WASHINGTON COLUMN

BY PETER EDSON

NEA Washington Correspondent

WASHINGTON, D. C.—(NEA)—Returning from his trip to Rio to face a world food crisis, President Truman has also found an accumulation of mail from outraged citizens complaining about high prices. It isn't a tremendous volume of letters, as White House mail goes. But those who wrote, taking advantage of their Constitutional right to yell to the authorities when they don't like the way things are being run, mined no words in letting the head man know how they felt.

Most of the letters demand that the President call a special session of Congress to deal with this situation, somehow.

But one self-styled "plain working man" from Memphis writes, "I'm not asking you to call a special session of Congress to reinstate price controls as I do not believe the people would like to end all the baloney that Congress would sling."

A majority of the writers seem to think that both price and rationing controls should be reinstated. But, aside from this one generality, the letters express a confusing variety of opinions. City councils, labor union locals and women's clubs, that have passed resolutions protesting high prices, always send copies of their "Whereases" to the White House. But, in this food-fan-mail, there is no evidence of an organized letter-writing campaign.

SOME are pathetic appeals. A veteran's wife writes, "Please, Mr. President, do something for us. Imagine us as your children. (We are about your daughter Margaret's age)."

A girl's hand on pink paper writes, "How are we girls and boys to grow into healthy citizens if our parents can't afford to set a good table at present prices?"

Selfishness, however, is evident in many more letters. A businessman from Chicago admonishes, "Now you and your administration propose some more aid for Europe. It seems that you have forgotten that we American people need help as well."

And a Philadelphia sign painter exclaims, "I can't for the life of me understand why we Americans must tax and ration ourselves to cloth and feed unappreciative peoples."

Harry gets a good scolding from some of his correspondents. A Florida lawyer coaches, "In foreign policy you have been doing some spectacular work. On the other hand, when we turn to domestic economy, it's hard to find you on the field. If you're going to lead the team, get in there and pitch."

An "independent Democrat" in New Jersey dictates to his stenographer, "I should like to add that it is practically out of the question for you to be re-elected unless your constantly improving record is now reinforced by positive action to reduce prices."

PEOPLE with special interests make special pleas. A Cincinnati druggist complains that the price of insulin has gone up from \$1.39 to \$2.84 a bottle, and diabetics must have insulin to live.

A preacher complains, on behalf of southern farm labor, that men are hired for \$2.50 to work 12 and 15 hours a day, but if they buy any clothing at present prices, they have to do without food.

Few people have any constructive suggestions. But among them a Texas banker writes, "By requiring the serving of a half-portion meal, when requested in restaurants, even at a slight increase in price in proportion, we could almost feed the world with what we throw away."

An Ohio "died-in-the-wool Democrat" makes it simple. "Why not curb exports. Let down the bars on imports. Create a surplus. Prices will then level off, taking care of the situation."

A New Yorker has a more elaborate solution. "First, that you secure authority to announce that on a certain date, the selling prices on all articles are reduced 10 per cent. Sixty days later announce that all wages and salaries are reduced 10 per cent, or by whatever percentage the cost of living shall have come down. Repeat this program as often as necessary."

A Page from the Past

BY FRANK A. JONES

FROM FILES OF THE DAILY TELEGRAM OF OCT. 10, 1928:

When the Eastland Lions entertain they do it well, and the Ladies' Night dinner at the Connellee Hotel Tuesday was an event that will long be remembered by those fortunate enough to be present. Members and their guests numbered 6.

Donald Kinnaird, president of the club, was master of ceremonies. Speeches were declared out of order and those who tried to talk were quickly cried down. It was an evening for pleasure and not for business. Even the initiation of H. B. Mayes superintendent of the Munn Oil Company, into the den of Lions, was made a merry occasion. T. J. Pitts named to conduct a questionnaire to determine whether or not the applicant was worthy of becoming a Lion and how he would act as a Lion. Whether or not the questions asked were understood they were answered promptly and apparently in a satisfactory manner.

