NO. 45

BRITISH TOLD NATION GROWS IN STRENGTH

LONDON, Sept. 5.—Prime Minister Winston Churchill of Great Britain today told the House of Commons that German aerial attacks will be multiplied and that Hitler's greatest bid for victory may come this month.

Churchill stated that to date neither Britain nor Germany had thrown their full might into the war, but predicted that when Germany did make the big bid to overpower Britain, he was positive that it was due to failure.

Churchill reminded the British that they must maintain their morale and home defenses, because Hitler's chances at final victory largely depended upon his success before next year.

Young Attorney Serves As Judge of Shackelford

William W. Blanton, who was nominated county judge of Shackelford county in the recent Democratic run-off primary, is only 29 years of age and will be one of the youngest county judges in Texas.

Abilene Attorney Heads 'Fund Drive' For Democrats

W. R. Ely, Abilene attorney, has been named by Marion Blacklock, Texas National Committeeman, as chairman of the 17th congressional district to conduct a 60-day "campaign fund and vote" drive for the Texas Democratic forces.

Better Planting Seed Is Subject To Be Discussed

"Better Planting Seed" is the subject of a talk that will be made by E. A. Miller, Extension Agronomist, during a meeting in the County Court Room, Eastland, at 9:30 a. m., Thursday, September 5.

J. R. Gregg, Former Ranger Man Is Dead

J. R. Gregg, 24, former leasee of the Prompt Primery, Ranger, died at his home in Santa Anna Wednesday morning from a malignant brain tumor.

Gregg returned about two weeks ago from the Scott and White hospital at Temple, where he was given treatment for the ailment.

Gregg was born Sept. 29, 1915, in Rising Star, made Santa Anna his home for 19 years. A few years ago he leased the plant of the Santa Anna News from his father, and with his wife operated it for about a year.

Besides his parents, survivors include his widow, three brothers, Jack of Tucumcari, N. M., John of Santa Anna, and Burt of North Hollywood, Calif.; and four sisters, Mrs. Lloyd Simmons, Zigler, Ill., Mrs. J. B. Jones, Ingleside, and Frances and Mary Jo Gregg, both of Santa Anna.

Fambro Trial Set For Jones County

ABILENE, Sept. 5.—Judge Milburn S. Long of 42nd district court yesterday ordered on his own motion a change of venue to 104th district court in Jones county in the case of Alex Fambro, Stephens county ranchman charged with murder.

Fambro was convicted in 42nd district court here last September of the slaying Nov. 16, 1938, of Dave Wagley of Wayland, Stephens county. His penalty was fixed at 20 years, but the court of criminal appeals reversed the case to allow admission of new evidence the defense claimed to have found after conclusion of the trial.

Judge W. R. Chapman of 104th district court said last night it was his intention to try the case as soon as possible in the current term, "but you never can tell whether a case will come to trial when set," he added.

Fambro will be going to trial for the fourth time. The first trial in Stephens county, resulted in a hung jury. The second one, held at Baird on a change of venue, was halted because of illness of a star witness.

Two Squirrels Live Through Caesarian Operation In Woods

While out hunting Monday D. E. Pulley of Ranger performed a Caesarian operation on a mother squirrel and delivered four baby squirrels, two of which are still alive. The operation was performed in the woods, with a pocket knife, and the four squirrels were wrapped in a pocket handkerchief for the trip back to Ranger.

Two Boys Taken In United States Army

Two more boys from Eastland County have joined the army, according to Patrick Hossley, in charge of the United States Recruiting office at Eastland. The two who have joined the army are Marvin E. Hyche, Ranger, 1122 Blackwell Road, son of J. C. Hyche; and J. K. Shumake, Jr., Route 2, Eastland, son of J. K. Shumake, Sr., now of Lamesa.

OFFICE TEMPORARILY CLOSED

The Eastland office of the Texas Employment Service will be temporarily closed each day except Tuesday of each week and on this day it will be open from 8:00 a. m. to 5:00 p. m.

TRANSPORT IS TORPEDOED IN SWEDISH AREA

GOTHENBURG, Sweden, Sept. 5.—Swedish fishermen reported today that a British submarine Monday night sank a German transport loaded with 4,000 soldiers, enroute to Norway, and that only 100 of them were rescued.

