Congratulations  
To 1999 Graduating  
Seniors of Friona,  
Bovina & Lazbuddie

**SO LONG....**It is sad but true, we have to move on. BHS seniors, l-r, Liseth Antillon, Vickie Ortiz, Evang Casas, and Jeremy Vargas wave good-bye to good old Bovina High.

**HIGH SCHOOL IS OVER....**At an after graduation cookout party at her home, Bovina graduate Ashley Zehner gets hugs from classmates Vickie Ortiz and Monica Perez. Ashley is the daughter of Jim Zehner of Bovina.

**SLOWLY**, over a span of many years, violence seems to have become a way of life in our "land of the free, and the home of the brave." Why did we allow this to happen? Once, in a time seemingly not so long ago, we left cars in our driveways with keys in the ignition, and the doors to our homes were rarely locked.

**MY TURN**  
By Carol Ellis

Children were reprimanded for displays of temper while playing with little friends. Fights at school were ended with severe discipline. The lesson of learning to control violent impulses was just part of growing up and maturing.

But violence in some form or other has always been with us. In my early years, even prissy little girls sometimes played cowboys and indians with the little fellows next door. Those cliff-hanger Saturday afternoon movies had their share of violence with Tarzan of the Jungle, big city gangsters, and shady characters from the "Wild West." We carved pieces of wood from tree branches into the shape of guns and played "war" while darting out from behind backyard bushes to mow down the enemy.

I don't think any of my little neighborhood pals grew up to be serial killers. The difference between then and now was a big dividing line between the good guys as the heroes and the bad guys who got their "just desserts" in the end. Lessons of appreciation for good over evil were reinforced on Sunday morning by our preachers and Sunday school teachers, who made sure we knew what the 10 commandments and the golden rule were all about.

If a couple of local nuts got loose and killed some people, the local law enforcement folks took care of the situation. The rest of the country didn't hear about all the gory details for weeks on end. It never entered people's mind that the federal government should "do something about it."

Did you know that the crime rate has been declining in the past few years? I thought not. The "media" does not consider this to be big news. The president has decreed that we shall have a year-long million dollar (taxpayer funded) study of violent video games which are played primarily by young teens. At the end of the year, someone will propose some sort of legislation. We already have so many laws on the books, that enforcing them has become an impossible task. The high-school boys in Colorado who shot their classmates were in violation of about 20 different laws at the time. That didn't seem to make much difference, did it?

We can save that expensive year-long million dollar study by simply adopting "Momma Carol's Five-Point Plan" for getting our country's children back on track:

1. Each city, community or county should decide (vote) whether or not to allow video games in their area. We already handle such problems as adult-theme night clubs, and local sales of alcoholic beverages in this manner.
2. Schools must teach kindness toward each other and the difference between good and evil, since parents don't seem inclined to do this anymore. The "good versus bad" theme should pervade every lesson in every classroom from K through 12th grades.
3. School uniforms would solve a myriad of problems and give young people a sense of pride in their school.
4. Adults know more about how to handle the complexities of life than children do. Adult decisions should take precedence over the desires of children under the age of 18. This includes discipline, when warranted, and the ACLU must not be allowed to interfere with the disciplining of children in schools.
5. Taking prayer out of schools was unconstitutional (First Amendment). Put it back the way it was!

## Raid Nets Drugs Near Lazbuddie

According to a press release from the Parmer County Sheriff's office, a search warrant was executed in Lazbuddie on May 27.

The warrant, as a result of a Crimestoppers tip, was issued for a residence 2 1/2 miles north of Highway 145 on FM1172.

During the search about 1 1/4 grams of methamphetamine was confiscated. A number of stolen items, including a carpet shampoo machine and a two-wheel hand truck were also recovered.

One male suspect, Frank P. Garcia, 58, was arrested at the scene and booked at Parmer County jail on charges of possession of a controlled substance with intent to distribute and theft.

The charges are pending with the Parmer County DA's office. After indictment for these charges the Crimestoppers caller will be eligible for up to a \$500 reward.

Participating in the search were the Parmer County Sheriff's office, the Farwell police department, and the Friona police department.

## County Farm Bureau Advises To Control Canadian Thistles

Parmer County Farm Bureau board members say they have observed many property owners making a good faith effort to control noxious weeds, especially the purple topped Canadian thistle.

The county Farm Bureau board members expressed thanks to everyone who is working to help control this problem. Alan Monroe is president of the county board.

preserving our rich farm and pasture land", said Bureau board member Floyd Reeve. "Very serious chemical control measures may have to be implemented if this weed is allowed to go unchecked."

