Behind the new auction barn rising over the horizon a mile east of Eastland is the story of the tremendous effort and determination of one man—Sig Faircloth.

Few do or can appreciate the labor Faircloth has put into his new enterprise. He has been on the job day and night, has slept there, has poured the concrete, and driven the nails, and sawed the lumber, and between times would everyone else what to do.

It was a mighty undertaking in a few months, and the fact that Faircloth says he can open when planned to is commentary itself of these days on the amount of work he has put into it.

Completing the building and other things became an obsession with Faircloth, until he could scarcely carry on a conversation with people who needed to do business with him.

"I know, because I've been out there and tried to extract information from him. His standard statement, after a usually chatty greeting and a few pleasantries, was, 'I'm too busy to think about this now.'"

And he always was. Faircloth has done some worrying, too. He thought he could erect the layout, by doing a lot of it himself, for \$12,000 to \$14,000. But he says it's costing him about a third more than that—how much, he didn't have time to check up

That's a lot of money to spend for a fellow who was just about broke five or six years ago. But Eastland is happy to have Sig Faircloth here, and a lot of us are hoping he strikes it rich. It couldn't happen to a harder working guy.

I meant to write a couple of weeks ago about Mrs. J. L. Lambert's flowering catalpa tree, and I forgot too.

Mrs. Lambert noticed something wrote late spring about the catalpa tree in my front yard, which at the time was flowering like a giant blooming shrub of some kind.

The catalpa tree, if you don't know, is a deciduous large-leaved tree native to the Mississippi valley, with large white blooms in the spring that turn into long pods in the summer.

Anyway, Mrs. Lambert said she had a catalpa tree that bloomed a few weeks ago, entirely at the wrong time of year.

She figured it must have been unusually late warm weather that fooled the tree.

But then it's a rare fall that doesn't bring several stories about trees blooming. Scientists say that something in the tree, an inherited chemical reaction, responds to the heat from the sun to cause it to bloom in the spring.

Of course the days are the same length in the fall, and the sun gives about the same, so it might be natural that a few trees, more lush than their brethren, are delayed and sprout blooms that are doomed to wither in the cold days of winter.

And about this time of year, in the middle of the chilly winds of fall, I usually make my annual resolution to move to Florida. But so far I never have.

Check Artist in Two Towns Officers of at least two counties were searching this week for a man who passed hot checks for \$23 each at the Men's Shop and Wigly Store in Eastland. Sheriff's officers here said the man had passed at least two checks in the same amount in the same amount in the same amount before he hit Eastland late Monday.

Maverick Line-up Shifted For Game With Comanche

Wether the Eastland Mavericks, who reeled through a 6 to 0 victory over a supposedly vastly inferior Dublin football team last week, can regain their pre-Ballinger form will be disclosed in an important district game with Comanche on Maverick Field at 8 p. m. Friday.

It will be the third district game for the Mavericks, and their chance for a third district victory. Sore and disheartened after the terrific beating they took from Ballinger, the Eastland lads were a mere shadow of the early season Mavericks as they nudged out Dublin, a team supposedly no better than De Leon which had bowed to Eastland 46 to 0.

Comanche took on the aspects of district contender by whipping Hamilton, the pre-season favorite along with Eastland, and although the Indians have shown no particular drive in play out of the district, they have a powerful line and driving backs.

The Eastland players said this week they felt they had snapped out of last week's slump, and could give a much better account of themselves against Comanche. Coach John Little disclosed some lineup revisions to take care of certain factors, including the loss of Center Dwain Lusk by injury. Pat Crawford will play center as he did against Dublin. Winfred Ward will move to guard from tackle, Don Amis will start at tackle, Jack Chamberlain, erstwhile a back, will play offensive end and defensive back, and Dick Sparks, also a converted back, will fill the defensive end post vacated by Chamberlain.

Perhaps the less said about the Dublin game, the better, although Eastland showed definite superiority on both offense and defense. The lone Eastland touchdown, run over by Bobby Blair, came early in the second half after Eastland got a Dublin fumble. Johnny Hicks ran 18 yards to the four, and Blair rammed over. Wayne Lambert, still the best linesman in the district despite the spectacular beating he took in the Ballinger game, played his usual stellar game at guard.

After the Dublin game, the Mavericks will have an open date and a two-week rest before meeting Hamilton.

Armillos Winning Football Field Contest Anybody know how to eliminate armillos?

A pair, or more, of the armored animals have been playing havoc with the turf on Maverick Field, which earlier this year had another disaster when an oil well cellar fell out from under it.

The armillos have been rooting up the turf at night since the rain, apparently searching for roots or insects, or both.

Tuesday night, Colonel Don Brashier and Jim Hardwick went out to the field a couple of times, and got one shot at one of the elusive animals, but apparently missed.

School Board Secretary Curtis Hertig, who in many ways fathered the new Maverick Field, looks with jaundiced eyes on the critters that are plowing up the lovely turf, and this week said he would pay a bounty for all armillos killed or captured within the confines of the field.

Passing School Bus Case To Be Tried John Lee Roper of Eastland, charged before Justice of the Peace Tom Greer with passing a school bus while it was discharging children, was scheduled to face trial in Carbon at 10 a. m. Friday.

The complaint against Roper was signed by Highway Patrolman Oscar Averá. Sheriff's officers said the complaint was the first of its kind filed in the county that they knew about. Penalties are severe, they said.

Mrs. Tommy Morgan of the Morton Valley Community underwent surgery Thursday at the Eastland hospital.