The transport, identified as the Marion, of Hamburg, was sunk Monday night, the dispatch said, adding that Swedish and Danish fishermen were witnesses. The Marion was reported en route from Germany under a convoy of two armed trawlers and a destroyer. With one torpedo, the dispatch said, the Marion was hit amidships.

The ships escorting the Marion saved no more than 100 of the soldiers aboard, it was reported. It was rumored, without confirmation, that another vessel had been torpedoed two weeks ago.

36th Division To Hold A Reunion on October 5, and 6

FT. WORTH, Tex.—Veterans of the War-time 36th Division will gather in Ft. Worth, Texas, from many states, October 5th and 6th, to attend the annual Reunion of their Association. There is every indication of a record breaking attendance. The Veterans will find near Ft. Worth, this year, a scene reminiscent of their training days at Camp Bowie, as one of the government's contract aviation schools is in operation north of the city on the site of the aviation school maintained in 1917-1918.

The 36th Division Veterans Association has as its members Texas and Oklahoma National Guardsmen, who comprised the 36th Division, which received its baptism of fire in the Champagne Sector of France on October 7th and 8th, 1918. While the majority of the members still live in Texas and Oklahoma, each Reunion is attended by many now living in various states of the Union.

Many of the units of the old Division have formed Organization Clubs and it is expected that the competition will be keen between such clubs to capture the loving cup to be awarded the unit having the largest membership attendance.

Headquarters for the Reunion will be at the Texas Hotel. Saturday morning, October 5th, will be given over to registration and the assembly room, off the lobby, will be open all day. Saturday evening the first annual banquet will be held, to be followed by the annual dance in the Crystal Ballroom of the Texas Hotel.

Sunday morning Memorial Services will be observed at Municipal Auditorium, followed by a short business session. At noon luncheon will be served in Pioneer Palace of Casa Manana grounds. Other entertainment is being planned.

The Women's Auxiliary to the Association will hold its annual meeting in the Texas Hotel Saturday morning and the Auxiliary has promoted plans for the entertainment of the women and families of the Veterans during their stay.

General John A. Hulen, who commanded the 72nd Brigade, 36th Division, throughout the war is president of the Association and Mrs. Young Yates of Fort Worth is president of the Auxiliary.

More Poultry And Eggs Are Shipped

AUSTIN, Tex.—Poultry and egg shipments from Texas to interstate points during July registered a large increase over those of July a year ago. University of Texas business statisticians report. Rail forwardings of poultry—36 cars—were 80 per cent above the comparable month last year, and 68 cars of eggs left the state as compared with 33 cars in July, 1939.

The poultry movement was made up of 30 cars of chickens and six cars of turkeys, compared to 20 cars of chickens and none of turkeys a year ago.

ALIENS REGISTERED

Twelve aliens had been registered and finger printed at the Eastland postoffice up to and including Saturday, August 31, it was announced by local postal authorities.

Rowe Reads Different Story Now

Sent to Beaumont to doctor up his arm in 1938, following two dismal campaigns, Schoiber Rowe is now back somewhere near the stride which made him the hero of Detroit's pennant-winning years of 1934 and '35. The big right-hander won his 12th victory of the season in Washington the other afternoon, and is being counted upon in the Tigers' dash for another flag.

New Screw Worm Treatment Given By County Agent

Screw worm control in livestock has been simplified by the discovery of a new treatment by the U. S. Bureau of Entomology, according to Elmo V. Cook, County Agent. The treatment consists of the use of Diphenylamine, a chemical which looks like brown sugar and has a strong odor.

Diphenylamine should be applied to any break in the skin of cattle, sheep, goats, horses, or hogs that may be exposed to screw worm flies. Enough of the powdered chemical will stick to a wound to kill every worm that hatches for several days. For safety it should be applied every three days.

Except for the killing of large, well-developed screw worm maggots, diphenylamine will take the place of both a worm killer and a repellent. Large screw worms should be killed first with benzol and then the diphenylamine applied to the wound.

Diphenylamine is non-poisonous and inexpensive to use. It can be obtained from merchants who handle other worm remedies.

Castleberry Plans Conservation of Soil and Water

A complete plan for soil and water conservation is being executed by T. E. Castleberry on his 360-acre livestock farm, six miles northwest of Eastland near Yellow Mound. The demonstration is one of four such being carried out in Eastland County by landowners in co-operation with the County Agent and the Soil Conservation Service.