## NEWS AROUND TOWN...

Our family was in the mountains at Eagle Nest for the first time this year. The wildflowers were beautiful. Our granddaughter, Rene' Rindisbacher, her husband Todd and two children came from Durango, Colorado and our daughter Janee was with us from Spearman.

The days are getting hotter in that area and it is a little disappointing because it isn't much difference from temperatures here. The last

day we were there it turned much cooler and rained.

Charles Steele was in the Friona hospital for several days with a kidney infection but was released on Sunday. His wife, Virginia, said he is feeling fine now.

Sophia Cherry was hospitalized for a week in the Clovis Hospital. She is home and her condition has improved. She said her daughter and her husband, Esther and Ronnie Ferguson of Dumas have been with her, and on Sunday her grandson and family, Donovan and Ann Ferguson and two children came from Dimmitt.

She said the family enjoyed a good day together and also had home-made ice cream.

Eddie Corn of Farwell celebrated his 50th birthday at his mom's home in Bovina. Anne said the whole family was with her in Bovina. They are Dr. David Cole Sorley of Dallas and his wife, Judith; Don and Doris Grissom of Grand Prairie; Clay Corn of Nashville.

Also, Christi Corn of Lubbock; Charla Corn of

Canyon and Clint Corn of Farwell; Ed and Gwen Corn of Farwell; James and Heidi Taylor of Canyon and their children, Michael and Anna.

Friends who were with the family were Ingrid Ramirez of Clovis and Hedy Thompson, also of Clovis.

Other friends with them were Arnold and Amy Hromas and son, Brad of Bovina.

Anne was telling me that Ed and Gwen have two musical children. Charla will be in the production of "Texas" this summer in the Palo Duro Canyon, and Clay is a musician, who lives in Nashville and plays in the "big bands," one being the Lee Greenwood band.

They had a great time together, Happy 50th, Eddie!

Erra Jamerson and Edna Scott will be attending graduation ceremonies of their grandson, Kirk Scott, son of former residents, Larry and Carol Scott of Abilene.

Erra and granddaughter, Courtney went to Dallas ahead of time and will spend a few days before the graduation on June 5.

Edna Scott and daughter, Diana, of Clovis will be flying down for the graduation.

Edna was telling me that Kirk graduated from Wayland Baptist University, then graduated from Baylor University as a dentist, and is now graduating after three years from the Southwest Medical School of Dallas. He will have three more years of residency.

Kirk will be able to take care of cosmetic possibilities on the head, as well as correcting birth defects to the head, and also dental surgeries.

Kirk was always such a fine young man in Bovina High School, and such a gentleman. We appreciated him when we had to have information for the newspaper. We're very proud of what he has become.

Pioneer Days was held in Hereford over the weekend and Jimmy and I went over for that and visited with my brother, Preston and Nan West, of Moriarty, New Mexico, who were some of the hundreds who were there for the barbecue lunch held at the Bull Barn.

Our 1952 graduating class met at the home of Sue and Clark Andrews following the noon meal and had a good time talking about the "good ole school days."

Mary "Granny" Cochran of Kerrville, celebrated her ninetieth birthday with all of

## J. Perez Receives Diploma

The 1999 South Plains College 41st commencement exercises saw 664 students receive diplomas.

Among those receiving diplomas was Jose Angel Perez of Bovina. He was awarded an Associate of Applied Science Degree in Drafting Technology.

"I want to congratulate the graduates of our 1999 class," said Dr. Gary McDaniel, SPC president. "This is an important milestone in their lives. They have completed two years of college, and they and their families should be very proud. We at South Plains extend our best wishes to our graduates in their future endeavors."

## Air Race To Visit Hereford

The Marion Jayne Air Race, featuring some 35 different airplanes, will land at the Hereford Municipal Airport on Monday, June 7, from about 10 a.m. to 5 p.m.

The actual race for small airplanes, begins in Gallup, New Mexico on June 5 and ends 2,000 miles later in Bloomington, Indiana on June 10.

The planes will fly out of Gallup at one minute intervals. Hereford is the first timing point. Racers can land, refuel at their leisure since time on the ground does not count, then depart for Hutchinson, Kansas.

Since airplanes are equalized with handicaps, this is a test of pilot skills. They will be flying everything from a 115 mph vintage plane to a 250 mph fiberglass custom-built plane.

The race is named for famed air race pilot Marion Jayne, who holds the record for most air race victories, and with her daughter, Pat Keefer, won the longest race in history. She has been nominated for the National Aviation Hall of Fame.

**GRADUATION DAY....**Bovina's 1999 seniors graduated on Friday, May 28. Shown during the evening's program are Vickie Ortiz and Derrick Vanegas, National Honor Society members.

By RON CARR

## "Focaccia & Panini Are Not Opera Stars!"

You can't order a chicken fried steak at Holly's Cafe.

