Stores to Close When Mavericks, Sastland County next even hotter than Gorman Play Today

Most of Eastland's business houses will close up shop Friday afternoon as the Eastland High School Mavericks will play their first game of the season on the local field against the Gorman

Eastland, in third place in District 10-A after last week's 0-0 tie with De Leon, will be heavily favored to win against Gorman, which has been edging up but has lost two district games to rest in the cellar.

The Eastland team will be in good physical trim for the game. Play is scheduled to begin at 2:30 p. m.

In District 10-A, Dublin is at the top of the heap with a single win, from Gorman. De Leon is second, with a win against Gorman also and a tie with Eastland. Next comes Eastland, with a tie with De Leon and no wins or losses. Hamilton, Comanche and Hico have no district record yet, and Gorman has lost two.

It was explained after last week's tie game between Eastland and De Leon that the district rules declare a tie game just that, with no wins on penetrations or first downs. In the standings, each team involved in a tie game is credited with half a game won and half a game lost, which puts Eastland at the .500 mark now.

If it had been decided on first downs and penetrations, Eastland would have lost the game at De Leon last Friday, because there were no penetrations and De Leon had a five-three margin on first

But the game, played on a soggy field under lowering skies, was a good deal more spectacular than mit work in the fields for long the score and statistics indicate. enough. Especially was it interesting because Eastland and De Leon had been co-favorites for the district farmers of the county, and the the city of most of its converts. championship, and still are except losses already incurred because of that Dublin has to be reckoned

A good deal of the play in the game consisted of a brilliant kicking duel with Eastland's booters consistently getting the better of the exchanges.

Gene Young came the closest to pay dirt of anyone on the field when he raced 24 yards to the De Leon 23 in the second quarter, but Eastland promptly lost a yard each on two plays and then on a horribly handled long lateral, let De Leon fall on the ball and lost possession.

Eastland's passing game was pretty sour, but its pass defense was quite adequate.

The Eastland and Ranger teams had a remarkable run in the last two weeks, in that they first played each other and tied, and then played two other teams and tied. Ranger was tied by Coleman.

Delaware Soldier Killed In Accident

A Delaware soldier was fatally injured and four other persons were hurt slightly in an accident during the rain Tuesday afternoon between Eastland and Cisco.

The soldier was Cpl. John J. Seaman of Newcastle, Del., who had caught a ride en route to his station at Fort Bliss.

The car in which he was riding. driven by Mrs. Lorraine Miller of Dallas, who was going to a funeral in Abilene, hit a soft shoulder about three miles east of Cisco, and in returning to the pavement skidded into the path of a car

driven by R. W. Priest of Hico. With Priest were Mrs. Estelle Pruitt and daughter, Geraldine, also of Hico.

All were taken to a Cisco hospital, where Seaman died early Wednesday. The others received

New Effort Begun For County Fair

Sunshine Brightens Farmers' Outlook; Rain Total 3.93

clear Wednesday to bring Eastland County peanut farmers their first ray of gladness in a week and a half, but how much the big peanut crop had been damaged by the rains was a topic of a good deal of

Some farmers said they expected more than a 50 per cent loss from sprouting nuts, while others expected a much smaller loss.

And there were some fortunates who gotten their entire crops in before the rains started.

Eastland Weatherman J. A Beard reported that from Oct. 1 through Oct. 10, when the sun broke out, 3.93 inches of rain had fallen into his gauge. Reports of heavier rainfall were received from other nearby spots.

Beards' report shows that on Ot. 1, .05 inch of rain fell; Oct. 4, .33; Oct. 5, 1.40; Oct. 6, .30; Oct. 8, trace: Oct. 9, .95; and Oct. 10, .90.

In Cisco, nearly five inches had fallen in October, and at Guy Quinn's Cactus Gardens just east of Eastland, over five inches were recorded

Farmers reported peanuts were sprouting in windrows, in the ground, and even in bags that had been left . poseci

Some expressed hope, however, that much of the crop still could be saved despite the losses to date, if only the weather will per-

the rain could be staggering, since this year's price is the same as last year's, and the crop in the ground was estimated to be about

80 per cent as good as last year's. Penut acreage in the county increased this year over last, it has

been reported. Although the rains harmed the peanut crop, they did great good to the land in general, caused new grass to grow on yellowed ranges, and prepared the soil for the planting of wheat, rye, vetch and other winter grain and cover crops.

