# Nation's Spotlight On Food Situation

### Yankees Win Over Brooklyn

Second baseman George Stirnweiss, left, and shortstop Rizzuto of the World Series Champion Yankees, engage in some clubhouse horseplay after the Yankees took the final game by a score of 5-2. They both figured in the double play that was the final play of the game. (NEA Telephoto).

### Eastland Baptist Call Baytown Man As Their Pastor

Rev. L. M. Chapman of Baytown and for a number of years pastor of a Baptist church at or near Baytown, has accepted a call from Eastland Baptist to be pastor of the Eastland church.

### Civic League And Garden Club In Annual Meeting

The Eastland Civic League and Garden Club held its annual meeting and luncheon, the first of the present season, at noon today at the Connellee Hotel roof.

### Quarterback Club To Sponsor Bldg. At Mav. Field

The Eastland Quarterback Club, at its meeting last evening, discussed and adopted a program by which it will sponsor the building of a clubhouse, with showers for football players and rest rooms for both men and women underneath at Maverick Field.

### Wholesale Food Prices Drop 10c

NEW YORK—The Dun and Bradstreet, Inc., wholesale food price index declined 10 cents in the week ended yesterday, the agency reported today.

### Local V. F. W. Post Now Meets Twice Each Month

Officials of Karl and Boyd Tanner Post No. 4136, Veterans of Foreign Wars, call attention of members to the fact that the Post now meets twice each month, on the second and fourth Thursdays at 8:00 p.m.

### Not Done With Mirrors

BOSTON (UP)—Andy Stinis, sky writer says the average sky signature measures 15 miles in length. Also, the sky sig. does not stand on end as it appears from the ground, but is written horizontally across the sky.

If the first half of 1947, there were 4,474 forest fires in national forests or on adjacent protected land.

### How To Prevent Fire

FURNACES, by their nature, are fire hazards. Avoid danger by enclosing the furnace in masonry walls and covering exposed ceiling joists with plaster or some fire-resistant material. Clean furnace annually.

### LIVESTOCK RAISERS TO MEET OCT. 22

EASTLAND, Texas, Oct. 8—Arrangements are being completed for the annual fall roundup and barbecue of the Eastland County Livestock Raisers Association to be held in the City Park in Eastland on Wednesday night, Oct. 22 beginning at 7:30 o'clock according to M. E. Fry, Cisco, President of the association.

The occasion is an annual affair and attracts many livestock men and women from over Eastland and adjoining counties. Anyone who has any livestock or who are merely interested in the growing of better livestock in the county are being invited.

Barbecue, beans, coffee and other trimmings will be served ranch style beginning promptly at the appointed time.

The livestock raisers group includes some of the most outstanding livestock men in the county. It was organized about six years ago. The group sponsors the annual county livestock show in Cisco, an annual spring Hereford tour besides the fall roundup and barbecue.

Judge M. S. Long, Eastland, of the Court of Civil Appeals in that city heads the arrangements committee. Others who will help him are Pete Tidall, Vernon Humphries, Waverly Messengale, C. M. McCain, Dan Childers, Homer Smith, W. B. Harris, Frank Castleberry, Herb Tanner, J. B. Williams, Hoyt Davis, Marvin Webb and Johnny Aaron.

Fred Brown, Eastland banker and treasurer of the organization has been chosen as master of ceremonies for the program. Those to make short talks include Judge Clyde Grissom, prominent Hereford breeder in this section of the state and Dr. C. M. Patterson, all of Eastland.

### Dykes Going To Canyon Church; Leaving Today

Weems S. Dykes, former pastor of the First Christian Church of Eastland, leaves today for Fort Worth and will later go to Canyon where he has accepted the pastorate of the First Christian church. His home and that of his mother, who lived with him while in Eastland, is in East Texas.

### October 14 To Be "All Veterans Day" At The State Fair

October 14 will be "All Veterans Day" at the Texas State Fair in Dallas. The purpose is to honor and pay tribute to Texas veterans of all wars.

Among the many service groups to be honored are the American Legion, Spanish-American War veterans, Reserve Officers Association, Air Force Association, Air Reserve Association, and Veterans of Foreign Wars.

### New Oats Yield High

WOOSTER, O. (UP)—A new variety of oats, named Clinton and developed in Iowa three years ago, has yielded 98 bushels an acre, compared with the usual 45, during tests at the Ohio Agricultural Experiment Station here.

