Uruguay Acclaims Democratic Chief

Inaugurated amid the wildest acclaim accorded any incoming president in 50 years, Gen. Alfredo Baldomir, above, has taken office as president of Uruguay at the head of a regime pledged to restore a democratic and constitutional administration. Relations between the South American nation and the United States are expected to improve under his government.

Pointers Given In Entering Toad And Bicycle Event

H. J. Tanner, secretary of the Eastland Chamber of Commerce, Wednesday announced that all entrants in the bicycle parade and race, one of the events carded for Eastland's three-day celebration beginning Saturday, should register at the C. of C. office. The parade will be Monday morning.

At the same time Tanner again reminded that persons with entries in the horned toad derby should register their toad with the timekeeper at the city park Monday afternoon, time of the race. Each toad must have a tag around its neck with a number. By the number judges will be able to determine who owns the winner.

Indications point to a heavy attendance at the celebration events, Tanner said.

Directors Named, Officers Chosen At Peanut Parley

Directors of the Southwestern Peanut Growers' association, one or four such organizations in the United States for the stabilization of peanut prices, were elected and officers chosen Tuesday at a meeting in the 88th district courtroom at Eastland.

Directors named were: J. D. Sargent, of Tolar and R. B. Alexander, for the Fort Worth vicinity; Conrad Schaefer of Rising Star and T. D. Robinson, of De Leon, for the Central Texas vicinity; and J. E. Bright of Pleasanton and G. R. Sanders of Pearland, for the South Texas vicinity.

Schaefer was named president. Sargent the vice president and Robinson secretary-treasurer. A manager is yet to be chosen.

A. M. Dickson, senior marketing specialist, marketing section, AAA of Washington, told the group a peanut marketing control program has not yet been arranged.

Eastland County Farmers Urged To Attend Course

Eastland county farmers should be represented at the farmers' short course at A. & M. college on July 14-15 by at least 10 farmer delegates, according to County Agent Cook, who is prepared to enroll all those who wish to attend. Cook points out that expenses of the trip will run less than \$10 per person and that the three-day course for adult farmers offers one of the best programs ever planned for Texas farmers.

Farmers interested in making the trip should contact the county agent as soon as possible so that bus transportation can be arranged and room reservations made. It is hoped that all reservations can be made not later than July 1st.

The first day of the short course will be devoted to discussions and demonstrations of soil conservation. County judges, county commissioners, farmers and tank-building contractors will discuss methods they have used in their counties to put over successful programs of soil conservation. Conservation work in Texas will be reviewed by H. H. Williamson, director, Texas extension service, and M. R. Bentley, extension agricultural engineer.

On the 14th, discussions of cotton variety improvement will be held by those who have been leaders in this field.

On the 15th, a review will be held of the economic situation affecting Texas agriculture, led by Dean E. J. Kyle.

Each afternoon of the three days will be devoted to sectional meetings on various phases of agriculture, such as poultry, wildlife, field crops, horticulture, pecan propagation, disease and insect control, dairying, beef cattle sheep and goats.

Mrs. Perkins Is Named Member of Fair's Committee

Mrs. Joseph M. Perkins of Eastland has accepted an invitation to become a member of the Texas advisory committee of the New York World's Fair 1939, Inc.

The invitation was issued jointly by Mrs. Vincent Astor, national chairman of the advisory committee, and Grover Whalen, director of the event.

The appointment was at the recommendation of Mrs. William P. Hobby of Houston, chairman of Texas advisory committee. Duties of the Texas committee members will be selection of the state's exhibits at the event.

A record breaker in juvenile entertainment enterprises in Eastland was Saturday morning at the Connelley theatre when Cecil Barham, resident manager of the Texas Consolidated Theatres, Inc., was host to 1,000 youths.

Pop corn, to as many children, was given by the theatre without charge.

The free show and pop corn was given by the manager in order to meet the children of Eastland. Feature attraction was "Bulldog Drummond's Perils." Shorts were an extra attraction.

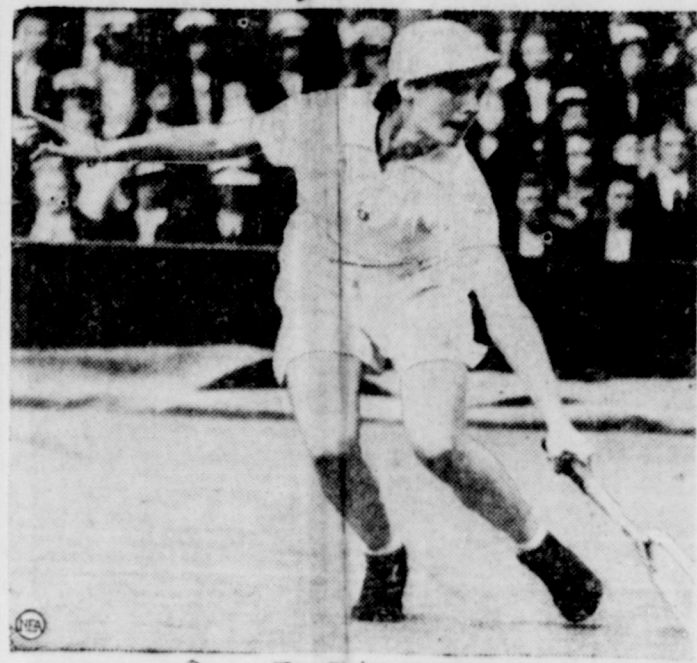

\$1,000 Repairing Program Started At Eastland Church

W. M. Bagley, contractor on \$1,000 in repairs to the First Christian church at Eastland, reported Saturday that work will be completed the latter part of July.

Work on the church, now under progress, includes repapering and canvassing, construction of a new concrete bapistry, repainting of the interior and general overhauling.

The construction program is being carried out through direction of the board of trustees, composed of J. A. Beard, E. E. Wood and George Harper.

Of Necessity and Invention—

Lovely Kay Stammers, British net star who will be one of the favorites in the All-England tournament at Wimbledon, found her tennis shoes gave very poor footing on a court rendered slippery by rain, so she pulled a pair of black socks over her shoes to give her a better grip on the sod. The graceful action shot of the English beauty was taken during her Wightman Cup match with Helen Wills Moody, which she lost to the American star, 6-2, 3-6, 6-3.

WIDE ATTENDANCE SEEN FOR EASTLAND'S JULY 4TH FETE THIS WEEK

Preparations, nearly complete, went forward Thursday for Eastland's second annual July 4 celebration which begins Saturday and ends Monday.

Adding interest to the carded events was the announcement that the Anson group of dancers who have won national recognition for their reenactment of Larry Christendon's Christmas Ball will probably attend the celebration. They recently gave a performance at Washington, D. C.

