

INVASION SPOT MAY BE PANTELLERIA

INCOME WITHHOLDING LEVY IS PASSED BY SENATE AND NOW UP TO PRESIDENT ROOSEVELT

Bill virtually assured of becoming law as President has let it be known that he will not veto it

WASHINGTON, June 2—Climaxing one of the bitter congressional battles the compromise pay-as-you-go income tax bill was passed by the Senate today by a vote of 62 to 19.

The bill which was approved by the House Tuesday with a vote of 256 to 114, now goes to President Roosevelt who is reported to have assured congressional leaders that he will allow it to become a law.

Thirty-one each of Democrats and Republicans voted for the measure indicating the bipartisan nature of the short but complicated measure.

The annual income tax revenues to about sixteen billion dollars in the new fiscal year, beginning July 1, the measure makes radical changes in the revenue system in use since 1913. Some of these changes:

1. Puts into effect July 1 a 20 per cent withholding levy on wages and salaries above basic exemptions of \$12 weekly for single persons and \$24 weekly for married, plus dependent allowances.

2. Abolishes a full year's tax (the lesser of 1942 or 1943) for all persons owing \$50 or less in that year. A notch provision gives everyone owing up to \$66.67 a \$50 cancellation.

3. Cancels 75 per cent of the lesser of either 1942 or 1943 taxes for other persons, with provisions in March, 1944, and March, 1945.

4. Requires persons with more than \$100 income outside wages and salaries, and all single persons with \$2,700 income and married persons with \$3,500 income, to estimate their earnings for 1943 in a return filed before Sept. 15, and to pay quarterly, beginning Sept. 15, 1943, on all of that income or the excess over the amount withheld under the pay-roll levy.

Income payments made March 15 and June 15 of this year under the present law will be credited to taxes due on 1943 incomes making citizens current.

Thus if the bill becomes law the skip a year method of moving the tax clock upward, discussed for more than a year since it was advanced by Beardsley Ruml, chairman of the New York Federal Reserve Bank, will become fully operative for some 6,000,000 taxpayers who owe \$50 or less now for a full year's levies.

It will be only 75 per cent effective, however, for the great bulk of the nation's 44,000,000 taxpayers, who will find their debt to Uncle Sam raised by this operation. Their payments of the remaining 25 per cent are calculated to give the Treasury a windfall of about three billion dollars in the next two years.

As an example of how this will work a married person with no children who made \$2,000 net income in 1942 will find that all but \$68.25 of the \$204.75 tax he now owes on that income will be cancelled. He must pay his tax on his 1943 income as he goes along this year and pay \$34.13 additional on March 15, 1944, and \$34.12 additional on March 15, 1945, with keeping up the current payments for those years.

The pay roll levy, which will not apply to members of the armed forces, domestic servants, farm workers, ministers, casual workers, foreign services or non-resident aliens, will become a device for collecting currently 3 per cent victory tax and 17 per cent for income taxes.

A married person with no dependents, making \$40 a week, will find \$4.20 withheld by his employer from his pay check every week. If he has two dependents, the amount will be \$1.80. If he is single, it will be \$6.60. The bulk of this amount will be credited to what he owes on 1943 income taxes, with a final

Dr. Boney Urges Early Diagnosis of Poultry Flocks

Sanitation along with proper feeding and proper housing is the answer to successful poultry production as was brought out by Dr. W. A. Boney, Extension Service Poultry Veterinarian at the Poultry Clinic held at Eastland.

The farm flock owner often fails to note the incursions made by disease until a sizeable portion of the flock is infected, at which time comparatively little can be done. One of the major problems encountered in any nation wide program of poultry conservation for victory is that the poultryman secure an early and accurate diagnosis of his flock.

The adage "an ounce of prevention is worth a pound of cure," is certainly reflected in the following program recommended by Dr. Boney:

