(Established November, 1887)

EASTLAND, TEXAS, FRIDAY, OCTOBER 16, 1936

NO. 50

COMMUNISM CHARGE HALTS PASTOR'S TALK

HOUSTON, Oct. 15.—Dr. James Workman of Fayetteville, Ark., a church official and one of two emergency campaign speakers barred from engagements at five Houston high schools, today denied any "communist leanings."

Dr. Workman, district superintendent of the Methodist church, and Dr. Robert Lovett, faculty member at the University of Chicago, were denied speaking engagements at Houston high schools.

Webb said that protests against the speakers that they had communist beliefs had been filed with his office.

"We are fighting communism," Dr. Workman replied. "The movement for peace and the communist movement are opposite."

Tarleton Dean To Make Lecture Tour

STEPHENVILLE.—J. Thomas Davis, dean of John Tarleton Agricultural College and president of the Southern Association of Colleges and Secondary Schools, will leave next week for a lecture tour of southern colleges which will end when he speaks Friday, October 23, at the Wesleyan College centennial celebration at Macon, Georgia.

Dean Davis will represent the Southern Association and will carry greetings to the Georgia school on its one hundredth anniversary.

He has accepted invitations to speak at five other colleges and universities while he is gone. J. W. Hines, president of Loyola University, New Orleans, has asked that he address the Loyola student body and faculty next Tuesday, October 20. He will also speak at Whitworth College, Brookhaven, Miss.; South Georgia Teachers College, Collegeboro, Ga.; Georgia State College, Milledgeville, Ga.; and Polytechnic Institute at Auburn, Alabama.

Allred Speaking to Be After Session

AUSTIN—Governor James V. Allred will postpone any national campaign trips until the end of the present special session of the Texas Legislature. That will deprive Sen. Roy Sanderford of Belton, of an opportunity to serve as Governor. If the Governor were absent from the state, Lieut. Gov. Walter Woodul, Houston, could make Sanderford Governor by crossing the state line, also.

Sanderford's accession would be because he is president pro-tem of the Texas Senate. His term would expire at the end of the special session, unless he should be re-elected for president pro-tem ad interim. Senators Ken Regan, Peecos; John Redditt, Lufkin, and Wilbourne Collier, Eastland, each became Governor-for-a-day, while serving in the office of president pro-tem.

Daylight Robbery Attempt Is Foiled

R. L. Gray, who gave an Oklahoma address to police, was held by county officers after what they charged was a daylight attempt to rob Kimbrell Hardware Store at Eastland Thursday morning.

Curtis Kimbrell, proprietor of the store, said he notices someone crawling from the rear of his building while he was in the front. While questioning Gray, Kimbrell found checks and papers stolen from his safe. The checks and papers were found concealed in a bin and officers were called. Deputy Sheriff D. J. Jobe filed the robbery complaint in Milford Newman's justice of the peace court.

Three Get Divorces In 91st Tribunal

Three divorces were granted Tuesday and Wednesday by 91st district court.

Business Census Reveals An Upturn In Texas Stores

Retail sales in Texas in 1935 totaled more than \$1,288,000,000, an increase of 33 per cent over the sales of 1933, it was announced today by William L. Austin, Director, Bureau of the Census, in another state summary release of the Retail Census, a part of the current Census of Business.

Sales in 1933 totaled \$965,561,000 in 67,914 stores. The 1935 total is \$1,288,086,000 in 71,234 stores. The 33 per cent sales increase over 1933 is in contrast to a sharp decrease between 1929 and 1933, which in Texas amounted to 53 per cent of the 1929 volume.

The average number of employees increased from 138,357 in 1933 to 159,253 in 1935, or 15 per cent. At the same time, total pay roll increased 25 per cent from an aggregate of \$101,720,000 in 1933 to \$126,817,000 in 1935. Full-time pay roll increased 27 per cent, partly offset by a 9 per cent increase in part-time pay roll. It is not possible to compute the average annual earnings of retail employees since no separate tabulation of full-time employees is yet available, but employment and pay roll data in considerable detail will be included in final state reports.

Active proprietors of unincorporated businesses are not included in the count of employees nor in pay roll. They totaled 68,397 in 1935, compared with 72,403 at the time of the previous census.

Scranton Forms Farm Association

At a meeting Monday night, October 12th at Scranton a community agricultural association was organized for the purposes of cooperating with the County Agricultural Assn. and sponsoring worthwhile projects of farm and home nature in the community.

The meeting was led by R. R. Bradshaw, local farmer and member of the County Farm Council. Speakers were W. B. Starr, local farmer and President of the County Agricultural Assn., Miss Ruth Ramey, County Home Demonstration Agent, Elmo Cook, County Agent, and Hugh Barnhart, Ass't County Agent. Importance of a definite organization in every farm community composed of all members of the family was emphasized in the talks.

Officers elected to pilot the Scranton Community Agricultural Assn. were B. T. Leveridge, Chairman, J. H. Shrader, Vice-Chairman, R. H. Jackson, Secretary-Treasurer, and W. I. Hughes, Parliamentarian. Regular meetings will be held each month on Monday night after each second Sunday. The Chairman will appoint program and membership committees.

It was unanimously voted to have officers of the association represent the Community Thursday afternoon, Oct. 15, when all community assns. in Eastland County will meet in Eastland to hear R. H. Bush, Extension Organization Specialist talk on agricultural organizations.

Barefield Thomas Is H-SU Freshman

ABILENE, Tex.—Barefield Thomas of Ranger is one of the many freshmen at Hardin-Simmons University who with transfers accounted for a 15 per cent increase in enrollment at the outset of the fall term, records in the registrar's office show.

Thomas is comfortably settled in a private home near the campus. Good wholesome family-style meals are served to several hundred who live on or near the campus. Living quarters near the beautiful campus are selected from the list of homes approved by the university deans.

Enrollment this year brings students together from nearly 200 Texas towns and eleven states. According to the academic calendar the Ranger student will have vacation periods from Nov. 26 to Nov. 30, from Dec. 19 to Jan. 1, and from March 26 to March 29.

Officials Called For U. S. Cases

Eastland county officials have been in Abilene this week as witnesses in federal court cases.

Those summoned this week include Steele Hill, former deputy sheriff; Claud Hammett, deputy sheriff; Ray Hardwick, deputy sheriff; Virge Foster, sheriff, and Grady Owen, criminal district attorney.

Final Rites Held For J. L. Fields

Last rites for J. L. Fields, 75, an Eastland resident for about 28 years, who died Saturday after an apoplectic stroke he suffered Monday, were held Sunday afternoon from the First Methodist church in Eastland with Rev. E. R. Stanford officiating. Burial followed in Eastland cemetery.

Mr and Mrs. Fields would have observed their thirty-seventh wedding anniversary Oct. 18.

For a short time during his county residence Fields operated a confectionery at Ranger. He was born May 18, 1861, in Georgia. He was a member of the Methodist church.

Active pall bearers at the services, conducted by Hamner Undertaking Company of Eastland, were Grady Pipkin, P. L. Crossley, Dr. R. C. Ferguson, Wayne Jones, George Brogdon and Milton Newman all of Eastland.

Survivors are the widow and nine children. The children are Mrs. W. T. Young, C. L. Fields, Mrs. Noble Harkrider, Edith Fields, Doris Fields, James Fields, all of Eastland; L. Mrs. L. V. Lipard of Odessa; Davis Fields of Cisco and George Fields of Monahan.

