Eastland merchants, who had no trouble disposing of almost any goods they could get during the past few years, are finding that they will have to buy differently from now.

At least that is my personal interpretation of things that are happening. Most of the merchants knew conditions would be bad, but the question was, when?

The mild fall has played havoc with sales on heavy winter clothing. Predicted radical changes in styles of women's clothing are inducing clearance sales such as this area has not seen in quite a few years—and right when the Christmas buying season is here. Some of this, so far, indicates an unusual condition. The economists are talking about a recession in the spring and maybe it's coming. But prices on a lot of things continue to rise, and the coal strike is going to make a lot more shortages, which would normally cause more price rises.

Certainly, most businesses in Eastland and all over the country are sounder financially than they have been during this generation. There are more healthy bank accounts and fewer debts than during the lush days of the 1920's. Christmas buying, which started much slower than in any recent year, is picking up steadily. One factor in the late start is the late-ness of the peanut crop—the farmers have been busy in the fields, and many still are. But some already have completed harvesting bumper crops, and with top prices still being received, the agricultural picture remains very bright here.

Merchants report more selective buying of toys and other Christmas items, which certainly is to be expected. Few stores loaded up with what the merchants referred to as "trash" which loaded many toy counters during the late war years.

Economists say that if a break comes, food prices will be among the first effected. So far, grocery bills have showed few indications of coming down much.

There are those who say America is talking itself into a depression, or recession—that there are no factors to make one except fear, generated by predictions that there will have to be one because there was after the other war. Maybe so. I'll wait and see.

Quarterback Club Works On Banquet

Committees of the Eastland Quarterback Club this week were working on the program of a banquet the club will give later this month for members of this year's Eastland High School football squad. Definite arrangements had not been completed Thursday afternoon, said Conard Reeves, club president, but probably will be before the end of the week.

Man Who Passed Checks Here Caught

A man who admitted passing a number of bad checks in Eastland recently was arrested by Fort Worth officers last week and charged with similar offenses there. Eastland business firm owners who cashed the man's checks said he had filled out checks, printed and signed like company payroll checks. All were for like amounts, slightly over \$77. The man bought merchandise in each place and took the balance in cash.

PAT LANEY UNDERGOES OPERATION IN DALLAS

S. J. (Pat) Laney, who has been in the veterans hospital at Dallas for the past three months, underwent a spinal operation Nov. 20. He is convalescing satisfactorily, after having spent nine and one-half hours on the operating table. He said he was glad it is over and hopes to be sufficiently recovered to spend the Christmas holidays here with his parents, Mr. and Mrs. G. W. Laney and his sister, Miss Lola Laney.

Mr. and Mrs. J. A. Beard spent the Thanksgiving holidays in Midland visiting in the home of their daughter, Mrs. George Bennett and family.

22 Lettermen Get Awards From EHS; Many To Return

Twenty-two football lettermen at Eastland High School were announced by school officials this week after the team closed out its 1946 season Thursday of last week by trouncing Gorman, 57 to 0. Awards for the lettermen are coat sweaters.

Senior lettermen who presumably played their last game for the school at Gorman are Co-captains Eddie Hart and Herbert Barker, and Dan Collie, Billy Jack Johnson, Milton Hunt, Bill Brashier, Bill Eddeman and Jimmie Doss.

Fourteen lettermen expected to return next year to form the nucleus of what should be another good Eastland High team are Jack Chamberlain, Lewis Crossley, Hilton Kuykendall, Dick Sparks, Jack Kelley, Pat Crawford, Winnifred Ward, Wayne Lambert, Dwayne Lusk, Johnny Hicks, Bobbie Blair, Jimmy Mathews and Dan Amis.

Among these, backs are Chamberlain, Hicks, Blair and Mathews. Crossley has played both at end and in the backfield. Lambert, injured early this season, is expected to be an outstanding lineman if his knee can be fixed up.

In the Gorman game, Crossley starred by scoring four of Eastland's nine touchdowns, one on a blocked punt and three on the receiving end of passes.

