EASTLAND HAS NEW POPE IS BOUGHT BLOCK NAMED TODAY OF CITY BONDS BY CARDINALS

At a meeting of the Eastland City Commission, Wednesday night, March 1, the city passed an ordinance purchasing \$138,750.00 worth of City of Eastland general

The city commission has been busily occupied for the past three years working out some method whereby the city could retire some of its outstanding indebtedness each year, instead of using the entire interest and sinking fund portion of its tax levy in paying delinquent interest on the outstandin g bonds. This has been accomplished; and it is possible for the city, in the future, to retire some of its outstanding indebtedness each year, and with the present financing method, the debt should be greatly reduced during the six year period that the present city commission has inaugurated. After the present six year period of financing has lapsed, the outstanding bonds will again assume the same position a sthey are at the present time, with the exception; there will be no court action or judgments of any kind standing against the City of Eastland. Under the present financial set-

up ,the outstanding bonds for the present year, will draw six-tenths of one per cent and never go over one per cent during the six year period, instead of six per cent, as the interest rate has been on the outstanding bonds since they have been issued.

The purchase of these bonds, mounting to approximately 12 per cent of the outstanding in-debtedness of the city's general bonds, is the first general bonds ever retired by the City of East-alnd, and if the same method is applied for the remaining five years of this program, Eastland's general bond indebtedness should be approximately 40 to 50 per cent of what it is at the present

cial program, a method whereby the past due interest on the outstanding bonds will be canceled within the next 30 days. This inerest item alone amounts to approximately \$365,000.00, which will no longer show as a liability to the city.

The general bond indebtedness and delinquent interest is of conmission, and they .are not satisfied to continue under the old method of applying the interest and sinking fund upon an evermounting delinquent interest acocunt, which never would permit from 10 a. m. to 5 p. m. VATICAN CITY, Mar. 2.-Euenio Cardinal Pacelli, secretari of state under Pius XI, was elected 262nd pope today and immed iately ascended the throne of St. Peter as Pope Pius XII.

With that ceremonial act came the head of the Roman Catholic Church, Vicar of Christ and Spiritual Father of 332,000,-000 Catholics throughout the world on his own 63rd birthday.

The new pope appeared in his obes of state on the central balcony of the Vatican and imparted his first blessing to the world. His voice was clear and very steady in pronouncing his benediction. The crowd in the square below cheered wildly while the pope made the sign of the cross slowly with his ight hand.

He stayed on the balcony briefy. The cortege of cardinals and high prelates re-formed to return to the Sistine Chapel for the sec-ond rite of the day, the ceremony of paying their homage to the new pope.

In assuming the name of Pius XII the new pope honored the memory of the late pontiff, who, in his numerous documents and public speeches, often referred to his secretary of state. The Pope Pius is regarded as a brilliant statesman, who inspired many of his predecessors policies and is certain to continue them, including the Vatican's strong attitude on the church in Germany and Italy's racial policy.

Cardinal Pacelli, according to the highest sources, obviously was elected after only three ballots two in the morning and one in the

And that is how a little story came out which tells much about today's world.

He had tried and tried many times to get an assistant. He had always failed. Most of the skilled pipe-makers and pipe-menders used to come from Austria, France, Italy. Now they come no more.

There are immigrants, yes. He had tried repeatedly to find an assistant, a successor, among them. None of them knew the trade, none had any aptitude to learn it.

The old pipe man shrugged. "They aren't any good any more," he said. "These young men aren't trained in the arts or in workmanship and skill. They are trained

Now there is a little tragedy. There is an honest, an honorable trade in which there is a good living. What it wants is skill, patience, a love of fine handicraft work, and a peaceful, contented disposition. But nobody wants the job, or at least nobody is qualified to fill it.

The young men who would in ordinary times be apprenticed to the trade in Europe are being otherwise trained today, trained to the grip of the machine-gun, trained to the deft thrust of a bayonet, trained to a nice eye for dropping a bomb-but not trained to the joy of slowly rounding a rough piece of briar root into beautiful sym-

Looking back over the period of years, we are mindful of a small beginning in our first store in Eastland. With a determination render the best of service for convenient shopping, and, above all, to give the people the greatest values for their money in all food needs.