Also of interest was announcement that a Mineral Wells square dance group which appeared at the World's Fair in Chicago would be on the Saturday program.

Entries were being received gradually from over the area for the bathing review Monday night, one of the principal events of the celebration. Latest entrants were from Graham and Sweetwater.

Those in charge of the regatta tourney Sunday at the city park said teams had been invited from Merkel, Wichita Falls, Sweetwater, Abilene, Baird, Stamford, Dallas, Fort Worth, Weatherford, Mineral Wells, Breckenridge, Ranger, Cisco, Pumpkin Center.

Officials also emphasized that spectators who do not understand the game are invited to ask players question on the game. The event begins at 9 a. m. Sunday.

Officials issued a request for all old fiddlers of the area to enter the event which will be staged Monday at the city park. Those who attend the park events will have free ice water available.

Taking on a more important phase, too, was the horned frog derby Monday at the park. The affair had taken on wide interest from over the area, state and even California.

Oskie Wow Wow, University of California World Collegiate champion racefrog, will accompany Cowboy, Abilene entry, to the derby. The California toad beamed world collegiate champion by beating Cowboy out by a nose in the collegiate canter of the sixth annual California derby at Coalinga, Calif., last Saturday.

Roberts is Facing Charge at Albany

Reputy Sheriff Tug Underwood reported Saturday that Bill Roberts, who recently received a 10-year sentence after conviction on a charge of robbing a Cisco service station with firearms, has been taken to Albany from Eastland to face a similar charge.

Underwood added that Roberts will be returned to Eastland later to face two other charges of robbing with firearms.

Absentee Voting To Begin July 3rd

Absentee voting in the July 23 election will begin July 3 and end midnight July 19, it was announced Saturday by County Clerk R. V. Galloway.

DIVORCE GRANTED

Divorce was granted Tuesday by 91st district court to Connye Bryant from Arthur Bryant. Custody of three children was awarded the plaintiff.

Fire Chief Urges Cooperation In Keeping Losses of Year Down

A gift of \$2,500 is awaiting Eastland property owners if they co-operate with the fire department for the remainder of 1938 and keep losses to the level of the first five months. Chief A. W. Hennessee said Tuesday.

Federal Poison For Hoppers Still Available, E. Cook

Government bran and poison for controlling grasshoppers are still available at the planing mill in Cisco, to Eastland county farmers although the state allotment of this poison has been issued out to the counties and some counties have exhausted their supply, according to the county agent.

It is emphasized that Eastland county farmers who intend to control their grasshoppers should do so at once as the surplus poison supplies on storage in the county will be released to other counties as soon as the shortage in other counties becomes acute.

Forty-six thousand six hundred pounds of grasshopper poison have been mixed at the plant in Cisco and distributed to farmers and ranchers in the county.

Those applying the material according to instructions report that they have their hoppers under control.

C. C. McFadden of Dothan reports that he is successfully protecting his 31 acres of cotton and 45 acres of feedstuff by poisoning a zone around his fields in addition to sowing mash in the part of the crop already infested. He has also controlled wingless May beetles by poisoning fence rows late in the afternoon.

The zone which he is poisoning around his fields is about 70 feet wide. As soon as grasshoppers migrate into this zone out of adjoining infested territory, McFadden repoisons the zone, thus keeping the hoppers entirely outside his cropland.

Kenny Gets Thanks At Tuesday Parley Of Eastland Club

Concluding a year's tenure as president of the Eastland Lions club, F. M. Kenny was given a rising vote of thanks for his administration at the weekly luncheon at the Connelley hotel Tuesday.

Kenny, to be succeeded next week by Rev. J. L. Cartledge, thanked the club for the members cooperation.

Earl Woody and R. S. Sears were appointed members of a committee to work with other civic organizations on a proposal for a municipal golf course.

Collen Satterwhite's orchestra played several numbers. Donald Kinnaird was program chairman.

Hen Lays Weight In Eggs Every 12 Days at Eastland

D. D. Walker, who resides on the Dr. J. H. Cason farm on the south edge of Eastland, has a three-pound white leghorn hen which lays its weight in eggs every 12 days.

The hen has been laying four-ounce eggs—about twice the normal size, say extension agents—since Feb. 1.

Ordinary feed is used for the hen, which was obtained from the Bell-Hurst poultry farm stock at Eastland.

All Candidates In County Pay Costs

Every candidate for precinct and county candidate in Eastland county who had announced for office paid by Saturday the required assessment fee, Oscar Lyrlin, chairman of the Eastland County Democratic Executive committee, announced Tuesday.

Kahrs Estate is Placed at \$10,069

Estate of John H. Kahrs, who died April 8 at Ranger, has been appraised at \$10,069, records filed with County Clerk R. V. Galloway disclosed Saturday.

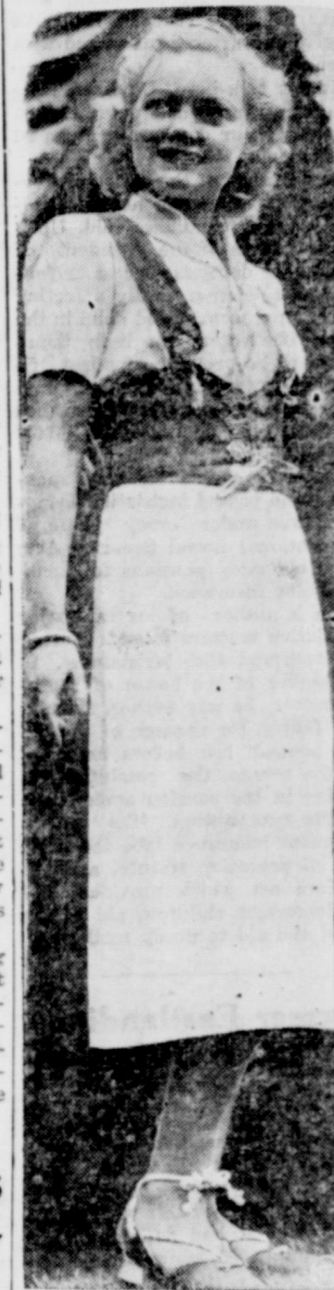

Queer Cucumber Is Shown Wednesday

D. H. Galloway, Route 1, Ranger, and A. E. Rogers were in town today, displaying a lemon cucumber grown by Galloway on the Rogers farm.

The cucumber had a portion of the vine grown into its side, making it appear that a leaf was growing directly out of the cucumber.

They stated farming conditions were good in their part of the county, with peanuts and cotton and corn looking good. A rain Sunday enhanced the crop prospects.

Swedish Charm

A full-skirted dress of smooth white crepe is a perfect background for the turquoise linen suspender bodice—an authentic copy of an accessory which Scandinavian peasant girls wear. The metal charms which trim the suspender bodice were brought direct from Sweden.

