

## Bull Town Bulletins

By  
Bill Ellis

**THINGS ARE** moving right along on the community's Bull Town Days celebration August 18-19-20.

Some new events have been added to the schedule for 1983, and these promise to be nice additions to the regular bill of fare for Bull Town Days.

One of the new events is the "Bull Run," which will be a one-mile "fun" race, to be held just prior to the parade on Saturday, August 20.

Another new event will be "Flip For Funds," which is designed to raise funds for equipment for the Bovina Gymnastic Elite group.

Back for its second year on the schedule is the Tug-o-War event, which was a big success a year ago. This event had a lot of appeal, both for participants and spectators.

Clubs and organizations are urged to have an entry in the parade, which will be held at 2:45 p.m. on Saturday.

**THE BIGGEST** drawback to Bull Town Days in recent years has been that with school starting on the Monday following, many of our people want to take their "last chance trip" the weekend of Bull Town Days, and thus are out of town and miss the festivities.

With this in mind, wonder if participation in Bull Town Days might not be better if the dates could be changed slightly.

As we recall, the BTD celebration was first scheduled to coincide with Bovina Roping Club's Quarterhorse Show, which was already an established event. With the horse show being a regular event on a national organization's schedule, changing their dates might be "easier said than done."

**ACCORDING** to an item we saw recently, we at the Blade are right in step in our advertising department. Here are the ten most popular words for advertising purposes:

1. NEW! 2. NATURAL! 3. LIGHT! 4. SAVE! 5. FREE! 6. REAL! 7. RICH! 8. FRESH! 9. EXTRA! and 10. DISCOVER, or DISCOVERY.

Now, we hope that you will discover the all-new Bovina Blade, with a natural freshness. You can save a bundle of real money by taking advantage of the various specials and free offers by Blade advertisers. These are designed to make you feel extra rich, and not suffer from a light wallet!

**SPEAKING OF WORDS**, it is a proven fact that you should say what you mean, and mean what you say. However, in the case of the following excerpts from published news items, it's hard to tell if the writers were paying attention to what they were saying:

\*Firemen today received 28 letters thanking them for their efforts which destroyed three houses last Wednesday night.

\*A man was shot as he tried to foil an armed raider. Police have not named the man who was shot at his request.

\*The scales vanished from a locked office and police are weighing up the possibilities that they have been stolen.

\*The doctor said that after the accident the defendant told him he had been to a very good dinner and had a good deal to drink. He was certain that his car had touched nothing.

## Lions Set Bird Project

The Bovina Lions Club is making tentative plans for a pheasant hunt in December.

Those wishing to designate their land for use by the Lions are asked to contact Durward Bell, Wendol Christian, Dickie Clayton or Wayne Spears.

## Schedule Given For Enrollment

Details on the beginning of the 1983-84 school term were announced this week by Bob Owen, superintendent.

Teachers will begin work Wednesday, August 17, at 8 a.m. The first day for students will be Monday, August 22.

Students attending school for the first time will need a report card or records from their previous school in order to enroll.

Kindergarten students who have not pre-registered will need a birth certificate and immunization record.

The school supply list for all students in grades K-6 will be posted at Bovina Super Market.

The length of the school days for

the coming year will be as follows: K-2--8:20 a.m. - 2:45 p.m. Third through twelfth grades--8:20 a.m. - 3:31 p.m.

Junior high students will pick up their schedule during the first period on the first day of school.

High school students need to report to the high school cafeteria on Thursday, August 18, at 1 p.m. to pick up schedules and enrollment materials.

New teachers in the Bovina system this year will be George Langan, junior high history; Bill Dyer, band director; Bettye Glee Dyer, elementary special education; Debbie Cowley, high school science; and Jerry Goodwin, teacher and coach.

## Community Benefits From Special Program

This community, as many others, receives the services of the Rural Infant Education Program. This program is an infant education and stimulation program sponsored by Central Plains Mental Health/Mental Retardation Center in Plainville.

The program is also partially funded through a grant from the

Early Childhood Intervention of Texas. The program offers services to the residents of Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Motley, Parmer and Swisher counties and the children referred to the program must have a physical or mental handicap or a developmental delay or be classified as developmentally disabled or as a high risk infant.

The child must reside in the nine-county area and parents must be willing to cooperate. Services offered in this program are a transdisciplinary assessment which is provided for each child. This includes psychological, educational, medical, sociological evaluation with physical therapy, occupational therapy and speech therapy assessments given as needed.

When the child is enrolled in the program, he/she will have an individual treatment plan for his special needs in the following areas: daily living skills such as feeding, dressing, toileting, etc., gross motor skills such as physical skills like sitting alone, crawling, walking, jumping, etc., fine motor skills such as grasping and releasing objects, use of small objects to manipulate objects, language beginning with the development of cooing and babbling and leading to speaking in sentences, cognitive skills developing thinking skills and problem solving skills, sensory training skills, training in developing abilities in the five senses-

## 31 Boys Out For Football

Football practice began for the Bovina Mustangs Monday, with 31 candidates reporting for the two-day workouts.

