the rambler
by
Jack E. Brady

Eastland's "Old Rip", the Horned-toad that gave us world-wide publicity in the yesteryears, has the eyes of the nation focused upon his name-sake, "Old Rip IV", who competes in the horned-toad derby at Colinga, California, today for the world title of horned-toad sprinter. Old Rip IV, is the direct descendant of Old Rip I, who was unearthed from the cornerstone of the Eastland County Court house, after having been in hibernation since the construction of the building. He is a spritely, fast moving reptile, and experts at the Colinga declare Rip IV appears to be in the "pink of condition" and well trained, for competition with Doitnow, Putzie-Wutzie, Progress, Don F. Prune Juice II, Mecedes, Killer Kern, Alkali Ike, and Kettleman. A victory for Old Rip IV, today, will again put the name of Eastland, Texas, in print throughout the United States. Let's hope he wins!

The outstanding Senior graduating class of 1947, was interviewed by "the rambler", last night, prior to the ceremony. Many of them were not available at the time. Those interviewed, and their comment as to their intentions for the immediate future, are as follows: Dorothy Parsons—"Going to John Tarleton Business School". Jane Wright—"Going to John Tarleton Business School". Marvin Nash—"Going to work for Western Union". Billie Ann Horn—"Plan to attend Nursing school, Ft. Worth". Davy Mitchell—"Taking Post-graduate work; Eastland High". Jack Turner—"Going to North Texas State, Denton; Major-Art". Jack Graham—"Going to work in printing office". Nelson Allison—"Going to Hardin-Simmons". Barbara Ann Patterson—"Going to North Texas; study Journalism". Barbara Hagne, (Valedictorian) "Going to North Texas, Major English and Spanish". Bill Page—"Going to Texas Tech, to study Chemical Engineering". Nelda Warren—"Going to Fayetteville, Arkansas; Laboratory technician". Ann Maddrey—"Going to Sophie Newcomb, New Orleans". Billie Hunt—"Going to North Texas, Major in music". Myrlene Griffin—"Going to North Texas, Denton". Dick Harris—"Going to Texas Tech to study Chemical Engineering". Nancy Pryor—"Nancy" stated she was the only married woman in the class and would become a housewife". Anna Lou Anderson—"Going to Cisco Junior College". Lynda Lwallen—"Going to work". Mary Jane Wilson—"Going to Texas Tech". Mannig Wadley—"Going to Cisco Junior College—Pre-Engineering". Gene Garner—"Going to Texas Tech to study Business Administration". Mandy Howard—"Going to work; wants a typing position". Pat Murphy—"Going to John Tarleton; major in Chemistry". Minta Sam Herring—"Going to Cisco Junior College". Alton Landry—"Going to Cisco Junior College". Bobby Collie—"Going to TWC, Ministerial student". Marie Livingston—"Going to Indianapolis, Indiana, to work". Joyce Mahaffey—"Going to work; want an office job". Marleace Elliott, (Salutatorian)—"Going to McMurray College, Abilene".

"the rambler" regrets not having an expression from all other graduates.

Names of the streets, are greatly needed on the curbing in our fair city.

Mr. and Mrs. Floyd Abernathy have moved to their new home at 808 West Plummer Street.

(Continued On Page Three)

Gives Away His Daughter

After Judge Leonard C. Reid of Chicago granted Mr. and Mrs. Dudley Stone, right, permission to adopt Patricia Hemmerle, two, Patricia's father, William, hands the child to Mrs. Stone. Patricia's mother has re-married and Hemmerle, who assented to the adoption, is unable to care for the youngster. (NEA Telephoto).

Search Being Made For Plane Near Galveston

By United Press
GALVESTON, Tex. — Coast Guard boats continued their search today for a plane reported to have plunged into the Gulf of Mexico during the height of a storm which lashed this coast city yesterday with a 95 mile an hour gust.

