Fair Association Sidelssues **Joint Committee** By HENRY G. VERMILLION Named, To Meet Advice to those who are think-

A fairly heated discussion on whether the proposed Eastland and rodeo grounds in the proposed fair setup developed Saturday at a meeting of the joint fair committees of the Eastland Chamber of Commerce and the Eastland Coun- mate first class. ty Livestock Association.

From the joint committee meeting emerged a smaller joint committee that met briefly after the session and agreed to meet again Saturday at 2 p. m. in the Eastland Chamber of Commerce.

Outstanding ranchers and stockmen of the county will be invited to the Saturday meeting and will be asked to give their views on the way the fair should be developd. At the meeting Saturday, Pete Tindall said he believed the fair could not be a financial success without revenues derived from a rodeo and race meet, while Virgil Seaberry put forth the view that the fair association had to crawl before it could walk, and such an ambitious program might get it off

So this week we're operating to a very bad start. C. M. Nevill recalled that a rodeo valuable records that are tucked put on in Cisco some years back away somewhere in a pile in the

Committee Named To Handle Work; **Aims Set Forth**

An ambitious program for vocational training of returned veterans of World War II was launched this week with the appointment of an administrative committee to conduct the program under the supervision of the Eastland County School Board.

Named on the committee were Fred Brown and K. B. Tanner of Eastland, Mayor J. J. Kelley of Ranger, R. L. Ponsler of Cisco, Cecil Shults of Rising Star and T. O. Shelley of Gorman.

The committee members were named at a county-wide meeting held in the Courthouse here Sunday, and were confirmed by the school board in a meeting Monday morning.

The program calls for on-thejob training for returning veterans, under the supervision of counsellors hired by the school board and with the administrative committee handling details of the program.

The first counsellor was to be chosen Thursday morning at a superintendent of the Methodist | meeting of the school board, and he is scheduled to accompany County School Supt. Homer Smith to Austin Monday for consultation with officials of the University of Texas, and on to Waco for a study with officials of the Veterans Administration, which has its state office there.

Launching of the program followed visits here by Dr. Marrs of the University of Texas, who said that many veterans who are entitled to further education 'under the GI Bill of Rights are not taking advantage of their privileges.

This is because, he said, many of them do not wish to go to college, but wish to begin learning a trade or vocation. Further, he said, a great many veterans do not have enough education to go to college, and do not wish to go back to high school and attend classes much younger students. Under the GI bill, veterans with only 90 days of service are entitled to a year's schooling, and those with as much as three years service are entitled to four years of education. The government not only pays tuition and other school expenses, but allows the veteran a living allotment. Latest reports indicate this will range up to \$95 a month for a married veteran. Under the on-the-job training program, the tuition money can be spent for the counsellors who will supervise a group of veterans. For example, a veteran may wish to learn to be an automobile mechanic. He is placed with an employer willing to train him and pay him an apprentice's wage. Then the government adds to his salary enough to give him a living wage. The only limitation is that he cannot receive from both employ er and government more than a journeyman mechanic receives. He is supervised on the job by a counsellor, and government money will buy him his tools. As he becomes worth more to his employer and his wages go up, the government's share of his pay goes down, until eventually, at a maximum of four years, government help ceases altogether. This plan is set up to apply to all sorts of work. The administrative committee's function, it was believed, will be largely to help the veteran and employer get together and see that the program runs smoothly. A similar program, the first in Texas, is under way at Goldthwaite, and is being watched all over the state. Mrs. Hollis Bennett went to Anson Sunday to a family gathering at the home of her parents, Mr. and Mrs. Wayne Hendricks. A brother, Willard Hendricks, returned from two and one-half years overseas was the honor guest of the occasion. Mr. and Mrs. Hendricks lived in Big Spring prior to his entering the Navy.

finished. And I don't think hes' much prouder of it than a mother hen is of her new chicks.

If some other local people would fix up local business houses like Cornelius and W. W. Linkenhoger have, this woud be quite a town. Of course it's quite a town already (I belong to the Chamber of

Commerce, too) but no town ever has too many improvements. At that, I feel that Eastland is in better condition physically, in tion. its houses and business establish-

ments, than it has been in a long, long time. Since before the depression, at least.

