## David George Claims Football Contest Prize

Thirteen weeks have come and gone in the Bovina Businesses Football Contest and the 1979 champion is David George. David was able to maintain his lead in the final week to win with a total of 124. For his expertise, George was awarded a check for \$100 from the Bovina Blade.

George is manager of Bovina Feeders, and this was his first time to be a regular entrant in the contest. "I thought I had blown my lead when I missed as many as I did this last week (six)," George said. But fortunately

for the winner, so did most of the other contestants.

In second place, only one point behind, was Lynn Read, with a score of 123. There were two contestants, Mike Perez and Nickie Villarreal at 121 and George Villarreal was sitting at 120.

The winners of the 13th week's contest were Ronnie Wines and Steve Cockerham. Both had ten correct and were 10 points off on the tie-breaker. Ronnie missed the Monterey-Coronado, Clovis-Eldorado, Texas-A&M, and Minnesota-Los

Angeles game. Steve missed the Monterey-Coronado, Clovis-Eldorado, Kansas City-Seattle, and Atlanta-San Diego games.

Third place went to Doug Johnson who also scored ten correct and was 17 points off on the tie-breaker. One other person scored a ten and that was Patricia Sherrill.

The Blade staff would like to thank all those who competed in the contest and congratulate the winners. We would also like to extend a special thanks to all the sponsors of the Bovina Businesses Football Contest.

The sponsors were: Bovina Pump Co., Bovina Wheat Growers, Inc., Sherley Grain Co., Charles Oil Company, Bovina Feeders and the First State Bank.

Also, Big Nick Farm Machinery, Lawlis Gin Company, Horn-Clayton Insurance, Paul Jones Texaco, Dairy Freeze, Parmer County Spraying Service, Crop Care, Inc. and Agri-Sprayers, Inc.

**BIG WINNER....David George accepts his check for \$100 from Blade publisher, Bill Ellis, for winning the Bovina Businesses Football Contest. David edged out Lynn Read by one point for the contest title.**

## Bill Morgan Announces For Co. Sheriff's Office

M.C. "Bill" Morgan has authorized this announcement of his candidacy for the office of Sheriff of Parmer County, subject to the Democratic Primary.

In seeking this office, Morgan states, "I feel that I am well-qualified to serve the citizens of Parmer County as their Sheriff. I have over 20 years' experience in law enforcement. I have spent 16 years of this in Parmer County. I was with the Friona Police Department for eight years, being Chief of Police for six and one-half years.

"I have been with the Parmer County Sheriff's Department for eight years, with the last two being as the Chief Deputy Sheriff.

"I am a graduate of Panhandle Law Enforcement Academy at Amarillo College and a graduate of the Texas Department of Public Safety Identification Officers School in Austin. I have also attended several other law enforcement schools during my 20 years' tenure in this field.

"I am a Certified Texas Law Enforcement Officer and hold a Jailer Qualification Certificate.