Store's Renovation **Nearly Completed**

Renovation of the interoir and front of the Western Auto Store in Eastland has virtually been completed, Robert Vaughan, owner of

the store, said this week. Vaughan has carried on the work of installing new fixtures and lights and improving the building over a period of months, sandwiching it in between working days at the store, which has remained open for basiness.

Legion Membership Drive Under Way

The 1946 membership drive of Dulin-Daniel Post No. 70, American Legion, is getting well under way, officials said this week, with 100 members already signed up by the two teams. The losing team members will be obligated to sweep the Courthouse square.

Team No. 1, led by George Parrack and W. E. Lowry, is ahead in the drive with 68 members, compared to 32 members for Team No. 2, led by John D. Harvey and Lewis Crossley.

The extended drive will end Nov. 11. A barbecue sponsored by the post will follow the drive, but date of the affair has not been set

In the last meeting of the post, nine new members were initiated. They are Charles Howell, Lynn Bennett, W. A. Hull, L. M. Coursey, George Nabors, John Sledge, Jr., Galand Poe, Robert A. Murray and Truett Carter.

Doss Alexander, farmer and orchardist from Pioneer, was a business visitor in Eastland Tues-

Former Missionary To Preach Here For Two Sundays

Dr. C. A. BURCH

Dr. C. A. Burch, a returned missionary from China who is professor of religion in Brite College of the Bible, T. C. U., will speak at morning and evening services of the First Christian Church Sunday and the following Sunday, it was announced this week.

Dr. Burch was a missionary in China from 1906 to 1940, and saw the violent transition of the country from its position of grand and ancient decay to its present position as a poverty-ridden but hopeful young membe; or the world's

His last months in China were spent in Nanking, the ruined former capital, where he ministered to the homeless and hungry and saw Christianity begin to take Last year's Eastland County hold stronger than ever after the peanut crop brought \$3,000,000 to mass war migrations had drained

Once Staggering **County Debt Total Being Cut Sharply**

Eastland County's debt burden which once had the county almost ridden down, this week was a lot lighter after the county set aside \$122,448.03 to meet a Nov. 1 payment on a 10-year refunding bond issue, said County Auditor Don Parker.

The total due Nov. 1 is \$143,-078.75, but of this the state will pay \$19,518.83 under its bond assumption program.

This year's payment on principal is \$111,000 by the county, and that will leave only \$125,500 in this particular issue, to be paid off during the next two years.

The money from the bonds was used to refund older issues and to build or improve lateral roads in the county.

gram under which part of the them that is the fleas." state gasoline tax was-and still is

old county road bonds. will be under \$2,000 a year for the home, possibly for discharge.

county. Also outstanding are \$201,000 in Courthouse building bonds.

In 1938 the outstanding road bonds totalled \$2,805,000, and the at Hawthorn, Nev.: outstanding Courthouse bonds totalled \$249,000.

There is about \$106,000 in the road bond interest and sinking fund now, assuring more than enough by the end of the year, as tax collections are going, to pay off the entire remainder of the 10-year road bond issue by the end

The paternal grandparents are Mr .and Mrs. W. from F. Brock of Eastland.

Need For Annual Event Stressed At Eastland Barbecue

Eastland County needs a fair badly because there is a big and prospering livestock industry in the county that would be encouraged by an annual livestock show and fair, Virgil Seaberry, Eastland attorney, told over 200 persons at the annual barbecue and meeting of the Eastland County Livestock Association in the Eastland City

Park last Saturday night. The crowd was cut to about half the expected size because of previous heavy rains and threatening weather at the time of the get-to-

Seaberry said he had obtained figures to show that in Eastland County there are over 10,000 beef cattle; over 10,000 turkeys; over 75,000 sheep and goats: over 100,brood sows.

With this much livestock in the county, he said there is every reason to promote an annual show and fair in which growers can compete against each other, see what others have done, and go away determined to do better for

Dan Childress, president of the livestock group, acted as master of ceremonies. The barbecue was under sponsorship of the Eastland Chamber of Commerce.

