

New Clay Products Plant Proposed For Eastland

Local People Asked To Put Up Building To House Industry

Sidel Issues

By HENRY G. VERMILLION

Driving down to the office tonight, I saw the Christmas lights around the Courthouse, and somehow they impressed on me more than has anything else the fact that peace has come again to our part of the world.

I say our part of the world advisedly, because it is an uneasy sort of a peace, and in some parts of the globe no peace at all.

But at least our children can have the joy of Christmas lights that were dimmed in 1941, and we can repeat at least with some semblance of sincerity the age-old quotation, "Peace on earth, good will toward men."

Numerous Eastland County deer hunters have bagged their bucks since the deer season opened, but none in the county that I have heard of.

Yet it is a fact that there are deer in Eastland County. Quite a few, unless they have jumped the reservation.

Two truckloads of the animals were turned loose some while ago in the Tudor Game Preserve in the eastern part of the county by the Texas Game, Fish and Oyster Commission, and aside from the noted tendency of deer to wander, are still there.

The fact that deer do wander is proved by the fact that not too long ago, three deer were sighted by a number of persons in the vicinity of the Leon Power Plant just east of Eastland, far from the boundaries of the game preserve.

Glen Graham, who works around here and is quite an amateur or garden variety of naturalist, says he has never seen a porcupine, which strikes me as rather peculiar in that I have seen numbers of them further west in Texas and New Mexico where the trees were much scantier or practically nonexistent.

In my readings the porcupine, or hedgehog, usually was pictured as a shy little quilly animal that inhabited the deep woods and stole at night into the camps of the woodsmen to eat salty barrel staves that formerly had been in contact with salt pork.

Thus as a former resident of the treeless west where porcupines (Continued on page Twelve)

Strawn and Baird To Play In Cisco

The Strawn High Greyhounds, B district schoolboy grid champs for the third straight year, and the Baird High Bears, tutored by Coach Bill White will battle for the 1945 bi-district title at Lobo Stadium in Cisco Friday night.

Opening kickoff is slated for 7:30 p. m.

The Bears, District 7-B champs by virtue of their 7-0 win over Cross Plains at Cross Plains last Friday night, are favorites in the Friday night duel. The Greyhounds plied by Coach Randall Simpson, dropped a non-conference contest to the Bears, 32 to 14, at Baird five weeks ago.

V.F.W. Will Serve Mexican Supper

A Mexican supper will be served Monday night to all foreign service veterans at the Veterans of Foreign Wars hall on the east side of the square, honoring the hundredth member of the Karl and Boyd Tanner Post No. 4136.

The feed will be prepared by William Belshir, a veteran of the Philippines and of World War No. I.

All overseas veterans were invited to attend, whether members or not.

Santa To Arrive In Business Area At 3 P. M. Saturday

Here's the news the kiddies want to know:

Santa Claus will come to Eastland at 3 p. m. Saturday.

This on the word of H. J. Tanner, Chamber of Commerce secretary who arranged the old gentleman's trip here.

Santa not only will be on hand, but will mosey around the square at the appointed hour, passing out candy to all the small children in sight, Tanner promised.

And the NEXT Saturday after that, Santa Claus not only will visit Eastland, but will arrive by airplane, barring bad weather or his whiskers getting caught in the propeller.

Through special arrangement with Cliff Edwards, in charge of the Eastland Municipal Airport, Santa will fly over downtown Eastland, and then will land at the airport about 3 p. m. All this on Saturday, Dec. 15. After landing, he will ride a fire truck into town.

Work on installing the downtown Christmas lights was completed this week, and local residents who still have strings of lights were beginning to decorate outside Christmas trees.

18 Mavericks Get Letters for 1945 Football Activities

Eighteen members of the 1945 Eastland High School football team, runner-up in District 10-A, have been awarded letters at the conclusion of the playing season. Coach Chief Warden announced this week.

Three of the lettermen were elected permanent team co-captains. They are Walker "Tuffy" Hart, back; Edgar Alford, tackle, and Herbert Barker, center.

Other lettermen are: Ends, Lewis Crossley, Joe Neal Poe and Dan Collie.

Tackles, Eddie Hart, Charles Layton, Jim Tom Warden. Guards, Wayne Lambert, Charles Lucas, Billy Jack Johnson.

Backs, Johnny Hicks, Jimmie Matthews, Gene Young, Bill Edleman, Bill Brashier and Bobby Blair.

Student managers, John Jackson, Neil Hurt, Colonel Don Brashier.

The Mavericks ended their season last week with a 19 to 7 victory over Stamford. Although the score was reported from Stamford as being 20 to 0, Warden said the Mavericks converted after only one of the three touchdowns made by Tuffy Hart.

Although Eastland wound up the season in district play with a record of three wins, one loss and one tie to share second place with De Leon, the Mavericks for the season won five games, lost three, and tied two.

The lettermen will be awarded jackets.

Ben Hamner Opens New Philco Store

Ben E. Hamner this week announced the opening of the Hamner Philco Store at 207 South Lamar Street in the building formerly occupied by The Eastland County Record.

Hamner said the store will carry a complete line of Philco home appliances, including radios, refrigerators, deep freezers, washers, and other items.