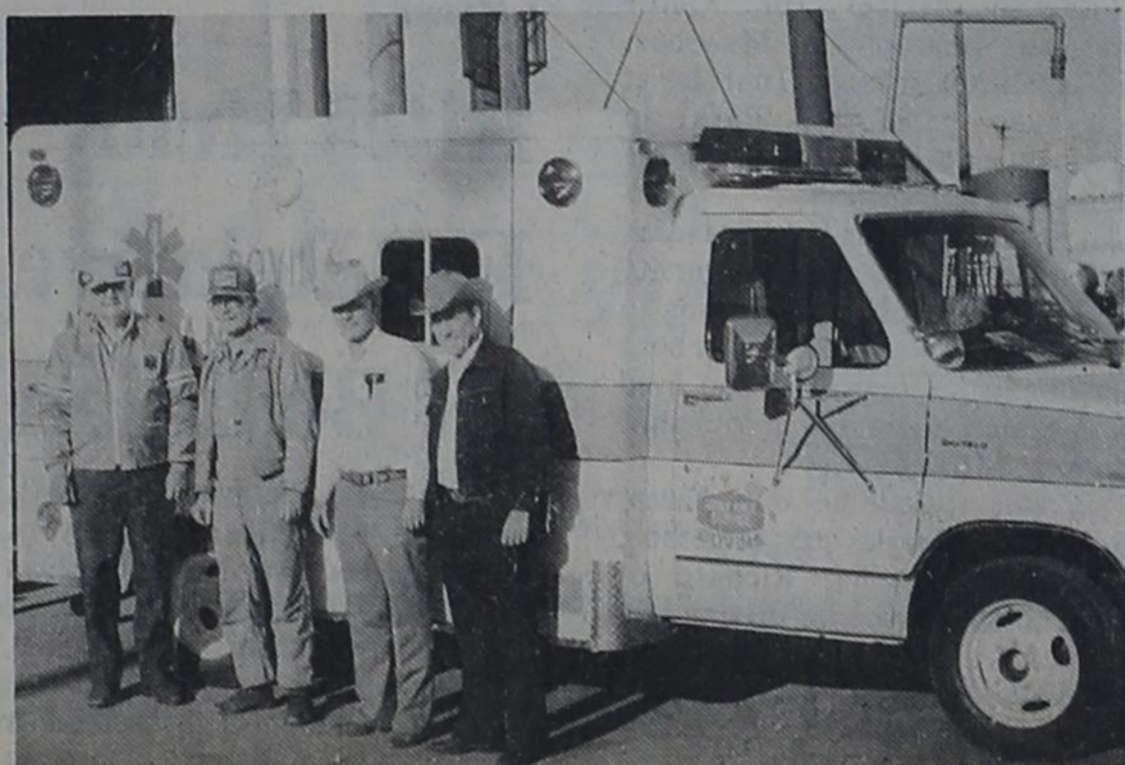

"I was born in Clovis, New Mexico, and am a lifelong resident of the High Plains. My personal knowledge of this area along with my professional qualifications will enable me to fulfill the office of Parmer County Sheriff."

**BILL MORGAN**

Morgan is married and has three children. He is a United States Navy veteran, a member of the Baptist Church and the Masonic Lodge.

"I want to be your Sheriff and ask your support in the Democratic Primary," concludes Morgan.

**NEW AMBULANCE....The new ambulance for the Bovina Ambulance Service arrived last Sunday. Pictured with the ambulance are, left to right, Cleo Thomas, crew member; Fred O'Hair, Council member; Tom Bonds, City Manager; and R.R. Lusk, Mayor.**

## Ambulance Showing Set

It's here! That big shiny white job with the orange stripe that's been seen cruising around town the past few days is the new Bovina Ambulance as you can see by the bright blue lettering on the side.

The City's new ambulance arrived in Bovina during the early morning hours Sunday and members of the crew along with several interested spectators transferred equipment from the old ambulance into the new and maneuvered it into the parking area at the fire station Sunday afternoon.

Representatives of the Texas Department of Health inspected the new vehicle Monday and certified it ready to carry patients. Unlike the old ambulance, the new vehicle, because of its larger size, will be registered with the State as an ambulance.

All citizens of Bovina and the surrounding area are invited to come by the parking lot of the Bovina Supermarket between 2 and 5 p.m. on Sunday to look over the ambulance (unless the ambulance should have to make a call during that time). We believe you will be pleased with this big step forward in emergency care for the people of this area.

## Expanded Pheasant Season To Kick Off

An expanded pheasant season will be kicked off in Parmer County Saturday morning, December 8. This year's season will span five weekends, and ends January 6.

This is the longest season since the first one was held on a one-weekend basis in 1964. The season was expanded first to a week encompassing two weekends, and then to three weekends for the past five years.

The 1979-80 season marks the 16th annual pheasant season for hunters in Parmer County.

According to observations, a good pheasant crop should be in store for the hunters.