Some residents of the island city housing project reported to the Coast Guard they saw lightning strike the plane yesterday afternoon before it struck the water. A boat circled the spot where the accident occurred but searchers could find no wreckage or an oil slick. The search was to be resumed today.

A check was being made by airport officials to determine whether any private planes were in the vicinity at the time the high winds and drenching rain struck Galveston.

LAW ENFORCEMENT OFFICERS OF THE COUNTY KEPT BUSY

Sheriff's deputies were summoned to Desdemona Saturday when a couple of young fellows were reported making a race track out of main street, one driving his car on one side of the street and his pal taking the other side.

The boys had tired of the sport and had disappeared when the officers arrived. One of them was later located and taken in charge while the other, through a friend, arranged to make an appearance in the case.

Sheriff's officers during the week have been working on a burglary case at Rising Star and a theft case near Cisco. At neither place were many clues found to work on.

The Cisco case involved the theft of a pump engine from a drilling well. The crew shut down operations at 12:00 o'clock one night and between that time and next morning, the engine was stolen.

Parties in four cases, involving driving while drunk and sale of liquor charges, paid fines during the past week in amounts totaling approximately \$1,000.

Combined 4th July Celebration Now Being Planned

The board of directors of the Chamber of Commerce have suggested that the annual 4th of July celebrations in Eastland, Ranger and Cisco, be combined, and held alternately in the three cities. Further announcements will be forthcoming.

Mineral Wells Couple Conduct Home For Aged

Mr. and Mrs. J. D. Steel of Mineral Wells operate the American Aid Society in that city, which is dedicated to serving the needs of aged men. The home is approved by the Texas State Welfare Department. Anyone, 21 years of age or over and who does not have a communicable disease is eligible for admission.

BELIEVES NEGRO FREE FROM MOB

By United Press
JACKSON, N. C. — District Solicitor Ernest R. Tyler told Gov. Gregg Cherry today that he had "strong evidence" that a young negro seized from jail by a band of armed white men might have escaped the mob and hidden in the woods.

Tyler told the governor in Raleigh by telephone that he was continuing the investigation but personally felt Godwin "Buddy" Bush, 24, might have gotten away with his life.

The solicitor did not disclose the evidence on which he based his opinion.

Meanwhile, state patrolmen under orders from Cherry to "spare no efforts" swarmed the roads for traces of the negro and the mob of white men.

More than 80 patrolmen flooded into Jackson and nearby Rich Square to aid sheriff's deputies and state bureau of investigation agents but there was still no sign of Bush or the mobsters.

Says Russians Have Fastest Jet Airplane

By United Press
BOSTON — John Foster, Jr., executive editor of Aviation Magazine, said today the Russians had developed the fastest jet plane in the world.

He told a New England aviation conference that the new plane "will top 600 miles per hour, about 40 miles faster than the current record holder, a British plane."

He described the ship as a research plane, a single seater fighter to Russia by the Soviets. er, and said it was developed with the aid of "German scientists taken over."

FORMER DR. I. Q. ACCEPTS PASTORATE EASTLAND CHURCH

Word has been received by some members of the Eastland County Episcopal Church, that Rev. James McClain has accepted the pastorate, and will be here the first week of July. Rev. McClain visited in Eastland recently and was well pleased. A home will be repaired for the minister and his family; anyone knowing of a suitable home, will please telephone the Chamber of Commerce. Trinity Episcopal church serves Eastland, Cisco and Ranger.

Blessed Birthday Present DECATUR, Ind. (UP)—Mrs. Katherine August gave her great-grandmother a live birthday present. On Mrs. Henry Schoensted's 90th birthday, Mrs. August gave birth to a daughter, making Mrs. Schoensted a great-great-grandmother.

Combined 4th July Celebration Now Being Planned

The first American newspaper was Benjamin Harris Public Occurrences Both Foreign and Domestic, which hit the street Sept. 25, 1690.

Texas Revenue Collections Up In April

AUSTIN, Tex.—Federal internal revenue collections in Texas for April soared 20 per cent above collections in April 1946, the University of Texas Bureau of Business Research reports.