Mrs. B. B. Biggerstaff sang several songs, playing her own accompaniment, and Mrs. V. T. Seaberry drew charcoal sketches. One of Mrs. Biggerstaff's songs was written by Mrs. McTear and Mrs. Seaberry pictured it in charcoal as it was sung. It was a romance in which President Kinnaird, Secretary Bill McDonald and Dion Jim Grisam had leading parts.

Miss Wilda Drago played several violin selections, her piano accompanist being Mrs. C. G. Norton who had to respond to encores.

Mrs. Wynne, reader, and Miss Walker, singer, both of Breckenridge, gave several delightful numbers. Miss Walker weaved a course in and out among the Lions as she sang and had several of the guessing. Mrs. Wynne gave a reading in which she held up Secretary Bill McDonald and former District Governor N. N. Rosenquest as war heroes.

The dinner was served in the roof garden of the Connellee Hotel.

The first meeting of the Ranger chapter of the American Barbers Association of America was held at the Ghoslon Hotel Barber-shop in Ranger last night. The association was organized some weeks ago when C. A. Belmont, vice president of the national organization, visited Ranger.

Officers of the organization are L. E. Gray, president; O. R. Brady, vice-president, and F. E. Langston, secretary-treasurer, all of Ranger.

Eleven owners of barber shops in Ranger, Eastland and Breckenridge comprise the organization. They are in addition to the officers: C. G. Love, J. F. Smith, G. H. Standard, E. L. Brummett, J. H. Smith, R. M. Love, Ranger; M. Hague, Eastland, and K. F. Ferrington, Breckenridge.

Some Australian natives have an unusual postal system. "Mail men" carry a message stick, with a notched message on it. The stick is carried in a net bag.

The Art Of Finding Oil

DAN KRALIS
Lone Star Gas Company
(One of a series)

In every well scientifically drilled there is usually a show of oil recorded. Whether or not a well can be put on a commercial production depends on the depth the oil was penetrated, the quantity and quality of oil, the geographical location and the market price.

A shallow well, less than 2000 feet, near a ready available market can produce profitably ten barrels of oil per day. A well eight thousand feet deep is considered a dry hole at ten barrels a day and must make 50 barrels or more a day to pay out. Most land owners who have witnessed drilling operations on their land will usually see a show of oil. They should understand that every show of oil does not mean they have an oil well. There must be enough oil of the right quality to pay for the cost of drilling the well and bring in a profit.

One of the largest wells in the world was a well in Mexico drilled in 1916. It was called the Cerro Azul Number 4, and came in for two hundred and sixty thousand, eight hundred and fifty eight barrels within the first twenty-four hours shooting a gusher of oil six hundred feet high. This amounts to more than ten thousand barrels per hour.

If the land owner were being paid the customary one eighth royalty given in the Eastland vicinity this would have netted him over sixty thousand dollars the very first day.

Tomorrow—More about oil.

Heartsease

by Elsie Glenn

The Angels

I sat at my desk this morning and, as I often do, thought of many things; cabbages and kings, "Brahm's Lullaby," and in memory heard once again the tinkling sound of an old music box playing "Flow Gently, Sweet Afton." I noticed the ultra modern fluorescent lamp above my desk.

How far . . . how very far . . . we have come, you and I, from the quiet life of yesteryear! The restlessness, the bitterness, the unsettled, dangerous conditions of the universe crashed in upon my heart.

I looked up, as one will, unconsciously, when one is troubled. A copy of the famous picture, "The Angelus" hung upon the wall. It seemed to me that I dreamed . . . and in the dream I stood, humble, among the tired peasants in the midst of the golden grain. It was late evening and the shadows crept across the field. All was quiet and riding the night air, a sound came: The Angelus . . . the Evening Call to Prayer.

"I am unworthy!"
Yet I sank to my knees . . . and tried to pray.

The mist cleared and I looked at the white paper on my desk, felt the fountain pen in my hand. The voice of a radio announcer came clearly through the open window:

"The tension mounts between Washington and Moscow."

Sul Ross To Give Aptitude Tests

ALPINE, Tex. (UP)— Sul Ross State College, the first Texas college to work with the Texas Employment Commission as a try-out school, has begun a broader program of student guidance than ever before attempted.

