By HENRY G. VERMILLION

Then there was the big trucking magnate from West Texas who almost bought out Barr's Store in Eastland last week end.

This man came in, after making some major purchases at Linkenhoger's where he was known, and started buying whole tables of articles, rows of hats, bolts of yard goods.

He finally wound up the buying spree and offered a check for the bill, which was well up in the hundreds of dollars. The check was refused, and he asked that his identity be checked at Linkenhoger's. It was, and he really was the man he claimed to be. Still, the check was a big one so he was asked to cash it at the bank and bring the money.

He never returned, and further inquiries produced the information that he had been somewhat flighty lately, and apparently had gone off the beam almost entirely here. But his check would have been good.

S. J. Arther, Jr., thinks I ought to write an editorial about the medicine show setting up next to the new Baptist Mexican mission on North Seaman — says such things shouldn't be permitted that close to a church. Arther, who operates a grocery-filling station on North Seaman Street, may be right.

The poor yokel who writes the news stories for The Record didn't realize last week when he was writing that glowing story about peanut crop prospects that if it didn't rain in another week or two peanut prospects would be pretty slim.

The warm, dry weather and drying, sand-blowing winds of the last three or four weeks have combined to make a pretty critical situation for the peanut farmer.

Those who planted peanuts early are all right so far, except for the ones in sandy land who saw the blowing sand cutting off peanut stems at the ground line.

Those who waited a while to plant, as more and more farmers have done in recent years, found the ground too dry to get a good stand up when they did plant, or found it too dry to plant and still waiting as this is written.

This week Lillie Frances Bains, who is known familiarly around the shop at least to certain employees as Lillie Belle, and who ordinarily runs our Linotype machine, is gone, if not forgotten.

Lillie has the mumps, the old-fashioned jaw-swelling kind.

I think I've had the mumps, but not being absolutely positive I've had them on both sides, I'll send long distance best wishes to Lillie, and hopes for a speedy recovery and return.

We've had our front show windows redone the past week or so, the better to display our handsome stock of office supplies at The Record (adv.) and with the new hardwood floors both installed in the windows, I've been thinking about throwing a dance there.

However, considering the nearness of the windows to the prospective dance floors, the size of the floors and the other factors involved, I would have to limit the guest list to midgets, and since I don't know many midgets, maybe I'd better drop the entire project.

Anyway, Mrs. Parker and Rex are now having the windows full of swivel chairs, typewriter tables, stapling machines, desk-side files, and the like, so it would be a little difficult for even midgets to dance here.

Add misnamers: J. D. Still, who operates Still's Jewelry in Eastland, isn't Still, I mean. Of if he still, it's usually somewhere else. Almost every time I go into his store he's gone to El Paso or Denver or somewhere. So I think he should be stiller.

JOHNSONS PURCHASE CAMBERLAIN HOME

Mr. and Mrs. Art Johnson have purchased the home of Don Chamberlain in Hillcrest and plan to move within the next week or so. Mrs. Johnson is doing some remodeling and making a few minor changes, and will move as soon as they are completed.

Merchants To Meet Friday Evening On Trades Days

Merchants of Eastland will meet at the County Courtroom at 8 p. m. Friday to discuss the four-Saturday Eastland trades day program developed by a committee of the Eastland Chamber of Commerce. It was announced this week.

Three or four committee meetings have been held on the project, and it was discussed at the meeting of the Board of Directors of the Chamber of Commerce Wednesday night.

Chief purpose of the trades day program is to bring people into Eastland to trade on Saturday, and under the proposal, a four-page newspaper will be printed each week of the event, telling of special features and carrying advertisements of bargains to be found in Eastland stores.

Special events will include giving away a prize each of the four Saturdays. Prizes to be given have not been chosen, but suggestions have included a calf, a radio, and a refrigerator.

Under present plans, the special Saturdays will begin Saturday, July 12 and continue through the first Saturday in August.

A feature of the event, under present plans, will be developing a farmers market on a lot on Main Street. Victor Cornelius, owner of a lot just east of King Tractor Company, has agreed to donate use of the lot. Under the plan, farmers who wished could bring trucks of produce to the lot and sell it to the public without paying any fees or charges.