New Livestock Auction Barn To Be Opened Tuesday

New Eastland Auction Barn Nearly Completed

Above is the Faircloth Livestock and Commission Company's new Eastland livestock auction barn, to be opened with a ceremony at 1 p. m.

Tuesday, to be followed by the first livestock auction. Sig Faircloth, owner of the property, was rushing work this week to be ready for the

opening. At left of the structure above is to be a cafe; at right will be offices. Behind the building are extensive stockyards for holding stock

before and after auctions, with elaborate loading facilities. The building is constructed of Haydite blocks manufactured in Eastland.

Faircloth Putting Finishing Touches On Eastland Layout

One of the most modern, eye-catching, and efficient livestock auction layouts in Texas will be opened Tuesday with a flourish of band music when the formal opening of the Sig Faircloth Livestock and Commission Company's new Eastland barn is held.

The brief ceremony preceding the first auction in the new barn will begin at 1 p. m. On hand will be the Eastland High School Band, to be taken to the scene about a mile east of Eastland on U.S. 80 by West Texas Transportation Company bus.

The band will play, and Fred Brown of Eastland, until recently president of the Eastland Chamber of Commerce, will make a brief welcoming address.

The program is scheduled for broadcast over Station KSTB, Breckenridge, if line connections can be completed in time.

The program was arranged by H. J. Tanner, manager of the Eastland Chamber of Commerce, which was the medium through which a campaign was conducted to raise about \$2500, donated by local businessmen and citizens, which helped Faircloth start his enterprise here.

What the public will see is a 60 to 71 foot 10 inch building made of Haydite blocks manufactured in Eastland, with a cafe to be operated at the front on one side by Mrs. Faircloth, and an office on the other side.

Behind these are the auction ring seats, arranged in a tried semi-circle around the north end of the building, with the auction pit and runway against the north wall.

Joe Coats will be auctioneer. Behind the building, or north of it, are 75 stock pens capable of holding, feeding and watering 2000 head of livestock. Three concrete loading ramps have been built adjacent to the pens, which will be fully lighted at night.

The layout was erected on 10 acres of land bought from Spud Holcomb of Cisco. Faircloth plans to hold auctions each Tuesdays and on Fridays also if there is sufficient demand.

He operated an auction barn at Ranger for about five years, and was markedly successful before he sold out about a year ago.

Rains Bring Hope Of Winter Grazing

A warm sun this week following the week end rains was sprouting grass, weeds and what winter cover crops and grains that had been "dusted in," and given the first hope in months of a good season for farmers and ranchers.

Hope for winter grazing on bare pastures depended on when frosty weather comes. If the first annual freeze, due in about two weeks, would hold off for a while, enough grass and weeds might grow to do some good.

As it was, late this week stock was finding some short green stuff to nibble on. The rain, measured at a little over two inches in Eastland and from three to five inches in other parts of the county, assured cover crops in the county that had been doubtful. County AAA Administrator Emmett Powell had said that a record planting was awaiting only enough moisture to sprout the vetch, rye, Austrian winter peas, and other seeds.

Only damage was to the portion of the peanut crop that was still in the fields, and this weeks winds and sun were fixing that, except that some hay was darkened. In Eastland, one of the major effects of the rain was upon telephone service as insulation, untested by moisture for many months, failed on many circuits, rendering phones inoperative for hours or days.

Haydite Plant Production To Be Doubled Within Few Days

Hallowe'en Fete Set For Saturday In High School Gym

Eastland's annual Hallowe'en Carnival, held to promote the spirit of play and tone down the spirit of destructiveness on Hallowe'en, will be held a day late this year because of the Eastland-Comanche football game on Hallowe'en night.

The West Ward P. T. A. will sponsor the carnival in the high school gymnasium from 6 to 9 p. m. Saturday, and sponsors said there will be more entertainment than ever before.

Food will be served at the food booth beginning at 6 p. m. so whole families may attend, eat at the carnival, and spend the evening.

Three prizes will be given for children's Hallowe'en costumes, with the events open to all children. Mrs. Frankye Flowers will have charge of the costume parade and will select contest judges. Prizes will be for the most original costume, best girl's costume, and best boy's costume.

Mrs. Harvey Basham, in charge of the fortune telling booth, has secured the services of the "famous" Madame LaVonia of South America, and Mrs. A. W. Cogburn will have charge of the ghost house, which she promised will be "plenty spookey." Mrs. J. L. Ward will help her.

Canned goods, bric-a-brac and other things will be sold at the Country Store, in charge of Mrs. Bill Walters, Jr., assisted by Mrs. I. C. Inzer, Mrs. F. H. Toombs and others. Mrs. Curtis Koen will be in charge of the food booth, assisted by Mrs. Lewis Barber, Mrs. James T. Pipkin, Mrs. Arthur Ernest and others. Chili hot dogs will be the specialty of the house.

Mrs. Russell Hill will manage the cake walk, for which cakes have been donated by some of Eastland's best cooks.

Mrs. L. E. Corbell is arranging many surprises for the fish pond, at which she will be assisted by Mrs. H. L. Thompson, Mrs. Henry Van Geem and Mrs. J. M. Watson. In the Bingo game, Mrs. George Hendrix will be assisted by Mrs. S. A. Cambliss.

Mrs. E. M. Gattis and Miss Lillie Moon will be in charge of a second grade pantomime to be presented several times during the evening. There will be a ring toss game under direction of Mrs. Bill Walters, Jr., and Mrs. Bill Cole.