Taylor County's Pioneers to Meet For Annual Event

The Taylor County Old Settlers Reunion association will meet at Buffalo Gap July 15-16, according to an announcement received here Tuesday.

July 15 has been set aside for a program in honor of the old settlers. The following day, state, district and county candidates are expected to speak.

T. A. Bledsoe is president of the reunion organization. Other officers are Jim Hurt, vice president; W. F. Jones, secretary-treasurer; Mrs. W. F. Jones, assistant secretary; Dan O. Connell, marshal, and Will Watson, announcer.

SINGING MEET PROMISES TO ATTRACT MANY

Prominent singers from over the state have been invited to attend the all-day singing meeting Sunday at the Eastland High school auditorium in Eastland, it was announced Tuesday by R. L. Rust, active in making arrangements for the event.

The all-day singing is a feature of Eastland's July 4 celebration which begins Saturday and ends Monday.

Heavy attendance from over the area is expected for the singing which begins at 10 a. m. Free ice water is to be furnished, and fans arranged for the comfort of those who attend, it was stated.

Among prominent singers accepting invitations to the meeting include Ernest Rippetoe of Dublin, V. O. Stamps of Dallas, Lawrence Deavers of Snyder, T. H. Westbrook of Sweetwater, Wade Willis of Abilene and C. B. Ribble of Caddo.

Denvers is president of the T.P. Sunshine Singing convention and Ribble is immediate past president.

JURY DISMISSED

Jurors reporting Monday morning in 91st district court were dismissed for the term by Judge George L. Davenport.

CANDIDATES MAKE REPORT ON EXPENSES

Tuesday was the final date for filing of first campaign expense reports and the following information was among that given in the county clerk office by candidates not listed previously:

T. C. Williams, county superintendent, \$292.

T. H. Landon, county surveyor, \$5.

Ben F. Pryor, constable for precinct No. 1, \$22.50.

Oscar Schaefer, county commissioner of precinct No. 3, \$91.80.

W. S. Adamson, county judge, \$372.50.

J. W. Noble, county commissioner precinct No. 4, \$115.50.

J. D. Barton, county commissioner precinct No. 1, \$174.50.

Claud (Curley) Maynard, district clerk, \$352.25.

Arthur Bennett, county commissioner precinct No. 2, \$158.

A. L. Stiles, county commissioner precinct No. 1, \$188.25.

C. H. O'Brien, assessor-collector, \$371.30.

Mrs. Frances (Holbrook) Cooper, treasurer, \$252.50.

H. M. Carleton, constable precinct No. 1, \$19.

Garland Eranton, county treasurer, \$318.50.

J. F. Mitchell, justice of peace, precinct No. 2, \$20.

Arch Bint, county commissioner precinct No. 4, \$93.90.

Omar Burkett, representative 107th district, \$175.25.

Noah Young, county commissioner precinct No. 2, \$108.35.

G. W. Hardin, justice of peace precinct No. 7, \$10.80.

Loss Woods, sheriff, \$261.60.

Walker W. Martin, county commissioner precinct No. 2, \$108.

Earl Conner, Jr., criminal district attorney, \$395.

Guy Robinson, constable precinct No. 1, \$34.

Joe Wilson, justice of peace precinct No. 6, \$17.50.

W. W. Eddleman, constable precinct No. 7, \$14.50.

H. V. Davenport, county commissioner precinct No. 1, \$142.

Aaron Bryant, constable precinct No. 5, \$12.50.

J. T. Chapman, justice of peace precinct No. 5, \$10.50.

J. O. Arnold, justice of peace precinct No. 7, \$7.57.

Virge Foster, sheriff, \$305.50.

Saturation Logged In Comanche Test Offsetting Hodges

Officials of the Lorraine Oil company at Dallas have reported that casing had been ordered for testing of 100 feet of saturated Marble Falls lime cored at the firm's No. 1 Laura Hale, northcast offset to the discovery in the Duster area, Comanche county.

The officials gave the total depth at 2,702 feet with first saturation logged at 2,525 feet with the best saturation the last 100 feet. Casing is to be landed to 2,520 feet. Operators plan to acidize if necessary.

The area was opened several months ago by Dobbs No. 1 Hodges. This is the second well for the area and is on an acreage which the company acquired from Dobbs. The company has announced plans for another test.

Registered Jersey Heifers Inspected

County Agent Elmo V. Cook and Assistant Agent Hugh F. Barnhart, Saturday inspected registered jersey heifers bought recently by Future Farmers of America members at Rising Star.

INTEREST FOR JULY 4 SHOOT REPORTED HIGH

Interest is widespread in the organization's annual July 4 shoot for next Monday, said officials of the Oil Belt Gun Club Thursday afternoon. The event is on the third day of Eastland's July 4th celebration.

Invitations have been sent to 200 shooters of the state and acceptances are expected from three-fourth the number, it was stated. The club is located on the Fd Castleberry ranch eight miles north of Eastland and 20 miles south of Breckenridge on Highway No. 67.

A feature of the shoot will be a barbecue lunch and supper free to shooters and their families. Club rooms, bridge tables and equipment will be available to ladies.

Traps will be open for practice shooting Sunday afternoon, July 5, on the regular weekly shoot date.

Persons who compete in the event are not required to shoot for money. Money division will be 20 percent, 20 percent, 20 percent, 20 percent and 20 percent. All shooters have been requested to purchase shells on the ground. All regular brands will be sold.

The program for the shoot included the following information: Regulation Trap: four events, 25 targets; targets 75c; optional money \$1.00.

Skeet: four events, 25 targets; targets 75c; optional money \$1.00.

Meeting of Aged Called for July 6

Rev. J. H. Taylor of Eastland, president of the Eastland County Old People's Security League, announced Thursday a meeting would be held Wednesday, July 6, at 1 p. m., in the county courtroom.

Business will include the report of a delegate sent to a recent state meeting at which it was discussed for whom the aged of Texas should favor in state races.

George A. Davisson Bids for Position In Breckenridge Talk

BRECKENRIDGE, June 30.—Continuing his campaign to bring back confidence in government, through action rather than political promises, George A. Davisson, Jr., candidate for lieutenant governor, was here Tuesday. He spoke briefly and afterwards talked with friends.

In his talk here, Davisson lashed out at those who would attempt to change our democratic form of government.

Importance of the office of lieutenant governor can not be exaggerated, the candidate said. Upon the shoulders of the president of the senate depends success or failure of legislation vitally affecting every man, woman and child in the state. The voters owe it to themselves to be protected against financial interests, against daydreamers, against the arrogance of those who do not even offer platforms, he declared.