He has been promised a shipment of radios for sale before Christmas, Hamner said.

ABOUT MEN IN THE SERVICE

Bailey Hinton, who received his discharge Nov. 29, is at home here with his family, Mrs. Sylvia Hinton and two children, Sharran and Blake. Bailey had been overseas for two years, and was discharged with rating of technical sergeant.

Joe Billy Fox, Box 115, Olden, enlisted in the Army Air Force as a Private for three years at the Army Recruiting Station at Roswell N. M. Private Fox has no previous service. He has asked to serve in the European Theater.

FORT HAYES, O.—The following military personnel were among those separated from the service at Fort Hayes Separation Point here today: Capt. Cyrus B. Frost, Jr., 712 W. Moss St., Eastland.

Mrs. Carl Garrett received word from her husband, Lt. Carl Garrett, that he was in California and would be sent to Houston, where he expects his discharge from the Navy.

Pfc. Bruce Butler received his discharge this week. Mrs. Butler went to San Antonio to be with her husband, and they returned home Wednesday.

PEARL HARBOR (Delayed).—Cecil D. Warren, seaman, first class, of Olden, is in the Staging Area here, being processed for transportation to a separation center in the United States and a discharge from the Navy.

Cornelius Plant Moved to Large New Location Here

The plant of the Victor Cornelius theatrical printing company was moved last week end from its former location on East Commerce Street to the new location on West Main Street, across the street from the Post Office.

Cornelius said that he also is moving his Dallas lithographing plant into the new location. The move, he said, will mean the addition of about 10 employees to his force in Eastland.

The Dallas plant is to be moved this week end.

Cornelius' Commerce Street building has been purchased by the Texas Electric Service Company, which has offices next door. Officials of the power firm said, however, it is unlikely they will move their offices soon, if at all. Their present location is leased from Cyrus Frost.

Cornelius' new building, formerly occupied as Mickie's Hardware Store, has been completely remodeled and a new freight elevator installed. The upstairs portion of the building will be used largely for storage.

Gifts Still Needed For Bowie Hospital

Two members of the staff of the Camp Bowie Hospital, of which Mrs. Art Johnson is Eastland chairman, were in the city last week, and picked up materials for the Hobby Shop of the hospital, donated by Guy Quinn.

Mrs. Johnson said gifts were coming in nicely, but that many more could still be used.

Last week The Lions club donated \$17.50 and the Rotarians \$15, and Mrs. Johnson has the promise of a donation from the P.-T. A.

Plea to Buy Bonds On December 7 Is Made by Frost

A plea that Eastland residents, falling down now on their Victory Bond buying, remember the anniversary of Pearl Harbor day Friday, Dec. 7, and buy bonds in memory of that fateful day four years ago was made this week by Cyrus B. Frost, county chairman of the War Finance Committee.

Eastland, with a Series E bond quota of \$52,900 in Victory Bonds, had purchased only \$30,000 in the bonds, Frost said.

His letter:

"Dear Editor: "I am sure you and this community would like to know the progress being made by Eastland County in general and the City of Eastland and her trade territory in particular on the Victory Loan Drive.

"The quota for Eastland County is in two parts, \$230,000 in Series E Bonds and \$240,000 which may be made up of any of the seven issues offered for sale, including Series E bonds. The City of Eastland's quota of Series E Bonds is \$52,900. The \$270,000, which we term the over-all part of the whole quota of \$470,000, has already been sold so the entire county now needs to devote its energies, money, and patriotism to an over-subscription of the \$230,000 Series E Bonds.

"Cisco, taking the lead, has over-subscribed its quota, Rising Star, coming second, has over-subscribed its quota, Gorman has subscribed half of its quota, Carbon has subscribed half of its quota, we have no report from Olden and Desdemona, Ranger is devoting this entire week to the sale of Series E Bonds and is trying to over-subscribe its quota by the end of this week.

"Eastland has subscribed for \$30,000 of the E's and how fine it would be if we would finish our quota by Saturday night, December 8. Wouldn't it be a fine thing if we could close this drive on December 7, 1945, just four years from the time that Japan stabbed Uncle Sam in the back at Pearl Harbor? Perhaps no greater piece of infamy was ever consummated during recorded history and certainly it was the greatest catastrophe that ever happened to our Navy.

"Wouldn't it be fine if we all would go purchase according to our several abilities, Series E Bonds bearing date of December 7, 1945? Those that so purchase will feel like better citizens, will show good business acumen, will evidence their patriotism, and will show to the boys and girls returning home from arduous service in all parts of the world that while they have been experiencing unspeakable privations that we here at home have not forgotten them in the 11th hour of victory.

"We have over-subscribed to all loans since Pearl Harbor, seven in all, and now let us finish the job with an overwhelming over-subscription of the Victory Loan!"

CYRUS B. FROST
Chairman, Eastland County War Finance Committee.

Parking of Trucks To Be Restricted

Because the parking of long-bodied trucks on the downtown streets of Eastland presents so great a traffic hazard, the police department has been instructed to enforce a city ordinance against the practice, City Manager K. B. Tanner said this week.

