Published Each Friday In Eastland, County Seat of Eastland County, Texas

og poisonings, and weather, and the general time of year anyway, there were a lot of faces in Eastand this year that were none too right and smiling.

To all such, I can say cheerily, or smugly whichever you prefer. Cheer up! Spring's just around

And hope it's not the same corner that Hoover's prosperity was

at least we don't have sand torms - well, not often, anyway and not local ones. We have to im

This letter from Montie C. Rowe, ho learned the bootmaking trade ere in Eastland with his late fater, and now is ensconced in Mon hans, in the bootmaking business,

Today a whopper of a sandstorm blowing. In fact it reminds me ften that a foreign editor deals will not file again. truthfully with another section ! ation gracefully and truthfully. I, I. C. Inzer and Ernest Halkias. also think there is more true een mighty good to me and if a Hertig, board secretary. ountry or place can be good to me, I feel I should uphold it. For that and other reasons I can again uthfully say "I like it."

During my time, about one year, in Monahans I have never hear anyone say they liked a sindstood but countless men and women go ut cleaning up their homes and isiness places and never comlain. You just can't get all your irds in one bush.

Eastland. I believe I left a lot of and will be here for about 30 days. chance to visit there.

here and on Feb. 10 I opened up Texas will visit friends of her son. another shop in Kermit. I only hope I can do as well there as hold a spot for anyone that ever spent very much time there.

Yours sincerely, MONTIE C. ROWE Monahans, Texas

I get all sorts of requests to write "editorials" about this and that. The most frequent subject mentioned is the weather although Dies At Home Here I still think Mark Twain's coment about everybody talking about it and no one doing anyday he said it.

Others want me to blast this or that public officer, or demand that this or that be done. I don't often usually I don't have time to check all the facts involved - and if I did, I might write in opposition to the opinion of the person who approached me.

I could write an editorial about the dog poisoners who have been active in Eastland again, and say a lot of bad things about them. They deserve it regardless of their motives or their own thoughts in ustifying their actions - and unless they are insane, they must justify them.

But such editorials have been written here in this paper before, and the poisonings go on. What we need is action and I am not a briliant enough man to be able to think of a way to capture and conict the scoundrels. Can you do it?

### Church To Have Meetings On Prayer

Meetings will be held each aftern next week at the First Baputhweide Week of Prayer, it was lounced this week.

The meetings will be held from 30 to 4:30 p. m. from Monday arough Thursday. Chairman of le observance is Mrs. I. C. Inzer.

### Savings Bond Buying Continues High Rate

Despite widespread rumors t the contrary, sales of Series E government savings bonds continue high, and redemptions of warbought bonds are not excessive, Shelby McDaniel of the Dallas Treasury Department office said in Eastland last week end.

Eastland County E Bond sales in January were \$90,725, and F and ist Church in observance of the G series sales were \$26,188.50, making a bond sales total of \$116,913 .-50 in the county, McDaniel said. The national goal in bond sales for the year is seven billion dollars, a half billion dollars ess than actual sales in 1946.

Redemptions of E bonds averaged only thirty and a half per cent did an all out job in describing Mr. for the entire period from May 1,

McDaniel paid tribute to Cyrus Association at Albany Thurs- B. Frost of Eastland for his work as county bond sales chairman.

### No Arrests Made, In Spite Of Rumors

Poison baits picked up in and near Eastland yards during recent days definitely contain strychnine except for one which contained evanide, according to an analysis of baits sent to the State Depart ment of Safety laboratory by Sheriff J. B. Williams' office.

The baits were picked up by private citizens, many of whom had lost dogs in the epidemic of poisonings, and taken to the sheriff's

Despite rumors of arrests for dog poisoning, a check Thursday showed no arrests had been made. However, the Eastland County Grand Jury that met Thursday was taking up the poisoning cases, and how witnesses talked who "saw the man throw out the poison' will determine whether there are in-

# **Red Cross Drive** To Begin Monday; County Goal \$5600

Annual Red Cross fund-raising campaign in Eastland County will egin Monday and continue through the month of March, Mrs. Joseph M. Perkins, in charge of the drive, announced this week.

