## Arrests Held for Romney Man Who Saw Assassination of Abraham Lincoln

CISCO, May 18.—John Freeman, 31, one of the remaining few who saw the assassination of Abraham Lincoln, died suddenly while sitting in a chair at his home early Saturday morning. Mr. Freeman, who had lived at the same place for 37 years, was a long time resident of Eastland county, coming to Texas from Washington shortly after the Civil War. He made his home with three daughters.

Funeral services were held at the Romney Methodist church Sunday morning, May 19, at 10 o'clock. Rev. T. J. Sparkman, pastor of the East Cisco Baptist church, officiating. Interment was in the Romney cemetery, beside the body of Mrs. Freeman, who died 34 years ago.

Mr. Freeman served in the Union army and later was an actor. At the time of the assassination of Lincoln on April 14, 1865, he was an actor, playing parts, and also a butcher and employe of a painting shop. He was sitting in the second gallery in Ford's Theater and heard what took place in the president's box. Like the rest of the audience he thought at first it was a part of the play.

He recently told of seeing John Wilkes Booth jump from the box of the stage, breaking his leg, and running out a stage door. He credited any story to the effect that Booth escaped.

Mr. Freeman knew the father of the actor-assassin, Junius Brutus Booth, whom he once described as "hard to get along with," however, he never had any trouble with him.

Another character famous in story and legend whom Mr. Freeman knew was Billy the Kid, notorious bandit and killer, with whom he worked on a railroad in New Mexico. He once described an outlaw as a quiet mannered man.

Mr. Freeman, who was born in Baltimore county, Md., Dec. 9, 1844, was married to Miss Retta Coy on August 8, 1886. Of their nine children five survive. They are Mrs. W. E. Lasater of this, Texas; Mrs. J. M. Jones Winchester, Tenn., and D. F. Ireland, J. F. Ireland and C. H. Ireland, all of Romney.

## SENTENCES OF TWO SUSPENDED BY PATTERSON

Pleas of guilty were entered Monday in 88th district court by Bert Gilbert, charged with theft of one oil field belt, and Boyd Stewart, charged with destroying property by cutting a fence Feb. 10 this year.

Verdicts of guilty were returned by juries in both cases. On recommendation of the juries, Judge B. W. Patterson suspended a two-year sentence against Gilbert and a five-year sentence against Stewart.

A. C. Peck was foreman of the Stewart jury composed of A. H. Powell, Alex Brewer, B. B. Poe, Sr., Lee M. White, G. H. Wilkins, F. P. Medford, C. A. Walker, H. A. Perry, Dick Weekes, R. L. Perkins, R. D. Pierce.

L. Y. Morris was foreman of the other jury. Other members were J. H. Weaver, Carl Alford, J. M. Wilcox, R. B. Brawley, C. J. Williams, Jim Ewing, Mark Pelfrey, B. F. Wilcox, Dan Atwood, Joe Laurent, F. E. Watson.

## FAVORABLE SIGNS ARE SEEN IN WASHINGTON FOR ACTION ON LEON RIVER FLOOD PLAN

Indications are favorable for inclusion of the Leon River Flood Control District project in the approved list of the National Rivers and Harbors Congress at Washington, it was learned Wednesday in a telegram from Washington.

J. Frank Sparks of Eastland, general chairman of the board for the project, conferred Tuesday with Congressman Thomas L. Blanton. It was believed Senators Morris Sheppard and Tom Connally will aid in the efforts, as well as Congressman Blanton, who telegraphed the favorable indication.

One factor held favorable was the timeliness of the visit of Sparks as projects of this nature are being considered by national officials.

The Leon River District was created last year by the legislature. The district is composed of Eastland and Callahan counties.

A preliminary survey of the project was recently completed with a portion of the \$1,000 appropriation voted by the legislature in creating the district.

Officials credited the district's formation to efforts of Senator W. B. Collie and Representatives Cecil Lotief and George Davison.

Plans call for the erection of a dam near Mangum in Eastland county for the conservation of water and irrigation of land in the two counties which compose the district.

Engineers have stated the proposed dam site is a "natural."

**Bonds Posted On Federal Charges By Two of Nimrod**  
ABILENE, May 20.—Marion Bell and Paul Tomlin, of Nimrod, Eastland county, made bonds of \$500 each before United States Commissioner Ida M. James Tuesday, on a charge of possessing and concealing intoxicating liquor.

Deputy Marshal C. S. Brown brought the men to Abilene Monday, from Coleman, where they were taken into custody Friday by City Marshal H. T. O'Bar.

## Raymond Henry 301 Resettlement Clients of County To Spend \$134,733 for Farm Tools

He heard 88th district court assess him 50 years Saturday in the alleged ice pick slaying and skeleton hanging of H. L. McBee at Rising Star, May, 1933.

## Some Farmers Can Sign Soil Papers And Not Cut Crops

How some Eastland county farmers can qualify for a soil building program without changing their farming operations in the least was explained to the county agent by A. L. Smith of A. & M. College Monday.

"If a farmer has been planting as much as one-fifth of his cultivated land to conserving crops such as cow peas or soy beans he need not change his farming operations to receive a soil building payment," Smith stated. "He would only have to sign a work sheet before May 24 and plant his crops as before."

"To give a definite example, a farmer has a base on his farm of 20 acres cotton, 30 acres peanuts, 30 acres general feed crops, and 20 acres cow peas, making a total of 100 acres in cultivation. His plantings of peas, a soil conserving crop, have been one-fifth of the total acres in crops. If this man plants his crops exactly as he has been his custom, his payments will be \$1 per acre or \$20 if he signs a work sheet by 5 p. m., Saturday, May 23.