Other touchdowns were made by Mathews, two, and Brashier, Eddleman and Blair one each. Johnson kicked one point, after touchdown and Sparks two.

The game was a rout almost from the first. It was Eastland's fifth district victory against one defeat by De Leon, district champion, and left the Mavericks with a season's record of five wins and five losses.

The game also marked the first season of coaching in Eastland for Head Coach John E. Little, who brought the team along fast after a disappointing start.

In the De Leon game, the only loss that really hurt badly, Eastland played on a wet field in rain, without the services of Brashier and could not go when its passing game bogged down.

Concert Violinist Well Received Here

Carrol Glenn, violinist, was exceptionally well received in her concert in the Eastland High School auditorium Wednesday night of last week. It was the first of four concerts scheduled here this year under sponsorship of the Eastland County Community Concerts Association.

The audience was highly appreciative of Miss Glenn's playing, evidencing it by close attention and prolonged applause.

The association has season memberships in Eastland, Ranger and Cisco.

Junior High Dogies Win Final Game 39-6

The Eastland Junior High School Dogies wound up a successful football season Thursday by trouncing the Ranger Hodges Oak Park eleven, 39 to 6.

A large and enthusiastic group of Eastland's younger generation saw their favorites win easily in the bright warm sunshine. The Dogies are undefeated, having beaten Breckenridge and Cisco, the latter two times.

Mr. and Mrs. Charles C. Moore and children, Sarah Caroline and Johnnie, have returned from a trip to Neosho, Mo., where they visited Mrs. Moore's mother Mrs. H. E. Arcularius.

Mrs. A. F. Taylor spent the Thanksgiving holidays in Fort Worth visiting her brother, M. R. Weatherby and family, and with a cousin, Thomas Fite and Mrs. Fite. She was accompanied to Fort Worth by Mrs. N. T. Johnson, who visited with the late Mr. Johnson's brother and family.

Mr. and Mrs. J. F. Collins and son, Johnnie, accompanied by Mr. and Mrs. J. M. Watson were among the Eastland group attending a banquet in Brownwood Thursday evening honoring Boy Scout leaders and Eagle Scouts.

Joe Stephen spent Monday and Tuesday in Dallas transacting business.

Exes Win From Gorman 27 To 0; Crowd Is Small

The Eastland Exes wound up their football season with a thumping 27-0 victory over the Gorman Exes before a small and chilled crowd on the Gorman High School field Monday night.

The game grossed \$147.45, of which \$18 went for lights. The sponsors split the rest evenly, and after paying for a steak supper for the Eastland players, the remainder, \$32.40, was turned into a fund to provide medical aid for injured Eastland High School players.

Eastland's first score in the game was a two point safety, made when Dale Mehaffey and Troy Taylor nailed a Gorman player in the end zone.

Doug Garner made the first touchdown on a 55 yard slant through tackle, and James Edd Gann passed to Tommy Samuels for the second. The next time, Samuels passed to Gann for a score, and Samuels pitched a strike to Troy Taylor for the fourth six-pointer.

Serappy Jim Taylor had himself a whale of a time in the game as did Troy Taylor, whose aging legs stood up very well indeed. Gorman only threatened once, and was unable to score after being moved down to the four yard line on 20 yards' worth of penalties.

Stunts To Have Festivals By Men Of City

Skits and stunts produced by Eastland businessmen will make up the "floor show" of the annual Christmas Folk Festival to be sponsored by the Civic League and Garden Club, the Eastland Chamber of Commerce, and the American Legion in the Legion Hall next Tuesday night.

Proceeds will be used to provide Christmas assistance for the needy families of Eastland, and Mrs. T. E. Richardson, chairman, asked that anyone knowing of a needy family notify her so no one need help would be missed.

There will be an orchestra for dancing. Tickets are on sale by Mrs. Richardson, Mrs. Earl Conner, Mrs. E. E. Throne, Mrs. Fred Brown and Mrs. Dixie Williamson.

Girl Scout Worker To Visit Eastland

Miss Alyce Nelson, Girl Scout executive of Texas, will be in Eastland Tuesday to form a council to sponsor the local Scout group. Miss Nelson will meet with the Scouts, ministers of the city businessmen and adult Scout leaders at the First Christian Church Tuesday at 3 p. m.