Davisson claims to have sponsored and passed legislation bringing Texas under every phase of the National Social Security Act from old age pensions to unemployment insurance.

He is author of several major legislative matters passed during the 44th and 45th legislatures. As a member of the house of representatives, he was author, sponsor and fought for passage of the old age pension law before amended by the senate, the resolution resulting in the pension amendment to the constitution, the unemployment insurance law, the present oil proration statute, and the welfare act which provided aid to dependent children, aid to the blind and aid to needy mothers.

Former Eastlandite Is Freed by Jury

MIDLAND, June 30.—R. D. Maxwell, Odessa, said to formerly have resided at Eastland, tried here in district court on a bigamy charge, was freed this week by a jury after it had deliberated approximately 45 minutes.

STEPS TAKEN FOR RETURN OF SUSPECT

From Bushnell, Fla., came information Thursday that Sheriff W. T. Coleman is leaving for Eastland to return a man captured Tuesday, who was indicted for first degree murder in Sunset county, Florida, 13 years ago.

Sheriff Coleman was quoted as saying the man to be returned is Dr. R. E. Watts, now in the county jail at Eastland, whom a grand jury at Bushnell charged with killing J. W. Prince at Willwood, Fla., May 28, 1925.

Dr. Watts was captured by Eastland County Sheriff Loss Woods, Callahan Deputy Sheriff Peterson and Deputy Sheriff A. D. Carroll while the suspect was camping under a tree near Brad, Palo Pinto county.

Sheriff Woods quoted Dr. Watts as saying he was weary of eluding officers. The suspect waived extradition.

Son of Eastland Residents On Tour of Europe Countries

Robert Dwyer, son of Mr. and Mrs. Frank Dwyer of Eastland, is on a three month European cruise with students of the Naval Academy at Annapolis, Md.

Dwyer, a third classman, is one of three ships of students who will visit France, Denmark and other countries. The trip was started this month and will end August 2.

Appeal Is Filed In District Court

T. L. Crowder has filed suit against Casualty Underwriters in 51st district court in appeal from a June, 1935, decision of the Industrial Accident Board at Austin. Crowder seeks \$1,400 for an injury he alleged occurred March 25 this year while employed by Jensen Construction company at Cisco.

The plaintiff alleges that he suffered a leg injury at Cisco while with other workers carrying a sidewalk form across slabs or forms being used for forms of a viaduct.

CUPID WAS MUCH FASTER

Gene Venzke is fast enough on the cinders, but Dan Cupid had little trouble catching him. The one-time Pennsylvania miler married the former Mary Margaret Eisenhower of Reading in Hollywood, Calif., where they are pictured in the garden of a friend's home.

Castleberry Feed Store Is Bought By Ranger Citizen

Purchase of the Castleberry Feed Store in Eastland from Frank Castleberry was announced Wednesday by A. J. Ratliff of Ranger.

Castleberry, who has been in Eastland since 1921 and in the feed business since 1927, is to devote full time to his ranching interests.

Ratliff has been a long time resident of Ranger and has operated a feed store in that city.

Ratliff is the distributor of Gold Chain flour and will buy and sell all kinds of feed. The business will be wholesale and retail. "We are proud to become affiliated with the business and social interests of the community," stated Ratliff in an announcement.

No changes in the personnel of the feed store at Eastland are contemplated. The store is on North Seaman street.

Three of Eastland On High Grade List

Three students of Eastland were named as honor students at John Tarleton College today in a report from Registrar Charlie S. Wilkins' office after reports of second preliminary grades were in.

Leo Hatten, John Kley and F. C. Williamson were the Eastland students included on the semester honor roll. Honor roll students are required to make 30 grade points during the semester.

Cockrill Returns to Gorman from Capitol

J. W. Cockrill, secretary to Congressman Clyde L. Garrett, returned Wednesday to Gorman from Washington and stated the legislator should arrive in Eastland within a week.

Sam Conner, another secretarial worker for Congressman Garrett, has already returned to Eastland. Garrett's between-session office is to be opened at Eastland.

Long Separated, Relatives Reunited

For the first time in 35 years J. C. Donaldson of Eastland this week saw a sister, Miss Beatrice Donaldson, of Callman, Ala.

The last time the brother and sister had seen each other was in Callman.

Accompanied by Miss Susie Humphries and Mrs. Annie Lipscomb, both nieces of Mr. Donaldson, Miss Donaldson left Thursday ending the visit and returned to Alabama.

9,400 Young Texans Were Employed On The N.Y.A. Projects

AUSTIN—At the end of this fiscal year, 9,400 young Texans were being employed part-time on National Youth Administration work projects in Texas. J. C. Kellam, State Youth Director, announced. This number is the largest assigned to the work and training program during the year, he said.

These young people, many of whom have never had a job before, are assigned to 250 work projects which are sponsored by City and County governments, by school district boards, and by other public agencies. Seven Resident Projects are providing work and training opportunity for about 400 boys and girls in agriculture, shop work, and recreation leadership and for negroes in domestic service. Seven part-time Resident Projects are providing work and training in homemaking for 300 Texas girls.

Construction work is underway on four Community Centers, which NYA youths are helping build for the use of their home towns. Applications for several other Centers are to be acted upon early in July. Home economics cottages and a vocational agricultural shop are being constructed at four schools, and the construction of an administration building in the park at Buchanan Dam is under way.

"On these and other projects over the State, the NYA is providing part-time work and job training for these boys and girls who haven't yet found their place in industry," Mr. Kellam said. "They are gaining an opportunity to learn while they earn."

Choice Space Is Given Buick Auto For Annual Show

Buick's forward strides in sales during the past year have resulted in the award to this manufacturer of choice of third position in the allotment of space at the 1936 National Automobile Show in Grand Central Palace, New York, according to word received today by Muirhead Motor Co., local Buick dealer, from W. F. Hufstader general sales manager.

"When the annual automobile show opens this Fall, the spotlight will be on Buick because of this distinction," Jack Muirhead said. "According to the information from Mr. Hufstader, choice of space is granted by the Automobile Manufacturers' Association which sponsors the New York show, on the basis of the dollar volume of sales by members of the association during the 12 months ended May 1. By virtue of having achieved the third greatest dollar volume during the period, Buick wins the right to one of the choicest display spaces in the great exposition hall."

Mr. Muirhead said the Buick shift to third position will constitute the major change in arrangement of displays at the National Automobile Show this year. Buick climbed to its present place from sixth position last year, he said.

In his letter to dealers, Mr. Hufstader praised the Buick retail organization for the splendid achievement.

"You will be proud to learn," he said, "that Buick has been awarded third choice of space at the National Automobile Show in New York this Fall, having achieved third greatest dollar volume of space granted by the Automobile Manufacturers' Association for the year ended May 1."