City officers also have been ordered to prohibit the shooting of fireworks on the square, a measure taken after some boys had thrown firecrackers into stores, "a highly dangerous practice," Tanner said.

Williamsons Open Grocery, Station

Mr. and Mrs. W. D. Williamson this week announced the opening of their new grocery and filling station on Commerce Street just west of the City Hall.

Williamson had been employed in war work in Houston, and before that had worked on the atomic bomb project in Tennessee.

The Williamsons have two sons one a returned veteran who is enrolled in the University of Texas.

Club Delegates Emerging On Eastland

With at least 250 delegates expected from points over a large segment of West Texas, the nineteenth annual convention of the Sixth District, Texas Federation of Music Clubs, was to be held in Eastland today and tomorrow.

The senior group will meet today in a program climaxed by a public fine arts program in the Methodist Church at 8 p. m. honoring Mrs. Sheridan Newman of Brady, district president.

Saturday, the junior group will convene, and there will be a public fine arts program also, at 1:30 p. m. in the Methodist Church.

No admission charge will be made for the fine arts programs.

Delegates will be here from as far west as the Big Bend, Eastland is in the northeast corner of the big district.

Thursday, members of the board of the Texas Federation of Music Clubs met in Eastland in an all-day session climaxed by a fine arts program at 8 p. m. and a "fun frolic" at the Womans Club at 11 p. m.

There were members present from all over Texas. Many planned to stay over for the activities Friday.

Programs for the various events follow.

The program for the day's activities of the senior group Friday: 8:30 a. m., district executive board, Womans Club Building. 10:30 a. m., formal opening, First Baptist Church. Memorial service, Convention theme: Mrs. Joseph M. Perkins, T. F. M. C.

Call to order, Mrs. Sheridan Newman, Sixth District President. 12:30, Luncheon, Connellee Hotel Roof, Gypsy Ted Sullivan Wyllie, presiding.

2:00 p. m., Continuation of Business, election of district officers. 6 p. m., formal tea, Womans Club Building, courtesy Federation of Womans Clubs.

8:00 p. m., fine arts program, First Methodist Church.

The program for the fine arts (Continued On Page Six.)

Annual Charity Ball And Games Tourney To Be Held Tuesday

One of the traditional social affairs of Eastland will be held in the American Legion Hall in City Park Tuesday night in the form of the annual Charity Ball and Games Tournament.

All funds derived from ticket purchases to the affair are applied to helping Santa Claus bring Christmas to unfortunate children of Eastland.

The ball will be the tenth in a row, and before the war always was one of the gayest affairs on the Eastland social calendar. In those days members of the Civic League and Garden Club, sponsors of the ball with the American Legion assisting, attended the ball in full costume.

On one occasion Mr. and Mrs. Earl Conner, Jr., attended in all the splendor of Scarlett O'Hara and Rhett Butler of "Gone With the Wind."

But even though the splendid costume affairs of past days are gone, the ball's purposes and spirit still is the same, sponsors say.

Games will be played in the downstairs hall of the Legion hall from 7:30 to 9 p. m. Tuesday, and then there will be dancing in the ballroom above.

One of the events will be a square dance contest, that promises colorful action even for those who do not take part.

There will be prizes of various kinds, including a Christmas turkey.

Mrs. T. E. Richardson is general chairman of the event, with Mrs. Earl Conner, Jr., in charge of bridge, Mrs. Dixie Williamson in charge of 42, and Mrs. Earl Throne in charge of the turkey event. H. J. Tanner is house chairman.

There will be an orchestra for dancing. Admission will be \$1 per couple.

County Army Office Opened Here

The U. S. Army recruiting office will be opened in the Courthouse Monday, and this week.

The former 88th District office on the third floor of the Courthouse was rented by the Army recruiting office.

Delegates will be here from as far west as the Big Bend, Eastland is in the northeast corner of the big district.

Thursday, members of the board of the Texas Federation of Music Clubs met in Eastland in an all-day session climaxed by a fine arts program at 8 p. m. and a "fun frolic" at the Womans Club at 11 p. m.

County Surplus Reveals

Conditions in the county showing a surplus of jobs available in a report by Hollis E. Bennett, Eastland office of the Employment Service.

The office reported that the office has listed as wanted a total of current jobs, including 99, including 51 outside the county and 10 persons in the county need a body repair man, one paperhanger, three skilled auto mechanics and sales personnel, 15 semi-skilled workers, 15 unskilled laborers, files and show. There are 50 unskilled male

Popularity Contest Draws To Close With Carnival In Gym Friday Night

Friday night the annual popularity contest of E. H. S. will draw to a close with the carnival in the gym, which is to be held from 7 to 10 p. m.

Each year a carnival is held in the gym that brings to a close the contest for the royal couple of E. H. S. This year it is going to be the best carnival ever held in the memory of any of the citizens of Eastland.

There is to be a cake walk, penny-pitching, a grab-bag, archery, basketball, sock the Jap, and many other games, booths and concessions. Hot dogs, hamburgers, cakes and candy are to be sold to those attending.

Each class is to have three concessions which they choose themselves. The seniors are to have first choice, the juniors second, and so on down the line to the poor freshmen who have to take leftovers.