Collections for July 1 through April 30 now total \$925,206,575 for the State, or 1 per cent above collections for the same period last year.

April Texas collections reached \$86,176,852, with income taxes accounting for almost half the total, \$37,528,148. Withholding taxes brought in \$31,091,610 in April, or 26 per cent more than April 1946.

First District (South Texas) collections totaled \$44,046,619 to suffer a 3-per-cent slump for the month. This dip was largely due to the 16 per cent loss in income tax collections.

Second District (North Texas) recorded a 59-per-cent increase in April as collections totaled \$42,130,233. Income taxes soared 134 per cent above April 1946 collections from the same source, and withholding taxes saw a 30-per-cent hike.

Even Town Pump Joins Current Strike Epidemic

CHICAGO (UP) — Everything was on strike except bad luck, said residents of an unincorporated community near the city limits of Chicago.

First a strike shut down the telephone service to the community, Leyden Gardens. Then their local bus company drivers went on a strike.

Finally their water supply went on a sit-down strike at the bottom of the town's only well. The town pump broke down.

The 84 families in the neighborhood had to carry water from nearby communities in jars, cans and dish pans until its neighbor, Franklin Park, permitted Leyden Gardens to tap its water supply.

Prefers His Liquor To \$15 Per Day

ROCHESTER, N.Y. (UP) — Edward Brink has been a popular inmate of the Monroe County Penitentiary off and on for the past 20 years. An excellent carpenter, Brink usually got the job when there was work to be done.

When the 57-year-old man appeared in city court for the 115th time on the usual charge of public intoxication, the sympathetic judge offered Brink some advice.

"Eddie," said the judge, "you don't want to be set up again, do you? Don't you realize that as a carpenter on the outside you can make \$15 a day?"

Brink considered this thoughtfully and answered: "Judge, that's really too much money for me. I just couldn't stand that kind of prosperity."

He got his old cell back.

Americans spent \$8,770,000,000 for alcoholic beverages in 1946, according to the Department of Commerce.

Available State Revenue Estimate Is Increased

TRUMAN HELD BY MOTHER'S GRAVE STATE

By United Press
* GRANDVIEW, Mo. — The gravity of the condition of President Truman's mother was underlined today by the official announcement that the White House doctor could not advise the President to return to Washington at this time.

Morning reports from her sick room were that her condition was unchanged and that she spent a fairly comfortable night.

In response to inquiries from reporters, Press Secretary Charles G. Ross checked Brig. Gen. Wallace Graham, on whether he could give the President any advice regarding the return to Washington.

Ross said Mrs. Truman's condition was not such that Graham felt he would be warranted in advising the President to return at this time.

It has become an accepted fact here that the President will remain here until there is a material change in his mother's condition.

His presence was one of the principal factors in her tenacious will to stay alive.

The President, after receiving his customary early report from his sister, said there had been no overnight change in her condition.

"She had a fairly good night," the President added.

Accompanied by his wife and daughter Margaret, Mr. Truman left the Muehlebach Hotel to resume his bedside vigil at 8:40 a.m. CST.

Leaving the hotel Mr. Truman paused to buy "Buddy Poppies" from eight school girls representing Kansas City Veterans of Foreign Wars Post No. 18.

To each he gave an autographed dollar bill. His own bills finally exhausted, he borrowed the eighth dollar from Mrs. Truman.

The President put one poppy in his lapel, then returned the other seven to be sold again.

Mass Burial Of Unidentified Dead Set For June 8

By United Press
HOUSTON, Tex. — The long delayed mass burial of unidentified Texas City dead has been set tentatively for Sunday, June 8, it was learned today.

According to Mayor Curtis Trahan, the memorial committee is trying to buy land northwest of the city to be used as a memorial funeral park for the unknown victims of the tragic explosions.

At present, 95 unidentified bodies lie in refrigerated vaults at the Camp Wallace morgue.