To change the subject abruptly, I have figured out why the Eastland football team didn't repeat as district champs. tI was because the boys didn't play enough day games. This may sound silly, but I was thinking the other day watching the team romp over Hamilton that it has looked like a million in all its day games at home, but hasn't done too well at night anywhere.

I don't know whether the boys haven't eaten enough carrots, or whether it is just the local field has no lights for them to practice under.

Or maybe my whole theory is wrong. We should find out against Cisco.

Liquor Raid Made; **One Is Arrested**

Officers of the Texas Liquor Control Board and the Eastland County Sheriff's office Tuesday in a raid in a local hotel arrested one to move into the new location withman and seized a quantity of whiskey including part of two cases. Three charges of state liquor law violations were filed in County Court, charging illegal sale and possession of the liquor.

The arrested man made bond and was freed until trial.

Truman W. Beard was elected president of the Eastland County Teachers Association at the annual meeting of the organization Monday night, held as a banquet in the Connellee Hotel in Eastland

C. J. Turner, registrar of Cisco Junior College, and Mr. Warford, there. principal of Ranger High School, were named vice-presidents; Mrs. Allen of Gorman was elected secretary, and Mrs. Harold Durham, principal of South Ward School in Eastland, treasurer.

Speakers and honored guests were Dr. R. A. Collins, dean of Hardin-Simmons University, Abilene; F. W. Richardson of Henrietta; B. B. Construction Begun On Nazarene Church

Construction was started this week on the new and modern Church of the Nazarene, which will be of rock-veneer construction, with over-all length of 70 feet, and width of 40 feet.

"Practically all of the materials to go into this building are new and the church has been fortunate in locating and securing these,' said Rev. Frederick F. Fike, pastor.

The completed structure will cost aproximately \$10,000, and will be a beautiful building added to the other improvements __being the new building was much need. Osaka. ed, both for larger seating capac-

Dr. Bartak came in 1907 to America from Sedlonov, Bohemia, at the age of 19. His father had died when he was five years old. and he wanted to help his widowed mother and to secure opportunity and education for himself. Feeling a call to preach. Dr. Bartak entered Southwestern University at Georgetown, working his way for four years, part of the time as pastor of a Bohemian church. Later he entered the School of Theology of Vanderbilt University. taking the B. D. degree; and the University of Chicago, which awarded him the M. A. In 1925 Southwestern University conferred the degree of Doctor of Divinity upon him.

When the Republic of Czechslovakia was formed in 1919 he offered his services to the Methodist Church and its mission in his native land. There he rapidly became an acknowledged evangelistic lead er, being pastor, district suprintendent, seminary professor and mission superintendent.

Legion Discussed **Before Lions Club**

Merits of the American Legion were discussed before the Eastland Lions Club Tuesday by W. E. Lowry of Olden, former 16th District Legion commander at Monahans.

Lowry said that of over 3,000,000 men discharged so far from the armed services, more than 850,000 have joined the Legion. This despite the fact, he said, that more than 150 new veterans' organizations have sprung up since World War II started.

He said that the Legion already has spent the money and trouble to get well organized, and that the Mr. and Mrs. Ben Hamner have men leaving the service can go been spending several days in as guest this week, Mrs. Hamner's further faster by joining the Legion.

Mrs. A. D. Harker of Abilene was a week end guest in the home of Mr. and Mrs. Bobby Jones.

CANDIDATES CHOSE FOR KING AND QUEEN

Tuesday morning, November 13, the students of E. H. S. elected candidates for king and queen. After this important election the dukes and duchesses from each class were elected.

From the mighty senior class, Dan Collie was elected candidate for King and Dorothy Sue Wright as candidate for Queen. Dan is a very handsome lad of 16 with blue eyes and brown hair. He is a favorite in the senior class and will make a magnificant King. As we all know he will be! Dorothy Sue is as beautiful as Dan is handsome. Besides having beautiful dark brown hair and big blue eyes she has a personality fit for any queen.

The Dukes and Duchesses from the mighty senior class of E. H. S. are equally well suited to make up the royal court. The duchesses are those three beauties-Paula Duncan, Glynn Castleberry, and Jeannie Grissom. The Dukes are three handsome fellows - Gene Young, Herbert Barker, and Bill Eddleman.

