ORDER PLACED | She Fell Into ON LIGHTS FOR **BULLDOG FIELD**

buildings and grounds committee announced today that lights, fixtures and equipment for lighting Bulldog stadium in Ranger had been ordered today.

The same type of fixture as used in lighting the softball field has been ordered, Larson stated, as inquiries over the country show ed that this was the most efficien type of lighting fixture for fields of all kinds. The 17 lights on the softball field will be transferred to the football field for the season and 23 additional lights will be installed, making a total of 40 lights with a capacity of 60,000

Equipment necessary for lighting the field will be shipped immediately from either Fort Worth or Dallas, Larson stated, while it may be necessary to secure the reflectors from the factory. ery will be made on the lights not later than Sept. 1 or Sept. 2, however, allowing plenty of time for their installation before the first game of the season, Sept. 16.

The Texas Electric Service con pany, which will serve the field with electricity, will begin tion of poles outside the stadium as soon as a crew can be put on re among 54 candidates for grad- the job. Wiring to the field, nation at Hardin-Simmons Uni- switches, transformers and other equipment will be installed and everything be put in readiness for at the close of the annual summer lighting the field soon after the remainder of the equipment

Plans have been worked out whereby the two sides can be lighted without the necessity of running light wires across the playing field, it was stated.

With work due to start next week on installing seats on the east stands in the stadium. entire project will be completed before the football season opens this year, it was said today.

(Pol. Adv.)

When you drink Beer in a tavern...choose your tavern

WHEN YOU restrict your patronage to legal, respectable retail outlets, you not only encourage those better outlets but you've made a start toward driving out the bad spots in your community.

And that is exactly the aim of the great body of honest retailers of beer who, along with the brewers, recognize that Beer's only problem is to remove the anti-social

conditions that sometimes surround its sale. Existing laws can curb these evils. Help us by demanding their strict enforcement Sales to minors, or after legal hours ... or use of a beer license as a screen, for selling illicit liquor or for operating an illicit resort ... all these are violations of the law and should be stopped. Public opinion, once aroused can see that such practices are stopped!

UNITED BREWERS INDUSTRIAL FOUNDATION New York, N.Y 21 East 40th Street

Correspondence is invited from groups and individuals everywhere who are interested in the brewing industry and its social responsibilities.

CLAUDE "GURLEY" MAYNARD CANDIDATE FOR

DISTRICT CLERK EASTLAND COUNTY

I HAVE NEVER ASKED FOR A PUBLIC OFFICE BEFORE

Please Read This Message!

To the Good People of Eastland County:

Now for the first time I am asking the good people of this county to let me serve you in public office. I am grateful beyond words for the vote that was given me in the first primary in my home box in Eastland, where I have lived for 20 years. I received 481 votes to my opponent's 262, who also lives in Eastland. This I am sure is one of the best recommendations I could offer to the people of this county as to my standing in my own community and as to the voice of the people as to my qualifica-

In making my sincere efforts to impress the voters of Eastland County to support my candidacy for the office of District Clerk, I fully realize that there are no certain platform planks I can have as a foundation to appeal to you for votes. The office of District Clerk is one in which executive and clerical efficiency are most important and should have at the head of it a man who has had an experienced background of business and clerical knowledge that would qualify him to render a service commensurate with the responsibility as well as economically.

I have lived in Eastland County practically all of my life. I have never experienced the life of plenty that comes with riches in dollars and cents, but I have been rich in the glory of my contacts with my

fellow man and in the grateful as tion of their kindness to me and portunity of turning from the path work in order to lend a hand in need according to my humble mean

During the past four years I have not only the responsibility of my ow ly but have also looked after the need comforts of my aged mother and who have been carrying the heavy b of invalidism on their shoulders. the early part of this year I lost my! and boon companion. I thank God still have Father to look after.

For the above reasons I have h opportunity to make profitable inve from my earnings, nor have I had in take on a selfish attitude for person

But this experience has given met thing most needed to make you a District Clerk. It has kept me cons active in my work. It has given no opportunity to get the habit of atte strictly to business and giving evel I had in me to the job in hand.

My opponent has been in public for six years. He was in the office for two years and has held to four years.

Unlike myself, the past respons of my opponent have only been upon self. His father is a large landown Eastland County and his mind and have been free of parental cares.

I have no desire to perpetuate my the court house. I feel that if I can the opportunity by your vote to service to the people of this county District Clerk that you will be fall pensated for having elected me. The tion of jumping from one office to a in the court house is not a prom just a plain desire to stay on the taxpayers' pay roll.

I realize that perfect government officered, not by official favorites, qualified men. It is not by wanting thing, but by being worth some ask your vote not on the basis of recognized, but on the basis of being recognition. I know that the real life is spiritual and eternal and the will have an opportunity to succ favorite. My life is not what I have but what I have done.

I ask this one epportunity to sen have never asked for public office sincerely hope that you will go polls on Saturday, August 27th, me the benefit of your confidence by ing your vote for me. I shall do all humble power to make you an el and obedient District Clerk.

Sincerely yours,

Claude [Curley] Mayn I HAVE NEVER ASKED FO PUBLIC OFFICE BEFORE J Ask Your Vole

GLORIFYING THE HOME AND ITS CHERISHED HISTORY!

For several years we have used this space each week to say something in appreciation of the American Home. By no means does the Home need defense, but it does need advertising - for hundreds of new family groups come on the stage of life each day.

Any many of these couples know nothing of the advantages offered in home ownership, or its character-building influences, or the pleasures it adds to the sum total of human happiness.

It is still our belief that any nation will prosper and be law-abiding if a majority of its people own their homes. It would be hard to guess what would happen if no one lived in or owned his place of abode.

If It's a Home in Eastland, we have it - any price, any location, and a bargain in every sale!