The Carnival will end promptly at 9 p. m. Mr. and Mrs. J. U. Johnson, accompanied by Miss Minnie Lay of Wichita Falls, visited in the homes of Mr. and Mrs. Jack Johnson and Mr. and Mrs. Billie Johnson and small grandson, Billie Joe, last Sunday and Monday.

Roy Johnson of Dallas was a guest in the home of Mr. and Mrs. J. U. Johnson this week.

Junior High Dogies Beat Ranger 7 To 0

The Eastland Junior High School Dogies, avenging an earlier defeat, their only in two years, Wednesday night downed the Ranger Junior High Pups, 7 to 0, under the lights of Maverick Field.

Lupe Gimenez plunged over for the lone score in the second quarter, and Berhl Robertson plunged for the point.

Merrick Seabourn was a bulwark of strength on defense for the Dogies, frequently plunging in from his end position to down Pup backs for big losses. The Ranger eleven made only one first down all evening, and never threatened to score.

The game was the next to last of the season for the Dogies. They will play Strawn there in a week or two.

Fry Re-elected To Head County Livestock Group

M. E. Fry of Cisco, prominent Polled Hereford breeder, was re-elected president of the Eastland County Livestock Raisers Association, and the association decided to sponsor an annual county wide dairy tour, at a meeting in Eastland Monday night.

Other officers named were A. V. Clark, also of Cisco, vice-president, Fred Brown of Eastland, re-elected treasurer, and J. M. Cooper of Eastland, county agent, re-elected secretary.

Directors elected were C. W. Hoffmann, Johnny Aaron, Judge Clyde Grison, Waverly Massengale, C. M. McClain, Dan Childress, Vernon Humphries, H. H. Durham, Judge Milburn S. Long and Frank Castleberry of Eastland; Dr. Bob Hodges, Leslie Hagaman, and L. R. Pearson of Ranger; Cecil Shults of Rising Star; B. O. Koonce of Desdemona; Judge Elzo Bean and B. B. Poe of Carbon; Harold Courtney of Morton Valley; Ed Huestis, A. V. Clark, T. G. Caudle, Charles J. Kleiner, C. W. Henry, Bill Childers, S. G. Crofts, George Fee and Ernest Hittson of Cisco, and Dr. D. V. Rodgers of Gorman.

Named to work out a date and itinerary of the dairy tour were Fred Brown, Leslie Hagaman, T. G. Caudle and J. M. Cooper.

The association's annual spring livestock show will be held again in Cisco, on Feb. 27 and 28, it was announced.

METHODIST TO HAVE COMMUNION

School Finances On Ragged Edge, Trustee Tells Club

Eastland Schools, along with those in many other places, are "behind the eight ball" when it comes to finances, School Board Member Bob Vaughan told fellow members of the Lions Club Tuesday.

Vaughan gave a brief resume of school finances in explaining why aid was needed to pay the new band director, T. R. Atwood.

The Civic League and Garden Club already has voted to pay \$10 per month toward the band director's salary, he said, and the Eastland Chamber of Commerce has voted \$15 per month for that purpose. He asked the Lions Club to vote what it would.

A motion to pay \$20 per month was tabled until a survey of club finances could be made.

Vaughan gave figures to show that the school system, despite state aid, is expected to run about \$4,000 in the red this year. One thing needed to get around this, he said, is more students in the schools. Despite the increased Eastland population, the school student total still is running about 700, the same as before and during the war.

The schools need more students because per capita and state aid payments are made on that basis, he said.

Vaughan pointed out that teachers' incomes have increased sharply here, with the minimum local salary to teachers last year about \$1200, and this year about \$2200. This year's maximum is \$2990, he said.

He said a survey of the schools' physical plant last summer showed an immediate need of spending \$7,000 to bring the buildings up to safety and sanitary standards, but that the school board has no money to spend for such purposes.

He also pointed out that the board could increase valuations, to raise more taxes, but under the bond requirements whereby 50

Second Kiln Being Completed As Big Demand Develops

Addition of the production of a second kiln, which will double the production of Haydite in the Eastland plant of the Texas Lightweight Aggregate Company, is expected in a few days, C. W. Cline, president, said this week.

Cline expected to have the second kiln in operation this week end, but delay in arrival of fire brick for lining the big cylinder postponed the event.

The one kiln in operation has been producing about seven carloads of Haydite a week, and the second kiln will double the output, but there still will be more demand than can be supplied by the plant here, Cline said.

With most of the operations at the plant automatic or semi-automatic, only a few additional men will have to be hired to service the extra equipment, he said. About 25 are employed there now.

Cline and his wife, former Dallas residents, have moved to Eastland and are living at 1103 South Seaman Street in the former W. E. Martin home.

Last week, Cline was re-elected president of the aggregate company in a meeting in Dallas, and W. W. Carruth, Jr., Dallas financier was elected as a new vice-president.

The new kiln, like the first one, was largely engineered and installed by Cline. When the big metal cylinder forming the outside shell of the kiln proved to be short, Cline bought a used oil field boiler, cut off 14 feet of it, and welded it on the end of the kiln.

Out of the expected 14-car weekly production, Cline said, seven cars a week will go to the Texcrete company in Fort Worth, makers of Haydite concrete building blocks and half owned by Texas Lightweight Aggregate. In addition, firms in Houston want three cars a week; in Wichita Falls two cars a week; in Pharr five cars a week; in San Antonio five cars a week; in Lake Charles, Shreveport and New Orleans, La., from one to two cars a week and in Oklahoma City two to three cars a week.

