Altman's Fire Lose Runs Into Thousands Of Dollars

Stronger Warning Given On Racing To Eastland Fires

Failure of Eastland residents to heed previous warnings about following fire trucks to the scene of fires, and loss of \$600 worth of hose that was run over by spectators, brought a warning this week by Mayor C. T. Lucas that prosecution and fines will follow such law violations in the future.

Lucas pointed out that the new traffic safety code has a provision specifically prohibiting anyone except volunteer firemen or other such officially recognized persons from converging on the scene of fires.

Lucas said these rules should be followed:

Drivers should pull their cars to the curb when they hear the truck siren, and stay there until the truck or trucks are well past.

Those who have been going to the scene of a fire out of curiosity should stay back.

Those approaching the scene of a fire for any reason should not park closer than 500 feet—two blocks—from the fire.

No one under any circumstances should run over a fire hose.

Anyone violating the provisions following the trucks to a fire will be fined \$5.00, and anyone running over fire hose will be fined \$25, the mayor said.

Lucas said that eight 50-foot lengths of fire hose valued at \$600 were ruined by being run over by cars at the three fires at Altman's Store, garage owned by Mrs. Annita Ligon, and Mrs. Ella Ligon, and a playhouse owned by Mrs. Muirhead.

Furthermore congestion of cars was great at the latter two fires. If additional fire equipment had been needed, it could not have arrived in time to help.

Muirhead, informed there was a gas leak at his home, could not get out of his house because of the congestion of cars in the neighborhood.

Lucas said five volunteer firemen will be delegated to take license numbers of cars to the scene of fires, and those of those not supposed to be there will be fined.

And Captains Appear On Radio

High School Football Coach E. Little and Co-Captains Crossley, Johnny Hicks and Blair will go on the air Friday.

They will be presented on a program by the new Breckinridge station, KSTB, which is broadcasting such a program each Friday during football season.

Mavericks To Play Second District Contest At Dublin

Smarting from a 26 to 6 licking at the hands of big, tough Ballinger, the Eastland Mavericks will seek their second district victory of the season in a game at Dublin Friday night.

The Mavericks will be favored to win handily, since Dublin has shown no particular spark so far this year.

All of Eastland's players were in pretty good shape this week after absorbing a beating in the Ballinger game, except Dwain Lusk, who received a pulled ligament when he was clipped late in the game.

Lusk will be out for two or three weeks, doctors said.

The Ballinger-Eastland contest had been hailed as a possible preview of the bi-district game, since Eastland and Ballinger are favored in their respective districts, but a lot of spectators and some of the players felt after Friday's encounter that they had just as soon not go through the carnage again. And they may not, since Coleman may knock off Ballinger, in District 9-A, and Eastland could be upset.

Not that Eastland was overwhelmed. Startlingly, the Mavericks made 14 first downs to Ballinger's 18—an improbable total of 32 first downs in a 48-minute game.

But the Eastland boys had it rough and no mistake, against the college-sized Ballinger tackles, center and fullback.

And there was no doubt that Ballinger was ready and more than ready for the game, while there was some doubt about Eastland. The Ballinger coach, Waymon Wilson, said later that his team played its best game of the year against Eastland.

The Bearcats started off with a rush after taking the kickoff and drove to the Eastland 2 after five first downs, only to lose the ball on a touchback after a Maverick recovered a fumble over the goal line.

Eastland promptly reeled off three first downs to drive to the Ballinger 24 on runs mostly by Blair and Mathews, but lost the ball, and that ended the quarter with no scores yet. Ballinger then picked up three first downs in a march to the Eastland 31, and fumbled again and Eastland recovered.

But then Eastland could not go, and when Mathews' kick was blocked, the Bearcats got the ball on the Eastland 9 and drove on over, with Hill going the last three yards.

Eastland got the ball and again was forced to punt. This time Ballinger got the ball on its 37 and in seven plays drove over the Eastland goal, with Black carrying across on a bootleg play from the 11.

Ballinger drove to the Eastland 19 as the half ended after recovering a Blair fumble.

Eastland had another kick blocked soon after the second half started, but Ballinger was off.

Calf Roping Club Disbands For Present

The Eastland Calf Roping Club, about which such a turmoil revolved in the late summer when residents of the neighborhood in which the club operated objected, has been dissolved, the stock sold, and members have received checks almost amounting to the sums they contributed, it was said this week.

