Make a Note OF THESE Lightning Tips! For bright and cheerful living in your home, you need plenty of the right kind of light. Floor lamps, table lamps, decorative lamps and all sizes and types of lamp bulbs are available now—see your electrical dealer. These timely suggestions will help you have better light: 1. Clean your new lamp bowls and lamp bulbs frequently. You'll get 25 to 30 per cent more light. 2. Select lamps with white shades or shades with white linings. Repaint them or relace them when they become soiled. Dark shades waste light. 3. Sit close enough to the lamp to get all the help it can give your eyes. A difference of a few inches may mean 50 per cent less light. 4. Avoid direct glare from lamp bulbs or bowl by using shades that are deep enough and big enough. 5. Arrange lamps and furniture so each lamp can serve two or more people, if possible. 6. Place each lamp so it puts no glare in the eyes of persons using it. TEXAS ELECTRIC SERVICE COMPANY

CIVIC LEAGUE'S LUNCHEON HAS 150 ATTENDING

The long tables were laid with white and decorated with varicolored dahlias, long sprays of pink queen's wreath and green vines. Interspersed at intervals down the several tables were dolls dressed in a variety of costumes depicting each season of the year. The speakers' table at which were seated the officers and committee chairwomen was at one end of the long banquet room, and the centerpiece was a bridal doll with her attendants.

Mrs. Frank Hightower, president, presided over a short business session which included the voting of the sum of \$100 to be paid on the band master's salary for this year. A large grandfather's clock was placed in the center of the room which told the time of day when the costumes were to be worn. Mrs. Owen provided incidental music during the "Round-the-Clock Show." Beginning with eight in the morning, robes, pajamas and gowns were shown. Next, the every purpose dresses were shown, including the new sable brown dress which was awarded the prize of the year.

Coats included dyed China mink and a Kelly green wool with gray squirrel lock, made tuxedo style. Gabardines in gray, worn with a winter white fur felt, royal blue, worn with black, and a brown worn with an aqua felt sailor, followed. Other suits were gray and black pin stripes, tiny black and white pin check, worn with a wine hat, and baum martin scarf.

a two-piece red flannel dress, a royal blue two-piece wool with pleated skirt, a green plaid coat with a green two-piece dress and a palomino button-down corduroy, worn with a green hat.

For five o'clock, dressy suits and tea dresses were shown in black crepe with a feather hat, a gray crepe, a black broadcloth dress suit, a black faille suit, a vermilion red and a royal purple dress.

For evening, there were net skirts with hoops, black moire taffeta trimmed with green ribbon bows, sophisticated white two-piece with sequins, plaid taffeta with side drapery approaching bustles, a soft black chiffon, a pale blue crepe with accordion pleated skirt, black crepe with a pink inset and sequins with three-quarter puffed sleeves, striped changeable taffeta with a ruff around the boatneck line, blue crepe with side drapery, and black velvet with a black lace yolk and pink underbody and side draperies.

Flood Damage Runs High On Leon, Report Discloses

Fort Worth — Flood damage in the watershed of the Little River, tributary of the Brazos, averages \$7,421,000 a year.

This was reported by the U.S. Soil Conservation Service after completion of a flood control survey of the five million-acre watershed, a 200-mile-long rectangular area with corners at Ranger, Cisco, Taylor and Cameron.

Louis P. Merrill, regional conservator of the Soil Conservation Service, said that a report based on the survey would be submitted to the secretary of agriculture. If approved, the report will go to Congress, which will decide whether funds should be appropriated for flood control work, Merrill explained.

Agricultural property suffers 98 per cent of the total damage, the survey disclosed. Ninety-three per cent of the agricultural damage is done to crops and averages \$6,595,000 a year. Floods wash out crops of cotton, corn, grain sorghums and small grains while they are growing and damage harvested crops still on the field.

Other agricultural damage averages \$328,000 this including damage to fences and farm buildings and injury to livestock. Damage to roads, bridges and public utility property averages \$149,000 annually, scouring of bottomland fields, \$305,000, and silting of bottomland \$25,000, according to the survey. No attempt was made to put a dollar value of the large volume of topsoil washed away every year by floods.

