Wets Rally As Nov. 2 Election Set

The 1948 Eastland County election officially set for Nov. 2 to coincide with the general election, wet forces of the county gathered for a rally at the Hotel Roof Garden Wednesday at 7:30 p. m.

The election was set officially by the Commissioners Court at a meeting Monday. A county-wide dry rally was held at the Baptist Church of Eastland Wednesday at 7:30 p. m.

The tea and style show the organization was putting on was a big thing, and the hotel just did not have enough chairs. There are firms and institutions in Eastland that have numbers of folding chairs they have lent out in the past, but this time the club got turn-downs—it seems that on quite a few occasions the chairs had been lent out, and not all of them were returned.

Week Talks Given Clubs By Taylor

Taylor, a former oil man and the "romance" of the county, this week spoke to the Rotary and Lions Clubs in Eastland on "Oil Progress and the Future of the Industry."

P. L. Parker's Condition Improves

P. L. Parker, who underwent surgery in Harris Hospital in Fort Worth Monday morning, is reported to be able to sit up for the first time Wednesday, and is expected to be home in a few days.

HURT SLIGHTLY IN TRUCK OVERTURNS

Smith of Eastland, was injured slightly when the Pipkin Company truck he was driving overturned near Baird Wednesday.

Sidelssues

By HENRY G. VERMILLION

I am happy to report that the good ladies of the Eastland Civic League and Garden Club had plenty of chairs to sit on when they opened their club year with a big blowout on the Connellee Hotel Roof Garden Wednesday.

It looked for a while as if the club members and guests, or at least part of them, were going to have to take the advice that was so common in my boyhood, and "sit down on your fist and lean back on your thumb."

In fact, one business firm and one church said each had lost about 50 folding chairs in recent years through lending them to persons or organizations that did not return all of them.

But anyway, the First Baptist Church finally came through with the chairs, and the show went on, as they say shows must.

And the ladies who attended were convinced it was well worth all the trouble.

Since I am rather sports minded and write almost all of the sports news for The Record, it is rather hard for me sometimes to keep from turning this into a sports column, which it is not necessarily supposed to be.

But before the football season gets any older, I want to comment on the remarkable job it seems to me Coach Wendell Siebert has done with this year's Eastland High team, and what a remarkable job the boys have done of coming through under his tutelage this fall.

Before the season opened Siebert said he would be well satisfied this season if his team won four games, and he would not be surprised if it didn't win that many.

Siebert wasn't low-rating the players; he thought they simply were too small and inexperienced, especially the latter.

And he wasn't overly much engaging in the coach's privilege of crying before getting hurt; he was quite sincere.

Well, the season is half over and the Mavericks have won the last three games after dropping the first two—and they have been on the upgrade all the time.

How the beer election will go in Eastland County is a topic on the lips of many, and you can look for a determined campaign on the part of both those that want beer legalized, and those who want the county to stay dry.

On the same date as our election, Nov. 2, Palo Pinto County, now wet, will vote on going dry, so the issue will be decided on that day for a large segment of Central West Texas.

Mavericks Take Week Off Before Crucial Dublin Tilt

The Eastland Maverick football players will get a well-earned and much needed rest this week before tackling Dublin on the home field next week in a game that could decide the district title.

This week, eyes of the district will be turned on Dublin, where the Dublin team will meet Ranger's Bulldogs in a district game that may help establish some data on where the strength is in the conference. The game will be played Friday night in Dublin.

Ranger blasted AA Cisco 12 to 6 last Friday night to show that the Bulldogs of Ranger would have been a big noise in the district this year had they not been disqualified for a year for recruiting. As it stands, a Ranger victory would count as a district loss for Dublin, or any other team in the district, but the Ranger eleven cannot win the title.

The Eastland team had a rugged time in downing Gorman 27 to 0 Friday night of last week, but looked better against stubborn opposition than it had the week before against a rather placid De Leon team.

Gorman went into the game determined to make a contest of it, and did. The Gorman team moved into Eastland territory in the first quarter, but the drive was held, and the Mavericks scored in the second quarter with Tommy Velasco going over from the three-yard line.