Descendants include 11 grandchildren and four great-grandchildren.

Season for Colds Presents Problem

AUSTIN—The common cold is an economic problem of considerable importance and more time is lost from work and school through colds and the illness to which they open the way than from any other single cause, according to observation of public health authorities.

"As a means of preventing colds, gripe, influenza, of whatever you choose to call the ailment that is usually present at this season, keep yourself as fit as possible," said Dr. John W. Brown, state health officer. "Get plenty of sleep. Don't overdo. Eat nourishing food at regular times, but do not overeat. Drink plenty of water and take some exercise out of doors every day."

"Colds are spread from person to person through the discharges from the nose and throat. Avoid droplet infection from the coughs and sneezes. The germs which cause you to catch cold may enter your nose and throat passages from the air when the infected person talks, coughs, or sneezes. You may also catch cold by using an unwashed glass, spoon or fork, which had been used by someone with a cold. The germs may be on your hands because you have touched something which has been handled by the person with a cold. Wash your hands frequently, especially before eating."

"Dress according to the weather. Have a coat ready for the cool days and don't feel that you are coddling yourself when you put it on. Sleep with your windows open but have sufficient blankets available to be comfortable. Do not allow the temperature of your home or working place to exceed 70 degrees."

"The quickest way to get rid of a cold is to go to bed and stay there—following your physician's advice at the beginning of the attack. For the public, the surest prevention is for everyone who has a cold to go to bed and stay there until it is cured, to receive no visitors and to avoid all crowds, in order that one may not be guilty of transmitting a possible deadly infection."

Husband Departs After Home Tiff; Is Away 29 Years

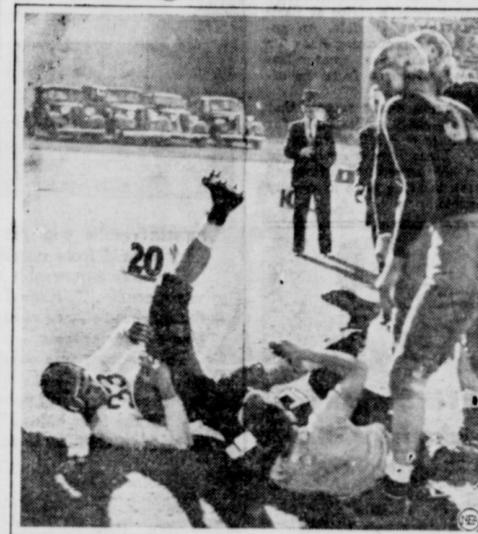

UNION CITY, Mich.—This community has a modern Enoch Arden who returned home after 29 years absence, during which time he was considered dead and officially buried.

Charles Sager, 61, said he left home due to domestic troubles.

"There was an influenza epidemic after I left Michigan and I thought it must have wiped out the family, because all my letters were returned," he explained. "I didn't know they thought I had been killed until I talked with a relative in Iowa last month, then I started back to find them."

Sager's reported death grew out of the discovery of a man's body along a railroad right-of-way, which was identified and buried as Sager.

Crashing Into the Picture

A newspaper photographer's life is filled with hazards, including such times as when he tosses the snooze of his apparatus into a football game. G. Fellows, shutter snapper on the ground at right, was thrown for a 10-foot loss and a wrecked camera when Hal Hinson, U. C. L. A. back, crashed into him upon being run out of bounds as Washington whipped the Bruins, 14-0, at the Los Angeles Coliseum.

T. K. Maynard, 85, Who Learned to Drive When 76, Retires From Eastland Mail Messenger Duties

Sixteen years of service as mail messenger at the Eastland postoffice will officially close Friday for T. K. Maynard, 85.

Forty-five days ago Maynard gave notice of his resignation. He has held the mail messenger contract by three successful five-year bids.

When Maynard first acquired the contract, providing for carrying the mail to the postoffice and depot, he used a team and hack. In 1925 Maynard gave up his horse transportation and learned to drive a Model T Ford truck. He was 76.

"I've carried the mail long enough," Maynard commented this week. His work required him to awake and carry the mail at 4 o'clock each morning. Until the last year Maynard was able to perform his work, and he retained the contract and employed others to discharge his duties.

A peaceful man, Maynard was relieved in 1924 when Government regulations allowed him to do his work without a "six-shooter" strapped on his hips. The Government required the carrying of guns for the protection of the mail.

"I've got my first doctor to call yet," Maynard will tell you if he's asked if he's ever been sick. He will explain, "I've called for other people, but never for myself."

Healthiness of the family is reflected in the fact that his mother lived to be 91 and his father to about 80.

Mrs. Maynard, the veteran mail messenger's wife, is 73. All of their children, seven, are living and in good health. Mr. and Mrs. Maynard's descendants include 26 grandchildren and six great-grandchildren.

Mr. and Mrs. Maynard, formerly of Eastland, Texas, are now in Eastland, Texas, where he has been for some time.

Mr. and Mrs. Maynard's children are: Charles Maynard, Gatesville, F. M. Maynard of Eastland, formerly of Brantley, Calif.; L. D. Maynard, Putnam; T. C. Maynard, Rotan; Claude Maynard, Eastland; Mrs. H. C. Craven, Eastland; Mrs. O. B. Moon, Glade-water.

BULLDOGS INVADE WELSH FIELD FRIDAY AT 3 P. M.

The Ranger Bulldogs invade Welsh Field Friday afternoon at 3 o'clock for the annual encounter with the Eastland Mavericks.

Rites Conducted For Mrs. McCarty

Services for Mrs. Milburn McCarty, 48, wife of the Eastland attorney who is president of the Chamber of Commerce, were held Monday morning at the family residence with Rev. Charles W. Estes, pastor of the First Presbyterian church, officiating. Interment was in the Eastland cemetery.

Mrs. McCarty died in Payne hospital at Eastland Saturday night, after a five-week illness.

Mrs. McCarty is survived by her husband, a son, Milburn McCarty, Jr., of New York City, and a daughter, Mrs. W. Dan Latimer, Jr., of Paris, Texas.

The family lived in San Angelo until 1922. Mr. and Mrs. McCarty were married in San Angelo in 1910.

Pall bearers at the services, arranged by Hamner Undertaking Company of Eastland, were Homer Brodyford, Oscar Wilson, K. B. Tanner, Earl Conner, Sr., Judge O. C. Funderburk, Judge George L. Davenport, Albert Taylor, all of Eastland, and Charles T. Paul of Dallas.

Cities Are Asking State Department For Traffic Plan

AUSTIN, Tex.—Cities and towns of Texas are turning more and more to the State Department of Public Safety for advice concerning their knotty traffic problems, records of that department reveal.

L. D. Phares, chief of the motor patrol, said that many Texas towns are "stumped" as to a way out in some of the traffic situations that arise. They contact the state department, and a man is sent to the scene of the trouble.

There is no effort to tell the town what they "must" do, Phares explained. Rather it is an effort to show them how other localities have handled similar situations, and leaving them free to make their own decisions.

Occasionally there is a problem which has never been presented before. If this is the case, the representative of the Safety Department must consider all factors, including safety and convenience to motorists, and submit his solution to the city.

Requests for aid usually come from some town whose problem is congestion of traffic on one of their principal streets. Perhaps there have been a great number of traffic fatalities, or minor accidents at an intersection. Regardless of the type of problem, the representative usually is able to make some valuable suggestions in its solving, Phares said.

