Oyster Commission.

Award Kemper 'K' To Eastland Boy

BOONVILLE, Mo., Dec. 7.—Cadet Horace E. Horton, son of Mr. and Mrs. James Horton of Eastland, was among the thirty-four Kemper Military School gridders recognized by the athletic committee on awards at the close of the 1936 grid season here. He received a major 'K' for outstanding performance on the Yellowjacket squad this fall.

Kemper's Yellowjackets finished at the top of the list in the Missouri Junior College Conference, amassing a total of 110 points to none for their opponents in league competition. They also played five senior colleges and one other junior college, rolling up a total of 276 points to 31 for their competitors, turning in one of the most successful grid records in the history of the school.

R. R. Commission Records Listed

Conservation records transmitted to Oil & Gas Division, R. R. Commission, Austin for week ending Dec. 5, 1936 from Eastland headquarters, were listed Tuesday as follows:

Application to Drill Anzac Oil Corp. et al, No. 1 J. M. Hinds, J. H. Barclay Survey, Coleman county. Depth, 800 feet 80 acre lease.

Application to Plug. M. L. Dalton No. 1 R. S. Dalton, sec. 1787 TEL Survey, Palo Pinto County. TD 1300 ft. Roy Hickman, TD 1298 ft.

Application to Shoot. TP Coal & Oil Co. No. 5 H. Baird, Palo Pinto county. Shot with 50 quarts Nitro from 3002 ft. to 3048 ft. After shot record reports gas increased from 4 million cu. ft. to 8 million cu. ft.

D. R. Semmes, No. 5 Geo. Stewardson, ETRY Survey, Coleman county. Shot with 40 sticks of dynamite from 1670 ft. to 1690 ft. Well record attached. Estimated production 25 bbbls. oil at TD of 1690 ft.

Well Record. Roy K. Ashburn, No. 1 O. E. Scott, A Tarter & A Popejoy Surveys, Eastland county. TD 3118 ft. Estimated 100 bbbls. oil.

EBlinger & Golly, No. 4 Annette F. Armstrong, H&GN Ry Survey, Brown county. TD 1460 ft. Plugging record attached.

Eastland Man Goes To Sister's Rites

Funeral services for Mrs. Maud Coleman, 83, sister of Earl Conner, Sr., of Eastland, were conducted Tuesday at Miles.

Mrs. Coleman, a former resident of Eastland county, died Monday morning of pneumonia at a hospital in San Angelo. Survivors include ten children.

The Eastland brother and his wife and their children, Earl and Sam Conner, and Mrs. Gilbert Reineman, were among those planning to attend from Eastland.

BLACK LIONS AND ELKS ARE READY TO GO

"We're ready to play them," was the comment Thursday of members of the Eastland Black Lions football team which is to meet the Ranger Black Elks at Eastland Friday afternoon at 3 o'clock.

The game is sponsored by the Ranger Elks and Eastland Lions to provide funds for their Christmas charity work.

Coaches Kitchen and Harvey, although they would not reveal the formation from which the Lions will work said several "corking" plays will be unfolded to the spectators and the Eastlandites will show the opponents stiff opposition.

Plenty of unexpected speed, a passer of no mean ability, a end one or two who can catch passes with more or less regularity were uncovered at the Wednesday practice session of the Ranger Black Elks, or Bulldogs, as they are sometimes called, by Coach Buster Mills.

And since some of the men are unusually fast, speed is being depended upon largely in the game to be played at Eastland Friday afternoon with the Eastland Black Lions.

Trouble is being encountered in finding a pair of punts large enough for Captain Tommy Walters, huge Ranger tackle, who has been outstanding in line play, while Leon Lewis is developing into a pass snatcher so rapidly that he may be used at an end position so he will be eligible to receive passes.

However, it was rumored today that it was likely new and unique rules might be enforced, which would allow anyone on the team to be eligible to receive passes.

Wesley "Fats" Johnson, who has played a lot of barber shop football in the past few years, was reported today to have relinquished his position as head coach and now has the status of a rabid fan.

In Ranger the forthcoming game was one of the chief topics of conversation today, ranking along with the abdication of King Edward VIII and the Amarillo-Abilene game Saturday, and the Spanish civil war completely overshadowed. No report has been made on the number of advance ticket sales, but a large crowd from Ranger was expected to turn out for the game, which is to be played Friday afternoon at Welch Field, Eastland.

Admission will be 35 cents for adults and 15 cents for children, with the proceeds going to the charity funds of the Eastland Lions club and the Ranger Elks lodge.

Desdemona Girl On T.W.C. Honor Roll

Miss Mignon Whitworth of Desdemona, senior at Texas Wesleyan College in Port Worth, was one of the seventy-three students whose names appeared on the midsemester honor roll, compiled by the registrar, Miss Rose Ellen Williams.

To be eligible for this honor, a student must be enrolled for five subjects and must maintain a scholastic index of at least 2.0—B average, must make at least a "B" average.

Extra-curricular activities in which Miss Whitworth is engaged are the Susan M. Key literary society, Alpha Chi (scholarship society), and the Panther City club.

Flatwood's Home Club Plans Party

The Flatwood Home Demonstration club met in a called session recently at the home of Mrs. M. H. Byrds. Plans were made for the club's Christmas party to be had at Mrs. M. W. Grieger's, on Dec. 17th.

A report of the year's work was given by the secretary, Mrs. M. L. Foster. Refreshments of tuna fish sandwiches, cake, cocoa and coffee were served to the following members: M. L. Foster, J. S. Turner, C. E. Rummey, M. W. Grieger, C. H. Webb, Myrtle Clark, J. H. Pittman, H. E. Wilson, M. A. Justice, T. E. Robertson, and hostess M. H. Byrd.—Reporter.

Colony Club Holds Quilting Meeting

The Colony Happy Helpers club met at the home of Mrs. Tarrent last Thursday, when quilting was done, and everyone reported having a good time. Only three members were absent.

At the close of the quilting delicious refreshments of cake and coffee was served to Misses G. W. Moore, C. H. Hathcock, D. D. Poynter, Dee Anderson, Fred Mosley, Ferguson, and Tarrent.

The next meeting will be at the home of Mrs. Dee Anderson on Thursday, Dec. 17.

Desdemona Girl On T.W.C. Honor Roll

Miss Mignon Whitworth of Desdemona, senior at Texas Wesleyan College in Port Worth, was one of the seventy-three students whose names appeared on the midsemester honor roll, compiled by the registrar, Miss Rose Ellen Williams.

To be eligible for this honor, a student must be enrolled for five subjects and must maintain a scholastic index of at least 2.0—B average, must make at least a "B" average.

Extra-curricular activities in which Miss Whitworth is engaged are the Susan M. Key literary society, Alpha Chi (scholarship society), and the Panther City club.

Highway 89 Completion Contract Bids to Be Accepted on Jan. 4

Milburn McCarty of Eastland announced Saturday receipt of information from State Highway Engineer Gilchrist that bids for completion of Highway 89, Ranger to Weatherford cutoff, will be accepted Jan. 4 at Austin instead of Dec. 31 as originally planned.

"Inasmuch as Christmas holidays come as they do this year," said Gilchrist's letter, "we have set the date for letting state projects January 4 instead of Dec. 31, and bids for Highway 89 will be received that date."

McCarty, who is president of Highway 89 association, said plans are to stage a celebration in Ranger following the completion. McCarty was named president and R. V. Galloway of Ranger secretary at the organization of the association to promote the project at Abilene Aug. 14, 1935.