Several members said they did not know the current status of an attempt made last week by L. S. Young of the club to obtain a new roping club site east of the Eastland Cemetery.

The former site, west of the cemetery, was sold several weeks ago by the city, to wipe out all possibility of any future controversy over its use. Albert S. Werner bought the land, and has moved a house on one of the lots.

The City Commission promised Young a site east of the cemetery, near the course of the old Eastland, Wichita Falls and Gulf Railroad. Young said he would have to confer with other club officers before he could accept the offer, which was made with certain conditions.

New Home Building Spurts In Eastland

Side Issues

By HENRY G. VERMILLION

Everyone has his pet peeves, and one of mine is salemen on Thursday.

Now Thursday is our busiest day in the week in the Record office, because we're busy getting out this week's paper, almost every Thursday.

So I'm sitting here busily pecking away at my Underwood when in breezes a salemen who wants to dispose of gum tape machines, or black market newsprint, or ink, or boxed paper, or cardboard, or something.

And I have to stop and tell him I don't want any, or talk to him about whether I do or not, or buy some. And then sit down again. And then here comes another.

It may well be that the flow in and out of my office is just about as swift on other days. I don't know, because I'm usually not here much.

Or it may be that they know they'll catch me on Thursday.

Anyway, it's always been that way, and if anyone comes in the office on Thursday and I scowl, it's not because I'm mad at you. It's just that I've entertained another salemen.

Probably very few of you ever stop to think of it, but every week that goes by in which Eastland County does not have the county unit system of road building and maintenance, is another week in which county funds are being wasted.

They are being wasted because centralized supervision and planning of the county's roads, and centralized purchasing and maintenance of the county's road machinery could save money by chunks and heaps.

Proof? Every county in Texas that has tried the plan.

Cattle and other livestock are being sold off daily by the stock farmers of Eastland County because of the drought, and someone suggested that Sig Faircloth had better be prepared to handle some skinny stuff when he opens his new sales barn soon.

Blue skies continue to smile daily on this section of the state, and as far as I'm concerned, I've never seen a prettier early fall, except that I haven't enjoyed it as much as I would have had it rained a month or so earlier.

Stockmen need water and the weeds that a rain would bring up, and farmers need rain to prepare fields for winter crop planting, and for winter grains.

And we all need it for a morale booster.

Every week after his team had won its football victory, the Eastland Lions Club had been giving member Johnny Little, who coaches the Eastland Mavericks, a hand.

So last week, even though his team had lost to Ballinger 26-6 in its first 1947 defeat, the club still gave Little a hand.

Right sporting, I'd say. And I've always thought it a shame that so few towns will back up losing football teams. Because they all have to lose sometime.

Been bothered with mosquitoes? So have we.

It all came out at the City Commission meeting last week, as this column earlier had said. The mosquitoes are being bred in the city storm sewers, said Mayor C. T. Lucas and City Commissioner Spike Uffelman.

Lucas said that in some years past, a full-time "mosquito" man had been on the city payroll to control the pests. But this year, with almost no rains, it has been a part time job, he said.

The commission agreed to try to eliminate the little pests. But this week, they were still buzzing.

Sharon Adams of Loraine spent Monday with his father, E. J. Adams, en route to Weatherford on business.

Mr. and Mrs. Elmo Higginbotham visited in Wichita Falls last week end.

550 Attend Annual Eastland Barbecue Of Stock Raisers

Approximately 550 persons, the largest crowd yet, attended the annual barbecue of the Eastland County Livestock Raisers Association in Eastland City Park Wednesday night, at the excellent barbecue, did a lot of visiting, and enjoyed a short program.

In the program, Fred Brown acted as master of ceremonies, and welcomed all those in attendance, mentioned how good it was to get together annually for something everyone could enjoy, and introduced Virgil Seabury, Eastland attorney, who gave a brief history of the association.

Then Dr. C. M. Patterson, young Eastland veterinarian, talked on the care of livestock in this area, stressing the need for spraying and otherwise treating stock to eliminate insect parasites.

Brown wound up the program by inviting everyone to join the organization for another year, and to come back next year.

Following the program, new members were signed up at \$3 per year, and Thursday, County Agent J. M. Cooper said that 136 new members were signed up and paid \$408 in membership dues.

The dues finance the organization through the year, and pay for the annual barbecue.