The quota for the county is \$5600 this year and for Eastland, \$1500. Last year's quota figures were more than double this year's, and during the war years, the county quota ran up to \$6000 in Eastland

Mrs. Perkins said that through a concentrated drive, it is hoped to complete the campaign in the first two weeks.

She pointed out that the Red Cross still is serving the peace time Army, Navy and Air Force, and still has its work of disaster

Some of the committee leader named so far are E. E. Freyschlag and H. J. Tanner, special gifts; Fred Brown and Mrs. Retha Eator public employees; Mrs. Jack Fros Mrs. W. H. ## Lamb, Crowell And **Leslie File For Posts** On Commission

Virtual assurance that Eastland citizens will elect three new city ommissioners in the city election Tesday, April 1, came this week for the places, and the present officeholders indicated they would

Theo Lamb, Chevrolet dealer Frank Crowell, lumber dealer, and William P. Leslie, grocery store

manager Mayor Victor Cornelis announced candidate for re-election: Commissioner Dave Fiensy had not made up his mind definitely, and Commissioner Parks Poe told friends he did not intend to run

have served two terms, or four years on the commission, all hav ing been elected during the war in 1943.

Holdover commissioners, elected last year for two years, are C. T. Lucas, who has served 12 years and three years.

No mayor will be elected, as such. At an organization meeting of the new board of commissioners, a board chairman will be named. and he will serve as mayor in fact until he leaves the board or is replaced by board action

The election will be held in the City Hall, with L. J. Lambert, Mrs. Gate proceeds after expenses Maud Braly and E. C. Satterwhite

Dealine for filing candidacies is

In posibly his final statement as mayor, Victor Cornelius Thursday told of accomplishments and aims of his administration in Eastland.

"In retiring from the office as mayor of your city, I wish to take this opportunity to thank the people of Eastland for their support in electing me and their splendid cooperation and help while I was serving in this capacity.

"I feel that quite a number of accomplishments have been made by the present City Commission, some of which include assistance we have given in obtaining new industries for our town. I especially refer to the Hollywood Corset Company and the Texas Lightweight Aggregate Plant. These two concerns, I understand, employ about 100 people. Of course, there are many other businesses and industries that have come to our town in recent months.

"I have always endeavored to improve the goodwill and feelings between our neighboring towns. At this time, I am of the opinion that Eastland, Ranger and Cisco are working a little closer together and in better harmony than we have operative spirit. "This Commission has been re-

sponsible for the buying and building of the Eastland Airport, which, as you know, has been designed as a stop on the Pioneer Air Lines. Of course, their landings here are suspended until such time as we can build some kind of a paved landing runway. The United States Government has already allotted the City of Eastland \$28,000 toward the construction of this runway. Eventually, this will give Eastland air mail, passenger and express service, putting us within a few hours reach by air of all the major cities.

"It is my understanding that within the next two or three weeks . our city manager, Mr. K. B. Tanment of the City of Eastlard

"In closing, I want to say that I have enjoyed working with the with a picture of the couple and stuff of which dreams are made while he was training in Calif- marble machine in Texas, if it is entire City Commission and our City Manager, Mr. Tanner, as well as all city employees. I wish to assure you that I shall give all the assistance and support possible to my successor and those in charge of public affairs."

# New International Truck Models Shown

International Harvester has just announced a new line of motor trucks. The initial slowing of these new "KB" models was in Fort Wayne. Indiana, a few days ago before a gathering of several hundred members of the press from all parts of the United States and officials and department heads of the Company. Included in the exhibit were Harvester's recently introduced "Western" models.

At the same time, according to W. W. Linkenhoger of Linkenhoger Truck and Tractor Co., local International Truck dealer, ceremonies depicting the Company's 40 years of progress in the truck industry were conducted.

'International Harvester is introducnew models now for two reasons," said Mr. Linkenoger, "First, to provide operators with improved truck performance; and second, to provide operators with better looking trucks. Even though new models are bing introduced, production has not been slowed down. The old models are rolling off the line right alongside the new ones -- without a single moment's assembly line stoppage. Trucks. are too badly needed to stop production for a minute.