Immediately after his plan was completed, Castleberry built a drainage channel and seven terraces with county machinery to protect more than forty acres of crop land from erosion and to hold moisture. Two years ago he built terraces on more than 20 acres of pasture land which have held all rainfall.

He has marked several blocks of pasture that are heavily infested with mesquite trees and is eradicating one block each month by spraying with kerosene. He eradicated mesquites from several acres of pasture land in 1938. Castleberry also applied superphosphate fertilizer to twenty acres of pasture land as a soil builder. His ultimate plans are to improve his pasture by eradicating all trees and brush, contour furrowing to hold moisture for the growth of grass, and to improve the quality of his grass by use of fertilizers, and to improve his crop land by controlling water run off and soil erosion, planting soil building crops, and grazing with cattle.

Most Children Die By Motor Crashes In Autumn Season

With schools throughout the country reopening at this season of the year the fact that more children between the ages of 5 and 14 were killed by motor vehicles in September or October of 1939 than in any other month of the school year assumes grim importance, warns the National Conservation Bureau, accident prevention department of the Association of Casualty and Surety Executives.

"We face the possibility that the same months of 1940 will show the same increase unless additional child safety precautions are taken," states Kenneth N. Beadle, director of the Bureau's education division. "A large proportion of those child deaths are directly traceable to faulty, insufficient, or even a total lack of child training in the art of recognizing and avoiding traffic hazards."

"In an effort to overcome this condition, an accident prevention program was carried last summer to 30,000 teachers in twenty states by the Education Division of the National Conservation Bureau, the Center for Safety Education at New York University, and over 70 colleges and universities. The results in safety education of the campaign of the summer just past far surpass those of previous years."

"Although the whole field of safety education was covered in these teacher courses, particular emphasis was laid on traffic hazards. Positive, not negative, methods of teaching safety were stressed. The teacher was shown that the best approach to the child is by appealing to the child's innate desire to excel, in contrast to the old method of terrifying him with a grim succession of 'Donts.' The child is taught that intelligent alertness, plus courtesy and consideration for the rights of others, are the most sensible of human attitudes. He is shown how to avoid accidents in much the same way that a football player is shown how to evade the opponents' interference."

For the child: 1. Always cross the street under the supervision of the officer or teacher if one is present; always observe the traffic lights; whether or not there is a traffic signal, always look both ways before crossing the street. The driver may not be on his job; you should be on yours. 2. Do not run into the street in pursuit of a ball or playmate without first making sure you will be able to return to the curb safely. 3. Do not annoy drivers by running alongside their cars or darting in and out of the street without warning. How would you like to have motorists make a game of trying to drive as close to you as possible without knocking you down? For the motorist: 1. Beginning today, observe SCHOOL signs. During the summer you may have acquired the habit of ignoring these signs. Break it now. 2. Children especially you children, are liable to do the unexpected; they act first and then afterward. When you have to pass a child playing near street, slow down. He may cut in front of your car. 3. Be especially observant of parked cars. In addition to the fact that a parked car is as much obstruction to visibility as a building, many children customarily play in and about parked cars.

Eastland Man Is Notified Brother Fatally Injured

A. B. Cox, who resides on farm just north of Eastland, received a message Saturday morning stating that his brother, Cecil Cox, operator of the Church Christ Burial in the Cemetery, Tuesday afternoon 3:30. The deceased, who was survived in death by two sons and daughters. One daughter, Mrs. Smith, and one son, Bob Latham, reside in Cisco.

GOES TO HOSPITAL

Henry Pullman and H. Mitchell took Jess Richardson of Eastland, who became ill several days ago, to the Veterans' Hospital at Lexington, Texas, Sunday. They are expecting a report on his condition within a few days.

Presbyterians To Observe Oct. 20 As Sesquicentennial

Rev. V. K. Aulrey, pastor of the First Presbyterian Church, Brokenridge, and chairman of the Committee for Christian Education for the Abilene Presbytery, is supervising local plans for the celebration of Sesquicentennial Sunday to be held in Presbyterian churches throughout the country on Sunday, October 20.

The observance of Sesquicentennial Sunday will climax a four-year campaign sponsored jointly by the Board of Christian Education of the Presbyterian Church, and its 53 Presbyterian colleges, 52 Westminster Foundations, and 11 Theological Seminaries who seek to raise \$10,000,000 to "make Christian religion an integral part of the education of every youth in a Presbyterian school in the country."