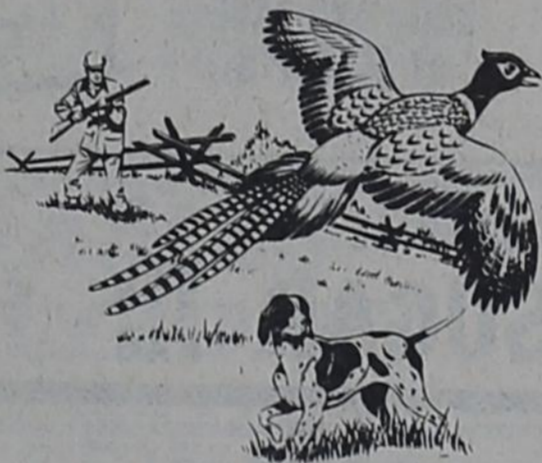

More than 2,000 pheasants were released in Parmer County by the Parmer County Game Association in 1962 and 1963, with the population growing steadily since that time.

The more colorful male pheasant is the only legal game for hunters with the hens being protected by state laws.

The "bag" limit is the same as it has been for the past several years: two cocks per day, with four in possession. The season and rules are set by the Texas Parks and Wildlife Commission.

The later season for hunting pheasants has proven popular, especially with college students. Although a large number of hunters will be in the fields throughout the season, most of the hunters will be stalking the colorful bird the opening weekend of the season.

Tailfeather contests will be conducted in Friona, Bovina and

Farwell again this year with three cash prizes offered for the longest tailfeathers.

The hunter turning in the longest feather in each town will receive a \$15 cash prize with second place awarded \$10 and third place \$5. The hunter with the longest tailfeather in the county will receive an engraved plaque from the Parmer County Game Management Association.

## Hance Sets Town Hall Meeting Sat.

Congressman Kent Hance will be in Friona on Saturday, December 8 for one of a series of "Town Hall" meetings in the area. The meeting will be held at the Showbarn/Community Center, beginning at 1 p.m.

The Congressman is anxious to visit with residents of Parmer County about their problems, according to a spokesman for his office.

Cong. Hance will speak briefly, giving an update on the situation in Iran and how it affects the country, as well as a rundown on legislation facing Congress. He will then open up the meeting for questions and answers.

Everyone interested is invited and urged to attend the meeting. The meeting will last approximately an hour, according to the spokesman.

## Cotton Count: 21,309

bales of cotton had been ginned in Parmer County as of Tuesday, December 4.

**THE YEAR 1980** is a census year, we were reminded this week by a piece of mail from the Bureau of the Census, which carried the slogan "We're counting on you....Census, '80."

Among the things which the every-ten-years head count is expected to show will be an increase in the population of the state of Texas of roughly 16 per cent. Texas is expected to show to be one of the leaders in population growth, perhaps topping the rate of the "sunbelt" states of California and Florida.

Certain sections of the country, such as the upper midwest, are expected to show population increases of less than five per cent. New York City, once the fastest-growing city in the nation, is expected to show a decline of less than one per cent.

In addition to the regional population shifts, the 1980 figures are expected to reveal some other interesting facts concerning the new trend in the age breakdown, and percentages for various age brackets.

For instance, the bracket for those aged 19 and below is expected to have declined by as much as 7.7 per cent between the two census figures.

Those in the 20-29 age bracket may have increased by 31.6 per cent, and those between 30-39 should be up by 33.1 per cent.

The 40-49 year bracket is expected to be in the "decline" column, by around 6.2 per cent, but those in the 50-64 age group will have increased by 11.2 per cent, and those 65 years of age and older are expected to have grown by a whopping 24.2 per cent.

So, the new census will probably confirm what population specialists have been predicting all along--that the "average age" of Americans is steadily increasing due to a number of factors.

**THE COVER STORY** in the current issue of **Texas Monthly** gives some unusual facts about things in our state which are not so big. The article points out that the current era of limits--dwindling oil reserves, devalued dollar and shrinking candy bars--seems to put a premium on things small, rather than large.

And Texas is ready for the switch, the article points out. For instance, the University of Texas claims the world's smallest zoo, which contains almost 300 species of fruit fly.