Under the program all freshmen students enrolled for the fall semester are to be given general aptitude tests, which will measure their aptitudes in 20 general fields and approximately 3,000 occupations.

The results of the tests will be used by counselors in the college to assist students in choosing their college courses and their vocations.

Another Fool Trick Is DRIVING AN OLD CAR WITHOUT A SAFETY CHECK-UP

Court records prove that it's foolish and dangerous to drive today's cars without discovering and correcting unbalanced wheels, misaligned frames, bent axles . . . because those conditions cause part failure, blow-outs, loss of control AND ACCIDENTS. Let us correct your car NOW with our scientific BEAR Equipment.

THE SOCIALITE CLUB NEWS

The Socialite Club met Tuesday in the home of Jane Hart. They discussed new and old business. Refreshments of Cokes and cookies were served to the following members: Mrs. Young, Lonnie Young, Janiel Day, Nancy Freyschlag, Paula Harvey, Maxine Lambert, Virginia Spence, Christina Auther, Cava Williams, Betty Bennett, Beth Hurt and the hostesses Mrs. Hart and Jane.

The next meeting will be held in the home of Nancy Freyschlag.

THE LATIN CLUB

The Latin Club, composed of second year Latin students and Mrs. Whately, had its first meeting Friday, September 26th. The meeting was during second period which is generally their class period.

A play, selected by Paula Harvey was given. There were five characters in the play which read the Latin and then the English of their parts. The characters had costumes which were almost like the original Roman clothes.

Also on the program were jokes in Latin, a quiz program, and a discussion of Latin.

Fudge, made by Jane and Christina, was served to Bob, Stanley, Nancy, Paula, Janiel, Jane, Christina, and Mrs. Whately.

The students are looking forward to their next meeting.

THE FRESHMAN HOME-MAKING CLASS

The first year homemaking girls really seem to be enjoying this course. The girls have been studying good management, general rules of the kitchen and breakfast foods. The State Fair seem to be the main subject of the class now and the subject has been discussed in classes. Everyone is really looking forward to happy days in homemaking. The homemaking class in going to the Dallas Fair. The class has chartered a bus and they will be given a luncheon. This trip is under the supervision of Miss Loretta Morris our homemaking teacher.

OUR NEW PRINCIPAL

Eastland High School is very fortunate to have Mr. W. P. Jones for their principal. He received his B. S. degree at A&M and his M. S. degree at North Texas State Teachers College at Denton and I might add that he is still an Aggie at heart.

Mr. Jones has had fifteen years teaching experience, and is very well prepared to teach here. He served 3 1/2 years in the army and was County Superintendent for fourteen months with Mr. Smith. He resigned July 26, 1947 to become principal of E. H. S.

There is nothing he had rather do than read international politics and world history. He enjoys any activity that concerns the E. H. S. Students. We all want to welcome Mr. Jones, and we hope that he will be with us for a long time.

BOY'S HOME-MAKING

The sweet aroma coming from the third floor the past week was the result of the boy's homemaking class swinging into action.

The first day in the laboratory was for the purpose of making fudge. Some of this fudge turned out to be very delicious to the delight of many teachers and students who got to taste it.

As the boys advanced in knowledge and skill they began cooking such things as biscuits and muffins. By mid-term any one of these boys are expected to be efficient enough to make anyone a good housewife.

This class is the only one that all the "gold-star boys" are in, which is a great credit to the class.

THE FRESHMAN SPOTLIGHT

The freshmen spotlight shines this week on the vice-president of the Freshmen Class, who is Charlotte Van Hoy, who is 5 ft. 4 1/2

in. tall, weighs 107 lbs and has light brown hair, blue eyes.

Her favorite song is "I wish I didn't Love You So", actor—Burt Lancaster, actress, Barbara Stanwyck, and movie, "You Came Along." Charlotte's favorite food is Chop Suey, Color is green, and she likes nothing better than watching the Mavericks play football. Her favorite pastime is listening to the radio. Charlotte is a cute little blue-eyed blond.