If this same man plants the 20 acres of peas, but reduces his cotton acreage 35 per cent, his peanut acreage 20 per cent, and his feed acreage 15 per cent, he will also be qualified for a soil conserving payment several times as large as the \$20 soil building payment."

County Agent Cook added to this statement by reminding Eastland county farmers of the following schedule, which is the last opportunity to sign a work sheet: Ranger, Monday, May 18. Cisco, Tuesday, May 19. Carbon, Wednesday, May 20. Gorman, Thursday, May 21. Rising Star, Friday, May 22. Eastland, Saturday, May 23.

**Drilling Papers Filed In Eastland**  
Applications to drill sent from Eastland headquarters oil and gas division railroad commission to Alstin last week follow: Brown-Hancock Oil Co. No. 1 J. W. Newton, William B. Travis survey, Brown county. Depth, 1,400 feet; 160-acre lease.

H. C. Gracey, No. 1 S. S. Suddarth, Section 17, B. B. & C. survey, Brown county. Depth, 425 feet; 82-acre lease.

Crabb and McNeil, No. 1 Mrs. J. W. Rankin, A. W. Sullivan survey, Comanche-Brown counties. Depth, 750 feet; 200-acre lease.

## HENRY HEARS SENTENCE FOR McBEE SLAYING

Raymond Henry, 25-year-old convicted slayer of H. L. McBee in the hanging skeleton slaying at Rising Star May, 1933, Saturday heard final sentence of 50 years—the maximum for murder with malice aforethought—pronounced against him by Judge B. W. Patterson of 88th District Court.

Earlier the court overruled a motion of the defense for a new trial.

Recently the trial of Mrs. Raymond Henry, 30, former wife of H. L. McBee, was continued by district court because of the expected absence of material witnesses.

The defense announced they would appeal. The court allowed 90 days to file statement of facts and bills of exception.

## S. C. Holloway Wins Judgment of Court

Judgment of \$1,121.26 for Sterling C. Holloway against V. R. Blake and J. O. Petty, jointly and severally, was rendered by 88th District Court Wednesday.

A vendor's lien upon a tract of land was foreclosed and the property ordered sold to satisfy or apply to the judgment.

## Pam Barton Wins Women's Golf Title

SOUTHPORT, England, May 21. Round-faced 19-year-old Pam Barton of London, finalist for the past two years, won the British women's golf title today when she defeated Bridgett Newell, young woman lawyer of England, 7-5, in the 36-hole finals.

## County Leads In Boy 4-H Clubbers

Eastland county has the largest number of 4-H club boys in 19 counties of District 7 of the Extension Service, Hugh F. Barnhart, assistant county agent, has been informed in a report from C. E. Bowles, district agent, of College Station.

The county has 11 boys' clubs with a membership of 258. Second in membership is Brown county with 169 members.

The last number of clubs is in Shackelford county with its two groups of 20 members.

There are 1,605 boy 4-H club members in this county, Bowles reported.

## Rising Star Man Held for Alleged Automobile Theft

County officers reported Tuesday Hulin Hill of Rising Star was held in connection with an alleged theft of an automobile from Miss Caroline Gray, Pioneer school teacher, at Rising Star Saturday.

## Garrett Motorcade To Sweetwater Is Planned for May 29

A committee from Sweetwater visited Eastland county Thursday to try to get Judge Clyde L. Garrett, candidate for congress from the 17th district, to open his campaign in Sweetwater on the night of Friday, May 29.

Plans call for an Eastland county motorcade to leave Ranger at noon Friday, to be joined at Eastland at 12:30 by an Eastland delegation and those from the southern part of the county, and at Cisco at 1 o'clock. A short program will be presented at each town along the way.

According to J. W. Cockrill, campaign manager for Judge Garrett, it is expected that from 400 to 500 cars will be secured for the motorcade, and at least two bands will be included in the delegation.

Stores of Eastland were closed part of Thursday afternoon in respect to the memory of the town's oldest citizen, Mrs. Susan Steele, 95, who died Wednesday.

Funeral services for Mrs. Steele were held from the First Methodist church in Eastland. The Rev. George W. Shearer, pastor of the Methodist church at Arlington and former pastor of the Eastland church, officiated. He was assisted by the Rev. E. R. Stanford, pastor of the Eastland First Methodist church.

## Insurance Award Okayed by Court

A settlement of \$750 by Hartford Accident & Indemnity Company to Ernest R. Brooks was approved Tuesday by Judge B. W. Patterson in 88th District Court.

The case was an appeal from a ruling of the industrial accident board of Texas. The insurance company had also sued Brooks by cross-action.

The court awarded \$250 of the settlement to Thomas L. Blanton of Albany, attorney for Brooks.

Brooks allegedly was injured Sept. 18, 1934, while in employ of the Lone Star Gas Company.

### Varying Figures Show Need for Job Survey

It is encouraging to hear that Commerce Secretary Daniel Roper plans an unemployment census.

This is long overdue. It is too much to expect that definite figures will be available before election. Probably neither party would relish this. But it is high time we found out just where we stand—not only how many are out of work, but what jobs have vanished and what new jobs are arising to replace them.

Throughout the gravest depression the country has ever seen, no one has ever known, within hundreds of thousands, how many persons were unemployed.