Fried foods are not on the menu. So if it's burgers and fries you crave, better crave somewhere else. Holly Smith doesn't have a deep-fryer in her place.

Thanks to some financial help from the Friona Economic Development Corp. (FEDC) and some business advice from the WTAMU Small Business Development Center in Canyon Holly Smith has opened what she describes as a healthy cafe.

If you have stopped by and seen the cinnamon rolls, brownies, and the lusty cakes and desserts, you might be inclined to wonder just how healthy an upside down carrot cake with cream, chocolate, and nuts on top can be.

That means no fried eggs and bacon for breakfast. The breakfast is full of fruit, French toast, or pastries.

The oatmeal special is a bowl of old-fashioned oatmeal served with sliced apples, banana, raisins, walnuts, brown sugar, and milk or cream.

It's enough to make a sausage and hash brown cowboy run back to the truck.

I couldn't help but notice that Holly's Cafe was written up in an article in the Amarillo-Globe News last week. Maybe you read it too.

If you read it, did you wonder what a panini sandwich on a focaccia roll was? You probably do what people do sometimes when they don't want to appear less than educated and worldly.

Throw in a little pesto sauce and creamy cilantro dressing, topped off with a cup of cafe au lait or Chai tea and you can have a thoroughly confusing lunch at Holly's for under \$10.

She might even throw in a Viscotti cookie to dunk in your latte or mocha.

I stopped by this week for a little research to assist you with menu interpretation. This way you can order with some self-confidence. We'll keep it simple.

Focaccia is an Italian flat bread roll with herbs in it (healthy). A panini sandwich is actually a ham or grilled

chicken sandwich served on a focaccia roll.

Panini is the name of the grill it is cooked on. In other words, a panini is an Italian stove. See, you can't just order a panini sandwich because there is no such thing as ordering a panini.

You've got to put the focaccia on the panini first, then add the good stuff later. Got the picture? Now there is no need to embarrass yourself when you order.

This summer you will find the entire Smith family working at the little yellow and blue cafe on Main Street.

Holly is the chief cook, the boss mom. Daughter Blair is the soup and sandwich chef.

She is home from Texas Tech.

Dad Tim Smith fills in at noon, which is the busiest time so far. Then there is son Hayes, a 13-year-old coffee chef who has developed his own coffee-bar creation, the Hayes Special.

I tried one and it was really good. At \$2.65, the large cup creation was a bargain. Sort of like having our own Starbucks right in downtown Friona.

At the always open coffee bar, you might ask Hayes for an Eye-Opener (has espresso), an Americano (hot water with two shots of espresso), or a Mom's Cappuccino (with strawberry).

The Chai Indian tea

comes in several flavors of herbs and spices and can be ordered with foamy milk.

Ashlee Hunt and Heather Martin round out the crew, handling orders, busing tables, cutting up vegetables, and delivering big smiles to all who enter.

Holly's Cafe is open Monday-Friday, 7 a.m. to 3 p.m. Take-out is available for any item on the menu. The phone number is 250-5800. There is enough seating for 32.

Bring me a double order of brownies, a bagel with cream cheese, and a Hayes Special while I try to make up my mind what healthy dish to order.

## Facts About The BIBLE BY JOHN LEHTI

This is a dramatized version of facts taken from the Book of Genesis intending to show some of the customs of these ancient and traditional times

**ABRAHAM'S BATTLE WITH THE FIVE KINGS**  
IN ORDER TO KEEP THEIR HERDS - MEN FROM FIGHTING EACH OTHER OVER THE BEST GRAZING LANDS FOR THEIR SHEEP ABRAHAM TELLS HIS NEPHEW, LOT, THEY SHOULD GO THEIR SEPARATE WAYS....

BEHOLD THE LAND IS GOOD IN ALL DIRECTIONS! ONLY CHOOSE THOU THE LANDS TO WHICH THOU WOULDST LEAD THY SHEEP!

IF THOU GO TO THE LEFT, THEN SHALL I GO TO THE RIGHT, OR IF THOU GO TO THE RIGHT, I SHALL GO TO THE LEFT - BUT LET US GO IN PEACE!

LOT, SEEING THAT THE PLAINS OF JORDAN ARE WELL WATERED, MAKES HIS CHOICE AND NOW DEPARTS FROM ABRAHAM....

...AND AS ABRAHAM MOVES IN THE OPPOSITE DIRECTION, HE SCARCELY NOTICES THE HEAVY CLOUDS ON THE HORIZON....

BUT THESE CLOUDS COULD BE A WARNING SIGN - CLOUDS OF WAR! FOR, NOT TOO FAR AWAY, A GROUP OF KINGS GATHER TO MAKE PLANS! THIS IS THE SEASON FOR WAR, LOOTING AND THE TAKING OF SLAVES, AND THEIR PLANS WILL AFFECT ABRAHAM IN THE DAYS TO COME!