The average annual damage figures were broken down for the streams of the watershed as follows:

- Upper Leon River (Ranger, Comanche, Eastland, DeLeon, Cisco, Dublin area), \$678,000; South Leon (Comanche), \$110,000; Lower Leon (Hamilton, Gatesville, Belton), \$1,331,000; Cowhouse (Belton, Gatesville), \$277,000; Lampasas (Lometa, Lampasas), \$479,000; San Gabriel (Georgetown, Taylor), \$475,000; Elm (Temple), \$993,000; Brushy (Taylor, Roundrock), \$1,794,000; and Little River (Holland, Cameron, Rockdale, Temple), \$1,282,000.

Farmers were the major source of the facts on flood damage, Merrill said.

Begun in 1942 and interrupted by the war, the flood control survey was resumed in September, 1946. It was undertaken to find out whether intensive treatment of agricultural land to aid in flood control would be economically sound, Merrill stated. Congress, he added, will determine that point.

The Little River has a long record of damaging floods. The most disastrous occurred in September, 1921, when a day's deluge of 23 inches caused a flood that took the lives of 164 persons and caused property and land damage estimated at \$12,640,000.

SIDE ISSUES...

(Continued From Page One)

he was concerned, that the Police Department would sponsor a circus.

The show started off wrong by broadcasting passes among school children with the inscription that the ticket and 15 cents would entitle the holder to admission to the afternoon show.

But at the gate they wouldn't honor the tickets, but wanted and demanded 35 cents instead.

And at night, holders of passes and general admission tickets were confronted at the tent gate by a reserved seat ticket seller who said all seats were reserved and demanded 65 cents more. However, the police intervened to get a general admission section opened.

The show itself was typical of the smallest circuses—I wouldn't lift a finger to see one if it were't for my kids—but the "gyp the hicks" attitude of the management was something that should be swallowed not more than once.

The football game here with Masonic Home was so successful that there already is agitation, especially among Masons, for another contest between Eastland and the Mighty Mites next year.

Since Masonic Home has no home field, the game could be played in Eastland again, and I'll bet there would be more people at the game that there were this year—although this year's 1300-plus paid attendance was no slouch, considering that Masonic Home brought few rooters from Fort Worth.

The Moslah Temple Shrine

Drum and Bugle Corps added a lot of color to the game also. Art Ford was drum major, and Price Griffith president of the corps, with Marvin Mabry and Morgan Townsend Divan representatives of the Fort Worth Shrine temple.

Local Shriners, including L. E. Thompson, Norris Wilson, L. E. McGraw, C. C. Cornelius, H. L. King, Don Hill and H. B. Edwards said they would guarantee a bigger ticket sale next year than this, if the two teams meet.

6000 Take Part In League Baseball

AUSTIN — Six thousand Texas high school boys took part during the summer in the first baseball competition sponsored by the University of Texas Interscholastic League.

Sixty-one districts were set up, and 469 schools enrolled, Rodney J. Kidd, athletic director, said.

Softer Miles and Safer Miles

..Thanks to Buick's Safety-Ride rims

You sense it right from the first in the way your Buick handles. You feel it not only in the cloud-soft ride of this big beauty, but in the way it seems to lean into the curves, the way it holds its "track," answers unflinchingly to your touch on the wheel.

The reason? Simply that even before the war, Buick found a way to get greater softness and greater safety from standard-size tires that are available anywhere.

Put a Buick wheel beside a wheel from other cars, and you see at once that Buick rims are wider.

In fact, they are an inch to an inch and a half wider — from 20% to 33%.

By this simple step, standard-size tires of any make are given greater air capacity. This permits lower air pressure and the softer ride that naturally comes from traveling on 25 pounds instead of 30.

In addition, widening the base of the tires gives bracing against side-thrust, as your legs brace you when you stand with feet apart. This checks sideways and the tendency of a tire to "roll under" on sharp or fast turns.