Meanwhile, experts continued the task of identification using even the smallest of clues in their efforts.

Mineral Wells Delegation To Visit Eastland

A Good-Will Trade delegation will be in Eastland about noon-time, on Wednesday, May 23rd.

Some seventy-five Mineral Wells citizens, will arrive in two buses; luncheon arrangements at the Connellee roof, are being made by H. G. Tanner, of the local Chamber of Commerce. Localites who care to attend the luncheon, are urged to advise the Chamber of Commerce not later than noon, Tuesday, Phone 192.

It has been estimated that 47,000,000 work days were lost in 1946 by work injuries, the equivalent to the full production of 156,000 workers for an entire year.

King Tractor Defeats Cisco Friday Night

The King Tractor softball team of Eastland, won from the Cisco team at Fireman's Field Friday night.

The Cisco boys gathered sixteen hits, and the King men chalked up eleven.

A City League game will be played Monday night; Blevins Motor Company versus Lone Star Gas Company.

Hens Give Short Measure PLYMOUTH, Ind. (UP)—The hens on Mrs. Otto Baileys' farm often decide to break the monotony and lay midge-size eggs the size of a hazelnut but otherwise perfectly formed inside and out.

Stowaways

After their American boy friends left Australia for America these three lassies decided to follow. They stowed away on the Freighter Ephraim, out of Sidney and ended up in New Orleans, where we find them posing for the camera. Left to right are: Sandra Lee, Norma Hughes and Wanda Saverain. After they were discovered aboard the Captain put them to work ironing and mending the crew's clothing. (NEA Telephoto).

New Geologist For Lone Star Locates Here

Don Kralis, a former teacher of Economic Geology, at the University of Denver, is the new geologist for the Lone Star Gas Company, in the West Central Texas district.

Mr. Kralis is married; his wife being the former Ann Bell Wilmoth of Lamar, Colorado. Mrs. Kralis attended the Greeley University in Colorado, and the University of Texas. Prior to her marriage, she was a medical technician.

Mr. Kralis received his degree and two years of graduate work in geology toward his Doctor's degree at Indiana University, attended the University of Denver Law School, and served as exploration geologist with the U.S. Army Engineers and the Imperial Oil Company, of Canada, in the Arctic region, during the war.

Mr. and Mrs. Kralis reside in the Muirhead apartments.

Sets Record For Clearing Land

Fred Brown, Abe and John Anderson, moved three bulldozers onto 200 acres of land, 2 miles south of Nimrod, about three weeks ago. Unbelievable progress has been made with this "clearing" project; and, it looks that the planting of "goobers" will be under way in about two weeks.

C. M. McCain says these men have "lighted-the-way" as to what can be accomplished in a very short time, and wonders why more of us farmers don't follow the pattern of rapid accomplishment.

NEW FIGURE GIVES SOLONS \$2,000,000 MORE TO SPEND

AUSTIN, Tex. — State Comptroller George Sheppard today issued a new estimate of state revenue available for spending by the Texas Legislature, increasing a former estimate by more than \$2,000,000.

Under a pay as you go change in the state constitution which took effect Jan. 1, 1945, the Legislature may not appropriate in excess of the comptroller's estimate of revenue to meet the spending except by a four fifths vote of the total membership of each chamber.

The increased revenue available for spending results principally from an estimated gain in oil taxes due to increased production and price per barrel of crude. There is also now an anticipated increase of \$4,000,000 through appropriations of the last Legislature that will lapse.

Today's estimate was expected to hasten end of the session of the Legislature that has gone more than 130 days by bringing a possible end to a stalemate between legislative spending plans and Gov. Beauford H. Jester's opposition to any new tax levy.

Bills already have been passed or reported favorably by committees of the present legislature that are variously estimated to run from \$33,000,000 to \$40,000,000 over the previous income estimate.

Jester Signs Bill Creating New Boundary

By United Press
AUSTIN, Tex. — Texas' claim of sovereignty in the Gulf of Mexico to the edge of the continental shelf was made final today when Gov. Beauford H. Jester signed into law the bill of the state Legislature fixing the new coastal boundary.

