

THE WEEKLY CHRONICLE

Eastland County's Own Progressive Publication For All The People

(Established November, 1887)

EASTLAND, TEXAS, FRIDAY, JULY 29, 1938

NO. 39

The Chronicle is the only weekly newspaper in Eastland having a paid subscription list

NTY GROUP INVITED TO MEETING

Judge W. S. Adamson, Don Parker and members of the court have been invited to attend a special meeting of the Texas County Judges' Association at Fort Worth August 5, at Fort Worth. The meeting will be held at the Highway Department road building.

Expected at the meeting are Harold M. LaFollette, state judge, and Robert Lee Bobbitt, state highway commissioner. Other members of the state highway commission are: John Wood and Harwood, state highway engineers; Charles Lochhart, state highway commissioner; and George K. Shepley, state highway controller.

and Knights Install Chiefs at Tuesday Meeting

Members of the Knights of Pythias at Eastland were in a public meeting at Castle hall, Tuesday night. The installing officers were: Herold, C. F. Shepperd, Claude and Les Dorsey.

nty Meeting Demos Slated Saturday at 3 P.M.

Lyleria, chairman of the county executive committee, announced Tuesday the county meeting would be held Saturday at Eastland. The meeting will canvass returns of the primary beginning at 3 P.M. and will begin at 3 P.M.

men's Meeting Laws 75 During Two-Day Run

Ruth Ramey, county home station agent, stated Saturday that the "miniature" short for home demonstration members drew an attendance of 75 during the two-day run.

cial's Daughter Proves at Hospital

Olivette Killough, daughter of Deputy Railroad Commissioner I. J. Killough, is improving at a county council meeting. It was stated.

Chief Quizzer

Caught by the candid camera at the Senate Civil Liberties Committee investigation of labor policy of "little steel" companies is Senator Robert M. LaFollette, chief inquisitor. LaFollette's questioning of one company representative led to a laugh when it developed that the witness helped carry Cleveland for LaFollette's father in the 1924 presidential election.

Colored Church to Get New Building For District Meet

The St. Paul Baptist Church (colored) of Ranger will entertain the West Texas Baptist District Association beginning August 16 and continuing through August 21, it was announced today by A. L. Dunn, pastor of the church. Since the old St. Paul church is not large enough to accommodate the people, the Gospel Center church building has been purchased, and is being moved.

As the finances of the church are low the members of the church, and the pastor, are calling upon the white friends of the church, seeking their help and cooperation in this cause. Several of the members have been authorized by the church to solicit funds in order that the building might be moved.

Rotarian Activity Coming Year Told

Work for the Rotarian coming year was outlined Monday by A. H. Henderson of Olden, new president, at the weekly luncheon of the Eastland organization at the Connelley hotel. Carl Springer, Henderson's immediate predecessor, assured Henderson he would have the cooperation of members in his work.

Tee Pee's Picnic Saturday at Cisco

The Texas and Pacific Coal and Oil company, Central Texas area division, annual picnic for executives, employees and families is expected to attract between 500 and 600 at Lake Cisco Saturday.

\$101,496 Figured As Estate Value

Community estate of R. F. Gilman, Cisco resident who died recently, and Mrs. Gilman has been fixed by appraisers as having net value of \$101,496.03, according to county court records Wednesday.

Tropic Air Mass Is Cause of Rain

WASHINGTON, July 23. — A tropical air mass, four miles deep in places and "dripping" with moisture, was blamed by the weather bureau today for rains over most of the United States during the last week.

The bureau said that there are no prospects of change in the next few days.

School Textbooks Are Called Musty

NEW ORLEANS. — Granting that school children get some "distillation" out of watching the state legislature in operation, J. L. King, director of schools in the state of Washington, finds it "will teach them more than more books will."

King said it was a practice of his to send as many of his 90,000 students to legislative sessions and city council sessions as possible so they could see how "things are run."

He takes youngsters of high school age to Europe and to Asia for bicycling or hiking tours and "talk sessions" with natives of their own ages.

And what they get out of that in the way of knocking down prejudices is more than I could teach them in 100 lectures," said King, who is only 34 years old.

He finds textbooks out of date in about 30 years and "basic materials antiquated." He found "propaganda of seven or more varieties" when he looked into the texts.