1. Clean and disinfect premises.
2. Protect feed and water containers, to prevent feed wastage and to improve sanitation.
3. Provide green stuff for poultry.
4. Buy chicks from Pullerum tested stock.
5. Use proper management measures to prevent losses from coccidiosis. (Sanitation and sulphur).
6. Control roundworms and tape worms. (Use phenothiazine, 2 tablespoonfuls to each 100 hens in mash. They will clear up in two days). This should be done monthly.
7. Immunize pullets against fowl pox.
8. Use blue stone and vinegar (2 oz. of the blue stone to one pint vinegar. Then take 1 tablespoonful of the solution and put to each gallon of drinking water, for two days, once each month after chicks are six weeks or two months old.
9. Keep out chick size granite grits when feeding grain or green stuff to chicks.
10. Use carbolium for control of mites and blue bugs.
11. Add 2 teaspoonfuls of cod liver oil to 1 gallon maize for 100 hens.
12. For Runt—Spray with 3 ounces formaldehyde, 1 ounce glycerine and 7 ounces water.
13. For lice on chickens use sodium fluoride.
14. For baby chicks use 1 teaspoonful of potassium permanganate in drinking water.
15. For cannibalism—Use 1 teaspoonful of salt to gallon of drinking water for one or two days. Keep whole oats out. Be sure granite grits are available if oats are used.
16. Range paralysis—Observe birds for grey eyes. When this occurs, sell the birds.

accounting required at the end of the year.

The net effect will make for more figuring for the average tax payer and more taxes in the next two years, but will get him current so that when his income declines his tax will go down simultaneously. When he dies, his estate will owe no back income taxes.

Members of the armed forces will get special treatment, with \$2,000 of their basic government pay exempted from tax for single persons, and \$2,700 for married persons, plus \$350 for each dependent.

Miss Fidler Is Graduated At Denton College

DENTON, Tex. June 1.—Miss Ella Mae Fidler of Olden received a bachelor of arts degree from the Texas State College for Women at the commencement program Monday, May 31, Dr. L. H. Hubbard, president of the college delivered the address.

The commencement culminated a three-day activity program for the 258 graduates and their families, including a garden party, baccalaureate service, and a music recital. With the abandoning of the Ex-Student Reunion and other social affairs, the senior program of final events was streamlined this year.

Miss Fidler, daughter of Mr. and Mrs. F. O. Fidler, received her degree in history. She was an outstanding student while attending TSCW, having taken part in many of the extra-curricular activities.

Business Men To Contest D-R-C Ry. Line Abandonment

The Texas Central Railroad Company and Missouri-Kansas-Texas Railroad Company of Texas on May 15, last, filed with the Interstate Commerce Commission, in Washington, D. C., an application for a certificate of public convenience and necessity permitting the abandonment by the former and abandonment of operation by the latter, of the 41.87 miles of railroad extending from DeLeon to Cross Plains and all in Eastland, Comanche and Callahan counties.

A number of representative business men from DeLeon, Rising Star, and Cross Plains, have organized to contest the abandonment of the line which was built in 1910 and the abandonment of which would leave Rising Star and Cross Plains without rail connections.

Today's Thought

"Obedience alone gives the right to command"—Emerson.

EASTLAND GIRLS GRADUATE

Miss Anne Clark (left above) and Miss Betty Jean Lane (right above) of Eastland received bachelor of science degree from the Texas State College for Women at the commencement program Monday, May 31. Dr. L. H. Hubbard, president of the college, delivered the address.

The commencement culminated a three-day activity program for the 258 graduates and their families, including a garden party, baccalaureate service and a music recital. With the abandoning of the Ex-Students Reunion and other social affairs, the senior program of final events was streamlined this year.

Local Cannery To Be Operated For Public Use

H. J. Tanner, secretary of the local chamber of commerce, states that his organization in cooperation with the Eastland Commission plans to open and operate a cannery for the purpose of affording the means for people having vegetables to can but no canning equipment, to get their canning done at a low cost.

Mr. Tanner stated "We have three Dowell Retorts pressure cookers available and it is planned to open shop in the Palace of Sweets building on the south side of the public square where a woman, experienced in this work, will be in charge."

Persons desiring to have food canned must prepare it and bring it, together with the necessary jars and lids or cans, to the Palace of Sweets building where it will be canned for them.

Mr. Tanner stated that it is planned to begin canning Monday. He stated that it was not known now what the charges would be, but that they would be nominal as it was not intended as a money making business, but only to accommodate people who wanted foods canned and did not have pressure cookers.

Miss Betty Jean Lane (right above) of Eastland received bachelor of science degree from the Texas State College for Women at the commencement program Monday, May 31. Dr. L. H. Hubbard, president of the college, delivered the address.

The commencement culminated a three-day activity program for the 258 graduates and their families, including a garden party, baccalaureate service and a music recital. With the abandoning of the Ex-Students Reunion and other social affairs, the senior program of final events was streamlined this year.