## Letter To The Editor

June 1, 1999  
George W. Bush, Governor  
State Capitol, Room 2S.1  
PO Box 12428  
Austin, TX 78711

Dear Governor,  
When I heard that HB 2107 had made it through the House and the Senate only to be vetoed, I was absolutely shattered.

HB 2107 was our last hope. Etoile Volunteer Fire Department, as do most VFDs in Texas, runs on a stringent budget, sustained by the sale of sweets and barbecue. We are a small band of people, many over the age of 55, who donate personal time and money to protect the homes and lives of around 2,000 people. Most of us have jobs and families, which we leave at all hours of the day and night, as we can, to risk our lives for nothing more than satisfaction of knowing we have helped. And this we do with used, broken equipment, little or no protective gear, and very little support.

We backed HB 2107 in hopes of obtaining the protective clothing and gear NECESSARY to fight the fires that threaten our community.

We were optimistic that this legislation would pass because it only became active the two times a year people buy fireworks. It would have assisted more than 1800 volunteer fire departments and helped save the lives of ALL TEXANS.

I cannot help but express my disappointment in you; I feel you should be ashamed of yourself for vetoing this bill. By vetoing 2107, you put the lives of over 40,000 firefighters at risk and turned your back on Texas.

Governor Bush, I was so proud of you in the past (ref. support letter dated 3/8/99), thinking you had the little guy in mind. **WHAT DO WE DO NOW?** If this fireworks bill is not the answer, **WHAT IS?** Do you have an alternative plan to help protect the Citizens of Texas, your constituents, for the certainty of fire?

I look forward to your response.

### MINNIE KNIGHT Minnie Knight Submits Story For Publication

Every month a resident of Prairie Acres Nursing Home submits a story about his/her life's history to be submitted in the home's newsletter, "The Prairie Times" and for printing in this issue. This month we feature Minnie Ada Reed Knight.

By MINNIE KNIGHT  
Minnie A. Knight was born on February 19, 1915 at the Star Ranch in Parmer County. She grew up the fourth of ten children and spent all her life in Parmer County. In 1933, Minnie met James Eggleton Knight, formerly of Logan County, Kentucky. J.E. was working for the Rafter S Ranch at the time they met. They courted and married August 22, 1936.

J.E. and Minnie continued to work at the Rafter S and lived in a house at the ranch. Their "running" water was a faucet just outside the back door. They did have an icebox and a coal burning range. In 1940, they remodeled the house and added running water along with more room.

Minnie is the mother of five children. James Ronald (J.R.) was born November 4, 1937; Gayle Greeson was

born January 12, 1943; Mary Yaksich and Martha Mars were born October 31, 1944; and Vickie Knight was born April 4, 1952. The family built a home in 1959 just outside the city limits of Friona.

She is the grandmother of twelve grandchildren, five of which she gained through their marriages and seven great-grandchildren. She is also the oldest living of her four remaining siblings.

Her son, J.R. Knight, passed away in 1986 and she lost her husband, J.E. Knight, in 1991. Minnie came to live at Prairie Acres in the fall of 1998 when doctors said she could no longer stay by herself.

### Immunization Clinics Set

Immunization clinics offering vaccines that give protection against several childhood diseases are scheduled for June.

Protection is against polio, diphtheria, lockjaw (tetanus), whooping cough (pertussis), measles, rubella, mumps, HIB (Haemophilus Influenza Type B) and varicella (chickenpox).

The Texas Department of Health is charging fees to help with the cost of keeping the clinic open.

The amount of money charged will be based on family income and size, and the ability to pay.

The vaccinations are available at the WIC Office, 607 Main Street in Friona, Friday, June 18 from 10 a.m.-12 noon and 1-3:45 p.m.

Vaccinations will also be administered at the EMS Office, 109 East Third Street in Bovina, Monday, June 14 from 10 a.m.-3 p.m.

## Math TAAS Is On-Line

Texas students can practice the Texas TAAS test on-line and citizens can take a closer look at the TAAS test on a new Web site developed by the Texas Business and Education Coalition. The site, located at <http://www.tbec.org>, offers access to a variety of versions of the test, demonstrations, tutorials, practice tests and complete diagnostic tests for grades three through eight as well as the tenth grade exit

TAAS. The math is the only TAAS that is currently available; however, TAAS reading will be added in the future.

TAAS, Texas Assessment of Academic Skills, is a standardized test that measures student's proficiency in meeting the learning objectives in the Texas public school curriculum. It provides the data that teachers and parents need to measure a student's progress.