'This year," continued Mr. Linkenhoger, "has a special meaning for International Harvester, quite aside from the fact that we are building new models. This is Harvester's fortieth anniversary year as a truck manufacturer. Yes, forty years ago Harvester began production of the then impressive schedule of one hundred International Auto Wagons, highwheeled, low-powered vehicls designed, as we then said, 'to pull the farmer out of

'Contrast between the first International and the new 40th anniversary models is marked, I assure you. But as antique-looking as the 1907 International Harvester Auto Wagon is, it was the glamor wagon of its day, and served American businessmen and farmers both profitably and well."

Throughout Harvester's new "KB" line of trucks, in addition to the new styling, are 95 new features or mechanical improvements. All of these are contributions to improved performance, longer life and greater economy. International models, Harvester officials point out, are not matters of the calendar. New features and improvements are under constant study and constant test. As quickly as a new feature or improvement proves its worth, it is incorporated into current production. That's the way the new Internationals were created. New features and improvements were steadily incorporated into current production until the features and improvements themselves, with some new styling, created the new models.

Mr. Linkenhoger also called attention to the fact that there are 21 basic models in the Internaional truck line - 15 "KB" models and 6 "W" or "Western" models. The gross vehicle weight ratings of these 21 models range from 4,400 to 90,000

'Notice that I said 'basic models," said Mr. Linkenhoger. "I use that term 'basic models' because job adaptations and conversions of the 21 models produce more than 1,000 different transport units, all of which might be called models: it may be truthfully said that in the International line today there are more than 1,000 different vehicles.'

From the front, new International light-duty models display almost passenger car elegance. Extensions of the chrome radiator grille flow out over the fenders in graceful curves. Above the grille is the well-known International truck Triple Diamond emblem in a newly-styled setting. At the top and front of the hood is a striking ornament. At the sides of the hood the name "International" appears newly designed in chrome, with the model number of the vehicle beneath. Styling of the heavy-duty models, while less elaborate than that of the lighter units, shows the same modern trend.

# No Job Too Tough For Blevins

Whether your trouble's in the steering - the braking - the carburetor - the ignition - or deep in the innards of your car - bring it to Blevins! And if your car is getting shabby looking, bring it to us for a paint and body straightening job - we stand behind our work!

#### SENIOR BANQUET

Last Thursday, Feb. 20, the Seniors of 1947 were entertained with a formal banquet given by he Baptist Church of Eastland. The basement of the church was ecorated throughout in a Ranch style theme. A wonderful menu, carrying out the ranch theme, of barbecue chuck, frijoles ,slang gang salad, baked spuds, sourough, cowboy's delight, and java was served to approximately fifty

As the Seniors filed in Marjorie foung was playing the procession- everyone wnt to th Junior play. al. Mrs. W. G. Womack gave the nvocation. Rev Porter then inroduced the guests. The Hardin-Simmons Quaretette then sang hree selections and Dr. R. N. Richardson gave a talk on "Why go to College?" The Seniors enjoyed this program very much. The anquet was closed by a benedicon given by Rev. Porter.

Guests for the evening were Mr. and Mrs. John D. Harvey, Mrs. W. Womack, Mrs. Porter, Dr. R. N. his YEA SENIORS!! !!!!! SOPHOMORE SPOTLIGHT

# Your Money Goes Farther in the Tire That

Millions of test miles on police cars, taxi fleets and special test cars helped prove postwar B. F. Goodrich Silvertowns would outwear prewar tires.

Today . . . as the above testimonials and many others are proving . . . in rough, tough, actual car owner use,

WEARS PREWAR TIRES. If you want better than prewar tire mileage, come in today . . . equip your car with new Silvertowns . . . the best in the long run.

Convenient Terms If You Desire

### KING MOTOR COMPANY

THAT grille's as fresh and fashion-worthy as a Paris label in a new bonnet.

That long, clean, sweeping-all-the-way-through fender line is as much a "must" with the style-wise as white tie with tails.

There's the sparkle of bright, fresh colors - the rich sheen of chaste chrome-the sleek, slick, able look of an express cruiser, shined and polished for Regatta Day.

But is this the only way in which Buick's smart? Not by a barrelful!

Look at the engine room in that bonnet - that means torrents of Fireball power to put the lift of a lifetime in every mile.