He promptly pointed out the veiled propaganda to his students. "We want to train our students for democracy and one of the jobs there is to train them to detect propaganda, isn't it?" he asked.

King came to New Orleans on a "traveling seminar" sponsored by Yale and other institutions.

Sister of County Residents Buried At Baird Service

Funeral services were held this week at Baird for Mrs. Ellen Foster, 54, sister of B. F. Clements of Carbon and W. R. and J. T. Clements of Gorman.

Burial was made in Ross cemetery beside her daughter, Mrs. Hazel Walker, who died several years ago.

Mrs. Foster was born January 11, 1884, in Comanche. She had been a resident of Baird for 35 years.

Other survivors are her husband, V. W. Foster; one daughter, Mrs. J. G. Hendrix, Beaumont; and four other brothers and sisters, J. A. Clements of Moran; Mrs. J. T. Capers of Fort Worth; Mrs. George Gollenhon of Post and Mrs. Nora Collie of Cleburne. Two grandchildren also survive.

Philpeco to Have Annual Tourney On Aug. 5, 6 and 7

Local golfers Tuesday were advised that the Philpeco County club, near Rising Star, will stage its annual invitation tournament August 5, 6 and 7. The dates fall on Friday, Saturday and Sunday.

A Second Corrigan?

Douglas Corrigan's gashing hop to Ireland only strengthened the determination of Herman Schapansky, above, Custer, Oklahoma's "flying farmer," pictured with the home-made airplane which has been grounded after a series of hair-raising crackups.

Repeated narrow escapes have not stopped Schapansky in his efforts to fly his vegetables to town for sale. "She's safe enough for me," said Schapansky after a disastrous one-wheel landing in a cow-pasture, "but if they won't let me fly her, I'll have to save up and get a better one."

Dust Bowl to Have A Memorial For Pres. Roosevelt

By United Press
AMAPILLO, Texas.—A memorial to Franklin D. Roosevelt, the president who was rain-soaked on a visit to America's "dust bowl," was planned today to be placed in the park where he spoke here.

Planners hoped to put on the memorial shaft the words: "A mighty good omen," which Mr. Roosevelt used to express his relief to the rain. Nearly 100,000 persons saw and heard the chief executive on his recent two-hour stop here during his transcontinental tour.

It was the first public address ever made by a president in the Texas Panhandle.

Mayor Ross D. Rogers of Amarillo invited citizens of a five-state area to participate in the memorial. These include parts of Texas, New Mexico, Colorado, Kansas and Oklahoma.

A few days after Mr. Roosevelt's visit, over \$500,000 in federal funds was allotted to this area for conservation of water resources, the topic upon which the President spoke.

Transfer Deadline Occurs On Aug. 1

P. B. Bittle, superintendent of public schools at Eastland, reminded Monday that students who want to transfer to local schools should make application at the office of County Supt. C. S. Eldridge by August 1.

Bittle stated that several families since the census was taken in March have moved to Eastland and the students should make an application for transfer by that date.

Eastland County Asked By Red Cross To Aid Flood Sufferers

An urgent appeal for \$175 in contributions from Eastland county residents toward rehabilitation of families affected by high water in San Saba, McCulloch, Menard and other counties along the Colorado river and tributaries was issued Wednesday by R. C. Kinnaird of Eastland, chairman of the Eastland County Chapter of the American Red Cross.

Swimming Pool Popularity Grows

One of the most popular spots in this section and gaining in interest every day during the summer months is the swimming pool located at the Eastland city park.

Fortunately the pool is operated by the city and they guard the purity of the water with every known scientific means, which was demonstrated recently when a state sanitary official gave the water a test and pronounced it as pure as drinking water.

The pool is drained constantly and the water kept under strict tests and treatments, and comes up to the state sanitary department standard at all times. "Swim in Drinking Water" is the slogan for this excellent recreation center.

The Eastland pool is the only pool in the state as far as known that is located on top of a mountain, which guarantees cool breezes at any hour.

To make the entire scene more attractive and interesting the park surrounding the pool is full of shade trees, has tennis courts, croquet courts and all kinds of swings and playgrounds for children. There are barbecue and cook pits and concrete tables and benches throughout the park for the convenience of those who like the great outdoors.

Back to the swimming pool there is a lifeguard on hand at all times in the main pool and the children's pool is looked after by Miss Betty Joe Brown whose vigil and knowing how to handle the kiddies is superior to the average. The pool is open each day at 6 a. m. and for the rest of the day and into the evening until 10:30.