### Rose Festival At Tyler Was Wonderful Show

Mrs. Frank A. Jones, who attended the annual Texas Rose Festival at Tyler last week, upon numerous requests of Eastland friends and readers of the Telegram, provided us with the following story on the Tyler event: The Rose Festival was opened by Governor Beauford Jester at the colorful coronation, when Princess Carolynne Riviere, daughter of Mr. and Mrs. Frank Riviere, was crowned Queen of the 1947 Texas Rose Festival Thursday evening, October 2, at the Civic Auditorium.

Queen Carolynne received her crown from M. J. Harvey, president of the Rose Festival, in colorful coronation rites which climaxed a spectacular program of pageantry and music, based on the ages of romance, adventure and progress, and depicting beautiful women of legend and history.

The Duchesses were presented by the twelve Garden clubs of Tyler, representing Age of Romance, Age of Adventure, Cities of Texas, Age of Progress—National.

Twenty-nine beautiful girls and women were represented by the Texas Cities and nine from States. Maids of honor were from Marshall and Shreveport. Ladies-in-waiting were Tyler girls.

Dallas Symphony Orchestra played the music for the Coronation program, and Mario Benini, famed metropolitan tenor and Miss Gloria Brienza were the singers. Various dancing numbers and a magician was on the program.

Friday and Saturday afternoons' football games were played. Friday morning the Rose show on North Broadway was opened. "Phantasy of Roses", culture and varieties, and exhibition gardens was open throughout the festival which closed Sunday evening.

Saturday at 10:30 a.m., a colorful parade of thirty-two bands, beautifully decorated cars and floats formed a parade, the largest of any previous festival.

Saturday night at Bergfeld Park Amphitheater was Fiesta night presenting Eddie Ebberson, famous movie star, dancer and comedian, along with other famous players. Ray Robbins' orchestra furnished the music.

Many tours of the Tyler Rose fields were made on free buses and cars, to see the fields of many colors. Many social affairs for dignitaries and dances were held during the festival.

Sunday special services were held in Tyler churches. Dr. M. E. Sadler, President of Texas Christian University, was principal speaker at the festival vespers service at Bergfeld Amphitheatre Sunday evening.

### Condition Of Walter Duncan Still Critical

Walter Duncan, who a few days ago underwent an operation for the removal of an infected appendix at the Backwell Hospital in Gorman, was slightly improved Tuesday over the day before members of his family stated. He still was in a serious condition, however, and can not yet have company.

### Eastland Doffies Defeat Cisco In Game At Cisco

The Eastland Doffies under Coach W. C. Robinson defeated a Cisco team in a football game at Cisco Tuesday night. The score was 12 to 6.

### Mavericks Hope To Win Thursday For 4th Victory

This Thursday the Eastland Mavericks will try for their fourth straight victory when they meet Fort Worth Tech at Farrington Field, Fort Worth. This game will be called at 8:00 p.m.

Many Eastland fans will motor to Fort Worth for the game. In addition to those going in private cars, special buses will be operated by the West Texas Transportation Company of Eastland for the convenience of those desiring to avail themselves of this mode of travel.

A charge of \$2.00 for the round trip will be made Manager Johnny Aaron of the West Texas Transportation Company, said. Tickets may be purchased now from Prentiss Jones at Eastland High School.

The special buses will leave Eastland around 4:00 p.m. Thursday and start on the return trip immediately after the game in Fort Worth Thursday night.

### Cripps Appeals For Stop-Gap Aid

LONDON—Sir Stafford Cripps, new economics minister, appealed today in the wake of a top to bottom shakeup in the labor cabinet "for stop-gap dollar aid for Britain and Europe."

Cripps held the first press conference since he became director of Britain's hard pressed economy. He spoke against the backdrop of a government shuffle which aroused little enthusiasm in the press and which generally held that Prime Minister Clement Attlee did not go far enough in merely firing 12 of his ministers.

Britain could get along without further interim assistance from the United States, Cripps said, if she were sure that the Marshall aid plan would become effective by next June.

### Breck Band To Give Concert In Eastland

John D. Harvey announced this morning that the Breckenridge High School band would give a concert at the Eastland High School auditorium Monday, Oct. 13 at 8:00 p.m. The proceeds from this concert will go to the support of the Eastland High School band.