A celebration was held at Eastland May 30, 1935, following the completion of the road in its present status. The road, McCarty states, decreases by 14.21 miles the distance between a point south of Strawn and Weatherford, and eliminates four railroad crossings, lacks topping.

Letting of contract for completion of the road in its entirety by Dec. 31 was ordered by an order passed by the highway commission on April 20 of this year.

McCarty stated "those who have been most active in completion of Highway 89, including present and past members of the highway

9,629 See Mavs Play This Season

The Eastland Mavericks' nine football games this season were seen by 9,629 who paid admissions totaling \$8,899.65. Eastland's percentage of the gross receipts was \$2,071.39.

Largest attendance was at San Angelo, where 2,840 obtained tickets. Attendance figures at other games: Cisco at Eastland, 648; Mineral Wells at Eastland, 467; Big Spring at Big Spring, 578; Abilene at Abilene, 1,192; Ranger at Eastland, 721; Eastland at Breckenridge, 878; Sweetwater at Sweetwater, 1,077; and Eastland at Brownwood, 1,233.

Attendance at the Mineral Wells, Big Spring and Breckenridge games were believed decreased by rain.

Couple of Morton Valley Are Married

The marriage of Miss Gene Newell to A. C. Norton, both of Morton Valley, was performed Saturday night by Rev. Charles W. Estes at his home in Eastland. The couple will make their home at Morton Valley.

Obituaries, cards of thanks, notices of lodge meetings, etc., are charged for at the regular advertising rates, which will be furnished upon application.

'Old-Fashioned' Winter Has Its Compensations

Officials of the U. S. Weather Bureau hate to do any long-range forecasting, but the other day they did break down and admit that we seem to be in for an old-fashioned "earmuff" winter.

This, they hastened to point out, was only a guess, but it is the best guess available and it looks like a very good one.

And for a guess like that we ought to be thankful. For an earmuff winter is part of those good old days to which we are so anxious to get back.

To make it complete, of course, we would need a law or a resettlement administration or something to enable everyone in the land to take advantage of it.

It is a funny thing, how we shay away from winters. We remember the agony of getting out of bed in an Arctic temperature, the stinging pain of frost-nipped feet, the slush and the horrible, dead-gray, dirt-and-snow mixture that fills the city streets, and announce that we could get along forever without any more of it.

Then, for the cold and the shivers, there are compensations. Getting out of bed on a cold morning may be painful—but what about getting into bed on a cold winter night? What about relaxing in a chair before the fire in the evening, and being ineffably snug and cozy while a blizzard howls outside?

We need not mention the things the youngsters can do—the coasting, the skating, the skiing, the tunneling through drifts, the sleigh riding. We can touch but briefly on the beauty of winter nights, with great stars overhead and the packed snow creaking underfoot.

An old-fashioned earmuff winter, says the weather bureau? Well, there are worse things.

Yacht Club.

Rechenridge Sea Scouts have formed a Model Racing Yacht Club. Sea Scout, Crowsell Werner, Phillip Shaw, Tony Kelley and Russell Jones Jr., are building the 400 class yachts.

Races are to be held on Lake DeLaFosse within the coming weeks.

Ranger Youth Buried Wednesday

Funeral services were conducted from St. Rita's Catholic church, Ranger, Wednesday morning for John Gonzales Williams, 24, who died at his home, 703 Rusk Street, Ranger, after a long illness with pneumonia.

The decedent was born in San Antonio August 5, 1912, and died Monday, December 7. He had been a resident of Ranger for 17 years.

Surviving relatives include his mother and father, Mr. and Mrs. Joe Williams of Ranger; one brother, Freddie, and one sister, Miss Josephine Williams, both of Ranger.

Term Suspended In Case of Theft

Lewis Warren Wednesday was under a three-year suspended sentence after he had entered Tuesday in 88th district court a plea of guilty to theft of over \$50.

The indictment charged Warren with the theft March 9 of forty joints of upset tubing from C. D. Woods.

PASADENA, Cal.—Dr. John A. Sexton, superintendent of the city schools, declares that all modern educational programs must be "streamlined." He says it is the only way to keep up with the changes in the national life.

CHEANEY

We have had lots of nice rain and the ground is too wet to plow. Some few yet not thrashed and now we have real hog killing weather.

Mrs. Nancy Mason came home from Crane and reported two of her nephews had pneumonia, but was doing fine when she left Eugene and Leonard Browning.

Raymond Rogers and Miss Deale Fox was married last week. All wish them a long, happy married life.

Mrs. Addie Thomas spent the day with Grandma Browning Sunday.

Mr. and Mrs. R. L. Yardley and daughter, Bertha visited their son and brother, Willie Yardley and family at Washbrook the past week returned Sunday.

Mr. and Mrs. J. B. Bishop of

Cross Roads was in Cheaney community Saturday, getting fruit trees and vines to set on their new place north of Cheaney. They lived here about 20 years ago. Went to the city and now we are glad to have them come back.

Miss Louise Speas of Ranger, spent the week-end with Miss Pauline Herger at Cheaney.

Mr. E. L. Yardley, Berry Thomas, E. M. Campbell, Dick Weeks killed hogs Monday. A fine time for killing hogs. Wish you good luck.

Mrs. H. A. Browning of Ranger was at Cheaney Monday morning to bring Mrs. Mason home after her trip to Crane.

Mr. Arrie Dinsworth, west of Cheaney has been very sick with pneumonia, but is reported some better.

Mr. and Mrs. Sim Fox of Merriam, was at Cheaney, Monday on business.

Mr. Monroe Ainsworth and wife

DESDEMONA

Rev. and Mrs. Earl Alexander, accompanied by George Brazell, Joe Turner and Miss Capitola Browning, drove to Eastland on business Tuesday.

A number of local people were interested in the football game played at Tyler Saturday by the A. & M. College "Aggies" against the Manhattan College (New York) "Jaspers" in which the Aggies won by a score of 13 to 6. One of the "Aggies" substitutes was Rankin Britt, brother of Mrs. Walter Henry and grandson of Mrs. S. E. Browning Rankin, who died here when quite young, made a splendid football record while at Ranger High.

W. A. Saint, who has a milk route from here and the nearby communities to Comanche, was accompanied on his trip Saturday by his wife and Mr. P. F. White, who stopped in DeLeon, where Mrs. White had some dental work done.

R. L. Black, formerly of Desdemona, but now of Comanche, was here Monday visiting a number of old friends.

Obed Henslee and family of Freer, spent the week-end here visiting Mr. and Mrs. W. B. Hilliard, parents of Mrs. Henslee and several friends.

The many friends of Mrs. Raymond Anderson (nee Johnnie Buchanan) will regret to learn that her condition is still quite serious. On Monday of last week she had a second attack of flu during the past six weeks and this attack seems to be more difficult to control due to her weakened condition.

Mrs. J. E. Heeter came from Cisco Monday for a visit with her mother, Mrs. S. E. Snodgrass.

In spite of the cold rainy day and muddy streets some of the members of the Baptist W. M. U. met at the church Friday for an all-day service of their regular week-of-prayer program.

Rev. Blair of Cisco who is the

GRANDVIEW

Mr. and Mrs. Grady Hines and daughter of Abilene are visiting Mr. and Mrs. Riley Goodnaught.

Mr. and Mrs. A. D. Lewis and family of Rule, spent the week-end with her parents, Mr. and Mrs. C. M. Prestidge.