"We're hoping we'll have more players. In fact, any boy who is interested in making the team is urged to come out and join us," said Mustang coach Larry Helton Tuesday.

Bovina's first scrimmage game is August 19 at Friona. The team will host Vega in a scrimmage session August 26. The first game of the season is against the Happy Cowboys here on September 2.

Coaches of the Mustangs in addition to Helton are Marks Lanham, Terry Brax, and Jerry Goodwin, new to the staff this year. Goodwin is from Aldine.

**NEW STORE...**Norbert Schueler recently moved his Purina store to the corner of Main and Third Street. Schueler, who recently moved into town from the Rhea community, features all types of feeds, pet foods, poultry feed, hog and horse feed and health aids for animals.

**PRACTICE UNDERWAY...**Bovina coaches are shown directing a workout, as two per day workouts began for the Mustangs this week.

Coach Larry Helton said that 31 boys are out for the varsity team. Any other prospects are invited to join the workouts.

## McCains To Have Show On Sunday

The McCain Brothers Show, featuring Ben and Butch McCain, natives of Bovina, will be featured on KVII-TV, Channel 7, Amarillo, on Sunday, August 14. The 30-minute program will air at 3 p.m.

John Conlee, a member of the Grand Old Opry, is a special guest of the McCains on the show.

The McCains will each do songs on the program, and will talk with Conlee, a Nashville star with some 15 hits to his credit. They will also exhibit their "down home" style humor.

Ben and Butch McCain, billed as the only brother news team on television (WKY, Oklahoma City), do a regular segment on the Oklahoma Opry. They recently returned from Nashville where they were guests at a taping of the Hee-Haw show, to be seen locally on November 19.

## Local Team Does Well In League

The Bovina Renegades baseball team, which plays in the Clovis Softball Association, completed the season and placed third in the Blue Division.

Two divisions, the Red and the Blue divisions were in the Industrial League. Eight teams were included in the Red division and seven teams in the Blue division.