Another service of the department has been the organization of school patrols among the school children of Texas. This work is done by a man who is experienced in such organization. The organization of such groups does much to eliminate traffic deaths among school children as they cross streets near the school buildings, Chief Phares believed.

Secretary Davis Of C. C. Resigns

The resignation of H. C. Davis, Eastland Chamber of Commerce secretary and manager, was accepted Thursday afternoon by the directors.

In a statement released Thursday night, Davis stated "that his own personal interest and welfare should come first and for that reason I placed my resignation."

The directors voted a month's salary and a \$100 bonus to Davis.

Gary Grice Dies At Gorman Clinic

Gary Grice, about 50, of Stephenville, formerly a Desdemona resident, died Thursday morning at the Gorman sanitarium.

Ex-Horse Trainer Rites Conducted At Eastland Home

Funeral services for Benjamin Reese Motley, 77, former horse trainer who died Tuesday afternoon at the home of a daughter, Mrs. F. F. Basham, were held Wednesday afternoon from Mrs. Basham's home. Interment was in the Eastland cemetery.

Rev. E. R. Stanford of the Methodist church officiated. Pallbearers were Charles Murphy, Milton Newman, Claude O'Neil, Jess Richardson, Ed Sparr and Curtis Williams.

He is survived by three children, Mrs. Basham of Eastland, Benjamin Motley of Washington, D. C., and Mrs. J. D. Curtis of Ranger; and one sister, Mrs. Ed Blackwell of Gorman.

Hammer Undertaking company of Eastland made arrangements.

Hosts Take Lead at Meeting With Lions of Ranger

Eastland Lions took the lead in the first meeting of a five-weeks' attendance contest when the Ranger Lions met with them at the Connelley hotel Tuesday.

Twenty three of Eastland's 29 members attended to give them a percentage of .79. Ranger's percentage of attendance was 74. Twenty of its club's 27 members attended.

The losing club in the contest will fetter the winners and their wives at a banquet.

J. J. Kelly, Ranger president, and Donald Kinnaird, Eastland president, presided. Dr. W. S. Poe of Eastland was program chairman, presenting Miss Roberta Kinnaird and Mrs. P. L. Crossley in two voice numbers. Mrs. Kinnaird was accompanist.

Al Larson of the Ranger club urged attendance of Lions at the Ranger-Eastland game at Eastland Friday afternoon at 3 o'clock. J. E. Meroney reported on a recent trip to the Dallas Centennial on Lion Club Day. He was accompanied on the trip by Kelly and Hall Walker.

The Eastland club voted on erection of Lion signs at highway entrances after a report from John A. Burke.

Secretary Meroney reported R. B. Jones and E. R. Maxwell as guests from Breckenridge. Eastland visitors were Emmes. Crossley and Kinnaird and Miss Kinnaird.

Mrs. Doyle's Mother Buried at Midland

Word received here Tuesday to the effect that Mr. J. C. Roberts of Midland, father of Mrs. Raymond Doyle, of Ranger, had died at Midland, was incorrect, as it was revealed today that it was Mrs. Roberts, mother of Mrs. Doyle, who had died.

Funeral services were conducted in Midland Tuesday morning. Mrs. Doyle had been in Midland for about three weeks prior to the death of her mother, and was joined there Sunday night by her husband, who left upon receipt of the message telling of the death.

Word was received in Ranger late Tuesday night that he was in a critical condition, and Judge and Mrs. L. H. Flewellen left that night to be at his bedside.

No details of the funeral arrangements had been received in Ranger Thursday, though it was stated that he would be buried in Belton, his home.

ROOSEVELT IS CAMPAIGNING IN MICHIGAN

GRAND RAPIDS, Mich., Oct. 15.—President Roosevelt, beginning a one-day tour of Michigan, today told thousands who jammed Grand Rapids streets, that \$500,000 in private capital has been put in construction work as a result of federal housing activities.

"Such a program of building new homes and remodeling old ones has meant business for your city," the president told his audience in this furniture capital.

He entered Michigan this morning, 25 minutes after Gov. Landon's special had departed.

At Chicago last night at least 200,000 tried to jam into the stadium where the president spoke. Inside the president blasted the republican leadership and claimed credit for "saving the system of private profit and free enterprise after it had been dragged to the brink of ruin by the same leaders who are now trying to scare you."

Texas Payrolls In September Were Slightly Higher

AUSTIN, Tex.—Employment and pay rolls in Texas during September made substantial gains over the like month last year and moderate gains over the preceding month, the University of Texas Bureau of Business Research has found.

Reports to the Bureau from more than 1,500 Texas establishments show a total of 79,773 employees, an increase of 7.5 per cent over September last year and 2.9 per cent over August. Average weekly pay rolls totaled \$1,788,723, an increase of 8.9 per cent over September a year ago and 2.9 per cent over August.

Cities showing gains above the State average, in both number of employees and in pay rolls over September last year, included Amarillo, Austin, Beaumont, Dallas, Denison, El Paso, Houston, Laredo, Sherman, Waco, and Wichita Falls.

Industry groups making better than average gains were building materials, clothing and textiles, cotton oil mills, wholesale and retail distribution, food products, furniture manufacturing, newspaper publishing, petroleum refining, steam railroad car shops.

Brother of Ranger Man Dies at Belton

Word was received in Ranger Thursday morning of the death, Wednesday night, of Wilbur Flewellen, older brother of L. H. Flewellen of Ranger. Death occurred in a Belton hospital, where he had been a patient with typhus fever.

Word was received in Ranger late Tuesday night that he was in a critical condition, and Judge and Mrs. L. H. Flewellen left that night to be at his bedside.

No details of the funeral arrangements had been received in Ranger Thursday, though it was stated that he would be buried in Belton, his home.

Theft Reported From Automobile Owned by Police

Police Chief W. J. Peters reported Thursday the theft of wheels and tires from two automobiles owned by Eastland residents.

Two tires and wheels were stolen from Policeman Elon Reeves and one tire and wheel from G. W. Collum. Both automobiles were in unlocked garages.

Colony Boys Win, Girls Team Loses

The Colony boys basketball team defeated Parks 19 to 18 in a game played last Friday, it was announced today. The Colony team played a bang-up defensive game throughout.

The same evening the Colony girls' team was defeated by the Parks girls.

THE WEEKLY CHRONICLE

Established Nov. 1, 1887

Entered as second-class matter at the postoffice at Eastland, Texas, under Act of March, 1879

Published Every Friday
Office of Publication: 106 East Plummer Street. Phone 601

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be gladly corrected upon being brought to the attention of the publisher.

Obituaries, cards of thanks, notices of lodge meetings, etc., are charged for at the regular advertising rates, which will be furnished upon application.

Politicians Are Taking Things Too Seriously

When the history of these times gets written, some cloistered scholar is going to have a terrible time figuring out why the politicians of this fair land got so much more frightened about the state of the nation than the plain people did.

We have heard enough calamity howling this summer to dress up the fall of Rome. A visitor from Mars, assuming that he was misguided enough to spend his time listening to the more frenzied campaign orators, would have supposed that Washington already lay in ruins, would have bones of Abraham Lincoln had been flung into the Sangamon river, and that the nationalization of women was going to be arranged just as soon as the registration cards could be made out.

Currently, for instance, we have Father Coughlin announcing solemnly that "1940 is the last general election we'll ever have unless the evils of modern capitalism are immediately eliminated."