Clyde L. Lewis and Jack Cayce of Alameda, visited Miss L. V. Brown Friday night.

Mr. and Mrs. Wiley Westmoreland and family of Hamlin visited in this community last week.

There will be a sack of nuts candy and fruit for each of you at the Grandview School house, Friday night. Come spend your money to the tune of our jolly tune made by the "goober growers." The proceeds will go toward repairing the school piano. Plenty of good music. Everyone invited to come.

Sunday school each Sunday at 10:30. Singing third Sunday evening.

School is progressing nicely. Most all the children have passed the six week examination.

McDonald Preston Sparks and W. C. Bedford.

At the Methodist church Sunday night a feature of the service was the singing of "Beautiful Garden for Prayer" by a quartet composed of Misses Boyd Crenshaw, Ruth Abel, Ellen Sloan and Frances Arnold.

A number of members of the P. T. A. under direction of Mrs. C. O. Bragg, finance chairman went to Gorman several nights last week and sold popcorn at the picture show. The profits were \$2.50.

The many friends of J. B. Foote who lives north of town, will regret to learn that he is still seriously ill. His son from San Antonio and several other members of his family are with him.

TORCH OF HIGH IDEALS

Ray King, m.t. captain-elect of Indiana's 1937 football team, has a lot to live up to if he carries the Gophers' torch as high as did Ed Widseth, All-American tackle and retiring captain, right, is being passed in front of Andy Uram, halfback and alternate captain of next season's squad.

Orchestra Is Due To Tour Nation

By United Press
PHILADELPHIA.—The Philadelphia Orchestra's second trans-continental tour, beginning at the close of the regular season here in April, will take the famed symphonic organization to 23 cities in the United States and Canada.

Eugene Ormandy, who became resident conductor this season, and Jose Iturbi, Spanish conductor-pianist, will share the podium during the tour. Leopold Stokowski, who conducted this year's coast-to-coast concerts, will not accompany the 100 musicians.

A special seven-car train will be the orchestra's home for the month of the tour. It will return to Philadelphia May 23 for a final homecoming concert at the Academy of Music.

Atlanta is the first stop listed on the tentative itinerary, followed by Nashville, New Orleans, Memphis, Little Rock and St. Louis, where the event will be sponsored by the Civic Concert Series.

Concerts in Tulsa, Dallas and El Paso will be followed by two days in Los Angeles and a four-day series in San Francisco before the special train swings eastward again to Salt Lake City, Denver, Lincoln and Des Moines.

At Minneapolis, the event will be under the sponsorship of the Minneapolis Symphony Orchestra, of which Ormandy was conductor before coming to Philadelphia this fall. A tentative date is scheduled for Chicago.

Four days at the annual music festival at Ann Arbor will be followed by presentations in Toledo, Toronto, Montreal and a city in New England, unselected as yet.

The climax of the tour will be the first appearance of the orchestra in the Westchester County Musical Festival at White Plains, N. Y. An all-Wagnerian program, a symphony concert and a choral program accompanying the Westchester chorus are planned for the three-day stop just prior to the return here.

Association Missionary preached to congregations at the Baptist church Sunday morning and Sunday night. He and Rev. and Mrs. H. N. Baldersee were guests of Mr. and Mrs. S. T. Stover Sunday.

Rev. J. B. Curry, presiding elder of the Cisco District Methodist churches was here Sunday afternoon to organize a charge board of stewards. Representatives from Victor and the other churches belonging to the Desdemona charge were present. On Sunday, Dec. 13th, in the afternoon he will hold quarterly conference here. Dinner will be served at the church.

Dr. J. M. Wright, formerly of Desdemona, but now of De Leon has been here a number of times this week on business.

Rev. and Mrs. O. D. McDonald, accompanied by Miss Virginia Bruce and Miss Valoran Grabosky, drove to Eastland Friday night and attended the meeting of the District Eowrth League Union at the Methodist church.

Mrs. Betty Vestal returned Monday from a visit of several weeks to Cisco with her uncle and aunt, Mr. and Mrs. D. K. Scott and with Mrs. G. W. Trexell and family. She spent the week-end at Eastland with her friend, Miss Rita Trexell.

The Methodist Missionary Society met at the church Monday afternoon for the regular monthly business meeting. The meeting was called to order by the president, Mrs. Charles Lee. The devotional was read by Mrs. C. O. Bragg. Reports of the various officers and committees were given. A motion was made and carried that the society should buy window shades for one room at the parsonage. Other improvements are planned to be made at the parsonage later on as fast as the sale of vanilla puts funds into the treasury.

Those present were Miss Mollie O'Rear and Mrs. S. E. Snodgrass, Charles Lee, C. O. Bragg, O. D.

Miss Mary Oylar is visiting relatives in Stephenville this week.

Mr. and Mrs. Charles Watson visited relatives and friends here Tuesday while enroute to their home in Big Spring from Austin.

Mr. and Mrs. Garland Coody and Mrs. M. C. Anderson of Caddo were Strawn visitors yesterday.

Mrs. Paul Rogers of Gordon was shopping in Strawn Wednesday.

Miss Beatrice Wickens of Ranger visited in Strawn over the week-end.

Mr. and Mrs. Lee Aguirre spent the week-end in Mineral Wells with relatives.

Mr. and Mrs. H. C. Poyner visited relatives in Weatherford Sunday.

Mr. and Mrs. Lane Ready and Mrs. H. C. Poyner and Myrtle Ratliff attended the funeral Friday in Caddo of the late Kenneth Garret.

Miss Doris Law of Lubbock is visiting her sister, Mrs. Kenneth McCorkle.

Miss Rosemond Buchanan has returned from Austin where she has been visiting her sister, Miss Marjorie Buchanan.

Howard Tucker and James E. Carlyle attended the Nocona-Moran football game in Olney Friday.

Mr. and Mrs. Robert Andrew have returned to their home in McCamey after an extended visit with relatives here.

Mr. and Mrs. Ross Parmley of Fort Worth have been the guests of Mr. and Mrs. C. D. Parmley the past week.

Buster Watson of McCamey visited his parents here over the week-end.

There will be a meeting Tuesday, Dec. 15 of the trustees and citizens of this community. Those who are interested are urged to attend.

Friends of Mr. J. B. Foote will be glad to know that he is slightly better after an attack of paralysis some time ago.

Mr. and Mrs. Sam Fonville of Union community visited his parents, Mr. and Mrs. J. L. Fonville of this community.

Mrs. Hardie Tidwell was in Gorman Monday on business.

J. L. Morrow was in Desdemona Saturday.

Bud Carter was in Gorman Saturday on business.

Carl Holder has been buying some turkeys in this community.

Mrs. Harriet Abernathy is improving after continued trouble with her face.

When President Roosevelt crossed the equator, it was found he has been a pollywog all his life—news that came just too late to be used as campaign ammunition.

The Hungarian who broke two of his dentists' ribs might simply have been trying to determine if he was painless, as advertised.

Colored Etchings From One Plate

By United Press
WHITEWATER, Wis. — Leon R. Pescheret, an artist who found his "dream house" here, is believ-

ed to be the only person in the United States who makes color etchings from one plate. Many persons make colored etchings from several plates, but Pescheret brought here the etching skill he learned from Roger Hebbelink, color etcher for the Belgian royal court. Pescheret studied color etching

under Hebbelink after the Chicago world fair, where he etched only in black and white.