1919 will always be a pleasant memory because at that time we began to cultivate our friends in this entire section and by the ronage and loyalty to us, we have gradually developed a food service that we are tempted to say is the best that modern could apply at this day. We have kept up with the newest appliances that give greatest sanitation in preserving perishable foo well as making our stores attractive, easy to select from.

Cut steak in serving pieces. Mix flour, ginger, herbs and salt. Roll meat in mixture. Brown the rieces of meat very quickly, a few at a time, and place them in a 1 1-2 quart heat resistant glass saucepan.

Add the Worcestershire sauce, mustard and hot water. Arrange onions over the top, cover the dish and bake in a moderate oven (350 degrees F.) about 1 1-2 hours or until meat is tender. Serve in the same dish.

Spiced Meat Balls

(Serves 6. About 16 balls)

When the night is cold, spiced meat balls keep both the heart and budget warm.

One pound ground pork sausage, 1-2 cup mashed potatoes, 1 egg beaten, 1-2 cup mikk, 1-2 cup fine bread crumbs, 1 teaspoon salt, 1-4 teaspoon pepper, 1-4 teaspoon nutmeg, 1-4 teaspoon pepper, 1-4 teaspoon pepper, 1-4 teaspoon proposed flour, 1 cup tomato puree.

Mix meat, potato, egg and milk together. Combine bread crumbs, salt, pepper and spices, then blend with the meat mixture. Form into about 16 small balls and roll them in flour. Brown on all sides in a small amount of hot fat in a 1 1-2 quart saucepan. Pour tomato puree over the meat balls. Cover and bake in a moderate oven (350 degrees F) for about 45 minutes.

TRY Our Wa

he Safety Sensation of 193 restone CHAMPION

The Only Tire Made with the NEW SAFETY-LOCK CORD BODY and NEW GEAR-GRIP TREAD.

NEVER before in our experience has a tire met with such instant and unanimous approval as the new Firestone Champion Tire. It's the Safety Sensation of 1939! Our customers have

started a word-of-mouth campaign that is making this the biggest selling tire we've ever had. Motor car manufacturers have been so impressed by its superior performance that they have adopted it for their 1939 models.

Why? Because the Firestone Champion Tire is an entirely new achievement in safety engineering

Stronger Cord Body. This is accomplished first, by the use of a completely new type of tire cord called "Safety-Lock," in which the cotton fibers are more compactly interwoven to assure cooler running and provide greater strength. Then, the fibers in each individual cord, the cords in each ply and the plies themselves, are all securely locked together by a new and advanced Firestone process of Gum-Dipping which provides amazingly greater strength. And greater strength means greater safety.

More Non-Skid Mileage. The new Safety-Lock cord construction provides the extra strength needed for the use of the new, thicker, tougher, deeper Firestone Gear-Grip tread which delivers remarkably longer non-skid mileage. This sensational new tread is called "Gear-Grip" because of its unique design - it has more than 3,000 sharp-edged angles which grip the road with a sure-footed hold to protect against skidding and assure a safe stop.

Drive in today and equip your car with a new set of Firestone Champion Tires - the only tires made that are safety-proved on the speedway for your protection on the highway.

Looking back over the period of years, we are mindful of a small beginning in our first store in Eastland. With a determination render the best of service for convenient shopping, and, above all, to give the people the greatest values for their money in all ti

1919 will always be a pleasant memory because at that time we began to cultivate our friends in this entire section and by their ronage and loyalty to us, we have gradually developed a food service that we are tempted to say is the best that modern meth could apply at this day. We have kept up with the newest appliances that give greatest sanitation in preserving perishable foods well as making our stores attractive, easy to select from.

NATIONALLY ADVERTISED MERCHANDISE THAT ARE KNOWN FOR THEIR SUPERIOR QUALITY, HAS BEEN DOMINA IN OUR STORES FROM THE VERY BEGINNING.

You will find Pipkin's Piggly Wiggly convenient stores in Eastland, Breckenridge, Graham, Olney, Ranger, Odessa and Monahans. JESS PIPKIN, GRADY PIPKIN.