Stock raisers from all over the county and from adjacent counties were present, as were business and professional men and office holders from the towns of Eastland County, principally Eastland.

Chamber of Commerce Secretary H. J. Tanner, who arranged many of the details of the barbecue, said the new barbecue pit hastily constructed by city workers so it would be ready in time, did the job splendidly.

Dr. Caton To Lead Medical Society

Members of the Eastland-Callahan Medical Society and Auxiliary met in Eastland at the Connellee Hotel in separate meetings last Tuesday evening.

The medical group heard Dr. Sydney E. Stout of Fort Worth speak on "The diagnosis and Treatment of Typhus Fever," and Dr. J. Mack Lawson of Fort Worth speak on "The Diagnosis and Treatment of Breast Tumor," following a dinner on the Connellee Roof Garden.

In a short business session presided over by Dr. M. L. Stubblefield of Baird, the group elected Dr. J. H. Caton of Eastland as president and Dr. E. E. Addy, Jr., of Cisco as vice president, and re-elected Dr. Stubblefield as secretary and treasurer. Dr. C. W. Harris of Ranger was elected counselor.

More than 25 members attended. The next meeting of the group will be in Eastland, in December with the meeting place and date to be announced later.

The auxiliary group had dinner in the coffee shop, with a business meeting following the meal in which the group elected Mrs. E. R. Townsend as president and Mrs. E. E. Addy, Jr., of Cisco as secretary and treasurer.

The group discussed and accepted the constitution and by laws.

O. N. Justice Opens Watch Repair Shop

O. N. Justice, who formerly owned a chain of jewelry stores in the Permian Basin area of West Texas and more recently has been located in Llano, has opened a watch repair shop on the balcony of Eastland Drug Store.

Justice formerly lived in Carbon, and is the brother of Mrs. V. E. Vessels of Eastland.

Mrs. S. E. Price, 409 South Seaman, is a patient in a Ranger hospital, where she underwent major surgery Monday. Mrs. Price was reported to be improving nicely.

Cotton Pickers Picked Up For Car Theft

Fay Smith and Johnny Johnson, Alabamians who had come to Texas to pick cotton, were arrested in Cisco Wednesday night by Constable J. L. Black on charges of driving while intoxicated, and Thursday were turned over to Sheriff W. L. Sample and Police Chief A. D. Roy of Sweetwater on charges of car theft.

The men were alleged to have stolen the car they were driving in Sweetwater earlier in the day Wednesday.

Charges Fly After Eastland Airport Operators Quit

Charges and counter-charges over the operation of the Eastland Airport were hurled this week as the city, owner of the airport, and Nathan Howell and his step-father, Hart Bowman, operators under a lease, apparently headed for litigation over the lease.

Howell said Monday that he was abandoning the airport, which he had managed in conjunction with a flying school for GI students and others, and charged the city with bad faith in (1) trying to lease the field to the Eastland County Vocational school, and (2) failing to fix the main hangar door for four and a half months after it got out of fix, and (3) failing to provide promised field lights and an administration building.

On the other side, Mayor C. T. Lucas said that Howell and his brother, George, former manager, had consistently failed to keep up their rental payments as provided by contract, and charged that Howell was throwing out a smoke screen to provide an excuse for breaking his lease.

Lucas said City Manager Earl O'Brien had been instructed to get City Attorney Frank Sparks to file suit against Howell and Bowman for all back rent and gasoline payments, and for payment in full for the two remaining years of the lease.

The lease amounted to \$75 per month, with three cents per gallon of gasoline sales to be paid the city.

Howell said he was going to Dallas for the present, but might come back and operate the airport and a flying school at Cisco.

Bryant Recovering After Head-on Crash

Truman Bryant of Olden, injured seriously in an automobile accident Monday night just outside Eastland on the Cisco highway, was reported gradually improving Thursday from multiple injuries, including a double jaw fracture, several broken ribs and others. He was in the Eastland Hospital.

H. T. Hunt of Eastland, driver of a milk truck which hit Bryant's car head on, was held in the Eastland County jail in lieu of \$1100 bond on charges of aggravated assault with a motor vehicle, driving while intoxicated and driving on the wrong side of the highway.

Hunt was coming toward Eastland from Abilene when the truck and car collided near Frank Spark's home.