Furthermore, the tread is flattened. More rubber is put on the road. More rubber means more traction — more braking power — more resistance to skidding — far, far better car control.

And you have only to compare the handling of a Buick with any other car to see the result. . . .

You travel with a soft, level buoyancy that is Buick's own.

You seem to feel your car leaning into the curves, like a race horse coming into the stretch, instead of swaying outward. You come out of fast emergency swerves straight and true, with no wheel fight to keep your car on course.

You start, stop, accelerate and turn with a sure-footedness that keeps driving tension away, lets you enjoy Buick's soft comfort to the full.

And all this has been true of every Buick built since before the war, with no change in factory-installed tires.

Check up and see. For a softer ride that is also a safer and surer one — get your order in now for a Buick. We'll take it whether or not you have a car to trade.

ONLY BUICK HAS SAFETY-RIDE RIMS

AVOID THIS

On fast turns, tires on ordinary rims "roll under" like this, sometimes almost riding the sidewalls. Buick's wider Safety-Ride rims check this.

There's more rubber on the road with Safety-Ride rims. Result: More traction, better braking, better car control, more skid prevention.

gram and everyone enjoyed it. After the program Mr. Little presented the Senior captains, Lewis Crossley, Johnny Hicks, and Bobby Blair, the football used in the Ranger game. The captains then presented the football to Mr. Womack to be put in the trophy cabinet.

NEW PRINCIPAL

Eastland High School is very fortunate to have W. P. Jones for their principal. He received his B. S. Degree at A. & M. and his M. S. Degree at North Texas State Teachers College at Denton and I might add that he is still an Aggie at heart.

Mr. Jones had fifteen years teaching experience, and is very well prepared to teach here. He served three and a half years in the army and was County Superintendent for fourteen months with Mr. Smith. He resigned July 26, 1947 to become principal of E.H.S.

There is nothing he had rather do than read international politics in world history. He enjoys all sports, and is interested in any activity that concerns the E.H.S. students. We all want to welcome Mr. Jones, and we hope that he will be with us for a long time.

BAND PLAYS SOON

As every one knows Eastland High School has a new band and also a new band director, Mr. Atwood. He is doing a wonderful job of teaching the new members how to read music. There is over fifty pieces in the band and he is expecting about ten or twenty more.

The band has twirlers and also a drum major, Stanley Stephens. The High School is furnishing the band uniforms and the twirler uniforms. This is something new for Eastland but if every one will back it up they will soon be very proud of it and the progress it has made.

The band members, with the consent of Mr. Womack are going to clean up the band room. Mr. Womack told Mr. Atwood that the school would furnish the kemtone if the members would do the painting. The curtains are going to be cleaned and all the rooms are going to be cleaned.

The members that want to help are supposed to be here Saturday morning at nine o'clock.

For the girl's information, maybe some of the boys will help. It will be painted blue and someone will paint black notes around the top border. All the students of E.H.S. can be proud of their band room after Saturday, thanks to Mr. Womack, Mr. Atwood and the band members that help.

BOYS' HOMEMAKING

The sweet aroma coming from the third floor the past week was the result of the boy's homemaking class swinging into action.

The first day in the laboratory was for the purpose of making fudge. Some of this fudge turned out to be very delicious to the delight of many teachers and students who got to taste it.

As the boys advanced in knowledge and skill they began cooking such things as biscuits and muffins. By mid term any one of these boys are expected to be efficient enough to make anyone a good housewife.

This class is the only one that all the "gold-star boys" are in, which is a great credit to the class.

FRESHMAN HOMEMAKING

The first year homemaking girls really seem to be enjoying this course. The girls have been studying good management, general rules for the kitchen and breakfast cereals. The State Fair seems to be on the minds of the class now and this subject has been discussed in classes. Everyone is really looking forward to happy days in homemaking. The homemaking class is going to the Dallas Fair. The class has chartered a bus and they will be given a luncheon. This trip is under the supervision of Miss Loretta Morris homemaking teacher.

