

U. S. BOMBS GERMANY AGAIN

10 WARSHIPS, 12 TRANSPORTS 55 PLANES AND 15,000 MEN LOST BY JAPANESE IN FIGHT

ALLIED HEADQUARTERS, Australia, March 4 (Thursday) (UP)—Allied planes battering a big Japanese convoy bound for New Guinea have turned the engagement into a major disaster for the enemy, with every one of the enemy's ten warships and twelve transports sunk or sinking, Gen. Douglas MacArthur announced Thursday.

"The Battle of Bismarck Sea now is decided," the noon communique issued at United Nations headquarters said. "We have achieved a complete victory. The completeness was such as to assume the proportions of a major disaster for the enemy. His entire force was practically destroyed."

Fifteen thousand ground troops on the vessels were drowned or killed, almost to a man, the official announcement said, and fifty-five enemy planes were shot out of action Tuesday and Wednesday.

"Merciful Providence guided us to this victory," Mac Arthur commented.

The convoy included ten warships, described in the communique as cruisers or destroyers, escorting the twelve transports. The entire fleet represented a total of 90,000 tons.

"All are sunk or sinking," the communique reported.

The big convoy, one of the largest ever sent against New Guinea by the Japanese, was sighted Monday north of New Britain Island. It was advancing behind a weather front that prevented MacArthur's American and Australian planes from attacking.

Tuesday, however, Flying Fortresses and Liberators took off through tropical storms and trapped the convoy north of Cape Gloucester, on the southwestern tip of New Britain and about 150 miles from its destination at Lae, the Japanese base on New Guinea's north coast.

Early reports had placed the size of the convoy at four vessels, but Thursday's communique based on information from late returning pilots, put the number of enemy ships at twenty-two.

It said the convoy as it was originally sighted consisted of only fourteen ships but was joined Wednesday afternoon by eight other vessels.

All categories of Allied planes roared to the attack Wednesday, driving blow after blow at the enemy vessels as they sought to escape, probably to Lae, the direction in which they were headed.

"Ship after ship was again and again hit with heavy blows from from low altitude," the communique said. "The enemy air coverage became weaker and weaker and his forces more scattered and dispersed, and finally his remnants isolated and bewildered, were gradually annihilated by our successive air formations as we sent them into combat."

The Allies' losses in the decisive engagement were exceptionally light. One bomber and three fighters were shot down. A number of other planes were damaged, but were able to return to their bases.

"Our decisive success cannot fail to have the most important results on the enemy's tactical plans," the communique said.

Former Eastland Resident Dies In Oklahoma

Claude Haslip, former Eastland resident and oil well driller, died January 27 at his home near Drumright, Okla., Eastland friends have been advised by his daughter, Mrs. Bert Beatty of Corpus Christi.

Mr. Haslip had been in failing health for sometime. He was engaged in farming at the time of his death. Mrs. Haslip, since her husband's death, moved to Dayton, Ohio.

Killed in Fall
Hubert H. Jones, 46, World War I veteran, and past commander of the Rising Star American Legion Post, was instantly killed at Rising Star Wednesday afternoon when he fell from a 20-foot stack of peanut sacks.

Eastland To Name 3 New Members To City Commission

Eastland voters will go to the polls Tuesday, April 6, for the purpose of electing three commissioners as successors to C. W. Hoffmann, L. J. Lambert and the late H. O. Satterwhite, whose terms of office expire at that time.

Oscar Wilson will be the presiding judge at the election, H. P. Pentecost will be judge and clerk and Mrs. R. B. Braly will be a clerk.

The names of candidates for the above offices must be on file with the City Clerk at the City Hall not later than 5:00 p. m. Wednesday, March 31.

The Eastland city government plan provides for five commissioners. These commissioners, when duly elected select one of their number as chairman of the board. This chairman is commonly known as mayor.

For the past several years C. W. Hoffmann has filled the position of commission chairman or mayor. In a published statement issued a few weeks ago when he resigned the position to later reconsider and withdraw the resignation, he said that he would not be a candidate for re-election.

Holdover members of the five man commission are C. E. Lucas and C. W. Wellman. Wellman has been absent from the city for sometime and it is not known whether he expects to continue his absence and resign from the commission or whether he plans to return soon. It is understood that he has not abandoned Eastland as his home. As a man and as a member of the present commission, he is very popular.

W. C. Campbell has announced his candidacy for a place on the commission.

Mrs. Fissel Of Grapevine Died Saturday P. M.

Mrs. Clemmie Louisa Fissel of the Grapevine community, died at her home Saturday afternoon and funeral services were conducted at the home Sunday afternoon by Rev. Homer Starnes, pastor of the First Baptist church of Eastland. Hanner Undertaking Company shipped the body to Missouri for interment.

Survivors include a daughter, Mrs. Henry Murphy of Eastland.

School Trustee Elections Due For April 3rd.

County school Superintendent Homer Smith is this week getting out to the common schools of the County a list of all election supplies needed in holding trustee elections due Saturday, April 3rd. Independent schools will also hold trustee elections on April 3rd, but the County School Superintendent is not charged with the duty of supplying supplies to these schools.