The 52 Westminster Foundations of the Presbyterian Church are those centers of religious guidance maintained by the Presbyterians on the campuses of Universities throughout the United States. For the most part, they are found on the grounds of large colleges and state Universities. The leaders of these centers work to establish a closely-knit tie between religion and education.

City Willing To Sponsor Project If It Had Funds

The City of Eastland is being unjustly criticized by some because of the closing down of the Eastland Sewing Room project, which the city was sponsoring, M. H. Kelley, City Manager, says. "If the payment of half of \$3.50 per month per person for the 28 women assigned to the project at the time it was closed, was all of it there might have been a way found to have kept it open," Mr. Kelley said. "But this is not all," he stated. "The government would not assure us that the rate of \$3.50 per person per month would be maintained but rather indicated that it was more than likely that it would be \$6.00 and that instead of 28 women it was more likely that there would be 70 women assigned to the project."

COMMAND OF CHANNEL NOW STRENGTHENED

By J. W. T. MASON United Press War Expert Acquisition by Great Britain of 50 American destroyers increases British command of the channel so decisively that it should give preponderant weight to the opinion of those German generals who have been advising Hitler against an invasion. The destroyers too will strengthen security of the British convoy system. At the same time, augmented British sea power in the Mediterranean will further jeopardize reinforcements of man and supplies for an Italian campaign in North Africa. Hitler and Mussolini now will have to revise their former strategy based on depletion of the British destroyer fleet. Once the American ships get into action, Hitler can hold no serious hope of even moderate success for his starvation blockade. Losses of British merchant shipping heretofore should be reduced considerably while passing through the submarine zone. A United Press correspondent who had been eight days with a convoy of thirty merchantmen reported yesterday that the escort consisted of only one destroyer and a smaller auxiliary craft. The convoyed ships stretched out for fifteen miles, which would require three destroyers to guarantee security. These now will be available and the intensity of the strain on a single destroyer crew will be diminished, thus adding to efficient guardianship. An attempted invasion of the British Isles must be planned on the assumption of no serious attack upon transports while crossing the channel. Large warships operating in the narrow channel waters, run serious danger because of lack of adequate maneuver space. Speedy destroyers able to twist and turn at will are the natural challengers of an invading fleet. A flotilla of American ships reinforcing the British destroyers and armed speed boats might well scatter and drive back German transports in mid-channel engagements, making a landing force impossible. In the Mediterranean the problem of a major Italian expedition from Libya directed against Egypt and Suez, largely concerns continuous contact with the home bases. A lengthy campaign would require replenishment of troops, munitions, and food from Italy. American destroyers could hamper the Italians to a point where Mussolini might have to choose between remaining on the defensive in Libya or sending forth his battle fleet to risk all in an endeavor to clear the great first-line

CITY WILLING TO SPONSOR PROJECT IF IT HAD FUNDS

The City of Eastland is being unjustly criticized by some because of the closing down of the Eastland Sewing Room project, which the city was sponsoring, M. H. Kelley, City Manager, says. "If the payment of half of \$3.50 per month per person for the 28 women assigned to the project at the time it was closed, was all of it there might have been a way found to have kept it open," Mr. Kelley said. "But this is not all," he stated. "The government would not assure us that the rate of \$3.50 per person per month would be maintained but rather indicated that it was more than likely that it would be \$6.00 and that instead of 28 women it was more likely that there would be 70 women assigned to the project."

According to Mr. Kelley the City of Eastland as the sponsor of the sewing room project was also required to pay all utilities, such as lights, water, gas, elevator service, etc., and this all amounted to such a large sum that the city was not in position to pay it, and especially when they had no assurance of what it was going to amount to. "God only knows what those large the great first-line

Entered as second-class matter at the postoffice at Eastland, Texas,
under Act of March, 1879.

Published Every Friday
Office of Publication: 106 East Plummer Street Phone 601

NOTICE TO THE PUBLIC

any erroneous reflection upon the character, standing or reputation
of any person, firm or corporation, which may appear in the columns
of this paper, will be gladly corrected upon being brought to the at-
tention of the publisher.

Obituaries, cards of thanks, notices of lodge meetings, etc., are charged
for at the regular advertising rates, which will be furnished upon ap-
plication.