It was also announced that local girls would be selling tickets to the concert this afternoon and would have them for sale until the date of the concert. Prices are 50 cents for adults and 25 cents for children.

### Robot Plane On Last Leg Of Trip

STEPHENVILLE, NFD.—The Air Force robot plane took off today for Wilmington, O., on the final leg of its 4,000-mile flight from Lyneham, England.

The "flying automaton" left Harmon Field here at 7:30 a. m., EST on the 1,600 mile hop to Wilmington, where it was scheduled to arrive around 2 p. m. EST.

The plane, a four-engined C-54 Skymaster guided by a mechanical brain, arrived at Stephenville at 3:15 P. M. EST yesterday, 14 hours and eight minutes after the pilot, Col. James Gillespie, pushed a button that set its automatic controls in operation at Lyneham.

### COTTON CROP TO BE SHORT 341,000 BALES

WASHINGTON—The Agriculture department, reporting that cotton production outlook has declined slightly because of last months bad weather conditions, today forecast a cotton crop of 11,508,000 bales for 1947.

The department said the gulf coast hurricane and other storms last month reduced the lint quality and interfered with picking for a short time, but otherwise caused only slight damage.

The department said the forecast was 341,000 bales, or three per cent less than the forecast made Sept. 1.

The department said continued dry, hot weather from Alabama westward through Oklahoma reduced prospects for the late portion of the crop, more than offsetting generally favorable weather in Georgia and the far western states.

The indicated 1947 crop compares with the small 1946 production of 8,648,000 bales and a 1936-45 average of 12,390,000 bales.

Lint yield per acre was estimated at 261.3 pounds, 26 pounds above the 1946 harvest and 10.7 pounds above the 10-year average. The nation's record yield for per acre was 298.9 pounds in 1944.

The department said production prospects remained unchanged in the eastern seaboard and far western states. But in the central area drought continued throughout most of September. Excessively high temperatures during the first 10 days of September decreased the production outlook by 275,000 bales in Mississippi, Arkansas, Tennessee and Alabama. The outlook declined 1,000 bales in Mississippi, 1,000 in Arkansas, 40,000 in Tennessee and 35,000 in Alabama.

The forecast by states included—Texas, 3,150,000.

IN LINE OF DUTY—MONTGOMERY, Ala. (UP)—Attorney Gen. Albert A. Carmichael ruled that a Mobile fireman who injured his leg practicing for the annual baseball game was injured "in the line of duty" and was entitled to pay. The fireman was injured sliding into third base.

### Yankees Win Series

Celebrating the Yanks' World Series victory, Joe DiMaggio, left, Joe Pags, center, and Larry McPhail, Yankee president, wear broad smiles in the clubhouse after the final game at Yankee Stadium. As the Yankees were winning their 11th world championship, MacPhail announced his retirement from baseball although his present contract has three years to run. (NEA Telephoto).

### Government Must Keep Egg Prices Up

WASHINGTON—The government may have to buy those eggs you don't eat on eggless Thursday's to keep the price of those you do eat from dropping.

If fewer eggs are eaten, you would expect the price to drop. That's the law of supply and demand.

Today it is against the law of the United States for the price of eggs to drop more than a fraction from the present price.

Eggs today are barely above the price support level. On Sept. 15, the national average price received by farmers was 53 cents a dozen. The support price, which fluctuates with the farmers cost of living, was 53.3 cents.

When average egg prices fall below the support level, the agriculture department is required by law to step in and buy eggs to keep the price up.

### Jaycees To Have Noon Luncheon on Next Thursday

Eastland Jaycees will have their regular weekly meeting and a luncheon Thursday noon on the Connellee Hotel roof. Each member present at last week's meeting, is pledged to bring another member with him to the meeting Thursday.

Getting started on time and quitting on time at each meeting, was urged by members attending last Thursday meeting. It is believed that this practice will increase attendance as business men and many of the members are business and professional men—usually have only a short time for such meetings.

President Geo. A. Fox, who was out of town last meeting day, will be in the chairman Thursday.

FORT WORTH LIVESTOCK—Cattle 3700. Generally steady; Common and medium slaughter steers and yearlings 13-21, good kind scarce at 23 or better. Medium and good fat cows 14-16.50. Bulls 11-16.

Calves 3200. Strong. Choice slaughter calves 17.50-21. Choice stocker calves 18-21.

Hogs 690. Butcher hogs opened 50 higher. Top 29.50. Sows mostly 24.50-27.