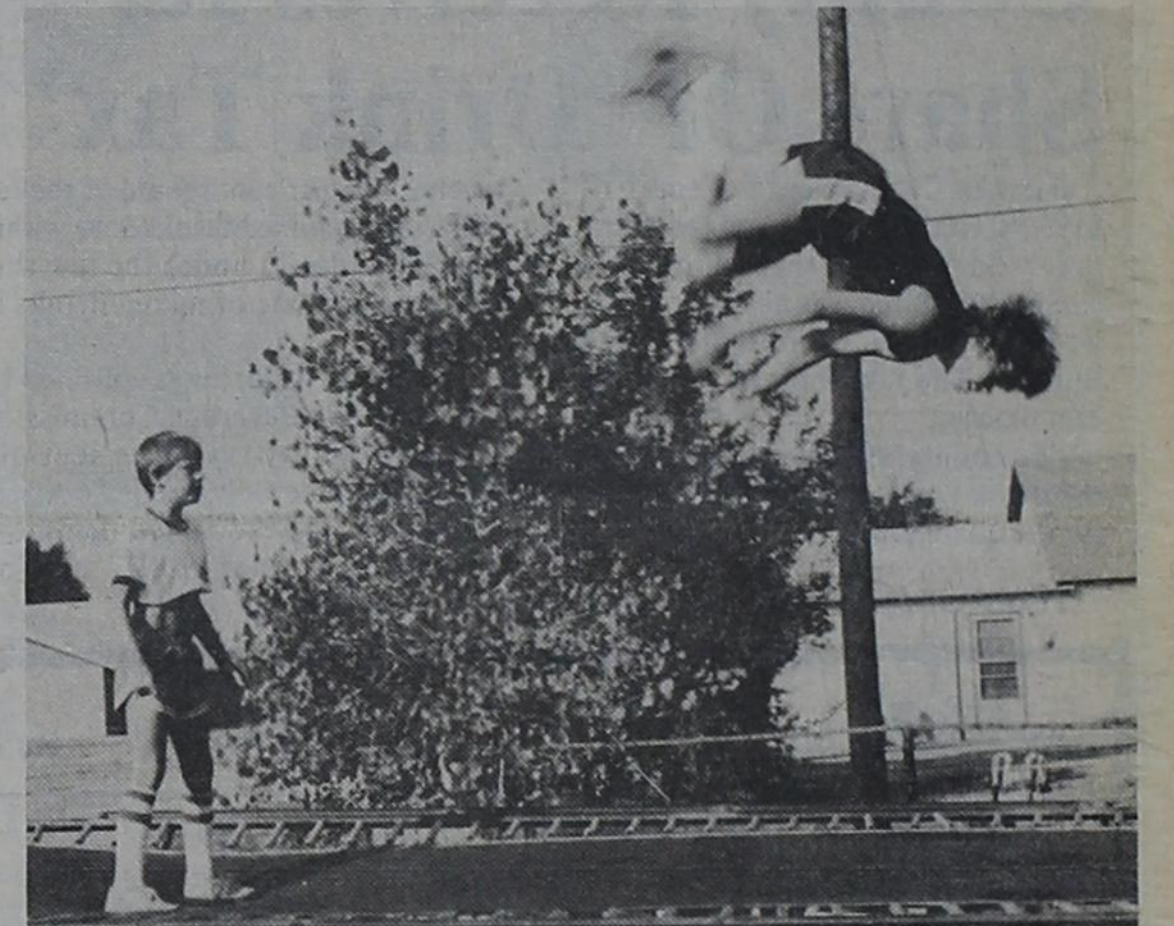

The games started in May. The Renegades won their first eight games, lost the next four, and won the last four games. Several Bovina businesses sponsored the Bovina team.

Members of the Renegades were Johnny Martinez, Ernest Hernandez, Frank Galvan, Ramiro Navaro, Lupe Salazar, Robert Olvera, Tommy Serna, Tommy DeLeon, Juan DeLaRosa, Tony Serna, Joe Olvera, Roy Shelby, Raymond Rocha Jr., Marks Lanham, Eloy Flores and June Shepherd. The team was coached by Daniel Hernandez.

## Kay Doggett Sets Visit

State Comptroller Bob Bullock has announced that Kay Doggett from his Lubbock field office will be at the Parmer County Courthouse on Wednesday, August 17 from 2-3:30 p.m.

A comptroller's representative is available to assist local residents at the courthouse the third Wednesday

**SUMMER FUN...**Summertime is fun time, and Bud Venable and Rusty Venable, sons of Radford and Kay Venable, are shown enjoying the trampoline in the family's back yard. Summer is winding down for area youngsters, as school starts August 22.

## Commissioners Pay Quarterly Tax Bill

Payment of the county's Workmen's Compensation fund payment for the quarter ending September 30, 1983 was one of the main topics at the Commissioner's Court meeting July 25.

The county had voted recently to change their Workmen's Comp to the Texas Association of Counties, and had received a bill from this organization for the fee of \$2,687 for the quarter ending September 30.

At the suggestion of County Treasurer Benna Felts, a motion was passed to reinvest money from a Farm to Market Certificate of Deposit which had matured, in a 14-day CD, maturing August 9, 1983.

A motion was passed to have Mack Heald spray the Courthouse trees for bagworms and elm leaf beetles, at a cost of \$280.

Steve Lindsey of West Texas Equipment Company, Amarillo, met with the court to explain his company's lease-purchase agreement for heavy equipment for possible future reference.

Motion was passed to allow the use of the Courthouse lawn for the Border Town Days Celebration.

A request by a citizen for help on a large hospital bill was denied, as the court did not feel obligated to become involved.

Soil conservation work was approved for several farms, when county equipment is not in demand otherwise, such work to be reimbursed to the county. Those approved were: Ricky Rector, Donald Dale, Larry Hodnett, Leslie McCain, Ricky Bennett, James Haseloff, Joe Bradburn, Billy Sudderth, Jerry Herrington and Bert Williams.

## Owen Hurt In Mishap

Jim Owen, an employee of Riverside-Terra Fertilizer was injured last Thursday when he was caught between a payload and a pickup truck.

Jim and another employee, Micky Gerber, were getting ready to hook up trailers when the accident occurred. Jim was standing on the back of the payload and Micky was driving.

The two men failed to see the pickup truck, and backed into it. Jim was caught between the payload and pickup. His hip was crushed. Dwain Nance, manager of Riverside took Jim to Parmer County Community Hospital where he was x-rayed and sent to Lubbock Methodist Hospital.

Jim underwent surgery last Friday in Lubbock. His condition is good and he will possibly be released at the end of the week.

of each month. Bullock urges anyone with problems or questions concerning state taxes to contact Mrs. Doggett at the courthouse in person or call the Lubbock field office at (806) 795-0691. A toll-free number (1-800-252-5555) is also available to Texas taxpayers.

# Entries Open For BTD Tug-o-War

The second annual Tug-o-War will be held at 4 p.m. Saturday, August 20.

The event will be sponsored by the Bovina Chamber of Commerce. Dennis Willard is chairman.

The four divisions will be as follows: age ten and under, 500 pound weight limit; age 11-14, 800 pound weight limit; age 15-18, 1,100 pound weight limit; open division, 1,400 pound weight limit.

A minimum of two women are required for each team.

"To make the Tug-o-War go a little smoother this year we will have weigh-in prior to the pull," Willard says. Weigh-in will be at 10 a.m. Saturday morning at the Body Connection. All members of all teams are required to be there or contact Dennis.

There will be individual trophies

given to all team members of the winning teams in each division. Team trophies to first, second, and third place in each division.