She is a member of the Double Seven and Rip and Sip clubs. She's a cute kid.

SUB DEB MEETING

On Wednesday, Sept. 24, the Sub Deb Club met in the home of Shirley Frazer. Mary Wilt, the president, called the meeting to order, and their secretary collected club dues and made a treasurer's report. The buying of club pins was discussed, and it was decided that we send to another company for samples. Various business matters were discussed, and the meeting was adjourned.

Refreshments of sandwiches, donuts, and punch were served to Mrs. Ina Ruth Taylor, Sandy and Jan Taylor, Jerry Spence, LaVerne Cornelius, Betty Pickens, Naomi Wood, Merric Dawn Warren, Joyce Armstrong, Mary Wilt, Betty Harkrider, Marilyn Wittrop, Jan Spalding, Mary Halkias, and hostess, Shirley.

EX-STUDENT RECEIVES HONORS

"Teach" Johnson recently received a letter from Mrs. G. D. Jones of Durant, Oklahoma, informing her that Charles Lee, an Eastland High School graduate has received his commission as cadet-major, second in command, of the Second Regiment of cadets at A&M College. This is indeed an honor, and at EHS are very proud of our former student. Charles is a senior and expects to receive his B.S. degree with a pre-med major next summer. We are always glad to receive news concerning our former classmates, and especially to hear of such an honor. We also remember Mrs. Jones as a former teacher "on the hill".

RIP AND SIP

The Rip and Sip club met Tuesday night at Eastland Hi School. The remainder of the officers were elected. Jo Ann Harden, president, Beth Hurt, vice-president, Betty Grimes, secretary-treasurer, Shirley Hightower, reporter, Charlotte Van Hoy, parliamentarian, and Virginia Wright historian. We played games then the meeting was adjourned.

Those present were: Beth Hurt, Jo Ann Harden, Betty Grimes, Betty Allison, Evelyn Ward, Jessie Whaley, Charlotte Van Hoy, Monette Scott, Neta Fay Massengale, Virginia Wright, Fernie Shafter, Barbara Dick, Shirley Hightower, and Miss Morris.

PREPARATIONS WERE MADE FOR THE TRIP TO DALLAS THE 4TH.

Preparations were made for the trip to Dallas the 4th.

SOPHOMORE SPOTLIGHT

This week the Sophomore spotlight turns its bright gleam on a cute little blond, blue eyed, sophomore girl. She is 5' 3" tall and weighs 90 pounds. She has fun at school and Algebra is her favorite subject. Mr. Jones is her favorite teacher and that's not surprising as Mr. Jones is popular with all our class. Although you wouldn't think it she loves food and on Thanksgiving really crams turkey and dressing in. Her favorite picture is "The Best Years of Your Lives" and her actor and actress are Robert Mitchum and Greer Garson. Her favorite song is "Dancing With a Deb" and Bing Crosby is her favorite singer. She loves to watch football games and although she likes no special boy, she thinks all the football boys are mighty cute.

You should have guessed who she is by now. It's Virginia Spence.

YEA FISH!! JUNIOR SPOTLIGHT

Going down through the members of the mighty Junior class

this week, the spotlight stops and shines on a very prominent member—the vice-president. He is a good looking, black-haired, gray-eyed Maverick who is 5 ft. 10 in. tall, weighs 162 lbs. is 15 years old, and is number 28 on our mighty football team. Football is at the head of his sports list and after that he enjoys swimming, and hunting. He has a long list of favorites, and among them are Humphrey Bogart, Ester Williams, "Tallahassee." The Beginning or the End, airplanes, chicken fried steak, physics, Miss Johnson and sleep—but he doesn't like spaghetti or classical music. This swell Junior wants very much to be a surgeon.

By now, you should know this is the one and only Jerry Max Lasaster, otherwise known as "Eller".

Yea Juniors!!!