### TRUMAN ASKS HOUSEWIVES TO COOPERATE FOR SUCCESS

Conservation of food and food prices held the spotlight today as President Truman appealed to the American housewives to make the voluntary food conservation plan work. Reaction to the various phases of the "save food" drive was noted in many fields and industries.

President Truman said today that success of the food saving drive rests largely with American housewives and appealed for their wholehearted cooperation.

In a nation wide radio speech, Mr. Truman said he was confident that the housewife would "not fail in the great task now before us"—of helping to feed hungry Europe—because she has "never failed her country when she has been called upon to sacrifice in its interest."

Mr. Truman spoke after the nation's three big farm groups pledged that American farmers will cooperate fully in his program to save an extra 100,000,000 bushels of grain for Europe between now and next July.

### HOUSTON—A small but determined group of Houstonians began a drive today to bring back OPA price controls in what they termed was an effort to "return to normalcy in the cost of living."

The group which calls itself the Houston Emergency Drive Committee said if city council approved they would set up booths in downtown Houston where citizens may sign petitions for the return of price control.

WASHINGTON—A majority of the nation's whiskey distillers have decided to lodge an angry protest against President Truman's demand for a 60-day liquor "holiday" to free grain for Europe, it was learned today.

One industry source said he believed, that the distillers eventually will go along through under protest. He said, "actually there isn't very much else we can do because the industry is such a vulnerable target."

The protest will be aired this afternoon when top liquor industry officials meet with Charles Luckman, chairman of the president's food committee, to discuss the proposed whiskey shutdown.

It was understood that the dissenting distillers produce between 65 and 70 per cent of the nation's liquor.

### Hollywood Man Is Guest Speaker At Lion Club Meet

Gaetano (Tony) Gaudio, motion picture photographer of Hollywood, was guest speaker at the Eastland Lions Club Tuesday noon. He was introduced by Lion Dr. L. C. Brown, in charge of the program for the day. Gaudio is a brother-in-law of Joe Stephen of Eastland and is here for a visit and rest.

Mr. Gaudio gave a brief but interesting talk on moving picture production, especially the photographic work in which he has been engaged for 43 years. He began his career in Italy when just a boy. He is one of the top ranking men in this line of work, having received a number of the highest awards for highest class work.

Press Conference Scheduled—WASHINGTON (UP)—The White House announced today that President Truman will hold a news conference at 3 p. m. CST tomorrow.

## WASHINGTON COLUMN

**BY PETER EDSON**  
 NEA Washington Correspondent

WASHINGTON, D. C.—(NEA)—The job ahead of Secretary of Commerce Averell Harriman's "Committee of 19," in trying to work out recommendations for carrying on the Marshall plan to aid Europe, is as tough an assignment as was ever handed any presidential advisers.

The group is made up of 10 big-shot bankers and businessmen, like Owen D. Young, six nationally known economists of the caliber of Dr. Harold G. Moulton of Brookings Institute, two representatives of labor organizations and one lone representative of the public, ex-Senator Bob LaFollette, Jr., of Wisconsin.

Since it was named three months ago, the Committee of 19 has had two meetings, and done practically nothing. There is little chance that the Paris report on requirements for the 16 western European nations will be broken down in enough detail for the committee to do anything about it at its next meeting. That means action will have to be postponed until the end of October. If the committee meets its present self-imposed deadline of having recommendations ready for the President by Nov. 1, it will have accomplished wonders.

That means congressional committees can't be called in before that date. Allowing them a month for hearings, it almost rules out the possibility of Congress meeting in special session on this issue before Dec. 1. To consider: high prices, it could, of course, meet earlier.

IN the meantime, a small staff under young Richard M. Bissell has been doing Committee of 19 spade work. He is a Yale economist, a Connecticut Republican who has written widely against public spending, made work and such theories.

The work of the Committee of 19 has broadened considerably since it was named last June. Then it was assumed that all the committee would have to do was balance requirements against the availability of U. S. surpluses for export.

It is now realized the Marshall plan won't work that way. Anything sent to Europe is going to have to be taken out of Americans' hides, because there won't be any surpluses. The function of the Committee of 19 may thus become one of justifying Marshall plan requirements before Congress.

The most acute problem is grain. It is now known that there isn't going to be enough grain grown to meet all demands. The question therefore boils down to relative needs.