Farm Woman Fares Second Best In Bout With Rooster

Mrs. Annie Allison, who resides in the Bear Springs Community, is nursing a fractured wrist as the result of a bout with a rooster.

Walking in the barnyard on her mother's farm, Miss Allison was taken by surprise when the big bird made a fierce attack upon her, and in her efforts to ward off the blows from his wings, was thrown to the ground and her wrist broken.

Doctors said she would be unable to use the injured wrist for several weeks and that the injury might be permanent.

Freeze Does Damage
Much damage was done gardens fruit and possibly grain in this section Tuesday night when temperatures went as low as 10 degrees above zero.

Bonds Purchase A Jeep

Texas Longhorns from San Angelo adorn a U. S. Marine Corps jeep that bond purchasers with patriotic Texans helped buy. The sturdy little combat vehicle was one of six dedicated to Lone Star starters now fighting with the Marines. Kneeling before the jeep is Leatherneck Sergeant Sherman Carruthers, from Eustace, Texas, and standing at the left, holding the bonds, is Sergeant Harold J. Stewart, of San Francisco, Calif., a heavy purchaser of the war securities during a recent drive.

CAMPAIGN FOR RED CROSS WAR FUNDS MAKING GOOD PROGRESS IN THE COUNTY

Those in charge of the Red Cross War Fund campaign in Eastland county at noon Thursday expressed satisfaction at the manner in which the drive was progressing. The campaign started March 1 and will continue until March 31st unless the County's quota of \$18,000 is reached before that time.

Okra reported as the first town or community in the County to reach its quota while Rising Star was second. Both towns had reached their quotas.

The Eastland committee heads stated Thursday noon that better than \$3,000 had been reached on Eastland's \$4,500 quota and that contributions were coming in at a very satisfactory pace.

It was pointed out by those in charge that an effort was being made to contact everybody, but that should anyone be missed it would be appreciated if they would bring or send their contributions to Red Cross headquarters, Pullman building, downtown, Eastland.

Milburn McCarty Eastland Lawyer, Gets Federal Post

Milburn McCarty, prominent member of the Eastland County Bar and a resident of Eastland for many years, received notice Monday of his appointment as Special Assistant to the United States Attorney General attached to the Anti-Trust Division of the Department of Justice. He will be located in Dallas and will remove to that city within a short time.

Spokesmen for the Department of Justice in Washington, told newsmen that McCarty would have charge of prosecutions for alleged violation of food rationing programs. His first active work will be the prosecution of the numerous suits filed in connection with the so-called black market dealing in meat violation of rationing regulations.

McCarty was reared at Granger, Williamson County, and received his education at Baylor University and the University of Texas. He practiced law for some time in San Angelo and became County Attorney and then District Attorney. In 1922 he moved to Eastland and confined his work to civil practice.

He has been a leader in the affairs of the Democratic party, having served four years on the state executive committee. In 1931 he was active in the formation of the initiative.

Roosevelt-for-President organization in Texas, in 1932 was a presidential elector. McCarty was active in the campaign of 1936 and in 1940 was a delegate to the Democratic national convention at Chicago.

As leader in West Texas affairs, he served as president of the West Texas Chamber of Commerce in 1937-38, and he is a member of the board of directors of Texas Technological College at Lubbock.

McCarty has two children, a son, Milburn McCarty Jr., a combat correspondent with the Marines somewhere in the Pacific and who immediately prior to entering the service was chief of the press section of the defense Savings staff of the Treasury Department, and a daughter, Mrs. Dan Latimer Jr., of Mt. Pleasant.

Mrs. McCarty is a former resident of Dallas. She and Mr. McCarty were married in January 1942 and during her short residence in Eastland has made numerous friends.

ROTTERDAM DOCKS, RAILROAD YARDS AT HAMM, IN WESTERN GERMANY TARGETS FOR BOMBS

Second Week of Allied Offensive Finds Allies At Advance On All Fronts With Enemy Suffering Great Losses

LONDON, Eng. Mar. 4. (AP)—American Flying Fortresses swarmed back into the great Allied air offensive against Nazi Europe today, smashing by daylight at two key hubs of Adolf Hitler's communications system—the docks at Rotterdam and railroad yards at Hamm in Western Germany.

As the offensive swept into its second week, Allied land, sea and air forces were revealed to have shattered a big Japanese convoy off New Guinea, sunk or destroyed 16 Axis ships in the Mediterranean, and pressed within three miles of Faïd Pass in Tunisia.

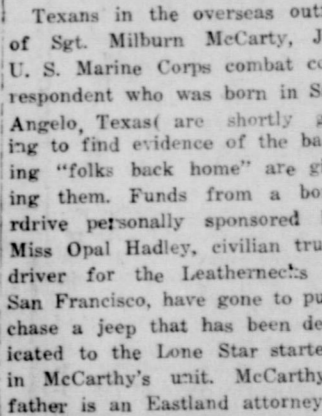

The American planes picked up by day where the Royal Air Force left off by night, after a heavy raid on Hamburg, Germany's second city, which rocked under a block-buster assault two nights after the heaviest attack of the war on Berlin.

The admiralty revealed that British submarines hacking at Axis supply lines to Tunisia had destroyed seven ships and damaged nine more in wide spread attacks.