Most recent estimate by the American Federation of Labor was 12,184,000. The National Industrial Conference Board's estimates have been near that figure. But now comes the New York Sun and says that all this is ridiculous. It estimates the unemployed, in all industries, trades, transportation, and mining, at 3,085,000.

The Sun got its figures through information furnished by 3000 companies. If the present population of the country is about 128,000,000, then about 51,000,000 should be working today, and about 30,000,000 of these would be in the group surveyed.

The Sun found how many really were at work in that group, and figured out the rest in proportion.

The Sun's job is an interesting one, but all such methods are no more than shrewd and lucky approximations. They can be nothing else.

Modern life is complex. There are so many ways of getting a living that don't appear in figures on any recognized big industry.

A widow, left without resources, begins making candy and cake for sale. Is she unemployed? Yes, as far as any industrial tables can show. But she's getting along.

Two boys, just out of high school, develop an ingenious business of washing, clipping, and exercising neighbors' dogs. Are they unemployed? Certainly, as far as any industrial figures go. But they may be making a very fair independent living.

Such individual registration of every unemployed man or woman seeking work, with the qualifications of each, would give us a sounder basis for attacking the problem than we have now or ever have had.

### Sister of Ranger Woman Is Buried

Mrs. J. R. Wood of Ranger has returned to her home from Hillsboro, where she went to attend the funeral of her sister, Mrs. N. A. Winter, who died there Friday.

Funeral services were conducted Saturday, with burial in Peoria. Besides Mrs. Woods the deceased is survived by two other sisters, Mrs. A. E. Low, Hillsboro, and Mrs. J. B. Malot, Rawlings, Wyo., and one brother, Charles Carver of Hillsboro.

An eastern police force is being taught the value of courtesy. An appropriate adieu to the culprit, after the third degree, would be, "It was nice beating you."

### W. G. Pounds Has Entered Race for Co. Commission

W. G. Pounds, well known Ranger man, makes his formal announcement to the voters of commissioners' precinct No. 1 for the office of county commissioner. In making his announcement Pounds states that he expects to see every qualified voter in the precinct and that his platform is one of construction of better roads at less cost to the taxpayers.

Pounds is a native Texan, who was born and raised in Cleburne

in Johnson county. He came to Ranger in 1919 and lived on a farm four miles southwest of the city until 1926 when he moved into Ranger and was engaged in road building under V. V. Cooper, county commissioner for a number of years. For the past few years he has been engaged in work with the gas company here and also looked after records and bookkeeping for Tom Lauderdale of the Ranger gin.

Pounds says he will indulge in no mud slinging in the campaign. That this is his first time to ever ask the people for an office and believes that since he has had several years' experience in road building, with his technical knowledge of bookkeeping and keeping records that he is well qualified to

look after the office of commissioner of precinct No. 1. Pounds also stated that he wants to hold an office in violation of all Democratic rules and customs, that who are qualified and should be given a chance. Pounds state he would formal statement for the very near future.

## —for Digestion's sake—smoke Camels

Camel's Aid to Digestion...the Increase in Alkalinity...Confirmed by Science

Hurry, worry, and noise tend to slow down the flow of the digestive fluids. Scientists have found that smoking Camels encourages the normal flow of digestive fluids...alkaline digestive fluids...so necessary to the enjoyment of food and for good digestion. Smoke Camels...for their cheering "litt"...for digestion's sake.

Dining de Luxe at the Pierre in New York

What will you have? Perhaps Borsch Polonaise, Supreme of Halibut a la Russe, an ice with demi-tasse and—Camels. Camels are a part of the art of dining today. M. Bonaudi, banquet manager of the Pierre, says: "Camels are most popular here."

"MY MEALS wouldn't be complete without a Camel," says H. J. Herbert, busy store manager. "I haven't much time for eating or resting. I've found that Camels stimulate good digestion—help my food to settle right. Man, what a taste Camels have."

A. SPEAR, engineer of the C. & N.W. "400," says: "I light up a Camel after meals. It makes digestion easier."

AERIALIST Mlle. Vera Kimris says: "I welcome the way Camels help digestion and good feeling."

GEORGE REIS won the famous Gold Cup Trophy race three straight times! "I'm a steady smoker," he says, "take a Camel as often as I like. I eat heartily, smoke Camels, and enjoy good digestion."

### Houston's Defeat of Santa Anna to Be Celebrated Again Next August

Houston.—Gen. Sam Houston's defeat of Santa Anna, the "Napoleon of the West," an Jacinto 100 years ago to independence will be commemorated Aug. 9 in a sham battle by 2,500 soldiers and National Guardsmen.

The mock fight will be held on old battleground 12 miles east of Houston as part of the Centennial celebration.

Permission for the spectacle was granted by the war department request of officials of the Jacinto Centennial association.

Col. E. M. Everberg, commander of the 141st Infantry, 36th Division, will be in charge of the battle. The date coincides with the 100th anniversary of his death.

Colonel Everberg said a regiment of National Guard artillery several army units from Fort Houston and the motorized Coast Artillery anti-aircraft from Fort Crockett, will participate.

The soldiers will be encamped at Jacinto early in August and arrive by motor Aug. 8 for a parade in Houston before going to San Jacinto battleground.

Negotiations are under way to send several hundred National Guardsmen from Virginia, Gen. Houston's native state, and Tennessee, where he was born, to the battle.

Colonel Everberg said, "There may take part in the parade in Houston.

"In all, there will be some 2,500 soldiers in the sham battle. We will re-enact the 18-minute fight which resulted in the defeat of the Napoleon of the West, Santa Anna, freeing Texas. In this we will use only such weapons as the actual heroes of the day did.