Deadline for entering is August 18 so the brackets can be made up. You are asked to not wait until the last minute to get in your entry blank.

"We ask that you get enough people to meet but not exceed the weight limitation for your division, now, work on strategy and be ready for weighing and the big pull is August 20," Willard said.

Entry fee for the pull is \$25. If you need a sponsor, contact Willard at 238-1101 or 238-1653.

Team members, the deadline is August 18; Weighing is August 20 at 10 a.m. at the Body Connection. Please send your entry form to Dennis Willard, Star Rt. Box 5C or call 238-1101.

# County Receives Its Share Of 'Drink Tax'

Parmer County paid a total of \$193.60 to the state for mixed drink taxes during the second quarter ending June 30, it was announced this week by State Comptroller Bob Bullock. The tax amounts to ten per cent of sales.

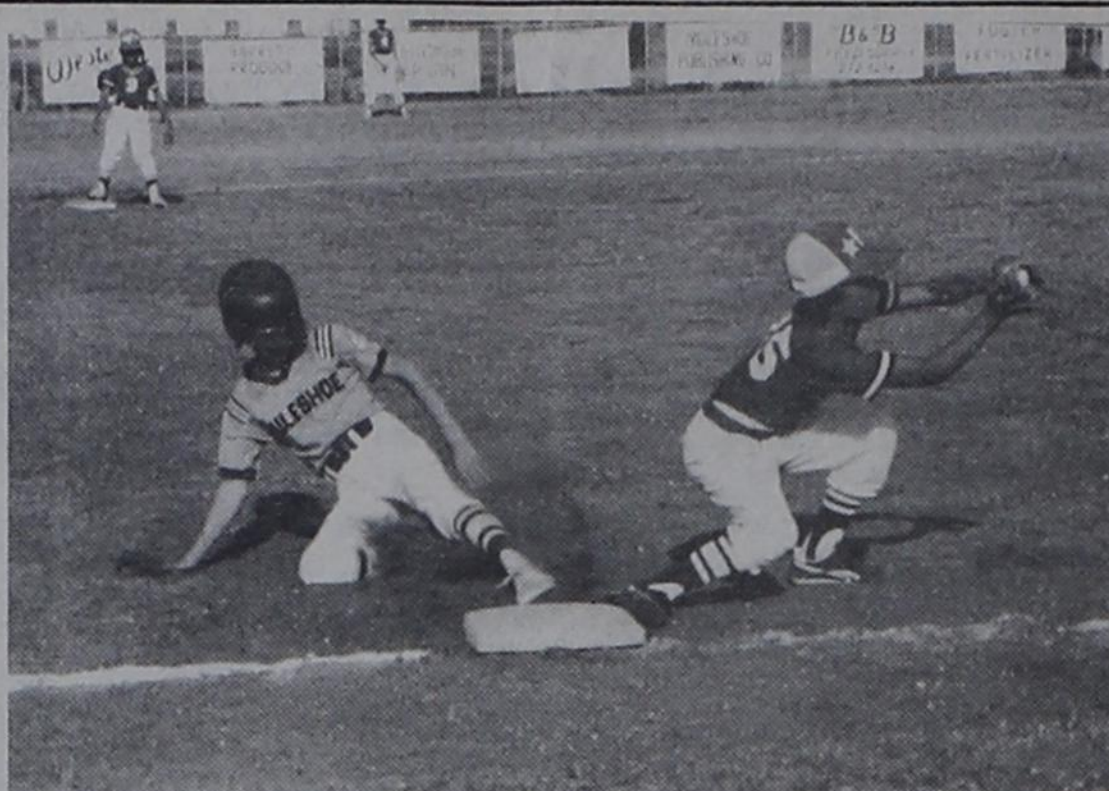

The county's 15 per cent share of the drink taxes amounted to \$29.04 for the quarter.

Texas cities and counties each

receive a 15 per cent rebate of the tax collected on mixed drinks sold within their boundaries under the law that legalized the sale of mixed drinks in the state.

The mixed drink tax is collected by the Alcoholic Beverage Commission and city-county taxes are sent out quarterly by the Comptroller's office.

Bullock said the mixed drink tax brought in a total of \$74 million during the first half of 1983.

SAFE... Sam Morgan of Bovina, a member of the Friona "White" All-Stars, takes a throw from the catcher in an attempt to get the Muleshoe player out. The runner was safe and Muleshoe won the game. Mike Bermea is on second base. The action was in the recent Bronco all-star tourney.

# Mauro Orders Sale Of Veterans Land

Texas Land Commissioner Garry Mauro today issued an order for sale notice on approximately 120 tracts of land that had previously been ordered forfeited by the Veterans Land Board. The owners of the delinquent tracts failed to comply with a July 22 deadline to bring payments current for reinstatement. The action was taken at the monthly meeting of the Veterans Land Board.

Mauro, who serves as Chairman of the Veterans Land Board, said, "The sale is in keeping with my commitment to run the Veterans Land Program in a sound, efficient business-like manner."