Tomatoes Praised By Food Expert

COLLEGE STATION, Texas.—Miss Grace I. Neely, Texas A. & M. College extension specialist in food preservation, took exception today to claims that food values were low in tomatoes.

"Tomatoes, both fresh and canned, are known as an excellent source of vitamin C, as well as being rich in vitamins A, B and G," Miss Neely said. "They contain acids — correctives for the stomach and intestines. They are tonic, conditioners and natural blood purifiers. They are effective in preventing pellagra."

Couple Prefer Planes

PAULDING, O.—Mr. and Mrs. J. A. Batts, respectively 82 and 73, recently took their first airplane ride. "That's the way to travel. We're going again soon," they said.

Vehicle Accident Not As Frightful As Making Speech

A. N. Searly, county commissioner of precinct No. 3 and a candidate for that office, told Tuesday how an automobile accident last week forced the admission he is "more scared to make a speech" than he was when the mishap, which did not injure anyone, occurred.

Searly, of Rising Star, was driving his car near Romney when a truck struck his vehicle, causing him to run across a ditch and a field. The driver of the truck later told Searly: "I bet you were scared."

Our Next Governor

Almost by acclamation W. Lee O'Daniel is scheduled to sit in the highest office of the state early in January.

Conservation of Subsurface Water Is to Be Studied

AUSTIN.—Conservation and control of the state's diminishing supplies of underground water will be discussed at a statewide meeting to be held in Austin on July 29.

The meeting was called by Gov. James V. Allred after the Texas Planning Board's water resources committee had reported that several sections of Texas were facing a serious shortage in underground water, and that other sections of the state were finding it difficult to locate new sources of water for an increased demand by industrial and domestic users.

Contrary to popular belief the state's underground water resources are not inexhaustible. Under ordinary conditions the present supply of underground water probably would be sufficient to take care of the demands but with new industries coming into the state and the population of the state growing by leaps and bounds water is now being taken from the ground faster than nature can replace it.

Just what legislative steps should be taken to conserve the state's underground water supplies will be discussed at the July 29th meeting.

Governor Allred has invited everyone interested in underground water to attend the one-day conference and help formulate a plan for the conservation of this great natural resource.

Rodeo Cattle Are Sold by Faircloth

Sig Faircloth, promoter of the rodeo and roundup, held in Ranger recently, has sold his rodeo stock, which he purchased for the occasion, to J. L. Case of North Platte, Neb.

The cattle were loaded Tuesday night for shipment to Nebraska, where they will be used in rodeos and as range stock, it was stated today.

Kinnaird Named Delegate to Meet

D. L. Kinnaird was elected delegate to the county democratic convention Saturday afternoon at the Democratic precinct No. 2 convention at the City Hall in Eastland.

Judge B. W. Patterson was secretary at the meeting. Oscar Wilson is chairman of precinct 2.

COUNTY AGENT NAMED TO LEAD SOIL CONTEST

Elmo V. Cook, county agent, Tuesday afternoon was named chairman of a committee to direct Eastland county's participation in the 1938 soil and water utilization contest sponsored by the West Texas Chamber of Commerce.

The meeting was held in the county courtroom at Eastland, with members of a preliminary planning committee voting for Cook as chairman and T. G. Caulie, Cisco vocational agriculture teacher, as secretary of the committee.

Cook is to name other members of the committee and announcement of the selections is expected at a meeting to be called next week.

Attending the meeting: H. J. Tanner, secretary of the Chamber of Commerce; J. D. Guy of Carbon, R. R. Bradshaw of Scranton and E. E. Blackwell, members of the Eastland County Agricultural association; Caulie; Hugh F. Barnhart, assistant county agent; W. S. Adamson, Eastland county judge, and T. E. Castleberry, agricultural worker of Eastland.

Work Finish For Eastland Church Due August 15th

W. M. Bagley, contractor, stated Wednesday that general repairs to the First Christian church of Eastland should be finished by mid-August.

Work not yet completed in the repairs, which will cost in the \$1,000 neighborhood, includes sanding of floors, hanging of entrance doors, construction of new steps, remodeling of the vestibule and painting the exterior.

Built 28 years ago, the repairs mark the first extensive taken for the church since its erection. The repaired interior of the church, state observers, gives it the appearance of a new building.