Come, come now, father; isn't that taking in quite a lot of territory? The evils of capitalism are numerous and we've put up with them for quite a long time; must we really, to preserve our democracy, get rid of every last one of them in the next four years? Are things quite as bad as all that?

Suppose we don't get them all eliminated; what is going to happen to our general elections? How are we going to lose them? You must mean that someone is going to establish a dictatorship over us, don't you? Okay. Now listen, father:

This America for which you are so blithely predicting a dictatorship is a big country and it's awfully tough. There are a lot of rowdy people in it who don't like being pushed around. They're the people who shove autos through store windows at big conventions, and heave pop-bottles at umpires at ball games, and toss chairs into rings at wrestling matches, and step on the toes of traffic cops.

They're the people who turn trucks upside down during "farm holiday" demonstrations, and take ball bats and sawed-off billiard cues out to the picket lines in strikes.

They're the people who turned out by the million to throw the Wilson administration out of office in 1920 and the Hoover administration out of office in 1932. They're the people who have a derisive "Oh, yeah?" for fakers and stuffed shirts.

The man who is going to establish a dictatorship over them had better come early and be prepared to stay late, because he is going to have his hands about as completely full as any human being in all history.

Times have been bad and we have a great many hard problems to solve. But things never have been and never will be quite so bad as some of our self-appointed saviors are trying to make out.

New York scientists have developed a transparent model of a human being—a lot of trouble when there are so many persons anyone can see through.

The life of the party in midwest heat areas this summer was the man who could spin yarns so thrilling they made the blood run cold.

Agent Expecting NYA Help For Terrace Program

Beginning November 1st, two crews of N. Y. A. youths will be put to work in Eastland county running terrace and contour lines and doing other conservation work, according to the county agent. A full-time supervisor who works out of the county agent's office will have supervision over the work. All work done will follow rules and instructions recognized by the extension service as being sound.

Types of conservation work that can be done under the N. Y. A. project are terrace or contour line running and pasture demonstration work such as clearing, deadening timber, listing, contouring, fertilizing, sodding, reseeding, removing cactus and fencing modified grazing areas. Making and laying of sub-irrigation garden tile also will be done.

N. Y. A. workers will not build terraces, only running the lines. Pasture work will be done on a limited scale where land owners wish to improve a reasonable area and are willing to furnish everything except the labor.

A former automobile firm executive is running a New Jersey luncheon. In ordering a sandwich there, you must specify relish or other accessories.

Farmers Are Urged To Sign Up For Terracing Work

Farmers and farm owners of Eastland county who are interested in terracing or running their rows on water levels between now and spring are urged by the county agent to get their applications into the county agent's office at Eastland as soon as possible. An application card requesting lines for terraces or contours (water levels) can be secured from the office upon request.

The county agent reports that he has on hand applications for terrace lines on 1200 acres on 25 farms. Lines have already been run on 200 acres on 7 farms and the work is being done as rapidly as possible.

Those who are unable to build terraces this season can run their rows on water levels at no extra expense and reduce water and wind erosion greatly. Contouring or water leveling the rows is no substitute for terracing but serves as a temporary aid until terraces can be built.

County agent Cook and assistant county agent Barnhart have run terrace lines the last two weeks on the farms of K. F. Kirk and C. F. Poyner of Colony, D. W. Boone of Bullock, Idus S. Ech-

ols of Staff, F. M. Williams of Eastland, Abraham P. Key of Rea-rows on water levels at no extra expense and reduce water and wind erosion greatly. Contouring or water leveling the rows is no substitute for terracing but serves as a temporary aid until terraces can be built.

On Tuesday, October 20th, pasture terrace lines will be run on the farm of Bruce Ebberhart at Rising Star.

Strawn Coal Mine Hoisting Much Coal

The coal business at Strawn is better now than it has been at any time since 1928, according to reports received here about the mining activities of the Strawn Coal Company.

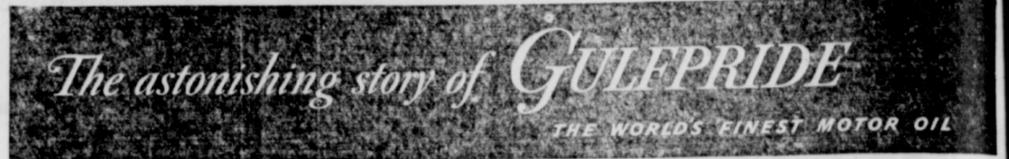

The company has just added 18 miners to the payroll, making the payroll larger than it has been in

a number of years, it has been stated.

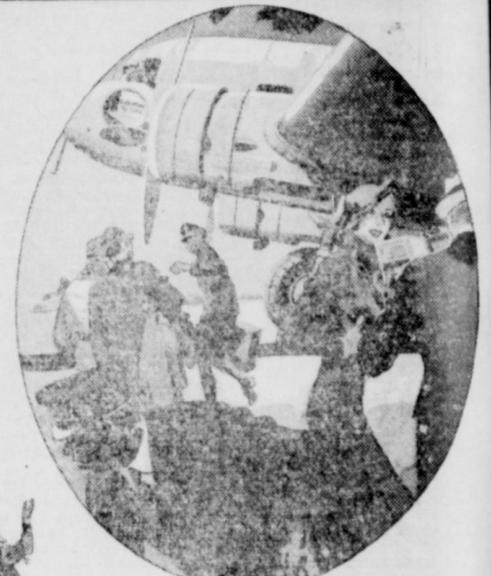

The company is now supplying coal to several railroads in addition to furnishing coal to several West Texas counties for heating school buildings.

The company is reported to be hoisting coal regularly, with more coal being mined than at any time in the past eight years.

Now that trailer homes are here, the bumpy country roads should come in handy for cocktail mixing.

THE results you get from GULFPRIDE OIL can be obtained from no other motor oil in the world! For only GULFPRIDE is made from choice Pennsylvania crude... refined to equal the best motor oils on the market... and then further refined by Gulf's exclusive Alcholor process.

DO THIS when you wake up with a Headache

ENJOY RELIEF BEFORE YOU'VE FINISHED DRESSING

Bayer Tablets Dissolve Almost Instantly. In 2 seconds by stop watch, a genuine BAYER Aspirin tablet starts to disintegrate and go to work. Drop a Bayer Aspirin tablet into a glass of water. By the time it hits the bottom of the glass it is disintegrating. What happens in this glass... happens in your stomach.

HELPS PREVENT MANY COLDS

Especially designed aid for nose and upper throat, where most colds start.

VICKS V-ATRO-NOL Regular Size .304 Double Quantity 504

For First Aid in relieving common skin ailments or skin injuries always rely on

Resinol

Still Coughing? No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

When you wake up with a headache, do this: Take two quick-dissolving BAYER ASPIRIN tablets with a little water.

By the time you've finished dressing, nine chances in ten, you'll feel relief coming.

Genuine Bayer Aspirin provides this quick relief because it is rated among the quickest methods for relief science has yet discovered.

Try it this way. But ask for it by its full name, BAYER ASPIRIN; not by the name "aspirin" alone.