Besides Seaberry, speakers were County Agent J. M. Cooper, who spoke on the good fairs have done in other places, and W. B. Pickens, who spoke on rural electrification.

The fair question was being tossed about conversationally in quite a few groups in Eastland this week, with the general theme center, and with some concrete suggestions, but no action report-

One suggestion was to call together all local civic organizaons, including members of the Chamber of Commerce, Lions Club thing out to a conclusion at the meeting, possibly a dinner meet-

Another idea was to get as much money raised as possible here in Eastland-about \$2,000 already has been reported pledged-and then call together all who have bought stock in the proposed fair association, form a corporation, and then have the fair association directors appoint committees to sell more stock.

The fair association proposal first was made by the livestock association, which still is carrying the ball. However, Childress said the group would be very happy to have any person or group help that

Five Eastland Boys Leave For Service

Five Eastland youths among 15 from Eastland County inducted into the armed forces during September, according to a release from the office of the county Selective Service Board.

The Eastland youths are Howard A. Collins, Robert Fletcher Vaughan, Billy Joe Armstrong, Robert Benton Tuckness, and Billy

Clayton Hardin. Others inducted were William Robert Stewart, Junior Amon Montgomery andAlvis Ray Cavanaugh, Gorman; Billy Carroll Anderson, Dail Page, Norval Douglas Gallagher, Jr., and Jose Carmen Telentino, Cisco; Aecal Royce Ott, Ranger; John Edward Harris, Carbon, and Q. Z. Rainey, Desde-

Dr. and Mrs. T. G. Jackson have received a letter from a general hospital in the Pacific written by an Army Chaplain stating Pfc. Max Jackson had been received in the hospital on Sept. 15, suffering from concussion of the brain, three broken ribs, and lacerations. No details were given. The letter said he was having the best attention and they would receive a report every 15 days. Pfc. Jackson had been in the Pacific two years, serving on Guadalcanal, Russel Islands, and Okinawa.

Mrs. J. E. Gilbert talked with her son, Pvt. Brooks Gilbert, patient in a hospital in Washington, recovering from wounds received on Okinawa. He was able to be wheeled to the telephone after having just undergone the operation of having a 2-inch bone from his leg grafted in his right arm and wearing a new cast. At the time of the call, he was being visited by his cousin, Calvin Gilbert. who was on shore leave from his ship just returned from Pacific

together and play together.

"The Texas and Pacific is a part of this neighborly atmosphere, for in every town and city up and down its line through Louisiana and Texas, thousands of its employees take an active part in the affairs of their home towns.

"And, like a friendly neighbor who lives next door, the Texas and Pacific is ready to help, too. We are genuinely interested in the welfare of every town we serve-and are sincerely anxious to further their development and progress.

"Your constructive criticisms and suggestions are earnestly solicited."

W. G. VOLLMER, President.

NOW & POINTS FOR USED FATS

Help Increase Supplies of Soap and Other Peacetime Products By Saving More Used Fats

istrial fats far short of last year! We are almost down to the bottom of barrel. The nation's industrial fat supply is millions of pounds less n it was in 1944. We need fully as much as last year to help make the ps and other civilian goods you want and need so badly. So . . .

you want more soap and soap flakes . . . if redreaming of nylons, sheets, cotton fabrics want them to hurry back to the store inters...you can help by saving those used chen fats as you never saved before! Save ry drop, every day!

These fats are vitally necessary to help speed greater supplies of soaps and hundreds of other things-like new cars, electric washers, irons, refrigerators and tires. Industry must have these fats . . . to help get to you more quickly the peacetime products you've been longing to have for years!

and scrape and scoop just as you did aithfully before V-J Day. To prove how ortant it is, your government has insed the point bonus. So help meet this on's need by continuing to save used If you can't find a store that accepts fats, call Home Demonstration or

resident, was a visito

day morning and sa

his old friends.

Carbon Woman Who Moved There In 1902 Leaves to Live With Son

By MRS. H. HALL

CARBON, Tex., October 11. -Mrs. Mary Hearn, who moved with her late husband, Joe Hearn, to Carbon in 1902 from the Bear Springs Community, sold her home here recently and left to make her home with her son, Hardy Hearn, of Yellow Mound.