"In order for the Veterans Land Board to continue offering generous terms to our veterans, a strong delinquent collection policy must be maintained. Some loans on this list were as old as four years with no payments made. If we are going to continue to close loans in this program in 90 days, payments will have to be made on time," Mauro said.

Delinquent contract holders have until August 15 to vacate the land.

"The Veterans Land Program has never cost the taxpayers a single penny. By running the program on a sound, business-like basis, I intend to ensure that it never will."

The September 30 sale will be by sealed bid only with a minimum bid

set by the Board. A bid form, the list of forfeited tracts, bidding instructions and directions as to how to reach each tract for inspection will be available August 31 from the Veterans Land Board, 1700 North Congress, Austin, Texas 78701.

Mauro said that reducing the number of delinquent accounts will provide additional money for new loans to Texas veterans who have applied to the Veterans Land Program.

"My commitment to a closely-monitored collection policy on delinquencies will ensure that not a single tax-dollar is wasted on this program. I believe this policy will best serve the needs of the state and our Texas veterans," Mauro said.

Approximately 40 of the more than 250 contract holders that received delinquent account forfeiture notices from the Board on July 1 brought their accounts up to date and were reinstated. An additional 65 contract holders have brought their accounts up to date but are pending reinstatement based on receipt by the Veterans Land Board of tax certificates showing proof of tax payments.

# REFLECTIONS

...From The Bovina Blade

## 25 YEARS AGO--AUGUST 6, 1958

Mr. and Mrs. Roy Hawkins and her sister, Mrs. N.E. Bonds, spent last week in New Mexico. They were fishing and vacationing at Conchas Lake, near Tucumcari.

Bovina friends of L.D. (Dave) McCurdy received word of his death Tuesday morning. Mr. McCurdy died Tuesday morning in an Albuquerque, New Mexico hospital after a lengthy illness.

A number of families of this area and their relatives from throughout the state gathered recently for an informal family reunion. The group went to Conchas Lake Saturday of last week and spent several days fishing, water skiing and boating.

Mrs. Frank Burnett returned home yesterday (Tuesday) from a visit in California. Mrs. Burnett had spent the past ten days in Marysville, California, as a guest in the home of her father, W.P. Patton. The local woman made the trip with her sister and husband of Denver City.

## 20 YEARS AGO--AUGUST 7, 1963

Mr. and Mrs. Buster Lehenbauer, Steve and Karen, visited Sunday in the home of Mr. and Mrs. Delbert Morris.

Mr. and Mrs. Cecil Sisk visited in Odessa over the weekend. Their children, Bob Sisk, who had been visiting in the home of Mr. and Mrs. Dick Martin returned with them.

Mrs. Clifford Leake and Mrs. Jack Owens and Michael visited in Wichita, Kansas over the weekend.

Mrs. Mildred Davies was released from Parmer County Community Hospital in Friona Saturday afternoon after suffering injuries in an auto accident last week.

## 15 YEARS AGO--AUGUST 7, 1968

Army Private First Class Raul A. Barraza, 20, son of Mr. and Mrs. Antonio Barraza, Bovina, was assigned July 19, as an infantryman in the 1st Infantry Division near Quan Loi, Vietnam.

Lou Harbison, daughter of Mr. and Mrs. Billy Harbison, cut her foot on a piece of glass at the city park last week. She was taken to Bovina

Medical Clinic for treatment.

Mr. and Mrs. Truck Lusk became the parents of twins--a boy and a girl--Friday night in Swisher County Hospital in Tulia.

Suzanne Wilson and Bruce Caldwell were honored with a party on their 16th birthdays in the home of Mr. and Mrs. A.M. Wilson Tuesday, July 29.

## 10 YEARS AGO--AUGUST 8, 1973

The Riata Cowbelles of Parmer County will sell tickets on a latch hooked rug and a hind quarter of beef during Bull Town Days, announces a Bovina member of the organization.

A budget hearing will be conducted at the regular meeting of the Board of Trustees of Bovina Independent School District Monday at 8:30 p.m. announces Superintendent L.F. Jacobs.

## 5 YEARS AGO--AUGUST 9, 1978

The Bovina Medical Board held a reception for Dr. James Morrison last Thursday morning at the First State Bank in Bovina.

The purpose of the reception was for the people in the Bovina area and Dr. Morrison to get to know one another.

A young resident of Oklahoma Lane was dead on arrival at the Farwell Clinic Monday.

Tim Jones, 21, was found slumped over in a tractor at the Jones Farm. Jones died of a heart attack according to Parmer County Sheriff Charles Lovelace.

Zoo expert predicts exotic animals doomed to extinction

COLLEGE STATION — In just a generation or two, children may live in a world where the elephant, blue whale, condor, rhino and mountain gorilla exist only as pictures in a book, says an expert with the San Diego Zoo.