SOCIALITE CLUB

The Socialite Club met Tuesday in the home of Jane Hart. They discussed new and old business.

Refreshments of cokes and cookies were served to the following members, Mrs. Young, Lonnie Young, Janiel Day, Nancy Freyschlag, Paula Harvey, Maxine Lambert, Virginia Spence, Christina Arther, Cuva Williams, Betty Bennett, Beth Hurt and the hostesses Mrs. Hart and Jane.

The next meeting will be held in the home of Nancy Freyschlag.

LATIN CLUB

The Latin Club, composed of second year Latin students and Mrs. Whatley, had its first meeting Friday, Sept. 26. The meeting was during second period which is generally their class period.

A play, selected by Paula Harvey, was given. There were five characters in the play which read their parts. The characters had the Latin and then the English of costumes which were almost like original Roman clothes.

Also on the program were jokes in Latin, a quiz program, and a discussion of Latin.

Fudge, made by Jane and Christina was served to Bob, Stanley, Nancy, Paula, Janeil, Jane, Christina, and Mrs. Whatley.

The students are looking forward to their next meeting.

SOPHOMORE SPOTLIGHT

This week the Sophomore spotlight turns its bright gleam on a cute little blonde, blue eyed, sophomore girl. She is 5' 3" tall and weighs 90 pounds. She has fun at school and Algebra is her favorite subject. Mr. Jones is her favorite teacher and that's not surprising as Mr. Jones is popular with all the class. Although you wouldn't think it she loves food and on Thanksgiving really crams turkey and dressing in. Her favorite picture 'The Best Years of Our Lives' and her actor and acters are Robert Mitchum and Greer Garson. Her favorite song is "Dancing With a Deb" and Bing Crosby is her favorite singer. She loves to watch football games and although she likes no special boy, she thinks all the football boys are mighty cute. You should have guessed who she is by now, it's Virginia Spence.

RIP AND SIP

The Rip and Sip club met Tuesday night at Eastland High School. The remainder of the officers were elected. Jo Ann Harden, president, Betty Grimes, secretary-treasurer, Shirley Hightower, reporter, Charlotte Van Hoy parliamentarian, and Virginia Wright historian. They played games, then the meeting was adjourned.

Those present were Beth Hurt, Jo Ann Harden, Betty Grimes, Betty Allison, Evelyn Ward, Jessie Whaley, Charlotte Van Hoy, Monette Scott, Neta Fay Messengale, Virginia Wright, Ferne Shaffer, Barbara Dick, Shirley Hightower and Miss Morris.

Preparations were made for the trip to Dallas the 4th.

EX-STUDENT RECEIVES HONORS

"Teach" Johnson recently received a letter from Mrs. G. D. Jones of Durant, Oklahoma, informing her that Charles Lee, an

Eastland High School graduate has received his commission as cadet-Major, second in command of the Second Regiment of cadets at A. & M. College. This is indeed an honor, and we at E.H.S. are very proud of our former student.

Charles is a senior and expects to receive his B. S. degree with a pre-med major next summer. We are always glad to receive news concerning our former classmates and especially to hear of such an honor. We also remember Mrs. Jones was a former teacher "on the hill."

SUB DEB MEETING

Wednesday, Sept. 24, the Sub Deb Club met in the home of Shirley Frazer, Mary Wilt, president, called the meeting to order, and the secretary collected dues and made a treasurer's report. The buying of club pens was discussed and it was decided that we send to another company for samples. Various business matters were discussed, and the meeting was adjourned.

Refreshments of sandwiches, donuts, and punch were served to Mrs. Ima Ruth Taylor, Sandy and Jan Taylor, Jerry Spence, Laverne Cornelius, Betty Pickens, Naomi Wood, Merrie Dawn Warren, Joyce Armstrong, Mary Wilt, Betty Harkrider, Marilyn Witttrup, Jan Spalding, Mary Halkias, and hostess Shirley.