Mrs. Hearn said that there are only four families now living in Carbon who were here when she moved here. They are Mr. and Mrs. Tom Dingler, Mr. and Mrs. Virgil Crossley, Mr. and Mrs. Will Mc-Neese and M. C. Tucker.

Mrs. Hearn has many friends here who regret to see her leave, and wish her well in her new home. Her rich Christian character and her bright outlook on life endear her to all who know her and she will be greatly missed.

In leaving, Mrs. Hearn wrote the following farewell letter to her

To My Friends of Carbon:

Love each other, cease to do evil, learn to do well. Remember the Sabbath day to keep it holy. Seek peace and preserve it. Do all the good you can. When you have done your very best, let it be the worst you ever do. Let not the sun go down on your wrath. If you have thought evil, lay your hand upon your mouth. What so ever ye would that men should do to you, do ye even so to them. Practice economy in words of hate and criticism, practice extravagance in words of kindness and love and commendation. Show yourself friendly if you would have friends.

I thank you for every kind word and courtesy you have shown me. I've spent many pleasant days in Carbon, where my affections will always linger. Pray without ceas-

So I say farewell, Mary L. Hearn.

BARBEE CRAIG LEAVES PHILIPPINES FOR U. S.

WITH THE 24TH INFANTRY (VICTORY) DIVISION on Mindanao-Private Barbee W. Craig, of Eastland, member of the 24th Division Quartermaster Company, has left for the United States under the Army Readjustment pro-

Private Craig was with this Victory Division during its campaigns in New Guinea; the initial landings on Leyte, Luzon, Mindoro, here on Mindanao. To the last days of the war he came under arms fire as he kept pace with ininfantry, bringing up the all-important ammunition. equipment needed by front line troops

He leaves a division which has won the respect of troops throughout the Pacific; a division which was at Pearl Harbor when the Japs struck in December, 1941; a regular army outfit whose peacetime home is in Hawaii.

Private Craig's mother, Mrs. Beulah Fae Craig, lives at Eastland.

Better Buy a New Ford

Don't start the winter with a worn-out, run down battery—you'll only invite trouble. Let us check your battery scientifically according to its plate area and tell you how much life is left in it.

For All Makes of Cars

If you need a new battery, get a dependable Ford battery. They come in five different sizes; fit all makes of cars and they're big, powerful, heavy-duty types that start your car quicker and outlast ordinary batteries. nary batteries.

WRITTEN WARRANTY

Salesmanship Class To Be Opened Here By U.T. Teacher

A course in "Salesmanship" for the business people of Eastland will begin at 8 p. m. Tuesday at the Chamber of Commerce, with Miss Fleda Fulmer, itinerant in-Training from the University of Texas, teaching the course, it was announced this week.

Classes will meet Tuesday and class meetings in the course, each one and a half hours long. Sponsors of the course are the Eastland School District and the Chamber of Commerce. Information may be obtained at the Chamber of Commerce.

Another course for business owners and managers on "How to Train an Employee' will begin Oct. 22. Details were to be announced later.

Business people and veterans can take the courses. The only cost is the registration fee of \$1, and on completion of the course, those who attended will receive a certificate from the university.

Miss Fulmer has completed similar classes at Moran, Rising Star

She will give a 5-hour course on "Fabric Information" to homemaking students of Eastland High School beginning next week.

Miss Mary Crowell of Austin spent the week end here with her parents, Mr. and Mrs. Frank Crowell, and her sister, Mrs. Frances Crossley.

Government's Aid To Farmers High, **AAA Official Says**

Eastland County farmers las year in addition to harvesting a \$3,000,000 peanut crop and receiving a great deal more cash income from other farm crops and livereceived about \$175,000 through the AAA for soil conserva tion practices, Emmett Powell AAA administratr in the county told Eastland Lions Tuesday.

Powell said that dairy farmers of the county received from the government an additional \$50,000 or so in milk production subsidies Thursday, and there will be five but that there was a lot of criticism for the government from various sources over the subsidy program. even from those receiving the payments.