Zoos need research ties with universities to establish self-sufficient populations of species that are endangered or near extinction, Dr. Kurt Benirschke said at Texas A&M University where he recently gave several lectures.

"Extinction is forever and many animals — thousands of species, in fact — are becoming endangered or near extinct," said Benirschke, director of research and health services at San Diego Zoo, one of nation's leading facilities. Benirschke, a German-born physician, urged today's college students to take up the cause of endangered species so that future research would be aimed at increasing the reproduction of rare animals in zoos and wildlife sanctuaries.

Littlefield, Texas 79339

Steven D. Smith, O.D.

### YOUR CHILD'S PRECIOUS EYES

Because an individual's well-being, personality, posture, social adjustment, school and work achievement is so closely related to vision, your child's first visit to an optometrist should not be delayed or postponed. That's the recommendation of the American Optometric Association to parents.

The AOA suggests that parents encourage a child's interest in educational programs on TV and stimulate his interest in reading at an early age by reading to him and letting him SEE what you are reading from illustrations. It's important to impress upon every youngster the importance of protecting his eyes and those of others from sharp objects and irritants such as sprays and sand, etc.

We recommend that your child see an optometrist for the first visual examination at the age of three and again before entering kindergarten.

This message brought to you in the interest of better vision by Drs. Armistead and Smith, Optometrists, Littlefield, Texas.

## Comptroller Requests Gas Policy Change

State Comptroller Bob Bullock recently said he has asked the Texas congressional delegation to take a close look at proposed changes in federal natural gas policy that could cost the state more than \$100 million in lost natural gas production tax revenue.

The nation's largest gas producer, Texas produced more than six trillion cubic feet of gas last year and the state collected more than \$1 billion in natural gas production taxes.

Bullock sent a report to Texas congressmen showing the Reagan Administration's gas decontrol proposal could cost the state \$56 million in lost gas production taxes during the next two budget years and about \$42 million the year after that.

"Efforts to eliminate some natural gas pricing problems are to be commended, but no one wants to cut off an arm to cure a hangnail," Bullock said.

Bullock said decontrol is a complex and complicated issue and its impact on Texas gas producers and consumers has not been presented to Texas congressional leaders.

Bullock said that his report indicates Texas gas customers would

not benefit significantly from the Reagan Administration proposal.

"A second major proposal to deregulate natural gas, developed by the Senate Energy and Natural Resources Committee, would impact Texas less severely than the Reagan-backed proposal," Bullock said.

"This will be a decision for those who represent Texas in Washington but I felt they needed to have the facts on what would happen when they pressed the voting buttons."

"They've got 'em now," he said.

### Baby Girl Born To John Millers

John J. and Brenda Miller of Friona are the parents of a baby girl born Monday, July 25 at 1:32 a.m. in Deaf Smith General Hospital in Hereford.

Named Brandy Nichole, the new arrival weighed five pounds, ten ounces and was 18½ inches long.

Brandy has four brothers and four sisters.

Grandmothers are Roxie Farmer of Fort Worth and Delpha Vinson of Bovina.

Isn't it great to be part of a family 44 million strong?

# On The Farm In Parmer Co.

By SETH RALSTON

Some changes in the Texas brucellosis program which will allow for more freedom of movement of cattle, along with changes in procedure for establishing a certified free herd, have been approved by Commissioners of the Texas Animal Health Commission.

The changes were approved at a recent Commission meeting in Austin, says Seth Ralston, county agent with the Texas Agricultural Extension Service, Texas A&M University System. Present for the commission session were newly-appointed commissioners, Mrs. Mary Nan West of Batesville, Laurence Bostick of Brookshire and Robert Bartlett of Canton.

Three changes relate to movement of cattle and include:

1. In a consignment in which there is a vaccinated animal that is a suspect on the brucellosis test will now proceed in this manner: In such a situation, negative cattle in a consignment in which there is a vaccinated card test positive but rivanol or complement fixation negative suspect, may move.

2. In a non-infected herd of cattle which has been adult vaccinated, those animals that are card test negative at the time of movement may move without restriction.

3. A change was made relating to testing requirements from a C area or area within the Texas C area. This change would allow movement of non-vaccinated cattle if they are tested negative within 30 days prior to movement and either be from a herd in which all test eligible cattle have been together for at least 120 days and have been subjected to one negative test as a herd within the previous 365 days, or be from a non-quarantined herd and have been subjected to a negative test not less than 60 or more than 365 days before the test for movement.

Changes in procedures for establishing a certified free herd concern both dairy and beef cattle operators, Ralston said.

For dairy herds, the commissioners made the

change to require a minimum of four consecutive, negative milk ring tests conducted at not less than 90-day intervals. Previously, three negative tests were required. Regulations also were changed to make it easier to establish a certified free herd of cattle originating from a certified herd as follows: all or part of a certified free herd purchased and moved directly to premises without other cattle may qualify without a test.