Candidates from the junior class for King and Queen are Norma Jean Walters for queen, and Wayne Lambert for king. This is indeed a very handsome couple. The duchesses are: Sue Watson, Merlene Griffin, and Mary Kathrine Hoffman. The Dukes for these three beautiful duchesses are Marvin Nash, Bobby Blair, and Dickie Sparks.

The Sophomores candidates are Pat Crawford and Jan Spalding. They are real favorites of their class.

For Dukes and Duchesses, the Sophomores chose James Mathiews, Lewis Crossley, and Don Hart, and Betty Pickens, Nelda Warren, and Joyce Armstrong. These Sophomores will make up a handsome part of the royal court.

SOPHOMORE KING

The mighty Sophomore class elected Pat Crawford as their candidate for king.

Pat has brown hair and blue eyes and is very good looking. He tess Marge Hatcher. is six feet tall and weighs 136 pounds. He plays center on the mighty Mavericks and hopes to go to A. and M. and play for the Aggies some day.

His favorite pasttimes are driving like a bat out of you know where, football and all the girlsespecially a certain Junior. Here's luck to a swell Sophomore.

SOPHOMORE QUEEN

The mighty Sophomores have eected Jan Spalding as their can-

didate for queen this year. Jan is that brown-haired, hazel eyed little cyclone that's always flying through the halls almost a mile a minute. Jan is five feet five inches tall and weighs 126 pounds. On her long list of favorites are blue, fried chicken, English, making football scrapbooks, football "Polonaise," "Tonight We Love," "Love Letters," Spencer Tracy and Jennifer Jones. Also on her list and at the very top at that is Eddie Hart.

We all wish the very best of luck and happiness to a wonderful girl.

FRESHMAN QUEEN

The Freshman Queen is none other than that brown-eyed, brownheaded Veda Sneed who hates carrots. Her favorite song is "My Blue Heaven." She likes the color blue and thinks football is wonderful. Her special interest at the moment is Dan Amis.

FRESHMAN KING

The Freshman King is Dan Amis. He is that black-haired boy who loves football. His favorite song is "Along the Navajo Trail." His favorite color is red and he thinks sleeping and eating are the most important things there are. He would like very much to make A in Latin, although he doesn't like it. Here's to the future King of E. H. S.

CO-ED MEETING

The Co-Eds met Tuesday the thirteenth, 1945, at Betty Bumpass's house at 4 o'clock. The president called the club to order. The secretary read the minutes of the last meting and took up the dues. We discussed the old business and the meeting was closed. We were served chocolate cake, punch and small sandwiches. Their we went to town to sell tickets for the Freshman show.

SOCIALITE CLUB

The "Socialite" Club met at Marge Hatchers' house this past Tuesday after school. The meeting was called to order by the president, Paula Duncan, and the members talked of very important business. It was decided that the Socialite Club would sponsor a cake walk for the senior class. The cake walk was held last Saturday in front of the Christian Church Refreshments of hot chocolate,

Eastland needs housing space for returned veterans and other groups of citizens who desire to live here and make this their permanent home. Since building new structures is hardly possible under present conditions, repairing and fixing up obsolete units might be one way to help relieve the present housing emergency. Who will fix up something or provide an extra room or apartment? If you have some suggestions or ideas, pool them with others at the chamber of commerce office.

Barring unforeseen developments, this beautiful new Buick will be on display in our showroom

SATURDAY, NOV. 24 WATCH FOR IT!

BUICK is concentrating initial production on the model shown above, the Series 50 Super four-door sedan. All the new Buicks, in three series, show material advances in styling as well as functional design. The entirely new grille, capped with chrome-plated stainless steel, not only adds massiveness but provides improved air flow. New and heavier bumper design and a remodeled fender which gives a true airfoil contour which is extended through the door panel further add to the rugged, flashing beauty of the new Buick. Remember-"When Better Cars Are Built, Buick Will Build Them."

MANY IMPROVEMENTS

The Buick Fireball engine is continued, with many improvements. Friction point surfaces are smoother, incorporating war-time advances: there is a brand-new carburetor; new type spark plugs are used; the cooling system has been refined; clutch action is improved; there are scores of other improvements and refinements in the new Buick.