At some places the continental shelf is more than 65 miles from the shore line.

Governor Jester signed also bills to let new automobile and truck registration plates be used Feb. 1 each year instead of April 1.

Approval was given bills to allow school teachers to draw retirement pay after 30 years teaching regardless of age and to increase the burial payments for confederate veterans.

Sermon Topics Are Announced By Methodist

The sermon topic for this morning's worship service at the Methodist church for the 11:55 hour is "From Surplus to Sincerity."

For the 8:00 evening hour the sermon topic will be "How Satan Came To Be."

You are asked to note the change of time for the evening service from 7:30 to 8:00 o'clock.

FLOWERS IN OUR LIVES

by Edwin L. Wittrop
There is always a place for flowers in our lives, in our homes, on our clothes. Though other things go out of fashion, though styles in dress become passe, home decorations become revolutionized, flowers continue to lure us with their age-old beauty. Flowers never go out of fashion.

A gift of flowers is always a courtly gesture. But it is the kind of thoughtfulness that is so often overlooked. In every gift of flowers, whether it costs much or little or gathered from your own garden, there is always a subtle compliment. Even the most practical-minded person will not scorn the sentiment of flowers.

Not only because of their decorative possibilities, but because of their cheer, fresh flowers are imperative in the home. Every woman should see to it that fresh flowers are in the home, not only when guests are expected, but for her own and her family's enjoyment.

While flowers in themselves have a natural charm, it is when they are arranged artistically with an eye to color harmony and form of outline, that their lure is most pronounced. The skill and art of the florist, which has been gleaned through years of experience in the trade, can turn a bunch of flowers into a colorful picture that will add charm to your table or drama to a costume. He knows what flowers are best for those who are ill, which blooms are best for a young man to give to his sweetheart. In matters of romance, his art is paramount.

This column is designed to show you some of the many ways that flowers can help you to make your life and others, more beautiful with flowers.

CHRISTIAN SCIENCE SERVICE

"Soul and Body" is the subject of the Lesson - Sermon which will be read in all Churches of Christ, Scientist, on Sunday, May 25.

The Golden Text is: "Why art thou cast down, O my soul? and why art thou disquieted within me? hope thou in God: for I shall yet praise him, who is the health of my countenance, and my God" (Psalms 42:11).

Among the citations which comprise the Lesson - Sermon is the following from the Bible: "Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you?" (1 Corinthians 3:16).

The Lesson - Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Because of human ignorance of the divine Principle, Love, the Father of all is represented as a corporeal creator; hence men recognize themselves as merely physical, and are ignorant of man as God's image or reflection and of man's eternal incorporeal existence" (page 13).

Says Veterans Help Campus Morality

PULLMAN, Wash. (UP)—Sex immorality and alcoholism are decreasing among American college and university students according to Dean Charles McAllister, member of the Washington State College board of regents.

Rebutting a recent statement made by an English clergyman about morals of American students, Dean McAllister said that "In most educational institutions conditions of sex immorality and alcoholism are a great deal better." He based his findings on a survey of 60 leading colleges in the nation.

"The decrease is due to the fact that students, many of them veterans, are older and are on the campuses for seriousness of purpose, while others are afraid of losing their GI rights," he said.

"There is a general increase of immorality in lying, cheating and stealing, but this rise is not among veterans," he added.

Scientists Take Field To Wage War On Sleeping Sickness In U. S.

By Boruff Smith
United Press Staff Correspondent
BERKELEY, Cal. (UP)—Scientific strategists are taking the field to renew their annual assault on encephalitis, the so-called "sleeping sickness," which each year claims a heavy toll of victims in the western states.

The disease strikes up to 1,000 persons yearly in the hot valleys of California, notably the Sacramento and San Joaquin. Evidence is being accumulated to prove that many cases believed to be poliomyelitis (infantile paralysis) in widely scattered areas actually are encephalitis.