A proposed change yet to be approved by commissioners relates to movement of cattle to slaughter from a quarantined herd without testing of that herd, when the cattle are to be sold exclusively for slaughter. This regulation, however, must conform to federal rules—and at present federal rules require that all cattle from a quarantined herd be tested.

Home gardeners can produce maximum yields of quality vegetables with a drip irrigation system.

Such a system applies water to the soil at the center of the row with great precision and economy. It's possible to reduce water usage in a garden by more than 50 per cent with a well designed drip system.

Drip irrigation involved a system of plastic pipes with tiny openings called "emitters" which deliver water, drop by drop, into the soil at the base of plants along the row. The water soaks in immediately when the rate of irrigation is adjusted correctly. No water is wasted because there is neither flooding nor run-off.

Home garden drip systems operate at low pressure—4 to 10 pounds per square inch of tubing. Most gardeners

quickly learn how often and how long to operate their drip systems to satisfy their plants' water needs.

Even when a drip system is on, the middles between rows are dry enough to walk on, permitting harvesting and other garden work during irrigation. On the other hand, sprinkler and furrow-irrigated gardens are too wet to walk in for a day or two after each irrigation.

Drip-irrigated plants are more productive and water is not sprayed over the leaves as with sprinkler irrigation, thus reducing disease problems. Soil is not water-logged as with furrow irrigation, so more oxygen is available to plant roots at all times. The entire soil surface can be mulched without interfering with irrigation; this stops moisture loss by evaporation.

At the current rates for city water, savings in water costs alone can pay for a drip system in less than two growing seasons. A 1,000 square foot garden, irrigated twice weekly for a month in mid-summer, requires about 10,000 gallons of water via furrow irrigation. This same garden, drip irrigated, will use less than half that amount. Thus, over a full season of gardening, water savings can be substantial.

Drip irrigation system costs vary widely but are reasonable for the home gardener. A system can last for four to ten years, depending on its care.

JIM NICHOLS

# Ronald McDonald House Of Amarillo Opens To Receive Area Families In Time Of Need

Through the efforts of concerned citizens across the Texas Panhandle and eastern New Mexico, the Ronald McDonald House of Amarillo has become a reality.

A formal dedication and public open house of the facility, aptly heralded as "the house that love built," will be held at 2 p.m. August 14, at the Ronald McDonald House site, 1501 Streit Drive in Amarillo.

Individuals and civic organizations from throughout the area dedicated time, energy and money to the funding of the Ronald House. Beginning August 15, the Ronald House opened as a temporary lodging facility for the families of critically ill children who come from outside Amarillo to receive treatment at one of the nearby hospitals or treatment centers.

Because of its location in a major medical center, the Ronald McDonald House of Amarillo will touch the lives of families from a surrounding five-state area.

The Ronald House of Amarillo has as its purpose the same as those Ronald Houses throughout the country—to provide comfort, care and lodging for families of critically ill children, to be a haven of love and support in a time of great need.

For the families of critically ill children, the problems surrounding the care of a sick child can be monumental—the need for good medical attention, constant care, and the staggering costs of treatments. And when families have to travel from their hometown to a medical center in another city, the additional burden of travel and hotel expenses, plus the emotional strain of being away from other family members for an extended time, can be overwhelming.

The Ronald McDonald House was conceived to alleviate some of this burden. It provides families with a warm, home-type atmosphere, a haven for rest and support, a place where they can be together as a family. Besides easing the physical and emotional stress of travel and separation, the Ronald House lightens the financial burden faced by families confronting a major illness. Families using a Ronald McDonald House pay a maximum of \$10 per day for their stay. In cases of financial

## Take Care Of Food In Summer

Summer is the time for family outings and weekend picnics which are as American as apple pie. However, that apple pie and other foods may spoil the summer fun if they are not properly refrigerated warns Canyon Paramedic Danny White, vice chairman of Panhandle Emergency Medical Services.

One of the most common types of food poisoning is caused by a staphylococcus bacteria which multiply rapidly when certain foods are stored at temperatures which are too warm. All kinds of meats, dairy products, and certain baked goods are especially susceptible. In fact, any foods left in an open container and unrefrigerated should be suspect warns White.

The symptoms usually occur a few hours after eating and consist of vomiting, diarrhea, stomach cramps, and nausea. The person suffering from food poisoning feels like they are going to die. Although death rarely occurs.

White, chairman of the PEMS education committee says that treatment is based on correcting dehydration which occurs from the vomiting and diarrhea. Relief of the abdominal cramping and diarrhea can be obtained through the use of commercial preparations from the local pharmacy. Usually the symptoms last less than 24 hours.

There are other forms of food plant poisoning which can occur from eating contaminated or poisonous plants. If a child eats one of those plants, White advises that parents immediately call the poison control number at 1-800-692-1331 in Amarillo. They can advise you on the treatment and symptoms of most poisons.