SCIENCE CIRCUS

At 9:00 o'clock Tuesday morning September 30, the faculty, student body, and Junior High went into the Auditorium for a paid assembly. It was a Science Circus put on by Bob Brown. Mr. Brown demonstrated certain scientific facts. He used Jack Kelly, Naomi Wood, Dwain Lusk and Betty Pickens to help in his demonstrations.

Mr. Brown stressed that the world vibrations if from the human voice to comic rays and high voltage.

He showed how electricity could flow through the body and light a torch from a person's finger. He also showed some pointings that had been painted by a famous artist.

This was a very interesting program and everyone enjoyed it very much.

After the program Mr. Little presented the Senior caption, Lewis Crossley, Johnny Hicks, and Bobby Blair, the football team in the Ranger game. The captains presented the football to Mr. Womack to be put in the trophy cabinet.

IDEAL GIRL

Light Hair: Joyce Armstrong
Dark Hair: Bobby Shero
Light Eyes: Fern Justice
Dark Eyes: Betty Pickens
Good Personality: Naomi Wood
Figure: Veda Sneed
Good Sport: Mary Wilt
Light Complexion: Shirley Frazer
Dark Complexion: Shirley Hightower

Teeth: Betty Gay Allen
Legs: La Verne Cornelius
Voice: Betty Anne Harkrider
Good Choice of Clothes: Merric Dawn Warren
Manners: Kathryn Watkins
Intelligence: Christine Arther
Athletic Ability: Patsy Safley
Posture: Marilyn Wittrop
Smile: Monette Scott
All around beauty: Mary Halkias

IDEAL BOY

Hair: Bill Arther
Eyes-Light: Lewis Crossley
Eyes-Dark: Johnny Hicks
Good Personality: Dwain Lusk
Physique: Bobby Blair
Good Sport: Dick Sparks
Complexion: Wayne Lambert
Teeth: Johnny Hicks
Musical Ability: Milton Herring
Manners: Jack Ernst
Intelligence: J. C. Burke
Athletic Ability: Bobby Blair and Lewis Crossley
Posture: Johnny Collins
Smile: James Mathews
All around boy: Dick Sparks

THINGS WE NOTICE

How many eyes are home for the football games. Welcome
How sore all the girls are that take Physical Ed.
What a swell Junior High football team we have.
Harmony has started again.
The Seniors have ordered their rings.
Naomi's cart wheels! They are good.
The gym suits the girls ordered.
What a wonderful trip the Home Ec Girls and the 4-H Boys had.
All the jeans at the pep-rallies.
The library books. They have some new ones that are good.
How hard Ernest Sneed works at football. He deserves a real salute.
World History Poor kids.
George and Beth.
How cute Norma Noble is.
Kenneth, what happened to your car?
Paula's Permanent.
How pretty Mr. Atwood's wife is.
The freshman.
Virginia's glasses.
Chaucer! Nuf said!
Don and Jack's red and green sox.
How much red everyone is wearing.
The Prologue to the "Canterbury Tales"
The piece about the band in the paper. It was good.
Mack's and Hicks' beautiful biscuits.
Pickens & Lusk Experiment that is.

BAND PLAYS SOON

As every one knows Eastland High School has a new band and also a new band director, Mr. Atwood. He is doing a wonderful job of teaching the new members how to read music. There is over fifty pieces in the band and he is expecting about ten or twenty more.

The band has twirlers and also a drum major, Stanley Stephens. The High School is furnishing the band uniforms and the twirler uniforms. This is something new for Eastland but if everyone will back it up they will soon be very proud of it and the progress it has made.

The band members, with the consent of Mr. Womack are going to clean up the band room. Mr. Womack told Mr. Atwood that the school would furnish the Kemtone if the members would do the painting. The curtains are going to be cleaned and all the rooms are going to be cleaned.

The members that want to help are supposed to be here Saturday morning at nine o'clock.

For the girl's information, may be some of the boys will help. It will be painted blue and someone will paint black notes around the top border.

All the students of EHS can be proud of their band room after Saturday, thanks to Mr. Womack, Mr. Atwood, and the band members that help.