Horticulturist Ernest Williams of Dallas has developed over 300 varieties of miniature roses, such as Popcorn, Sugar Elf and Toy Clown, which only grow to a height of three inches, the article points out.

Rockwall County, the state's smallest county with only 147 square miles, has the highest percentage of arable land, 67 per cent, while Loving County, the "wee one" in terms of population, provides the smallest drain on the national treasury. "Loving County receives no federal aid, but gets along just fine," says the magazine.

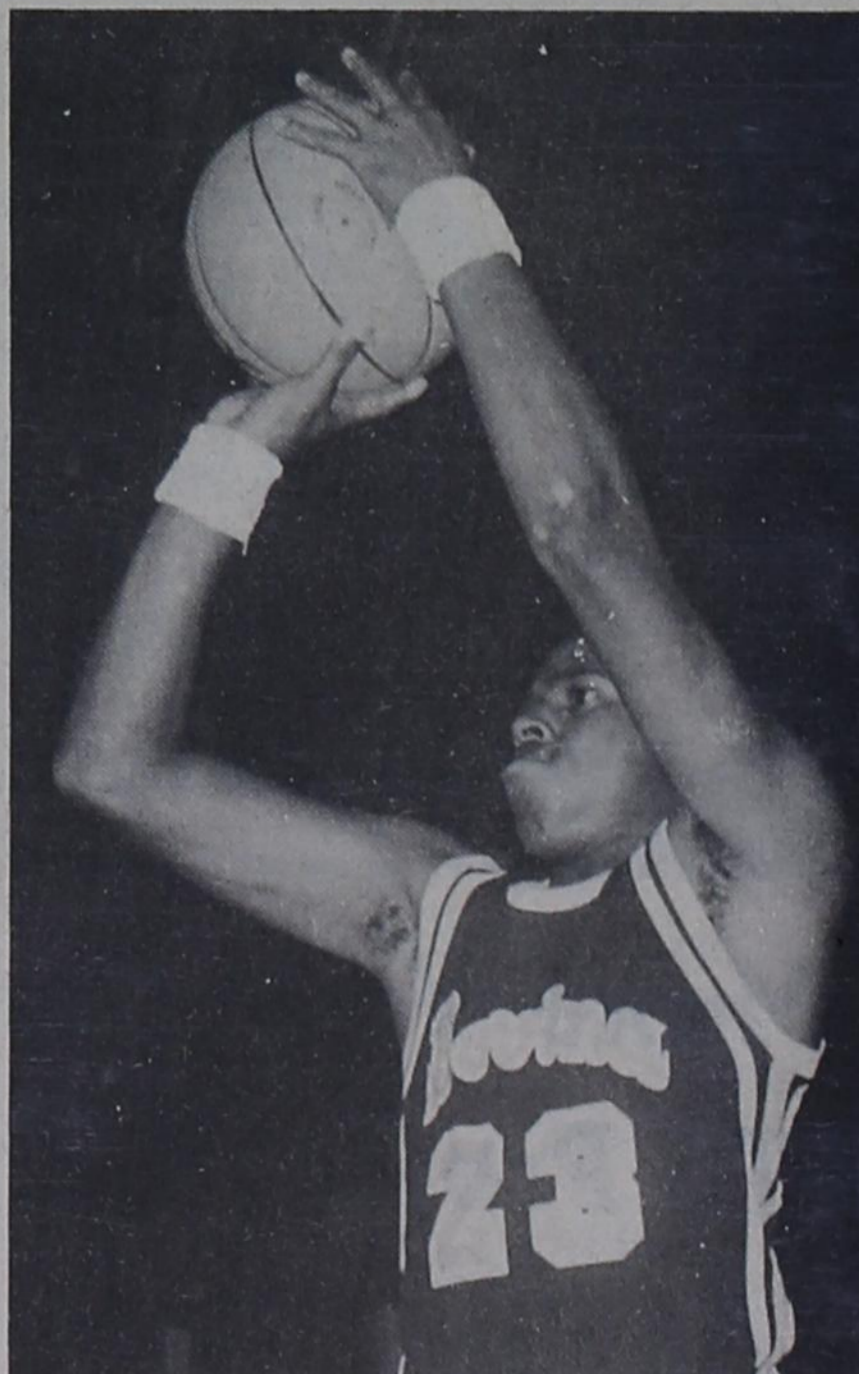

The piece recognizes famous folks who have come from small hamlets in Texas, such as Bob Lilly (Throckmorton), Bob Wills (the mag says Koose, we thought he was from Turkey) and Gene Autry (Tioga).