Dogs Should Be Vaccinated For Rabies At Once

City manager, K. B. Tanner, Wednesday, called attention to the fact that this is the season for vaccinating dogs for rabies and pointed out that the City of Eastland has an ordinance prohibiting dogs from running at large in the city without their having been vaccinated.

As heretofore the city has the serum and will furnish a man to vaccinate your dog if you wish. The cost of the serum, the vaccination and city tax on the animal, is only \$1.00.

Dogs running at large on the city streets without license tags showing that they have been vaccinated for rabies and the city tax paid on them, will be taken up and disposed of, after a reasonable time has been allowed to take care of them, city officials said.

1,500 Japanese Killed In Action On Attu Island

WASHINGTON, June 2 (UP)—American soldiers, fighting with bayonet and grenades, killed at least 1,500 Japanese on Attu while taking only four prisoners, the Navy reported Wednesday.

The communiqué did not reveal American casualties. Secretary of War Henry L. Stimson said last Thursday that 127 Americans had been killed and that 399 had been wounded while 118 were missing. He emphasized that his figures were not complete and that greater losses should be expected.

The 1,500 figure in the Navy communiqué covered the period up to Sunday midnight and it was expected that the final count would almost double the number of Japanese killed. There was no mention of wounded.

The Tokyo radio last week, reporting that the Japanese garrison was about to make a last suicide assault on the Americans, said the wounded and the ill, unable to participate in the attack had taken their own lives rather than suffer the dishonor of capture. Informed quarters here said the Japanese had cremated many of their dead.

The state flower of Florida is the orange blossom; the state bird is the mocking bird.

Fifteen city jail inmates were loaned to the Tulsa, Okla., salvage committee recently to sort scrap. No escapes.

NAZI PLANES RAID KURSK ON RUSSIAN FRONT

Reports say 123 Nazi Planes are shot down out of the 500 raiding aircraft

LONDON, June 3 (Thursday) (UP)—Radio Moscow reported Thursday that 500 German planes had raided the great Russian stronghold of Kursk on the Khar'kov-Moscow Railroad in five waves Wednesday and that 123 of them had been shot down in one of the greatest air battles of the war.

Swarming in on the city of 102,500 persons, 120 miles north of Kharkov, which they had looted and ruined during their operation and whose people they had killed, tortured and enslaved, the Germans met a shattering defense.

The first impact took the German planes to the city approaches and some of them broke through, the Moscow broadcast said as recorded here.

But fighter planes and thunderous gunfire met them and those that pierced the defenses had to jettison their bombs, causing casualties among the people who had remained or had managed to return.

Wave by wave, in separate attacks, the Germans came back, Moscow said, to lose ninety-three planes to Russian fighter pilots and thirty-two anti-aircraft guns.

On Tuesday, another Moscow broadcast said, twenty-four German planes had attempted to raid Shebigny, thirty miles northeast of Kursk on the Voronezh Railroad, an important communication channel to the E. but they were intercepted by Russian fighter pilots, who shot down eight of them and forced a ninth to land on Russian-held ground. Only one Russian plane was lost, Moscow said, and its crew parachuted safely.

German Anchor Bombed
Moscow reported also that in the sudden surge of aerial activity Russian long-range bombing planes had made mass raids Tuesday night on Smolensk, anchor of the German central front, and Karachev, midway station on the Bryansk-Orel Railroad. The planes returned with but one of their number missing after starting great fires and causing big explosions in enemy dumps, Moscow said.

A German Transocean Agency broadcast reported that five Russian tank brigades and several infantry divisions had opened a new offensive northeast of Novorossisk in the Kuban Tuesday and had continued their attack through the night. It was admitted that the tanks reached the German lines, but Transocean asserted the attack had been repulsed with heavy loss and that 58 of 100 Russian tanks were knocked out. Previous German reports of big Russian attacks in the Kuban had not been borne out. But this time, though Russian's midnight communiqué reported only that northeast of Novorossisk fighting continued.

Junior High Closing Program Monday Evening

Graduation exercises for Junior High school were held Monday, May 31, at 8:15 p. m. in the High School Auditorium. Barbara Hague was valedictorian and Marleece Elliott was salutatorian.

Honored students—Those making an average of 90 or above in each subject—were: Barbara Hague, Marleece Elliott, Nelson Allison, Ann Madry, Dave Mitchell, Gladene Womack, Sarah Starnes, Wayne Lambert, Jimmy Looney, Billie Floy Hunt.

