Eastland, Dublin To Meet In Critical Contest Tonight

Visiting Eleven Slightly Favored In Crucial Game

The Eastland football Mavericks' "crucial" game of the year will be played on Maverick Field at 8 p. m. Friday against the Dublin Lions, and in an effort to inspire the Eastland lads to greater heights, businessmen of Eastland will help hold a pep rally for the team in the high school auditorium at 11 a. m. Friday.

A bus will make the rounds of the downtown district at 10:45 a. m. Friday to take businessmen to the rally.

The game looms as crucial because neither Eastland nor Dublin has been beaten in District 8-A play, and both have looked strong in recent games.

At the morning rally, L. E. McGraw will act as master of ceremonies, as he did at the rallies last year before the bi-district game with Coleman and the regional contest with Stamford.

The Mavericks, as history records, won both those games after being fired up at the pep rallies.

Tickets, due to be at a premium at tonight's game if the weather is even half-way good, were put on sale at Eastland drug stores early in the week, and a batch was sent to Dublin.

The Mavericks will be at full strength for the game with the exception of the two left tackles, Bill Sikes and Roy Lee Smith, both of whom had miseries this week. Sikes had an attack of ptomaine poisoning that laid him low early in the week, and Smith was home with the flu for two days.

However, both were in school Thursday, and both are expected to play, although how effective they will be remains to be seen.

Dublin fielded an agile and sturdy team against Ranger last Friday as the Lions took a 19 to 0 game on their home field.

That was the field where a good Eastland team lost a 14 to 13 game and the district championship three years ago.

But the Ranger team that played Dublin last week was only a shadow of the bruising club that had battered Cisco 12 to 6 the week before, and observers who watched Dublin and had seen the Eastland team develop this year were not selling the Mavericks short.

The game rates as nearly a toss-up, with Dublin a shaded favorite.

The Lions scored their three touchdowns against Ranger on a long pass, a pass interception and another pass interception followed by a successful medium length pass and a Ranger penalty to the one-yard line.

Ranger had two men ejected from the field for roughness.

The Dublin team has lost only one game this season to Eastland's two, but the Mavericks on the whole have met a tougher brand of opposition, especially in the early phase of the season when they lost to Coleman and Albany.

Dublin will feature a sturdy defense, a fair passing game and a bang-up punter, while Eastland will stick mostly to its T formation stuff on the ground, at least if the ground plays work.

Dublin showed a heads-up defense against Ranger passes, and the entire Eastland squad was on the sidelines watching the fray, since the Mavericks had no game of their own last week.

Lots of other Eastland people were in the stands at Dublin watching the two future Maverick opponents slug it out.

Dairy Association To Meet In Cisco

The monthly meeting of the Eastland County Dairy Association will be held next Monday night, Oct. 25, in the cafeteria at the Cisco Junior College, according to A. Z. Myrick, Cisco, president of the group.

The meeting will begin at 7:30 p. m. and the subject for discussion will be on artificial insemination, Myrick said.

Several hundred cows have been signed up by members in an attempt to get the artificial breeding program started in the county.

Dairymen, representatives of agricultural agencies and businessmen over the county are invited to attend the meeting, Myrick concluded.

Livestock Raisers' Barbecue To Be In Eastland Nov. 3

The annual barbecue of the Eastland County Livestock Raisers' Association will be held at the City Park in Eastland Nov. 3 at 6:30 p. m., A. V. Clark, Cisco, vice-president of the association, said this week.

The decision was reached at a recent meeting of the directors of the group. It was the first time the annual barbecue will be held in November. In past years it has been held in October.

The barbecue and meeting will also open the association's annual membership drive.

Judge Milburn S. Long, Eastland, was named to head the barbecue committee. He will name his committee to help.

C. M. McCain, Fred Brown and Judge Clyde Grissom, all of Eastland, were named as members of the program committee.

Several hundred Eastland County cattlemen and businessmen usually attend the annual membership drive affair.

The Eastland County Livestock Show held annually at Cisco is sponsored jointly by the association and the Cisco Junior Chamber of Commerce.

Committees Named For School Operetta

Plans were completed for the production of "The Streamlined Cinderella," an operetta which will be presented at Eastland Junior High School High School High School December 10, at a special meeting at Eastland Junior High School Tuesday afternoon.