The fight this year will be headed by a group of scientists from the Hooper Foundation at the University of California Medical Center. It will be the largest and most comprehensive effort ever undertaken against the disease.

The work will be co-ordinated with studies being conducted by the same group of scientists in an army laboratory set up in Tokyo last year to guard American troops against the dreaded Japanese "B" encephalitis while studying the disease.

Dr. W. McD. Hamilton, university epidemiologist and director of the program both in California and Japan has just returned from the Orient. He organized research to be carried out in Japan, Okinawa, Korea and China in July and August. Now he will take charge of the California program.

In San Francisco the medical school of the Hooper Foundation

is prepared for extensive studies of the clinical aspects of the cases expected in the months ahead. Doctors and nurses will be on duty at hospitals in the areas expected to be hardest hit, to keep detailed records of patients.

The Hooper Foundation scientists have made some major achievements since 1930, when encephalitis was largely a mystery. The disease affects horses as well as humans, and one of the first steps was isolation of the virus of western equine encephalitis from horses and later from man, thus discovering the cause of the disease.

Vaccine Production began with virus cultured in chick embryos. The St. Louis virus and the California virus were later isolated, and it was found they are carried by mosquitoes. Wild birds and domestic fowl were found to be reservoirs and sources of infection.

The disease attacks nervous systems, like poliomyelitis, and sometimes it is almost impossible to determine between the two. It does not often paralyze, but frequently causes a deterioration of nerve tissue. In some cases affecting infants, permanent brain damage results and there is mental deficiency and paralysis.

There is no specific treatment, according to Dr. Hammon, but trained physicians have been able to cut the mortality rate from the types of encephalitis in California from 25 per cent in 1940 to five per cent in 1946.

Spring Comes To Clay Center
CLAY CENTER, Kan. (UP)—For Sam Amcoats it is, finally and officially spring. For the third straight year a white-headed blackbird that likes Amcoats' back yard for a warm-weather home has returned.

FIRST GRADE OF WEST WARD HAS TRAIN RIDE TUESDAY

Mrs. Hollis Bennett entertained her first grade class of south Ward school Tuesday, by taking the children on a train ride to Ranger, their first train ride with school children.

The children had studied transportation which made the trip more interesting. Mrs. Bennett said the children had a good time. Making the trip were, Sidney Lou Seale, Linda Linkenhogor, Mary Smith, Felipa Herrea, Linda Hallenbeck, Celia Mata, Carol Jumper, Martin Day, Larry Allredge, Davis Carothers, Tommy Cooper, Dean Fox, Johnnie McMahan, Galand Poe, Allen Neal Pritchard, Doyle Wayne Phillips, Ronnie Rich, Pat Vermillion, Jimmy Waller, Weston Wolf, Phillips Collins, Jimmie Webb, Sue Day, Mildred Day, Gloria De Los Santos, Diana Enas, Jane Howell, and Mrs. Bennett.

MRS. WALLER ENTERTAINS WITH BIRTHDAY PARTY

Mrs. J. L. Waller, 1314 South Seaman street, honored their son, Jimmie Dale, on his 7th birthday, with a party at the home Friday afternoon from 3:00 to 5:00 p. m.

Mrs. A. J. Blevins, Jr., assisted Mrs. Waller with the games and in serving cake and ice cream. Guests were: Linda Linkenhogor, Patricia Fullen, Julia Lynn

Inzer, Helen Taylor, Sidney Lou Seale, Ellen Whatley, Donna Rae Scott, Judith and Stanley Blevins, Billy Howard Upchurch, Johnnie McMahan, Allan Neal Pritchard, Dean Fox, David Carothers, Robert Lee Waller, and the honoree, Jimmie Dale Waller.

JIMMIE LYN HARRIS HAS BIRTHDAY PARTY

Mrs. L. D. Harris of Leon Plant entertained Friday at 5:00 p. m. at the City park with a picnic honoring her son, Jimmie Lyn, on his 10th birthday.