Nelson Allison was awarded the medal for best all round junior high student.

REPORT COMES FROM AXIS AS ALLIES CONTINUE TO EXPAND IN THE MEDITERRANEAN AREA

Reports also say that guerilla army in occupied Europe is armed and ready for the Allied invasion

June 3, 1943.
Allied announcements indicating rapidly expanding air and naval superiority in the Mediterranean area coincided today with Axis reports that Pantelleria Island, between Tunisia and Sicily, may be the first stop on the United Nations thrust toward the European continent.

Allied destroyers knocked out four Axis ships, including a destroyer, in the Mediterranean and warplanes raked the Italian Islands without opposition from Axis planes.

Underground reports told of a potential guerilla army in occupied Europe awaiting the Allied invasion. It was estimated that one person in every ten was armed secretly.

A late Chinese communiqué confirmed the capture of Changyang and Chikang as well as Hwangmei in diversionary operation in Easter Hupeh Province some 110 miles east of Hankow.

The Chinese central news agency reported that American bombers sank one Japanese warship at Ichang and two launches in sweeps of the Yangtze. Three military trains of the enemy were machine gunned.

Parker And Poe Appear On Lion Club Program

Guy Parker of the Eastland National Bank and Parks Poe, City Commissioner and employee of the local Coca Cola Bottling Company, were on the program at the Eastland Lion's club meeting Tuesday at noon. Aubrey Van Hoy, president of the club presided.

Parker talked on "Inflation and Some Ways of Curbing It," one of which was the purchase of War Bonds.

Poe exhibited a motion picture film entitled, "You Figure It Out," which dealt with the promotion of war bond sales.

W. Frazer, with the State Welfare Department, transferred his Lion membership from the club at Nacogdoches to the Eastland club, having moved to Eastland. The only visitor at Tuesday's meeting was Jack Galloway, son of Lion R. V. Galloway. He was the guest of his father.

Service Officer For Soldiers To Be Here June 11th

J. T. Gray, Veterans Administration Service Officer, will be in Eastland on June 11 at the Chamber of Commerce where he will be glad to contact the parents, wives or children of soldiers missing or who have lost their lives in World War II and assist them in filling claims or completing necessary records.

Gets Bachelor Of Arts Degree At Southwestern

Miss Nan Elizabeth Mickle, daughter of Mr. and Mrs. Omer O. Mickle, 413 South Connelleville, received her Bachelor of Arts Degree at the 103rd Commencement of Southwestern University May 31. The Hon. Lyndon B. Johnson, who comes from the 10th Congressional District, delivered the commencement address.

City Commission To Meet On First Tuesday Nights

The Eastland City Commission has set the First Tuesday in each month as its regular meeting nights, City Manager K. B. Tanner, stated Wednesday.

Due to the school closing exercises last Tuesday night no meeting of the commission was held, Mr. Tanner stated.

Forests in Quebec Province south of the 54-degree latitude, amount to some 262,300 square miles.

The average life of an orange grove is from 35 to 50 years.

Late Bulletins

ST. LOUIS (UP)—William Ralph Grasswick, 16, today confessed to the murder early yesterday of his stepfather, Joseph Buck-Nowell, notorious St. Louis labor racketeer.

WASHINGTON, (UP)—President Roosevelt met with AFL-CIO "Labor Cabinet" today, presumably to discuss with its members plans for ending the three-day-old coal strike which has paralyzed production of vitally-needed fuel for war plants.

ALGIERS, (UP)—A French executive committee which automatically becomes the governing power of the French empire outside Axis domination was formed today when Henri Graud and Gen. Charles De Gaulle reached an agreement and became "joint presidents."

Former Eastland Woman Graduates From SMU, Dallas

Mrs. Noel Vandiver, who was the former Miss Virginia Carter of Morton Valley, but who now resides in Dallas, took her degree from Southern Methodist University May 31. Mrs. Vandiver, who taught for a number of years in Eastland County schools and who has been teaching in the Dallas schools plans to continue in the teaching profession.

Mr. Vandiver is employed in Dallas.

Benefactor Of University Dies

AUSTIN, Tex. (UP)—Death in Pittsburgh, Pa., of Joseph C. Trees ended the career of an oil operator who was largely responsible for the oil wealth of the University of Texas.

Trees and his partner, Michael L. Benedum, played a big part in bringing in the discovery well—University's Santa Rita No. 1—in the Big Lake oil field in Reagan County.