The submarines also crept into the Italian shore to shell a shipyard on the Gulf of Genoa, scoring hits on two vessels, and to fire on an Italian train.

Reports from North Africa indicated the Allies now were poised for a big push against the Sfax-Gabes bottle-neck in South Tunisia, while Marshal Erwin Rommel was reported shifting his strength into the Mareth Line against the anticipated assault by the British Eighth Army.

Funeral Services Held Tuesday For Mrs. H. D. Long

Funeral services for Mrs. D. H. Long, 56, who died at the home of her son, Weaver Aishman, in Ranger, Texas, were conducted from the Ranger Baptist church Tuesday afternoon by Rev. Homer Starnes, pastor of the Eastland Baptist church. Interment was in the Thoney cemetery near DeLeon.

Born in Wilson county, Texas, October 11, 1887, the deceased resided for many years in Houston before coming to Ranger about a month ago.

Among the survivors are her husband and her mother, Mrs. Mary Ann Wheat of Ranger.

MEAT, BUTTER CHEESE, FATS TO BE RATIONED

WASHINGTON, D. C. (UP)—The Office of Price Administration has drafted a plan for point rationing in April of red meats, bacon, butter, cheese, lard and other cooking fats under which red coupons of ration book 2 would be used interchangeably for these commodities, it was learned today.

This plan—still subject to possible change—means that an individual's weekly meat purchases might exceed considerably the expected average of 1 3/4 pounds if he went without the other items. He could buy more butter and cheese, less meat.

As the OPA perfected its plans, it appeared that most major food items will be rationed by sometime in April.

THE BAPTIST HERALD

FIRST BAPTIST CHURCH
H. J. Starnes, Pastor

The service flag for the church will be ready to dedicate at the morning service Sunday. There should be a banner attendance for that service. We especially urge all relatives of the men and women in the country's service to be present. The singing, the message, and every phase of the hour will be designed to comfort and strengthen in these stressful times. The pastor will preach on the subject "The Presence of Christ."

Freedom of worship is one of the things in our American way of life that our boys are fighting to preserve. Shall we not give our best effort to the preserving of the churches for the boys and girls when they return. The church will be needed to help stabilize a post-war world. It will be nothing short of tragic if we in the homeland allow the spiritual fires to burn low.

We are passing through abnormal times. They present unusual difficulties for our churches. Members are prone to excuse themselves for non-church attendance because of the times and feel justified in so doing. Such a psychology is hurtful. The usual effort in business, etc., is no longer sufficient. Why expect it to be in our church work? There is need for extra effort now.

A vigorous christian testimony is needed today as much as at any time in this generation. It is a good time to present to the world a noble example of fidelity and loyalty to the churches of our town, and demonstrate to the world that christianity does mean something. Satan said Job would deny God of some difficulties were put in his way. Can he say that about professing christians today?

As one of the pastors of Eastland let me appeal to every christian to give his or her best in loyalty to the Lord's work. Victory comes from God. Dare we ask Him to fight on our side if we refuse to give Him a worthy place in our interest and effort.

The Sunday School attendance was up last Sunday. Those who lead and teach in the Sunday school are doing a great work. They are entitled to help and encouragement from every member of the church. May we count on your presence next Sunday? Make it a point to invite and bring someone. All who are not in Sunday school somewhere else are cordially invited.

There is a place for every age in the Training Union at 7:00 p. m. each Sunday. A training course is being planned for the week of March 29, Bun, and Mrs. Phillips from Ranger will help in this work. There should be at least 100 to receive the T. U. Awards during that week.

If you like to sing, study the Bible, hear and give christian testimony, come to the Mid-week service at 8:00 p. m. each Wednesday. You will find strength for every burden.

Our meeting has been planned for June 12-27. Rev. Jared I. Cartledge of Corsicana will do the preaching. We will want to give him our best support and prayers. It is not too early to begin work for a genuine revival.

The pastor will preach Saturday night at Mangum. The public is cordially invited to attend that service.

This week the Red Cross is being emphasized. Many will be working in the interest of this worthwhile organization. We will want to respond to their call the best

we can. Our Master's ministry on earth was one of helpfulness. We can help the hungry and wounded and bruised through the Red Cross.

The theme for Sunday night is "The Nature and Ministry of Angels." If you are interested in knowing more about the "Innumerable hosts of angels" (Heb. 12:22), come and let us study this subject together, Sunday morning "The Presence of Christ."

Remember old Billie Mayfield and "Mayfield's Weekly"? That was published some 25 years ago when Mayfield made the race for Lieutenant Governor, getting into the runoff. Now, he's editor of the Coleman County Chronicle. Me him not long ago and he reminded him that there was one county in which he received just one vote and that he offered to buy that lone supporter a fine suit of clothes if he would make his identity known.

"Yes," Colonel Billie laughed, "and 37 men wrote me, each claiming that he was the one who voted for me!"
Many war plant workers have temporarily moved into the cities from Texas towns and the country. Some of them have fallen into the clutches of loan sharks who levy 250 per cent interest and more and whose unscrupulous methods of collecting upset the morale of these war workers.