Schools To Present Grand Opera Oct. 31

A grand opera, a rare thing in Eastland, will be presented on the stage of the Eastland High School auditorium at 1:30 p. m. Saturday, Oct. 31, it was announced by school officials.

The opera will be "Barber of Seville," which as grand operas go is the lightest and funniest of them all.

The affair will be presented by the United Artists of Grand Opera under direction of Louis Gardella of Chicago.

According to school officials, the fact that the company's tour is being underwritten by a "philanthropist" who loves opera makes the admission prices of 75 cents for adults and 50 cents for children, possible.

Many New Houses Are In Prospect; Several Started

The home building industry in Eastland, long sadly neglected, was picking up this week as a number of builders got into the field.

The Fields Brothers of Cisco, John W. and Esen, said they hoped to get started Monday on the first of a number of frame FHA approved dwellings to be built in Eastland.

The first will be constructed in Hillcrest Addition, they said. Plans are complete, but materials possibly could hold up the starting date, they said.

Pearson Grimes, who started one house on South Dixie Street before he ran into difficulty getting FHA approval, Thursday was supervising unloading of a pre-fabricated three-room house which he plans to sell erected or un-erected. Grimes' main plans, however, are for erecting a large number of FHA approved dwellings. His brother at Cleveland, Texas, operator of a lumber mill, is to send him lumber in pre-cut lengths for erection of the homes.

Carl Butler, Olden contractor, is at work on the first of a number of FHA approved homes for veterans. The first is the home being built for County Treasurer G. A. Fox, Jr., on North Walnut Street, on which construction is well under way.

R. L. Perkins, manager of Higginbotham-Bartlett Lumber Company, started work this week on a new home on South Dixie Street. Perkins is supplying material for the home and is sub-contracting labor. Her and Mrs. Perkins plan to live in the house.

John W. Fields, the Cisco contractor, said that Eastland has more demand for new homes than any nearby community, and more people who are ready to pay for them.

A number of individuals have built new homes here in recent months, or have them under construction now.

Much Bright Green Peanut Hay Made

Bright green peanut hay was moving out of Eastland County by big truckloads this week as it has for weeks past, but feed men said the supply would diminish from now on.

The biggest bulge of the peanut harvest is over, it was said, with threshers still working but not on such a rushed basis.

The hay, which was the major crop on some of the more dried out fields, was bringing from \$1 to \$1.20 per bale in the field, with forecasts being made freely of higher prices to come after the harvest ends.

In some places in southern Eastland County and northern Comanche County, the peanut yield was so poor that the plants were plowed up and baled without being threshed, it was said. However, some extra good yields have been reported toward Eastland and northwest of Carbon.

Group Attends Baptist Meetings

Rev. L. M. Chapman, new pastor of the First Baptist Church, Mrs. Pat Crawford, Mrs. John Dorsett and Dr. and Mrs. H. F. Vermillion went to Abilene Thursday to attend a revival service there in the morning.

In the afternoon, the party went to Hamlin for afternoon and night sessions of the convention of the Baptist 17th District of Texas.

I GIVE YOU TEXAS

By Boyce House

On the general subject of relief for the war-stricken countries:

The war has been over for more than two years. They have soil and sunshine and manpower—the United States has no monopoly on these assets. It seems to me that we should taper off on relief and send them such things as seed and plows, so they can go to work and shift for themselves.

The Book of Books says that man shall eat bread in the sweat of his brow—and those people should begin to eat their bread in the sweat of their own brows instead of in the sweat of the brows of the American taxpayers.

That, in essence, is what we understand the Marshall Plan to be.

Your columnist felt highly flattered when an invitation arrived to speak to a convention of several hundred physicians from 11 states in Galveston. And then I found out that they are psychiatrists—and I don't know now whether they want to hear me or study me.

But that does remind me of the time that I said something rude to a friend and was sorry the next moment and his retort made me sorer. He had served in the army in World War I and he wrote a letter to a newspaper, complaining at the food in the training camp. The letter was published and the military authorities were going to discipline him. But somebody said, "Maybe he's crazy" so they held a hearing, found him to be sane and then sentenced him to k. p. duty for three weeks.

Well, several years later, he and I were having an argument and, though we were friends, the discussion got a little heated and he implied I was not very intelligent. I said, "At any rate, I never have been tried for lunacy." He said "Well, I have the advantage of you—I have been tried and was found to be sane."

And I couldn't think of a comeback to that.