King Tractor Leads In Softball League

The King tractor softball team, winner of last year's Eastland City League play, was repeating this week as the Kings led the field with four victories and no losses.

Tied for second place were Lone Star and Cisco with two wins and one loss apiece, and in third place was Olden with a 2-2 record.

Trailing the field were the High School and Blevins Motor teams with three losses apiece and no victories yet.

Cisco will meet the Lone Star entry Friday night, and on Saturday night Blevins Motor is scheduled to meet Gorman here.

To Direct School

Miss Jane Farwell of the National Recreation Association, with headquarters in New York, who will conduct a recreation school in Eastland Aug. 25-29. The school will be sponsored by the County Club Federation and the Home Demonstration Clubs of Eastland County.

RELATIVES VISIT FRANK CASTLEBERRYS

Mr. and Mrs. Winston Castleberry and little daughter, Cindy Lou of Dallas, visited in the home of Mr. and Mrs. Frank Castleberry last week end. Mr. and Mrs. Castleberry returned to Dallas Sunday evening, but Cindy Lou remained for a longer visit with her grandparents and little cousin Karen, and to attend the vacation Bible school now in progress at the Methodist Church.

Rev. W. W. Taylor of Phoenix, Ariz., has been a guest this week in the homes of Mrs. A. F. Taylor, Mr. and Mrs. J. P. Kilgore and Mr. and Mrs. M. H. Perry.

Eastland School Teachers To Get \$28,000 Raise

Linkenhoger Buys Old High School Hill In \$2500 Transaction

Members of the Eastland School Board Wednesday night voted to sell the old high school property to W. W. Linkenhoger on a bid of \$2500.

The property, a city block, is bounded by Commerce, Green, Plummer and Daugherty Streets.

Linkenhoger informed the board that he intends to improve the property, and it was reported he had two separate projects in mind.

The board also authorized School Supt. W. G. Womack to get in touch with prospects for band director in Eastland High School, with a view of having a high school band next school year.

The band was discontinued several years ago because of a need for economy. The director would have other duties in addition to the band, it was said.

Secretary Curtis Hertig told the board that the campaign for sales of warrants for construction of west side stands at the football field has progressed very well, and while a few of the 100 \$50 warrants still are unsold, the sale of the remainder is assured.

Work is to start on the stands as soon as engineers' plans are completed and the balance of the funds from sale of the warrants is on hand, Hertig said Thursday.

School Building Purchase Studied

A plan whereby the Eastland schools would buy a surplus building from Camp Bowie, Brownwood, move it to the high school campus here, erect it and rent it to the Eastland County Vocational School for vocational training purposes was discussed at a meeting of the School Board Wednesday night.

Under the plan, the public school system eventually would fall heir to shop and other equipment to be installed in the building by the vocational school.

The building, to be approximately 45 by 85 feet in size, could be obtained free, it was said, but the schools would have to move it to Eastland, set it up, build a concrete floor and connect it to utilities. Estimated cost was \$3500.

The schools would lease it to the Vocational School, which would install equipment now housed in several places, and also other equipment still to be obtained. After the Vocational School's purpose has been served, the entire setup would go to the public school system and could be used for vocational training of school pupils.

A committee of school board members composed of Norris Wilson, Bob Vaughan, Jack Muirhead and Mrs. James Horton was named to look into the matter.

It was reported that other schools of the county may obtain buildings and lease them to the Vocational School under a similar setup.

Royal Neighbors To Have Party

Members of the Eastland Royal Neighbors met at the Pythian Hall Thursday evening of last week to make plans for a party to be held next Thursday.

Mesdames Milton Hunt and John Hicks were appointed the committee in charge of arrangements for the oracle, Mrs. Wylie Harbin. Mesdames W. C. Marlow and Maude Carter of Abilene, state and district officers, will be here for the party.

Ten members attended the meeting.

Mrs. D. W. Spencer of Lovington, N. M., and Mrs. Gale Clemons of Dayton, Ohio, have been guests in the home of their son and brother, Dr. Rodney E. Spencer and Mrs. Spencer.