The whole school is expected to turn out and take a part in this momentous event. Many tense moments are to be expected just before the clock points to ten, and when every class is trying to insure its victory by getting in every cent it can collect.

Remember the time of our carnival this year is Dec. 7, from 7 to 10 p. m. Don't forget to come and see what class is to be honored with a king and a queen this year. May the best class and the hardest-working one win.

QUESTION OF THE WEEK:

What Is Your Greatest Fault?
This week we have sent out scouts to take a poll of the greatest faults of the students in our school. The following are some of the answers received in answer to the question: "What is your greatest fault?"

Thinking about football in classes—Bobby Blair.
Spelling and writing—Alton Landry.
Buying things from other classes—Gene Garner.
Not hanging up my clothes before I go to school—Barbara Hague.

Talking too much about people and things—Gladeene Womack.
I'm too lazy—Johnnie Hicks.
Me!—Dwain Lusk.
Too many milk-shakes at the Eastland—"Kid" Collie.
Laziness—Dick Sparks.
Loosing history papers—Minta Sam Herring.

Drinking (cokes of course)—George Harkrider.
Eating candy—Jimmie Mathews.
Milk-shakes—Alan Hunt.
Getting mad—Mary Jane.
Going with girls—Pat Crawford.
Talking too much in classes—James Hardwick.

Studying too hard—Shirley Frazer. (Who does she think she is fooling?)
Taking home my books and never looking at them—LaVerne Cornelius.
Eating too much—Don Hart.
I have no faults—J. Ernst. (Not at all conceded is he?)
Changing my mind so completely and suddenly that people do not believe I am sincere in it and flying off the handle at the least little thing—Lynda Hassell.

Not saying what I mean to and not meaning what I say—"Lu-Lu" Anderson. (Sounds just like her).

HILL TOPICS

Betty Ferguson's up-swept hair-do.
The Seniors' frolye and how much fun everyone had.
Convertibles, blondes and purple coats.
Bobbie and her bean.
Jeanne's permanent.
Betty Allison's Scout ring.
Joyce Pearson's high heels.
Pearcy, Backby, Shelly!

All the All-American football players on the front lawn every day at noon.
Exam grades!
Pandas!
Stamford game.
How lonely school was Thursday.
New couples.
The Barn dance.
The low grades made on Tale of Two Cities.
Report cards.

How pretty our new annual is going to be.

Christmas lists.
Reece's new idea on pep rallies.
How cute "Fish" couples are.
Jerry's darling blue dress.
How cute Shirley and Jack are together.

The way "Cobra" combs his hair.
What has Marilyn been saying lately?

Ma-a-a-a-ry.
What some people go through with in order to keep a date!—Wanda.

All who went to the Senior Fun Frolye are looking forward to another.

Audrey's luck is getting better all the time.
Life is so hard for Freshmen who are doing their best to learn to drive.

It seems another strawberry blonde is needed for the girls to find their future husbands.
Silas Marner tests—need we say more?

"Wild Bill"—
Jeanie's new watch.
Tommy is back.

Music at noon in various places.
The last pep-rally.
Paul and Truman at home.
The squeaking door in short-hand room.

Six weeks test again.
Jr. High couples.

ORCHIDS AND ONIONS

Orchids to Bobbie and Colonel Don.
Onions to the Cisco Loboes!
Orchids to Veda and Dan—our mighty freshman King and Queen.
Onions to six-weeks.
Onions to all the six weeks note-books.

Orchids to "Cobra" and Lewis for writing for the paper.—Good material too.

Onions to no band.
Orchids to how good our last pep rally was.

Onions to pest.
Orchids to Harmony (from "Red" Cooper no doubt).
Onions to those who didn't study.

Orchids to steadies.
Orchids, orchids and more orchids to the football boys and Coach Harvey and Chief Warden.

Onions to detentions.
Onions to Algebra!
Orchids to those sweet kids that take on last minute assignments for the paper.

Orchids to "Susie" and Lucas.

THE JOB BEFORE US

Four years ago today our country was thrown into the midst of a great war by the treachery of Japan.

Immediately after the Japanese attack on Pearl Harbor, war was declared not on only Japan but also on Germany and her allies. Now, at long last, the world is beginning to settle back into peacetime pursuits.

However, the job is only half done. Just because we went to war and won does not mean that we have made the world a better place in which to live. In the coming days we must educate all nations in the ways of peace.

The ones who won the war have done their part and will yet do more. But it is the youth of today who must take over the enormous job of managing the world of tomorrow so that it will be truly a world of peace and brotherhood, instead of a world of war and enmity.

To be able to shoulder this responsibility, the youth must be prepared today. To be prepared in a right way, they must have guidance from the persons who understand the problems of today's world. Who knows and understands these problems better than the ones who have gone out and

to with a commendation of eagerness and dread by the studious enrollees of Eastland's fount of higher learning.

The second six weeks of the fall semester of 1945-46 has drawn to a close, and with it the students' hopes of high grades have fallen. These grades see to merely a mirage created by the learned Professores and Professoras (teachers, to you of our educational institution).