CHRYSLER DIVISION OF CHRYSLER CORPORATION

Round-Up

PUBLISHED BY THE EASTLAND COUNTY RECORD ON BEHALF OF THE STUDENTS OF EASTLAND HIGH SCHOOL, WITH NEWS SUPPLIED BY A STUDENT STAFF.

ROUND-UP STAFF

Joyce Armstrong Editor
Jan Spalding Asst. Editor
Mrs. Ethel Woloszyn Sponsor

Merrie Dawn Warren and Mary Halkias, Senior Class Editors; Veda Sneed and Barbara Shero, Junior Class Editors; Christina Arther and Nancy Freyschlag, Sophomore Class Editors; Shirley Hightower and Milton Herring, Freshman Class Editors; Shirley Frazer, Typist; Bill Hardeman, Boys Homemaking; Betty Grimes, Girls Homemaking; Kathryn Watkins, Library; Betty Harkrider, Band; George Harkrider, Sports.

ELECTION OF ANNUAL STAFF

At 1:00 Monday afternoon, the faculty and student body were called into the auditorium. Monday morning there had been a meeting of the faculty, and they had appointed certain students to be on the Annual Staff. The student body was supposed to vote on these students for editor, assistant editor, sports editor, business manager, and art editor. Jan Spalding was elected by the faculty for the position of editor in chief.

After voting on the nominees, the staff that was selected is: editor in chief, Jan Spalding; editor, Kathrine Watkins; assistant editor, Veda Sneed; sports editor, Jimmie Mathews; business manager, George Harkrider; assistant business manager, Max Lasater; art editor, "Gabby Brasher" with assistants Audrey Brown and Jack Muirhead.

With these students as members of the staff, we are certain to have a swell annual this year.

SPORTS

It has finally happened. Eastland received its first and what we hope will be the only defeat of the year.

Thus far our Mavericks have won 4 games and lost one. Our B team has won one and tied one. Junior High Dogies have won 2 and lost one to Ranger while the Ward Schools tied in a game between each other.

Eastland had some tough breaks at the Tech game. The worst was the 77 yard punt returned called back for an off-sides penalty. But in spite of the breaks, Eastland walked off with a 26 to 7 victory.

SUB DEBS MEET

The Sub Deb Club met Wednesday, Oct. 15, in the home of Betty Ann Harkrider. The president called the meeting to order and the secretary read the minutes and collected dues. We decided to order club pins immediately, and a committee was appointed to select several for the club to choose from.

Refreshments of cokes and cookies were served to twelve members and the hostess.

GRAND OPERA "BARBER OF SEVILLE"

Louise Gardella will present United Artists of Grand Opera, "Barber of Seville," in the high school auditorium Friday, Oct. 31, at 1:30 p. m.

They have an all star cast of: Giuseppe Barrotti, County Almanuo.

Pina Sharro, Rosina.
Arturo D'Amico, Figaro.
Pampilio Malatesto, Dr. Bartolo.
Vittanio Talozzi, Don Basilio.
Optionae, Fionello.

Symphony of two master pianists, Odone Somonigo, conductor. The public is invited and we know everyone will enjoy this program.

Admission is 75 cents.

Zoom! There he goes! That dashing young man in the 1946 blue Plymouth. Why, it is none other than our own Pat Crawford. He plays right end now on our mighty Maverick team. I do believe that he has played just about every position on the team except the backfield. He is really groat and gets his man.

Pat is about 6 ft. 3 in. and when he steps on the scales they jump to 165 pounds. He keeps his brown hair cut short because it is easier to manage during football season. But on him, it looks good.

Blue ought to be his middle name. He has the most beautiful blue eyes that seem to light up when he smiles. Besides blue being his favorite color, you see him in it nearly all the time. Boy, you ought to see his new cowboy outfit. Swoon! Oh yes, girls, he doesn't go with anyone in particular, so BEWARE!

"Blue Skies" played by Tex Beneke is tops on Pat's list of records. Of course, his favorite sport is football. He plays on the first team and is a letterman. In the other fields of athletics, he plays center on the basketball team, and is pitcher on our baseball team.

His indoorsport is shooting pool at which he is a whiz. William Bendix and Joan Caulfield are among the top one on his list of movie favorites.

Pat's mom can make the most delicious Italian spaghetti that I have ever tasted and that is by his favorite food. He was our candidate for King in 1945, and he will always be remembered to us as a good king.