"Then we will show what modern weapons would have done to change the history of the world. We will have hundreds of rounds of blank artillery ammunition fired; there will be airplanes overhead and an elaborate system of modern military communications, including radio and telegraph lines.

"We will have cavalry, just as Sam Houston had mounted men in his Texan army," he said, "but we will show how military science has equipped the modern mounted troops with powerful weapons. It is going to be a fine show—the biggest thing ever seen in this part of Texas."

Preliminary plans call for a memorial service at dawn for the heroes of the 141st Infantry during the 100 years of the organization's existence. The 141st Infantry dates back to the Alamo and the regimental coat-of-arms displays the words: "Remember the Alamo."

"The 141st has had many names in the past," Colonel Everberg said, "but we know its men first came from the old Washington

### An Importance Clue in a Mystery Romance

Franchot Tone, Loretta Young, Jessie Ralph in "The Unguarded Hour"

"It's nothing," says Franchot Tone when Loretta Young and Jessie Ralph see the injury to his hand, which becomes an important clue in the murder-mystery-romance, "The Unguarded Hour," coming to the Connellie Theatre today. The picture is based on the play by the same name by Ladislaus Fodor, English adaptation by Bernard Merivale.

### MARBLE PLAYING FOR KEEPS

After a year's absence from major battles, due to a physical collapse abroad in 1934, Alice Marble, left, has returned to the tennis wars. Recent winner of the Palm Springs, Calif., women's title, Miss Marble will captain the team for the east following the Southern California championship. Eleanor Tennant, her coach, is shown with the sun-kist star.

### Faster Trains For Canada Are Studied

VANCOUVER, B. C.—Climatic conditions and a sparse population are delaying development of Canadian railroads.

Addressing the Board of Trade here, W. A. Mather, general manager of western lines for the Canadian Pacific Railway, revealed that lighter and faster trains may be placed in operation on Canadian railroads this year, but warned that several problems must be overcome first.

Canadian roads, he said, are keeping in touch with modern trends in rail transport. But while the greatly publicized improvements in their own country, the Canadian roads, faced with climate and the sparse population, are forced to move cautiously.

In considering introduction of lightweight equipment, designed for higher speeds, Mather said Canadian railroad men are faced with the fact that winter conditions make imperative the adding of six tons of insulation and heating equipment to each car.

Mather scoffed at the common belief that steam locomotives have outlived their usefulness. It is possible, he said, to build, economically, steam engines capable of the speed now demanded by the public.

"Hundreds of a new rackets are being developed to swindle veterans of their bonus payments," Holding baby bonds for ransom would be something new.

Little Willie, scolded for the way he looked after playing in the streets, wants to live in Italy after learning that Il Duce had praised the Junior Blackshirts.

### Federal Savings and Loan Assn's. Pass 1100 Total

WASHINGTON.—A new total of 1,102 federal savings and loan associations was reported to the Federal Home Loan Bank board up to April 30. During April, 26 associations were added to the growing number of such institutions, which are privately owned and managed thrift and home-loan associations, operating under federal supervision. The resources of these associations now aggregate \$570,351,261.

The total includes 629 new associations, holding assets of \$91,660,794, which were organized by local citizens in the past 33 months, in districts throughout the country where local home-financing needs were not adequately served. The remaining 473 are old-established institutions of the savings, building and loan type, formerly state chartered, which voluntarily converted to federal charter, as permitted under the Home Owners' Loan Act of 1933. The latter group embraces some of the largest savings and loan organizations in the country, with total assets of close to \$480,000,000.

The associations approved for federal charter during April include 20 formerly state-chartered institutions with total resources of approximately \$20,000,000, and 6 newly organized associations.

Illustrating the growth in private share investment and lending activity of many of these new associations which started from scratch, eight of the new federally chartered associations report assets of more than \$1,000,000 each. In New York City and Miami, Fla., two of these institutions have passed the \$2,000,000 figure. A federal association in Chicago, chartered in 1933, now reports assets of nearly \$2,000,000. New federal savings and loan associations of

more than \$1,000,000 in resources are located in Los Angeles, Cleveland, New York City, Omaha and Hollywood, Calif.

Investors in all federal associations are protected by insurance of their accounts up to \$5,000 each through the federal savings and Loan Insurance corporation. This protection of individual savings is also available to state-chartered institutions of the thrift and home-financing class which choose to apply for insurance and are approved by the corporation. To date, 207 such associations throughout the country, with resources aggregating \$323,000,000, have become insured.

An April 30 report also showed that federal savings and loan associations are leading in the number of institutions requesting and receiving federal investment in their shares, for the purpose of increasing the volume of credit available locally for loans for the construction, purchase and refinancing of homes from a fund of \$300,000,000 authorized by Congress in 1935. However, other eligible institutions are increasing their applications for such investment, indicating a larger demand for home loans in their areas.

### Fiddle Band's Father 122 Years Old, Will Pay a Visit to Texas

WICHITA FALLS.—Marion West, 122, who does a neat buck-and-wing and directs his own nine-piece fiddle band, is coming to Texas this summer to see the other one of his "boys."

Marion West, Jr., 84-year-old laborer in Burk Burnett, is the "boy" who left home. The other nine are in Father West's string band and will travel with him this summer. All live in and near Norfolk, Va.