15c FOR A DOZEN 2 FULL DOZEN 25c Virtually 1c a tablet LOOK FOR THE BAYER CROSS

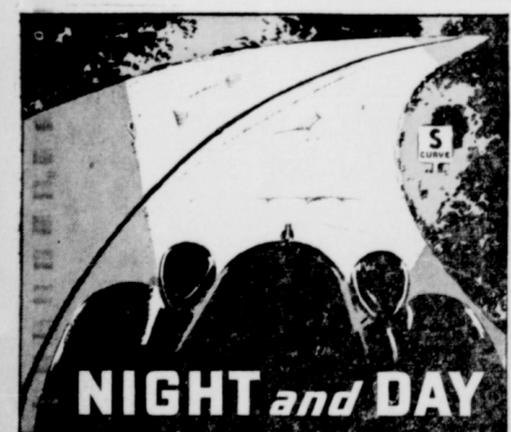

A GULFPRIDE USER drove from Bennington, Vt. to Portland, Ore., averaging 400 miles a day. He did not add a single drop of oil. An unusual record, yes. But expect GULFPRIDE to take you farther before you need a quart than any other oil you ever used.

AMERICA'S NO. 1 TEST PILOT

LEE GEHLBACH

stands terrific strain in his meteoric power-dives and blinding pull-outs, as planes disintegrate in mid-sky!

you're safe on CONCRETE

At night you appreciate concrete all the more because its light gray surface helps you see down the road. Light is spread without "glossy" reflection. Pavement edges are clearly defined. Concrete meets the ideal for a pavement as defined by the International Illumination Congress of 1928. This is important to you because surveys show that the rate of death per accident is 43 per cent higher during darkness.

Concrete, smooth but non-skid, insures a quick, certain stop even in the rain. Blow-outs, spring breakage, steering gear failures, accidents of all kinds are less apt to happen on concrete. Yet concrete is not only safe—it is more comfortable—it saves in driving costs—it costs less for upkeep—and cost of construction is less than that of any other pavement of equal load-carrying capacity.

PORTLAND CEMENT ASSOCIATION 1301 Narwood Bldg. Austin, Texas A national organization of engineers and scientists working in laboratory and field to improve and extend the uses of concrete.

THE TEST DIVE! Straight down from 4 miles up—motor roaring—struts screaming—Gehlbach tears earthward like a bullet flashing from a revolver. Anything can happen. A bump in the air—a tiny flaw, and the plane can fly to pieces as though dynamited while the pilot takes to his parachute. But Lee Gehlbach eats heartily and enjoys his food. Note the Camel cigarette in his hand—one of many he enjoys during and after meals.

"SMOKING CAMELS KEEPS MY DIGESTION TUNED UP AND RUNNING SMOOTH" — SAYS LEE

"CAMELS set me right!" Gehlbach says. "You know, chance is only 10% of my business. Keeping alert and in fine condition is the other 90%. I smoke Camels with my meals, and afterward, for digestion's sake. And when I say that Camels don't get on my nerves, it means a lot." Good digestion and healthy nerves are important for everyone in this wide-awake era. So make Camel your cigarette. Enjoying Camels at mealtime and after speeds up the flow of digestive fluids—increases alkalinity—helps bring a sense of well-being. Smoke Camels—for digestion's sake—for their refreshing "lift." Camels set you right! And they do not get on your nerves.

COSTLIER TOBACCOS

Camels are made from finer, MORE EXPENSIVE TOBACCOS... Turkish and Domestic... than any other popular brand.

HOLLYWOOD RADIO TREAT! Camel Cigarettes bring you a FULL HOUR'S ENTERTAINMENT! Benny Goodman's "Swing" Band... George Stoll's Concert Orchestra... Hollywood Guest Stars... and Rupert Hughes presides! Texans Are Urged To Conserve All Supplies of Water

AUSTIN—Texas today was urged to conserve all underground and surface water supplies by the Texas Planning Board's water resources committee in a statement of policy made in connection with an exhaustive survey which is being made of the state's water supplies.

The committee also advised the construction of storage dams on all tributaries as well as on the main streams of Texas for the purpose of storing water for every useful purpose, as well as for the prevention of floods and the regulation and control of stream flow.

Legislation which will enable the State Board of Water Engineers to exert a positive control over the utilization of underground and surface water, including drainage water in artificially constructed channels, was proposed in the committee's statement of policy.

The State Department of Health was requested to strictly enforce existing regulations against pollution of Texas streams and the cooperation of the Texas State Parks Board and the State Game, Fish and Oyster Commission was asked in the development of water recreational areas in the state.

Turning to the threat of future floods, the committee recommended the construction of a coordinated system of levees in connection with flood storage along the main streams for the purpose of protecting and reclaiming alluvial lands and protecting municipalities against flood damage.

The committee also recommended the encouragement of friendly cooperation between Texas and Louisiana, New Mexico, Oklahoma and Arkansas, and between Mexico and the United States, for the conservation of the waters of the Pecos, Canadian, Red and Sabine rivers, and the Rio Grande.

BLIND MAN FINDS GOLD

By United Press SYDNEY, Australia.—W. Wheeler, a former cattleman, who is totally blind, with a prospecting partner who is blind in one eye, has made a big gold discovery. The first yield 287 ounces of gold from 250 tons of ore and the second 749 ounces from 502 tons of ore.

Dog Population of Fort Worth Grows Despite Death Toll

FORT WORTH—Thousands of dogs, probably 25,000, die annually in Fort Worth, but a high birth rate keeps the population on a constant increase. City dog catchers kill more than 6,000 wandering canines each year. They pick up another 4,000 that die in various parts of the

city. Hundreds of deaths are never reported. Despite this heavy toll, Dr. H. V. Cardone, city veterinarian, said Mother Nature gives Fort Worth all the dogs it needs—and more. Litters of puppies range in number from three to ten. Large dogs usually give birth to six to ten puppies, small ones three to six.

El Doradoan Will Preach Sunday at 1st Baptist Church

Rev. A. J. Quinn of El Dorado, Texas, will preach at morning and

evening services of the First Baptist church next Sunday. W. J. Herrington, chairman of the pulpit committee, announced Thursday. The membership of the church and the public are invited to hear Rev. Quinn. Morning preaching services begin at 11 o'clock and the evening services at 8 o'clock.

Pastor Announces His Sunday Preach

Will Visit Club

Fred Wemple, of Midland, governor of the 41st district, will make an official visit to the Eastland Rotary Club Monday. That evening he will meet with the president, board of directors and committee chairmen for a club assembly.

Record Coast Travel Keeps Fares Low On Western Railroads

CHICAGO—Following a 30 per cent increase in rail travel this year to and from the Pacific coast, the Trans-Continental Passenger Association took action today, insuring for the 1937 summer season the same low fares that maintained in 1936.

Official announcement of this decision was made by Hugh W. Siddall, chairman of the Trans-Continental and Western Passenger Association.

The dates for use of these tickets in either direction apply from May 15th to October 15th, with return privilege to October 31st, 1937.

In commenting on this action by the western group, Chairman Siddall said: "The western lines pioneered in rail fare reductions late in 1933 when with a sharp cut in the basic rate, sleeping car surcharge was eliminated. The wisdom of this decision has been successfully proved in 1934, 1935, and 1936, with ascending passenger patronage. The western lines will carry this year considerably more than twice as many people as they did in 1933."

"At the start of this month unprecedented extension of excursion fares for winter travel to and from the Pacific coast were put in effect. For instance, for the first time in history first class tickets on a basis of 2 cents a mile with a 30 day limit as to return in either direction, could be purchased up to May 14th of next year. Attractive inducements in the matter of extensions of time on other types of rail travel were also offered."