Fullback Jack Kelley, pacing the Eastland ground gainers, led the way on all of Eastland's scoring drives, and scored the second touchdown himself from the six. Colonel Don Brashier kicked the point.

Jim Smith, who picked up lots of territory during the evening, scored the next touchdown in the same third quarter from the eight, with Brashier again making the point after. Kelley scored the final touchdown in the fourth quarter, with Brashier again converting.

Kelley entered the game after missing almost a week of practice with a severe cold, but showed little ill effects from it, simply wading through would-be tacklers on many gains.

Brashier threw a scare into Coach Wendell Siebert on the return from Gorman by saying he thought his leg had been broken when he was tackled on a kick play, but X-rays showed no serious trouble, and doctors said the injury likely was a bone bruise that would soon be well.

Junior High Students To Sing In Operetta

Students of Eastland Junior High School will be presented in an operetta, "Streamlined Cinderella," that was announced this week by W. C. Robinson, the principal.

All students in the junior high school have had a chance to try out for leading roles and for parts in the chorus and ensemble of the production, Robinson said, but so far no definite selections have been announced.

Mrs. Harry J. Walter and Mrs. Joe Stephen will direct the operetta. They said they hoped to assign all parts this week and to begin rehearsals as soon as possible.

Baptist Women Seek Clothing For Abroad

A drive is being made by members of the WMU of the First Baptist Church for old clothing for foreign relief.

The box will be packed at the church Nov. 1, Mrs. H. F. Vermillion, chairman, said. She asked that any one having any clothing to donate to call her, telephone 546-W, or to call the church and someone would call for the package.

Registration Asked For 'Living Blood Bank'

Creation of a "living blood bank," which would afford immediate access to the right type blood in emergencies such as have come up several times in Eastland recently, is the aim of a Civic League and Garden Club project which calls for registration and typing of all possible blood donors on Monday, Oct. 25.

On several occasions in recent months persons who have been ill have needed blood transfusions, and much confusion and wasted time have resulted, physicians agreed, because there was no way of knowing where to find blood donors whose blood matched the patients'.

There are four general blood types A, B, AB and O. Only a type A donor can give blood for a type A patient, and so forth.

Under the club's blood typing program, a call has been put forth for all men past their 21st birthday and not having reached their

60th to go to the Eastland Medical Laboratory, 4th floor of the Exchange Building, between 9 a. m. and 6 p. m. Monday, Oct. 25 for blood typing.

Youths aged 18 to 21 also were urged to go for typing, but will have to take written and signed parents' consent.

Eastland nurses will handle the typing, and volunteers from the Civic League will handle registration and other details.

The entire program is on a voluntary basis, but those who are typed will be required to sign a pledge that they will give blood for emergency use at any time, subject to approval of their physicians.

Footing the bill for the program is the Civic League, which voted to sponsor it at the first meeting of the club year Wednesday.

The committees shaping the program said women, may have

their blood typed on the registration day also, if they are willing to sign the donor pledge. However, it was pointed out that many doctors do not use women as blood donors except in extreme cases.

The "living blood bank" program is shaped much like the Red Cross blood bank during the war, except that then all persons volunteered to give blood at regular intervals. In the Eastland community plan, only rarely will anyone registering be called on, it was believed, and probably a large percentage never will be called on.

However, when a sick person's life is at stake and a great deal of blood is needed, the blood type file will give local physicians quick access to persons who have the life-saving proper type of blood.

Under the program, every Eastland doctor will receive a list of

registrants and their blood types. In addition, a master card index file will be kept, indexed both as to names and as to types.

It was emphasized that any person with a record of malaria, tuberculosis, typhoid fever or other serious illness is not wanted for the registration.

General chairman of the program for the Civic League is Mrs. H. G. Vermillion. Mrs. E. R. Townsend is chairman of the technical staff, with Mrs. M. B. Murdock, Mrs. Fred Maxey, Mrs. George Fields, Mrs. Oscar Avera and Mrs. Tip Arthur as members.

Mrs. Arthur Murrell is chairman of registration and nurses' aides committee, with Mrs. Buck Pickens, Mrs. Hubert Jones, Mrs. J. M. McClain, Mrs. Harry Taylor, Mrs. A. E. Adelsten, and Mrs. Eddie French as members.