SENIOR SPOTLIGHT FLASH

Hello there, folks! Another year has rolled around and school is in full swing. To get off to a good start our spotlight is shining on none other than that mighty Maverick, Jimmie Mathews.

Jimmie came to Eastland way back in about 1940. Oh yes, those were the good old days. Even then he was a star on the Junior High football team. In the spring of 1944, Jimmie and several of the other boys who were about to enter high school, came out for spring training. If I remember correctly "Chief" Warden was a coach and in the fall of '44 Eastland won district championship for the first time and Jimmie made the first team and lettered.

He has been a first-string man and has lettered all four years that he has been in dear old EHS.

Jimmie was duke in the coronation his Sophomore and Junior year and has been vice-president of our class four years. I guess that I'd better give you a description of this mighty Maverick so here goes. He has blonde hair, that just refuses to stay down on top, especially in front, the most pleasant, sparkling brown eyes and a darling smile. Jimmie is 5'5 1/4 in and tops the scales at 141 lbs. Of course his favorite sport is football and he is really a whiz in this field. Backfield, that is. At the next game you attend, which we hope is Ft. Worth Tech. look for number 17. That's our man.

Aside from football, and other activities, he says that he has no past time, but if there is any it is spent in loafing. Like most boys he just loves to eat steak, and he can really put it away. Jimmie's favorite song is "You'll Never Know," and strange to say I couldn't tell you why. He stated that he likes to listen to the Grand Symphony better than any other orchestra. He said that he really got a bit of buzz out of Andy Devine. When he said that blue was his favorite color, your reporter wasn't at all surprised because you see him wearing it quite often. So good luck to a swell Senior.

ORCHIDS AN' ONIONS

Orchids to the Masonic Home game!
Orchids to people who don't like cats.
Orchids to our team.
Orchids to colds.
Orchids to our band.
Orchids to the tests.
Orchids to no rain on football games.
Orchids to so many lessons.
Orchids to the paid assembly. We all enjoyed it.
Orchids to short pep-rallies.
Orchids to the new speech club.
Orchids to no hamburgers in the cafeteria.
Orchids to the Coca-Cola machine.
Orchids to onions.
Orchids to our lockers.
Orchids to the bad grades made on the English tests.
Orchids to Naomi's courage.
Orchids to some of the library rules.
Orchids to the Latin Club.
Orchids to book reports.
Orchids to the football in the trophy case.
Orchids to "big" hand instruments. They are heavy.
Orchids to Shirley and Bill.
Orchids to the people who don't yell at the games and pep-rallies.
Orchids to the Sub-Deb Club.
Orchids to bad sports!
Orchids to our wonderful football team.

THE RAMBLER

William R. Boyd, Jr., president of the American Petroleum Institute has stated that record capital investments in excess of four billion dollars will be made by the petroleum industry in the United States during 1947 and 1948 for new and improved facilities. . . . An outlay of this magnitude in the two-year period will represent more than twenty-two percent of the total investment in the oil industry, which is about eighteen billion dollars.

Motorists of the United States set an all-time gasoline-consumption record in 1946, in using an estimated 25,200,000,000 gallons of gasoline; this represented an increase of thirty-one percent over the preceding year and about four per cent above the previous high mark of 24,200,000,000 gallons used in 1941.

The Government in Business subcommittee of the House Committee on Small Business will conduct hearings to consider complaints of businessmen against the completion of government-owned corporations. The subcommittee aims to ascertain the extent of which these government businesses encroach upon the field of private enterprise.

The hearings are expected to develop testimony on the encroachments of such organizations as Defense Homes Corporation, Inland Waterways Corporation, Tennessee Valley Authority, Rubber Development Corporation, Warrier River Terminal Company, Export-Import Bank of Washington, and many others, whose total assets as of July 1, 1947, were estimated at fifteen or sixteen billion dollars.

"The Rambler" visited the Morton Valley community, yesterday . . . the new gymnasium at the Morton Valley school is expected to be completed in about six weeks it is a sheet iron building, 70x100x20 feet. The flooring is being laid at this time.