Secondary questions arise on whether the U. S. should ship raw materials or finished goods. If the U. S. sends raw cotton to Europe, and it's made into cloth to sell to Latin-America, that may destroy a foreign market for U. S. textiles. On the other hand, since the only way to put Europe on its feet and make it self-supporting is to build up its industries, it may be found that the smart thing to do is ship the raw cotton.

THE same thing applies to steel bars, plates and shapes. Shall they be sent to Europe to be made into farm and mining machinery? Or shall the machines be made here?

Increasing U. S. production and European dependence on American output is contrary to the spirit of the Marshall plan.

Administration of these programs provides another headache. Will Congress want to make grants of money to Europe and let the continent plan and execute its own recovery? Or should the money be appropriated to an American government corporation or agency which can continuously review and control expenditures, as the Lend-Lease Administration did in wartime? Or shall the job be broken up, with parts given to Departments of State, Commerce, Agriculture, the Export-Import Bank and the International Bank for Reconstruction?

One trouble with having a public group like the Committee of 19 make these recommendations is that its members are all outside the government, working part time, but forced to make decisions on highly complex issues. It's a six-month job for a big group of full-time experts. The Committee of 19 is supposed to do it in a month.

**Heartsease**  
 by Elsie Glenn

The Garden of Allah  
 Imagine!  
 An old-fashioned garden, over which the multi-colored butterfly hovers. Hot, summer sun, and the zesty buzz of fat, old bumblebees. The smell of roses, morning glories, zinnias, and wild Hollyhocks!

flower?  
 A petunia nestling next to a tall, pink rose... a soft, sweet thing, delicate to the touch.  
 Flowers remind me of certain people and that is why, partly in jest, partly in earnest, I named a dear friend of mine: "Petunia." Her eyes are blue and she, too, loves the sun and cool, clear water.

Out of our sorrows, disillusionments, our bitterness... a flower grows in the darkness... needing light and sun and water. Fortunate he who finds a flower growing out of the crannied wall.

See this dainty blue and white

## SPORTS

**BY HARRY GRAYSON**  
 NEA Sports Editor

NEW YORK—(NEA)—Fresh from a reception in his adopted Meriden, Conn., Ed Walsh is in New York for the World Series, narrowly missing hurling glory. He participated in 56 games, worked 464 innings, or 52 complete games, a trifle more than one-third of the number scheduled.

Relief worker Joe Page, appearing in 56 games for the Yankees, brought up the name of another famous pitcher. The left-hander broke the club record of 33 established by John Dwight Chesbro in 1904.

THE difference is that Happy Jack Chesbro that year hung up American League records for victories, 41, and complete games, 48, before wild-pitching the then Highlanders out of the flag on the final day. He took part in 55 games, 454 innings, worked on the first and last batter in his first 30 starts.

Walsh and Chesbro were spit-ball pitchers. So was Burrell Grimes, which probably had something to do with the former great National League money pitcher swinging into a discussion of the matter. Grimes scouted the Dodgers for the Yankees, by the way.

"Like myself, Chesbro and Walsh had the advantage of the spitball and the ball was roughed up and shined in their day, too," said Grimes.

"But it is easier to pitch today than it was in my years—from 1916 to '34. The step makes it easier. We had to stand with both feet on the rubber. Now pitchers stand back of the rubber with one foot on it."

"The pitching restrictions were put into effect in 1919. Balls were out on the slightest excuse."

We started pitching balls right out of the package.  
 "A ballplayer's environment is entirely different now, but the principal reason the athletes, including pitchers, are not as good today is that the dollar comes much easier. It was considerably tougher to get when I broke in, and we went after it harder than the boys do now."  
 "Most pitchers aren't in condition. Ballplayers are a pampered lot today. Players stay at the finest hotels, which would not accept them in the old days. Fans threw bottles at players in the old days. Now they hang around them for autographs."  
 "You see four, five and six pitchers in a game today. When I was pitching well a pitcher given a two- or three-run lead usually was able to protect it."  
 "Night baseball shortens the pitching life."  
 "Air conditioning on trains and elsewhere is not good for arms. Pitchers who work on a hot afternoon or evening go to bed in a splutter and the ball was roughed up and shined in their day, too," said Grimes.  
 "Pitchers of my day protected their arms by pitching in long sleeves. Now most of them seem to find short sleeves more comfortable. They give no thought to their meal ticket—the arm."  
 Burrell Grimes gives the current chucker an edge only in the financial department. They get more money.