This demand is not being met, and cannot be with the new production, Cline pointed out. He said the firm may build a plant at a South Texas location to supply the demand there, but anticipated further expansion here at some time even if that step is taken.

Bill Harris Taking Fingerprint Course Eastland County Jailor Bill Harris this week was attending an FBI fingerprint school in Abilene, to brush up on the final knowledge needed before he can qualify as a fingerprint expert.

Harris earlier had taken correspondence and other courses in fingerprint work. The week's course will give him the fundamentals needed so he can set up an identification department of the county sheriff's office.

Morton Valley School Sets Hallowe'en Fete

Plans for the Morton Valley School's Hallowe'en carnival, to be held Friday night, were made Tuesday at the meeting of the Morton Valley Parent-Teachers Association.

Mrs. P. L. Crossley's third and fourth grades gave a Hallowe'en play, after which Mrs. Curtis Koen of Eastland talked on "Goal on Bettering Human Relations."

About 30 attended the meeting.

Judge and Mrs. Milburn S. Long plan to leave Saturday morning for Waco where they will visit their daughter, Emily, who is a student in Baylor University, and attend the Baylor-T.C.U. football game.

Have You Noticed The Barn Is Built Of Haydite Blocks

The new and handsome structure just east of Eastland on Highway 80 is one of several recently completed in Eastland of which the basic ingredient has been Haydite, made into Haydite blocks right here in Eastland and erected with local labor.

It strikes us that this is a fine thing for Eastland, since the only ingredient used in these blocks that is not produced here is the cement.

And another thing that we have noticed is that as more and more of these superior, light weight building blocks are used, more and more are bought because of the indorsement of previous users. This, of course, is the final proof of any product's success.

We do not make Haydite blocks—they are the product of Rhea Haydite Products Company, located adjacent to our plant. We recommend them for almost any building need.

Our Firm Is Happy To Be In Eastland

We came into Eastland because the raw materials for the manufacture of Haydite were here, and because we believed we could find a steadier, better labor supply here than elsewhere. But we have been constantly surprised, from the beginning, at the hearty and whole-hearted co-operation we have received

from everyone in Eastland, and we wish to express here our appreciation for the way we were welcomed, accepted, and helped.

The famous hospitality of West Texas has been extended to us, and now that we are West Texans too, we're ready to extend it to the next fellow.

We Anticipate Further Development

We hadn't planned to expand our plant too rapidly, but it looks as if we're on our way. We are adding the production of a second kiln, and still our total output of Haydite is contracted for, and more buyers are in sight.

Our present plans are to increase production at our present Eastland plant by the addition of more kilns until the North Texas Haydite demand is supplied.

What all this will lead to, we do not know. We do know that the use of this superior, lighter building material ingredient is growing every month; that Texas is growing and building, and more and more of that building is being done with Haydite as an aggregate base.

We have the Haydite franchise for all of Texas, and this fact alone is making Eastland's name loom larger on the maps of Texas.

We Invite All Our Eastland Friends To Come And Watch Our Plant Turn Native Clay Into Haydite.

MORE TELEPHONES

more telephone calls

More and more calls from more and more telephones have taxed the capacity of switchboards and operators alike during these days of equipment shortages. Even so, most calls at most times go through promptly.

If, at times, you do not hear "Number, please?" immediately, it's because hundreds of other people are calling at the same time and operators are doing their best to answer each call in turn. This is especially true during the busiest hours of the day—midmorning and early evening.

We're putting in more equipment as fast as we can get it. Our aim is to eliminate delays and answer every call promptly.

MISS MCGLAMERY WED IN FT. WORTH TO MR. COLEMAN

Miss Mildred Lee McGlamery, daughter of Mr. and Mrs. Bert McGlamery of Austin, formerly of Eastland, and Mr. Ross Earl Coleman, son of Mrs. Minnie E. Coleman of Fort Worth, were married in Fort Worth last Saturday in the chapel of the First Methodist Church.

Mrs. Charles Perrino, the former Miss Jane Ferguson, played the nuptial music. Rev. W. W. Ward read the ceremony before an altar which was banked with palms and white chrysanthemums. Ushers were George Pitcher of Kansas City and C. Keith Beyette and Bill Martin of Waco, who also lighted the candles.

Miss Dorothy McGlamery of Sweetwater, sister of the bride, was maid of honor and wore a gold colored wool gabardine suit with black accessories and a shoulder corsage of Talisman roses. Staff Sgt. Robert Coleman of Fort Benning, Ga., was best man.

The bride given in marriage by her father, wore a dubonnet gabbardine suit and hat, an orchid colored blouse and an orchid corsage.

A reception was held in the church parlor, following the ceremony. The brides table, laid in white was centered with an arrangement of pink roses and queen's wreath and was presided over by Mesdames Hal Cherry, Raymond Buckley, W. O. Tyson and June Kimble. Mesdames Tyson and Kimble are former Eastland residents.

Mrs. Coleman is a graduate of Eastland High School and of North Texas State College at Denton, and served overseas with the WAC during the war. Mr. Coleman spent four years in the Navy.

The couple will be at home at 522 Pershing Street in Fort Worth when they return from their wedding trip.

Mr. and Mrs. Hollis Bennett plan to attend the S.M.U. and Texas University ball game Saturday and spend the week end with Mr. and Mrs. B. C. Davis.

Methodist Circles Meet In Homes

Mrs. Frank Sparks was hostess at her home in Hillcrest to the members of the Builder's Circle of the W.S.C.S. of the First Methodist Church.