C. B. Harris, superintendent of the Morton Valley school advises that a well balanced, Grade A meal, as termed by the United States government, is available to the pupils of the Morton Valley school for eighteen (.18c) cents; milk is not served with the meal. Schools serving Grade A lunches without milk, receive four (.04c) cents per meal from the Federal government, while schools serving Grade A meals, with milk, receive six (.06c) cents from the Federal government.

Enjoyed a visit with Tobe Morton, who is a member of the Board of Trustees of the Eastland County schools.

Mrs. Billie Wayne Reed underwent a tonsillectomy yesterday morning.

Captain and Mrs. D. E. Pittman and son, Douglas, have returned from a three weeks' visit in Missouri. Captain Pittman has gone to Fort Sam Houston for assignment.

It is the vain endeavor to make ourselves what we are not that has strewn history with so many broken purposes and lives left in the rough.—Lowell.

Ignorance is the mother of fear, the wet nurse of prejudice.

W. C. Robinson, principal of the Eastland Junior High School has announced that the Junior Hi "Dogies" football team will play Ranger, on Tuesday, October 14th.

William R. Boyd, Jr., president of the American Petroleum Institute has stated that record capital investments in excess of four billion dollars will be made by the petroleum industry in the United States during 1947 and 1948 for new and improved facilities. . . . An outlay of this magnitude in the two-year period will represent more than twenty-two percent of the total investment in the oil industry, which is about eighteen billion dollars.

Motorists of the United States set an all-time gasoline-consumption record in 1946, in using an estimated 25,200,000,000 gallons of gasoline; this represented an increase of thirty-one percent over the preceding year and about four per cent above the previous high mark of 24,200,000,000 gallons used in 1941.

The Government in Business subcommittee of the House Committee on Small Business will conduct hearings to consider complaints of businessmen against the completion of government-owned corporations. The subcommittee aims to ascertain the extent of which these government businesses encroach upon the field of private enterprise.

The hearings are expected to develop testimony on the encroachments of such organizations as Defense Homes Corporation, Inland Waterways Corporation, Tennessee Valley Authority, Rubber Development Corporation, Warrier River Terminal Company, Export-Import Bank of Washington, and many others, whose total assets as of July 1, 1947, were estimated at fifteen or sixteen billion dollars.

"The Rambler" visited the Morton Valley community, yesterday . . . the new gymnasium at the Morton Valley school is expected to be completed in about six weeks it is a sheet iron building, 70x100x20 feet. The flooring is being laid at this time.

C. B. Harris, superintendent of the Morton Valley school advises that a well balanced, Grade A meal, as termed by the United States government, is available to the pupils of the Morton Valley school for eighteen (.18c) cents; milk is not served with the meal. Schools serving Grade A lunches without milk, receive four (.04c) cents per meal from the Federal government, while schools serving Grade A meals, with milk, receive six (.06c) cents from the Federal government.

Enjoyed a visit with Tobe Morton, who is a member of the Board of Trustees of the Eastland County schools.

Mrs. Billie Wayne Reed underwent a tonsillectomy yesterday morning.

Captain and Mrs. D. E. Pittman and son, Douglas, have returned from a three weeks' visit in Missouri. Captain Pittman has gone to Fort Sam Houston for assignment.

It is the vain endeavor to make ourselves what we are not that has strewn history with so many broken purposes and lives left in the rough.—Lowell.

Ignorance is the mother of fear, the wet nurse of prejudice.

W. C. Robinson, principal of the Eastland Junior High School has announced that the Junior Hi "Dogies" football team will play Ranger, on Tuesday, October 14th.

DOYLE
Pictured above is Mrs. Mattie Doyle, who has been selected by members of Zeta Pi Chapter of Beta Sigma Phi as their 1948 Valentine Girl. Mrs. Doyle's picture will be entered in an International Sorority Contest where it will be judged by a famous movie actor. Last year's judge was Glenn Ford, star of Columbia Pictures. The winner receives a cash award for her chapter and her picture appears on the cover of the Sorority's Monthly Magazine. Mrs. Doyle will be honored by local Beta Sigma Phi's in February at a Valentine social.