## Cardinal Scouts To Hold Two Try-Out Camps

ST. LOUIS, Mo.—C. A. "Runt" Lair and Fred Hawn, veteran St. Louis Cardinals scouts, will arrive in Seymour, Texas tonight to make final arrangements for the beginning of the tryout camp to be held there Friday and Saturday, October 10-11. They are scheduled to arrive in Stephenville, Texas on Sunday to make preparations for the camp which will open there Monday, October 13.

The Cardinal system, which has sent more young players to the major leagues than any other baseball organization, is in search of young playing talent to bolster the rosters of the minor league clubs comprising its far-flung minor league network. All players aspiring to careers in professional baseball are invited to attend this camp and permit the Cardinal scouts to see them in action.

The Seymour tryouts will be held at Fair Park Field, and will start at 1:00 p. m. Friday and 10:00 a. m. Saturday. The Stephenville workouts will be held at City Park beginning at 1:00 p. m. Monday, and continue through Tuesday afternoon.

Players should bring their own gloves and baseball shoes. Those who have uniforms are asked to bring them along, as the Cardinals do not supply this type of equipment for their trial camps. All expenses incident to attending either of the camps will be refunded to any players signing contracts.

### FROM FILES OF DAILY TELEGRAM OF OCT. 8, 1928:

Nineteen persons narrowly escaped injury at 5:30 this morning when a truck transporting 17 passengers and a large sedan containing two passengers figured in a head-on collision on the Bankhead Highway about six miles east of Ranger and just west of Thurber Mountain.

R. C. Jackson of Amarillo, a traveling salesman for Padgett Bros., Dallas, was the driver of the 1928 Buick Sedan which crashed into the small truck.

Otto Blain of Terrell, driver of the truck which was conveying cotton pickers to Sweetwater.

The parties, all more or less injured, where taken to hospitals in Ranger where they were given treatment.

The Rev. Dr. W. F. Kerby of Arlington, who preached in Eastland two weeks ago, has been asked to occupy the pulpit at the Presbyterian church again next Sunday morning. The Presbyterian choir has been asked to meet at 7:30 Wednesday night for practice.

City taxes for the current year are now being collected. The city tax rolls were completed Saturday night and tax payers were on hand this morning when the clerk's office was opened. D. B. Roark obtained tax receipt No. 1 for this year. He has received tax receipt No. 1 for several years.

Wild geese were seen flying over Eastland going south Sunday, September 30.

Andy Anderson, president of the Ranger Rotary club; Joe Gibson, Eastland Athletic coach, and Mrs. Joe Gibson, teacher of piano in the Eastland schools, and Joe King, Captain of the Eastland football squad, were on the program arranged by Dr. C. H. Carter, chairman of the program committee for the Eastland Rotary club at today's meeting.

### Stimulating Idea

Hilda Moore, of Honolulu, models the very latest in beauty aids—beaded booties and mittens—at the National Hairdressers and Cosmetologists Association's convention in Chicago. Gadgets are supposed to stimulate the circulation and improve the texture of the skin. Cap is used for hair conditioning.

train and later by airplane. But now it's by helicopter. Aero Surveys, Ltd., of Vancouver, owners of the plane, said ore samples brought to the office have looked "quite promising."

Aero Surveys declined to reveal the name of the firm chartering the plane or the destination other than to say it was "area X somewhere in British Columbia."

Grizzled sourdoughs viewed with disgust the touch of "Hollywood" added to the ancient art of panning gold. They continued to bend their backs over their washpans.

Nevertheless, the days of tedious panning for a daily pittance seems to be waning.

Discovery of gold from a comfortable perch high above the ground in a helicopter—if proven practical—promises to be the most popular method yet devised.

### Helicopter Joins Hunt For Gold

**NEW WESMINSTER, B. C.** (UP) — Gold-mining by helicopter has opened a new era in mining operations here.

This latest stage in the history of gold hunting was introduced with a 'copter landing in Queen's Park here amid an aura of mystery. Only the park manager and two gardeners witnessed the craft's return from a "mining" trip. A man who had been lounging at a fountain nearby, trotted to the aircraft, gave a mysterious password: "There's gold in them thar hills," and the craft took off again. The whole operation took less than four minutes.