The nineteenth Psalm was repeated in unison and a recording of the "Lord's Prayer," was played. Mrs. N. P. McCarney taught the Bible study, using "Parables" as her subject.

Co-hostesses for the social meeting following the program were Mrs. W. H. Mullings and J. H. Parker. Refreshments of devil food's cake and coffee was served to Mesdames Frank Crowell, James Horton, H. L. Hassell, E. J. Turner, C. G. Stinchomb, Fred Davenport, McCarney, L. C. Eastland Played Up In Abilene Article

Eastland was played up big in the Thursday morning edition of the Abilene Reporter-News, with a seven column aerial view of the downtown section and an accompanying article by Hamilton Wright of the Abilene paper's staff.

The picture and article made one of a series being published of West Central Texas towns and cities.

Wright told of the early days of the town, the oil boom and subsequent slump, the building of the "magnificent \$300,000 courthouse," and the story of Old Rip that went with it, of Eastland's new enterprises, fine homes, "excellent school system with magnificent physical plants and an unusually high type of church architecture," and other assets.

"All in all," he summed up, "Eastland's a city embodying all modern conveniences — utilities, railroads, highways, schools, churches, pleasant healthful living conditions."

SPOTLIGHT

Hi there, folks! As I was wandering around the football field the other afternoon, I ran into Coach directing his boys in a scrimmage. It is really hard work to train guys how to play football. But I believe that we couldn't have a better man to fill the position than John Little.

In Woodson, where Coach grew up, you'd find him doing just about the same things as the average boy. He also went to school in Eliasville and finished high school in Albany. Like most American boys, he played football in high school. Of course that was his favorite sport and it still is. Coach Little is a graduate of

Daniel Baker College where he played fullback on the football team. He also played basketball and ran track. He was on the honor roll except for one semester, president of the Student Body his senior year, and president of the junior class his junior year. In 1937 he finished college and coached four years. While coaching in Santa Anna, he met a little girl with green eyes who two years later became his wife, Helen. They now have two adorable children, Penny and John. Later he coached in Miranda City. He was with the Department of Public Safety for the State of Texas up until he started teaching in Eastland High School, which was in the spring of 1945. He has taught algebra, geometry, safety education, and P. E. besides coaching football, basketball, baseball and track. Says he likes Math best though.

His plan for the future are not too definite. The football team this year might have some bearing on it.

Well, folks, that sort of brings you up to date on our Coach. Guess I'd better give you a description of him and what he likes.

Coach is five feet, eight and one half inches tall and tips the scales at 190 pounds. He has the nicest dark brown eyes that we have seen around here in a long time.

He is a wonderful dancer and "Sunrise Serenade" by Tommy

Dorsey is his favorite. Blue is by far the prettiest color. Ah, when you mention steak or Mexican food his face really does light up. Dottie Lamour is tops on his list of stars, along with Bing Crosby.

Building things with rock or wood is his hobby. He really did do a wonderful job on the foundation of his house.

Naturally, football is his favorite sport. He also likes to play golf and is really quite good, from what I hear.

Coach likes to read a good book in his past time. At night if there is nothing else to do, he likes nothing better than a game of bridge.

He is an active member of the Methodist Church and past president of the 9.49 Sunday School Class. He is also an active member of the Lion's Club and Quarterback Club.

Come on, folks, let's all give a big hand to the most wonderful guy there ever was, our own coach and friend, John Little. He really deserves the best that the world can offer.

SPEECH CLUB

Speech Club was organized on Friday Oct. 3. Officers were elected and they are as follows: president, Shirley Frazer; vice-president, Derhl Dority; secretary, Jerry Spence; treasurer, Juanita Duffield; reporter, Conner Van Hoy. Program committee: Donald Lively, Derhl Dority, Shirley Frazer, Ruby Brinkley and Joe Hague.

The club has chosen a name which is "Thespians" colors are red and silver. The club meets every Friday at eleven o'clock. All students who have taken speech are invited to belong to the speech club. Each Friday there are refreshments and a splendid program. All members will have pins which will be red and silver. Everyone is anxious to begin the speech play. The play is "Kidnaping Betty" which is very exciting and funny. We are hoping everyone in school will enjoy the play.

The nine next highest scores were made by Robert L. Hawkins, Monahans; Maxine Ballard, Abilene; J. W. Childs, Breckenridge; Barbara Jeanne Belew, Abilene; Arthur Joseph, Denver; Annita Sibley, Beaumont; Margaret Jane Tims, Abilene; Cherre Livingston, Marfa; and Winford W. Walker, Sweetwater.

FRESHMAN CLASS PROJECT

At a meeting of the Freshman Class several weeks ago, it was decided that red and black felt sold as a class project. Mrs. Walter class sponsor, ordered the material pennant would be made and made an example which she presented at a later meeting of the class. They are about five and half inches long, a little over three inches wide and the top, and have sewed on them a Maverick head and the letters, E.H.S. They went on sale last week, and are still selling for 25c.

HOMEMAKING NEWS

This week the girls have started study on breakfast breads and beverages and every one agrees that this is one of the most interesting chapters we have studied so far. Tea and coffee and the utensils for preparing these drinks were discussed Monday. Thursday we were shown a technicolor movie by the name of beverages.

This is the second movie this year and both have been very interesting and educational. We hope to have more movies during the year. The movies are free and everyone really seems to enjoy them.

The end of another six weeks

and the tests weren't too hard were they? Ha Ha, let us laugh. Seems all the girls were dreading a hard H. M. test but it wasn't so after all. That's all right Miss Morris, we don't mind.