Mrs. Jack Carothers is in charge of public relations, assisted by Mrs. Jack Frost, Mrs. Joe Stephen, and Mrs. McClain.

Contractor To Begin Work On Two Homes

Ray Saunders of Brownwood, home contractor, this week told Eastland Chamber of Commerce Manager H. J. Tanner that he would begin construction of two homes to be sold in the \$6000 range in Hillcrest Oct. 25.

Saunders had optioned 12½ acres of Victor Cornelius' land near Sadosa Street, but said plans on the addition he plans there have been delayed by financing problems.

The two homes are to be built on Hillcrest or Virginia Streets, he told Tanner.

Speed Urged On Overseas Mailings

Christmas mail for members of the armed forces overseas should be mailed between Oct. 15 and Nov. 15 to reach the destination in time, Postmaster E. E. Layton said this week.

Especially early mailing was urged on parcels destined for delivery in Japan, Korea, and the islands of the Pacific.

Christmas cards to overseas personnel should be mailed by Nov. 15, and must be sealed and bear postage at the first class rate, Layton said.

Parcels are limited to 70 pounds in weight and 100 inches in length and girth combined. It was suggested that food and clothing are supplied troops, and other unobtainable items will make better gifts. Gifts must be securely packaged in strong wood, metal or firewood boxes, strongly tied and addressed on the strong outer wrapping in ink. Intoxicants, inflammable materials including matches, and poisons may not be mailed. Cigarettes and other tobaccos may not be mailed to continental Europe.

JUNIOR HIGH GRIDDERS BEAT RANGER 20-14

The Eastland Junior High Dogie football team upset the dope bucket considerably Thursday evening on Maverick Field by outscoring the Ranger Pups, 20 to 14.

As usual, Hill Gaeta and Lupe Gimenez were the stars for the Eastland team, and led the Dogies to victory against a larger and heavier team.

Livestock Show Dates Announced

The annual Eastland County Livestock Show in Cisco will be held March 25 and 26, later than in the past, M. E. Fry of Cisco, president of the Eastland County Livestock Raisers' Association, said this week.

Dates for the show were set at a recent meeting of the board of directors of the organization. The shows have been held in February in past years.

As in the past, the show will feature animals exhibited by 4-H Club and FFA boys of the county, as well as adult breeders.

Directors of the association are to meet again Oct. 19 in the Courthouse in Eastland to discuss plans for the annual barbecue and to hear a report from the nominating committee.

Present officers are Fry, A. V. Clark of Cisco, vice-president, J. M. Cooper of Eastland, secretary, and Fred Brown of Eastland, treasurer.

A Cappella Choir Organized At E.H.S.

The newly organized a cappella choir of Eastland High School will make its debut in a pre-holiday program in December which will present musical groups from each of the Eastland schools, W. G. Womack, school superintendent, said this week.

Robert Clinton, music director of the First Methodist Church, helped in the choir's organization this week and will be the director of the 65 members who responded to the invitation to organize.

New C Of C Directors To Meet With Board

Six new directors elected to the Eastland Chamber of Commerce Board of Directors by mail ballot are former President Fred Brown, former President Carl Johnson, E. E. Freyschlag, K. B. Tanner, Jack Muirhead and A. J. Blevins, Jr.

The six will take their places at a meeting of the Board next Tuesday, at which time the new board will be organized and a president and other officers elected for the coming year.

Bobby Blair Accorded High Praise As Possible Football Star At H-SU

Bobby Blair, student at Hardin-Simmons University at Abilene, was the freshman athlete chosen by a sports writer, J. Winter, for a write-up in his column in the H-SU Brand last week.

Winter quoted the coaches of the Mustangs as saying, "The 180-pound Blair contributed a lion's share toward the victory that Eastland scored over Stamford last season in the regional game, and after watching that game, Coaches Woodson and Evans of H-SU shared the opinion that Blair outclassed any player on either squad."

"The Eastland flash graduated from Eastland High School in 1947 and is the son of Mr. and

Mrs. B. G. Blair of the same friendly little city.