"This is indeed an outstanding record and congratulations are due Buick dealers and their salesmen, who accomplished it. It is a tribute to the entire dealer organization and to the splendid Buick car."

ture shop are being constructed at four schools, and the construction of an administration building in the park at Buchanan Dam is under way.

"On these and other projects over the State, the NYA is providing part-time work and job training for these boys and girls who haven't yet found their place in industry," Mr. Kellam said. "They are gaining an opportunity to learn while they earn."

THE WEEKLY CHRONICLE

Established Nov. 1, 1887
Entered as second-class matter at the postoffice at Eastland, Texas,
under Act of March, 1879

Published Every Friday
Office of Publication: 106 East Plummer Street. Phone #61

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be gladly corrected upon being brought to the attention of the publisher.

Obituaries, cards of thanks, notices of lodge meetings, etc., are charged at the regular advertising rates, which will be furnished upon application.

What Is Happening, and What Matters

Among the people who get gray hairs during the depression is the newspaper editor.

Not only does the editor have all the ordinary depression worries about payrolls, balance sheets and so on; he also has the responsibility of laying daily before his readers a mental bill of fare calculated to tempt their appetites.

Consider what the editor has had to choose from lately.

He has had an unusually bloody and cruel war in China, with day-to-day lists of cities bombed, non-combatants blown to bits, towns sacked, armies routed and spies executed. He has had an equally distressing war in Spain, with much the same sort of fodder coming out of that hopper. He has had rumors of war from all over Europe, with troops mobilizing on peaceful borders, cabinets tottering, Russians being executed, armaments being piled up and a general miasma of fear and suspicion spreading across every land.

At home he has had a vindictive and occasionally unprincipled political row to report. He has had a stupendous unemployment problem to tell about, an equally stupendous problem in government finance to expound, a series of strikes to report, and a whole list of minor unpleasantnesses like kidnappings, holdups, airplane disaster and soon to tell about.

All of which brings us to the stunt a certain metropolitan editor in the middle west tried the other day.

He had the usual grist of catastrophes to choose from when he made up his front page; a Spanish bombing, a Sino-Japanese battle, a new blood-and-thunder speech by Hitler, another frog-eye act by Mussolini, a factory strike down east, and the like. And he finally turned his back on all of these things and built his front page around the fact that the woman who had headed the local library, and had done a grand, peaceful, constructive job of it for something like a quarter of a century, was resigning her position.

Well, maybe the editor was right. Maybe his readers unconsciously blessed him when their morning paper told them that in spite of all the hell that has broken loose the unspectacular business of making a more civilized world was still going on. Maybe a story doesn't have to have a corpse in it to be news, after all.

If you were an editor, how would you look at it?

British women of fashion are reported dyeing their dogs to match their dresses. It's nice American women are content to confine themselves to the toe-nail.

Three male members of the Northwest Territory Caravan re-enacting the trek of pioneers have had their hair waved. That whirling sound you hear is Daniel Boone spinning in his grave.

WORK IS RESUMED ON
DEEP DESDEMONA TEST
AFTER LONG LAY-OFF

Good news to oil-minded residents of this area was the resumption this week of activity on Gallagher-Lawson et al Mrs. Bobbie I. Terry, 5,500-foot Comanche county test near Desdemona, Eastland county, in the N. H. Kuykendall survey.

Work was abandoned several months ago when the test, to try the Hickory sand, was halted at total depth of 4,978 in Ellenburger lime topped at 3,404 feet. The No. 1 Terry was spudded in May, 1937.

Upon the outcome of the deep test, say some observers, rests much of the future interest in this territory.

Since similar projects have often proven highly successful, interest was attached to announcement of Morris and Everett of Fort Worth that they will clean out two and a half miles north of Ranger No. 1 D. A. Hestellow, Frances Harnes survey, which was plugged in the oil boom less than a year after it came in with an initial production of 1,000 barrels from the 3,000-foot vicinity. Location is 150 feet from the south and west lines of the 100-acre Hestellow tract out of the Harnes survey.

Years that have elapsed since this area's oil excitement have shown that many wells, some capable of producing several hundred barrels, were plugged by operators who wish to pull pipe and use it with the intention of finding gusher production. The Hestellow No. 1 was formerly known as the Prairie Oil and Gas company property.

Preparations were underway in Stephens county to test G. Willard Rich No. 1 J. W. Andrews, six miles east of Moran, which topped sand at 3,667 feet where oil string was landed. While pulling outside casing the latter part of the week the well made an unexpected unestimated flow. Indications are that the well, in section 39, block 7, T. & P. survey, will make a producer from the Lake sand.

Cleaning out was continuing on the Hayner, Reaves and Hose No.

1 P. C. Larkin, three and a half miles northwest of Rising Star, Eastland county, section 40, block 2, ETRR survey. Total depth of the test, showing as a producer, was reported 3,098 feet.

In Callahan county, four miles north of Putnam, it was reported shutdown orders had been received for Wittmer Oil and Gas Properties, Inc., No. 1 R. D. Williams, section 2269, TE&L survey, after it had been plugged back to 3,328 feet in the Caddo lime.

Dorothy Oil company No. 1 Mrs. J. L. Johnson, one and one-fourth miles from Eastland west, in the east half of the southeast quarter, section 29, block 4, H&TC survey, at 1,200 feet was drilling. It is in Eastland county.

Also in Eastland county, J. F. Baker No. 2 N. T. Mullory, section 1, William Ahrenbeck survey, five miles northwest of Rising Star, a 3,200-foot project, at 750 feet was drilling.

W. J. Dobbs No. 1 Greer, Eastland county test, two and a half miles south of Carbon, J. E. Harrelson survey, was shut down at total depth of 800 feet.

Hickok Producing and Development company No. 1 G. C. Cleveland, eight miles northwest of Cisco, section 476, SPRR survey, Eastland Ellenburger lime area, was underreaming 15 1/2-inch pipe past 600 feet.

Lone Star Gas company No. 1 E. H. Brooks, section 54, block 7, T&P survey, 800 feet from the same firm's No. 5 R. W. Brooks, a recent gasser, was drilling at 800 feet, Stephens county.

In Comanche county, R. D. Compton was shut down at 400 feet on No. 1 Griffin, block 2, Comanche county school lands, nine miles south of Comanche.

Palo Pinto Oil and Gas corporation No. 21 Strawn Coal company, 4,978 feet from the north, 5,065 feet from the west lines of the A. Ashworth survey, Palo Pinto county, at 950 feet was drilling toward 3,000 feet for gas production. Location is two and a half miles north of Strawn.