The elder West uses neither spectacles nor a cane and is an expert rifle shot. He carries a "minnie" ball in his leg today, suffered while he was a Confederate soldier. His 18 children all are still alive. West's family includes two sets of triplets and three sets of twins.

The "younger" West, Marion, Jr., still does a full day's work. He suffered no lasting effects from a leg broken in an auto accident when he was 78.

TORONTO, Ont.—Toronto's chorus girls don't think much of English people. Returning from a two-month engagement in a London night club, five young Toronto dancing girls reported that English girls have "large feet" and wear clothes like "furry socks."

Politics Found to Be Barber Shop's Favorite Subject

CHICAGO.—The nation's barber-chair sitters are talking politics nowadays more than they have been in 40 years, says Joseph Seiberger, operator of the huge Merchandise Mart shop here.

These three subjects, he said, have pretty well monopolized barber shop conversation in more or less equal division since time immemorial, but the world's sweeping economic and political changes have changed this picture, too—and it takes a world series, a heavyweight championship fight, or a record-breaking blizzard to divert patrons from their daily discussions of budget-balancing and dictatorships nowadays.

Electric Sign to Welcome Roosevelt To the Centennial

DALLAS.—A two-ton electric sign will welcome President Franklin D. Roosevelt June 6 when he comes to visit the Texas Centennial.

The "motorgraph" will be used throughout the exposition. It is the largest traveling electric sign in the nation. It cost \$22,000 to build, and is 75 by 10 feet in dimension. Letters used on its surface are six feet high.

Other distinguished visitors to Texas' 100th birthday party will include Gov. Herbert H. Lehman of New York; Mayor Fiorella H. LaGuardia of New York city; and the two United States senators from New York, Dr. Royal S. Copeland and Robert F. Wagner.

THIEF DEFIES 440 VOLTS

MONTEREY, Calif.—The police are looking for a man who cut away and stole 300 feet of six-strand copper wire. They are not so much interested in the stolen wire as in the physical qualities of a man who could handle a live wire carrying 440 volts of electricity without apparently getting hurt.

"OUT OUR WAY" - - - - - By Williams

Man's Will Left All Property to His Wife 'If She Stays Single'

EL PASO, Texas.—George W. Newell, El Paso, was determined that his life's earnings would be spent by his own family. His will filed in probate court here stipulated that all belongings would be left to his widow "so long as she remains single."

Newell died March 19, leaving an estate valued at more than \$1,000. His will provided that, if Mrs. Newell weds again, the remainder of his estate would be divided equally among their three children. In that event, the wife will become executrix of the estate.

New York epicurean group maintains that "one cannot appreciate good food in the midst of uproarious noise." A remedy might be ear-plugs during the soup course.

The arguments aren't as violent, Seiberger says, as in the old days, "because men generally are a lot better informed on the economics involved," but there are a lot more of them!

ARMED MIGHT IS CENTER OF MUCH INTEREST

The center of international interest today shifted to a worldwide display of armed might with these outstanding developments: London—Great Britain, faced with increasing German sea power, Italy's annexation of Ethiopia and Japan's sword rattling in North China, notified the United States and Japan that she must increase her destroyer strength to combat accelerated submarine building by other powers.

Shanghai—The most powerful military machine Japan ever has assembled for North China service, concentrated at the great wall passes and landed some transports while Chinese feared a campaign to annex all of North China from the Yellow River to Manchukuo.

Vienna—Fearing civil war as the result of Heimwehr opposition

to the ousting of Prince Von Starhemberg, Chancellor Kurt Schuschnigg rallied monarchist support to his new dictatorial regime.

Berlin—Chancellor Adolf Hitler, sparring with Britain on the question of European security indicated consideration of disarmament plans at this time would be hopeless in view of the world race for more armaments.

SEVEN KILLED IN ACCIDENTS IN THE STATE

Accidents caused the deaths of seven Texans during the week-end. Five were killed in automobile accidents, one by an explosion and another drowned.

William Gill, engine watchman for the Panhandle and Santa Fe, was injured fatally when a switch engine exploded in the yards at Pampa.

Nine year old John O'Keefe was drowned in a shallow pool near Hutchins, Dallas county, where he and a companion had gone wading to cool off after playing baseball. The boy could not swim.

A freight train struck two men in the yards of the I&GN near Jacksonville, killing Charlie Thorn, 45, of Jacksonville, and seriously injuring Jim Smith, 24, railroad section hand.

The dangerous stretch of Highway 80 between Dallas and the East Texas oil field, claimed its fifth fatality in a week when W. D. Sparks, 42, farmer, was killed Sunday in a collision near Mineola. An oil truck struck his car.

One person was killed and 10 others injured in week-end accidents in the Dallas area.

J. D. Lipscomb, 56, of Grapevine, died in a Dallas hospital of injuries suffered when his car plunged into a roadside ditch.

Palma Floyd, 22, died in a Fort Worth hospital today from injuries received Sunday when he was knocked down by an automobile.

Mock Air Raid to Be a Centennial Feature at Dallas

DALLAS.—Spectators at the opening of Dallas' Centennial exposition June 6 will see a mock air raid more lavish than any previously given in the state.

Forty United States army war planes and 250 men from Uncle Sam's artillery will take part. Equipment will include \$10,000 worth of fireworks, two three-inch anti-aircraft guns, four .50 caliber machine guns, four searchlights and sound locators.

Maj. W. W. Carr, commander of the army post at the exposition, this week completed arrangements in Galveston. Present at that meeting were Lieut. Col. Richard Donovan, commander of the 69th Coast Artillery, Fort Crockett, Galveston; Maj. R. W. Douglas Jr. and Maj. O. P. Gothlin, representing the 20th Pursuit Group, Barksdale Field, Louisiana.