To make colored etchings from one plate requires infinite patience and skill, Pescheret believes. It involves using all methods known to etchers—soft ground, aquatinting, the bitten line and dry pointing. Colored inks are rubbed into the plate similar to the way black is rubbed on for a black and white etching.

"The important point is that the etcher must know exactly what the desired result is to be before he starts his plate," Pescheret said.

"Sometimes it takes weeks of redrawing and careful study of composition before it can be done on a copper plate."

The reason, he explained, is that different colors require different depths in the plates—reds and yellows deep lines while black,

brown and purple are shallow. Pescheret found his "dream house" here—a little yellow building with red roof and blue shutters—while enroute from Chicago to Madison to design decorations for the University of Wisconsin Memorial Union building.

Auto Designed To Run On Air

By United Press
SPRINGFIELD, Mo. — Charles Thomas Hunt, 67-year-old mechanic, says he is developing an automobile which will use air instead of gasoline and be refueled by highway jolts.

Hunt has completed the motor. It is driven by compressed air. He believes his invention will revolutionize the motor industry.

"The engineers said it couldn't be done because they didn't get it out of their books," Hunt said. "And they didn't get it out of books because it wasn't in them. But I did it, and now they'll put it in their books."

Hunt plans to make the first practical test of his invention about Dec. 15. He promises to put his first skeleton automobile powered with the air-driven motor on Springfield streets at that time.

His first car will have a light steel frame only 4 feet long, 26 inches wide, with a "skeleton" body. It will have a maximum speed, he predicts, of approximately 14 miles per hour.

Hunt's motor has a tiny, five-eighths inch piston and a four and one-quarter inch stroke, and a weighted flywheel mounted on a small axle to which the piston is attached.

When Hunt turns the valve on the compressed air tank, a plunger releases half a pound of compressed air from the tube leading from the tank into the cylinder housing the piston. The half-pound blast of air shoves the piston down, and the flywheel, weighted with five pounds of metal on one side, turns over.

As the piston returns to the top of the cylinder, the plunger releases another blast of air automatically, forcing it down again and keeping the operation continuous.

The plunger which releases the air into the cylinder operates on the same principle as a match stuck into the valve core of an automobile.

Hunt believes he can harness the car's bouncing to pump air into the tank.

To each of the four corners of the car's frame, a pump will be attached with a tube leading from it to the air tank. When the car hits a bump, the raising of the frame will raise the plunger from the pump, sucking air into it. As the frame settles back, the bump plunger will force the air into the tank, Hunt believes.

And if there aren't enough bumps and the supply of air is exhausted?

Hunt has an answer for that, too.

Refill the tank, he says, with an ordinary air hose at the filling station, or bounce the car by jumping on the running board.

Worms Are Killing Davis Mountain Deer

By United Press
SAN ANGELO.—Ranchmen of the Davis Mountain deer country have reported that worms were killing many Texas deer, Frank Mayborn, Temple publisher, said on return from a hunting trip in that section.

Mayborn told of finding one deer, killed by his hunting party, that was so infested by the vermin that it had to be abandoned.

He said ranchers had found many deer dead on the range, victims of worms instead of bullets.

DIVORCES GRANTED
Divorces to two couples were granted this week by district courts.

Eighty-eighth District Court granted a divorce to Floye Banner from Frank Banner.

Following granting of the divorce to Stella Alexander from W. M. Alexander, 91st district court made several orders involving property of the parties.

HELP 15 MILES OF KIDNEY TUBES

To Flush out Acids and Other Poisonous Waste
Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste. Frequent or watery passages with smarting and burning shows there may be something wrong with your kidneys or bladder.

An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the beginning of uric acid, rheumatism, kidney pain, lumbago, leg pain, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

(Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 Miles of Kidney Tubes flush out poisonous waste from your blood. Get Doan's Pills.

Political Heir of Pendergast

Active control of the powerful Pendergast political organization in Missouri passed to James M. Pendergast, above, 41, when his uncle, Thomas J. Pendergast, long the dominant leader in the state Democratic party, withdrew because of illness. The older Pendergast, stricken during the Democratic national convention this year, will act as an adviser to his nephew.

An Illinois candidate for coroner lost then won, during the election. A little more of this and his opponent would have handled his autopsy.

Old-timers in Madrid's besieged University City probably haven't seen anything like it since the local team beat its traditional rival.

A Philadelphia man was awarded 2 cents for his broken heart in a breach of promise suit. If he was a banker, it would hardly pay for the cement.

Beware The Cough From a common cold That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies, such as, Eyrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Wild Cherry and Menthol, but also has fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results.

Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irritated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble. Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

New Electrolux Has Many Good Points Dealer Says

So much has been said of the new 1937 Electrolux, it is hard to summarize the better points, they are so numerous. It has long been recognized that the Electrolux refrigerator have been known in all parts of the country for silence, simplicity, beauty and their complete array of convenient features. Every owner of an Electrolux is enthusiastic about them.

F. P. Brasher, of the Ranger

Furniture Exchange, paid a visit to Dallas this week, where he attended a meeting held for the purpose of introducing new features of the '37 box, and he is more than pleased with what the Electrolux offers. Any improvement in making house work easier, brings happiness to women, and their happiness radiated in a home is the main ingredient for the general welfare of her family.

To fully appreciate these lovely boxes is to see them, and they carry their respective titles, "The Queen," "The Duchess," "The Empress," "The Marchioness" and "The Manhattan."

Increase Is Seen In Savings In Southern States

NEW YORK — In every Southern state there was a gain in savings deposits in banks during the year ended June 30, 1936, reflecting the improved conditions which prevailed during that period. Virginia led with an increase of \$15,325,000.

These facts are brought out in the annual compilation on savings deposits and depositors in the United States, of the Savings Di-

vision, American Bankers association, prepared by W. Espey Albig, deputy manager in charge of the division. Mr. Albig's analysis of the Southern group comprising Virginia, West Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Texas, Arkansas, Kentucky, and Tennessee, is as follows:

"The Southern states have been enjoying the most favorable conditions experienced in several years. Industrial plants are thriving and unemployment has decreased greatly. Many banks have such large amounts of surplus funds that they are making no active efforts to obtain interest-bearing deposits. Prosperous farm-

ing conditions obtain in most of the states of this area, where also extensive state highway construction programs are in progress, and government expenditures have been high.

"Savings deposits in the Southern states reflect the improved conditions which have prevailed during the year just past. In every state there has been a gain. Virginia leading with an increase of \$15,325,000, followed by Louisiana with almost \$9,000,000 and Tennessee with \$7,000,000. Louisiana shows the highest relative increase, 10.5 per cent, followed by Florida with 7 per cent and Virginia and North Carolina with 6.9 per cent. Both South Carolina and Georgia had an estimated in-

crease in population of over 15 per cent and still showed a gain in savings. The number of depositors in this area increased in nine states and declined in four, giving a net loss for the area. In Georgia and West Virginia the gain is over 20,000, in Alabama 15,000, and in Virginia, Florida and Texas around 12,000 each. Five states show a loss in savings per inhabitant and seven show only a slight gain, except in Louisiana, where \$5 more per person is recorded.

In a general survey covering the United States as a whole previously published in "Banking," the official journal of the American Bankers association, Mr. Albig has pointed out that for the third consecutive year annual reports of savings deposited in banks showed an advance over the preceding year and that during the year ended June 30, 1936, the number of savers also showed a marked increase.