"The decision of the passenger officials for the 1937 summer season is in accord with the now established policy to provide the pub-

Couple Is Easily Most Active at 70

FORT WORTH—Mr. and Mrs. W. G. Dohn of Fort Worth could qualify in any contest for most active humans at 70 years of age.

Their favorite recreation is "dancing at night spots until the wee hours," both admit. Dohn, 73, a retired railroad worker, takes long walks for exercise, reads without glasses, eats what he likes and gave up chewing tobacco because it was his worst "vice."

The couple have been married 53 years and made fishing trips from Canada to the Gulf of Mexico. He began working for the Texas and Pacific railway in Houston in 1877. Since then he has worked in Fort Worth, Marshall, Texas, Sherman and Denison. Dohn mixes a neat mint julep, and his wife, 70, does all her own housework. During the world war she fed pies and cakes to hundreds of homesick soldiers bivouaced at Camp Bowie here.

He with the most luxurious rail service in the world at rates unmatched outside of the United States."

Try Our Want-Ads!

Liners Pause at Sea to Shatter Horatio Alger Tale

YOKOHAMA, Japan — A lifeboat bobbed about on the choppy waters 500 miles off the coast of Japan. In the boat sat a 16-year-old Japanese boy, foiled in his efforts to reach America by the stowaway route.

Young Yoshiwa Ito got as far as the third grade in school when his parents died. He attached himself to a man who set him up as a shiner of shoes in the streets. He made 18 cents a day at it. The man deserted the lad, whereupon Yoshiwa continued to shine shoes and listen to stories of how fortunes are made in America.

After saving about a dollar, which he invested in a shirt, trousers and two days' supply of bread, Yoshiwa slipped aboard the passenger liner President Jackson before it sailed for the United States and hid in the steerage quarters.

He was discovered the next day by a member of the crew. The ship was already at sea, but it was due to pass the President Grant, en route to Yokohama from San Francisco, the next day. When the Jackson and the Grant met they stood by while a lifeboat transferred Yoshiwa to the Japanese ship.

The seas were so rough that the transfer required two hours. "I never ate such delicious meals as they gave me," Yoshiwa said after being brought here. "I'm going to save my money and be a passenger as soon as I can."

Seventeen Chinese coolies who tried to smuggle themselves into Japan after stowing away on the British freighter Benwarda at Shanghai, were arrested by the water police at Osaka on the same day.

Rev. Davis Due As 9:49 Class Speaker

Rev. A. A. Davis of Carbon will be guest speaker at the men's 9:49 Bible class in the auditorium of the Methodist church Sunday morning. It was announced Thursday. Virgil T. Seaberry, regular teacher, will be absent.

Young lads who used to run away from home have to be careful, in this trailer era, that the opposite doesn't occur.

IS A REAL ESTATE BOOM INEVITABLE?

Roy Wenzlick, noted real estate analyst, a national character and adviser on real estate, but who has no real estate to sell, says in a recent article that a real estate boom is inevitable, and that we are now on our way, the peak to be reached in about eight or ten years.

His advice is to buy now and sell later.

Boom or no boom, real estate is always a good investment, especially if one invests in a home. There never was a dollar lost in a home investment if all the factors entering into home ownership are considered. We have many lovely homes for sale on easy terms. Don't wait until all the bargains are gone, but see us today for prices and terms.

HE IS A BUSY BUG!

The cold germ is a constant threat to your health during winter because leading doctors tell us that fifty per cent of all disabling diseases start with a "common cold." And the invisible but dangerous cold germ finds one of his best opportunities in homes where occupants are most liable to sudden changes of temperature. Therefore, it is a wise precaution to avoid the possibility of sudden changes of temperature in your home this coming winter by providing a constant circulation of pure warm air throughout the house.

Guard Child's Eyes During "Eyestrain" Season

By Jean Prentice

Three-fourths of all a young child learns, say scientists, comes through the eyes. Prevention of eyestrain is particularly important during these early years.

STUDENTS, six or six years of age, need good lighting for their eyes. Research in the country's lighting laboratories has shown us differently.

Poor Light Causes Eye Defects Impaired eyesight is found in one out of five school children, two out of five college students and three out of five persons over forty.

By actual test it has been proved that home work is easier for children when studied under improved lighting, and that better grade result.

when she gets sick. Light is measured with a little instrument called a light meter. The meter may be carried about in your hand.

Quality of Light Important But quantity of light has little value without quality. This means an even amount of general illumination throughout the room in addition to light from a study lamp.

And then watch your boy or girl study under one of these lamps! Or try it yourself.

ioners' court a complete report on home demonstration club work in the county.

The Midland county council received the report of the cook book committee that 1,000 copies would be in the hands of the sales committee immediately.

ARCHER CITY—At a cost of 50 cents for cleaning and pressing, Mrs. Wallace Bedford of Archer county has made an attractive tailored sport suit from a man's discarded suit, according to Miss Georgia Mae Evans, home demonstration agent.

CANTON—"It is worth \$50 to me to have running water in and drainage out of my kitchen," says Mrs. Bob Gregory, kitchen co-operator of the New Hope home demonstration club in Van Zandt county.

In her kitchen improvement work, Mrs. Gregory also added a sink and a new stove, papered the kitchen, refinished the woodwork and gave the linoleum a new coat of paint.

"I now have a clean attractive workshop. Since I spend a large part of my time in the kitchen, I am enjoying working in an attractive one," she told Miss Beulah Blackwell, home demonstration agent.

LUBBOCK—A 7x10x12 cellar dug under the kitchen will provide an adequate storage for a winter supply of food for T. A. McClure and sons of Lubbock county, according to Miss Norfleet Grimes, home demonstration agent. Hereafter the food has been stacked on the floor in the corner of the dining room, destroying food values and causing hours of extra work.

BONHAM—"It pays to market home-grown feed through livestock when prices are fair," Jess A. Smith of Fannin county told V. J. Young, county agricultural agent, recently. Smith has just completed a demonstration on 21 head of beef calves that gave him a net profit of \$317.00.

Smith purchased the 21 head of Hereford calves on November 30, 1935, at a cost of \$380.62. At that time they had a total weight of 5,250 pounds. The calves were fed hay and cake for 80 days. The next 120 days the calves were put on small grain and native pasture with the cake continued. Then they were fed hulls, meal and ground maize heads for 50 days. They were finished for a period of 50 days on ground corn and cottonseed meal.

The calves were sold on September 25. Their total weight was 13,593 pounds, representing a gain of 8,252 pounds over a period of 300 days. They sold for \$1,012.72, which left a profit of \$317.00.

MARLIN—A yield of 44 bushels of corn per acre from a one-acre corn demonstration has been reported to W. I. Ross, Falls county agricultural agent, by Howard Haug, 4-H club boy. Howard sold the corn for 80 cents per bushel, making a total of \$35.20 return on the acre.

Howard used yellow dent seed corn, selected from the barn from corn grown on the farm in 1935. After careful selecting and shelling the seed was treated to insure a better stand. The corn was grown on black land that had been terraced and was given good deep plowing in the fall, followed by level cultivation after the corn was up.

Worth about 90 cents — and also \$27,500

Some pegs and strings... A few pieces of wood worth about 90 cents. Simple materials available to other violin makers... But only the master—Stradivarius—had the skill and the artistry to create a violin that generations later would be bought for such a fortune. Brewing ingredients, too, — even the finest — are available to anybody. But today, as in the days of the old masters, only skill can make a product recognized for its connoisseur quality and character.