JUNIOR SPOTLIGHT

Going down through the members of the mighty Junior Class this week, the spotlight stops and shines on a very prominent member—the vice president. He is a good looking, black-haired, gray-eyed Maverick, who is 5 ft. 10 inches tall, weighs 162 pounds is 15 years old, and is number 28 on our mighty football team. Football is at the head of his sports list and after that he enjoys swimming, and hunting. He has a long list of favorites, and among them are. Humphrey Bo-

gart, Ester Williams, "Tallahasse," The Beginning or the End, airplanes, chicken fried steak, physics, Miss Johnson and sleep—but he doesn't like spaghetti or classical music. This swell Junior wants very much to be a surgeon.

By now, you should know this is the one and only Jerry Max Lasaster, otherwise known as "Eller."

FRESHMAN SPOTLIGHT

The freshman spotlight shines this week on the vice-president of the class. She is Charlotte Van Hoy, who is 5 ft. 5 1/2 inches tall, weighs 107 pounds and has light brown hair, blue eyes.

Her favorite song is "I wish I Didn't Love You So," actor, Burt Lancaster, actress, Barbara Stan-

wyck and movie, "You Come Along." Charlotte's favorite food is chop suey, color is green, and she likes nothing better than watching favorite pastime is listening to the Mavericks play football. Her radio. Charlotte is a cute little blue-eyed girl.

She is a member of the Double Seven and Rip and Sip Clubs.

The attractive, rugged front-end design, upper left, presents a streamlined grille with encircling bar of heavy bumper stock projecting top and sides. The de luxe cab, upper right, introduces rear quarter corner windows, an outstanding advancement in better visibility. Both standard and de luxe cabs feature increased roominess, improved appointments, more comfortable seats, improved insulation and ventilation. The new GMC line offers stake (illustrated), pickup, panel, platform, canopy express and tractor models, plus many chassis types up to 20,000 pounds gross vehicle weight.

Mavericks...

(Continued From Page One)

Another play carried to the 8 and Blair battered the rest of the way to score. Blair intercepted a De Leon pass and carried to the 30 as the half ended.

If Eastland had it all over De Leon in the first half, the second was a rout, as Maverick Linemen Wayne Lambert, Dwain Lusk, Jack Kelley, Lewis Crossley, Crawford, Winfred Ward, Bill Hardeman et al wore down their De Leon opposites.

De Leon held for downs after Eastland received the third quarter kickoff and Mathews swiveled 31 yards to the De Leon 20, and then Blair plunged to the 9. Eastland was penalized to the 24 for holding, and despite a fine run to the 6 by Hicks, lost the ball. But Page's kick out was short, and Mathews returned it to the De Leon 27, from whence he raced for a touchdown on the next play. Hicks kicked the point to make it 26 to 0.

Soon, Jack Kelley intercepted a De Leon pass on the Bearcats' 31, a De Leon lad retaliated by intercepting an Eastland pass on the 21, and Blair intercepted a pass and returned to the De Leon 22. Johnny Hicks took the ball on the 18 and ran to the 3, from where Jack Chamberlain carried over and Blair kicked the point.

The pattern was repeated very soon as Eastland second stringers, for the most part, carried on. Chamberlain intercepted a pass and returned to the De Leon 20, Dick Sparks went to the 17, Blair to the 11. Mathews to the 9 and Chamberlain drove on across. This time Mathews kicked the point. In the closing seconds of the game, Jim Smith got his glory as the second string Eastland back raced 56 yards for a touchdown after Sparks had intercepted a desperate De Leon pass.

And that marked the downfall of De Leon, which had played Eastland on desperately even terms for the three previous seasons.

Mr. and Mrs. A. H. Earnest spent last week end in Dallas.

Johnnie Collins, son of Mr. and Mrs. J. F. Collins, underwent an appendectomy at a Ranger hospital Monday afternoon. He is reported to be doing fine.

Mrs. Marene Johnson had as her guests Wednesday Mrs. Grover C. Johnson of Wichita Falls and Mrs. J. P. Vineyard of Helena, Ark.