Paramedic White concluded by stating that if you have any doubt about the seriousness or complications of food poisoning call your local physician, emergency medical services number of the Panhandle Emergency Medical Services number 1-800-692-1331.

hardship, the payment is waived.

The Amarillo Ronald McDonald House will house ten families at a time, on a first-come, first-served basis. Recommendations for families to use the House are expected to come from area doctors, as well as from the social service departments of hospitals in the five-state service area. Minimum requirements for residency will be outlined to applicants and the recommending agencies.

The Amarillo Ronald McDonald House is owned and operated by the Children's Oncology Services of the Texas Panhandle, a not-for-profit corporation created for the purpose of building and operating the Ronald McDonald House in Amarillo. The corporation was formed in December 1981 by 27 concerned citizens from Amarillo and other Texas Panhandle cities; spearheaded by the research and efforts of Ronald C. McVean, owner/operator of the McDonald's Restaurants in the Texas Panhandle and eastern New Mexico, Jim Matthews, and Father Joseph Tash, and aided by George Bentley and John Banasik.

Early in 1982, a Financial Steering Committee, headed by Dr. Winfred Moore, pastor of the First Baptist Church in Amarillo, undertook a capital fund drive to raise \$1 million for the construction of the Ronald McDonald House. A \$25,000 grant from the Ray Kroc-Ronald McDonald Children's Fund backed the venture, as did fund-raising promotions by the McDonald's Restaurants in Amarillo, Canyon, Hereford and Pampa, Texas; Clovis and Portales, New Mexico; and Guymon, Oklahoma. Kroc is the founder of McDonald's Corporation.

Pledges and donations came from everywhere in the Texas and Oklahoma Panhandles and eastern New Mexico. Within 2½ months, the goal set for construction of the Ronald House was met. Dr. Moore said the efforts of the volunteer committee and the giving spirit and financial support of the area's citizens were responsible for the speedy realization of the committee's goal.

Once the building fund goal was reached, the Ronald House Construction and Operations Committee, chaired by Elizabeth Pounds Carter, moved ahead with location and building plans for the Ronald House.

According to Mrs. Carter, the Ronald House has ten bedrooms, each with its own bath, as well as a full apartment for a live-in manager. Mrs. Carter said that the community kitchen and dining areas, as well as a family living area, are intended to foster a more home-like atmosphere.

As the Ronald House neared reality, board president Banasik announced that Mrs. Sharon Dodd of Pampa had been selected as the full-time resident manager of the House. Mrs. Dodd assumed the position on July 15 as she and her family took up residence in the manager's apartment of the facility.

Banasik cited Mrs. Dodd's experience with her own critically ill child, Zachary, as uniquely qualifying her for the position. Mrs. Dodd became involved with the local Ronald House when Zachary was undergoing treatments for leukemia. Zachary later died as a result of his illness.

Mrs. Dodd is retained as resident manager by the Children's Oncology Services of the Texas Panhandle. She will be in charge of the day-to-day operation of the House as it becomes fully operational. Mrs. Dodd said that a staff of volunteers is necessary to keep a Ronald McDonald House running smoothly and that anyone interested in volunteering in any capacity is invited to call the Ronald McDonald House for further information.

The physical operation of the Amarillo Ronald House will depend solely on donations, as it is run by a not-for-profit corporation. An

## Write Your Congressmen

Here are the addresses of your elected officials:

Congressman Kent Hance, House of Representatives, Washington, D.C. 20515.

Senator John Tower, 142 Russell Office Bldg., Washington, D.C. 20510.

Senator Lloyd Bentsen, Senate Bldg., Washington, D.C. 20510.

endowment fund for the operation of the House has been organized, according to Father Joseph Tash, director of pastoral care at St. Anthony's Hospital. Father Tash said that anyone wishing to make donations should contact the Ronald McDonald House, 1501 Streit Drive in Amarillo.

After August 14 the Ronald House will become completely functional for accepting residents during the following week.

According to Elizabeth Carter, Mrs. Dodd and the volunteer staff will be prepared to answer the day-to-day needs of the residents. Cooking and laundry facilities are available at the Ronald House. A Ronald McDonald House van, donated by Mr. and Mrs. Don Judd, will soon be available to provide necessary transportation for families to and from hospitals and treatment centers.

The concept of a home-away-from-home for families of critically ill

children began in 1974 with the first Ronald McDonald House in Philadelphia. It was so named because of the fund-raising efforts of the Philadelphia McDonald's restaurants, and because of the fun-filled and inspirational relationship of the McDonald's clown with children.

Since that time, Ronald McDonald Houses have opened throughout the country; as many as fifty or more are operational or underway in the U.S.

and Canada. Each Ronald House is owned and operated by a not-for-profit corporation created for that purpose. Each has a full-time, paid resident manager, as well as volunteers to provide assistance for decoration, maintenance and operation.

The Amarillo Ronald McDonald House is conveniently located in the Amarillo Medical Center Complex, easily accessible from U.S. Interstate Highway 40 in southwest Amarillo.