It also points out that a number of our famous products have been short in stature, such as Willie Shoemaker (5-0), John Tower (height not given), Audie Murphy (5-7), and Ima Hogg. The bit calls current governor Bill Clements the shortest Republican governor in the past century (5-9). Political experts will recognize that he wins this honor hands down.

**CONGRATULATIONS TO David George** on winning the championship in our football contest. It was another good race. However, the contest was not quite the same without having Emmett Tabor's name up near the top. We missed his participation.

**ROUNDBALL ACTION....Kathy Williams and Harvey Shepherd are shown in action in last Tuesday's games against Friona at Friona.**

**The Fillies won 49-30, and the Mustangs lost 55-36. The Fillies are 4-0 for the season, and the Ponies were 0-2 prior to Tuesday.**

## Co-op Reps Attend Meet

Larry Webb, manager of the Bovina Wheat Growers, Inc., and Floyd Schueler attended Farmland Industries' annual meeting in Kansas City, Missouri, December 5-7.

Issues ranging from livestock marketing to rural transportation, all crucial to farmers and their cooperatives, were explored by the 21,000 persons from 15 states attending the meeting.

The traditional "state of the co-op" message was delivered by John Anderson, Farmland president, at the opening session. He reviewed the past year, in which sales were \$3.86 billion and savings \$109.8 million, and shared his views for the coming year.

Speakers at the general sessions included Mike Wallace, CBS News Correspondent and co-editor of the weekly CBS Television Network "60 Minutes" show, and Orion Samuelson, ag services director for WGN Radio in Chicago, who reported on his recent trip to China.

The meeting closed December 7 with a business session and election of directors.

Farmland, a regional farm supply and marketing cooperative headquartered in Kansas City, serves more than 500,000 farmers and ranchers through about 2,300 local cooperative associations.

## Letter To The Editor

The Editor  
The Bovina Blade

Dear Editor,

I do not know if all the people of Bovina really appreciate what God has so richly bestowed upon this community.

God sent a minister here who already had a concern for man's soul, but he also had a concern for the sick and the injured. He cared enough about the people of this community, as well as those traveling through, that he sought after others who also had this same concern, and through dedication, hard work and long hours of study, they gave Bovina this much needed Ambulance Service.

Last night Jerry and I were among others who got to share in the celebration on the arrival of the beautiful new ambulance. The crew has every right to be proud of it, because they will be able to give you, the people, better service.

Jerry and I want to thank each member for your unselfish dedication and sacrifice in serving the sick and injured.

May the "Great Physician" always be your guide.

Sincerely,

Jerry & Gloria Atchley

# Band Parents Elect Officers

The Bovina Band Parents met Monday night, November 26 to elect new officers and to discuss goals and projects.

New officers elected were: Mrs. Earl Whitten, president; Mrs. Leon Schilling, vice president; and Mrs. Dick Richards, secretary-treasurer.

Band director, Jim Little, met with the parents to discuss the semi-annual band trip. The High School Band hopes to travel to Nashville, Tennessee by way of chartered bus in May. The trip will cost approximately \$200.00 per person. This will include: fare, lodging, one meal per day and tickets for entertainment such as Opry Land. The Band will have six

days for the trip. They will be accompanied by 15 sponsors.

Each board member will have numerous opportunities to earn money towards their expenses through sponsored projects.

Immediate projects are picking up corn in a joint effort with the Bovina Ambulance Service, (half the proceeds going to the band and half towards the new ambulance for Bovina), selling tins of Kathryn Beich candies and party nuts; and another turkey raffle before Christmas. Band Parents will be selling Texas Manor fruit cakes.