MARKET FACILITIES
FOR WOOL, MOHAIR IN
THIS AREA PLANNED

Sheep and goat raisers from
this part of the country met at
the Ghoslon Hotel in Ranger
Tuesday afternoon and formed a
branch of the Midwest Wool and
Mohair Marketing Association for
the purpose of getting better
prices for their fall and spring
clips.

Branch headquarters will be
opened next Tuesday in Ranger,
it was decided at the meeting. J.
F. Donley, prominent goat raiser
of this part of the country, was
named as chairman of a commit-
tee to arrange the local marketing
plan, with Mayor Hall Walker
and John Thurman as the other
members of the committee.

Sheep and goat raisers from
Eastland, Palo Pinto, Stephens
and Erath counties were present
at the meeting at which L. F. As-
ton, manager of the Fort Worth
branch of the association, the
only one in Texas, was the prin-
cipal speaker.

Donley opened the meeting by
telling of his experience in get-
ting an average of six cents a
pound more for his mohair by
selling through the association
than he had received from the so-
called "scalpers" and told of the
need of such an organization in
Ranger, where the wool and mo-
hair would be graded locally be-
fore being shipped. He introduced
Aston, who spoke on the organi-
zation and its methods of opera-
tion.

Aston stated that the cost of
distribution had increased 30 per-
cent in the past 15 years, through
no fault of the growers, and that
the association would eliminate
many of the marketing costs,
which he said had amounted to
eight and a half cents in the past
15 years. He said the association
had been in operation for 10
years and had marketed 60,000-
000 pounds of wool last year,
most of it going to consumers in
Boston.

He said that while there was no
guarantee that any stable price
could be promised, that the as-
sociation would enable the growers
to get the highest possible prices
for their clip. He said that the
local map would advance 65 per-
cent of the parity price on the
wool or mohair until it had been
graded and sold.

He discussed, briefly, the meth-
ods of grading mohair and told
why some hair would bring better
prices than other and why some
hair which the grower thought
would be given one rating would
be placed in another.

Bill Wood Drafted
For Softball Game
In Detroit, Mich.

Billie Blake Wood, son of Will
Wood of Abilene and grandson of
Justice of the Peace Earnest
Wood of Eastland, while in East-
land visiting relatives, received a
telephone call to report to the
softball team with which he plays
as a pitcher, for a trip to Detroit,
Mich. He left immediately for
Abilene.

Wednesday's Abilene Reporter-
News carried the following item
regarding Wood and the trip he
is making to Detroit:

Bill Wood, curve ball pitching
ace of the West Texas Utilities,
was the only player drafted by the
state champion McNitt Oilers of
El Paso.

A titlist is permitted to draft
three men. Because their roster
was already crowded and they
chose to not send any of the old
guard home, El Paso picked only
Wood. He will be used in the out-
field as well as on the mound at
the world tournament in Detroit.
The meet begins Thursday and will
continue for about 10 days.

The El Paso party left here
yesterday morning aboard the
Sunshine Special.

The border entry defeated Kraft
Cheese of Denison, Nathan's of
San Angelo, West Texas Utilities,
Magnolia of Amarillo and Ameri-
can Liberty (Dallas) to cop the
state bunting. Roy Weeks, ace
shunker, did all the pitching,
shutting out the opposition three
times in a row.

Local American
Legion Post To
Meet Friday 8 P M

Dulin-Daniels Post No. 70, East-
land American Legion, meets Fri-
day night at 8:00 o'clock, Post
Commander Henry Pullman, an-
nounces.

Mr. Pullman also states that in-
vitations have been sent to Sam
Russell of Stephenville and John
Lee Smith of Throckmorton to ad-
dress the Friday night meeting.

The meeting being of unusual
importance, Mr. Pullman urges all

SHEEP - GOAT
DAY PLANNED
AT LAKE CISCO

The program has been complet-
ed for the second annual Eastland
County sheep and goat day, which
will be held at Lions' Club Park,
Lake Cisco, Friday, Sept. 6. The
meeting will open at 9:30 a. m.
and close at 4:00 p. m.

Following is the program:
Welcome—B. A. Butler, Presi-
dent of Cisco Chamber of Com-
merce.

Sheep and Goat Raising for Be-
ginners—Dr. R. H. Hodges, Ran-
ger.

Building and Preserving Past-
ures—W. H. Dameron, Superin-
tendent Sonora Experiment Sta-
tion.

Noon—Barbecued chevon.