"Savings aggregated \$23,463,585,000, a rise of \$849,561,000, or 3.8 per cent over the figure a year earlier, despite the decrease by \$125,785,000, or 42.3 per cent, of redemptions of postal savings in banks," Mr. Albig's survey said.

The aggregate number of depositors was 42,996,712, a gain of 1,081,506, or 2.6 per cent. The per capita savings for the United States as a whole was \$184, a per capita gain over the same date in 1935 of 85.

tributions include such titles as to you bring her into contact with pupils, teachers, parents; "The Frog"; "Let's Be Modern," a study of bread making; "Once Upon a Time," an animated cartoon depicting safety upon the highways; "Poppy in the Spinach Symphony"; "The Brass Choir," dealing with the trumpet, euphonium, and other brass instruments; "Jack and Jill in Songland"; "Sound Waves and their Sources." These films present in sound movie material on such subjects as citizenship, civics and government, general science, including nature study; geography, history and travel; industry, engineering and manufacturing; literature and entertainment, including juvenile; music, and physiology, health and hygiene.

Titles from the list of silent pictures include "The Alligator Round-Up," depicting Brazilian cowboys who lasso and capture crocodiles and rob their nests; "Camouflaged Death Traps"; "Jewels of the Sea"; "A Motion Picture Journey to the Moon"; "The Big Bend of Texas"; "George Washington," showing animated clay model portraits of high lights in Washington's life; "The Wee Scotch Piper"; "Story of Sulphur"; "Mickey Goes Courting"; "Night Before Christmas"; and "Singing and Stinging," the life story of the mosquito.

Texas Electric to Serve Farm Homes

FORT WORTH — Texas Electric Service company will construct 250 miles of power lines in Tarrant county to furnish electricity to 1,100 farm homes. The decision was announced after Rural Electrification Administration at Washington had earmarked \$285,000 for the purpose.

Need of Changes In School Courses Shown In Book

AUSTIN — "The Odyssey of Mrs. Brown" is the strange title selected for a pamphlet issued by the State Department of Education in behalf of changes in study courses in Texas schools. The title reveals how the old idea of classic studies in the minds of those who are the "progressives" in education.

Despite the title, the pamphlet is strong in its announced purpose of presenting the case for need of curriculum (another term the educators cannot forget) revision. Mrs. Brown's Odyssey (travel

Sound Movies Are An Aid to Schools

AUSTIN—Motion pictures with sound have been added to the facilities offered to schools, civic clubs and other organizations of Texas by the visual instruction bureau of the University of Texas. The bureau has recently compiled a catalog of sixteen millimeter motion pictures available through its agency, listing approximately fifty with sound, and some 175 silent films. Other types of visual instruction aids offered are lantern slide sets, mounted pictures, and 35 millimeter pictures. The sound films ready for dis-

Texas Invited to Take a Part In New York's Fair

ALBANY, N. Y. — Governor James V. Alfred of Texas has been invited by Governor Herbert H. Lehman of New York to have the State of Texas participate in the New York World's Fair of 1939. Formal invitations of a similar nature have gone forward to the governor's of 46 other states.

In his letter of invitation, Governor Lehman points out what New York State has already done and intends to do in taking full share in the exposition that is already in process of construction on the Flushing Meadow site in the Borough of Queens and which is to represent an estimated total investment of \$125,000,000.

The New York legislature, he notes, during 1936 passed an act creating the New York World's Fair Commission of 18 members and providing funds in aid of this body's investigations looking to the preparation of plans for a state building and exhibit and for active participation in the Fair. The commission has held several sessions and is now considering concrete proposals.

The State of New York has also appropriated, to date, \$2,130,000 for commencement of construction of boulevards, service roads, bridges, a boat basin in Flushing Bay, and certain other basic improvements the state will make at the exposition site or its approaches.

The figures show that 8,538,000 were killed or died of wounds during the war among all the combatants, whereas of 19,000,000 wounded treated during years after the Armistice, more than 15,000,000 have died of the effects of their war service.

War Service Blamed for 15,000,000 Deaths

VIENNA—More war veterans died of the effects of their wounds after the war ended than were killed in the four years of actual fighting, figures gathered from official sources and just published here reveal.

The figures show that 8,538,000 were killed or died of wounds during the war among all the combatants, whereas of 19,000,000 wounded treated during years after the Armistice, more than 15,000,000 have died of the effects of their war service.

Doctors Are Buyers Of Christmas Seals

AUSTIN.—In the first mail following the distribution of the Christmas Seals released at Thanksgiving, more than \$100 of the day's returns to state headquarters of the Texas Tuberculosis Association came from doctors, according to Miss Pansy Nichols, Executive Secretary of the Association.

"Doctors know first-hand," Miss Nichols said, "of the tragedy caused by tuberculosis. Few people realize how much doctors give, without thought of monetary remuneration, in the way of professional service to the tuberculous poor. For this reason we are doubly grateful for their generous contributions to the Christmas Seal sale which finances the campaign for the prevention of tuberculosis."

Proceeds from this year's seal sale, Miss Nichols said, will be used by the state and local tuberculosis associations in a concerted effort to reach more people between the ages of 15 and 45 with those methods of diagnosis, prevention and cure which have reduced the death rate from tuberculosis more than two-thirds in the past 30 years. She pointed out that in spite of this reduction in the general death rate tuberculosis is still the highest cause of death among people in this age group.

Officials pointed out that they were not intending to interfere with the Indian Reservation Administration routine or to alter the program of education for Indian children. They say time has brought a realization of the significance and merit of Indian culture as exemplified in tribal rituals and customs.

Constant Nursing Saves Hummingbird

LONDON, Ont.—Working in relays, Mrs. E. E. O'Conner and her four daughters have kept an injured hummingbird alive for six weeks with the aid of an eyedropper.

One of the girls found the bird on the sidewalk, unable to move because of a broken back. The whole family took turns in feeding it milk, honey, tomato juice and the blood squeezed from meat, and now it can flutter weakly about the house.

Indians Chosen To Record Lore

BELCOURT, N. D. — Once again full-blooded Indians of the Turtle Mountain reservation here, will raise their war cries and conduct eerie rites as did their forefathers when the redman was king of the West.

Because the Indian office in Washington wishes to preserve the old customs and traditions of different tribes, and because the Chippewa and Cree culture is considered important, Turtle Mountain reservation will witness at least a partial return to bygone days.

Approximately 300 full-blooded Indians on the reservation, familiar with the ways of their forefathers and ancient rivals, will be used in the government's project. Among the Indians who will figure prominently in the movement are Flying Nice, a Chippewa, and Little Elk, a descendant of the Hurons. Flying Nice and Little Elk will endeavor to teach the native customs to other reservation Indians and also will contribute outstanding facts of past Indian folklore which will be compiled in book form.

LIONS PLAN OLD CLOTHES DRIVE HERE

The Ranger Lions club will sponsor an old clothes drive in Ranger, with Charles J. Moore as chairman of the old clothes committee.

All Lions are to cooperate in helping to make the drive one of the best ever conducted in Ranger, and the cooperation of all the citizens has been urged.

Anyone who has any clothing of any kind, for men, women or children of any age, is urged to be requested to call the Chamber of Commerce, telephone 31, and leave the address where the clothing can be picked up.