Let's wish the best of everything to a wonderful guy who is really swell, Pat Crawford.

JUNIOR SPOTLIGHT

This week the spotlight shines on one of our junior favorites. He has blonde hair and blue eyes. He tips the scale at 130 pounds.

His favorite color is blue and his favorite son is "My Blue Heaven." His hobby is fishing and he likes to spend his leisure time sleeping. This junior boy likes football and calf roping. His favorite food is fried chicken. He also likes Mr. Siebert as his favorite teacher.

If you haven't guessed by now, it is our one and only, Richard Bourland.

SOPHOMORE SPOTLIGHT

This week the sophomore spotlight shines on a cute little brown eyed, brown haired girl. It is Jane Hart. Jane is five foot four inches and 108 pounds make up a very peppy little girl. She has many favorites and we are about to disclose a few. Jane likes music and "Tallahasse" is her favorite song. Her favorite singer is Bing Crosby. Under the movie head is Larry Parks, actor and Ingrid Bergman as an actress. Jane has a good appetite and coconut cake heads her list of foods. Her favorite subject is Algebra and her favorite teacher is Mr. Jones. She has always been a great football fan and would rather go to a football game than anything else. One very important thing we almost forgot to mention is that she LOVES cats!!! Here's lots of luck to one swell Sophomore!!!

FRESHMAN SPOTLIGHT

The mighty Freshman spotlight shines on the cheerleader. Her name is Neta Faye Massengale. She stands all of five feet five inches and weighs 135 pounds. Her favorites are "Tonight We Love," "Lost Weekend", Kathrine Hepburn, Alan Ladd, cherry pie, horse back riding, General Science, Teacher Morehart and dear ole' red and black, but most of all this cute girl likes to see the mighty Mavericks play football. Good luck to a very sweet and popular Freshman.

BAND IN UNIFORM

The band is intitled to a big hand for the progress that it has made the last week or so. They sure looked good on the stage last week in their uniforms and

we hope they will play for pep rally and football games very soon.

The twirlers were chosen by the senior band a week ago and they are: Joyce Pearson, Betty Harkrider, Jerry Spence, Patsy Safley, and Margaret Bourland. They received their uniforms and we hope they will be marching with the band very soon.

DOUBLE SEVEN CLUB MEETS

The Double Seven Club met at the home of Betty Grimes on Tuesday, Oct. 7. Delicious sandwiches, punch, cookies and potato chips were served to the members.

The club decided on Mrs. John Little as a sponsor. She accepted temporarily.

The next meeting will be at the home of Monette Scott.

HOMEMAKING NEWS

Gee! But aren't these days just

flying by. Seems as though we're gonna have some good cooks at the end of this semester too. "Boys Too."

Now the State Fair is about over and everyone really seems to be getting down to work again. The girls have been studying Fruits for breakfast, cereal breakfast foods, and soon will start study on breakfast breads and beverages.

Well happy landing and happy studying, kids. We need some good cooks.

SOCIALITE CLUB

The Socialite Club met at the home of Nancy Freyschlag for their regular weekly meeting. New and old business was discussed. At the next meeting plans for a party will be discussed.

Those present were Jane, Paula, Maxine, Janelle, Christina, Virginia, Janel, Beth and Nancy. Very delicious refreshments of

sandwiches, tomatoes stuffed with tunafish, olives, chocolate roll, and Dr. Peppers were served.

THE BIG RUSH

Golly! I must hurry. I hope that I'm not late. It's nearly two o'clock, And I have a date for eight.

I have my nails to polish, And my bath to take, I simply can't eat supper, And Sis can have my cake.

Oh! My goodness gracious!! Where did I put my dress? Oh, Jackie, please don't do that! Do I really look a mess!!

Oh, well, darling sister, I haven't even dressed. Now hurry, go away! You annoy me! You're a pest.

Junior, come here, I need that dollar bill,

Maybe he won't pay my way; Though Mother says he will.

Whew, such a day, I'm ready at last. This is a thing That will live in the past.

Isn't he swell? Boy, does he rate!!! Ddid you say "Why?" 'Cause he's my first date!!!

TO FURNISH HOMES and INDUSTRY GOOD GAS SERVICE

Lone Star Folks are Working...