Forty mothers of students met with directors of the operetta, and the following committee chairmen were named: girls chorus costumes, Mrs. Charles Cline; Boy's costumes, Mrs. Mark Cummins; decorations, Mrs. Otis McDonald; make-up, Mrs. B. T. Fagan; stage, Mrs. Garland Poe; ticket, Mrs. W. V. Robinson; publicity, Mrs. H. G. Vermillion; Irish costumes, Mesdames Robert Vaughan, H. T. Weaver, and J. F. Collins.

Directing the operetta are Mrs. Harry Walters and Mrs. Joe Stephen.

Band Members Go To Brownwood Clinic

About 20 members of the Eastland High School Band who made the school honor roll for the first six weeks were treated to a trip Thursday to a band clinic at Brownwood, with soloists of the U.S. Navy Band as instructors.

The students made the trip by bus through the efforts of the Band Boosters Club.

They heard the evening band concert of the Navy band in Brownwood.

National Magazine Considers Article With Publicity Favorable To Eastland

Eastland may get some valuable national publicity if that manuscript is accepted.

The manuscript is one submitted to the editors of Readers Digest, national magazine, on Miss Mame Roberts of Howe and her small town beautification work which was climaxed with Eastland winning Texas' small town beautification contest a couple of years ago.

This week, Eastland Chamber of Commerce Manager H. J. Tanner got an inquiry from editors of the magazine asking if certain facts in the submitted article were true.

The facts in question dealt with points made in Eastland's official entry in the contest, a printed book with pictures and stories of improvements made here during the campaign by the Civic League and Garden Club.

Tanner answered that all the facts were true except one, in which it was said that Interstate Theatres was spending \$40,000 to remodel the old Connellee Theatre into the present Majestic Theatre. Tanner told the Readers Digest editors that the theatre chain spent about \$175,000 on the project instead.

Recovery Assured For Polio Victim

Nancy Grubbs, 5-year-old niece of Mr. and Mrs. Carl Johnson of Eastland, who contracted infantile paralysis late last week, is out of danger, Johnson said Thursday.

She has been under treatment in City-County Hospital in Fort Worth. Mrs. Johnson has been with her.

Nancy had been making her home here with the Johnsons when she was stricken. She was placed in an iron lung on arrival in Fort Worth, but was removed Saturday, and regained consciousness Monday.

The case was the second polio case in Eastland this fall.

Monday Is Day For Blood Typing Of Eastland Men

Eastland's blood typing program, one of the first in any town this size in the state as far as was known, will get under way Monday when volunteers were asked to go to the Eastland Medical laboratory, fourth floor of the Exchange Building, to have their blood types classified.

The program, under sponsorship of the Eastland Civic League and Garden Club, drew support this week from civic, social, business and veterans' organizations.

Members of the special public relations committee of the Civic League will call on all Eastland business firms Monday to remind them of the call for volunteers, and to ask proprietors and managers to let employees off long enough to have their blood typed.

American Legion members were asked to take government dog tags or classification cards to the Legion meeting Thursday night so blood types could be taken from them for the permanent files.

Since the Veterans of Foreign Wars post will not meet until next week, members of that organization were asked to contact the post commander, Lowell Snider, or the adjutant, Karl K. White, and give their blood types.

H. J. Tanner, secretary of the Eastland Chamber of Commerce, urged all business men to cooperate in the program.

Need for the program, and its details, were explained by speakers this week before a number of Eastland organizations, including the Legion, the Lions Club, the Rotary Club, and several women's clubs.

A special appeal was made to those who know they have a negative RH blood factor to enroll, since such types are rare.

It was emphasized that those who are typed or enroll in the program will give blood voluntarily when called on, subject to the approval of their doctor.

RH factors will not be determined in the typing, but those who particularly want to know the RH factor may go to the laboratory later for the test, it was said.

No charge will be made for the typing, since all costs are being borne by the Civic League.

Those who especially are wanted in the program are men from 21 to 59 inclusive, and youths from 18 to 21 who bring parents' consent. Women will be typed also if they wish.