There is a rising sentiment over the State that the Legislature protect them by enacting an injunction to cut the loan sharks out of business.
The old-time hobo printer was one of the most romantic figures in newspaper annals. Harry Chesapeake's "Savage" column in the Ready Standard states:

The hobo printer was identified with the egg in the printing trade. The use of the typesetting machine spelled the doom of the hobo printer; he knew it, and how he did hate the typesetting machine. So much so, in fact, that he would rather starve than give up this typesetting he had for the faster method of setting type by machine.

The marvelous defense of the "cool earth" that the Chinese at present have waged for five years against Japanese armed with tanks, planes, machine-guns and artillery is one of the real, heroic achievements of history.

Everyone regarded the Chinese lightly as fighters before the Japanese invasion. Once I was interviewing Will Rogers and a famous airplane manufacturer. The cowboy got recently. "The manufacturer objective. 'That was a military order: maybe I'd better not say anything about it.'" Will Rogers, with that wonderful grin, replied:
"Oh, you sold 'em to the Chinese—you wouldn't call that military?"

Pending in the Texas Senate are two bills already passed by the House—one unanimously, the other almost unanimously. Representative Sharp's bill would make available at once a balance of \$1,174,000 which was appropriated for old age assistance for the fiscal year of 1941-42 but was not spent then. The Sharp bill will prevent a cut in the pension checks for the next few months. As if the Senate will adopt it, it is favored by the bill providing for lifting the present "ceiling" on the amount of future cuts in the pension checks will end.

Chinese Girls Help G. E. in War Effort

These Chinese girls are doing their bit to help beat the Japs by engaging in war work in General Electric factories.
The Frances Goonyep, whose father-in-law is a general, is now one of G. E.'s skilled operators in the manufacture of delicate aircraft instruments. Her sister is secretary to the Chinese air attache in Washington.

More Gas Is Needed Because of Hills

SEATTLE (AP)—Hills that cut up gas with frightening regularity have caused Seattle war industry heads, along with the Seattle truck

system to ask the Office of Price Administration for additional gas rations in the Seattle area.
Mileage rationing regulations are based on 15 miles per gallon.

Make Them Last Longer

No wonder gas refrigerators are rationed. It takes the steel from about 500 of them to make a 30-ton tank.

Take Care of Your Gas Appliances

They are too valuable to replace, until we win this war

Since the Gas Refrigerator has no moving parts in its freezing system, it is free from ordinary machinery troubles. But it does need careful defrosting and cleaning, to keep it like new.

1. DEFROST at proper intervals, to keep refrigeration going at an easy clip. (Excessive frost on freezing unit acts as an insulating blanket, making it harder to chill the food's).
2. If the ICE-TRAYS stick, don't go after them with hammer and tongs! Treat them justly, and next time don't let them stick. Sticking trays are caused by (1) Too much water in them to start with; (2) Water on bottom of trays; and (3) Forgetting to defrost.
3. Be very careful to clean off any GREASE that gets on the rubber door-gasket. (Grease destroys rubber.)
4. Do not use steel wool or strong cleaning powder on the refrigerator. It is a sturdy enamel, and needs only the MILDDEST SOAPSUDES. To freshen the inside, wash walls with lukewarm soda water (one teaspoon baking soda to one quart water).
5. Do not put dishes or trays on TOP of refrigerator, unless you protect the top with a mat.
6. To get dusty fuzz off the air-cooling fins in the back, put your vacuum cleaner in reverse and BLOW the fins clean, blowing downward so the fuzz can then be removed from floor. The fins can do a better cooling job when they are slick.

LONE STAR GAS COMPANY

Taxless Session Question May Be Answered Soon

AUSTIN, Tex., Mar. 3. (UP)—This week will likely give the answer to a question that has been asked repeatedly in Austin since the present session of the Texas legislature began. The question is: "Will there really be a taxless session?"

Recently opponents of new taxes have become jittery about the situation, though so far the only action taken has been a reduction of the confederate pension tax.

The situation became clearer after Thursday's scheduled meeting of the house committee on revenue and taxation. Chairman Joe Ed Winfree of Houston has ordered all tax bills presented at that time.

Bills with other revenue phases run a wide range. Some are outright tax bills; others are privilege bills with the tax charged for the privilege.

Biggest return would come probably from a bill to tax the processing of crude oil. Now there is a tax on oil production and a smaller per barrel tax on oil to pay the costs of regulation.

The principal processed oil product is gasoline. There is a state gasoline tax of four cents a gallon but it is a sales tax paid by the motorist when he buys the gasoline at the filling station.

Advocates of the processing tax say that the sales tax hits about 15 per cent of the gasoline which is sold at retail in Texas. They estimate 85 per cent is sent out of the state tax free.

Previous attempts to create such a tax have gone down before arguments that it will result in crude oil being shipped out of the state for refining elsewhere and ruin the refining industry within the state.

Fantastic claims are made for what the tax would do to state finances such as paying off its \$30,000,000 general revenue deficit in a jiffy.

News Travels By Odd Channels But Finally Arrives

HOUSTON, Tex., Mar. 3. (UP)—Major Capt. Gordon Gayle didn't know he was a father and not a son until he heard the news from a naval officer at Guadalcanal.