Fires On Sidewalks, Streets Forbidden

Eastland residents this week were warned by Police Chief Ed Sparr against burning leaves on walks or on paved streets.

A city ordinance forbids such fires on city property, Sparr said, explaining that the fires are a hazard to pedestrians and motorists, and the heat often damages walks and streets.

The area missionary meeting of the First Christian Church held in Abilene last Monday was attended by Mesdames J. C. Koen, J. B. Johnson, May Gattis J. A. Beard, and Rev. Weems Dykes, pastor of the church here.

Mr. and Mrs. P. L. Parker spent the Thanksgiving holidays in Comanche with their daughter, Mrs. Walter Durham, and her family.

Mr. and Mrs. W. H. White and son of San Angelo were holiday visitors in Eastland.

Tom Amis, H. P. Pentecost, and H. L. Jackson are attending the Masonic Grand Lodge held in Waco this week.

Army Engineers Set Hearing On Upper Leon Work

Representatives of communities along the Leon River from Eastland to Gatesville will meet in Comanche at 10 a. m. next Thursday, Dec. 10, to discuss needs for soil conservation and water supply reservoirs along the upper Leon at a hearing set by the U. S. Army Engineers.

The hearing is the outgrowth of several meetings among representatives from communities along the Leon. A committee appointed to further the work is headed by Fred Brown, president of the Eastland Chamber of Commerce, who will go to the Comanche hearing with Chamber of Commerce Secretary H. J. Tanner.

To be asked will be a complete survey of water needs along the upper Leon, without stress at this time on particular community projects, Brown said.

P.-T.A.'s To Have Plantings At Schools

Parent-Teachers Associations of South Ward and West Ward schools next week will join the Civic League and Garden Club's beautification program by planting trees and shrubs on the grounds of the two schools, it was announced this week.

It is planned to plant pecan and elm trees and abelia and other shrubs.

Ceremonies are planned in which the children of the schools will take part.

Most extensive plantings are planned at West Ward School, which has relatively barren grounds.

Children of the schools will be asked to join in taking care of the trees and shrubs.

Joe Stephen Opens Print Shop In Eastland

Joe Stephen, long associated with the Victor Cornelius theatrical printing plant in Eastland as shop foreman, this week opened a commercial printing plant on South Seaman Street.

Stephen said he expects to do all types of commercial printing in his new establishment. He bought equipment for the shop in Cisco, where it formerly was used by the Apex Printing Company.

L. J. LAMBERT BECOMES ILL SUDDENLY

L. J. Lambert was taken critically ill last Friday in a local barber shop. He was rushed to the Eastland Hospital, where he was treated, and has since been taken to his home on West Commerce Street. He was reported resting comfortably, but was unable to be up.

Christina Desota is in the Eastland Hospital recovering from an appendectomy performed Monday afternoon.

Mrs. Robert M. Webb of Fort Worth is the guests in the home of her sister, Mrs. H. E. Williams, and family.

There will be a singing at the First Baptist Church in Olden Sunday afternoon at 2 p. m. An invitation was extended the public to attend.

Theatre Opening Date Uncertain; Work Is Delayed

When the new Majestic Theatre will open in Eastland is problematical, but it will be among the finest in Texas when it does open, Bran Garner, district manager for Interstate Theatres, told Eastland Lions Tuesday.

An opening by Christmas had been planned, but failure of decorators to show up may delay the date still further, Garner said. When work was begun on the show house in March, it was planned to open last August.

The theatre, formerly the Connellee, will have many features of the large city show houses, including the full size stage of the old building, the most modern seating arrangement, two balconies, seven rest rooms, lounges, and a \$29,000 cooling system Garner said.

"We'll be able to put on stage shows, but I don't want anyone to mention to me again about seeing six elephants on the stage of the old Connellee at one time," he said.

He said there will be larger theatres in Texas than the Eastland Majestic, but "there won't be any that are finer."