That hug-the-road look means steadiness always-and cushiony coil springs on all four wheels spell serene disregard of any road's rude jolts.

Look at the width amidships that gives you lolling room both front and back-and at push-button controls that not only raise and lower the top, but move door windows up and down and the front seat back and forth.

And look deeper. At engines so fine-made they keep their new.car liveliness seemingly forever. At stout metals and sturdy underpinning, at husky, curl-around bumpers,

controls light as a ladyfinger; at wheels that curb heel-over on turns, and brakes both easy and sure.

Fact is, in this trim Convertible or any of the eight other body types, Buick's the smartest buy as well as '47's smartest car. It's the place where dollar-sense meets with style-sense to produce America's most wanted automobile.

Such being so - why hesitate? A day lost now in placing an order can be a week lost later in taking delivery, so - get your order in now!

K. B. TANNER Secretary February 19, 1947. SEAL)

### CARD OF THANKS

We wish to thank our friends who were so kind to us during the illness and passing of our beloved son and brother, T. L. Lasater. We are so grateful for the lovely flowers, for the food, for the comforting words of the ministers and for the beautiful song services. May the Lord richly bless each of

PROMPT SERVICE ON ALL TYPES OF

# 10 ways you can help yourself to good telephone service

Telephoning is easy. But more depends on the user than people realize. What you do when making or receiving a call often has a lot to do with how satisfactory that call is. Here are ten suggestions:

Before you call, make sure of the number. If you're not sure of it, look in the telephone directory, and thus avoid wrong numbers.

2. Give the called party time to answer. He or she may be some distance from the telephone. A minute isn't too long.

Speak directly into the mouthpiece. About an inch between it and your lips is right for best results.

Move the switch hook slowly up and down to recall or signal the operator. "Jiggling" the hook rapidly often won't cause a signal to

5. Replace the receiver carefully when you have finished talking. A receiver partly off the hook puts the whole line out of order.

6. Answer calls promptly. It's courteous to do so and often keeps the caller from hanging upthinking you're not at home.

/. Identify yourself when you call or answer. Not everyone recognizes you by your voice. Telling who you are saves time and sometimes embarrassment.

8. Space calls on party lines. If you have a series of calls to make, allow a few minutes between each one so others can use the line to call or be called.

9. Keep calls brief on party lines. Other folks on the line will appreciate your thoughtfulness and -who knows-may follow your good example.

10. Avoid calling in busy hours if possible. Switchboards are usually busiest during midmorning and late afternoon.

### Horace Hortons . .

(Continued From Page One) ceramics in Santa Barbara, parti-

cularly design and sculpture. "He is the expert on clay bodies and glazes now." she explains, "and

leaves designing and bookkeeping Their first task, after Horton returned to Eastland in November 1945, was to find a building for their project. They finally obtained

a surplus Army quonset hut. A

neat, modernistic frame cottage, painted green and furnished as studio, has been built next door. The little plant really went into production last fall, turning out arteraft flower pots, wases and mugs. The output now has been increased to 16 designs, including informal dinner ware, a barbecue set and a "tom-and-jerry" set,

which includes a large pitcher,

attractively designed mugs and a

comical pair of peasants, man and

woman, for spice shakers. Kiln Rebuilt.

Horton, a business administration graduate of Northwestern University in 1940, rattles a pipe be tween his teeth and explains seriously the intricate steps - casting, drying trimming, sanding and sponging, glazing and firing of the varicolored pieces beginning to line the stock shelves. The kiln has been rebuilt to give it a higher firing temperature so the plant can turn out finer-texured porcelains.

Interested "fans" of the project are Horton's parents, Mr. and Mrs. Jim Horton, who came to Gorman in 1919 and on to Eastland in 1921 during the oil boom days in this area. The elder Horton has operated a filling station, gasoline and oils distribution business here since that time.

"Friday," a big liver-spotted pointer dog, stands guard over the plant and Toni, the Hortons' year and-a half old daughter. "We're ready to step up produc

tion to 250 pieces a day," Horton

predicts, and he adds with chuckle, "This isn't much like flying a P-38 in the Pacific." John Jackson, Sr., of Duncan !: Okla., is here visiting his two sons,

John and Hal Jackson and their