All members of the Lions club will spend the entire morning of Monday, Dec. 14, in collecting clothing. Or those who desire to do so can leave the clothing in the Chamber of Commerce office. It was pointed out by Moore that practically every home in Ranger had one or more garments that were not being used, and which could be given to some needy family where it would be appreciated.

Miss Reagor is speaker before Ranger Lions. The Lions club met Thursday noon with J. J. Kelley, president, presiding. Miss Waurine Reagor, relief worker in charge of this section of the county, was the guest of the club and she stated that the relief office gets only \$100 a month to be distributed among 80 to 150 clients. The club decided to sponsor an old clothes sale to help these people.

Miss Reagor stated that outer garments and shoes were needed. Also about \$15.00 to be used in making quilts. A committee composed of Lions C. J. Moore, E. A. Ringold and A. L. Larson was appointed to put on the old clothes drive. Each member of the committee will be in charge of a section of town and every Lion will aid in gathering old clothes. They will notify the people in their section of town what time they will call.

Miss Reagor Is Speaker Before Ranger Lions

Lion P. A. Reed was program chairman for the day's program, and conducted an auction sale. Ten dollars and 65 cents was raised on packages Lions Moore and Reed sold. It was given to Miss Reagor to use in making comforts in the sewing room at the relief office. Lion Stephens was presented a box of "cigars" for bidding the highest of the packages.

Lions Bruce, Garner and Gallows were appointed to see about the engraving on a loving cup to be given Young School for winning the city championship in football.

Guests were Mr. Marlowe of the Pickering Lumber Company, Mr. Johnson of Eastland, and Mr. Looney, guest of Lion Dave Cooper.

GIVE AN ICE REFRIGERATOR! A gift that'll be enjoyed the year around.

See your SOUTHERN ICE SERVICE MAN

A CHEST-PROTECTOR FOR COLD-CATCHERS!

Stopped Clock, Drunken Charge and Hunch Combined To Solve Burglary Case by Guy Pledger, Ranger Officer

A stopped clock, arrest of a woman on a drunkenness charge, and a hunch combined by Patrolman Guy Pledger of Ranger in solving a Ranger burglary case, arrest of one man on a burglary charge and recovery of all the loot except what had been eaten.

Shortly after midnight Sunday morning, Pledger received a call that a drunken woman was creating a disturbance. He investigated and placed the woman in the Ranger city jail. The next day he received word that Mrs. Stokes' Eat Shop, on the Eastland-Ranger highway, in the city limits of Ranger, had been robbed.

Pledger investigated and found that the entire stock of the cafe had been removed, including cigars, cigarettes and a large quantity of food, including some baked chickens and baked ham. While investigating he noticed that an electric clock had stopped at 12.20 when someone had pulled the electric cord, probably ac-

identally. So the time of the robbery was set at that hour, which was the same time he was in another part of town, called there to investigate the drunk charge. Pledger believed that the two cases were connected and that the call had been put in so that he would be safely out of the way while the burglar or burglars did their work.

He obtained the help of Constable John Barnes and, armed with all the necessary papers, made a raid on the home of the suspect, several miles south of Ranger. In the raid all the loot reported missing from the cafe was found, with the exception of a portion of the food, and a penny slot machine.

An arrest was made and the man told the two officers where the slot machine could be found under a culvert almost two miles from the house.

The man was taken to Eastland where the grand jury is now in

HIGH SCHOOL HONOR PUPILS ARE LISTED

The following is the honor roll of the Ranger High School for the past six weeks:

Freshmen, highest honors—Bobbie Branton, Marie Conway, W. J. Powell, Fanny Dell Swaney; high honors, Francine Hatley, Alice Henry, Bob Galloway; honors, Mildred Bradford, Doris Dudley.

Session, Tuesday morning. Another suspect in the burglary case has not as yet been apprehended, it was stated today.

Juniors, highest honors—Lewie Hagbos, Rita Mooney, Homer Smith; high honors, T. M. Brown, Dorothy Jean Bruce, Charles Ealey, Earnest Green, Jack Hall; honors, Marie Branton, F. P. Bra-

shier, Iva Dell Coones, Darlene Eunice Erwin, Emma Lee McCleskey, Doris Robinson, Jean Moore, Marie Spies, Maucie Fae Turner, Margaret Watt, Betty Frank Weekes, Murie Wilson.

Sophomores, highest honors—Roselle Nicholson; high honors, Dorothy Lee Brimberry, Dorothy Ellen Byas, Marise Chastain, H. H. Gilmore, Doris May, Julia Rose Needham, Morris Newsham, Belva George, Cecilia McDowell, Fern Taylor, Eva Sue Turner; honors, Prentice Ables, Corvis Beck, Betty Sue Blanton, Dorothy Campbell, Marion Canafax, John D. Ford, Annie Marie Hill, Letha Key, Fern Moroney, Priscilla Miller, Elsie Morgan, Eloise Packwood, Norma Watson, Betty Jo Woods.

Seniors, highest honors—Lewie Hagbos, Rita Mooney, Homer Smith; high honors, T. M. Brown, Dorothy Jean Bruce, Charles Ealey, Earnest Green, Jack Hall; honors, Marie Branton, F. P. Bra-

Band Carnival Is Big Success With \$144.56 Taken In

The Christmas holiday carnival sponsored Saturday night by the Ranger high school band drew a crowd of approximately 600 people. Although the admission fee was only six cents and most of the attractions ran from two cents to a top price of six cents, there was a total of \$144.56 counted up at the close of the celebration.

The main attraction indoors was the one-hour minstrel acts trained by Arthur Shelton. This show pulled a full house during the first performance. Fire Chief Murphy also held a "running" auction for one large fine cake.

The Band Mothers club was highly successful in managing the "eating" part of the affair. They sold hot dogs, candy, soda water, coca cola, ice cream cones and pies as well as furnished the cakes for the auction sale.

Soon after the announcement of the carnival plans, Stephen Preslar was put in charge of the selection of a High School Queen, to be crowned at the close of the carnival. Early in the week the various classes met and selected their candidates. Maucie Fae Turner was selected to be the candidate for the freshman class; Doris May was the sophomore selection; Reba Moore for the juniors, and Louise Vaughn for the seniors.

The contest waxed warm. Votes from out of town began to come in, and on Saturday, all of the candidates and their friends and admirers helped to pour in the votes. Saturday night, at the close of the carnival, the tabulation was completed, and "Doris, of the Fox, Juneann Griegoleit, Nadine Miller, Geraldine Smith, Hazel Thomas, Annabel Wright,

Seniors, high honors—Jo Carver, Ruth Donowho, Maxine Dutton, Inez Harrell, Robert Johnson, C. E. May, Jr., Bobbie Lee Toliver, Mary Frances Strong, Thomas Thompson; honors, Clivis Brooks, Mary Louise Ervin, Jo Jane Griffith, Elvin Ingram, Juanita Kimbrough, Mildred Fern Mitchell, Iona Prock, Junior Sneed.

House of May" was crowned "Queen of the Christmas Holiday High School Carnival" for the year 1936-1937.

The purpose of the carnival was to stimulate more active interest in the high school band, and to use the proceeds to help buy more and much needed equipment. Two souaphones are to be added to the band, and some of the proceeds will be used to make the down payment on these instruments. The remainder of the returns from the carnival will go to the uniform fund.

Group Asks Judge How to Go About Circumventing Law

HOUSTON—District Judge Langston G. King was not at all flattered when a delegation of 22 druggists and cafe and beer parlor operators asked his advice on steps they should take to remove a ban on marble machines here.