In all seriousness, however, the scholastic marks this six weeks have been very good, and the instructors are highly pleased with the results.

A bulletin containing the honor roll will be published in this publication next Friday.

ENGLISH CLASS ACTIVITIES

The many different English classes of E. H. S. are really putting in some good work, and are supposedly learning plenty. To prove the previous statement, we shall now see what they are doing, beginning with the freshmen and working up to the seniors.

The poor "Fish" have finished reading Silas Marner and The Merchant of Venice and are now going to start on Quest and Venture. More power to them.

The Sophomore class has just finished reading A Tale of Two Cities and is now doing work in their workbooks. Don't give up, "Sophs," you have a slight chance of passing.

Those hard-working Juniors are slaving over short stories and are to have the test covering them this week. Cheer up, Juniors, it's not that bad.

The Senior IV-A English class is now studying the Age of Romanticism, or in other words, the 18th and 19th centuries, which include the works of Keats, Byron, and others of that period. The students are really working hard, so hats off to them.

Last but not least by far, is the Senior IV-B English class. They just finished Hamlet a short time ago, and are now struggling through gerunds, participles, and infinitives. All right, so what if no one in there has any hope whatsoever of passing the blame things?

Leaving these poor struggling students to the tender mercies of the teachers and their textbooks, we wish them the best of luck.

H. S. U. FAVORITE FORMER EASTLAND GIRL

Miss Virginia Garrett of Eastland was chosen as the favorite from the Senior Class of Hardin-Simmons University, Abilene, for

meeting the second Tuesday each month. There has been a good attendance at the meetings and everyone has really enjoyed them.

The Homemaking II girls have been cooking luncheons and learning to serve them. They enjoy it very much. The homemaking I girls are learning how to prepare breakfast menus.

THE EXES CORNER

"Sonnet On Home"

I sit and gaze at fields,
Home fields so bright and fair,
Our food they yield
To Victory they gave their share.

Its' a grand old feeling
To be at home today
Away from that awful reeling
If only it was to stay.

Remember your home, brave one
Remember it above all
It is the thing you've won
For it you may fall.

Home, the price of war,—
We love it from afar.

Navy Life

The Navy Chicken,
They say its' mighty fine,
One jumped off the table,
And started marking time.

The Navy Coffee
They say its' mighty fine,
Its' good for cuts and bruises,
And tastes like I-o-dine.

The Navy biscuits,
They say they're mighty fine,
One rolled off the table,
And killed a pal o' mine.

The Navy pay,
They say it's mighty fine,
They pay you fifty dollars
And take away forty-nine.

WARNING

All you boys who are about the age of being subject to Uncle Sam's clutches are going to miss the old school. You had best put your most in it and get more out of it while you can. It will help you only if you help yourself. The more early education you get here, the less you'll get by hand knocks in the real life. Think it over!

"Galls"

You know, its' a funny world,
All full of trouble and strife,
And to add to this, we have
Women adding trouble to our life.

Everything will be so nice and sweet,
And then some woman steps in.

We'd all move over there,
And leave women on the other side.

Women, bless 'em! You can't live
With them, and you can't live without 'em.

"Boys"

Boys they are all alike,
Regardless of time and season,
They can do girls any way
Without giving a bit of reason.
They two-time us continuously,
Break their dates just anytime,
They hurt our pride beyond repair,
But they don't give a dime.

Boys think they have everything
And little do they know
That they are not perfection
But have darn far to go.
They expect us to run after them,
And sure enough sometimes we do,
But after giving us the "Oh come on,"
They retreat to the "Old one-two."

If at other boys we dare to look,
Their poor little hearts
are broken,
But if a dame with looks comes by
Off they go with no word spoken.
If we say one cross word to them,
They fly into a purple rage,
And throw fits characteristic of those
They had in the uncivilized age.

They say us girls are quite
"Stuck-up,"
And of that they are quite certain.
They say that we are supposed to speak first
But if we do they say we're "flirtin'!"
Now what are we girls agoin' to do
In situations such as this?
We do not like his fusses.

A Hearty Welcome

To Delegates of the Sixth District
Convention of

Texas Federation of Music Clubs

As your convention opens, we
land are happy and proud to welcome
the Music Club delegates and
for your convention every possible
success.

a little narrow gauge ... runs from San Fer- ... Manila and it was our ... to have the honor of ... thing. There ... and they looked like ... that had had sides ... up about 4 feet and ... on posts up to about ... no windows, just ... between the 4 foot wall ... They shoved 50 of us ... equipment in those ... cars and there was ... to sit, and lying down ... impossible but before ... everybody was ... under or across some ... couldn't lie in one ... at a time as duffle ... packs, canteens and ... shoes on them make ... My neck and back ... They gave us K rani ... while on the cattle car.

which was 14 hours and about 180 miles or 195 kilometers. As we were leaving San Fernando, a bunch of natives were taking a bath along the railroad in what to me looked like a sewer. There were several little villages along the way and the houses are made mostly of bamboo and placed about 8 feet off the ground on stilts. The natives walk around with big bundles, baskets or anything else, balanced on their heads and at every stop, tried to sell us bread, bananas, fish and other stuff.