Discovery of this well brought about large scale exploration and resulting oil production upon which the University receives a large part of its royalties.

Dr. Hal P. Bybee of the University's geology staff recalled that after Krupp and Pickrel of El Paso had obtained the exploration right, Levi Smith representing the Trees-Benedum partnership participated in drilling the discovery well.

THE WEEKLY CHRONICLE

Established Nov. 1, 1887

Second-class matter at the postoffice at Eastland, Texas, under the Act of Congress of March 3, 1879.

Publisher Every Friday

Office of Publication: 106 East Plummer Street, Eastland, Texas

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be corrected upon being brought to the attention of the publishers.

Obituaries, cards of thanks, notices of lodge meetings, etc., are charged for at the regular advertising rates, which will be furnished upon application.

Taylor Studio To Present Students In Musical Recital

Students of the Taylor Studio of Music will be presented in recitals to be given Monday and Tuesday, June 7-8, at 8:30 p. m. in the high school auditorium.

The public is cordially invited to attend these performances.

Students appearing on the program, and the numbers they will play are listed below.

- Monday, June 7, 8:30 p. m. Flowers of China Our Country's Flag Third Grade, West Ward Mrs. Taylor, director and accompanist. Queen of the Night—Armour Minuet—Bach. Christian Science Services Lamar and Plummer Streets "God the Only Cause and Creator" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 6. The Golden Text is: "Whosoever: nothing can be put to it, ever God doeth, it shall be for nor any thing taken from it." (Ecclesiastes 3:14.) Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The following from the Bible: 'The works of the Lord are great sought out of all them that have pleasure therein... He hath made his wonderful works to be remembered; the Lord is gracious and full of compassion' (Psalm 111: 2, 4.) The Lesson-Sermon also includes the following quote from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "All substance, intelligence, wisdom, being, immortality, cause, and effect belong to God" (page 275.)

The Methodist Broadcaster Weekly News Of First Methodist Church J. Daniel Barron Pastor

MORNING SERMON

You must not miss it. Positively you must not! The title is "Beyond Applause". It will search us. It may prompt us to new thinking. It ought to impel us to new living. Let all our people be present. Let our friends meet with us. The more the better. Your presence is an inspiration to preacher and people. Withhold it not. We are counting on you Sunday morning.

EVENING SERVICE

The hour is 8:30, you know, it still is light then. Another interesting topic will be taken up at that time. "When We Get The Blues" it is. And we get them, do we not? Hear what a student of human nature (we refer not to the preacher!) has to say about this personal problem of us all.

THAT QUARTET

Homer Smith, remember, is organizing and training a male quartet to sing in all our evening services. We trust it will make its debut Sunday evening. Is that the right word to use in connection with a church quartet? Well, anyway, it will make its first appearance. We want to give it a name. We want it to be a good one. We want it to be available for funerals and special occasions. But essentially we want it to help us with our Sunday music. Be with us to hear it in its first contribution Sunday.

JUNIOR CHOIR

All of us were wholly delighted with the singing of the Junior Choir in the morning service last Sunday. We appreciate this group. We are indebted to Mrs. Drago for her work with it. Without her there would be no such choir, we can assure you. Only her devotion and ability have created it. Others have aided, but essentially it is her creation.

STICKABILITY

That is a big word. It has a big meaning, too. It describes what many of our junior choir members have. It also stands for what some of them, we regret to state, are without. Ability to stick with a job begun is one of the highest moral traits a person can possess. Quitters never make hitters.

INTERMEDIATE LEAGUE

Do not miss Sunday. The hour is seven. Be a builder; help the League grow. Do not wait for others to make something for you. Help make it your self. Here is your chance to create something. Attend the League regularly.

CONCLUDING STUDY The pastor will give the concluding study of the current course on an Enduring Peace for the Woman's Society of Christian Service Monday afternoon at three.

SENIOR ENTERTAINMENT

Those two occasions upon which the graduating class was entertained were high times. Mrs. Joseph M. Perkins gave the class a bean supper on Saturday evening which was far more than its title would tell. Then Tuesday morning the Woman's Society of Christian Service gave the group a breakfast to which 35 of the 39 seniors came. It, too, was a feast in more ways than one.