Katherine, his wife, didn't know her husband had led one of the first landing parties in the Solomons until she read it in a book.

The news had been exchanged in letters—but the letters were delayed en route.

When Captain Gayle was informed by the naval officer at Guadalcanal of the birth of a baby in Houston named after a "Lieut. Dave Henry of the Navy Medical Service," Captain Gayle shouted: "That's my baby—David Donald Gayle."

"Dave and I had a pact—my first child was to be named after him; his first was to be named long fine

after me. We decided that when we were classmates at Southern Methodist University," he explained to the naval officer.

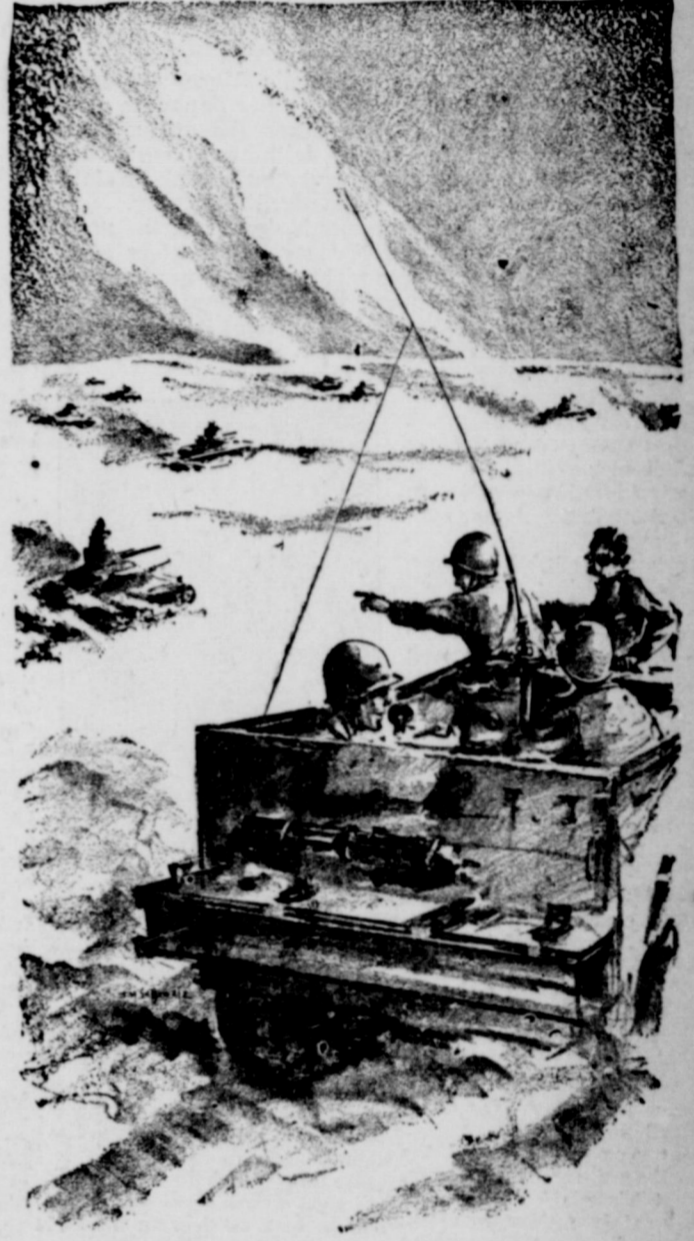

When Mrs. Gayle was told by a friend that "a Capt. Gordon Gayle" was mentioned in the new best-seller, "Guadalcanal Diary," she ran to a bookstore to buy a copy and "find out what Gordon did over there."

Now she is comparing the account in her husband's long delayed letter with the account in the book.

The letter from her husband explains how he found out about the birth of their son.

Captain Gayle's former classmate, Lieutenant Henry told a naval officer who happened to meet the captain later at Guadalcanal that Lieutenant Henry's mother in Dallas had written him about the birth of the baby.

At the present time Captain Gayle is in the South Pacific area recovering from a bout of malaria. His baby is four months old and doing fine.

"There goes 'Tex' again!"

"What a soldier, that 'Tex'... tough, rugged, and smart... Watch him push that tank into the thick of it... acts like he's been around machines all his life, and never tires of wrangling that clanking monster."

Yes, "Tex" does take to machines. He likes tinkering with them, and he's had plenty of experience with the farm tractor, the family car, the windmill.

And he takes to war, too. Thousands of young men just like him from the Lone Star State are in every branch of America's armed forces. Nearly every outfit has its "Tex."

More than 2,000 of them have gone from their peace-time jobs with the Humble Company, and standing firmly behind them is Humble's army of nearly 13,000 "home front" soldiers dedicated to that tremendous job of supplying American and Allied fighting machines with essential oil supplies.