I bought a dozen bananas which cost one peso, or 50 cents in American money. All along the way the fruits of war was very evident. Wrecked vehicles, Jap and American littered the sides of the road. Ammunition dumps were along the road, tons and tons of heavy shells and cases and cases of smaller caliber. There must have been between 50 and 100 locomotives shot full of holes, burned and twisted masses of metal.

All the bridges had been blown out and were replaced temporarily. We got into Manila about 5:30 and took trucks out here. We didn't see any of Manila proper, just the outskirts and we saw several Jap planes that had been shot down. We passed Clark field on the way up—its about 40 miles from Manila and there were several acres there with nothing but wrecked planes, both Jap and ours.

We are in a replacement Dep., living in tents and the mud is from knee deep to waist deep, depending on where you are—its only knee deep in the tents. The monsoon season is on now and it rains every day and night. We eat out of mess kits and the chow isn't good. We had water Buffalo last night and I didn't eat. I guess this stuff will have to grow on me. We sleep on cots and have to use our mosquito nets and take atabrine. The mosquitos dive bomb you and knock you out with their landing gear, then swallow you whole. Seriously, though the mosquitos aren't bad here—we are lucky in that respect. We have to take the same precaution as it only takes one to do the damage.

There are still lots of Japs around. About a mile east of here, up in the hills there is supposed to be 7000 Japs. They have been sneaking down here at night and stealing chow from the mess hall. They caught one in the chow line the other morning at breakfast and they caught one in town dressed as an old woman. There are also lots of land mines around here and its dangerous to get off the roads. We are about 6 miles from Manila and just a couple of miles

NOVEMBER, 1955. "John, I won't have to can any more since we got the frozen food locker." "You bet," says Mr. Farmer, "I'm glad I kept my Victory Bonds for it. The food will taste much better." U. S. Treasury Department

from Nichols Field.

Everything is pretty expensive in town but on the other hand they pay good prices for American goods. Watches sell for from 100 pesos to 500 pesos. A peso is worth 50 cents. I am going to sell my watch if I can get a good price and I am quite sure I can. If I keep it here it will ruin. Envelopes stick up and there is nothing you can do about it. I bought this stationery yesterday and already the envelopes are stuck together. I bought stamps this morning and they were stuck to the separation sheets when I got them.

Lots of love,
ROBERT

Miss Kirka Wed To Wayne Parson

Miss Lucille Kirka was married to Wayne Parson at the Methodist parsonage in Dublin last Sunday evening.

Rev. L. S. Williams read the double ring ceremony.

Mrs. Parsons is the daughter of Mr. and Mrs. Kirka of Long Island, N. Y. She wore a blue suit with black accessories, with a shoulder corsage of white carnations.

Mr. Parson is the son of Mrs. Lona Abbott of Dublin, and the grandson of Mr. and Mrs. Walter Wyatt of Carbon, where he attended school.

Welcome Ladies, To Eastland

Our wish for the Sixth District Convention, Texas Federation of Music Clubs, is that none of you may ever have a dischord, and that all of you enjoy your stay here and remember Eastland as a pleasant place to come to. Best wishes for a successful convention!

Mrs. Perkins Back From Washington

Mrs. Joseph M. Perkins returned to her home Wednesday after a trip to Washington, D. C., where she attended a meeting of the board of the National Federation of Womens Clubs, of which she is a member.

Mrs. Perkins was accompanied as far as Fort Worth by her mother Mrs. A. H. Gleason, who remained over night with her granddaughter, Mrs. Keith Beyette, and came to Eastland Thursday. She will spend the winter in the home of Mr. and Mrs. Perkins.

The early arrivals to the Music club convention were entertained Wednesday evening informally at the home of Mr. and Mrs. Art Johnson.

W.S.C.S. Will Have Christmas Tree

The W. S. C. S. of the First Methodist Church met at the church Monday afternoon for a yearbook program, and business meeting.

Mrs. Ed Willman presided over the business meeting in which the announcement was made of a district meeting to be held at De Leon Dec. 11. It was announced also that the Christmas gift tree will be at the church next Monday.

Mrs. J. L. Cottingham discussed "The Church As Given to Us." A

playlet, "The Church," was presented by Mesdames Ina Bean, Earl Bender, and J. W. Ford, assisted by Misses Frazier and Ford. "Gifts of the Church" was discussed by Mrs. Joe Stephen. Mrs. B. G. Blair discussed "Things We Give to the Church."

GINNS TO BE HONORED AT CHURCH MONDAY

The First Baptist Church will honor Mr. and Mrs. Victor Ginn at the church with a tea Monday from 7:00 to 9:30 p. m. Tea will be in the banquet room. All friends of Mr. and Mrs. Ginn, have a most cordial invitation to attend.