Sheep and Goat Management—
W. R. Nesbet, Extension Sheep
and Goat Specialist.

Future of Wool and Mohair—
A. K. Mackey, Secretary, Texas
Sheep and Goat Raisers, Associa-
tion.

Goat Production for Meat—R.
Beal Humphrey, Representative of
San Antonio Stockyards.

Educating New Raisers—W. L.
Glass, A. & M. Extension Service.

Library Of Early
Politics Received

AUSTIN, Tex.—More than six
hundred manuscript documents re-
lating to Mississippi politics in the
early 1800's have been acquired
by the University of Texas Librar-
y, Donald Coney, librarian, said
today.

The documents are letters by
and to Powhatan Ellis, who was
American charge d'affaires at
Mexico City during the Texas
Revolution. They were written by
275 persons from 1811 to 1834.

The manuscripts are now in the
University's Archives Collection,
one of the largest and best known
such collections in the South.

J. R. Gryder, Rising Star and
Mary Whatley, Austin.

Cisco Girl Dies
In Car Accident
Saturday Morning

Edith Armeta Calloway, 13, of
Cisco, was killed, her mother, Mrs.
Stella Calloway, received scratch-
es and Mrs. C. M. Constant, re-
ceived bruises and suffered from
shock as the result of an automob-
ile accident between Mingo and
Ranger early Saturday morning.

Bonnie Jean Constant, who was
also in the car, was not injured.

Mrs. Calloway was treated for
scratches at the City-County hos-
pital about 2 o'clock Saturday
morning, and was released, it was
reported by hospital attendants.

Mrs. Constant, who was driving
the car, is quoted as stating that
she apparently went to sleep at
the wheel of the car causing the
wreck. Miss Calloway was
thrown against the wind-
shield and received cuts and a
crushed skull. She died within 10
minutes after the accident.

Highway 67 is closed to live-
stock traffic in that animals can
be taken in, but none taken out.

Dr. L. G. Cloud, veterinarian of
the Texas Livestock Sanitary
Commission was expected to re-
turn to Breckenridge today for a
check up in the area and it is
thought conditions will be found
such that he can recommend lift-
ing of the quarantine over the
entire area.

No new cases have been report-
ed, and the vaccination steps tak-
en some time ago are now thought
to have immunized the cattle.

County Agent W. R. Lacey said
representatives of the Bureau of
Animal Industry are expected
here soon to check on tuberculo-
sis. This will be routine inspection
to keep the county in the accredi-
tated area. Any one wishing their
herds inspected are asked to com-
municate with Mr. Lacey.

Veon Howard Is
Vice President
Eastland Lions

The Eastland Lions' Club at its
regular weekly luncheon Tuesday
noon, dispensed with the program
for that meeting.

Veon Howard was named vice-
president of the club to succeed
Dr. C. C. Cogburn, who resigned
when he moved from the city to
take up his future residence at
Nixon, Texas.

Tillman Stubblefield and Rip
Galloway were named as the pro-
gram committee for September.

Eastland Police
Recover Stolen
Car; Auto Tires

W. J. Peters, Eastland Chief of
Police, reports the recovery of a
number of automobile tires in
Eastland that were stolen in
Breckenridge on August 20 when
the Ford Agency there was burg-
larized.

Chief Peters states that two
persons are being held in the
Stephens county jail at Brecken-
ridge in connection with the burg-
lary there. No arrests were made
in Eastland.

Chief Peters also states that a
Ford coupe stolen in Lubbock on
August 22, has been located in
Eastland by his department and
that the owner of the car was in
Eastland Wednesday to get the
car. No arrests have been made
in this case, Chief Peters said.

Anthrax Threat In
Stephens County Is
Now Almost Over

BRECKENRIDGE, Sept. 4.—
One strip of the Stephens county
area quarantined because of an-
thrax has been released, and it is
expected that in the near future
the entire strip will be released.

That already released is a strip
about two miles wide north and
west of Eolian.

Highway 67 is closed to live-
stock traffic in that animals can
be taken in, but none taken out.

Dr. L. G. Cloud, veterinarian of
the Texas Livestock Sanitary
Commission was expected to re-
turn to Breckenridge today for a
check up in the area and it is
thought conditions will be found
such that he can recommend lift-
ing of the quarantine over the
entire area.

No new cases have been report-
ed, and the vaccination steps tak-
en some time ago are now thought
to have immunized the cattle.