ON TEXAS FARMS

Home demonstration county councils — which represent home demonstration club women in their county-wide activities — certainly have varied and interesting things as revealed by the reports of home demonstration agents.

The Wilson county council reported a recreational encampment for home demonstration club women at Sutherland Springs with all expenses paid and \$11.06 left in the treasury.

In the meeting of the McLennan county council it was reported

that 14 home demonstration clubs in the county had a total of 59 stories in the paper; and that a reporters' training conference had been held with 14 clubs represented by their duly appointed reporters.

The Childress county council reported that the editor of the Childress County News had given a picnic for his rural correspondents and that 50 per cent of the home demonstration club reporters attended.

The Leon county council reported that 98 4-H club girls and boys and home demonstration club women went to the Texas Centennial school buses furnished the transportation for the two-day educational trip which was sponsored by the council.

The Farmer county council approved the plans of its recreation committee for a 4-H club encampment and a county-wide all-day picnic for home demonstration club women; it also approved the plans of its exhibit committee to enter a bedroom improvement exhibit at the South Plains Fair.

The El Paso county council went in for community booths showing home demonstration exhibits at the Harvest Festival.

The Yoakum county council appointed a committee of two of their members to give the commis-

Lucky for You

- It's a Light Smoke!

FOR BIG MOMENTS — A Light Smoke! Wedding bells — exciting times, with lots of smoking. Consider your throat and reach for a light smoke... reach for a Lucky!

When Thrilling Events Lead To Constant Smoking! When you're excited... nervous... happy and thrilled, you smoke many cigarettes without thinking about it. Make your choice a light smoke. Smoke Luckies — for Luckies are a light smoke of rich, ripe-bodied tobacco. They are made of the center leaves of the finest tobaccos that money can buy. And they are the only cigarette in which you'll find the all-important throat protection of the "Toasting" process. Yes, the only cigarette. Lucky Strike... the fine-tasting cigarette... the cigarette that "lives happily ever-after" with your throat.

"SWEEPSTAKES" FLASH! 17 Winners in Alaska and Honolulu! Eleven men and women in far off Honolulu and six way up north in Alaska know their popular music so well that they have been able to name the top ranking songs in Your Lucky Strike "Sweepstakes" 1-2-3 — just like that. Congratulations... and good luck to the many other far-away "Sweepstakes" fans. Have you entered yet? Have you won your delicious Lucky Strike? There's music on the air. Tune in "Your Hit Parade" — Wednesday and Saturday evenings. Listen, judge and compare the tunes — then try Your Lucky Strike "Sweepstakes". And if you're not already smoking Luckies, buy a pack today and try them. Maybe you've been missing something.

Luckies — a light smoke

- Biscuit—Mrs. Everitt Harris, Mrs. Lee Wechterby, Mrs. O. A. Wolf.

Finance Committee of CC Extends Drive, To Report Friday Morning

The membership and finance committee of the Chamber of Commerce, reporting Wednesday morning at the organization's office, decided to continue the drive upon which the continued operation is at stake. Friday morning at 10 o'clock was set as the time for the meeting by Chairman Albert Taylor.

Reports from the committee disclosed the addition of 25 members subscribing \$698, which raises the prospective annual income to \$2,300. Previous reports show that

Sponge cake—Mrs. Tom Bowers, Mrs. Ross Cox.

Pound cake—Mrs. Everitt Harris.
Potato cake—Vera McBeth.
Coco malt cake—Mrs. Burl Heath.
Devil's food cake—Miss Bobbie West.
Pineapple pie—Mrs. Sue Samerford.
Caramel pie—Mrs. Tom Bowers.
Decorated cake—Mrs. Walter Vaughn.

Services at Church Of God Announced

Last Sunday we had a most glorious day. A wonderful spirit of fellowship was evidenced throughout the services of the day.

Plans for the reconsideration of city officials on aiding the Chamber were discussed.

Next Sunday our services are as follows: Sunday school, 10 a. m. Morning worship, sermon by the pastor, 11 o'clock. Young people service at 6:45 p. m., and the evening sermon at 7:30. Sermon subject, "First and Second Resurrection." Mid-week prayer meeting Wednesday at 7:30 p. m. A cordial invitation extended to all, and Christian welcome awaits you.

HUMBLE

997 MOTOR OIL

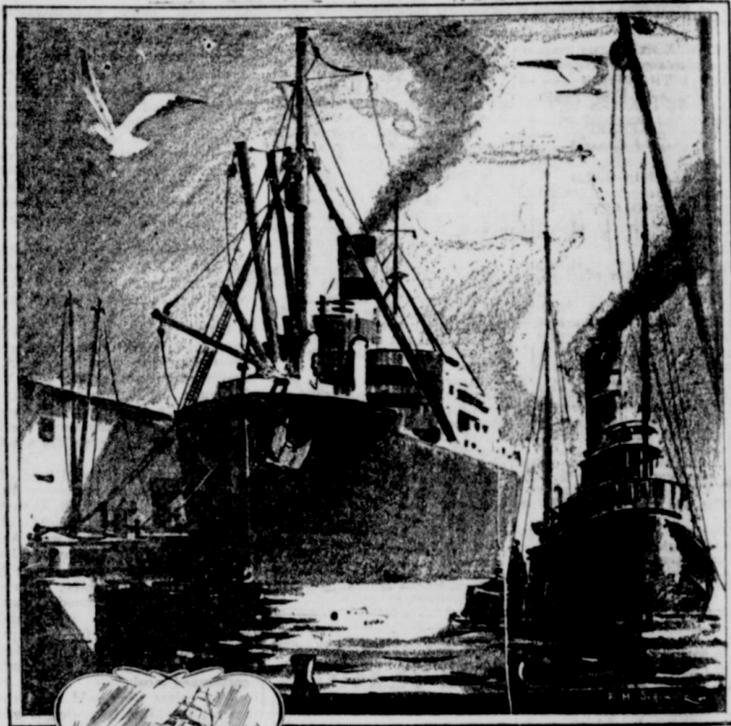

That quality of a motor oil which makes it a fine oil for one man is a minor consideration for another. Humble 997 Motor Oil is a universal favorite; it gives every user everything he asks for in a motor oil, with a little added. It is a superlatively fine oil that stands alone. It costs a few cents more than ordinary oils, but it gives you value plus for that slight extra cost. Try Humble 997 Motor Oil—you'll use it regularly.

Humble 997 Motor Oil is made from the heart (a very small percentage) of specially selected crude stocks by a special patented process. It is, moreover, a 100 per cent paraffin oil. Like all Humble products, it's continuously improved. Available in bulk or refinery sealed cans as you prefer.

HUMBLE OIL & REFINING CO. 1936, HUMBLE O. R. CO.

Typically Texan is the story of the growth of the Texas ports

In 1836, the whole long Texas coastline was practically unknown to shipping. Now, wherever seamen gather, the ports of Texas are richly praised. The story of the building of the Texas ports is a story of far-sighted men, of projects broadly conceived and faithfully executed; a story of determination and the will to win; in short, a story typically Texan!

AS THE PORTS of Texas receive

the praise of mariners, so Humble products are recommended by Texas motorists. Texans know that the Humble sign stands for this fundamental Humble policy: Humble motor fuels and Humble motor oils must be the best you can buy.

So Humble motor fuels and Humble motor oils are continuously improved; slight day-to-day improvements keep them always up to date—always a little ahead of the rest.