The same research, technique, and up-to-the-minute equipment, which in peace time gave you Esso Extra gasoline, 997 Motor oil, and second-to-none products for your home, your farm, and your factory, today is fashioning from Texas crude the vital tools of war. Below is a partial list of the Victory products which flow from Humble refineries:

HUMBLE PRODUCTS FOR THE MACHINES OF WAR: Asphalt, Aviation Gasoline and Aviation Engine Oils, Camouflage Paints, Diesel Fuels, Engine Oils, Uvitec Instrument Oils, Marine Paints, Navy Symbol Lubricants, Reoil Oil, Rust-Ban Protective Coatings, Spherose Greases, Telsene, Torpedo Greases, Waxes, Waterproof Lubricants. FOR THE MACHINES OF INDUSTRY: Automotive Lubricants, Cutting Fluids, Cleaners, Diesel Fuels, Gasolines, Industrial Lubricants, Launching Lubricants, Motor Oils, Paints, Petroleum Solvents, Quenching Oils, Rust Preventives, Waxes. FOR YOUR CAR: Products and service to help you care for your car for your country.

HUMBLE OIL & REFINING COMPANY

13,000 Texans United in the War Effort

Humble fuels, lubricants and greases have been field-tested and used by successful farmers for years. There is a Humble product for every farm need. Look to your Humble Bulk Agent for advice on your lubrication problems.

Three major steps in a program to win the peace have been outlined by University of Texas President Homer P. Rainey: (1) re-

store legitimate powers from those receiving their powers from democracy's it will meet

the needs of all peoples and nations: (3) organize some of world control for the maintenance of permanent peace.

An average home burns enough fuel oil in a year to drive a destroyer 50 miles.

Honor Guests Given Unique Corsages At Annual Convention HOUSTON, Tex., Mar. 2.—(UP)—Honor guests attending the 15th annual convention of the Texas Garden Clubs, Inc., were given corsages that were tasty as well as being in good taste. They were made up of red peppers, parsley, cauliflower and peas. Everything but soup and steak—and you can't grow those in a garden.

DEEP MUD IN NORTH AFRICA TRIAL TO MEN

By REUEL S. MOORE United Press Staff Correspondent

FORT BELVOIR, Va. (UP)—Terrible rains and mud bogged down American forces in North Africa in the early weeks of the Allied occupation and rendered overland operations in many areas impossible. Maj. Gen. Eugene Reybold, chief of Army Engineers, told newsmen visiting Fort Belvoir.

Reybold recently returned from a visit to Britain and North Africa, on which he was accompanied by Maj. Gen. James C. Magie, surgeon general. "It was the rainiest and muddiest place I ever saw in my life," he said. "There had been weeks of rain. Our troops were living in pup tents in the mud, though they had them boarded up until they were com fortable. Where they got the lumber is more than I know."

"The highways were good but if you got off the road you might bog down. They said it was the rainiest season in many years."

Indicates Action Soon General Reybold did not discuss military operations but indicated the tempo of events likely will be accelerated soon when he said: "The bad weather tapers off in late February or early March."

Reybold declared the Army Engineers' biggest problem was maintaining roads, building new ones and construction and maintaining airbases. Regarding the latter, he said:

"There's nothing we can't accomplish as soon as the weather lets up. It's a good flat country with plenty of potential fields."

Describing communications, Reybold said the railroad from Casablanca to Tunis was a first-class single track. "It was beautifully constructed and is run by the French. I never saw a better roadbed. The bridges are of steel of standardized construction, in good shape, and are well guarded by the British, French and American troops. It is standard gauge, like ours, with narrow gauge lateral lines."

"The highway from Casablanca to Tunisia is a black-top road, 18 to 20 feet wide, in good condition. I don't know whether it is built for such heavy traffic as it is now getting but anyway, under such use any road would need considerable maintenance."

Engineers Operate Harbors U. S. Army engineers are now operating the harbors of Casablanca and Oran, including unloading of ships. At Casablanca Reybold watched them unload an Amphibian command carrier and a similar job at Casablanca. At Casablanca the docks were in good order, but many ships were sunk at the piers and in the harbor. General Reybold described damage to the French battleship Jean Bart. It had employed its forward turrets and had been subjected to intense naval and aerial bombardment.

"They blew the living hell out of her," Reybold said. "She was sunk but refloated and the holes sealed up with temporary plates. A French cruiser was badly hit and beached outside the harbor, also a destroyer."

General Reybold said the Amphibian command had rehabilitated the bonds it used at Oran. He saw American assault boats still on the beach at Fedala. The engineers in Africa were well drilled and equipped, he said.

Texas Engineers In Nicaragua Aren't Rothered

PALESTINE, Tex., March 2 (UP)—Texans in Nicaragua—and there is quite a band of them there—are not worrying about tire and gasoline rationing.

Bill Alderman of Childress and Dallas is one of a band of Texas engineers assigned to the Pan-American Highway project. According to Alderman, when any of the Lone Star states in Nicaragua drive under a shed and say "Fill'er up," they simply mean they want a bundle of cane fodder for the oxen that are pulling their bull-cart.

The bull cart, he says gets the Texas engineers most places fastest with the most rest through the jungle quagmire of the Nicaraguan tropics.

The Methodist Broadcaster

Weekly News Of First Methodist Church

J. Daniel Barron Pastor

"When Mites Are Mighty"

In the eleven o'clock church service of worship Sunday morning the pastor's sermon subject will be "When Mites Are Mighty". We believe you will find something of interest and help in this message. Your presence will benefit both you and others in the service.