Mrs. Wayne Hendrick of Anson returned to her home last Friday after a visit here with her daughter, Mrs. Hollis Bennett, and Mr. Bennett.

Roping Club To Set Up Lights At Field; Calves Purchased

Members of the newly formed Eastland Roping Club met Tuesday night, elected officers, and decided to erect lights at the roping field just west of the Eastland Cemetery.

A. C. Yeager was elected president and Bernard Hanna, secretary.

Some of the club members have been roping at the field on Sunday afternoons for a good while, but the lights will permit night roping on warm summer evenings.

Twenty-three members have signed up so far. Hanna said members are welcomed from anywhere. He said the lights are expected to be up by Friday of next week.

The club has brought 10 part-Brahma calves to use as roping stock.

Johnny Aaron and Lloyd Young appeared before the City Commission Tuesday night on behalf of the club and asked for permission to use the field, which is on city land. The permission was granted, with a lease proposal to be talked about later if no one objects to the roping sessions.

Orchard Field Day Set For Tuesday; Route Announced

An all-day Eastland County orchard tour has been planned for Tuesday, June 17, according to County Agent J. M. Cooper.

The group will leave from Cisco at 9 a. m. and visit 13 fruit and one pecan orchard during the day. The assembly point at Cisco is J. E. Spencer's peach stand, five blocks west of the traffic light.

Purpose of the tour is to study varieties, cultural methods, fertilization, insects and diseases, cover crops winter kill and ripening dates.

Orchards on the itinerary are those of H. A. Bible, apple orchard, George Hicks, J. D. Inabnet, Doss Alexander A. Witt, Ray Agnew, Claud Cox, Henry Scott, H. A. Bible (peach orchard) Dr. W. L. Allen, (pecans) J. E. Spencer, A. P. Broiles, Dallas Jobe and J. B. Jobe and J. B. Elder. Communities included on the tour are Scranton, Nimrod, Pioneer, Rising Star, Carbon, Long Branch, Gorman and Pleasant Hill.

The group will eat lunch at Rising Star.

The extremely cold weather in January materially reduced the peach crop, although the apricot crop that will be ripening in the next few weeks is the largest in years, according to Cooper. A bumper crop of pecans was set this spring, but the case bearer pecan pest is already at work on the pecan crop, Cooper said.

All orchard men from Eastland and nearby counties were invited to participate on the tour.

Paul Gregg, Texas A. and M. Extension entomologist, will be with the group. Tom Denman, horticulturist from the Stephenville Agricultural Experiment Station, and J. W. Foster, Jr., horticulturist of the Texas Fruit Growers Supply Company at Weatherford, have also been invited.

W. S. C. S. Has Study On Yearbook Topic

Members of the W.S.C.S. of the First Methodist Church met Monday afternoon at the church for a year book program titled, "In Wisdom and Stature."

Mrs. C. B. Frost was program leader, and Mrs. Ed Willman talked on "Our Homes For Children."

Sixteen members attended. Next Monday the group will meet at the church at 4 p. m. with the officers of the group meeting at 3 p. m. to prepare quarterly reports.

MARY CROWELL HERE FOR SUMMER

Frank Crowell went to Austin Tuesday to return home with his daughter, Miss Mary Crowell, who will spend the summer here with her parents.

Miss Crowell has been employed in the House of Representatives as stenographer.

Parking Meters Are Proposed To City Commission

Does Eastland want parking meters?

That was the question that came face to face with members of the City Commission Tuesday night, and they were not prepared to face it. So they took no immediate action.

Meeting with the commission was John P. Hall of Dallas, representative of the Magee-Hill Parking Meter Company of Oklahoma City, who demonstrated his firm's latest devices and priced them.

Hall said he had been to Ranger conferring with city officials there on meters. Recently, Cisco had a move to install them, but apparently it was defeated.

Mayor C. T. Lucas said if the city did install them, he would be opposed to placing the meters on the Courthouse side of the streets around the square.

He said he personally would like to see the meters in front of his business place, to give customers a better chance at parking.

Hall demonstrated two types of penny-nickel meters. One takes one penny for 12 minutes, two for 24 minutes, and so on, or a nickel for an hour; the other is the same except it will take two nickels for two hours.