Mr. Little will record each person's participation and money earned so that the work will be equally distributed.

We wish to thank the community for their support in buying the family portraits and raffle tickets on the turkey. We ask your continued support in the coming months.

There are several other projects being planned and considered. If you have any fund raising ideas suitable for the band students please contact Mr. Little or a Band Parent.

**The Overcoming Life**

Read Isaiah 40:28-31; Acts 1:1-8

They that wait upon the Lord . . . shall mount up with wings as eagles. —Isaiah 40:31

To a number of the American Indian tribes of the Pacific Northwest, the eagle is a very respected and meaningful bird.

But beyond its aesthetic and symbolic meaning, the eagle also had practical value to our people. It was somewhat of a weather prophet. When a storm was pending, the eagle would launch from the topmost branches of the towering and beautiful evergreen trees. By the power of the wind it would soar into the sky until it reached heights of many thousands of feet. Literally, the eagle would fly above the storm.

Isaiah must have known the eagle even as I came to know and love it as a lad in my home country of Alaska. I came to understand that the power to soar above the storm was not in the eagle but in the wind.

We are not able to live the overcoming life without the Holy Spirit. As we wait upon the Lord, He is able to lift us above ourselves, to lofty planes of loving service and sacrifice to our fellowmen for the glory of our Lord Jesus Christ.

PRAYER: By Thy spirit, O God, lift us above ourselves that we may serve Thee in the fullness of Thy will for our lives. Amen.

# Fillies, Mustangs Keep Streaks Going

The Bovina High School Fillies basketball team remained unbeaten after traveling to Friona last Tuesday night, but the Mustangs failed again to get into the win column.

The Fillies started slow in the first quarter, scoring only 5 points, but they were able to hold the Squaws to

only 3 points. In the second quarter, the Fillies opened up their offense and went into the dressing room at halftime with a 22-14 lead.

In the second half, the Fillies kept up their attack and outscored the Squaws 27-16 to take a 49-30 win. Connie Shelby led all scorers with 12 points and her sister, Linda, scored 10.

In the boys game, the lack of rebounding on the part of the Mustangs was the telling force as the Mustangs recorded their third loss in as many outings.

The Chiefs opened up a ten point lead in the first quarter before Bovina ever got on the scoreboard. In fact, the Mustangs could only come as

close as 13 points for the rest of the game.

Lionel Lane reports **Parmer Co. Results**

Again this year Pioneer brand seeds are delivering outstanding yields in field after field. But we know it takes more than one year's performance to tell the whole story. Look at these results, then ask your Pioneer dealer to show you records from several years. You'll see for yourself why Pioneer brand seeds have become famous for their consistency.

This proven, popular corn hybrid proved its consistency in this area as it out-yielded competitive hybrids by 543 lbs./A. in 37 tests. Jim Roy Wells of Friona reported that 3184 topped his test with 11,315 lbs./A. Dennis and Vernon Willard of Bovina reported a yield of 11,202 lbs./A., while Gene McGuire, who farms near Oklahoma Lane, reported 10,315 lbs./A. with 3184. In addition to this hybrid's excellent yield potential, outstanding drought tolerance and excellent standability make it a good choice for Parmer County. It also has demonstrated outstanding tolerance to MDMV and head smut, in addition to its super stalk strength.

Farmers aiming at top yield from a high-performance corn hybrid have learned to count on 3195 in the Parmer County area. Troy Christian, who farms near Oklahoma Lane, recorded a yield of 10,811 lbs./A. with 3195, while R.J. Garner, who farms near Lariat, saw 3195 top his test with a yield of 12,043 lbs./A. Well-known for its outstanding disease tolerance and very good standability, 3195 has become one of the most popular hybrids on the High Plains. In 11 Parmer County tests this year, 3195 again proved its performance potential by averaging 10,350 lbs./A. Whether it's grown for grain or silage, 3195 is a good choice in Parmer County.