Labor shortages have caused the big delay in the building program, Garner said. Work has included stuccoing the outside of the building, putting in a new floor and roof, inside plastering, rearranging the front offices and entrance-way, building new rest rooms, and other changes that will leave little of the old show house except the walls, roof and floor supports.

C Of C Banquet Set For December 30

First annual banquet of the Eastland Chamber of Commerce will be held Monday, Dec. 30, in the Connellee Hotel Roof Garden, it was announced this week.

There will be no outside speaker. Members will eat a buffet supper, under present plans and in addition to entertainment features, a report of the organization's activities for the year will be given.

Baptists To Sponsor Week Music School

A music school will be conducted for one week at the First Baptist Church beginning Dec. 8.

Dr. J. D. Riddle, head of the music department of the Texas Baptist Convention, and Mrs. Riddle will be the instructors. Mrs. Riddle will be in charge of the instrumental instruction. All persons interested in instrumental music were invited to attend the classes, which are free and include all ages.

Dr. Riddle will be in charge of the vocal school, and will help the church with its Christmas music. He will also instruct the junior choir which Mrs. Hollis Bennett and Mrs. I. C. Inzer organized recently.

All persons interested in music were invited to attend.

John W. Jackson, Jr., spent the Thanksgiving holidays at home in Eastland with his parents, Mr. and Mrs. John W. Jackson. He is a student at Texas Tech.

Beth Sutphen, daughter of Mr. and Mrs. R. L. Sutphen, 215 Oak Street, took part in the 1946 annual intramural speech tournament held recently at Abilene Christian College, according to release from the college.

Mr. and Mrs. Francis M. Jones of Dallas spent the Thanksgiving holidays here visiting Mr. Jones' parents, Mr. and Mrs. R. F. Jones, and Mrs. Jones' sister, Mrs. Joe Stephen and family.

Homer Smith, school superintendent, spent Wednesday in Dallas transacting business.

Mr. and Mrs. H. T. Brashier and daughter, Mrs. Bill McDaniel and baby of Sherman and Colonel Brashier of Ranger, were guests in the V. E. Brashier home Thanksgiving morning.

Santa To Visit City Dec. 14, And Give Sweets To Kiddies

Santa Claus will come to Eastland Saturday, Dec. 14, in an airplane as he has in every recent year, it was announced this week.

Old Sit Nick after the landing at Municipal Airport will be escorted to downtown Eastland on his usual convenience for such trips, a city fire truck, and then will take his post on the square and pass out candy to the kiddies.

He also will receive the children's letters to take back with him on his return trip to the North Pole.

His appearance on the square is scheduled for 2 p. m. He will stay, probably, as long as the candy holds out.

There's a sugar shortage at the North Pole, too, you know. Goblins have been at work among the sugar plum trees and the crop is short this year.

Vocational School Adds Instructors; Tools Are Received

Two new instructors have been appointed for the Eastland County Vocational School, and the school is receiving equipment for individual students and for class work, it was announced this week.

The instructor are H. C. Huntington of Pioneer, who is teaching auto mechanics in Cisco and Rising Star, and Elmer Frede of Cisco, who is co-ordinator of the trades and industries classes.

Huntington has had 18 years of experience in vocational work. Frede, formerly a machinist, auto repair shop owner, automobile dealer, and instructor in industrial education work, has been with the division of extension of the University of Texas in the Trade and Industrial Bureau for two years. He will plan and organize as well as teach courses in the trades.

Auto mechanics students in the school are receiving full sets of hand tools for mechanics, and agriculture students are receiving hand tools and syringe sets for animal vaccinations. All are paid for by the Veterans Administration.

Also on hand for mechanics' class work are motor and ignition testing machines of various kinds such as are used in auto repair shops.

Visual aid equipment on hand includes an opaque projector and film strip projector, with three large screens. A sound moving picture projector is on order.

Brotherhood Honors Women Of Church

The Brotherhood of the First Baptist Church honored the women of the church at a supper in the banquet room of the church Monday evening. A J. Blevins, Jr., was toastmaster. Rev. Fred H. Porter was in charge of the program, which was carried out in the form of a radio quiz. The tables were laid with white linen and centered with fruit and autumn leaves. The speakers table was centered with an arrangement of white chrysanthemums.