"Now donning the purple and gold, Bobby has been shifted from his old halfback (at which position he made the all-regional team of 1947) to the fullback position on Al Milch's freshman squad."

Asked about the prospects of this young player, Coach Woodson said, "He is a boy with plenty of spirit, a good scrapper, a natural love for football, and we think he has a great future ahead of him here at H-SU."

Blair spent last week end here with his parents at their home, 812 West Commerce Street.

Former Eastland Merchant Passes In Plainview, Aged 90

Elisha Roper, 90, of Plainview, who died last week, had lived in Eastland County much of his life, and operated mercantile businesses in Eastland and Cisco.

He also owned a farm in the Colony community on which 21 producing wells were drilled during the oil play of 25 years ago, with one of the wells one of the biggest in Eastland County.

He and his twin brother, Elijah were in the general mercantile business in Eastland when they sold out to John Brashears and moved to the farm at Colony. After the oil development, Elisha Roper moved back to Eastland and bought the building now occupied by Burr's and the Lyric Theatre. He ran a mercantile business in Cisco before moving to Plainview, where he had extensive farm and cattle interests.

His twin brother preceded him in death by about a year. Survivors include the widow, 13 children, a nephew, John Lee Roper of Eastland, and a sister-in-law, Mrs. M. O. Hazard of Staff.

Eastland Musicians To Attend Sessions

Eastland will be well represented in Sweetwater this week end when the convention of the Sixth District of Texas Federated Music Clubs will be held in the Bluebonnet Hotel.

Milton Herring, son of Mr. and Mrs. I. M. Herring, will represent the Music Study Club when he is presented as a pianist on the fine arts program Friday evening.

Jana Weaver will represent the Beethoven Junior Music Club on the fine arts program Saturday afternoon. On the same program, Lou Ann Corbell will represent the Scale Runners Club.

Herby Weaver is the Beethoven Club's delegate and Helen Taylor and Patsy Atwood are the Scale Runners' delegates to the convention.

Veda Sneed, vice-president for the 6th District, T.F.M.C. junior group, will assist with holding the business meeting.

Other students of the Taylor Studio who plan to attend are Jeanette Chapman, Dickie Corbell, and Marilyn Morgan, and parents planning to attend include Mr. and Mrs. H. T. Weaver, Mrs. Ernest Sneed, Mrs. I. M. Herring, Mrs. D. B. Cox and Mrs. A. F. Taylor.

Plans for the Beethoven Club's participation in the convention were made at a club meeting in the home of Mr. and Mrs. Weaver Monday evening.

Colonel Don Brashier presided, and will be host to the group at the home of his parents, Mr. and Mrs. W. E. Brashier, 200 East Plummer Street, at the next meeting of the club at 7 p. m. March 8.

Miss Marilyn Wittrup, daughter of Mr. and Mrs. E. L. Wittrup, and Miss Mary Halkias, daughter of Mr. and Mrs. Earnest Halkias, both students of T.S.C.W. Denton, spent the week end here with their parents.

Open House Set In Renovated EHS Gym Saturday

Eastland High School's renovated gymnasium, which has been almost completely worked over with funds donated by the public of Eastland, will be thrown open to the public at an open house from 7:30 to 9:30 p. m. Saturday, it was announced this week.

At the affair, the Eastland High School Band will play under direction of Director T. R. Atwood, girls of the Homemaking Class under direction of Miss Loretta Morris will serve punch, and Frank Sparks, president of the School Board, will speak on behalf of the board.

Mrs. James Horton, member of the board, but acting as a private citizen, began the funds drive last spring that resulted in pledges of nearly \$8000. The personal pledges were paid promptly, with a total of \$5899.50 paid in, she said.

"Most of our real needs have been taken care of with this \$5899.50, but it could never have been accomplished had it not been for the generous attitude of workmen and merchants. Several workmen donated a day of work, and materials in most cases were cut to cost or a per cent off. Special thanks should be given Frank Crowell of the Crowell Lumber Company who furnished three-fourths of the material used, and all at reduced prices."

Work was superintended by Carl Butler, with a citizens' committee of Carl Hoffmann, Jim Horton and W. B. Pickens planning the work and seeing to details, assisted by School Board Secretary Curtis Herig.