The fighting planes will include two squadrons—one of pursuit ships and the other of observation planes. The Fort Crockett unit will include the regimental band.

The mock battle will be presented the night of June 6, as part of the opening ceremonies. The planes will start from a height of 8,000 yards and drop flares instead of bombs during the raid.

Several of the bombs will be designed to spread into the designs of the six flags under which Texans have served.

Tesco, Hiway Hold Opponents to 6 Points in Wednesday Soft Ball Wins

Victors in Wednesday night soft ball games at the Fire Department field—Tesco and Hiway—held opponents to six runs while they were tripled.

Tesco amassed 20 points to defeat Lone Star and while Hiway steam-rolled the Fire Department by hanging up 18 points.

Officials announced Thursday that Piggly Wiggly will meet States Oil in one of the games Friday night. Hiway was originally scheduled to meet States Oil.

Tuesday night Burns girls' team will play the Merchants team. Each member of the latter group will represent an Eastland merchant. The same night Breckenridge all-stars will meet a crack Eastland aggregation.

### Irene Galloway Statement County Voters

OW F. (Rip) Galloway of Ranger, Eastland county, has made the following statement to the voters, urging support of his candidacy in the primary:

I am asking that you elect me to the office of county clerk of Eastland county. In point of experience and business experience, I feel that I am well qualified for the place. I believe that I am particularly well qualified because of three years that I spent in the oil business, handling leases and royalties. A knowledge of the oil business being essential to a county clerk in this section.

publishing business. For several years, until I sold it in 1935, I was publisher of a weekly newspaper, The Eastland County News. This business and special experience, and the fact that I have become familiar with public work in many movements for the betterment of my county and community, have given me, I am confident, the special knowledge and ability to discharge the duties of the public office I am seeking. This is my first time to ask for public office.

### IS CANDIDATE

R. V. (Rip) Galloway, of Ranger, who is actively campaigning for the office of county clerk of Eastland county. He is seeking his first political office.

year from the time I was eight years of age until I was 25, I have a high school and university education, a large part of which I paid for myself with money earned by farming the soil of Eastland county. I have had 20 years experience in the practice of law.

I am making this race upon my qualifications and merits and soliciting the support of the voters of Eastland county upon that basis alone. I am a life-long Democrat and shall abide the decision of the people at the Democratic primary on July 25, 1936, and, whatever the decision of the majority may be, I shall accept the same with friendship and appreciation in my heart toward all.

It is my desire and expectation to see all the voters of Eastland county between now and the time of the primary and I shall be working diligently toward that and all the time. However, if I should fail to see any of you, please accept this as my personal request for your vote and influence.

Respectfully yours,  
W. D. R. OWEN.

### W.D.R.Owen's Bid For County Judge Job Is Submitted

To The Citizens of Eastland County:

In making my announcement as a candidate for the office of county judge of Eastland county, I realize that the position is one of great importance and the man who is entrusted with the same has great responsibilities resting upon his shoulders. Knowing such to be true, before offering myself as a candidate, I have sought diligently to qualify myself thoroughly to discharge all the duties of such office.

In this, my formal announcement, I earnestly solicit your investigation and consideration of my reputation for honesty and far dealing, for diligence and energy, and for education and experience.

Though my life has been spent in private pursuits, and though I have never held a public office in my life, I feel that I have become well enough known in Eastland county, during the 42 years since my father brought me here, to enable the people to find out about me in every way. If my fellow citizens will investigate me from the standpoint of qualifications for the office and will give me their earnest consideration as their prospective county judge, and if they find me worthy, will give me their vote and influence, it will be greatly appreciated. If I am elected as your county judge, I pledge my diligent efforts to show my appreciation by the manner in which I discharge the duties of the office.

I was reared on the farm, and assisted in cultivating a crop every

### Ed T. Cox in Race For Representative

Ed T. Cox of Eastland has authorized this paper to announce his candidacy for representative from the 106th district, which includes all of Eastland county.

The candidate has been a resident of the county for 50 years, was county clerk for four years, from 1900 to 1904, and was for six years chairman of the county executive committee. He was also a teacher in schools of the county for a number of years.

In making his announcement he stated that he would have a statement to make concerning his candidacy at a later date.

### Eastland Displays Soft Ball Interest

The newly erected softball park on North Seaman street seems to be getting more than its share of attendance. At all games played, the interest shown by the citizens of Eastland toward their local ball clubs cannot be surpassed in any city in the district. On Tuesday night, the Eastland girls team, sponsored by Burrs department store, played the Breckenridge girls a fast game, it was followed by the Eastland All-Stars vs. the Brownwood All-Stars, this was also a very fast game. There was a large attendance which promises to grow at each game. The following schedule of games will be played next week:

Friday, May 22, Hi-Y vs. States Oil; Baptist vs. Magnolia.  
Monday, May 25, Piggy Wiggy vs. Pleasant Grove; Carl Johnson vs. T. E. S.  
Tuesday, May 26, Burrs Girls vs. A Surprise; Eastland All-Stars vs. Abilene All-Stars.  
Wednesday, May 27, Lone Star vs. Hiway; Firemen vs. Baptist.