About 75 men and women attended.

Pat Fisher attended the funeral of his nephew, Guinn Pownds in McCamey Tuesday. Mr. Pownds was killed Sunday morning in an airplane accident in Big Spring.

Mr. and Mrs. Roy Pentecost of Houston visited in the home of Mr. and Mrs. H. P. Pentecost, Thanksgiving.

Data Requested By Pioneer On Use Of Field Here

Pioneer Air Lines, which last week was authorized to give air-line service to Eastland, Cisco and Ranger on a line from Dallas and Fort Worth to the west, proposes to use the Eastland Municipal Airport as its operations point in Eastland County, consolidating service for the three towns, Harold B. Seifert, vice-president in charge of operations, wrote Eastland Chamber of Commerce Secretary H. J. Tanner.

Seifert sent a request for a great deal of information about Eastland and the airport, which Tanner supplied, with the help of City Manager K. B. Tanner.

In another communication to Tanner, officials of the airline asked him to publicize the fact that the line needs hostesses and would like to employ them from Eastland and other points on its lines.

Qualifications are that girls should be 21 to 25 years of age, unmarried, with a college education.

Further information on applications may be obtained from Tanner.

Use of the Eastland airport for operations of the line in the county will mean a great deal to the city, it was pointed out, and probably will help the city administration regain the cost of the airport at a much faster clip.

Eastland Mistletoe Shipments Are Heavy

Mistletoe from a wide area around Eastland was being rushed through the Railway Express office here this week to beat the express embargo caused by rail strike.

Guy Quinn, whose mistletoe shipping activities have made him the mistletoe king of Texas and perhaps the United States, had contracted to ship 86,000 pounds of the parasitic plant this Christmas season, and the larger part of the shipments have been made.

Eastland, called the kiss capital of the world because of Quinn's enterprise, sends mistletoe in huge quantities to chain stores in the East and Middle West.

Methodist Evening Service Time Changed

Sunday evening services of the First Methodist Church will begin at 7 p. m. instead of 7:30 until further notice, the pastor, Rev. E. R. Gordon, said this week.

Parents Urged To Be On Lookout For Rheumatic Fever

AUSTIN, TEXAS — Rheumatic heart disease is now the first cause of death among children aged 10 to 14, and is second only to tuberculosis at ages 15 to 25. Despite the importance of this disease its epidemiology is not completely established. No vaccine such as those that prevent typhoid, diphtheria, smallpox and whooping cough has yet been developed for its prevention or control. We do know, however, some of the danger signals and with the physician's accurate diagnosis some of the damaging results of the disease may be prevented.

Exposure to frequent chilling, damp or overcrowded living quarters, a poor diet, an attack of scarlet fever, a bad cold or other infection caused by certain streptococcus germs are likely to be predisposing factors in the appearance of rheumatic fever.

Dr. George W. Cox, state health officer, points out that in general the danger signals of rheumatic fever are pain and swelling in the joints of the knees, ankles, elbows, or wrists. The pain usually is felt in one of these centers and spreads it to the others. Oftentimes a child will get irritable and cross without any visible signs of a good reason for this attitude; he may cry easily or develop habits of nervousness. A physician should be consulted at once in such a situation, for these symptoms may be the beginning of rheumatic fever.

According to Dr. Cox the best safeguards against this disease are

at least once a year by a physician, to have the right kind of food and plenty of rest. When the disease is suspected of being present, a doctor should be consulted at once, and if he prescribes complete bed rest his advice should be implicitly followed.

Don't Be Sorry - Be Safe . . .

... is good, sound advice well worth taking, especially in cases where heavy risks are involved. One of these risks is buying real estate without an abstract. Most buyers in these modern days don't take risks — they get an abstract. And if the seller is about to convince you that his title is good and you don't need an abstract, better play safe. The abstract, for one thing, reveals the condition of the title and is always worth far more than it costs.