The meters cost \$65 each installed and would be paid for out of half the money they take in, he said.

Nearby towns that recently have installed meters include Ballinger and Stephenville.

Praise Is Given Eastland High

Eastland High School is "serving well the needs of the community and should rank well with the highest types of the size school in the state," according to a report to Frank Sparks, president of the School Board, by G. D. Holbrook, deputy state superintendent of District 8.

Holbrook after an inspection reported that the "Buildings are in good repair and well kept. Needed equipment is provided. Excellent administration and general organization is everywhere in evidence. Teachers are well above average in academic training with assignments in fields of specialization. Course of study well planned. All work is of high standards."

Holbrook recommended that the school continue the present program throughout the system.

He reported that of the 26 teachers in the system, three have five years of teacher training, 15 have four years, and nine have three years.

The report was read at a meeting of the School Board Wednesday night.

Gordon Returned As Methodist Pastor

Rev. E. R. Gordon, returned this week as pastor of the First Methodist Church for another year, in a message from his wife and himself said, "We return to this delightful church and community to give it the best we have and to receive from them blessings that will enhance our lives and make us glad we live in Eastland."

Mr. Gordon, whose work has met with much success during his year in Eastland, said "We sincerely hope we shall never give you cause to regret that the Conference assigned us" to the Eastland church for another year.

P. L. PARKERS HAVE VISITORS

Mrs. Walter Durham of Comanche is here for a visit this week with her parents, Mr. and Mrs. P. L. Parker.

Mr. and Mrs. Parker had as guest in their home Tuesday Mr. Parker's sister, Mrs. Lena Carlton of San Angelo.

Mr. and Mrs. Parker plan to leave Friday for a week end visit in Big Spring with relatives.

C. Of C. To Pass Up Local Celebration On Fourth Of July

Members of the Board of Directors of the Eastland Chamber of Commerce Wednesday night voted against sponsoring any Fourth of July celebration in Eastland this year, and heard from Manager H. J. Tanner that Ranger might be interested in holding a joint celebration for the two towns in future years, to be alternated yearly.

Cisco was contacted on such a plan also, said Tanner, but was not interested.

The directors also heard from J. P. Kilgore a report on meetings of a committee on meat inspection in Eastland, and Kilgore reported that a plan had been worked out for a city ordinance whereby local slaughterers could have meat inspection if they wish.

This would not serve the entire purpose of meat inspection, Kilgore said, but it might help local slaughterers sell their meat on outside markets.

It was pointed out that Eastland has no meat inspection ordinance of any kind now.

City To Adopt Stern Measures On Back Taxes

A decision to be stern with those who owe the City of Eastland delinquent taxes was made at a meeting of the City Commission Tuesday night.

The commissioners voted to mail letters to all delinquent taxpayers saying that names and amounts would be published in the newspapers of Eastland if taxes are not paid in a reasonable time.

The commission also:

Heard a petition from residents in the neighborhood of Stamey's Drive-In on West Main Street asking that something be done about a loud-speaker from the establishment's nickelodeon. Commissioners agreed to send letters to the drive-in and to another establishment with a similar device, asking them to quieten the speakers or face city action.

Voted to authorize City Manager Earl O'Brien to buy light-weight summer uniforms for city policemen.

Agreed to furnish Clyde Benham, dairyman at the southeast edge of town, 15,000 gallons of water a month free, and Benham agreed to pay for all over that amount. He had been getting an unlimited amount free under an old agreement made when the city installed a sewer outlet to the creek just above the place Benham now owns.

Discussed again improvements to the city water system, and agreed to obtain prices on some work that is contemplated.

Recordings Made By Taylor Pupils

A group of students of Mrs. A. F. Taylor met at the high school Wednesday to make recordings of some of the special numbers rendered in the recital Tuesday evening.

Recordings were made of the "Hungarian Rhapsody No. 2" made with four pianos being played by eight pupils as was the "Hungarian Dance No. 6," and "The Dance of Rosebuds" was made by 12 pupils at four pianos.

Twenty-eight pupils participated. Harvey Basham made the recordings.