The \$175,000 was largely for terracing, contour furrowing, and planting of winter cover crops to improve the soil and prevent erosion, Powell said.

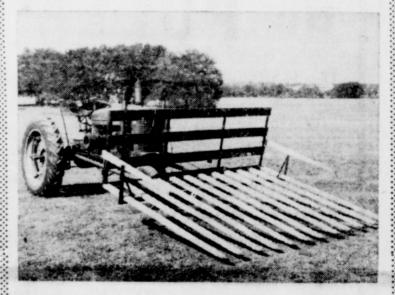

He said that aEstland County's record in the past is extremely poor as to soil conservation, in that farmers have been planting first cotton and then peanuts each year and returning little or nothing to the soil.

Peanuts, he said, soon strip the soil of any fertility it had, and soon not even peanuts can be

However, in Eastland County, Powell said, the future depends on a good deal less than 10 inches of topsoil, because there isn't that much left in much of the county.

Mr. and Mrs. W. H. Mullings went to Galveston last Thursday to be with their son. Ward Mullings, who was injured in a fall from a ship there last week.

PEANUT FARMERS SAVE TIME, MONEY USING SARGENT SWEEP RAKE

The above picture shows the Sargent Loader with sweep rake attached. A number of Eastland County farmers this year have used this rake to pick up peanuts in the windrow and haul them to the threshing machine, and they report very excellent results.

In fact, they have reported that two tractors with sweep rakes will take the place of four to six wagons or trailers.

We urge you to investigate this for your own peanut harvesting. Our customers so far have been satisfied; we feel you will be, too.

Can Be Supplied With Loader Or Bulldozer In Place of Sweep Rake GOOD STOCK ON HAND

Annual Poppy Day Sale to be Nov. 3

Preparations are being made by Mrs. George I. Lane, president of the American Legion Auxiliary, Nov. 3. With Mrs. Earl Frances as Chairman, the sales corps is to be made up of Girl Scouts of Group No. 1 and 2.

The wearing of the poppy has become a silent pledge renewed each year, that the people of America have not forgotten the responsibility they have been given by their fighting men of both wars on Poppy Day, Mrs. Frances said. Poppies will be offered to everyone in Eastland. There is no fixed price for the poppies, she said, but whatever is given is welcome; the small boy's pennies and the businessmens' dollar are equally acceptable.

Mr. and Mrs. A. J. Bell of Stamford were the week end guests of Mrs. Bell's parents, Mr. and Mrs. H. F. Hodges, 509 South Bassett

Mrs. F. C. Grubb and three small daughters of San Jose, Calif., are guests in the home of Mrs. Frona Grubb and Mr. and Mrs. J. Carl Johnson.

Social Security Man To Be Here Oct. 18

Ralph T. Fisher, manager of the Social Security Board field office in Abilene will be at the Post Offor the annual Poppy Day sale fice in Eastland next Thursday, Oct. 18, at 1 p. m.

Fisher visits Eastland the third Thursday of each month to assist eligible persons with their retirement or death claims under the Social Security Act, and to furinsh information on social security. His next scheduled trip to Eastland after Oct. 18 is on Nov. 15.

All persons having business with Fisher should call promptly at 1 p. m., as he will remain in the office for only a short time.

Mr. and Mrs. G. A. Plummer returned Friday from a week's vacation spent with Mrs. Plummer's brother and family, Mr. and Mrs. W. E. Hines of Fort Worth.

(Continued from Page One) from the food I saw they eat like dogs. I did not see any car, truck, or anything like that. Everything they did was done by hand.

"Some of our boys got some nice things by going into some of the homes that had been bombed. I did not go into any place because I did not know what would be in them. Some mad Jap could be in there, and I would not like being in the same room with a mad Jap.

"The Japs would give you anything for one or two of our cigarettes, and for 20 to 60 cigarettes you could have anything they had. The Jap men don't think much of their women. If we were to do a woman the way they do therewell. I don't know if we would ever get out of jail.

"It only took a few hours to unload the ship so we were not there very long. We were the first LST to unload there. We were lucky getting out to look around because after we came back out in the bay there was an order sent to all snips that there would be no liberty in Nagasaki."