MISSIONARY CHURCH

Why is the Methodist church a missionary church? Answer: "For those that are without Christ the true church yearns with the love of its Master and Lord. It goes forth to them with the evangel of his grace. It practices his ministry of compassion and healing. It bears witness against every iniquity and injustice in their common life, it bears their sorrows and heartaches on its prayers. To it is given the solemn privilege of entering into the fellowship of the sufferings of Christ."

BOARD OF MISSIONS

What is the Board of Missions and Church Extension? Answer: "It is an agency which our General Conference has created by means of which eight million Methodists may, in the name and spirit of Christ, extend the evangelizing, educational, healing, and other helpful ministries of the church to needy areas of life in every part of this country and around the world. It is a 'service arm' by which Methodists carry the gospel to 'others'."

A WEEKLY MEDITATION

You have tuned in uplifting radio programs of music. Then you have given half or all your attention to other matters. Suddenly you have become conscious of the fact that the elevated music to which you have tuned has ceased. A program of blaring, mechanical "music" has come on the air and got in your hair.

ON THE HOME FRONT

By WILLIAM BRADFORD RUIE Author of "The Fight for Air Power"

A NEW and sudden problem has come to America—the greatest pet-owning nation of the world—with the rationing of foodstuffs, particularly meats. Good estimates place the dog population of the United States at 15,000,000; consequently, there are some 45,000,000 men, women and children today who are worrying about what Fido and Spot are going to eat.

Word comes from experts in the nutritional field that table scrap feeding, always a dubious means of furnishing the family pet with the best balanced diet, should be abandoned for the duration so that not only will rationed foodstuffs be used by humans, but that pets will get the best possible diet in war time. These authorities point out that "the dog fed table scraps would be fortunate to have a ration which averaged as high as 18 per cent in total protein, of which a very low proportion would ordinarily be of animal origin." That such a diet is deficient nutritionally is shown by Food Production Order No. 7 where the government sets the total protein maximum for dog foods at 24 per cent, of which one-third, or 8 per cent, on a total food basis, can be protein of animal origin.

Best dehydrated dog food, manufactured in accordance with this order, contains the maximum amount of protein. And dehydrated food is made from fresh meat by-products, scientifically combined, under Order 7, with wheat, barley, salt, ground bone and fish oil. The food is fortified with vitamins to insure the dog a completely balanced diet. Since it contains only 8 per cent moisture, compared with approximately 70 per cent moisture contained in former canned foods made with similar formulae, water is added to make an appetizing ration that looks like freshly-ground meat.

enormous degrading ones. It is the height of folly to assume we can set ourselves and remain tuned to the constructive elements with no further thought and effort about the matter. That is to invite jarring, disturbing "programs" to come in. And come they will. Jesus prayed frequently. He kept retuning himself to the spiritual world. He is our example. He becomes our Saviour when we go and do likewise.

The Baptist Herald

First Baptist Church Rev. Homer J. Starnes, Pastor

Our morning attendance last Sunday morning was back to normal. A good attendance at the worship services is always encouraging to all. All can contribute much to the service by personal presence. Let us all do our part.

The Baccalaureate Service Sunday night for the seniors was up to expectation in every way. Bro. Barron brought a good message. Everyone seemed to appreciate every part of the service. It inspires us to see the ambitions and enthusiasm of a graduating class. Again we say congratulations, seniors, and the best of good wishes to you.

Almost the entire senior class attended the tea given them by the church on last Friday evening. Their presence was appreciated. Bro. Hebbard brought a

helpful message. Thanks to the women of the church for their splendid work in preparing for this occasion.

Repenting when it is too late and The price of Victory are the sermon subjects for Sunday. We hope to make them helpful. Come and share the services with us.

Let us remind our men again that the Brotherhood is meeting Monday night, June 7, at 8:30 p. m. Rev. Cooper Waters of Clisco will be the guest speaker. Other numbers will be given. Officers are to be elected. Light refreshments served. A time of good fellowship for all. Come and bring another.

The Worker's Conference meets Tuesday, June 8, with the Second Baptist Church, Ranger. A good program on Rev. 2 has been arranged. Since the Conference is near by let us have a good attendance from Eastland. Call or see the Pastor if you can go.