Speed, Accurate Work of Chairman Is Lauded Tuesday

Newspapermen and candidates Tuesday expressed appreciation for the work of Oscar Lyleria, Democratic executive chairman, precinct judges and workers in obtaining fast, accurate reports on the Saturday first primary.

It was pointed out that the service offered by the workers was among the fastest and most accurate ever given in the county.

More Farmers In Texas Due to Get Labor From WPA

WASHINGTON, July 25.—Harry L. Hopkins announced that 200,000 persons would be added to WPA rolls in the rural South to help meet what Roosevelt calls the Nation's economic problem No. 1.

Announcing that WPA rolls in the rural South would be increased immediately to supplement inadequate incomes, Hopkins said: "The income of the South needs to be raised now and one way to help raise the income of the region as a whole is to get wages into the hands of those who need to spend it. The normal and American way for a man to meet the need of his family and himself is through work."

Chiefs To Attend Confab At A. & M. College

The Eastland county supervisors of the Farm Security Administration will be in College Station during the week of August 1 to August 8 for the annual state meeting of FSA employees, Geo. I. Lane, county supervisor. The Eastland office will be open only for the receipt of repayment, he added. No checks will be issued from the office during that week. The regular monthly checks will be mailed prior to that time.

The keynote of the conference will be "Farm security means work for every member of the family every day in the year," Mr. Lane said. "The Farm Security Administration is concentrating its attack upon the one-crop system," the supervisor went on. "All farm and home plans accepted by FSA must show several sources of cash income. It is not only desirable that

Scene from the sensational film "Damaged Lives" coming to the Connellee Tuesday and Wednesday. "Damaged Lives" is according to advance notices the frankest, most sensational expose of the pitfalls of youth ever to reach the screen. The picture has been approved by the State Health Boards of Texas, Oklahoma, Kansas, Arkansas and the U. S. Department of Public Health as having a definite message of great value to people in all walks of life.

there be several sources of income, the old one pay day a year," but also that the income be received at frequent intervals, instead of Ita R. Parrish, county home man-

Mrs. M. T. Jones Will Be Buried In Ranger On Friday

Funeral services for Mrs. M. T. Jones, who died at her home, Strawn Road, Thursday morning at 3:15, are to be conducted from the First Methodist Church of Ranger Friday afternoon at 4 o'clock, with interment in Evergreen Cemetery. Funeral arrangements are by Killingsworth's.

The deceased had lived in Ranger about 12 years ago, when her husband was in the garage business. They moved to Chillicothe and lived there until about a year ago, when they returned to Ranger.

Survivors include her husband, M. T. Jones of Ranger, father, J. H. Culpepper and step-mother, Mrs. Culpepper of Vernon and a number of sisters and brothers and several half-sisters and brothers. They are Mrs. B. S. Lemma, Ranger, sister; Mrs. John Barnes, Ranger, sister; Mrs. Virgil Martin, Texaco, sister; Dee Culpepper, Hereford, brother; W. B. Jones, Sudan, half-brother; Mrs. C. F. Sanders, Levelland, half-brother; Mrs. P. A. Jones, Lometa, sister and Mrs. Paul F. Keeton, Tyler, a sister who formerly lived in Ranger.

Also surviving are two sons, J. E. Jones, Dobbs, N. M., and Roy Jones, Dallas and one daughter, Mrs. J. B. Sanders, Pampa, and three grandchildren.

agement supervisor, have been appointed on special committees to make recommendations based on their work in Eastland County concerning the future policies and procedures of the Farm Security Administration. These recommendations will be presented at the meeting and passed through the state and regional offices to the national executives in Washington.

Final details of procedure for the 1939 program will be ironed out at the meeting and steps to get next year's loans planned and approved well in advance of the new crop year will be taken immediately upon the reopening of the office, Mr. Lane indicated.

He's a Waterfront Barkeep Now

Wallace Beery, who has played everything from a Mexican bandit to a wild-animal trainer during his versatile acting career now comes to the Lyric screen as the owner and barkeeper of the Marselles waterfront cafe "Port of Seven Seas," today, and Saturday. Frank Morgan, Maureen O'Sullivan, John Beal and Jesse Ralph have pivotal roles in the picturesque new drama.

