Eastland.

program for the construction of Farm-to-Market roads in Eastland rounty has been outlined by the Texas State Highway Department. This program, along with construction work to be done on inter-regional roads will cost ap-proximately \$907,000.00, \$152,-000 to be spent on farm-to-market roads and \$755,000 on inter-re-gional highways. Funds for this work will come from both the State and Federal governments

Perhaps the first farm-to-mark at project to be undertaken in the county will be what is known as No. 569, a five and one-half mile stretch of highway extending from one mile west of Cisco to an intersection with the present Scranton Nimrod road. It will be of 18-foot asphalt construction, and the contract will possibly be let sometime in January. About 60 days will be required to build the five and ore half miles.

What appears now will be the second farm-to-market project will ideas or plans going on that most be known as project No. 570 and of the time concern everyone in will be for the construction approximately five miles of hard--Filling Station, one mile East of Eastland, to an inter-section with the Staff - Ranger road. Contract for this work will possibly be let in March or April. It had been announced that this contract would be let in January and it was the intention of the State Highway Department to let it at that time, but the Public Roads Administra-tion took the view that the decision was made too late for Jan-

The third farm - to-market project to be let, according to present plans. will be that known as No. 571 and will be for the buildig of six and eight-tenths miles of road from Ranger south to a point two and one-half miles north of Cheaney. This work probobly ember 26, is the year book staff will not be done until sometime in for this year's edition. This group

Construction of approximately committee. way 80, which will eliminate "Dead Man's" curve on Thurber Hill, six miles east of Ranger, will be let as soon as right-of-way has been secured by the County, and County Commissioner Henry Davenport believes that the right-of-way will be secured within a few days. This road, which will be south of Thurber Hill, will connect with Highway 16. Construction be of concrete pavement 21 feet except for the cut down the hill, which will be 48 feet wide. This is being built to fit in with the East-West Inter - Regional highway system of which Highway

Interest Grows In G-L Program For The County

County the past week by the visit of Dr. Marrs, of The Extension Service of the University of Texas in an Educational program for the County fort the returned veteran has held and seems well on the way toward fulfillment. Homer Smith, who was appointed by the County School Board, to in-Sunday afternoon. At this meeting an advisory board was elected to work with the County Board. They will submit any findings to the regular Board and will at all times be subject to the decisions of the County School Board. Members of this Advisory Board are: Fred Brown, Eastland; J. J. Kelly Ranger; R. L. Ponsler, Cisco; Cecil Shults, Ricing Star; and T. O. Shelley, Gorman.

Following Sunday's meeting another special meeting of the for Monday morning in the office of County superintendent, Homer Smith . The board heartily indorsed all reports given by Mr. Smith and agreed to the Advisory Board with the addition of K. B. Tanner, Eastland, who is Chair-man of the Draft Board. They felt that since this is a program for returned service men that the chairman of the local Draft Board would be an essential member to such a board.

The program has been worked out for Eastland county and The Rev. Joseph Paul Bartak, ready to be set up as soon as approval of the Veteran's Adminis-D., superintendent of the ethodist Church in Parague, tration at Waco and the commit-Czecho-Slovakia, and Methodism's tee at Austin, which is headed by A. THANKSGIVING

Let us remember that we have much to be thankful for

ET US BE THANKFUL that we obtained a decisive Victory - that freedom and decency will live

- that America was untouched by destruction that we had a united will to carry on - that we had leaders of great vision - that we had men and women of courage!

YOUR thankfulness for Victory will be measured by your support of the

VICTORY LOAN

Be Thankful You are Asked to Buy Victory Bonds -

- * To help bring our men home again
- * To care for the wounded and battle weary

* To clear the way for quick reconversion

* To administer the G. I. Bill of Rights

SHALL WE PLOW STRAIGHT

OR THINK STRAIGHT

"I see that oldest boy of Dave Plowman's is back from the Agricultural College again," remarked a coming share-cropper to a group of men gathered in front of the bank last Saturday. Been going there for about three years now when he coght to be home helping his dad, and I bet he can't plow a straighter row of cotton than my 10-year-old Jerry can

"The practice of planting cotton in straight rows is partly responsible for your having to ahandon that south forty of yours," pointed out Ernest Teffort, one of the more proggressive farmers in this vicinity.

per cent of the rainfall runns off a field planted in straight rows up and down hill, whereas a field listed on the contour loses only a little more than I and court of the same two-anda-half inch rain? And that more than three tens of good, ich tou soil is carried away by this a rulus runoff, whereas soil strys on the field with the water, if the plowing has been designed to keep it there?"

"You don't have to go to college to understand that," spoke up someone else.

"No," realed Exnest, "that is just one way of learning how to keep our soil at home. Once it is gone, it doesn't come back. Boys do."

A FARM IS A GOOD INVESTMENT ONLY WHEN IT IS PROPERLY HANDLED. OUR FUTURE DEPENDS NOT ON THE CROPS PRODUCED THIS SEASON, BUT ON THE CAPACITY OF THE SOIL TO PRODUCE AGAIN.