MAVERICK SPORTLIGHT

JIMMY DOSS

Our Maverick of the week is none other than Jimmy Doss. Jimmy came back to play football this year and will graduate at mid term. This mighty Maverick is 5' 4" tall and weighs 160 pounds and plays in the backfield. He is 17 years old and has beautiful blue eyes and blonde hair. Among his favorites are football, track and chocolate pie. Last year was his first year to take active part in sports, but he has played in the band for several years. In track last year he ran the hundred yard dash and was EHS's star in the pole vault. Jimmy plans to attend John Tarlton after he graduates. Here's wishing a grand sport and a wonderful boy all the luck in the world.

THE FORGOTTEN MAN

Not many people know how to watch a football game. They merely stand by and go crazy and shout when the ball carrier races down the field for a long gain. Very little attention is paid to those teammates who pound and tear that line to make holes for our backs. Who notices the guards pull out and fight for the protection of the passers; who sees those defensive half-backs who cut down on punts the racing ends who try to nail the safety in his tracks? It's those boys who block and protect our runners that make a good ball club more than anything else. Let's all watch for those things that seem unimportant but are really very essential.

YEA MAVERICKS!!!!

SOCIALITE CLUB

The Socialite Club met at the home of Carolyn Enas. News and old business was discussed. Delicious refreshments of sandwiches, potato chips, cake and cokes were served to Christina Arther, Paula Harvey, Nancy Freyshlag, Beth Hurt, Jane Hart, Maxine Lambert, Virginia Spence, Janelle Patterson, Mrs. Young and our hostess, Carolyn Enas. The next meeting will be at the home of Nancy Freyshlag.

JUNIOR SPOTLIGHT

The spotlight shines this week on a Maverick, Pat Crawford. Pat is 6' 2 1/2" tall, weighs 166 pounds and is very cute. He has brown hair and blue eyes and is 15 years old. He plays center on the Maverick Squad. Pat, also, was pitcher on the softball team. Among his other favorite sports are baseball, basketball, and swimming. Pat's girl is Mary Kay Hoffman, and she is his favorite pastime. Among his favorite are potato chips, John Garfield, Ann Sheridan, Anniversary Waltz, To Each His Own, Chemistry and Plane Geometry. Here's wishing a real Maverick and a swell Junior the best of luck.

YEA JUNIORS!!!

A bird (a turkey) in the hand is worth two in the bush, during Thanksgiving.

FAMOUS ALIBIES

We all see these fellows everyday and possibly have been a little the same way sometime or another in our day.

Often we neglect until the last minute what we should have done days before; many times we don't pay attention in class, and miss something important. We just can't keep from thinking of that peach of a girl or that dark and handsome young gentleman when we should be studying.

Many times we have just simply got to see that movie tonight. Those lessons can wait—then, as always, when we bring home those dear old report cards.—"It's the teacher's fault, Dad. She has it in for me and just flunked me for spite."

WHO IT IT!

Who is this dashing young football hero? He is of medium height and has a very nice build. He has brown eyes and dusty blond hair. This boy is very athletic minded. Obviously this young man is in love. Many times without a word of warning something strikes him as being very funny and he will burst out in an uproarious laugh, while everyone else is quiet. He is especially noted for his former playing the marble machines, driving with one hand, his fascinating smile, and his ability to play football, and to please his fair sex. (Pickens!!)

EDITORS:

I am not satisfied with the way the Editors are handling the Freshman news; no matter how much we write the news does not appear in the Round-Up.

The main fault seems to be the spotlight. Is there anything wrong with the way we write our news up? If so we would like to hear some of our complaints.

Patience! waiting for some answer.

(A Freshman)

THANKSGIVING DAY

Thanksgiving Day is an annual festival of thanksgiving for the mercies of the closing year. The earliest harvest thanksgiving in America was kept by the Pilgrim Fathers at Plymouth in 1621. Each year the day is set aside, the last Thursday in November by the President of the United States as a National Holiday.

For the benefit of some of you guys that don't believe that Freeman is quite a hunter we have part of his diary he kept last year:

"December 26—Snowing. Can't go hunting."
"December 27—Still snowing. Can't go hunting."
"December 28—Still snowing. Shot Gramaw!"