ELECTRIC POWER CONSUMPTION RISES

AUSTIN—Texas electric power consumption a primary indicator of industrial activity, recovered March losses to show a 3 per cent gain in April, according to The University of Texas Bureau of Business Research.

The Bureau's seasonally-adjusted index soared to 270 placing consumption 170 per cent above pre-war figures. The index of industrial electric power consumption remained fairly steady, registering a fractional drop between March and April.

New State Laws Make Difference; Pay Up 65 Per Cent

Teachers in the Eastland schools will receive salary increases totaling \$28,000 next school year as a result of bills increasing the per capita allotment and equalization aid at the recent session of the Texas Legislature, according to figures compiled by local school officials.

The total school payroll for 27 teachers and administrators in the local schools for the present school year has been \$43,000. Next year, the payroll will be \$71,000.

This is an increase of about 65 per cent, indicating that a teacher receiving \$1500 this year will get \$975 more, or about \$2475, next year.

Salaries and increases are based on a number of things, including years of teaching experience and years of teacher training work done. Thus some teachers will have their salaries nearly doubled, while some will receive smaller increases.

The Legislature increased the per capita apportionment, paid to the schools from state funds on the basis of each student of school age registered, from \$35 to \$55, accounting for about \$16,000 of the local increase.

Highway Body Sets Road Policy

AUSTIN—The State Highway Commission has released details of a new state-wide policy on farm to market roads which will permit an expansion of the present state-operated farm to market road program.

It was explained in the Highway Commission's new policy that federal funds made available by the Postwar Highway Act of 1944 for the construction of secondary or farm to market roads, covering a three year period, have all been earmarked for specific roads throughout the state. Approximately one-half of this work has been placed under contract and, consequently, no additional funds from this source are now available.

The commission's statement also noted that no additional funds on the national or state level have been made available for the expansion of the program of construction of secondary or farm to market roads.

The numerous requests from officials and citizens from all sections of the state for the designation, construction and maintenance of additional farm to market roads indicated the need of some type of additional program to provide at least for the more urgent and immediate needs in the rural areas of Texas.

On behalf of the Highway Commission has been formed to place into operation the new laws passed by the Fifth Legislature relative to this type of road.

Greer pointed out that "a law was passed at this session giving permission for the counties, road districts, etc., and the State Highway Department to enter into a cooperative plan of construction of Farm to Market Roads by a pooling of finances."

He said, "two additional laws were passed that will tend to yield additional revenues for farm to market roads on the county level. One of these covered the distribution of the surplus of the one cent of the gasoline tax that goes to the Board of County and District Road Indebtedness. This law will tend to give more money from this source to the smaller counties of Texas. The other law is the constitutional amendment covering the abolition of the state ad valorem tax and permitting such tax to be assumed by the counties for the construction of farm to market roads and other things."

L. G. Wilhite left Wednesday for Excelsior Springs, Mo., to undergo medical treatment for 10 or 15 days.

O. B. Shero made a short vacation trip to San Antonio the first part of the week.

Pecks Are Visitors With Relatives Here

Mr. and Mrs. E. A. Peck and family of Eagle Pass were Eastland visitors last week. They were house guests of Mrs. Peck's parents, Mr. and Mrs. J. N. Jordan, and were luncheon guests in the home of Mr. and Mrs. Homer Smith while here.

Mrs. B. W. Robertson entertained one evening for them at her home with an old fashioned ice cream party, which 18 friends of Mr. and Mrs. Peck attended.

Mr. and Mrs. Peck were members of a group visiting Judge Clyde Grissom's ranch.

Mr. and Mrs. Peck went from here to Sweetwater, but Josephine stayed over for a longer visit with her grandparents.

Holliday Family Meets For Reunion

The family of Mr. and Mrs. D. P. Holliday gathered for a reunion at the home of Mr. and Mrs. Bill Holliday Sunday and Monday of last week. After the noon day dinner, the group played ball and croquet.

The group enjoyed a picnic at the Ranger Park Monday evening, and on Tuesday evening the group had supper with Mr. and Mrs. L. D. Holliday at Gorman.