Nearly 90 years ago, this city was the jumping off point for the gold rush to Yale and Cariboo, and the lure of the yellow metal took prospectors to their diggings by pack-horse, mule-team, burro,

# Fight 'Em Mavericks

the rambler by Jack E. Brady

The first Methodist church to be organized in Eastland county, of which there is anything known, was in the Allen neighborhood, and was effected by Rev. William Rank, a pioneer preacher, who attended his first Texas Annual Conference at Tyler, in 1854.

The RISING STAR church first returned to the Pecan Circuit and was served by L. S. Chamberlain in 1874; in 1879 this same preacher was returned to the work and organized the class at Rising Star with eight members, James Irby, James J. Irby, Andrew Agnew, N. S. Agnew, I. P. Agnew, Sarah Agnew, Dennis Bond, and Sarah Tannerhill. It was at a night appointment this organization was made in a little 10x12 log school house with a dirt floor, and was the first church organized in that section of the county. The RISING STAR Mission was created some time later with two appointments, Jewell being the other, and had an appropriation of one hundred dollars from the mission board. It was included in the Breckenridge District, with A. K. Miller as Presiding Elder and G. F. Fair as Pastor, during 1883 and 1885. In 1902, under the pastorate of J. H. Chambliss, assisted by J. C. Watkins, a revival resulted in such an increased membership that the church had to be enlarged. This was done at a cost of \$500, making a total of \$2,800 of church property. With a membership of nearly three hundred, the church had a Sunday school, both Senior and Junior Epworth Leagues and an active Woman's Foreign Missionary Society. Rev. D. A. McGurie was the pastor in 1904.

The Methodist church at RANGER was organized by Rev. High-tower, in a tent in 1881. The church at CISCO had its beginning in the days of Rev. Lamb Trimble; on a hunt for any one who wore the name of Methodist, where he might find a kindred spirit, shelter and something to eat, he discovered M. V. Mitchell and wife, living in a log hut, and running a sheep ranch. In 1880 this preacher organized the first church and when that roll was called the only names were M. V. Mitchell and wife, and Mr. and Mrs. Walton. The church was located where the cemetery is. Rev. Andrews was the next "circuit rider" and John Lane was steward, in 1881. Rev. Mills was the next pastor, assisted by Rev.

R. B. Vaughan; about 1883-84 during the pastorate of Rev. John A. Wallace, a small church was erected, costing about \$700. During the pastorate of Rev. T. C. Ragsdale, the church was enlarged to meet the demands of the congregation; this was swept away by the cyclone in 1893, and a new building was erected at a cost of \$3,000. The building was first lighted with electricity in 1904. The CARBON Methodist church was first organized in 1890 by L. M. Reeves, with some twenty members; there was no building other than Thurman's store, which was utilized, with the counters serving for pews. Doctor Jules Trader was a member of the congregation. I. N. Neel, depot agent, organized and taught a Sunday school in the station house where he lived; later, the railroad gave the town of CARBON an acre of land on which to build a school house; when it was completed, the Sunday school went there, and at the end of Mr. Reeves' second year there were eighty-seven members. The church building was erected during the pastorate of Rev. Maxwell.

Under a brush arbor, Rev. W. H. Brashears organized the first Baptist church in Eastland, with seven members; J. Brashears, J. R. Higgins, Enoch Dawson, Amanda Dawson, W. C. McGough and wife; it was known as Providence Baptist church, and was one of four in the entire county, when Rev. C. G. Stevens projected and accomplished the organization known as the Red Gap Baptist Association, which not only included the churches in Eastland county, but finally embraced all the territory to El Paso and New Mexico. In 1904, there existed a Cisco Baptist Association which included all the organizations in the county, with two or three exceptions; the locations and pastors were as follows: CARBON—W. B. Cobb, CISCO—G. W. Sherman, CORINTH—E. M. Hunt, CURTIS—G. P. May, EASTLAND—J. L. Jayes, ELM CREEK—J. H. Vinson, GORMAN—J. H. Vinson, HARMONY—J. L. Mayes, JEWELL—W. L. Ayers, LIBERTY HILL—S. C. Steel, LONG BRANCH—E. M. Junt, MERIDIAN—J. L. Mayes, MIDWAY—J. J. McCord, MONROE—D. G. Wells, MOUNT OLIVE—J. J. McCord, NEW HOPE—E. M. Hunt, PLEASANT HILL—George W. Parks, PLEASANT VALLEY—E. M. Hunt, RANGER—Z. H. Regan, RICH—I. Lamb, ROUND MOUNTAIN—G. W. Parks, RISING STAR—D. G. Wells, UNION—G. P. May, UNION GAOVE—D. G. Wells; there was an organization at DESDEMONA, or near PIONEER, and one at ELLISON'S SPRINGS. Rev. I. D. Hull was the Associational Missionary for several years. In 1903 the Association paid \$295.18 to the Buckner Orphans' Home.

