THE STORY: It all started after I had been in Hollywood three months, writing the movie script for one of my own mystery books —and trying to get over Oscar Craig. I was having dinner with attractive Jeff Haverson, my director, and talking over our picture. Jeff said that young Jimmy Peters was to play the detective and that Avis Vaughn, our glamor star, had insisted on Art Cleves playing the male lead. I was curious to know why Avis, almost a has-been, could get her own way about this. But Jeff gave me no satisfaction. After he took me home, I discovered my beautiful Persian cat lying mangled and half-dead in the driveway. I asked Ravella, head make-up woman, to concoct one of her famous lipsticks for me. Ravella said I could pick up the lipstick later at her shop downtown. Christmas Season Will Soon Be Here-

and with it will come the usual hazards to life and limb. Your Christmas tree and the decirations on it are fire hazards which you will want to watch closely. If electric lights are used for decorations they should be in good condition. And you will be driving some, too, and the roads are most hazardous at this season of the year. Drive carefully, celebrate sanely that you may have a Merry Christmas.