Tanners Receive Son's Navy Cross

Mr. and Mrs. K. B. Tanner in a ceremony at the Naval Air Station at Dallas Saturday morning received the Navy Cross awarded posthumously to their son, Marine First Lt. Karl Tanner, who was killed on Iwo Jima. Another son, Boyd Tanner, also

was lost in the war. The Tanners' only sons, Tanner said this week has not received a full citation for the highest award given by the Pacific, and he expects tails from some of the

Basketball Play Be Under New Schem This Year

and other teams in the district will play a double round basketball schedule this year with all teams playing home games, instead of the "tournament" played in former years. Coach Chief Warden said that practice began Monday in a first-day scrimmage and two teams picked at random ended 35 to 34. The score ended 35 to 34. The school has excellent prospects and lettermen back including Eshelby, who suffered a broken arm in the Cisco football game and may be out most or all of the season. Bill Eddleman, John Lucas, Lewis Crossley, Crawford and Johnny Hicks, are outstanding prospects. Robert Barker, Jimmy Mathews, Collie and Bobby Blair, are district play does not start Jan. 4, the Eastland district probably will take part in a tournament at Olden Dec. 29 and

session to basketball games 25 cents for adults and 15 for students. Two games will be held in most instances, and the said boxing matches may be held between games.

United Efforts Urged to Put Over Veterans Program

The only way Eastland County can make the current veterans training program work is by the co-operation of all the citizens of the county, James R. D. Eddy, head of the Industrial and Business Training department of the University of Texas, said in Eastland this week.

Eddy and H. D. Bearden of Abilene, supervisor of trades and industrial education under Eddy, visited here the earlier part of the week to study the proposed educational setup for veterans.

In a speech before the Lions Club, Eddy said that as a former resident of Cisco, he knows that Eastland County has great potentialities, but said that they will not be realized as they could be unless the county keeps at home

its promising young men.

One way to do that, he said, is by making a success of the on-the-job training offered under the county-wide veterans' training program.

He explained features of the program, and said that it cannot succeed without the united efforts of businessmen, farmers, educators and the general public.

Eddy said the eyes of the state will be on Eastland County to see how well the program works.

There are 169 pounds of air in an average size room.

Only one state has been named after a President, Washington.

Navy Recruiter Sets Eastland Schedule

Chief Fulgham, U. S. Navy recruiter will be in Eastland on Wednesdays between the hours of 12:30 to 1:30 p. m. to interview applicants for enlistment in the regular Navy and may be contacted at the Post Office, it was announced.

Young men of 17 years of age can be enlisted for two, three or minority years. Men 18 to 30 may volunteer for enlistment in the Navy for 2, 3, 4 or 6 years if they have not received their induction notice.

Over 95 per cent of all bath-tubs in the world are in the United States (approximately 18,000,000).

Rubber received its name in 1770 when the English chemist Priestley discovered that it would erase pencil marks.

Before You Buy a New Car . . .

... we were going to say, "figure with us about the cost of insuring it." But you can't buy a new car now, but maybe you have an old one that needs to be insured far more than the new one because the old car is more hazardous to drive and own than a new car. That's why all of our old and regular customers are hanging on to their insurance, and we are adding new customers for the same reason.

BIG TELEPHONE CONSTRUCTION PROGRAM

is under way

Telephone service for those waiting is first goal of \$53,000,000 project for Texas

The slower, more complicated job of building and installing central office equipment, in the towns where it is needed, is being pushed. A lot of progress will be made by the middle of 1946, and most of this job should be completed by the end of the year.

Service will be even better
When waiting customers have been served, the of expanding the telephone system to provide kind and amount of service people want will into full swing. These include individual lines residence extensions. More equipment and most modern devices also will be added.

Hundreds of miles of long distance lines will placed in underground cable, and steps will taken to introduce in some places a system which operators can dial telephones in distant cities.

In the next five years, we plan to install 165,000 new rural telephones, more than doubling the number of farm telephones in this territory.

The conversion of telephone exchanges to manual to dial telephones will be resumed.

Mobile radiotelephoning — whereby drivers buses, trucks, and automobiles can talk through the central telephone system—will be developed.

How much? How long?
Besides the \$140,000,000 for special construction and improvement, another \$100,000,000 will be spent for the normal growth of the business. Several years will be required to complete the program.

Las Leales Club Has Unique Program

The Las Leales Club met at the Womans' Club Tuesday night, for a unique program, "Bid Time Return."

Mrs. P. J. Cullen, president, presided over a short business session. Mrs. Harold Durham was hostess for the evening, and pre-

sented Mrs. Jay Whatley, who gave several stories from Robert Fontane's "The Happy Time." Roll call was answered with early memories of childhood escapades.

Mrs. Hollis Bennett prepared show boards of pictures of the club members in their extreme youth, so extreme that some of the members were in swaddling clothes. Members were provided with pen-

cil and paper and told to list the names of members from these pictures, which were numbered.

Mrs. Fred Maxey won the prize for naming 21 correctly.

A refreshment plate of nuts, cake and coffee was served to Mesdames Hollis Bennett, James Birmingham, W. E. Brashier, Wayne Caton, P. J. Cullen, Harold Durham, Oran Earnest, Charles Eaton, B. F. Hanna, John L. Ernst,

Bob Cox Passes In Rialto, Calif.

Bob Cox, former Eastland resident, suffered a fatal heart attack at his home in Rialto, Calif., Monday.