DOUBLE SEVEN HAS MEETING

The Double Seven Club met this week in the home of Monette Scott. New business was discussed and a new member was elected into the club. She is Barbara Braston from Odessa.

Refreshments of sandwiches, potato chips, lemonade and home made cookies were served to Margie, Bettye, Shirley, Guyrene, Pat, Wanda, Charlotte, Mozelle, Billie, Barbara, Neta, and the hostesses, Mrs. Scott and Monette.

RIP AND SIPS MEETS

The Rip and Sip met Tuesday night, Oct. 14, at 7:00 o'clock in the laboratory of the high school. Fudge was made and discussion of selling Christmas cards. Those present were Jo Ann Hardin, Virginia Wright, Patsy Simmons, Nina Mae Smith, Guyrene Robinson, Pauline Latham and Larry Whillis, Monette Scott and Miss Morris.

LOCAL STUDENT MAKES GOOD

Freshmen are a bit more intelligent this year than last, according to Dr. Hoyt Ford, who has just announced results of freshmen intelligence and English placement tests given early this semester. The 485 students taking the tests made an average score of 107.59 against an average score at the same time last year of 106.87.

Girls as a group also scored a fraction of a point higher than the boys. Dr. Ford said. Girls averaged 107.60, while the boys trailed closely with an average of 107.58. The situation was reversed last year when the girls had a score of 106.84 to the boys' 106.89. Veterans' average was 105.8 and the non-veteran score was 108.

Hugh G. White, Abilene High School graduate, made this semester's highest score with an I.Q. rating of 135. White answered correctly 77 of the 80 questions in the Otis Intelligence Quiz used by Dr. Ford. A score of 138 is perfect in the Otis testing system.

The nine next highest scores were made by Robert L. Hawkins, Monahans; Maxine Ballard, Abilene; J. W. Childs, Breckenridge; Barbara Jeanne Belew, Abilene; Arthur Joseph, Denver; Annita Sibley, Beaumont; Margaret Jane Tims, Abilene; Cherre Livingston, Marfa; and Winford W. Walker, Sweetwater.

Barbara Jeanne Belew, also a graduate of Abilene High School, had the highest score in the English placement tests by answering 143 of the 150 questions on the quiz. Next highest were Cherre Livingston, Marfa; Doris Jean Lindley, Abilene; and Jack M. Yates, Abilene; Lois De Island, Midland; Margaret Jane Tims, Abilene; Shirley Gladeene Womack, Eastland; Fredda Carpenter, Abilene; Mildred Christine Mayer, Amarillo; and Betty Love, Clovis, N. M.

In the English exam, the average for the whole group was 92.8 over last year's average of 82.6. Of the twenty highest scoring students, eleven were girls and nine were boys. Seven and these, five girls and two boys, are graduates of Abilene High School.

A drop of 10.2 in the English exam grades as compared to last year may be accredited to the fact that the test was different in both construction and procedure, Dr. Ford said.

THE SOCIALITE CLUB

The Socialite Club met at the home of Paula Harvey for their regular weekly meeting. We discussed new and old business which included plans for the Socialite dance on November 8.

Those present were Jane, Janeil, Janelle, Nancy, Virginia, Cuva, Betty, Christina, Beth, Mrs. Young and hostess, Paula. Delicious refreshments of cokes, ritz crackers, and cookies were served.

The next meeting will be held at the home of Maxine Lambert.

FIRST APPEARANCE

The Eastland High School Band played for the first time at the Ballinger game. They marched to the field for the Old High School Hill in their uniforms and looked very nice. We think the people were very much surprised at the way they looked and how well they played. We believe that the people knows how bad Eastland wanted a band and how they are going after a good one. The people of the town and members of EHS who are not in the band want to help the members get a good start and encourage them to progress to the best of their ability.

HAVE YOU HEARD?????

About Barbara Martin's slumber party?

THINGS WE NOTICE

How rapidly our new band is improving!

What a good time everyone had at "Beanne's" shindig!

How good our cheer leaders are! How hard our football boys fought at the Ballinger game!

How pretty Mr. Siebert's new car is.

How everyone is excited about the "Mystery Dance" at the Canteen, Nov. 1.

How much everyone is looking forward to getting their report cards!

What good pep-rallies we have been having lately!

How nice it is to have all the Exes home!

How glad everyone is that six weeks tests are over.

The new Speech Club!

All the new, good books in the library.

How hard Spanish IIA is?

How well the band played at the Ballinger game.

How everyone enjoys the pep-rallies every Thursday night!

How pretty the band room looks now.

All the people at the Ballinger game and the broadcasting system.

Those cute penants the Fish are making!

How nice all the librarians are! Ferne having her picture made!

I wonder who for? As if we didn't know!

All the letters being received from Texas Tech and other colleges too.

How nice Mr. Siebert is!!

How proud everyone is of our "Mighty Maverick Band".

All the new hairdos!!

All the cute new clothes.

The cute Maverick heads that the Juniors are selling!!

How many dates everyone isn't having! Let's get on the ball.

How sleepy everyone looked Monday. Couldn't be because they didn't sleep any Friday night?

How nice all the boys are in Mr. Siebert's class now!

The Junior High cheer leaders really are cute in their new uniforms.

The pretty weather we have been having!

How pretty the red football jerseys are!!

Nobody guessed the score in Mr. Siebert's class.

How cute Shirley and Bill are

together!

How everyone just lives from one football game to another.

How much everyone enjoyed the Community Concert!

We are all wondering why Nancy's glasses are in Mathew's car! Could be because she took them off!