The charge of admission has been slightly changed within the past week; for all cars entering the ground there will be a charge of 10 cents and an additional charge of 5 cents for each person in the car. For people walking in,

there will be a charge of 5 cents and an additional charge for a seat in the grandstand. This will enable anyone desiring to see these games to have an excellent seat in the very comfortable grandstand for a total charge of only 10 cents. It can already be seen that the ball park will stimulate interest in business for the city of Eastland as it is bringing in our friends from the rural communities, and the outlying cities such as Cisco, Gorman, Carbon, Desdemona, Ranger, Breckenridge, etc., and the request for games from out-of-town teams are too numerous to mention at this time.

If you have not been attending these night ball games, don't fail to attend the next night they are playing, and you will go away feeling that you have spent a very pleasant evening on the small sum of 10 cents; not forgetting the very pleasant and good looking ladies of the fire department auxiliary, who are most willing to sell you drinks, peanuts, and popcorn.—Reporter.

### Resting Place For Bones 40,000 Year Old Are Sought

By United Press  
DETROIT.—J. Lee Barrett, the head of the Detroit Convention and Tourist Bureau, is looking for a quiet place to rest some weary 40,000-year-old bones. The bones once were a part of Michigan's oldest resident, Midge, and their 10 tons of weight used to support her as she roamed the northern part of the state with her brother and sister mastodons. A farmer dug up Midge's bones some months back and persuaded Barrett that they were just the thing for a convention man to have around his office. Several moving vans brought Midge's piece-meal to Detroit. Barrett's first problem was to find a resting-place for Midge.

The recent Michigan Exposition solved the problem temporarily. As the star of the show, she enjoyed the favorite spot among the displays. Over her hastily gathered together bones Barrett placed a coat of red hair, assuring customers that it resembled her natural covering of pre-historic days.

Barrett thought of all the people who might like to have a mastodon skeleton in their home. He approached Mayor Frank Couzens with the suggestion that Midge would add a bit of charm to the city hall grounds. But the mayor vetoed the proposal. Subsequent visits brought Barrett to the office of John Millen, director of the internationally famous Detroit Zoo. Millen was sorry, but the zoo already was crowded with living specimens. Officials of two universities in the Detroit area were decidedly impressed with Midge's importance in the historical scheme of Michigan. But they, too, were sorry. Budget trouble.

With a newly-invented carburetor, an auto can do 2000 miles to the gallon. A motorist now will have to have his tank filled only once to find a place to park.

## JUNE 2 FIXED AS DEADLINE FOR PAYMENT OF CITY TAXES

By MAYOR C. W. HOFFMANN

At the meeting of the city commission last Monday night, May 18, considerable business of importance was transacted, including a long and very definite discussion of the tax problem. It was decided that Tuesday, June 2, would be the deadline for paying city taxes, and that delinquent tax accounts would be turned over to Sparks & Sayles with instructions to file suit as quickly as possible, also that penalty and interest would be imposed when turned over to the attorneys for collection. This, of course, means quite an item in addition to the delinquent taxes due, and it is certainly to the advantage of all delinquent tax payers to pay their taxes by Tuesday, June 2.

In the course of the meeting, contracts with the attorneys, Sparks & Sayles, was thoroughly discussed, agreed, and signed, getting everything in proper shape to start filing suit Wednesday, June 3.

Since the recent tax collection campaign has started, it is evident that the present city commission means business, and large numbers of delinquent taxpayers are taking it seriously and paying their taxes daily.

As this is a necessary but unpleasant task, which the city commission must perform, they urge all taxpayers to make every effort possible to pay their taxes within the above stated time, thereby, lightening the burden upon themselves and lessening the unpleasantness which follows in filing suit.

The city commission will meet again next Monday night May 25 at 8 o'clock, and at that time final preparations will be made as to the manner in which taxes will be collected, and suit filed.

The collection of taxes is considered by the city commission, to be the most important matter before them at this time, as it is very necessary to collect all delinquent taxes at once, in order to properly maintain and manage the city, and not place the burden of financing the city upon the ones who have, and do pay their city taxes to the benefit of the city as

a whole, including the delinquent taxpayer, as everyone knows the delinquent taxpayer has the same protection of the police department, the sanitary department, street department, fire department, etc., as the citizens who pay their taxes when due; therefore, everyone owing the city taxes should make every effort to have same paid by June 2, and avoid this additional cost.

**Rainbow Puzzles Winter Garden Area**  
 By United Press  
 McALLEN.—A noonday sun surrounded by a rainbow puzzled residents of Texas' "Winter Garden" area for two hours May 12 until they discovered it was a "Solar Halo."  
 About 12:30 p. m., persons out-  
 doors noticed that a varicolored ring was forming about the bright sun. The portion of sky seen be-  
 tween the "halo" and the sun was brighter blue than the sky outside.  
 The Brownsville weather bureau was asked to explain the phenom-  
 enon. The meteorologist did: it was a "solar halo," caused by the reflection of the sun's rays through a high layer of icy cirro-  
 stratus clouds. He said such oc-  
 currences were fairly common in the area, despite the fact that old-  
 timers vowed they'd never seen one before.

Richard Dix's dashing first encounter with Leila Hyams as the driver of a stage coach he saved from road agents develops into a hectic romance in "Yellow Dust," RKO Radio Picture with Moroni Olsen and Andy Clyde.