It is generally known that there is "sleeping sickness" disease among animals in many sections of the country, with one known case in Eastland County; no doubt people are aware that mosquitoes can carry the germ from animals to human beings.

Not too long ago we read through the press of the nation, that potatoes were being destroyed due to surplus. Coffee was destroyed in South America due to surplus. Mankind is relieved of destroying a surplus peanut crop. Nature has saved them the trouble.

It kinda makes sense that the peoples of some of the "starving nations" could have used the surplus potatoes we destroyed. After all, potatoes can be canned and kept indefinitely.

Too many "hair-brains" and the lack of "horse-sense" realism is a certain way to disaster.

Here's a true story... about a boy named Joe. Sixteen years ago, Joe decided he wanted to be a printer. By keeping at it, he finally got a job as a pressman with a large box company. He's been with that same firm ever since... because he made himself a good printer and a reliable, productive worker. But what's so unusual about this? Well, you see, Joe's right arm and leg are seriously crippled from polio. Just an example of the thousands of physically handicapped workers, including veterans, who have proved an asset to their employers, their communities, and the nation as a whole. So, Mr. Employer, won't you look over your shop to see what jobs you could give physically handicapped workers? Remember... in any job, it's ability, not disability, that counts.

Read your County-wide, County-seat DAILY newspaper, the Eastland DAILY Telegram, your "Voice of the people" newspaper.

It's easy to stay "in a rut"... Let's get things done, Make Eastland's population 10,000 by 1950.

Phone 601... Job printing as you want it... When you want it.

Alice Mae Sue has resumed her duties at the F.H.A. office, after an extended vacation.

The following were week-end visitors from N.T.S.C., Denton: Myrlene Griffin, Barbara Hague, Barbara Patterson, and Dick Harris.

Bill Wilkerson of Cooleege, Arizona, has returned to his home after a week's visit with relatives in Eastland.

Mrs. Grace Bray returned to her home at Abilene, yesterday, after a visit with her son's family, Mr. and Mrs. Herman Rushing.

The National Safety Council said 12,500 traffic accident fatalities occurred in urban areas the past year.

SOCIETY

SORORITY HAS 'MODEL MEETING'

Mrs. Bill J. Collings, 601 South Halbryan, was hostess in her home Tuesday evening to members of Beta Sigma Phi and their rushes. After a short business meeting, Mrs. Mattie Doyle, the principal speaker of the evening, gave "Her Crowning Glory".

The Collings home was decorated with bouquets of multi-colored flowers, and the table from which

guests were served refreshments buffet style was covered with a lace crocheted cloth centered with bouquets of black and yellow. Black tapers, crystal holders and a large bouquet of gold mums completed the centerpiece.

Beta Sigma Phi Crest was pictured over the literature table where the Chapter's Scrapbook, monthly magazine, and programs were on display.

Members and guest attending were: Mesdames, Fat Miller, M. H. Perry, J. E. Harkrider, Harry Blackwell, John Little, Eugene Hickman, Mattie Doyle, Dee Estes, W. P. Watkins, Billy Walters, M.

S. Loy, M. D. Fox, Willis Smith, A. H. Ernest, Tom Haygood, and the hostess, Mrs. Collings.

CARD OF THANKS

We wish to take this method of expressing our sincere thanks and appreciation to those who so kindly remembered us at the time of the passing of our beloved wife and mother. May God bless each of you.

Lawyer Makes Sure Before Pushing Case

HOUSTON, Tex. (UP) — A Houston lawyer lost a divorce case because he wanted to make sure the couple really wanted a divorce.

He locked the unhappy couple in a room for more than three hours to talk it over. They decided to stay married.

Explained the lawyer: "If they just can't get along, I'll go ahead with the proceedings, but I want to make sure first. I don't feel right about divorcing a man and his wife who can be happy together."

Visit the New Resale Shop 206 W. Plummer Phone 87