Just one more week to the revival meeting. Rev. J. I. Cartledge is coming. Won't you give your best to your meeting. Many

Large advertisement for Lone Star Gas Company featuring an illustration of a woman and child at a gas stove, and a list of instructions for safe canning. The text includes: 'Before You Begin... Know Each Step OVEN CANNING' and 'All fruits and tomatoes, and tomato mixtures containing at least 50 per cent tomatoes, may be processed by the oven method. However, Lone Star's Home Economics Director, Albertine Berry, does not recommend this method unless the heat of the oven can be accurately controlled and maintained, because a constant, even temperature is most important. In oven canning, follow these steps: 1. Be sure that the oven heat can be accurately controlled. 2. Preheat and maintain oven temperature at 250 degrees, making sure that temperature does not build up during the processing time. 3. Use only tempered jars and check them to see that none are cracked or nicked around the rim. 4. Count processing time from the time oven door is closed. In filling jar, have at least one-half inch headroom at top. 5. In removing from the oven, be careful that cold air does not strike the hot jars. Place them on several thicknesses of towel out of drafts until they have cooled to prevent breakage. 6. Complete seal immediately upon removing jars from oven if necessary.'

OFFICIAL TABLE OF CONSUMER POINT VALUES FOR MEAT, FATS, FISH, AND VEGETABLES No. 3—Effective June 6, 1943

Table with columns for COMMODITY, Points per lb., and sub-categories like BEEF, LAMB-MUTTON, PORK, READY-TO-EAT MEATS, SAUSAGE, VEAL, STEAKS AND CHOPS, BACON, MEATS, FISH, and FATS, OILS, AND DAIRY PRODUCTS.

Society

To Present Pupils In Recital

Miss Wilda Drago presents her pupils in recital Thursday and Friday night, June 10 and 11, at the Methodist church.

Eastern Star Installs Officers

The Eastern Star held installation of officers Monday night in an open meeting at the hall. Mrs. J. F. McWilliams was the installing officer, assisted by Mrs. Gerald Wingate installing marshal. Mrs. Gertrude Richardson was installing chaplain.

Music for the occasion was furnished by Mrs. J. A. Beard and Mrs. E. A. Beskow. Miss Glenn Castleberry sang two solos and Miss Melba Wood gave a reading.

Officers installed were: Mesdames: Arthur Treadwell, Worth Matron; Mary Baiton, Associate Matron; Mrs. Aubrey Van Hoy, conductress; Lula Crum, associate conductress; Elsie Flensy, treasury. Carl Page, secretary. The chapter presented the outgoing Matron, Mrs. T. L. Cooper, the past matron's jewel ring. The officers also presented her with a gift.

50-Year Pioneer Club Meets With Mrs. Chas. Van Geem

The 50-Year club met on Tuesday, May 25 at the home of Mrs. Charles Van Geem. It was the occasion of Mrs. Dorothy Sparr's birthday. A lovely birthday cake with Mrs. Sparr's name on it, was presented her by Mrs. R. E. Sikes. Mr. Sikes presented Mrs. Sparr with a corsage.

Mrs. Van Geem, house hostess had the house beautifully decorated with sweetpeas and garden flowers.

Martha Dorcas Class Holds Regular Session

The Martha Dorcas Class of the Methodist church met at the usual hour Sunday morning with Mrs. Ella Ligon presiding. Mrs. W. P. Leslie taught the lesson which was read by Mrs. W. H. Mulling. Mrs. Frances Drienhofer was a visitor.

Miss Verne Allison, daughter of Mr. and Mrs. J. C. Allison and who has been attending Harding-Simmons university at Abilene, where she is majoring in public accounting, is home for the summer vacation and has accepted employment with the Mairhead Motor Company in the bookkeeping department.

Miss Katherine Grisham, who has been attending the State University at Austin, is home and has been visiting friends in Dallas this week. She will return to the University for the summer session.

Mrs. J. L. Cottingham recently

VICTORY SMILE

Here is an unusual picture of Captain Joseph J. Foss, intrepid Marine Corps pilot, who has become the No. 1 air hero of this war with his brilliant deeds on Guadalcanal. The daring aviator, who already has downed 26 enemy planes, is at present on a mission in this country, but this picture of the young captain with his duntrees and his victory smile was taken on the field of action "somewhere in the South Pacific".

Mullings, at Garland, visited her daughter, Mrs. W. M.

Mrs. K. K. McElroy, who is a patient in the Harris Memorial Hospital in Fort Worth, is reported as doing nicely. Mrs. F. M. Davenport, her mother, is with her.

Mrs. C. B. Beale and daughter, Billie and son, Bobbie of San Angelo will be guests of her parents Mr. and Mrs. F. L. Drago next week.

