Registered Cow Is Eastland Residents Added by Eastland Attend Gathering of

Louis Pitzer, Eastland dairynan, has recently purchased from T. E. Richardson, druggist and president of the Eastland Chamer of Commerce, a quality regis tered dairy cow and added it to his herd.

The cow was sired by Jolly Premier's Alligator from the King anch of South Texas and on a est last year with second calf produced 7,981 pounds of milk with a butter fat record of 400 ounds over a period of nine onths and 10 days.

Pitzer says he expects a better cord from the cow this year and will continue to improve his herd

Pitzer's herd is headed by Wake Up Masterman, a registered bull ourchased last year from the East land Chamber of Commerce.

Eastland Man Is Chosen for High Pythian Position

Reappointment of Herbert Reed, member of the Eastland Knights of Pythias lodge, as district 30 deputy grand chancello was announced Monday.

He was appointed for the thire ime of Texas Grand Chancello Weylon C. Fraysier of Waco. At the same time it was an

ounced that Dr. R. C. Ferguson ad been appointed as Eastland lodge deputy grand chancellor. Reed's duties will include the

making of official visits to lodges in the district. The district has a membership of approximately 500 from Graham, Eastland, Brecken- tember. ridge, Cisco and Gorman

bituaries, cards of thanks, notices of lodge meetings, etc., are charged or at the egular advertising rates which will be furnished upon application.

P. L. (LEWIS)

CROSSLEY

For REPRESENTATIVE

106th District

When I announced as a candidate for Representative for the 106th District, I stated that

would, from time to time, make known my views as regards this important office, and I now take this means of letting the people know my views on

the more important problems and issues of our

ECONOMY & TAXATION

rexing one almost since time immemorial, and those

ably have come to the conclusion that the satura

tion point has been reached, and that there must b

some way found to relieve the people of this ever

dollar and public treasury be stopped. I have stated that I do not believe more taxes are necessary and until it can be shown that we cannot con-

serve the funds we now have I shall not favor the levying of more taxes, and to this end I submit the

following as a good start towards relieving this

commissions, many of which I believe could be climinated or consolidated to the end that duplica-

tion insofar as is possible be eliminated and permit a more effective co-ordination in their many func

benefits of real and true economy in Texas, we must set up a positive system of fiscal control through effective budgeting. In my opinion we need a budget director who will be responsible to

the Governor and to the people of the state and the State Auditor should be appointed by joint committee of the legislature instead of by the Governor. The system of special funds and permitting

taxes, fees, etc., and spend them according to their own desires and in such a manner as it is not

possible for the state auditor to properly portray the financial condition of the state to the people

and tax payers is indeed very treacherous and should be stopped. This system in Texas has be-

come so enlarged and expanded that our govern-ment is completely out of the people's control and until our government structure is reorganized we

may expect it to continue to grow and enlarge Governor Byrd of Virginia found a situation there

very much like our own. The government was operating through 100 separate agencies, with duplication, lack of responsibility and resultant waste. By eliminating, consolidating and co-ordinating, the

tralized tax collecting agency, strict budgeting and auditing system and centralized purchasing and as a result more than \$8,000,000.00 per year was

sayed to the people. In comparison the saving in Texas should be much greater, if such a system

Auditor's report which is an indictment of the reck

lers manner in which the tax payers' money is being handled to see that our system needs to be revised in many places. I quote the following from his report: "Fiscal control comes through effective

budgeting, and in the opinion of your state auditor increased taxation may be expected that could be

avoided by such action without the impairment of governmental services." It is indicated that from six to ten million dollars could be saved to the

people by inaugurating a system of this kind. The Senate Finance Committee, in recent session, stated that salaries in the higher brackets should be reduced from 15% to 20%, and that all departments should be substantially cut back from last year's appropriations, travel bills should be reduced readers in the light should be reduced as a proper sinks of the state of

duced, useless jobs eliminated, and overlapping boards and bureaus should be consolidated and that

they hoped to save \$10,002,000.00 in this manner

A recent survey from the Comptroller's office in dicates that many millions more money will be col

lected this year than last, which should break down all argument for increased taxes. Certainly if

these things can be done there is no good reason or occasion for the small home owner or tax payer to feel that taxes should continue to be raised

OLD AGE ASSISTANCE

There are many ills and injustices in the way Old Age Assistance is being handled and its very nature indicates that there will continue to be many ills and injustices. However, I believe that much of this can be eliminated and in the neighborhood

of \$1,000,000.00 per year in cost of administration

saved by delegating the power of investigation, application and all preliminary work to the Commis-

sioners' Courts of the counties. This, when matched by the Federal Government, would give an approximate additional \$2,000,000.00 to the old

ADJUSTING STATE TAXES

I favor a law permitting the Commissioners' Court to adjust and settle state taxes. There are

many times when the adjustment of state taxes are necessary in order that justice be done, and yet

there is no recourse for the tax payer under present laws, when it develops that renditions were

out of line. Boom day and prosperous time assessments in many instances were far more than the property was worth, yet the state will not accept payment of taxes nor permit adjustments below the

MUTUAL ASSESSMENT

INSURANCE I favor strict laws governing and regulating

Mutual Assessment Insurance Companies. Having been in the insurance business, I am familiar with

I believe, also, that when the fact of need is

could be inaugurated. One has only to read

Texas has more than 100 boards, bureaus and

Before we may ever expect to reap the full

boards and bureaus to collect their own

being used to pay any and all kinds of expense in stead of to pay claims, etc. There are over 500,000 Mutual Assessment policy holders in Texas, and in justice to these policy holders and to those

panies who do business on a legitimate basis, I shall

sponsor or support laws strictly regulating such companies and requiring them to pay off their ANTI-NEPOTISM LAWS

SCHOOLS I am opposed to legislators, heads of depart- that donations are still being actrices. Fred ichael, Ed 'nts, employees in the various departments, cepted "for the starving, dying Jr., and Miss Edith Fields. state jobs and the practice of swapping out in this respect in the various departments of our state government and I favor strengthening our laws to the Chamber of Commerce in boards and commissions hiring their kinsmen on women and children in China. take care of this bad practice, and a Civil Service law governing employees. I believe this will have a tendency to give us better qualified and more efficient employees, thereby increasing the effi-ciency of our state government and will tend to decrease the costs of same.