Football jackets being worn by girls and how cute they look in them.

All the cute couples in E.H.S. now.

That Mr. Siebert's "Exclusive Club" has been disbanded. I bet some boys are glad!

Jimmy Mathew's hair cut!

What a good time everyone had at Barbara Martin's slumber party.

The W.M.U. of Olden Baptist Church gave a banquet at the church Monday evening Oct. 27 at 7:30. Each of the four tables was covered with white linen table cloths with colored crepe paper running through the center the length of the table. The crepe paper, candles, and ribbon streamers tied around the candles on each table represented the colors of the W. M. U., G. A., R. A., and Sunbeams. The tables were also decorated with fresh cut flowers. The only lights were the lighted candles and two shaded lamps. A menu of baked chicken, dressing, giblet gravy, cranberry sauce, mashed potatoes, buttered peas, bread, fruit cocktail, cake and ice tea was served to about 35 women and children.

Miss Josie Tidwell, a senior student of Southwestern Baptist Seminary, Fort Worth, and volunteer missionary to Japan, spoke at the morning service of the Baptist Church Sunday. She also taught a training union study course to the intermediates at the church in a series of meetings.

ABOUT THE OPENING OF THE NEW

AUCTION BARN

OF THE SIG FAIRCLOTH LIVESTOCK AND COMMISSION CO.

ON

Tuesday, November 4th

Few people can appreciate the extreme personal effort, as well as the large financial investment, that Mr. Sig Faircloth has made to bring this wonderful new enterprise to Eastland.

We've been backing him all the time, and are happy with him that his opening is so near.

We've been glad to do all that Linkenhoger's could do to speed and help the work along—such as supplying Mr. Faircloth with the latest style of Fairbanks-Morse scale for weighing his auctioned stock. And we've been selling at our cost.

Because we feel this new livestock auction business is a big thing for Eastland—one of the biggest that has happened in a long, long time. And we believe that Mr. Faircloth, in return for his untiring work and his personal financial risk, is entitled to the co-operation and backing of every man and woman in Eastland!

By MRS. BILL TUCKER, Special Correspondent

Mrs. Le Roy Rodgers and children of Canton, visited her parents Mr. and Mrs. William Melton and their relatives from Wednesday until Sunday of the past week.

Mr. and Mrs. Richard Tucker visited Mr. and Mrs. Joe Butler Sunday afternoon.

Mr. and Mrs. Kenneth Brown and baby were in Eastland on business Saturday morning.

Claude Tucker returned from Fort Worth Monday. He went to market with a load of hogs—came back wearing a bright red pair of boots.

Visitors in the John Tucker home on Sunday were Mr. and Mrs. Richard Tucker, Mr. and Mrs. Walter Case, also Mrs. Raymond Case and son, Ray from Cisco. On Monday Mr. and Mrs. Arthur Love and Junior were callers in the home.

Paul Stephens of Abilene filled his regular appointment Sunday morning and evening with the Baptist congregation.

Rain in this neighborhood Friday and Saturday night fell in

torrential proportions for awhile, then subsided to a steady down-pour, soaking everything. Grains, vetch and garden greens are sure to be benefitted by this needed moisture, but hay which is—or was bright and selling high as \$1.30 a bale will be materially depreciated. Some farmers had not had time to get the bales into shelter. The high wind accompanying the deluge Friday evening late, took a two-car garage from over the cars, denting the top of one car belonging to John Love, and scattered the sheet iron a hundred yards away. No other damage has been reported.

Henry Perrin, Arthur Weir and John Love, have reported loss of sheep and goats, by bands of stray dogs, lately.

Mrs. Mary Tucker suffered a severe injury to one of her fingers last Friday while penning the milk cows—caused by throwing a rough stick and a sliver nearly striking through the joint, causing near blood poisoning.

Mrs. Eva Underwood, who has

Credit Purchase Caution Is Urged As Controls End

Cautious credit buying was urged by H. J. Tanner, manager of the Retail Merchant's Association, on the eve of the removal of government controls, to be effective Saturday.

been visiting her relatives in Bell County for quite some time, returned home the latter part of the week.

Mrs. Bill Tucker was a patient in the Gorman Hospital, Wednesday and Thursday caused by injury sustained while helping out with the peanut harvesting. She has been convalescing in the John Tucker home since Friday.

Mrs. Ann Love, Misses Betty and Ellen Tucker and Mrs. John Love visited Mrs. J. B. Griffith and Mrs. Joe Butler on Tuesday of last week. Mrs. Mary Howard visited Mrs. Griffith Tuesday also. Both Mrs. Butler and Mrs. Griffith are recovering from serious illnesses.

Tanner said all government restrictions on credit in the purchase of durable goods would be lifted after Saturday, and that consumers would be free again to work out payment schedules with merchants.

"The lifting of controls should not be the signal for wild spending," Tanner said. "Credit buying is a fine old American custom, but the use of this privilege to extremes always results in disaster."

"The merchants here and other sections of the state expect a big demand for credit beginning next week, especially with increasing stocks of merchandise fast becoming available and Christmas shopping in the not too distant future."

"However, it is to be the benefit of the consumer, the merchant, the community and the state that sound judgment be used in buying on credit."

Tanner said any rules laid down for consumers to follow in credit buying must be flexible, but he set some general principles of sound family financing which he urged the public to study:

1. Buy only on credit what you can pay for in a reasonable length of time, and pay all bills on due date.
2. In buying on credit, remem-

ber it is to your interest to keep your family on a sound financial basis.