Those attending included Mr. and Mrs. Roy Holliday and sons, Kenneth and Gregory of Morton, Mr. and Mrs. Aubrey Holliday and children, Jannie and Deuaine of Ranger, Mr. and Mrs. Bill Holliday and children, Peggy Doyce and Ronnie Glen of Kokomo, Mr. and Mrs. L. D. Holliday of Gorman, Mrs. Perlene Baker and daughter, Carol of Kokomo, and Mr. and Mrs. D. P. Holliday.

Mrs. Marene Johnson will accompany Mr. and Mrs. George Howell to Dallas Friday to attend the Dallas Club garden party and to visit over the week end in the home of Mr. and Mrs. Hart Bowman.

Miss Armstrong, McClarney Wed

Miss Billie Jean Armstrong, daughter of Mr. and Mrs. L. L. Armstrong, and J. D. McClarney were married at the home of the bride's parents May 24.

Rev. H. F. Williams read the ceremony, and Miss Annie Pearl Harris was the bridesmaid. Winford Word served as best man. The couple is at home at 1328 West Main Street.

The bride has been the honoree at several parties. The Co-Ed Club gave a shower for her at the home of Miss Veda Sneed recently. She was honored also by a shower given by friends at the home of her mother, Mrs. Armstrong.

Games were played on the spacious lawn, and refreshments of birthday cake and ice cream was served to Jeanette Caton, Mildred and Dixie Day, Barbara Hightower, Jane Hoffmann, Mary Angeline Vaughan, Carol Ann Hill, Martha and Carl Freese, Sylvia Latham, Buky Shultz and Karen Mullins of Garland, and the honoree, Hester Valentine.

Kendricks Hosts at All-Night Party

Shower Is Given For Mrs. Crossley

Mrs. B. J. Parrish and her mother, Mrs. Don Parker, honored Mrs. M. E. Crossley, Jr., with a stork shower at an informal seated tea at the Woman's Club Friday night of last week.

Guests were registered in the baby book, a gift of Miss Gladys Hoffmann, by Mrs. Rodney Spencer and Mrs. Dillard Morgan. Several

games were played and Mesdames Charles Eaton and Spencer won prizes which they presented to the honoree.

Mrs. Prentiss Jones presided over the refreshment table, laid with a lace cloth and centered with an arrangement of white gladiolas in a little pink bassinnet, and served frosted fruit punch, cookies and nuts. She was assisted by Mesdames Eaton, Jim Galloway and Miss Gladys Hoffmann.

MISS PAGE, ROBERT B. CHILDRESS WED IN DOUBLE RING CEREMONY JUNE 5

MRS. ROBERT B. CHILDRESS

Miss Mary Page, daughter of Mrs. Karl Page, 501 South Dixie Street, and Robert B. Childress of Abilene, son of Mr. and Mrs. Dan Childress, 413 South Dixie Street, were married Thursday evening, June 5, at the home of the bride's mother.

Claude C. Smith, minister of the Church of Christ, read the double ring ceremony before the improvised altar in front of the fireplace in the spacious living room. The mantle was banked with gladiolas and smilax, and tall baskets of gladiolas stood at each side, beside tall candelabra holding white tapers which were lighted preceding the ceremony by Miss Helen Lucas.

The bride, given in marriage by her brother, William Page, wore a gown of white slipper satin made with a long fitted bodice, and a round nylon yoke outlined with seed pearls. The long sleeves tapered to a point over the wrists and the long gathered skirt formed a train. A fingertip illusion veil was held in place by a band of orange blossoms and seed pearls.

Her only jewelry was a single strand of pearls. She carried on

her arm a bouquet made of maroon daisies centered by three small orchids, which served later as a corsage.

Miss Martha June Moorehart played "Always" and "Indian Love Call" and accompanied Mrs. R. J. Tiffany of Abilene, who sang, "I Love You Truly" and "Because."

Miss Nan Mickle of Austin was maid of honor, and wore a gown of pale pink net, and carried a died blue carnation bouquet tied with matching satin ribbon.

Miss Ethel Sparr, bride's maid, wore a blue net dress and carried a bouquet of pink carnations tied with matching satin ribbon.

Miss Lucas wore an all white dress of net and taffeta, with a shoulder corsage of white gardenias.