"You will have to get yourselves an attorney and consult with him about what action you should take," the judge told the delegation mildly.

Judge King recently instructed the Harris county grand jury to keep the ban on marble tables as well as other types of gambling declared illegal by the state court of criminal appeals.

One of the men in the delegation asked him if he thought a call on the grand jury would have any results. The judge said he did not believe it would.

"Of course, you can operate any legal kind of machine," he said, "but in my opinion, a n'y officer who advises you on this matter should be impeached."

The group closed the interview at once.

U. of T. Destined To Be Greatest In Entire South

AUSTIN, Tex.—The University of Texas is destined to become the greatest university in the South predicted Dr. H. Y. Benedict, president.

Dr. Benedict believes the University will take its place as one of the first 12 universities in the country. At present no Southern universities are so ranked.

The University of Texas, he said, is included in the exclusive Association of American Universities. Only 32 universities in the United States and Canada have qualified for such membership, among them only three Southern universities.

Other Southern universities so honored are the Universities of Virginia and North Carolina. At present, Dr. Benedict said, the University of Texas is ranked above Virginia and North Carolina by the American Council on Education and other agencies. This, he believed, is because of national recognition achieved by some of the departments.

He pointed to the low cost per student as compared with other schools. He is grateful for the oil royalties that have made possible the \$15,000,000 physical plant which houses more than 8,000 students during the fall term and more than 5,000 during the summer.

He pointed out, however, that the teaching load is too heavy and teaching salaries inadequate for a university of this class.

In summing up the kind of university intended by the founders of Texas who provided for a state University in the constitution, Dr. Benedict quoted Governor Oran M. Roberts, who was largely responsible for the act providing for its establishment:

"Our constitution says it is to be of the first class; be it the labor of love to make it so."

A St. Bernard dog was found in the driver's seat of a Detroit automobile. He probably will not be booked, since no cask of brandy was found on him.

RATTLER IN STEEL PLANT—MONESSEN, Pa.—A diamond-backed rattlesnake, 39 inches long, with nine rattles and one button, was killed in the open hearth department of the Pittsburgh Steel Company plant here. Workers said they believed the snake was imported with a car load of scrap iron from Oklahoma.

New-Car Sales Lag Where Taxes High A Survey Shows

NEW YORK—High automotive taxes, and particularly excessive gasoline taxes, apparently exert an adverse effect upon the willingness and financial ability of prospective buyers to purchase new motor vehicles, it is revealed in a study of new-car registrations made by the American Petroleum Industries committee.

The survey, based upon a comparison of registrations in the first eight months of 1936 with those in the corresponding period of 1935, indicated that in the group of 18 states where gasoline tax rates are regarded as excessive the average increase in new-car registrations was only 20.8 per cent as against an average 25.8 per cent in the 30 states and the District of Columbia where gasoline tax rates are viewed as reasonable.

In terms of actual registrations it was found that only 94,105 new vehicles were registered in the group of 18 high tax states, or 22,930 cars less than would have been registered had this group enjoyed the same rate of increase as the low-tax group. It was pointed out that the depressing effect upon sales caused an estimated loss of \$16,234,440 in business for new-car dealers. It was estimated also that, since the average dealer does an annual business of around \$124,000, some 131 dealers could have shared a full year's business.

The effect upon employment also was noted, it being estimated that, since each million dollars of new-car sales provides employment for 75 workers at retail outlets, some 1,200 additional employees would have had jobs for a year. Further, it was found that the sale of the additional new cars would have increased gasoline consumption by about 16,000,000 gallons annually, and substantially would have increased revenues from the state gasoline taxes and from registration fees.

Adversely affected also, the survey indicated, were small business establishments catering to the automotive trade. These included garages, repair shops, service stations, tire and battery shops, parking lots, etc., a group generally regarded as one of the more important in the retail business. It represents about 10 per cent of all retail establishments, accounts for 20 per cent of all retail sales, employs 16 per cent of all retail employees, and pays 17 per cent of retail trade wages.

Science Is About To Smash Atom

CHICAGO.—Scientists have revealed what they know about how to smash the elusive atom into scientific smithereens with an infinitesimal particle rocketing thru vacuum at a speed of something like 10,000 miles a second.

The technique and results of disintegrating the nucleus of the atom, smallest single portion of matter, with high speed, electrically charged particles was related in a series of papers before the meeting of the American Physical Society.

Present were two Nobel Prize winners, Prof. Arthur H. Compton of the University of Chicago, noted deliver into the mysteries of the cosmic rays, and Dr. Carl D. Anderson of the California Institute of Technology, who discovered the positive electron, or positron.

Compton explained a series of experiments showing that cosmic rays, which originate in outer space, have energies as high as 15,000,000,000 volts.

Anderson used the cosmic rays to bombard sheets of lead, and thus made his discovery of the positron, which is the negative charge on the atom.

Marriage Course Is Offered In College

AUSTIN—Students at the University of Texas now learn when to get married and particularly "how to stay married."

In a course in which scholastic credit is given, instructed by Dr. C. W. Hall, 84 university students meet three times each week and study the "whys and wherefores" of marriage.

In their class meetings the students hear lectures on courtship and post-nuptial relationships and discuss any problems that might arise after marriage. Dr. Hall's lectures on the subject have become so popular he has been asked to other cities to deliver them.

In his lectures he discusses with young people such problems as when to get married, choosing life companions and other related problems.

By approaching these delicate topics from the religious standpoint, Dr. Hall finds that his students are able to discuss frankly and without embarrassment the marriage problem.

Real Beer Has Been Temperance Factor Health Head Says

BUFFALO, N. Y.—The legalization of real beer has been a powerful factor for the promotion of temperance and to check lawlessness, says Dr. Francis E. Fronczak, health commissioner of Buffalo, who is recognized as one of the foremost health authorities in America.

Testifying before the United States Senate committee on manufactures in 1932, Dr. Fronczak urged the legalization of real beer in the interest of public health. He declared that in his experience of approximately forty years as a medical practitioner he had never witnessed so much intemperance and general lawlessness as prevailed during the prohibition era. Asked his opinion today, based on observations during the three years that have elapsed since real beer was legalized, he said:

"Four summers have passed since the brewing of beer was resumed in the United States. Each summer since 1933 has seen a gradual increase in the consumption of that popular malt beverage until now, at the close of the season of 1936, this country has taken the lead among the nations of the world in the consumption of beer and ale. In my capacity as health commissioner of the city of Buffalo, in which work I have been engaged for many years, having begun prior to the prohibition era and having continued through that depressing period until the present time, it is my duty to observe conditions that have to do with the health of the people in the community it has been my lot and good fortune to serve.

"In 1932, when I testified before the committee on manufactures of the United States Senate, I said, among other things, that I was of the opinion that it would be good for the public health for Congress to pass a bill permitting the manufacture of beer. That opinion, based upon my observations during the past three years, obtains today.

"Beer is a healthful, wholesome drink and when consumed in moderation will produce no ill effects upon the human system. I subscribe fully to a statement made by Lord Horder, a noted English physician, who said 'the stimula attaching to beer in the minds of many is associated with the fact that some people take too much of it. By a confusion of thought the beverage is condemned rather than the intemperate person.'

"Temperance in all our physical activities will promote good health. We citizens of America, referring to the masses, are inclined to be intemperate in all of our activities. We eat too much and we play too hard. More graves are dug thru intemperate eating than were ever filled from the consumption of beer.