Move Is Started In El Paso Upon High Freight Rates

EL PASO—The first move here to battle freight rates was made when R. C. Fulbright, Washington, D. C., nationally known rate attorney, was employed to combat the latest petition of railroads, which calls for increased rates in differential territory. Fulbright was employed by the executive committee of the El Paso Chamber of Commerce and board of directors of the El Paso Freight Bureau. The decision to "fight the railroads" program was unanimous. Hearings will be held July 25 in Austin and August 1 in

El Paso. Fulbright and E. R. Tanner, manager of the El Paso Freight Bureau, will appear at both hearings in defense of local jobbers and shippers.

Freight officials began conferences with officials of the West Texas Chamber of Commerce to arrange to work together in presenting testimony at the hearing in El Paso. "West Texas Chamber of Commerce officials will cooperate in presenting testimony in behalf of all shippers in the El Paso differential territory," Fulbright announced.

Fulbright also announced a change in procedure of attacking the rate hike request.

He recommended that all efforts should be concentrated on proceedings before the Interstate Commerce Commission as a result of recent developments. He referred to the complaint filed on June 17 by Texas railroads with the ICC, which authorized that body to order changes in interstate rates where such rates constitute a discrimination upon interstate commerce being handled by the railroads. A similar petition has been filed with the Texas Railroad Commission by the Texas railroads.

Largest Project of Air Conditioning Started In Dallas

DALLAS. — The largest air-conditioning project in the South was undertaken today, after D. A. Little, president of the Magnolia Petroleum company, announced that the 28-story Magnolia building here would be completely air-conditioned for both summer and winter.

Construction of a steel and concrete shaft near the skyscraper was underway. The shaft will be used to house machinery for the air-conditioning work and otherwise prevent disturbance of tenants of the building during the conversion period. The shaft will be as high as the building.

Four floors of the structure already are air-conditioned, Little said, and the entire project will be completed by April, 1939. Each tenant will be able to determine the temperature of his office during the year "round, or to eliminate the air-conditioning entirely if he wishes.

Reginald Henderson Expires at Cisco

Reginald Henderson, brother-in-law of Jimmie and Noble Harkrider of Eastland, died of a heart attack Thursday morning at 10:30 in Cisco.

Funeral arrangements were not immediately announced. Mr. Henderson was a telegraph operator for the Humble Oil company.

GRANTS DIVORCE

LET US MAKE THIS SUGGESTION ABOUT SAVING!

It is our privilege to talk to a great number of folks every week about investments. Some want to know how to make money, while others have already made it and just drop in to tell us how easy it can be done.

This is interesting. Some make it while thousands of others don't, and why?

Those who have made it and kept it are of the same opinion, that one must start out in a small way by saving. And their formula for saving is this: One must have (1) the desire, (2) the energy, (3) the determination, (4) a definite plan, and (5) the spirit of never looking back.

One party told us this week that he never saved a dollar in his life until he bought his home on the installment plan. His friends who were renting told him he would never pay for it. But he did. He later bought some life insurance, and now has it all paid for. He is now paying out a brick store building.

This man has the key, we have the homes and revenue bearing business properties. Can we assist you?

4-H Members Will Purchase 2 Heifers

Ray Blackwell of Alameda and Kenneth Moore of Desdemona, 4-H club members, this week are to inspect registered Jersey heifers at Dublin with the view to purchase two of the animals for their club work.

The youths are to be accompanied by their fathers, E. E. Blackwell and F. D. Moore.

Elected Dean

H. L. Baskin, principal of the Cooper school of Ranger, who was elected dean of the Ranger Junior College by the Ranger School Board at a meeting Tuesday night.

Baskin Is Named Dean of Ranger Junior College

H. L. Baskin, for a number of years principal of the Cooper School of Ranger, was elected dean of the Ranger Junior College at a meeting of the board of trustees, Tuesday night.

Baskin will replace L. S. Rhiem as dean, although Rhiem has been elected to the faculty of the Ranger Schools.

The new dean was selected from a long list of applications for the position, after all had been given due consideration by the board, it was stated today in announcing that Baskin had been elevated in the Ranger system.

Baskin received his B. A. degree from Abilene Christian College several years ago, and has been principal of the Cooper school for a number of years.

Last year he received his B. A. from the University of Texas.

Cisco Team Given Shutout When It Meets Royal Blues

The Eastland Royal Blues won their second successive shutout from the Cisco girls' team Tuesday night on the Fire Department field at Eastland by the score of 3 to 0.