Fred Maxey, Hubert Toombs, J. C. Whatley, W. Q. Verner, James Horton, and guests, Mesdames C. B. Hendricks, Eugene Bryant and Don Parker.

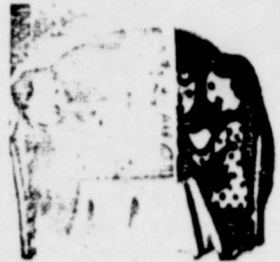

day morning. His body was being sent here for burial, and was expected to arrive Friday.

He is survived by his former wife, Mrs. Dell Cox, one son, R. J. Cox of Houston and two daughters, Mrs. C. Graham and Mrs. Tom Harris of Gorman.

Jess Richardson, W. L. Guyton, T. L. Amis and J. A. Coplin, are in Waco attending Grand Lodge, as

representatives of the local Masonic Lodge.

PLAN FLUES VENT HEATERS

When putting ideas down on paper for that new home you are going to build, FLUES for VENTING the new gas heating equipment should be among the first considerations. For only when equipment is vented to a flue are wall sweating and stuffy air eliminated. It's the modern, healthful way to heat your home.

You **VENT**
to prevent wall sweating

You **VENT**
to prevent stuffy air

Lone Star Gas Company recommends Vented floor furnaces, Vented gasteam radiators, Vented circulators, Vented central furnaces and Vented all-year gas air conditioners. So be sure necessary flues are shown on your building or remodeling plans.

VENTED HEAT costs little if any more

Even the builder of modest cottage can afford the finest automatic natural gas heat if flues and equipment are planned and installed as part of house. In this way, the heating system is financed as part of total house cost. Spread out over a period of years it amounts to very little each month.

"Me... I'm staying in the Army!"
THERE ARE PLENTY OF REASONS... AND HERE THEY ARE!
1 "First, I keep my present grade. That means a lot."
2 "By reenlisting for 3 years I can pick my own branch of service in the Air, Ground or Service Forces, and can go to any overseas theater I wish."
3 "I get my mustering-out pay, even though I'm reenlisting. Also, I get \$50 a year reenlistment bonus for each year I've been in the Army. My dependents receive family allowances for the full term of my enlistment. And I'll be eligible for GI Bill of Rights benefits when I get out of the Army."
4 "My food, clothes, quarters, medical and dental care are all supplied to me. And I can learn any of 200 skills or trades in the Army schools."
5 "All of us who are reenlisting are going to have from 30 to 90 days' furlough at home with full pay and our travel paid both ways. And we'll have 30 days' furlough every year with pay."
6 "Any time after 20 years I can retire at half pay increasing year by year to three-quarters retirement pay after 30 years of service. And the time I've already served in active military or naval service counts toward my retirement time. Added up—reenlistment seems pretty sound to me!"

JANUARY 31, 1946

AN IMPORTANT DATE FOR MEN IN THE ARMY

MEN now in Army who reenlist before February 1 will be reenlisted in present grade. Men honorably discharged can reenlist within 20 days after discharge in grade held at time of discharge, provided they reenlist before February 1, 1946.

You may enlist AT ANY TIME for 1, 2 or 3 year periods. (One-year enlistments for men now in the Army with at least 6 months of service.)

Table with columns: PAY PER MONTH—ENLISTED MEN, Starting Base Pay Per Month, MONTHLY RETIREMENT INCOME AFTER: 20 Years' Service, 30 Years' Service. Rows include Master Sergeant, Technical Sergeant, Staff Sergeant, Sergeant, Corporal, Private First Class, Private.

SIDE ISSUES . . .

(Continued from Page One) are quite in evidence, if not plentiful, I would have expected a relatively heavily wooded country such as this to abound in the stickery fauna.

But even if Eastland County is not full of porcupines, no one can complain that there is a skunk shortage here.

Especially can our dog Toots not complain of it since she had her first encounter with a skunk the other night, or at least it was her first as far as I know.

Toots is a house dog, and usually spends most of her time inside, but she was out in her dog-house with her litter of one pup the night we noticed the odor so strongly inside. Before long here came Toots scratching to be let in, and Alan, our oldest, let her in.

I had suspected Toots' involvement with the skunk, and commanded Alan to smell her. This he did, and suspicion merged into fact. Out Toots went, fast.

Then a little later Mrs. V. came in from wherever she had been and let Toots in again. There was quite some commotion before the poor dumb animal was booted out on her ear again.

Now Toots can come within seeing distance without bowling us over, and I have hopes that some day she can be re-admitted to decent society. I also have hopes, though scant ones, that next time she will not let her recent motherhood dim her judgment quite so much as to which kind of marauder to tackle and which to let alone.

W. C. WHALEY Registered Professional Engineer (Civil) Licensed State Land Surveyor Photo-Copy, Ozalid (Direct Positive Process Prints). We reproduce anything typed, written, drawn, stamped, etc., from either bound volumes or single sheets; printed on one or both sides, transparent or opaque.

So Warm!

Beautiful, lavishly tufted chenille robes — so wonderful to slip into on chill mornings, so easy to keep lovely-looking! Colors STAY bright through frequent tubbings. Shown in a galaxy of exciting colors; sizes 12 to 20.