Only new locations for this immediate area were shallow projects in Brown county: Priebe Exploration company No. 1 T. C. Brown, five miles southwest from Brownwood, Kerr county school land, 450 feet from the south line and 1,940 feet from the west line of the Brown 135-acre tract, 450 feet contemplated; and W. W. Lillinger No. 1 C. Harris, five miles northwest of Brownwood, Prosper Mangle survey, 700 feet contemplated.

Ranks Are Given
At Pythian Meet

Second ranks were conferred Tuesday night at the Knights of Pythias Castle hall on J. C. and O. E. Lyeria, Clayton Hunt, C. A. Webb and D. E. Turner.

Previously Webb and Turner were given the first rank.

TAX IS SET

It has been ordered by officials that the administrator of the Mary Elizabeth Kleiner estate pay \$715 to the county tax collector as an inheritance tax on the estate.

Political
Announcements

The Weekly Chronicle is authorized to publish the following announcements of candidates for public offices, subject to the action of the Democratic primaries:

For District Clerk:
Claude (Curley) Maynard.

For County Treasurer:
Mrs. Frances (Holbrook) Cooper.
W. O. (Dick) Weekes.

Brining Pickles Is Explained to Girls At Kokomo Club

Fine table salt is not necessary in brining vegetables said Miss Mabel Caldwell, Assistant County Home Demonstration Agent to the Kokomo 4-H club girls at a meeting June 27, with Phyllis Donaldson presiding in the home of Mrs. L. R. Higginbotham, club sponsor.

Fine table salt is not a pure salt. A salt that will cake is best suited for brining. For brining cucumbers, you should use 1 pint of salt, 9 quarts of water, which equals a 10 per cent or 40 degree solution.

For brining peppers and cauliflower you should use 1 1/2 pints of salt, 9 pints of water, which equals a 15 per cent or 60 degree solution.

For brining onions you should use 2 pints of salt, 9 pints of water, which equals a 20 per cent or 80 degree solution.

A demonstration was given on brining cucumbers and since they are put down in a 40 degree solution.

CLASSIFIED

\$5 REWARD for return of small dirty Spitz dog, long toenails, no collar; head resembles fox. Call sheriff's office.

tion you can test them by the float of an egg.

Miss Caldwell also explained to the girls about the trip to A. & M. Short Course.

For the opening exercise the club prayer was repeated.

Those present were as follows: Phyllis Donaldson, Ima Timmons, Wanda Donaldson, Louise Eaves, Virda Mae Eaves, Mrs. L. R. Higginbotham, club sponsor, and Miss Mabel Caldwell.

Ranger Woman Is Buried On Monday

Mrs. Clara Agnes Hannold, 64, who died at her home in Ranger Sunday morning after a long illness, was buried Monday in Evergreen Cemetery, after funeral services at St. Rita's Catholic Church, with Father S. E. Byrnes conducting the services. Funeral arrangements were by Killingsworth's.

The decedent was born in Clarion County, Pa., Feb. 26, 1874 and had been a resident of Ranger for 20 years. She was a member of the Catholic Church.

Survivors include her husband, Henry F. Hannold of Ranger, one son, S. E. Hannold and one daughter, Mrs. J. R. Hargraves, both of Ranger, two sisters and one brother of Clarion County, Pa.

Mr. and Mrs. Hannold were married in Clarion in 1896 and came to Ranger in the early part of 1918, where they have since made their home.

Before moving to Ranger they followed the oil fields in Illinois, Pennsylvania, Ohio and other states.

Freezer Installed By F. M. Kenny at Local Drug Store

F. M. Kenny, owner of Kenny's Corner Drug store, Wednesday announced the installation of a Mill's Master Freezer by which the store will serve ice cream manufactured under the supervision of its employees.

The machine is the latest type and will freeze two and a half gallons of high quality cream every six to seven minutes, declared Kenny.

The cream sold at the store will hereafter be known as Kenny's Angel Food Ice Cream.

The freezer has a hardening temperature of 50 degrees below zero. It embodies the most satisfactory features and is the first of its kind installed in Eastland.

Abilene Is Easy Opponent In Long Game at Eastland

The Royal Blues team Tuesday night had an easy time defeating Abilene girls 22 to 5 at the Eastland Fire Department field.

The one-sided score made the game long and uninteresting to the spectators, but the Blues had a merry time increasing their batting averages.

Street's Dairymaids meet the Blues Thursday night on the Eastland field and a more closely contested game is predicted.

Saturday night the Blues play in Graham and on next Tuesday Tiny Morris, Fay Ash and the DeLeon girls will try to repeat the win they scored over the Blues on their last trip to Eastland.

The box score:

Abilene	AB	R	H	O
Rowlett, c	3	1	1	3
Snodgrass, p	4	1	0	2
V. Sample, sf	4	1	1	1

Spending Plans Of Industry To Boost Business

DALLAS.—A summary of the actual spending plans of eight basic industries for the balance of 1936, running to \$4,450,950,000, for expansion and production, is termed in a report of the All-South Development Council one of the most encouraging recession-fighting indices on the business horizon.

The flood of money put into alone.

circulation by these major industries to purchase new machines and equipment, raw materials for new buildings, and maintenance or increase of production must naturally find its way into new pockets, creating new business for hundreds of tributary industries and businesses, the report says, stimulating spending power over widely scattered areas.

As the "greatest spender" for raw and finished materials the world has known, the automobile industry, even in these times, will set the pace. According to the Forbes magazine survey, this industry will pour out nearly \$1,000,000,000 for materials, tools, equipment, dies, parts and accessories during the last half of the year. An additional \$140,000,000 will go for factory equipment

Steel, though producing most of its own raw materials, is spending \$165,000,000 for construction materials, expansion of new machines and equipment. Utilities plan to spend upward of \$300,000,000. Chemical and chemical process industries—of special interest to the South nowadays—are scheduled for these tremendous expenditures: \$50,000,000 for new plants, \$80,000,000 for equipment and supplies, \$180,000,000 for containers, \$300,000,000 for fuel and power, and \$1,350,000,000 for raw materials of mine, forest and farm.

Railroads, foods, textiles and petroleum are the other industries with prodigious spending programs for equipment, materials and buildings.

Not only as supplier of raw materials and fuels for these indus-

Poison Jackrabbits Now Urges Official

Eastland County farmers are urged by extension officials to poison their jackrabbits immediately so that a minimum amount of and other growing crops.

At this season of the year when green forage and weed seeds are abundant no single method of killing rabbits is always successful. Some will eat poison grain, others apples or potatoes dusted with strychnine, and poisoned salad placed in 2x4 blocks is sometimes effective.

Poisoned grain can be obtained from the County Agent at six cents per pound. Strychnine for dusting on baits made by quartering small apples or dicing sweet potatoes can be gotten at most drug stores.