It was a pitcher's battle, only five hits being made in the game. Ash and Rosenquest were in fine form but tighter defense by the Blues proved to be the winning margin.

In the second game Street's Dairymaids dropped a game to DeLeon 8 to 5. The Dairymaids used 15 players and juggled positions so that a box score was not readily available.

Box score:

Player	C	A	R	H	P	O	A
Reams, lf	3	0	1	0	0		
Morris, 2nd	2	0	0	2	3		
Rowlett, c	3	0	0	4	0

Brother and Sister Reunited at Last

By United Press
MONTREAL.—A brother and sister have been reunited here for the first time in 34 years.

They are Mrs. A. Banks, of Montreal, and Dr. A. Hearn, of South Africa.

Mrs. Banks left England as a child to come to Canada 34 years ago, leaving behind her 8-year-old brother. The brother, Dr. Hearn, grew up and went to South Africa, where today he practices in Cape Town.

I'M IN THE RUN-OFF---

First, I want to thank the voters of Eastland County who gave me enough votes to put me in the run-off for the office of District Clerk. I am deeply grateful and appreciative.

I sincerely hope that by the time that the next run-off election occurs in August, that the citizens of Eastland County will see fit to give me the office by their vote and influence.

This is the first time that I have ever asked the people of this county to give me the opportunity to serve you in public office, and I want you to know that I shall be happy and glad of that opportunity and that I shall give you an administration that you will not regret.

I want you to know me better, and welcome every investigation of my life as a citizen of this county. I hope to see everybody during the next few weeks. I am in the run-off.

Respectfully and sincerely yours,

CLAUDE (CURLEY) MAYNARD

THANKS

TO THE VOTERS of PRECINCT NO. 1, EASTLAND COUNTY:

I want to thank you for the many considerations and courtesies given me during my race for Commissioner of Precinct No. 1. I offered myself as a candidate and made my race solely on my own merits and qualifications for the office and did not deal in personalities. I humbly bow to the wishes of the majority who in their wisdom selected one of my opponents. I join with you in saying to him, "congratulations." I hold no ill will or malice toward anyone who did not support my candidacy but have only love in my heart for you all. I want to thank each one of you who voted for me and supported me. I appreciate your trust and confidence in me. May we all lend our hearty support and co-operate with the Honorable Henry Davenport as our Commissioner and give to him every possible help and encouragement which is justly his. In the language of the Apostle Paul, "forgetting those things which are behind and reaching forth unto those things which are before," may we "press toward the mark" for the prize of the high calling of God in Christ Jesus.

A. L. (Aaron) Stiles

I AM GRATEFUL---AND THANK YOU

By your majority vote of confidence you have given me the inspiration to carry on the work as your Commissioner of Precinct No. 1 with greater zeal and ambitions to confirm the trust you have given me.

I appreciate and welcome all suggestions and criticisms that will enhance the value of my work to the taxpayers.

I want to thank every person who supported me most sincerely and those who did not see their way clear to vote for me need feel no hesitancy in coming to me on any question to make my precinct and Eastland County a better place to live. I shall be glad to cooperate consistently to the best of my ability.

H. V. Davenport

(Pol. Adv.)

GETS LICENSE
Legate L. Habinet of Charleston, S. C., Wednesday obtained from County Clerk E. V. Galloway a marriage license to wed Miss Dorothy Elizabeth Robinson, whose address was not given.

TORONTO—Toronto, one of the few large cities on the continent where taxis operate on the mileage and zone system rather than meter rates, will adopt the latter on all cabs operating in the city effective Sept. 15.

THANK YOU---

Although I was not elected as your County Treasurer, I want to thank each and everyone for the splendid vote given me Saturday. I hold no ill will toward those who voted against me.

MRS. FRANCES (HOLBROOK) COOPER

(Pol. Adv.)

THANK YOU . . . EVERYBODY

I am sincerely grateful for your vote and want the people of Eastland County to know that I shall do everything in my power to carry out every promise I made in my campaign and that at all times I shall welcome your suggestions and cooperation in all matters pertaining to the state government.

WITH YOUR HELP — I KNOW I WILL MAKE YOU A WORTHY REPRESENTATIVE!

P. L. (LEWIS) CROSSLEY

(Pol. Adv.)