County Agent W. R. Lacey said
representatives of the Bureau of
Animal Industry are expected
here soon to check on tuberculo-
sis. This will be routine inspection
to keep the county in the accredi-
tated area. Any one wishing their
herds inspected are asked to com-
municate with Mr. Lacey.

Abilene Man To
Address Bible
Class Here Sun.

Lewis Acres, prominent worker
in the Abilene Christian Church,
will address the Men's 9:49 Bible
Class at the Eastland Methodist
Church Sunday morning.

Rev. P. W. Walker addressed
the class last Sunday in the ab-
sence of the teacher, Virgil Sea-
berry, who is at Mayo's for clini-
cal examination. Word from Mr.
Seaberry is that he will remain at
the hospital for several days for
observation.

As a part of last Sunday's pro-
gram for the 9:49 Bible Class,
Mrs. Grady Pipkin rendered a vo-
cal solo, accompanied at the piano
by Miss Clara June Kimble.

LINGLEVILLE MAN DIES

Dee Price, a rural mail carrier
for many years out of the Linglev-
ille, Texas, postoffice, died there
Thursday. He had been ill for
several weeks. Mr. Price was a cou-
sin of Frank A. Jones of the East-
land Daily Telegram.

America's First Line of Defense
is the INTELLIGENCE of its People!
WHEN you look into the faces of the men who are America it
is a heartening sight—your faith in democracy, in humanity,
in man and in God wells upward in spite of today's events among
other people. From American faces there radiates a degree of self-
respect, self-confidence and self-reliance possessed by no other men
on earth and generated by 164 years of liberty such as no other men
have ever enjoyed. No other people have ever been so free, or free
for so long a time.
America is free and is great because plain Americans have made
and have kept it so. Through their initiative and creativeness, exer-
cised under conditions where physical and mental energies had free
play, your fellow-Americans have done more to enrich themselves
while enriching you than any other men who ever lived.
The men and women whose combined efforts supply electric
service to you are proud to be your fellow Americans—"fellow-
travellers with you" in your enthusiastic belief in democracy, in
representative government, in free enterprise and in your intellectual
capacity to build and safeguard even greater treasures in your
America of tomorrow.

CO-OPERATES WITH
Government Stamp Plan
TO HELP MOVE SURPLUS FARM PRODUCTS

Tuesday, September 3rd, the new Federal Government Food Stamp Plan to market surplus farm commodities was put into operation in Eastland County. The stamp plan was inaugurated to give the farmer a greater return for his products, and to assure better nutritional balance of food to the families that are being provided with surplus foods by Federal Surplus Commodities Corporation.

It is only natural that we are ready and willing to cooperate with the new Government Plan... To help the farmer and enable others to receive more food (one third more) for the same money and in some instances for less money.

ORANGE STAMPS Are Good For All Foods!
BLUE STAMPS Are Good for Surplus Foods Only!

Muirhead Motor Now Has 1941 Line Buicks; Pontiacs

The Muirhead Motor Company now has on display a complete line of the 1941 Buicks and Pontiacs which the public is cordially invited to see and inspect.

The new Pontiac may be had in either six or eight cylinders. Jack Muirhead, manager of the Muirhead Motor Company, says that in all his years of handling Buicks and Pontiacs the 1941 models are by far the most outstanding values in every respect that he has ever been able to offer the buying public.

These new models are now on display at the modern show rooms of the Muirhead Company at the corner of West Main and South Green streets.

Mrs. Joe Stephen announces this week the opening of a kindergarten at her home, beginning Sept. 16th, at 9 a. m., for pre-school children.

Mrs. Stephen is an experienced teacher of children, having taught school five years, kindergarten for two years, and Nursery School for two years.

The work will consist of a regular course of kindergarten, including music, dancing, and expression.

MINISTER RETURNS Elder A. F. Thurman of the Eastland Church of Christ, who has been absent much of the time this past summer holding revival meetings, has returned and will be in his pulpit each Sunday morning and evening.

Are You Ready for School?

Every child of school age should be making plans now to enter school the first day. Free school opportunities in America are abundant, but they slip by quickly, and soon they are gone forever.

The home is another training plant and shares equally with the school. The early lessons taught at home are most lasting and most impressive. Every teacher can tell you what a home means to a child, and every normal child wants a home, and if daddy doesn't own one he can't understand why.