Try Humble Motor Fuels and Humble Motor Oils; test them the sure way—in your car. Stop today at a Humble Service Station or at a Humble dealer's; fill your tank with a Humble motor fuel, drain and refill with a Humble motor oil.

At the Centennial Exposition, Dallas-Humble's Hall of Texas History

You are cordially invited to visit the Humble Exhibit at the Central Centennial Exposition in Dallas. Striking dioramas recreate dramatic moments and vivid episodes from Texas History. See the battle of the Alamo, the capture of Santa Anna, the prisoners of the Mier Expedition drawing the black beans, the battle of Sabine Pass, Colonel Goodnight treating with Comanche Quanah Parker. Then see and listen to the story told by the rocks of Texas, and how Texas oil is drawn from many thousands of feet under the ground. On your way to and from Dallas—stop for service where you see the Humble sign.

HUMBLE OIL & REFINING CO. A TEXAS INSTITUTION MANNED BY TEXANS

"I never have to remind my Maytag to be careful."

Every day, every year, more women recognize the many advantages of having clothes washed at home—particularly in a Maytag. Clean washings done in quick time, without harsh treatment of the clothes and no insanitary risks, have won the approval of Mrs. Texas. She also recognized the superior construction of the Maytag one-piece, cast-aluminum tub, Gyrrator washing action, Roller Water Remover and other Maytag features. In Texas, as everywhere, Maytag leads in demand. Let a Maytag do your next washing. . . . and remember there is also a Maytag Ironer to further solve your laundry problem. YOUR DEALER WILL GLADLY DEMONSTRATE AND EXPLAIN THE EASY PAYMENT PLAN

MRS. TEXAS approves the

"ANTHONY ADVERSE" OPENS TWO-DAY ROADSHOW ENGAGEMENT AT THE CONNELLEE THEATRE SUNDAY

Hervey Allen's Sensational Romantic Adventure Comes to the Screen with Fredric March in the Title Role

Many faces and many places are to be seen in the film version of "Anthony Adverse," which will open Sunday at the Connellee in a special roadshow engagement. Scenes and characters of the ambitious screen are pictured above. At the right is Louis Hayward, who plays the role of "Denis Moore." The center shows Fredric March, who plays the title role of "Anthony," delivering a left hook to the chin of Donald Woods, who plays "Vincent Nolte." On the left is Anita Louise, who has the role of "Anita."

THE INVISIBLE RAY
Directed by **FRANCES DRAKE** and **Frank LAWTON**

STARS DISPLAY DAZZLING GOWNS IN NEW TRIUMPH

As the roles of each of the four famous feminine personalities, Janet Gaynor, Loretta Young, Constance Bennett and Simone Simon are mathematically equal in "Ladies in Love," Twentieth Century Fox picture showing on Tuesday and Wednesday at the Connellee theatre, so too, are the elaborate gowns and up-to-the-minute fashions they display in the film.

Thirty-five thousand dollars worth of gowns, especially designed, will be displayed in the picture. Each actress will have on the average ten complete changes. Although it is expected the new styles will be copied immediately after "Ladies in Love" is released to the public, as so many of Hollywood's styles are now, the particular dresses worn by the stars will become their own property upon completion of the picture.

The following admission prices will prevail: lower floor 40c, balcony 30c, with the regular 10c price for children. As "Anthony Adverse" is a heavy dramatic story it should be seen from the beginning for complete enjoyment.

"LADIES IN LOVE" AT THE CONNELLEE TUESDAY

These fascinating four look for romance in "Ladies in Love," new Twentieth Century-Fox hit. Top center, JANET GAYNOR and, bottom (left to right), LORETTA YOUNG, SIMONE SIMON and CONSTANCE BENNETT, the most unusual combination of feminine personalities ever to appear in one film.

"LAST OF THE MOHICANS" OPENS AT CONNELLEE TODAY

About a year ago, two comparatively youthful and exceedingly ambitious motion picture producers, Harry M. Goetz and Edward Small, dug the old, familiar "Count of Monte Cristo" out of the library shelves and produced it with perfect fidelity for the major screen sensation of the year, making its leading actor, Robert Donat, a screen star of the first magnitude and of their company, Reliance Pictures, a new and major force in the industry.

Today this same pair, with a number of seven hits tucked under their belts, are repeating with another familiar classic, "The Last of the Mohicans," by James Fenimore Cooper, which comes to the Connellee theatre today.

Will Delight Millions What has delighted millions of people in book form, they argue, will delight more millions in a good cinema adaptation. Not every classic, not every popular work, is successful in motion pictures, but certain familiar authors—and they enthusiastically nominate Dumas and Cooper—were natural screen writers, born too soon.

The elements of suspense, hair-breadth escapes, the lone scout battling his way through hordes of savage enemies, the chase, the dramatic hand-to-hand combat—all the elements that make a film a source of delight to thousands of movie fans—are present in large measure in the Cooper masterpiece.

CONNELLEE TODAY and SATURDAY

Directed by **George B. Seitz**
A Reliance Picture • Released now United Artists

CAST OF "ANTHONY ADVERSE" GETS O.K. BY HERVEY ALLEN

Portraits of the leading players listed in the cast of the Warner Bros. picture, "Anthony Adverse," showing Sunday and Monday at the Connellee theatre, were sent to Hervey Allen, author of the famous novel, by Director Mervyn LeRoy. These portraits were in character and costume as the players appear in the film.

LeRoy asked the writer to check the photographs of Fredric March, Olivia de Havilland, Claude Rains, Anita Louise, Edmund Gwenn, Louis Howard and some thirty other principals of the story, to see how closely they tallied with his own mental picture of the characters he created.

He wanted to know from Allen whether or not the tall slim figure and handsome blonde head of Fredric March filled all the requirements for the title role. He also asked Allen how well the youthful beauty of Olivia de Havilland matched the writer's own conception of Angela.

He hoped that Allen would agree with him that Claude Rains had caught the sinister power of the character of Don Luis, that Steffi Dunna was perfect as Neleta, and that no better John Bonnyfeather than Edmund Gwenn could be found in the whole of filmdom.

Mr. Allen put his stamp of approval on all the players from Mr. March down. He was particularly pleased because he believed the noted actors and actresses selected had the talent to make his characters come to life, right out of the book.

The picture is a dynamic and spectacular production, filmed on a mammoth scale.

"MOHICANS" PRESENTS REDSKIN AS HE WAS

A true picture of the early American Indian and the early American pioneer is offered in "The Last of the Mohicans." Reliance Pictures' colorful filmation of the immortal James Fenimore Cooper classic which began a two-day engagement at the Connellee theatre today, with Randolph Scott, Binnie Barnes and Henry Wilcox on heading a truly all-star cast.

The tribal life, times and customs of the Mohegan tribe of Upper New York state in the middle years of the 18th century are vividly and faithfully reproduced with no pity or synthetic sympathy injected. Brave Uncas and Chingachook and treacherous Magua are there, as is Nettie Bymore or Hawkeye, the eternal pioneer.

Others prominently featured in the cast are Bruce Cabot, Heather Angel, Phillip Reed, Robert Barrat, Hugh Buckler and Willard Robertson. Philip Dunne prepared the screen play of the familiar story of love and adventure in a country in the making from an adaptation by John Balderston, Paul Perez and Daniel Moore. George B. Seitz directed the film which was produced by Edward Small for release through United Artists. The photography is by Robert Planck, and the musical background by Nathaniel Shilkret.