Work included installing new windows and screens throughout, rebuilding the entire basketball floor at a cost of about \$2000, painting the inside walls white to the rafters, replacing all doors, painting the seats installed a year ago by the Quarterback Club, re-flooring the space under the seats with concrete, replacing all the plumbing and otherwise repairing and redecorating the former boys' gymnasium.

Bridge-42 Party Set In Hoffmann Home

A bridge and 42 tournament sponsored by the South Ward P.T.A. will be held in the home of Mr. and Mrs. Carl Hoffmann, 903 South Seaman Street, on Monday and Tuesday nights of next week at 7:30 p. m.

Tickets are 50 cents each and may be purchased from members of the organization. Proceeds will be used to replenish a depleted treasury.

COUNCIL TO SPONSOR TWO-DAY SALE

Members of the Women's Council of the First Christian Church will sponsor a rummage sale and bake sale in the educational building annex Friday and Saturday, Oct. 15 and 16, Mrs. T. L. Cooper president, announced. She said that coffee and cake would be served to the public both days.

'New Look' Same As 'Old Look,' Styles Reveal At Fashion Show

Fashions past and present were viewed with intense interest by 200 women attending the Civic League and Garden Club style show Wednesday afternoon on the Connellee Roof Garden.

Proving the relationship of the "New Look" to the "Old Look," Mrs. Jack Carothers modeled a dress made in 1876 for the grand-

mother of Mrs. John Turner to wear to the Philadelphia Centennial, which had all of the features that the modern miss is so very proud of in her new fall costume. The dress was of green taffeta made with a bustle back.

Entering through a large white picture frame, each model paused and pivoted before a draped background while the commentator, Mrs. Art Johnson, described the material and lines of their costumes.

New costumes shown were from Altman's Style Shop and the D. L. Houle Shop.

Further proclaiming the "age of elegance" being repeated this fall were the background decorations, including a round Victorian table, on which were placed a hand painted old-style lamp, an antique plate, and a nosegay of flowers, placed before the ornate gold brocade drapery which was on

either side of the entrance frame.

Adult fashions, casuals, suits, and after 5 o'clock dresses were presented, styles in each group being presented by both shops.

Children's fashions were presented from the D. L. Houle Shop and were modeled by Judy Frost, Bob and Ann Grisham, Mary Ann Toombs, Barbara Hightower, Mary Angeline Vaughan, Goldie Beth Doyle, and Jeannie Pipkin.

Adult models were Mesdames Hubert Jones, Bill Walters, Jr., Bill Collings, Glen Boyd, Jack Carothers, Theo Lamb, Charles Cline, Jack Gourley, Neil Day, Clyde Pettit, N. E. Grisham, C. W. Hoffmann, J. T. Cooper, A. L. Murrell, E. E. Layton, Robert Vaughan, Eugene Hickman, Donald Kinnaird, James Harkrider, Charlie Joe Owen, Johnnie Aaron, Pete Cullen, Eddie French, Carl Jones, F. N. Sayre, Edward Adelsten, L. D. Todd and daughter Sharon, displaying an unusual mother and daughter combination, and Misses Marjorie Van Hoose, Muriene Ross and Catherine Cornelius.

Mrs. Frank Hightower, president, presided at a short business session and presented Mrs. H. G. Vermillion, who told of progress made on the blood typing project, on which the executive committee has been working for the past two weeks. The club voted to sponsor the project.

Tea was served following the fashion review from a table centered with an arrangement of yellow chrysanthemums. Presiding and pouring tea were Mesdames Cyrus Frost, Milburn S. Long, George Davenport, and John D. McRae.

The committee in charge of arrangements for the afternoon included Mesdames Steve Potts, Earl Conner, Jr., W. G. Marquardt, Bill Walters, Jr., Johnnie Aaron, Veon Howard, and H. B. MacMoy. Mrs. Marene Johnson was in charge of stage properties.

Dresses of former fashions were loaned by Mesdames Marene Johnson, John Turner, Guy Parker, Frank Castleberry, George I. Lane, Earl Conner and W. B. Pickens.

Dinner was served to about 32 members seated at tables laid with white linen and centered with Hallowe'en pumpkins holding candles and surrounded by trailing ivy.