Poisoned salt is made by mixing 1 ounce strychnine with 2 pounds salt. Bore 1 inch holes almost through 2x4 blocks. Fill these holes level with poisoned salt and dampen the surface to cause a crust. Place these or any other kind of poisoned bait a few inches to one side of regular rabbit runs or in crop areas being damaged.

SPOTTED FEVER TOLL HIGH

RENO, Nev.—One death in every six reported cases has been Nevada's average fatality rate for Rocky Mountain spotted fever communicated by ticks, according to Dr. A. F. Gardner, collaborating epidemiologist of the U. S. Public Health Service.

tries can Texas industry expect to benefit, thus transforming large shares of the industrial spending power of these forces into personal spending power for Texans, the report points out, but also these are potential gains for the state itself as a logical location for establishment of branch plants which the expansion plans, in many cases, embrace.

The movement for the stimulation of industry in Texas, rapidly gaining the endorsement of many leading citizens, is partly dependent for its success upon the ability of American industry in general to undertake new programs. The evidence set forth in this survey, therefore, of this ability and willingness to go ahead, provides encouragement and should marshal official support for the Texas drive.

A man in Arkansas says he has been robbed 15 times in the last 17 years. He must feel like the country of China.

Let's Think Back to
JULY 4th IN 1776

What a day that must have been... day of climax for an independence-minded group of colonies... and in Philadelphia, the solemn and fateful Congress in what is now Independence Hall. What a joyous scene must have taken place when the Liberty Bell tolled its glad message!

At that time and during the Revolution that followed, Banks played their important part in finance, industry and commerce... a part that in the succeeding years has become increasingly important and of far greater scope. Today, as a modern descendant of those original financial pioneers, our bank salutes the past with a great feeling of gratitude for those who so securely founded our democratic institutions!

THERE IS NOTHING NEW NOR STRANGE ABOUT CHANGE!

What was new yesterday, is old today, and will be obsolete tomorrow. "Jimmy Got It," a story appearing in last week's Saturday Evening Post, might startle the young reader, disgust the more mature, but how funny to the oldsters!

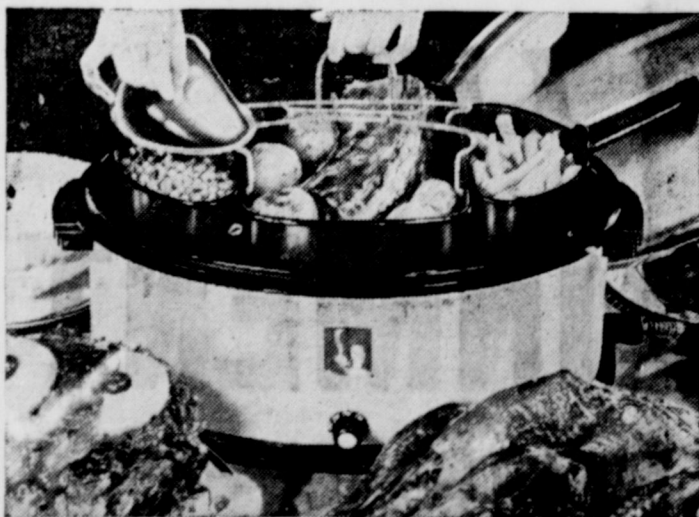

It must be the viewpoint, the outlook, or the setting that make the difference, but there is nothing that we can do about change.

Everything is changing, everyday, everybody. The nice homes we have on the market today may be gone tomorrow. Some of those we had last week are sold this week. If you are a tenant and keep putting off buying a home, beware of change! Its sure to happen, sooner or later.

HORTON TIRE SERVICE

ST. PHONE 258 EASTLAND

Jim Horton Features Firestone Truck and Tractor Tires

Men go "down to the sea in trucks" equipped with Firestone Ground Grip Tires to take in the rich haul of fish from the teeming waters of Laguna Madre, a bay along the coast of Mexico. This fisherman's paradise has long defied the efforts of Commercial fishermen because of its inaccessibility. Miles of soapy marshes surround the bay.

A leading fish company of Brownsville finally purchased a new truck and equipped it with Firestone Ground Grip Tractor Tires—11.25x24 in front and 13.50x24 in the rear. This solved the problem. The truck is making three regular runs each week carrying 3,000 pounds of ice on the outbound trip and 2,000 pounds of fish and 1,200 pounds of ice on the return journey. In rainy weather this truck travels in the marshland through mud and water three feet deep. Even where there seemingly isn't any ground the Firestone Ground grip tires come through. Fire stone Ground Grip Tires are sold by Jim Horton Service in Eastland and surrounding community. All makes of truck and tractor tires for any kind of roads or weather conditions are featured.

New Jersey Still Gets Letters On Hauptmann Case

TRENTON, N. J. — The shade of Bruno Richard Hauptmann, electrocuted as the kidnaper and murderer of little Charles A. Lindbergh, Jr., still hangs over New Jersey.

In the files of the state police is a mass of material bearing on the case. Mark O. Kimberling, state superintendent of police, who was keeper of the New Jersey state prison when Hauptmann was a death house inmate, says he receives an average of three letters a week about the case — some of them asserting that the writer has seen the Lindbergh baby, others insisting that the mystery which baffled the nation has finally been

solved. All such letters are filed with other data concerning the case.

Near the execution chamber where Hauptmann insisted until the end that he was innocent, is the tavern of Charles Schmidt. During the days preceding Hauptmann's execution, Schmidt's tavern was jammed with out-of-town people who wanted a glimpse of the somber prison wall and the heavy iron gates leading to the death house.

Although the large crowds have disappeared, the German tavern keeper still has memories of those exciting days while Hauptmann was being held in the death chamber. To this day, Schmidt argues that Hauptmann was not connected with the crime.

"That man was innocent," he says. "He did not harm that baby."

Once in a while a visitor wan-

Roswell Firm Sells 400,000 Pounds Wool

ROS WELL, N. M. — The Bond-Baker Warehouse sold more than 400,000 pounds of wool, comprising the clips of 15 ranchers, at a sealed bid auction.

The wool brought prices ranging from 15 1-2 cents a pound to 20 1-4 cents, with the average price bid for the wool running 17 cents and 18 cents.

ders into the tavern to talk about the case — some argue, some just listen while Schmidt tells of it.

All of the visitors want to see the death house, Schmidt says, but their desires remain unfulfilled, as the low prison building is hidden by high prison walls.

Bruges Will Hold A Medieval Fete

By United Press

BRUGES, Belgium. — A medieval pageant commemorating a famous religious relic, several drops of the blood of Christ, will be held in this old Flemish town in August.