**"THESE THREE" HAS THREE GREAT STARS**  
 "These Three," Samuel Goldwyn's powerful new screen drama, brings Miriam Hopkins, Merle Oberon and Joel McCrea to the Connellee Theatre for two days beginning Sunday.  
 The most talked-about story of the year, this Lillian Hellman screen play depicts how a whispering campaign growing out of a child's malicious lie nearly wrecked the lives of three innocent peo-  
 ple.  
 The drama is laid in a small girls' school run by two young college women, Martha Dobie (Miriam Hopkins) and Karen Wright (Merle Oberon). Both fall in love with Joseph Cardin, a young local doctor (Joel McCrea), but Martha, seeing that he loves Karen, con-  
 ceals her affection.  
 Mary Tilford, the school's prob-  
 lem child, resenting punishment for wrongdoing, runs away from school, concocting a vicious lie in-  
 volving the three adults as her reason. As a result Martha, Karen and Joe become the center of an

ugly scandal. The school is lost and the romance is broken.  
 The situation seems desperate until an unexpected turn of events brings the truth to light and the story ends happily.  
 Twelve-year-old Bonita Granville is cast as the trouble-making child, and others prominent in the cast are Catherine Doucet, Alma Kruger, Marcia Mae Jones, Carmenita Johnson and Walter Brennan. William Wyler directed "These Three." The photography is by Gregg Toland. The costumes were designed by Omar Kiam and the sets by Richard Day. The picture is released through United Artists.  
**DELIGHTFUL NEW TEAM SCORES IN POWERFUL DRAMA**  
 Loretta Young and Franchot Tone form a delightful new ro-  
 mantic screen team in Metro-Goldwyn-Mayer's "The Unguarded Hour," now showing at the Con-  
 nellee Theatre.  
 The new picture, filled with ro-  
 mance, drama and mystery, gives both players an excellent oppor-  
 tunity for their talents.

Moving with lightning speed, the Lawrence Feingarten production concerns a prosecuting attorney who sends men to their doom by his brilliant use of circumstantial evidence. When he is caught by circumstances for a crime he has not committed his wife comes to his aid to save his life.  
 Both Tone and Miss Young are outstanding in their respective roles as the attorney and the wife. Roland Young, as the friend of the family, is exceedingly funny while Lewis Stone is sterling as the head of Scotland Yard.  
 Others who score in the mystery thriller, directed by Sam Wood, are Robert Greig, Dudley Digges, Jessie Ralph, Aileen Pringle and Henry Daniell.  
**THE FIRST PRESBYTERIAN CHURCH**  
 Charles W. Estes, Pastor  
 Sunday School meets at 9:45 a. m. The contest is now on—in-

 There will be no preaching serv-

ices this Sunday, as the pastor will be in Munday, Texas, to deliver the baccalaureate sermon for the high school there, returning home for the local school program in the evening.

 By United Press  
 DALLAS.—Texans should learn how to display the American flag during their Centennial year, in the opinion of Capt. C. P. Kerr of the 144th Infantry here.  
 "The flag should not fly after nightfall," said Kerr. "The other night in Dallas I counted 42 displayed on one street alone. Con-  
 tinuance of this practice will give us a terrific black eye in the opinion of visitors from other parts of the nation. They know it should not be done."  
 Kerr said information on proper use of the flag could be gotten from the war department or any military officials.

 TO SELECT "MISS EASTLAND" FOR FORT WORTH CENTENNIAL-TEXAS SWEETHEART CONTEST

**Beauty Pageant Set for Saturday**  
 Under the sponsorship of the Chamber of Commerce, the Frontier Centennial beauty pageant will be staged at the Connellee Theatre Saturday night to select a young lady to represent this city in Fort Worth at the Texas sweetheart contest and also to try out for a place in the Frontier Centennial Follies that will be staged in Fort Worth under the direction of Billy Rose. He is to be assisted by John Murray Anderson, well-known stage producer of Broadway and London.  
 The Eastland representative selected by a group of out-of-town judges will be sent to Fort Worth June 30 to be presented in the Texas sweetheart contest on that date. The winner of this contest will be given a six months film contract with the Metro-Goldwyn-Mayer Studios in Hollywood. Others in the contest will be offered contracts to appear in the Fron-  
 tier Follies in Fort Worth during its engagement in Fort Worth.  
 Clark Gable heads the list of notables who will act as judges for this contest.  
 The list of local entrants are as follows: Adrian Flurry, Ruth Harris, Ellen Pearson, Betty Perkins, Ella Mae Taylor, Myrl Self, Ila Mae Coleman, Ima Ruth Hale, Eleanor Harper, Carolyn Doss, Olivia White, Norma Vickers, Margaret Fry, Frances Lane, Helen Rosenquest, Doris Lawrence, Clara June Kimble, Edith Meek, Maxine Coleman, Ruth Hart, Lucille Brogdon, Mattie Brashears, Fay Warren, Katrina Lovelace, Marjorie Spencer, Lorene Chambers, Monty Stansell, Anna Bell Lobaugh, Winnona Myrick, Lucy Myrick, Mary Jane Copeland, Wayne Sheppard, Eileen May, Eloise Ligon.  
 All entrants are requested to be at the Connellee Theatre Saturday morning at 10 o'clock.  
 Two films, appearing simultane-  
 ously, are "Life Is Like That" and "Brides-Are Like That." Little originality, but then Hollywood executives are like that.

Eastland's Part At Convention Mapped by Lions

Plans of the entertainment committee for Eastland at the district 2-E convention at Cisco June 16 and 17 were reported Tuesday by committee members at the weekly luncheon on Connelley hotel roof.

It was decided that a committee will select a girl from the beauty pageant entries to be seen Saturday at a local theatre and that she be the club's representative in a similar review at Lake Cisco during the convention.