The club room was decorated with yellow cosmos, lending more color to the Hallowe'en theme carried out in the menu.

The Round-Up Staff has great plans for the paper this year. I am sure that if we have a paper like we plan to have, the students of EHS will support it one hundred per cent. Be sure to read the Round-Up and come to us if you have any suggestions to help the paper.

SLEEP

Sleep is very important to one's health, growth, and disposition. Miss Loretta Morris, homemaking teacher, suggests to the girls she is taking to the State Fair early Saturday that they get to bed early Friday night. She quotes this poem from "Sleep" by the Metropolitan Life Insurance Company:

Sleep
If over the counter sleep were sold,
Hour by hour, for silver and gold,
How many people would wail and weep
Because they could not afford to sleep!

ORCHIDS AND ONIONS

FOOTBALL ROUND-UP

Showing much improvement over early season form, the Eastland Mavericks rolled up a 40-0 victory over the De Leon Bearcats. The victory evened the team's season slate with two wins and two losses, and started the Mavericks out right in district competition.

When considering the two opening defeats it should be remembered

1. Two long-shot passes provided Coleman's margin of victory in a closer game than the score would indicate.
2. Albany is being touted one of the top Class A teams of the state.

The Mavericks are improving every game and the outlook for our team is good.

YEA, MAVERICKS!!!

A SPECIAL ASSEMBLY

On the morning of October 4, the show "A Tale of Two Cities" was shown to the student body

and faculty of E.H.S. It was enjoyed by everyone, especially those who had not seen it before. The freshmen enjoyed it and seemed more interested than the remainder of the student body, although the rest of the students recalled from their knowledge of the novel, scenes that were brought out clearly in English classes earlier in high school. The assembly, however, was welcomed by everyone and was accepted with sincere thanks to our faculty for presenting this unusual program. There has been talk of getting more shows this year for high school. We hope this is so.

Mr. and Mrs. Richard Lisman of Lubbock visited here last week end with Mrs. Lisman's parents, Mr. and Mrs. Guy Parker. The group went to Dallas Saturday where they attended the Dallas fair and the Texas-Oklahoma football game.

Mrs. W. T. Young spent last

weekend in Abilene visiting her son and daughter, Kimble Young and family and Mrs. J. A. Kile and family.

Mrs. Robert Ferrell and daughter Marguerite of Dallas are the guests this week in the home of Mr. and Mrs. Henry Ferrell.

Mr. and Mrs. H. I. Sweeden and sons of Odessa will be guests this week end of Mrs. Sweeden's mother, Mrs. J. W. Dendy.

Health Hints

Increased Accuracy and Efficiency—

WITH AN accurate and scientific knowledge of the location and the position of the vertebral subluxation, a Chiropractic adjustment is given to replace the vertebra to a correct position at the location of the interference. Given time, the restored mental impulse flow will return the quality of function to the diseased bodily condition, and normal health is the natural result.

ASTHMA

LITTLE GIRL, age 1½, began having severe attacks of asthma. Up until this time she had been normal. She was allergic to acid foods and suffered severe asthmatic attacks after eating them. Severe attacks also accompanied the slightest symptoms of cold. Many doctors had been used without any results whatsoever.

Thru a friend and chiropractic patient the mother was introduced to Chiropractic. After the examination was completed the first adjustment was given. Marked improvements were noted and soon the child was discharged. It has been one and a half years since she was discharged with no asthmatic symptoms in this time. The parents are grateful indeed.

shower room, which now can be used by junior high boys and visiting teams, renovating and re-decorating the girls' shower room.

In addition, electric lights over the entire building were repaired and defective fixtures and switches replaced.

A latrine was purchased from Camp Bowie at a cost of \$160 and installed at the north side of the gym, and was floored with concrete and fixed up for a boys' shower room, with 10 showers instead of the four formerly available. The building was painted, reroofed, and a large hot water heater put into operation for all the gymnasium. Also, 38 new wooden lockers were built and installed in the dressing room.

The school board repaired an old washing machine, and now athletic managers for the high school are doing a washing each evening to save athletic funds, with a total saving of about \$200 already estimated.