The pageant, in which 2,000 performers will take part, will be staged in the Cathedral Square and is planned to rival the Passion Play of Oberammergau. The facade of the cathedral with its 250-foot belfry will be used as a backdrop. The chorus and orchestra, a thousand strong, will be directed by the composed, Arthur Meulemans.

Theban trumpets sounded from the top of the belfry will herald

the opening of the pageant, as the facade is flooded with light and angels in cloth of gold appear at the windows, balconies, and embrasures. The first scene ends with Joseph of Arimathea collecting the sacred blood in a vessel.

The second scene, one of medieval splendor, will show Thierry d'Alsace bringing the relic to Bruges on his return from the Second Crusade in 1159.

The third and final scene will recall the profound veneration of the people of Bruges for the relic, which is preserved in a gold and silver vessel encrusted with precious stones. This finale will represent, on a magnificent scale, the procession in medieval costumes that every year commemorates the bringing of the relic to Bruges.

Much has been made of a new machine that unscrambles eggs, but at Alcatraz they manage to soft-boil hard ones.

A motorist looked down the other day to find an adder beside him. In less time than it takes to tell, the two had changed positions, and the man was beside himself.

Vaccinate Now to Control Fowl Pox, Advised by E. Cook

Fowl pox (sorehead of chickens and turkeys and winter roup) are best prevented by vaccinating in the summer instead of waiting until the disease appears and then trying to control them, according to the County Agent.

Vaccination with fowl pox vaccine not only prevents pox, but also helps control contagious winter roup as the two germs that cause these diseases are closely associated and control of one helps control the other.

Fowl Pox usually shows up as small blister-like, yellowish growths on the comb, wattles, or skin of the head. Later these sores become dry and are covered with dark brown scabs. The birds become inactive, and there is often a nasal discharge. As the disease progresses, cankerous growths appear in the eyes and throat.

Although death losses from fowl pox are not as severe as might be expected death does occur in many cases due to stoppage of the windpipe. Even if few deaths occur, fowl pox is costly to any flock.

All birds that show symptoms of the disease should be isolated in a well ventilated room. The growths should be removed and the sores painted with tincture of iodine, a ten per cent solution of argyrol should be used the eyes are affected. It is well to give the confined birds a weekly flush of one tablespoon of soda for each gallon of water.

The method used is to pluck a few feathers from the thigh of the bird and to apply a very small amount of the vaccine to two follicles. Most laboratories prepare the vaccine in two containers, one with the pox powder and the other of glycerine water. When the birds are to be vaccinated, the powder is mixed with liquid to make the correct solution.

DELIVERED DAILY

LADY OF THE Orange Blossoms

Just now, Bride of June, you're walking in a dream—a fragrant, half-real mist of romance and roses. But in a fleeting while the honeymoon will be behind you. You'll be facing a world of facts with a shopping-bag on your arm. Doing your determined best to be the practical little housewife.

Cheer up! It's easier than it sounds. So much easier than it used to be! You need no special training today to be a thrifty shopper. The long ordeal of education by trial and error that Grandma underwent is a thing of the past.

Why? Because you have a dependable guide to buying, right here in the pages of this newspaper! Everything you want for your home and your table is advertised by reputable merchants, ready to stand behind their goods. News of bargains, accurate descriptions, prices—all the information you need is here.

Sitting at home, you can compare values and make your selections. Then fare forth to buy with confidence. Lucky lady!

Eastland Church Revival Is Called Thorough Success

The house was filled Sunday night for the closing service of the two weeks revival at the Church of God. The colored chorus did not arrive, due to being hindered. It is probable they will sing for us next Sunday night, or in the near future. Rev. Loudermilk left today for Cisco, where they begin another revival campaign with the Church of God there. The congregation greatly appreciated the services of Rev. and Mrs. Loudermilk; in fact the entire community had nothing but good words to say for their service here.

Sunday night the evangelist

spoke on the subject, "Bible Church." He emphasized the fact that modern methods of receiving church members was not scriptural. He declared that when the individual was converted or made Christian, then and there by virtue of the New Birth, he became a member of the Body of Christ, which is the church.

He referred to Acts 2:27 which states that the Lord added to the church such as were being saved. Man has taken in many who know nothing of conversion, and that is one reason why so many unbelievers aren't interested in the church. The church which Jesus built is a clean church free from hypocrites and all unconverted. Simple because they are inducted into the church by conversion, and by no other means can they find an inheritance, regardless of what they profess or what they seem to be on the outside, said the evangelist.

The local church extends a Christian welcome to all to attend our services.—Reporter.

Local Heavyweight Team Being Formed

Organization of an Eastland "heavyweight's" softball team was underway Thursday under the direction of Albert Taylor, whose aggregation will accept a challenge from a Cisco group.

W. J. Peters is captain of the Eastland team. All players must compete in the event with shorts. The time and place of the game is to be set.

Hipp's Station is Now Texaco Outlet Announces Owner

A full-line of Texaco products has been added at Hipp's Service station, George H. Hipp, owner, announced Saturday.

At the same time he stated that Gregg Simpson, experienced mechanic formerly with Burnside's, has assumed operation of the repair department of the service station.

Simpson, experienced with all types of automobiles, will give special emphasis to generator and starter work, said Hipp.

Hipp declared that the famous Fire Chief gasoline, as well as regular and Indian gas of the Texas company, will now be available to patrons at the station. Also the full-line of Texaco oil will be handled.

Willard batteries are still being sold at the station, Hipp added.

Sheriff Office Is Notified of Drop In Traffic Deaths

Texas traffic deaths continued a downward march in the month of May when 127 fatal casualties were recorded by state police, the Department of Public Safety has advised the Eastland county sheriff's department.

Records for May also revealed a decline of nearly 1,000 injured persons since April. Still, 1,045 persons suffered hurts in traffic collisions last month.

Of interest to State safety experts, who study conditions surrounding collisions, was the comparatively small number of pedestrian deaths—36. This indicated, they pointed out, that drivers are proceeding more slowly and pedestrians are more careful when crossing at intersections. Also, persons walking along streets and highways proceed toward oncoming traffic and not with their backs to vehicles. Educational programs have proved the value of this practice to pedestrians.

The hour at dusk—seven to eight p. m.—continued as "Death Hour," according to State records who said nine met death in May during that period.

State Police officials believe the lower death rate is due to aroused public opinion, more enforcement by local officers and increased highway vigilance by State Police. An additional 100 Highway Patrolmen were added to the force in June and are expected to provide for increased driving safety.

Another warning was issued by the safety officials to vacation drivers and tourists not familiar with Texas highways and traffic regulations. The officials urged motorists to stay within speed limits, eat lightly and get plenty of sleep before making long drives.

RETURN HOME

Brownie Woods and John C. Hyatt have returned to Olden from a vacation trip including stops in Colorado and California.