"Gone With The Sin"

The topic to be used in the eight o'clock evening service is "Gone with the sin". Homer Smith will lead in the singing of old and new hymns. Martha June Morehart will play the organ. Regardless of what you are doing at this hour Sunday morning, it is less important (when all things are considered) than your attendance at church. May we have the pleasure of sharing with you in this second service of the day?

Intermediate Epworth League

Hobbie Collie and Joe Smith were appointed by the intermediate youth last Sunday evening to make a study of the program and organization of an intermediate Epworth League. They will report at seven o'clock Sunday evening and the new League will be organized. It will be for the youth between 12 and 14 years of age.

Senior Epworth League

The Senior Epworth League will meet at seven o'clock Sunday evening. The Board of Stewards Monday The Board of Stewards will meet at eight o'clock Monday evening. John W. Jackson, who has been ill for three weeks, is about well and will meet with the Board. We expect to be able to keep our long record clean by meeting all our obligations in full and on time. Your cooperation is of the highest order.

Woman's Society

The Woman's Society of Christian Service will meet at three o'clock Monday afternoon for the concluding current Bible study. Mrs. W. P. Leslie will be the leader.

Week of Dedication

We shall join with some 40,000 other Methodist churches Sunday in a free will offering of above a million dollars with which to supplement the church's home and overseas work. We list it among our privileges. It is distasteful only if we fail to see what it actually is about. We hope to contribute some \$150.

Martin Meeting, March 14

Dr. Paul E. Martin, pastor of the great First Methodist Church, Wichita Falls, one of the outstanding preachers and church leaders in the state, will be with us at eight o'clock on the evening of March 14 and will bring messages at ten in the mornings and eight in the evenings through Sunday of March 21. You will want to put aside all things you possibly can in order to be in all these services. This is no ordinary meeting we are undertaking. Our people will be wise to put themselves into it with all their might.

How To Help

Here are nine ways you can help to make the Martin meeting a highly successful one for yourself and others:

- 1. Attend every service you will. 2. Mention the meeting every day to at least one person. 3. Postpone or miss all other meetings not absolutely essential. 4. Rest, if possible, from 7:00 till time to leave for the evening service. 5. Invite others to ride with you in the names of people we ought to reach. 6. Sing in the choir, or sing in the choir silent or audible prayers often for the enterprise. 7. Remember it is your meeting. 8. Children To Be Received

We have in our church school 35 children who are old enough to become Christians and members of the church. The pastor will meet with all of them who desire to unite with the church at this time. The meetings will be at 7:00 o'clock, Monday through Friday of the week of the meeting, that is, March 15-19. One of the most important things we know is the case of a parent who refused to permit a child (regardless of age) to join the church when that child expresses a desire to do so. Certainly the child does not know all about what he is doing; nor does it need to know all. It knows it loves Christ and wants to belong to Him. Through the years, in the following of the church, it will learn more and more about the meaning of this. To refuse it this first step is nothing less than moral violence against it. Encourage, do not discourage, your child in this vital matter. The older the child and youth becomes the harder it is to reach. While they are young and responsive to good things is the time to attach them to the best. Do not put a stumbling block in their way; put a step in front of them. We shall receive these children into the church in the morning service of March 21. You will help us.

Starnes to Preach

Rev. H. J. Starnes, pastor of the First Baptist church, will conduct the regular service in the sanctuary of our church on Monday evening of March 15, during the banquet in the basement at which Dr. Martin will speak. This will give an opportunity to all the people to be in a service on the first week night of the meeting.

Father and Son Banquet

We understand plans for the Father and son banquet are going in splendid fashion. It will be held on Monday evening, March 15, with the preacher for the meeting, Dr. Martin as the principal speaker.

Mrs. Martin Coming

Mrs. Mildred Martin, wife of Dr. Paul E. Martin, will accompany her husband to Eastland and remain here during the meeting. You will want to get acquainted with her.

Please, Kite Flyers, Stay Away from Electric Wires

Parents! for safety's sake, please see that your little kite flyer flies his kite in an open space away from all wires. In spite of your warning, his kite falls into the wires, don't let him try to dislodge it. Phone our office about any kite you see dangling in the wires. We'll get it down, and you'll be helping us to give you uninterrupted service.

Campaign for Less Noise
BUENOS AIRES (AP)—"Noise is noise at any time" is the slogan of newspapers urging a campaign for noise restriction. Municipal authorities have enforced rules which cut down night-time clamor by 60 per cent, but have done nothing about daylight clamor. Eighty per cent of the day-noises could be eliminated, newspapers claim.

Designs Victory Flag

HARRISON, Mo. (UP)—Gottlieb Hawryler has designed a victory flag which he hopes will become the symbol of all the United Nations. The flag consists of a rippled tri-colored "V" at the left as symbol of victory rippling throughout the nations. Three stars and a bar at the right of the flag are emblematic of the three dots and a dash for victory.

Dobie's Latest Book Off Press Not Copyrighted

AUSTIN, Texas, Mar. 2 — There's no "private property" sign on the latest publication of J. Frank Dobie, University of Texas English professor and noted folklorist and author.