TO THE PEOPLE OF EASTLAND AND EASTLAND COUNTY

Words cannot express my deep gratitude to you for the generous support given me in the election Saturday, July 23. I hope that you will never have reason to regret your attitude.

Yours very sincerely,

T. C. WILLIAMS

(Pol. Adv.)

Thanks--

I am deeply grateful for the overwhelming vote of confidence you showed in your ballots Saturday. I shall continue to serve you to the best of my ability.

AGAIN I SAY
THANK YOU!

LOSS WOODS

Sheriff, Eastland County
(Pol. Adv.)

SIX NEW LOCATIONS ANNOUNCED FOR AREA IN ACTIVE OIL WEEK

Six locations for this portion of West Central Texas contributed to making an active week for oil developments as reports were watched on interesting tests.

Eastland County
In the Ellenburger area northwest of Cisco, Lone Star Gas company announced it would deepen its No. 1 Jesse Penn, section 468, SPRR survey, 400 feet from the south and east lines of the section.

The well is 700 feet north of the Lone Star No. 1 Cozart, producer from the lime, and 4,000 feet northwest of the Hickok Producing and Development company pool-opening Van Farmer well. The No. 1 Penn has been producing gas for five years from depth of approximately 3,795 feet.

Christmas, Kirk and Hall's No. 1 S. A. Elson, Ellenburger test projected to 3,400 feet four miles north of Gorman, 4,950 feet from the south line and 2,600 feet from the east line of the T. Tyler survey, No. 51, was shutdown at depth of 100 feet.

Five miles north of Rising Star, J. F. Baker No. N. T. Mullroy, section 1, William Ahrenbeck survey, was drilling below 2,700 feet and operator expected the lime at 2,950 feet.

Hayner, Reeves and Hose No. 1 P. C. Larkin, three and one-half miles northwest of Rising Star, section 40, block 2, ETRR survey, was to be plugged back to the upper Caddo at around 2,550 feet and receive acidization. In the lower Caddo around 3,100 feet only a flow of salt water was found.

N. D. Gallagher et al No. 1 Mrs. J. A. Hearn, section 1, block 2, H. & T. C. survey, five miles northeast of Carbon, was shutdown at 350 feet.

Brown County
With a rainbow of oil reported, Jack M. Buckler planned to stimulate his No. 1 C. Jacobs, block 277, Kerry County school lands. Eighty quarts of "nitro" and 4-

500 gallons of acid were to be used from 1,507 to 1,542 feet. Producing string was set at 1,507 feet.

Gilcrease Oil company reported location for No. 4 and 5 J. M. Perry, section 34, J. G. Rhea survey, one mile west of Thrifty. Both are projected for 1,250 feet. No. 4 will be 300 feet north of No. 3 and No. 5 will be 150 feet from the north line of the lease and 300 feet north of the No. 2 well.

Gilcrease Oil company also announced location for No. 1 M. L. Harris and Tom Pittman, block 4, W. A. Dalton survey, eight miles northeast of Brownwood, which is to be taken to 2,000 feet. Location is 660 feet from the west and south lines of the lease.

A plugging for the company was R. O. Moore No. 1 Jack Smith, survey No. 53, total depth of 1,596 feet. When brought in June 17 the well was capable of producing 240 barrels daily.

Coleman County
Bowers and Williams No. 2 W. M. Key, A. Wickson survey, three miles northwest of Burkett, 180 feet from the north line and 550 feet from the east line of the lease and 390 feet from the No. 1 Key, projected for 360 feet, was a new location.

Hoffmann and Page, Eastland operators, and others decided to locate No. 1 T. A. Drake, J. H. Wood survey No. 486, as five miles east of Coleman, 380 feet from the east and south lines of the lease. Operators plan to drill to 2,100 feet.

Wise County
In the area where Latex Oil company operated, Charles H. Mee and others picked location for No. 1 C. R. Smith, two miles east of Bridgeport, 330 feet from the south line and 730 feet from the east line of the survey. Depth planned is 4,000 feet.

Palo Pinto County
Palo Pinto Oil and Gas company No. 21 Strawn Oil company, A. Ashworth survey, two and one-half miles north of Strawn, was being tested for a showing of gas at 3,048-50 feet. Sand was topped at 3,018 feet and bottom was 3,125 feet.