Kilborn said he did not know whether he was headed for home or for another trip to Japan.

THOMAS LEE JORDAN

Thomas Lee Jordan, son of Mr. and Mrs. J. Y. Jordan of Eastland, sailed from India to New York on the U. S. S. General A. E. Anderson with 7500 troops abroad, he wrote his family here. Jordan is in

The ship is expected to dock in New York about Nov. 25 after a journey through the Red Sea and Suez Canal.

Kenneth Bransford, A. M. 3-c, stationed aboard the light aircraft carrier Belleau Wood, saw plenty of action in the final days of the war in the Pacific, he wrote his parents, Mr. and Mrs. J. H. Bransford of Morton Valley.

Bransford said he couldn't say much in his letter about his experiences because there had been too many of them, but "I will say this now, wehave had torpedoes thrown at us from a Jap sub, but they missed us and all other ships in the group. Our troup was 38.1, just a part of the Task Group 38.

"Also, the Japs dropped bombs near us, about 200 to 400 yards from us. They too missed.

"One torpedo bomber tried to make a suicide dive on us but about 100 yards or nearer the ship our gunners hit him and he exploded. Three parts of the plane landed on our ship. They dropped flares at night trying to locate us, and they did, but did nothing.

"Three planes have flown above and across our ship at night at about 75 foot altitude, but still nothing happened.

He wrote that his ship lost a man overboard and had 12 injured in the big typhoon that came just before the surrender, and that all but four planes on the hangar deck were damaged beyond re-

Of food, he reported in his first uncensored letter that it was "rotten." The cooking likewise was rotten he said, but the bakers were good.

Bransford said he expected to arrive in the United States in October, but added a P. S. that he had heard a rumor that the ship's departure was to be delayed.

PEARL HARBOR- Willard W Bagwell, chief shipfitter, 614 South Daugherty, Eastland, Texas, has been serving with the 85th Naval Construction Battalion here, climaxing, with the war's end, a long period of duty that began in the Aleutians.

In cold and heat, this battalion of Seabees performed the strenenous, difficult work necessary to victory. It spent 17 months in the Aleutians, from there came to the South Pacific.

DALLAS-T he following Texan has been honorably discharged from the United States Navy: Eastland, Ira R. Nolen, Boats wain's Mate Second Class.

Ten invasions in a year of rugged campaigning against Japanese bastions in the South Pacific is the fighting record compiled by the USS LSM 40, a Landing Ship Medium, of which Lieut Carl L. Garrett USNR, is commanding officer.

Lt. Garrett is the son of former Congressman Clyde L. Garrett of Texas. He served 14 months overseas as an Armed Guard officer before entering the Navy Amphibious branch and putting LSM 40 into commission at Houston, Texas, in July, 1944. His wife, Mrs. Shirley Ferrell Carrett, lives at 301 North Oak Street, Eastland. A brother, Clyde Garrett, served with the Army's 8th Air Force in England, France and Germany and won the Air Medal for 31 combat missions.

I.t. Garrett attended Hardin-Simmons University at Abilene, Texas, and received his LL.B degree from National University, Washington, D. C. He received his Navy commission in August, 1942.

LSM 40 had hardly reached the Pacific warfront, in November of 1944, pefore it was undergoing air raids at the newly-won base of Morotai in the Netherlands East Indies. From that time on it took part in most of the Philippine operations, including Bataan and bloody Ormac, and made its tenth peachhead on Balikpapan in Borneo, just six weeks before Japan began begging for peace.

Although under enemy artillery fice on most of its beachings, the '40" never was hit and emerged from the war without suffering a

single casualty from enemy action. Two events stand out in the minds of most of the ship's crew. The first was the run to Mindoro runs to forward battle areas

from Leyte through waters still Jap-doninated. It was on this invasion that American flyers broke S-Sgt. John E. (Jack) Cross, the back of the Jap airforce in learned of a reunion of three Eastthe Philippines which was hurling planes by the scores at the invasion-bound armada. The "40" witnessed frequent enemy air attacks and watched grimly as a Jap suicide plane slipped through the the 17th Congressional District, fighter screen, poised overhead, then dived straight down into the superstructure of the cruiser Nashville, riding off the starboard bow of the "40"

Also unforgettable was the fiery blasting of Corregidor the day before paratroopers swooped down on the famed rock. The ship's company witnessed this bombardment on the way in to the beachhead at Mariveles Bay on the tip of Bataan peninsula.