That great Texas patriot and scholar, Lamar, ce said: "Cultivated mind is the guardian genius f democracy, and while guided and controlled by rirtue is the noblest attribute of man. It is the only dictator that freemen acknowledge and the only security that freemen desire." A more recent Texas educator aptly says that the real assets of Texas are not contained in her rolling plains, fertile farming lands, fine stock or oil wells, but in the children that are reared within her vast do-main. I stand wholeheartedly for our entire educational system but I am more particularly con-cerned in our public and rural school system for any reasons that must be apparent to every-I therefore believe that the scholastic per apportionment should not be less than it now s, \$22.00, and that the state should relieve the schools and teachers of the cost of bus transportaon, thereby permitting longer school terms, bene-

TEACHER RETIREMENT, BLIND, **DEPENDENT & NEGLECTED** CHILDREN

When the people in voting by so great a majority provided by constitutional amendment for teachers' retirement, needy blind and dependent and neglected children, certainly everyone must recognize that it is a mandate that must be enforced. No one would dare question the christian dor's lien; Farm and Home Savenickies for the needy blind ings and Loan association to J. L. duty and wisdom of providing for the needy blind and dependent and neglected chadren. It is estimated by eminent authority that at least \$5,000,000.00 is being paid annually to teachers who, by reason of age and lack of proper equipment are not properly qualified to teach our children. It is also estimated that around \$2,000,000.00 is all that will be required annually for this fund. If this be true, the tax payers of Texas are losing around \$2,000,000.00 annually in not providing the precess. \$3,000,000.00 annually in net providing the neces- Gas Engine and Tool Shop, war-

BONDED ROAD INDEBTEDNESS

By the Board of County and District Road In-debtedness, there is impounded at the present time around \$9,000,000.00. This money is provided by a levy of one cent on every gallon of gasoline that is sold and for the revery gallon of gasoline that is sold, and for the purpose of retiring the bonded road indebtedness of those counties that pioneered in road building. Roads built in the early days of Eastland County have long since ceased to be Eastland County's roads. They are traveled by tourists from every state in the Union, and by citizens from every section of Texas. Fair thinking people have long recognized the fact that the state should to Hall Walker, warranty deed. pay said bonded indebtedness. I, therefore, favor diverting this money so impounded to the counties entitled to participate therein to retire said bonded indebtedness, or the board retiring enough of said indebtedness on a pro-rata basis so as to reduce the amount impounded to an emergency balance of \$1,000,000.00, or a reasonable amount. The bonded indebtedness is decreasing and the fund is increasing and it is estimated that in another 10 years a balance of \$20,000,000.00 will have been impounded. Several attempts have been made to divert this money to the General Fund which would certainly be a tragedy and an injustice to those counties for which the fund was created. THE STATE OF TEXAS OWES EASTLAND COUNTY, BY REASON OF HER PARTICIPATION IN THIS FUND, MORE THAN \$200,000.00. established, payment should be alike to all, and the fact that one has children should not be a govern-

CONCLUSION When the people of Texas become convinced that we cannot, during the next 20 years, as we have during the past 20 years, let our state expenses increase 670%, while taxable values are increasing only 43% and our population only 38%. and elect enough economically minded men to the legislature to effect economy, then and then only will the people obtain the desired relief. I sincerely believe that if the recommendations of the State Auditor, the Senate Finance Committee and the statement of practically every candidate running for high state office are followed, together with new money now being collected and unappropriated, that new taxes will not be needed, and that we will have ample funds to take care of old age assistance, teacher retirement, blind and dependent and ne-glected children and the program in general as out-lined herein, and I shall not favor more taxes until it can be shown that we cannot conserve the funds

the many injustices and pitfalls incident to this type of insurance. It is sold principally to the old folks, and to those who, for many reasons, cannot purchase Old Line Legal Reserve Insurance, and by reason of the very lax laws governing such insurance we have records where policies have been settled for practically nothing, mortuary funds (Political Advertisement) we now have.

Based upon my record as a public servant and my qualifications I earnestly solicit your support at the polls on July 23rd.

Respectfully submitted, P. L. (LEWIS) CROSSLEY.

Large Turnout **Expected For** Ranger Tourney

Qualifying rounds for the Ranger Invitation Golf tournament will be completed by Friday, June

nd finals will be played Sunday It is expected that between 80 and 100 golfers from over this part of the country will take part chapter this for n the tournament, as invitations sive have been mailed to nearly 40 of ac untry clubs in Central Texas. Saturday night, at the conclusion of the first day of match play dance will be held at the club-

house. A good orchestra will be ecured for the dance. This will be the first golf tournament held in Ranger for two years due to reorganization of the Ranger Country Club and instalation of grass greens to replace the sand greens that were used for a number of years. No tournament was held last year, as work

was still being done getting the greens in the best possible shape. Fairways are in excellent conition this year, with the greens