His new volume, "A Guide to Life and Literature of the Southwest," has just been released by the University Press, and Dobie insists it with a note that it is "Copyrighted. Anybody is welcome to help himself to any of it in any way."

The guide is an expansion of the outline which Dobie has been using for the past twelve years in a literature course which deals with Texas and the Southwest. It offers perhaps the best guide to publications dealing with this section of any compilation yet printed.

The book is illustrated with drawings by Tom Lea, Pete-Hugh Howard, Boone, John W. Thomas, Jr., Edward B-rein, Charles M. Russell, William R. Leigh, Ross Santee, Blanding Starn, Howard Bugbee, W. Herbert Duntun, and James Alexandre Hogue.

Lone Star Turns 3,445,444 Pounds Scrap To War Use

Lone Star Gas Company turned 3,445,444 pounds of metal and other scrap materials to the government industrial war salvage campaign in 1942 and a citation for outstanding participation in the program has been given the company by the War Production Board through H. M. McDougal, chief of the public utility division, industrial salvage branch. The materials were directed to war production plants.

During the first six months of 1942 the company turned in 900,000 pounds of salvage, and in the third quarter the figure was 750,084 pounds making a nine-month total of 1,650,084 pounds, according to C. F. Wilson, Dallas supervisor of stores and administrator of salvage and scrap for the gas company. The accumulation for the fourth and final quarter totaled 1,795,360 pounds, bringing the year's total to 3,445,444 pounds.

Mr. Wilson said that the company will participate in the war salvage project for the duration. His responsibility is to see that obsolete or materials otherwise not serviceable are sold to junk dealers who forward the salvage to war production plants. Material included are scrap iron, steel and other scrap metals, scrap rubber and paper, and discarded ranges, etc.

Eastland People Have Their No. 2 Ration Books

Citizens of Eastland to the number of 3,910 registered for their No. 2 ration books Thursday, Friday and Saturday, February 25, 26, and 27. Registration was under the direction of Superintendent W. G. Womack of the city schools and members of his staff of teachers.

At the registration for Ration book No. 1 in Eastland there were 4,192 registrants as compared to the 3,910 for the No. 2 book. Declarations filed by registrants for Ration book No. 2 total 1,382 for Eastland.

In Eastland county as a whole 27,475 registered for Ration book No. 2 during the three-day registration period.

Clerks at the County Rationing board stated Tuesday they were still registering people for Ration book No. 2 and also for Book No. 1.

Dwyer Says Bill Can Put Texas At Ease Financially

AUSTIN, Mar. 4.—Rep. Pat Dwyer of San Antonio says his bill for parimutuel horse racing and sale of liquor by the drink would put the state at financial ease and would raise the money without taxing someone who objects to being taxed.

A bill to tax domino parlors is given the same supporting argument.

Other proposed tax bills would levy a portion of the gross receipts of motor carriers and telegraph companies, and raise the tax on telephone receipts; tax oil and gas royalties; tax ores; add 75c a ton to the sulphur tax.

Curfew Bill On Liquor, Beer Wine Sales Held Up

AUSTIN, Tex., Mar. 4. (UP)—The Texas House of Representatives sent the bill fixing a curfew on liquor, beer and wine sales back to the liquor traffic committee today. The vote was 75-40.

The bill had come to the house floor for final passage.

Proponents of the recommitment told the house they desired to make changes in the section which prohibits Sunday beer and wine sales.

That Extra Something!
...You can spot it every time
THE dry cold air and the exertion of skiing bring a mighty thirst. Ask an expert ski instructor what's the perfect drink to find at the end of a ski run. Ice-cold Coca-Cola. For ice-cold Coca-Cola not only quenches thirst, it adds refreshment.
A quality drink made the quality way, Coca-Cola offers all the difference between something truly refreshing and just something to drink. A special blend of flavors gives it a taste all its own. Coca-Cola had to be good to get where it is.
Your own experience, many a refreshing experience, tells you the best is always the better buy.
War-time limits the supply of Coca-Cola. Those times when you cannot get it, remember: Coke, being first choice, sells out first. Ask for it each time.
The best is always the better buy!

GREATEST "MOTHER" IN THE WORLD
DIRECTS GREATEST PROGRAM EVER CONCEIVED
"The Greatest Mother In The World," with a war task ahead, comes to the American people appealing for funds with which to finance the most extensive humanitarian program ever conceived—The 1943 War Fund Campaign of the American Red Cross for \$125,000,000.
Eastland County's quota in this campaign for War Funds has been set at \$18,000 and the drive to raise the amount opened Monday, March 1. A long list of unselfish and patriotic citizens of Eastland and the County, have volunteered their services in an endeavor to bring this campaign to a successful close. Let's see that their effort are not in vain by making such financial contributions as we are able to make.
IF EACH AND EVERYONE DOES HIS PART THE CAMPAIGN CANNOT FAIL
Remember that the funds Eastland County is called upon to raise are apart of those to be expended for OUR SOLDIERS at the front and for their needy families at home. A considerable portion of the money we raise WILL REMAIN IN EASTLAND COUNTY.
A dollar given to the Red Cross in this campaign may be the means of saving the life of your son or the life of a neighbor's son at the battle front.