Comanche County
Still drilling at a depth below 5,217, was Gallagher-Lawson et al No. 1 Mrs. Bobbie I. Terry, N. H. Kuykendall survey, near Desdemona. According to reports the test was still in Ellenburger lime with water which was topped at 3,404 feet.

R. D. Compton, was shutdown at 1,400 feet on his No. 1 Griffin, block 2, Comanche County school lands, nine miles south of Comanche.

Stephens County
Lone Star Gas company No. 1 E. H. Brooks, section 54, block 7, T. & P. survey, was fishing for an underreamer at depth of 2-137 feet.

Lone Star No. 1 J. S. McKee, section 41, block 7, T. & P. survey, one and one-fourth miles northwest of the same firm's No. 5 Brooks, which was completed recently for 2,000,000 cubic feet of gas, was estimated to be making 1,250,000 feet of gas. Operators were underreaming 6-inch pipe to a total depth of 3,700 feet. Total depth was 3,724 feet.

Roberson Garage Showing Farmall

New Farmall 14 tractor, carried by Roberson Garage, features are: an engine especially designed to perform efficiently on gasoline or distillate; a new type of replaceable oil-filter element which cuts operating costs by allowing the tractor to be run 120 hours between complete oil changes and which can be replaced at a cost of 45 cents; a breather on the valve housing which removes contaminating gases from both crankcase and valve housing and thereby assists in maintaining the quality of the crankcase oil; right and left-hand steering brake levers convenient to the hands of the operator whether sitting or standing; a new floating oil screen which assures a clean supply of oil to the oil pump and clean oil to the engine bearings; a higher seat which places the operator well out of the dust zone and gives him more room for his legs; the steering wheel is also higher and this enables the operator to stand when ever he desires to stretch his legs and add variety to his work.

Like the other Farmalls, the Farmall 14 has the patented triple steering wheel control, by means of which the operator guides the tractor, automatically puts a brake on either driver to make a short pivot turn (7-foot radius for Farmall 14), and when using the shifting-gang cultivator automatically shifts the gangs for double-quick dodging action. The rear wheels on the Farmall 14 can be set in or out for 44 1-2 to 79-inch treads or adapt it to varying work conditions. Special axles can also be supplied to permit setting wheels out to 93 inches.

The Farmall 14 may be equipped with all-steel wheels or at additional cost with pneumatic tires. Four different special transmission forward speeds on steel are 2 1-4, 3 and 3 3-4, and 2 1-4 miles an hour reverse; and on rubber 2 3-8, 3 1-8, and 4 forward, and 2 3-8 miles an hour reverse. With special transmissions on rubber the speed varies up to a high of 6 7-8 miles an hour.

The Farmall 14 will plow from 5 to 8 acres a day, disk 15 to 25, cultivate with two-row cultivator 20 to 30 acres a day, and with the corn picker gather and husk clean 8 to 10 acres a day. A variety of quick-attachable machines have been designed for use with the Farmall 14.

State Tax Rate Set At 35 Cents By Tax Board

By United Press
AUSTIN, July 28. — The state automatic tax board today set the state ad valorem tax rate at 49 cents on \$100 valuation, the same as for this year.

Royal Blues Win Eight to Four at Cisco Engagement

The Cisco girls' team broke into the run column Wednesday night at Cisco in a game, won by Eastland Royal Blues 8 to 4 played at Cisco.

went ahead one by one the fourth. Barbara Elythe skipper down the third in the sixth and both into the final stanza. In the Blues' half, Elythe quest laid a hunt down base line and beat it out duplicated the play, when Horn's grounder from Campbell. Helen Rosenquest her typical home run smash that sailed high left fielder's head and the fence.

GETS DIVORCED
Divorce has been granted in the 91st district court to Helen Rosenquest from J. E. Butler, Jr.

THINK TWICE!

before you hazard your money on a "BARGAIN" REFRIGERATOR

A "cheap" refrigerator may mean a small saving in monthly payments but it can cost many times that amount in ever increasing operating cost, yearly upkeep, depreciation, and unsatisfactory service after a very short time.

Get a General Electric! and be Sure of ENDURING Economy

By all means buy a 1938 REFRIGERATOR!

Get the full benefit of the very latest improvements in refrigerators. They mean lower operating cost, faster freezing speed, greater cold-producing capacity, quieter operation and more convenience.