Hiram Childress of Sweetwater served his brother as best man. Earnest Jones, Jr., of Austin was groomsman and Harold Courtney was usher.

Immediately following the ceremony, a reception was held in the dining room. The three tiered white wedding cake was trimmed with pink rosebuds and was topped by a miniature bride and groom standing under and arch.

Mrs. B. W. Patterson ladled the frosted punch and Mrs. H. L. Peck served the cake after it was cut by the bride and groom.

Dining room decorations were white gladiolas and white candles. Mrs. George Cross and Mrs. E. H. Jones of Weatherford displayed the gifts in the bedrooms. Others in the house party included Mesdames J. W. Courtney, O. O. Mickle and Miss Ann Love.

The bride and groom left immediately for a wedding trip. Mrs. Childress chose for her costume a suit of grey with white accessories.

The couple will be at home in Abilene June 16.

The guest list included only close friends and relatives.

Mrs. C. W. Caudle Honored At Shower

Mrs. Charles Lovelace entertained at the home of her mother, Mrs. Raymond Webb, 402 West Sadosa Street, Friday afternoon of last week honoring Mrs. C. W. Caudle with a stork shower.

Games and contests were played and the pink and blue packages were presented to Mrs. Caudle in a beautifully covered bassinnet.

Refreshment plates were served to about 20 guests.

Miss Taylor Given Announcement Tea

Mrs. Jess Taylor and daughter, Mrs. Russell Turner, and Mrs. Arline Shuster gave an announcement tea honoring Miss May Taylor at the home of Mrs. Taylor, 115 North

Connellee Street, Tuesday evening. Miss Taylor will be married to Edgar A. White of Odessa, son of Mr. and Mrs. Wade White of Carbon July 12 in the home of her parents, and Mr. and Mrs. Turner. About 30 people called during the evening.

I shop for my Silent Gas Refrigerator

—and my family, too, of course!

"AND EVERY TIME I SHOP I'm amazed how much my new gas refrigerator influences my market basket selections. It's a pleasure to get lots of good-looking frozen foods, knowing that the frozen food compartment will store them easily."

1947 SILENT GAS REFRIGERATORS have a frozen food compartment so BIG you can store a bushel (60 standard packages) of frozen meats, vegetables, and fruits. Servel gas refrigerator owners can also return from market with a week's supply of fresh meats, vegetables and nutritious fruits completely confident that this meal planner's best friend will keep them temptingly perfect for the family table.

"SELECTING A GAS REFRIGERATOR was a budget victory, too! It's the only refrigerator with no moving parts in its freezing system to wear, to get noisy or to need repair. The Ten Year Unconditional Guarantee tells me that I'm going to have years of dependable, economical and worry-free service from my gas refrigerator."

YOU, TOO, can enjoy the convenience, dependability and economy of the Silent Gas Refrigerator. Ask about the Purchase Priority Plan for earliest possible delivery.

MORE FOOD NEEDS MORE PROTECTION DURING VACATION DAYS Now that schools are out and children are at home all day every day, electric refrigerators are faced with the tough job of providing more protection for more food. In addition, little folks playing in the yard get thirsty and hungry often and, of course, make a dash for the electric refrigerator. This causes refrigerator doors to be opened far more often than under normal conditions and adds considerably to the work the refrigerator is called on to do. You can help your electric refrigerator get through these trying vacation days with flying colors if you'll give it proper care—regular defrosting, as often as is necessary, and having needed adjustments or repairs made promptly. Are you on a party line? If you have a party-line telephone, here's a suggestion... Party-line service is best when everyone on the line is thoughtful and courteous. You can get the most value from your party line by doing these simple things: 1. Keep your calls short and space them as much as possible. That will give the other fellow a chance to call, or be called. 2. Hang up quietly if the line is in use when you try to call. Wait awhile before calling again. 3. See that everyone in the family does his or her part at observing party-line telephone courtesy. INDIVIDUAL LINES for all who want them will be available after we have served all the people waiting for telephones. That's our first job now—and it's a big job! When it's finished, we can begin to install the equipment needed to give people the kind of service they want and need. SOUTHWESTERN BELL TELEPHONE CO.