First strike for the "40" was made at Pegun Island in the Mapia 601 South Mulberry, Eastland, is Group. Just four days later Igi Island in the Asia Group was invaded, the date being November has seen action in almost every 19. From there the ship went to Leyte in the Philippines and on December 9 made the landing at Ormoc Bay in western Leyte.

On December 15 came Mindoro on February 15 Mariveles Bay on Luzon. In the face of mortar fire, the "40" took part in the first landing on Mindanao, at Zamboanga, on March 10. Sanga Sanga in the TawiTwi Group was struck on April 2 and Jolo in the Philippine archipelago on April 9,

Then came the last beachhead in the Philippines, at Macajalar Bay in northern Mindanao, on May 10; and, finally, the strike at oilrich Balikpapan on July 1.

In addition to original invasions, the "40" made numerous resuplpy

Mr. and Mrs. George E. Cross, in a recent letter from their son, land boys when Lt. (jg) Bob Keasler's ship, which is a converted mine sweeper, docked at the island Ie Shima, on Sunday September 3, where Sergeant Cross is stationed. After a dinner aboard the ship, the Chauvenet, the two boys joined Lt. L. J. Lambert, Jr., and the three boys had a nice visit.

Lieutenant Bob Keasler is the son of Mr. and Mrs. Morris L Keasler, and Lieutenant Lambert is the son of Mr. and Mrs. L. J Lambert of this city.

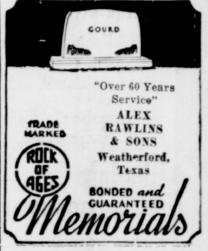

Lieutenant Lambert and Sergeant Cross are attached to the 5th Air Force.

Billy Harold Martin, S 1-c of serving on the U.S. Tender Argonne in the Pacific, a ship which sea lane from Pearl Harbor to Leyte Gulf, according to an official Navy release.

The Argonne escaped with minor damage at Pearl Harbor, and later travelled over the broad expanses of the Pacfiic to ports that read like a roll call of the en-

James L. Warren, son of Mr. and Mrs. W. M. Warren, is home with his parents after having received his discharge at Camp Fannin last Tuesday with rank of T-Sgt. Warren has been in the service for four years, and overseas for 31 months. He was with the 9th Air Force in the transportation division as chief engineer.

Pvt. Jack Daniels, who has been serving in the Army in Alaska, is on his way home, according to word sent to his mother, Mrs. Cleo Redd of Eastland.

Will There Be Any Flues in the Plans for Your New Home?

It has been said that heat is almost as important as food to life and health. This is why house heating should be an important consideration in the planning of your new home.

Flues are necessary for venting the equipment if natural gas heat is to be enjoyed at its best. So whether you plan to heat your new home with floor furnaces, circulators, gasteam radiators or a combination of these, or with a central furnace, the location of the equipment and the flues should be included in the plans and specifications.

When heating equipment is vented, wall sweating is prevented and stuffy air eliminated. For more healthful and comfortable heat, plan your heating as part of house and install necessary flues when house is built.

Note to:

Architects, Builders, Plumbers, Lumber Yards and Heating Contractors

Your gas company has available for you a free booklet which tells in detail the proper installation of all kinds of gas equipment in the home. and gives specific information about location of equipment and necessary flues. Call at gas company office for your copy.

We Invite You to Look Over The Newly Remodeled

Western Auto Associate Store

IN EASTLAND

We have a lot of faith in Eastland and its future, and have shown it in some small way by completely remodelling our store, with new fixtures, new arrangements, new lighting and a new front.

We are interested in seeing Eastland progress, because frankly we feel we can progress with Eastland. We have been here nearly five years, and intend to stay a good while longer. We have great hopes for the future of Eastland.

We feel that with the proper initiative and effort on the part of the people who live in Eastland now, this can be just about the best town in this part of Texas. We will do our best to help make it so.