SOPHOMORE SPOTLIGHT

The Sophomore Spotlight shines upon a very popular member of the class, Jim Smith. He is 5' 8" tall, weighs 136 pounds has brown hair, and brown eyes. Jim is the Sophomore candidate for king and soon will be king of E. H. S. This mighty Maverick plays back, and his favorites in the movie world are "The Killers", "Leslie", and "Robert M. Hum". In the music world he goes for "Old Buttermilk Sky," which just happens to have been written by his favorite composer. When it comes to teachers, well he likes them all. (After all it is pretty close to report card time). He especially doesn't like work, English and Spinauch. Here's wishing gobs of luck to a swell guy.

YEA SOPHOMORS!

Surprise

She sat in study hall;
A pretty picture painted.
He winked at her—that's all.
(She fainted).

MAVERICK SPORT

MILTON HUNT

This week our spotlight shines on the one and only Milton Hunt. Milton is a handsome blonde, weighing 152 pounds, with beautiful brown eyes. Milton is 5' 10" tall. He is our Maverick center on the football team. He's number 18. Milton is a Senior of our Senior Class. He is always willing to help anyone when he is needed. Milton is a swell guy and several girls' think so. We want to wish a mighty Senior and Maverick all the luck in the world because he really deserves it.

YEA SENIORS!!!

SPOTLIGHT

The mighty seniors steal the spotlight as a whole this week. We want everyone to know all about us since they will be voting for us in the near future. (Hint).

Starting with our king first we will try to tell you what a really wonderful class we have.

He is 5' 9 1/2" inch, Bobby Blair. He is our handsome halfback with the curly hair. He has never been candidate for king before, but has been a duke once before in case you are curious about the future king of EHS, watch "No 10" on the football team, and then you will see what we mean when we say "Blair for King."

Our queen, Gladeene Womack is 5' 7" tall and weighs "enough". She has light brown eyes and hair. Her father is superintendent of our schools and we'd bet he is proud of his daughter when he sees the way the mighty seniors are standing behind her.

Our duchesses are Mary L. Hoffmann, and the famous Horn twins. Mary has brown hair and blue eyes. The twins have brown eyes and long, dark brown hair.

For dukes, we really have some princes! They are blond haired blue eyed, Dick Sparks, Dwain Lusk who has brown hair and blue eyes, and last but not least, Wayne Lambert who has brown hair and blue eyes.

They are all really tops and it was certainly hard to choose them out of our wonderful class.

On a whole we think they are the best set of candidates we ever had in EHS.

FRESHMAN SPOTLIGHT

The Freshman spotlight shines on eBth Hurt this week. Beth is 13 years old has dark brown hair, brown eyes, and fair complexion. She weighs 96 pounds. Her favorite movie star is Betty Hutton. Some more of her favorites are: Radio Program, Pot of Gold, Song, "Buttermilk Sky." She likes to play basketball, but her favorite pastime is playing the piano. Beth belongs to the Socialite Club and is a very nice girl. Here's luck to her.

YEA FISH!!!!!!

THINGS WE NOTICE

The drill team is through for the year. How hard the Seniors are working!!

The candidates for King and Queen. No picture books in the library. Eh Johnnie.

HUMOR

Sims: "Mother, you know that vase you said had been handed down from generation to generation?"
 "Yes, dear?"
 "Well, this generation has dropped it."

 Eddleman and Brashier went into a cafe the other night and ordered two hard-boiled eggs to take out.
 The waitress said: "I'm sorry, buddy, but my friend and I have work until midnight."

 It seems Lasater has learned quite a lot in school this year. The other day his father asked him: "What did you learn at school today?"
 "Well, in one class I learned to say 'Yes, Sir,' and 'No, Sir,' and 'No, Mam' and 'Yes Mam.'"
 "You did?"
 "Yeah."

 Nash: "Pat, how old is Miss Johnson?"
 Pat: "Quite old. I should imagine. They say she used to teach Caesar."

 Mrs. Whatley: "Well, what do you want? Be short."
 Jack: "I will, I am."