"Surely prohibition did not solve the temperance problem. Far from it! In all of my many years of experience as a physician and a health official, I never have seen such intemperance and such wholesale disregard for all laws as I did during the fourteen years when good beer was banned. In my testimony before the Senate committee in 1932 I submitted considerable evidence to substantiate that statement.

"Good beer is a food. It has many properties that are beneficial to the human system. It has been well established that its moderate consumption provides nourishment of inestimable value."

Dr. Fronczak is a native of Buffalo and spent many years in public health work both in this country and abroad. Previous to becoming health commissioner of Buffalo he had a large private practice and he now is connected with several hospitals.

Worries Wrack College Youths, Educator Says

INDIANAPOLIS.—The gay "high-de-ho" activity of the average American college student masks a multitude of worries, according to Prof. L. M. Sears, head of Purdue University history department.

"You would not be surprised how little jollity or genuine gaiety there is among youth in college," Prof. Sears told members of the Purdue Dads' association of the Indianapolis area.

The historian, a bachelor, asked his audience to "sympathize with the problems of youth."

"Collegiate jollity is of the hectic, excitable type," he said, "but actually the student is under the weight of many things which constitute real worries."

"College students worry about their studies and whether they are pleasing their professors. They worry about whether they are pleasing their fellow students and thus are obtaining popularity. They worry about their earnings, whether they will have enough to all. They worry about the right person to marry."

Prof. Sears said he is convinced the age of the college youth is not the "Golden Age."

Dakotan Strikes Gold In His Backyard; All Lawns in Town Quickly Spaded Up

STURGIS, S. D.—While John Bayliffe was digging a cesspool in his backyard recently, he struck gold, and now every backyard in town is cluttered with picks and shovels.

Bayliffe, a police sergeant, found some suspicious looking dirt, panned a little of it and found "colors." Excited by his discovery, he took the "colors" to a local jeweler, who placed the value at \$5.

Bayliffe hurried back to his yard where he found some more bits of gold.

His neighbors caught the fever. Oldtimers quickly recalled the channel of Dead Man's creek once coursed through Bayliffe's property.

Dead Man had its origin in the Kirk Hill district, between Deadwood, Galena and Sturgis, in a region particularly rich in mineral deposits. The old channel, gold

men say, was rich in placer gold many years ago, but like other Black Hills streams, was abandoned as the prospectors skipped for richer diggings.

Down the road a few rods from Bayliffe's backyard stands a monument of an early adventurer—Reddy Nolin—pony express rider killed by Indians as he was carrying letters to the miners of Deadwood. It was this incident which gave the gulch its name.

Bayliffe's discovery is history repeating. Scores of men in this district have come upon the "yellow flakes" when they were looking for something else.

Henry Rave, at Custer, a few years ago, found gold in French Creek running through his farm—the same creek that the late President Coolidge fished on a vacation from the White House.

A ditch-digger in patched overalls came upon deposits of gold

three miles from Deadwood. He didn't know what the yellow flakes were until he showed them to a prospector. Then he shed his shabby clothing and, before he knew it, was able to afford swallow-tailed coats and top hats.

In the Bear Lodge, Tommy Smith loaned over to get a drink of water out of a spring and found a gold nugget as large as a goose egg.

POLICE LOSE TRAFFIC KEYS

BOSTON.—Because patrolmen shut off traffic lights during an emergency sometimes forget to turn them on again, traffic signal light keys will be taken from them and entrusted only to traffic division sergeants and employees of the traffic commission on the order of Police Superintendent Edward W. Fallon.

GRANTS DIVORCE

Divorce was granted Monday by 91st district court to J. H. Welsh from Mary Loretta Welsh.

'Man of the Hour?'

Outspoken Major Clement Attlee, leader of the Labor Party, assumed a place of exceptional prominence in Britain as the one individual who might organize a cabinet in event Prime Minister Stanley Baldwin resign in the crisis over King Edward's marriage plans. He was even prepared to bring the subject of Mrs. Wallis Simpson before Parliament.

'Bargain' Taxpayers Total Over 281

A total of 281 taxpayers availed themselves of the opportunity of paying their polls and half of other taxes before Nov. 30 to get the balances extended until June 30, 1937 without penalty or interest. Chief Deputy Tax Assessor-Collector Clyde S. Karkalita reported Monday. Collections from the 281 totaled \$40,154.42.

'Fold Into the Beaten Whites'

Just knowing the ingredients of an Angel Food cake doesn't enable a woman to bake a good one—for the mixing is so important. Perhaps you haven't realized that prescriptions, unlike recipes, usually give the ingredients only, and leave it to the pharmacist to know how to combine them properly.

With many prescriptions, as with an Angel Food cake recipe, this knowledge of how to combine the ingredients is vital.

The pharmacists at this store always "know how." They study new drugs, learn how to combine them properly with other drugs. This precaution is your best health protection.

OIL CITY PHARMACY

SALEM NEWS

The Alameda singers came over Sunday. We were glad to have them and will welcome them back again.

Mr. and Mrs. Zelvin Fonville spent Friday night with his parents, Mr. and Mrs. John Fonville.

Terms in Cattle Cases Pronounced

Sentences in two cattle theft cases were pronounced Tuesday by Judge B. W. Patterson in 88th district court against Rayford Adams.

Laid Off From Work By Constipation

"For four years I suffered from constipation. I had gotten so weak I had to lay off from work. My doctor told me to use Kellogg's ALL-BRAN. Since then, my grocery list has never been complete without it."—Mr. A. W. Murphy, 1010 16th St., Tuscaloosa, Alabama.

This delicious cereal will give you the same, sure relief. Laboratory tests prove it's safe. Within the body, its "bulk" absorbs moisture, forms a soft mass, gently cleanses the intestines. ALL-BRAN also furnishes vitamin B which tones the intestines, and iron for the blood.

Just eat two tablespoonfuls daily. Serve as a cereal or cook into appetizing recipes. Isn't this natural food better than pills and drugs?

When you're at the grocery store today, get a package of Kellogg's ALL-BRAN. Try it a week, and see if you don't feel worlds better. Made and guaranteed by Kellogg in Battle Creek.

Former Superior of McDonald Has Been Chosen Aide

Bert V. Bollinger, formerly of Eastland county, who has been appointed chief clerk by W. H. McDonald, state land commissioner-elect, was once the Eastland man's superior in the accounting division of the Texas and Pacific Railroad in West Texas.

ams. Both sentences, concurrent, were for two-year terms.

Adams had been found guilty previously by juries who had deliberated his fate. One indictment charged the defendant with the theft Oct. 9 of two head of cattle owned by L. B. Norvell. The other indictment alleged theft of two head of cattle Oct. 2 from W. L. Andrus.

Later Bollinger was an assistant during the administration of Moore Lynn as State Auditor and is now chief clerk of the Game, Fish and Oyster Commission.

McDonald, who has already moved to Austin, will take the oath of office Dec. 16, has indicated he will retain one third of the present staff of over 30.

The commissioner-elect has also announced that on Jan. 1 he will appoint Carl White of Fort Arthur, publisher of a labor journal, as director of the Lower Colorado River Authority. The term of Will Collins of Llano, newspaper publisher there, is expiring.

On Dec. 16, McDonald will receive bids on the award of mineral leases on several thousand acres of submerged land in Corpus Christi and Galveston bays.

Bollinger will succeed Major John W. Hawkins, McDonald's unsuccessful opponent.