All of us can help by supporting the things that mean progress for Eastland. Such things as the bigger and better county fair; an improved high school football stadium; a town hall or auditorium of some sort; improved highways and farm to market roads.

Eastland is a good town — one of the best in Texas in which to live. But it can be a better town. It's up to all of us.

ROBERT VAUGHAN

WE ARE TAKING ORDERS FOR NEW MAYTAGS

We have a brand new, post-war MAYTAG Washing Machine in our window, and frankly, we don't know exactly when we'll get any more. The one we have is for display only, right now.

But we are taking orders for new MAYTAGS, because we'll have them before long, and we know the people of this area who want MAY-TAGS are anxious to get their name on the dotted line.

The new MAYTAGS carry on the famous MAYTAG tradition of being first and best, and have many post-war improvements. We know you'll want to be among the first to get one.

SIDE ISSUES . . .

(Continued from Page One)

Every year it has expenses and it has income. Sooner or later they have to balance, or the county will wind up in bankruptcy-which once threatened-or with a whopping cash balance, which is unlikely. Instead, if too much money threatens, taxes are cut, and everyone likes that.

If Carl Johnson has a bunch of credit customers who never pay up, and then has to raise the cost of his clothing to all his other customers so as to meet the deficit, the others naturally squawk like everything-and buy some where else.

If a whole lot of Eastland County taxpayers go down the years never paying any taxes, then the entire expense of running the county is put on the rest of the taxpayers, who have to pay their own way and that of their fellow citizens who are not carrying their share of the load.

That is exactly what has happened in Eastland County. Hundreds of property owners have not paid taxes in ten years or more. Others see that they are not, and refuse to pay because of the facts mentioned above. The tax rate has stood generally at well over \$1 on the \$100 valuation-an extremely high county rate. And the situation has drifted along that way. The faithful who carried the load were penalized for those who did not or could not pay.

Then there is the question of those who did not pay for 10 or 12 Court and had their taxes halved so the county would not lose all the taxes. County Judge Lewis Crossley says the court has no legal authority to do this, although it can reach an agreed tax judgment in district court, or can order a re-assessment for past years, which usually results in little if any reduction.

Judge Crossley says there will be little reduction of past taxes by the county from now on because the legal authority is lack-

Members of the present court are getting plenty of political heckling for sticking their necks out on the tax matter, but my own belief is that if they stick to their guns, a Eastland County is to be praised grateful citizenry will thank them for a long time. Next year, taxes again in Eastland County.

Victory Loan Quota of County \$470,000, **Frost Announces**

Along with the rest of the nation, Eastland County will jump into its last bond drive Oct. 29, with a county overall quota of \$470,000, compared with a Seventh War Loan total of \$645,000, Cyrus ter fat, date of sale Frost, county drive chairman, said this week.

The county E Bond quota will be \$230,000, compared with a like quota of \$405,000 in the last drive. Thus the final bond drive in

connection with World War II will have lower quotas set for a people tired of war and things in connection with the war. However, the government has been stressing that the war, although over, is not paid for by a margin of hundreds of billions of dollars, and the suport of the people still is necessary.

Virgil Seaberry, Eastland chairman for the drive, has a local goal of 23 per cent of the county's total. A like percentage has been set for Cisco and Ranger, with Gorman's quota at 14 per cent of the county's, Rising Star 13 per cent, Carbon, two per cent, Olden, one and a quarter per cent, and Desdemona three-quarters of a per The overall quota for Eastland

thus will be \$108,100, and the E Bond quota will be \$68,100.

The U.S. Treasury has announced officially that there will be no more general subscription bond

will drop to 60 cents on the \$100 valuation-an unprecedently low rate in Eastland County, and just above half of last year's \$1.16 and the next year after that, if taxes are collected as they can be, the rate can drop still lower, or perhaps valuations be lowered. Or perhaps the county can spend some money on some of the new things that need doing. Because a court like the present

one, economy minded and determined to make ends meet no matter, is needed every once in a while. But it doesn't make for progress-it just paves the way for progress. Progress is reached by spending money on new things, and the Commissioners Court of for making such a thing possible