After the picnic supper Mrs. Harris accompanied the party to the Theatre. After which the boys went to the Harris home, where the white birthday cake holding pink candles was cut and served with other refreshments.

Jimmie Lyn entertained the boys with a slumber party, after the refreshments were served. Attending were: Charles Collins, Pat Crawford, Dale Jessop, Earl Conner, Billy Jordan, Landon Jordan, Richard Jones, George Halkias, Jimmy Spence, James Watson and James Harbin.

W. S. C. S. OF METHODIST CHURCH TO MEET IN CIRCLES MONDAY AFTERNOON

The Woman's Society of Christian Service meets in circles Monday. The Builders circle meets in the home of Mrs. Herman Hassell.

No Faults

Lady Lynda, black greyhound, stands with her master Floyd Huggs, after winning Kansas \$700 Futurity Stake at the National Coursing Association's spring meeting in Abilene.

sell, on South Maderia Street. College. The commencement exercises are June 2, at 10:30.

Each member is to bring some hand work for the bazaar, which is to be held in the fall.

GRADUATING CLASS HONORED BY DOUBLE SEVEN CLUB

Members of the Double Seven Club entertained the Eastland high school graduating class with a formal party and dance in the gymnasium at the school Friday night after the graduating exercises in the auditorium.

Dancing to recorded music was enjoyed by a large crowd. Punch was served by the club to the school faculty, high school students and parents.

WOMEN'S CHURCH PROGRAM

The Woman's Council of the First Christian Church will have a consecration dinner in the annex of the church Tuesday at noon. The Woman's Society of Christian Service of the Methodist church will meet in Circles Monday at 3:30 p. m. Mrs. Herman Hassell will be house hostess to the Fellowship circle and Mrs. C. W. Young will be house hostess to the Builders Circle.

PERSONALS

Mr. and Mrs. Bobby R. Jones plan to move to their home in Brownwood Monday. Mr. and Mrs. Ira J. Grisby has bought the Jones home on South Ammerman street. Mrs. Grisby is local manager of the Hollywood Corset Company.

Mr. and Mrs. Ira R. Franks of Gatesville, are guests in the home of Mr. and Mrs. G. A. Kinsey and Miss Velda Franks on West Commerce. Mrs. Kinsey and Miss Franks are sisters of Mr. Franks.

Mr. and Mrs. F. W. Denniston have leased their Phillip 66 service station to Curtis Moser, and plan to leave soon for a visit with their sons F. W., Jr., and Charles, in Michigan.

Rev. and Mrs. E. R. Gordon returned home Thursday from Amherst where they visited their daughter, Mrs. W. K. Frey and family.

William George McWilliams, son of Mr. and Mrs. J. F. McWilliams, South Maderia Street, is graduating from Texas Wesleyan

HAS TONSILLECTOMY

Jerry Don Hamilton, 5, son of Mr. and Mrs. Owen Hamilton of Ranger and grandson of R. B. Shipman of Eastland had his tonsils removed at the Ranger General hospital Thursday, last.

BLESSED EVENTS

The Eastland Hospital reports the arrival of two infants. Mr. and Mrs. Victor Lawson are the proud parents of a baby boy, and Mr. and Mrs. L. D. Todd were presented with a girl.

Both mothers and babies are reported as doing nicely.

Take A Letter Darling, Doesn't Apply This Case

CHICAGO (UP) — Strictly on a business basis is the way Mrs. Ruth Cole, 34, is going to keep her secretarial job.

She has a court order to back her up.

She ceased being the wife of Glen Cole, but is forced to keep her as his secretary in his floor-sanding business.

Circuit Judge Leonard C. Reid awarded her a divorce on a charge of cruelty and granted her \$45 weekly alimony from her husband's \$75 weekly income.

Her "boss" will appear in his former home to give dictation and to make business telephone calls. "As for after work," said the former Mrs. Cole, "He will have to sleep and eat out."