You hear and read a lot these days about this troubled world. Some believe that the end is near. Some labor-management strife continues in the news; some prices, judged by pre-war levels, are high; and it must be true that we have a fifth column actively at work to change our form of government. The foreign situation is exasperating. From one point of view, things generally are in a state of confusion, and to some, disaster looms ahead.

But here in Texas and Oklahoma, where Lone Star furnishes gas service to homes and industry, most folks are living well, having babies, going to church, improving their homes, educating their children, and turning in a good day's work for a good day's pay. These people have faith in themselves, in their country, and in their communities. They are willing to work. They know that in America a man can still be what he wants to be.

Self Reliance and Hard Work made our country.
Self Reliance and Hard Work will keep us free!

Busiest seasons for Lone Star folks—more than 4,000 men and women—are summer and early fall when we're working to get the system ready to meet winter's peak demand.

We don't like to keep ANYBODY waiting for telephone service

In the last two years we have installed 1,500 new telephones a day in the Southwest—more than 1,100,000 telephones in all. But many people are still waiting for service.

As fast as we take names from the top of the list, new ones are added at the bottom. About 45,000 more people apply every month. It's the greatest telephone demand in history.

We've started 85 new buildings or building additions since V-J Day. We've spent \$135,000,000, and we're going to spend another \$265,000,000 to extend and improve service.

We've ordered switchboards by the ton and wire and cable by the thousands of miles. We're getting new equipment and putting it in faster than ever before. It's a tremendous job and we're impatient to get it done. For we don't like to keep anybody waiting for telephone service.

Grade Schoolers Play Football, Too

Above are members of the South Ward and West Ward football teams that battled to a 6-6 tie earlier in the season. These are the boys who will be playing on the Maverick team one day, and their coaches are members of the high school squad. In the top picture of the South Ward team, coach at left is Jim Smith and at right Lewis Crossley. In the same picture, bottom row, left to right, are Lonnie Bill Taylor, David Carothers, David Massengale, Billie Howard Upchurch, Warren Friday, Albert Cornelius and Wendell Elder; top row, left to right, are Jerry Sims, Terry Don Warren, J. C. Putman, Tino Gimenez, Ricardo Gimenez and Rex Webb. In the bottom picture of the West Ward team, now disbanded, coaches are Johnny Hicks at left and Wayne Lambert at right. Bottom row, left to right, Darrell Bas-ham, Harlan Herring, Benny Warren, Douglas Warren, Dean Tindall, Billy Phillips and Donald Brinkley; top row, left to right, Glenn Maxwell, Leo Smith, John Lee Sharp and Don Smith.

Mona Paulee Concert Enjoyed By Many

Some liked Mona Paulee and some didn't, but there was no doubt that the group that liked her really went all out for the singer who opened this year's Community Concert Association series in Eastland High School auditorium Monday night.

Miss Paulee, who had wonderful upper and lower registers if she was occasionally a big wavery on a sustained middle note, acted out, with facial expressions, every song she sang, and was called back for lots of encores.

So, to his evident surprise, was her husband, Dean Holt, who may or may not have been warned about the piano-playing clique of youngsters who haunt the concerts here and just eat up good piano players. Holt accompanied his wife, and after his modest two solo numbers, was called back time after time for encores.

Most of the near-capacity crowd seemed to enjoy the show, even though many thought Miss Paulee could have toned down her facial expressions.

side on the play and it made an Eastland first down. With Hicks and Mathews doing most of the ball carrying, the Mavericks drove on to the Ballinger 15 on four first downs to threaten again, but Davenport intercepted a pass on the 10 and that was that.

Ballinger promptly drove to the Eastland 46 and fumbled to the 34, where a Maverick promptly recovered it, and as the fourth quarter began, Mathew had to kick again, out of bounds on the Bearcat 35. So Ballinger drove 65 yards for another score, with Black taking a pass for 23 yards and the score.

Soon, Black intercepted an Eastland pass and returned to the home team's 30, and although set back to its own 48 on a penalty, ran and passed for a score, with Marshall taking the 27-yard touchdown pass.

Then Eastland started its only successful drive of the evening, with Jimmy Mathews taking the kickoff on his 10 and returning it to the 29, and the Mavericks marching on down the field, thanks at one point to a pass receiver interference penalty against Ballinger, until Crossley took Hicks 23-yard touchdown pass.

Mention should be made of the magnificent offensive line play of Wayne Lambert, Eastland guard who put forth the outstanding performance of his high school career.