Mr. and Mrs. Paul Benbrook and son, Allen of Austin, visited her parents, Mr. and Mrs. John H. Harrison, this week.

Mrs. Harry Manes, Oaklawn, is expecting her sister, Mrs. G. F. Ensminger and husband of Waterloo, Iowa, today (Friday).

Mrs. J. W. Jones who has been with the OPA in Washington for the past 11 months, is home this week on a visit.

Joel Jones, son of Mr. and Mrs. P. M. Jones of Galveston, is here to spend the summer with his grand-parents, Mr. and Mrs. R. F. Jones, and to visit his uncle and aunt, Mr. and Mrs. Joe Stephen.

Mr. and Mrs. E. M. Anderson and Mrs. Du Los Todd visited Pvt. James Anderson at the Reception Center, Camp Wolters, Sunday.

Miss Marjorie Murphy, who has been attending NTSTC at Denton, is here to spend the summer with her parents, Mr. and Mrs. C. M. Murphy.

Miss Nell Caton of Houston spent this week here visiting her parents, Dr. and Mrs. J. H. Caton. Miss Caton is X-Ray technician at Ellington Field, near Houston. She returns to Houston Saturday.

Misses Dorothy and Heidi Throne, daughters of Mr. and Mrs. Earl Throne were presented in a song and dance program by Miss Vera Barker Sunday afternoon at Camp Wolters Service Club.

Mesdames Frank Jones and James Harkrider, with Little Misses Betty Ann and Nancy

Lynn Harkrider, visited Mr. and Mrs. Leo Chesley in Fort Worth over the past week end. Betty Ann and Nancy Lynn remain for a week's visit. Mr. Chesley is the son of Mrs. Jones and brother of Mrs. Harkrider.

Miss Faye Overby, who was an instructor the past term in the public school at Carlton, and Mrs. Carter Newsome, instructor in the Koppers school the past term, were recent guests of their sister, Mrs. T. M. (Turner) Collier and family.

John Barron, son of Rev. and Mrs. J. Daniel Barron, left Thursday for Camp Crockett near Grandbury, where he will spend the month of June. Camp Crockett is operated under the direction of the YMCA.

Neal Hennessee of Ruidosa, New Mexico, was here this week on a visit to his sister, Mrs. Richard Jones and his brother, Fire Chief A. W. Hennessee and Mrs. Hennessee.

Mrs. Dale Swan of Truro, Iowa, which is a suburb of Des Moines, is here on a visit to her father, W. I. Allison, her grandmother, Mrs. R. Allison of the Bear Springs community, and other relatives. Mrs. Swan will be remembered as the former Mary Alice Allison.

Sunday Only Stars of "Bombardier"

You move fast on the flight-deck

GETTING the planes up and bringing them in call for split-second teamwork. So deck crews are dressed in dungarees and jerseys for fast action. Helmets muffle the angry drone of propellers.

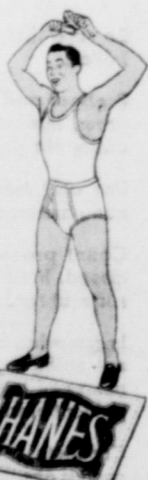

The garments our sailors wear are planned for comfort and fighting efficiency. Right down to the underwear—with styles and weights carefully chosen to match the weather on any ocean.

Your own underwear can have modern styling and easy-going comfort. For, during the past 40 years, the makers of HANES Underwear have gained a wealth of experience in knitting and tailoring underwear to the correct size in the style you prefer.

For example, many men like the HANES-designed Crotch-Guard Sports (shown at right). These provide gentle athletic support. For complete summer comfort, wear them with a HANES Undershirt. Knit to exact chest size. Its highly absorbent fabric evaporates perspiration quicker—keeps you cooler and your top-shirt fresher. P. H. Hanes Knitting Co., Winston-Salem, N. C.

HANES UNDERWEAR FOR MEN AND BOYS FOR EVERY SEASON

If you cannot always get your favorite HANES style, please remember that much of our production is going to our Armed Forces.

AMERICAN HEROES BY LEFF

Three Japs killed with one bullet was the score of Marine Pfc. Nicholas Sileo while defending a small village somewhere in the South Pacific. Sileo dropped the fire as they approached. He and then bagged two more before the swarming little men's rifle fire put him out of commission and he had to be hospitalized. Our boys are making the best use of the ammunition which you help buy when you invest in War Bonds. Help pass them more of it.