3. A high credit rating is a mark of good citizenship. Keep your credit rating unblemished and you and this community will prosper.

"We are certain the citizens of Eastland will cooperate," Tanner said. "Every family knows the pitfalls of reckless spending on credit, and I feel sure our people here will use good judgment in their use of deferred payments."

I GIVE YOU TEXAS

By Boyce House

Remember they told us consumers that if the government would just remove the controls we would have lots of houses for the veterans and plenty of meat and an abundance of new cars and of course the newspapers would have all the paper they

needed—also that prices would level off?

needed—also that prices would level off? Han Christian Anderson isn't the only one who would make up fairy tales.

At the recent Pato Pinto County old settlers' reunion, I met Sam Savage who, when a boy, was carried by the Indians and lived with them about a year before before being freed.

Also at the reunion was Gib Abernathy, veteran peace officer. One day, while I was a reporter on the Fort Worth Star-Telegram and Abernathy was a Texas Rang-

er, he walked into the office and asked for me. Told it would be several hours before I reported for duty, he declined all efforts to get him to talk but just said, "Tell Boyce to get in touch with me." I did—and obtained a "scoop" in fact a double one. A hermit who lived in a tent had been murdered and Gib not only told me about that but he also had the slayer under arrest—a quick cleanup of a mystery.

School Finances . . .

(Continued From Page One)

cents of each \$1.50 collected goes to bond and interest retirement, and under the state aid matching system, the schools would have to collect \$1500 more in order to obtain \$500 to spend.

This seems an awkward way to increase revenues, he said, as well as being hard on the taxpayers.

Vaughan said the school system in 1929 had taxable valuations of \$6,000,000 to draw from, whereas in 1947, with what he estimated as more businesses and more people here, the taxable valuations total only about \$2,000,000.

The schools' bonded debt, once more than \$1,000,000, has been scaled down to about \$360,000, he said, but it still will take until about 1975 at the present payment rate to retire the debt entirely.

Later in the week, Vaughan prepared this brief and approximate summary of the school's yearly budget, taken from a condensed budget prepared earlier by School Board Secretary Curtis Hertig:

Receipts from State	
Per capita	\$41,378
Rural Aid	20,039
Local tax	34,000
Other income	800
TOTAL	\$96,217
Disbursements	
Bond service	\$11,000
(1-3 of tax collected)	
Teachers' salary	76,366
Plant operation	9,900
Other expense	725
Teaching supplies	725
Plant maintenance	1,200
Fixed charges	1,000
TOTAL	\$100,916

Harley Sadler Show To Play In Eastland

Harley Sadler's tent show, famous over Texas, will appear at the Softball Field in Eastland Thursday, Friday and Saturday of next week under sponsorship of the Eastland Fire Department, it was announced Thursday.

Featured in the show in addition to Sadler are Ray Kimo and his Ranch Boys of Nashville, Tenn., Barn Dance fame, Red Coggburn and his orchestra, and Diane Forester, actress, singer and dancer.

Five vaudeville acts will alternate with the stage plays each night.

Sadler, liked so well at Sweetwater that he was elected to the Legislature and boomed for governor, has been absent from the road for three years because, he says, he could not get the talent he wanted.

Paroles Of Barkers Revoked By Jester

Paroles of Paul D. and Houston H. Barker of Eastland County were revoked this week by proclamation of Gov. Beauford Jester on recommendation of District Attorney E. N. Grisham of Eastland County.

Neither of the men is in custody at this time, Grisham said, but Paul D. Barker is scheduled to come for trial before District Judge George Davenport Nov. 10 on burglary charges filed in this county.

Mr. and Mrs. Bill Collings had as guests in their home last week end Mrs. Collings' uncle, Charles H. Acree of Panama City, Panama, and her mother, Mrs. W. E. Lowry of Electra.

Ira J. Fox Rites Are Held Thursday

Funeral services were held Thursday afternoon at the Hamner Funeral Home for Ira G. Fox, 60, of 708 West Patterson Street, who died Wednesday.

Mr. Fox had been ill for some time, but was feeling better and had come downtown, where he was suddenly stricken with a heart ailment. He was taken home and died there a few hours later.

Mr. Fox is survived by his wife, a brother, Sam Fox of Reagan, a half brother, J. L. Fox or Route 2, Eastland, and three half sisters.

Claud C. Smith, minister of the Church of Christ, officiated at the service. Burial was in the Merriman Cemetery.

Pallbearers were Bill Coppock, Henry Pullman, Pat Murphy, Tom Lovelace, Duke Morton and B. W. Stedum.

Mrs. Harold Durham is in Austin this week attending the meeting of the State Board of Education where adoption of text books are under consideration. Mrs. Ed F. Willman is teaching for Mrs. Durham.

Norman Durham of North Texas State College was a guest of his parents, Mr. and Mrs. H. H. Durham, last week end.

Miss Ruth Weaver is in Austin this week visiting her sisters, Mrs. Wilon Owen and Mrs. Don Russell.

Through Bus Route To Lubbock Asked By Eastland Carrier

Through bus service from Eastland to Lubbock loomed as a possibility this week after application for the route by the West Texas Transportation Company of Eastland, headed by Johnny Aaron.

Delegations from Eastland, Cisco, Stamford, Post, Hamlin, Post, Wilson and Lubbock discussed the route at a banquet in Lubbock Thursday evening of last week.

Attending from Eastland were Aaron, Chamber of Commerce Manager H. J. Tanner, and Attorney Jack Frost. Benny Butler, Cisco Chamber of Commerce manager, represented Cisco at the meeting.