Need for the typing program has been emphasized several times during the past six months when Eastland people have needed numerous transfusions and a wide and time-consuming search has had to be made for donors with the same type blood.

Junior High Eleven Light Showers Follow Freeze

Outmanned and out-generalled, Eastland Junior High School's football Dogies lost a 19 to 0 contest to the Ranger Junior High Bullpups on the Ranger field Tuesday night.

A big boy named Meroney in the Ranger backfield gave the Eastland players fits all evening on tricky double reverses, and the Eastland boys just couldn't move when they got deep in Ranger territory, as they did a couple of times.

The Eastland players never stopped fighting, but just were unable to stop the Ranger eleven. Hill Gaeta, running star of the Eastland team who put the Dogies in scoring position once with a long gallop, went out at the half with a bad knee.

His running mate and co-captain, Lupe Gimenez, who turned in Eastland's only other really deep penetration of the evening with a 60-yard jaunt, was helped off the field in the fourth quarter with the same ailment, and the game was as good as over for Eastland.

It was the Eastland team's first defeat in two seasons under W. C. Robinson as coach.

Dr. Isbell's Brother Dies In Arkansas

Dr. F. T. Isbell received word of the death of his brother, Judge B. E. Isbell of De Queen, Ark., Thursday at noon.

Judge Isbell had been critically ill for the past two weeks and Dr. and Mrs. Isbell returned home Sunday evening from De Queen, where they had been called to his bedside early last week.

Dr. Isbell and his family left Thursday afternoon for De Queen where funeral services probably will be held Saturday afternoon or Sunday.

Judge Isbell is survived by his wife, Mrs. Maude Isbell, one son, Fletcher Isbell, who is editor of the Washington Evening Star at Washington, D. C., Dr. Isbell and a number of nieces and nephews.

MRS. P. L. PARKER RETURNS HOME

Mrs. P. L. Parker returned to her home in Eastland Tuesday evening from Harris Memorial Hospital in Fort Worth, where she had undergone a major operation.

She is much improved, and is able to have guests, members of the family said.

Mr. and Mrs. L. G. Talley and daughter Myrna Jean of Big Spring are guests this week in the home of Mr. and Mrs. R. L. Carpenter. Mrs. Carpenter accompanied Mrs. Talley and Myrna Jean to Electra Wednesday where they were to visit relatives and return to Eastland late Thursday.

Mrs. Maude Moulton of Abilene is the guest of Mrs. Annie Stokes this week.

Anti-Liquor Group To Raise \$1500 To Use In Beer Fight

Eastland County anti-liquor forces formed a permanent Eastland County United Drys organization, and voted to raise \$1500 to fight the legalization of beer in the Nov. 2 election, in a meeting in the Eastland First Baptist Church Wednesday night.

Dry supporters from all over the county filled the church auditorium to hear pleas for financial support, and to hear a reasoned anti-liquor talk by Dr. T. R. Haven of Howard Payne College, Brownwood.

Pledged at the meeting was a total of \$445 toward the \$1500 campaign goal, and a collection taken up at the meeting raised the total considerably.

In addition, pastors of several churches in the county said they were not in a position at that time to pledge for their congregations, but could promise support, with the amount to be given later.

J. L. Clem of Ranger was elected chairman of the permanent organization, Cecil Ellis of Ranger vice-chairman, Alpha Elder of Eastland secretary-treasurer, Cecil Stowe of Cisco chairman of transportation, W. E. Hallenbeck of Eastland chairman of prayer, and Rev. Mr. Jones of Cisco, chairman of publicity.

Dr. Haven pointed out the danger of alcoholic beverages for the younger generation, and told of observations he had made while a member of the Texas State Prison Board of the effects of drinking in making criminals of otherwise clean-cut and well-bred young people.

Liquor and organized vice always go together, he said in his plea to leave the county dry in the November election.

The election, to be held in conjunction with the general election in Eastland County, will be on the question of legalizing the sale of four per cent beer.

H. L. King Elected C Of C President

H. L. King was elected president, John Turner first vice president, and Dr. Kenneth Cowan second vice president of the Eastland Chamber of Commerce when the organization's board of directors met Tuesday evening.

H. J. Tanner was re-elected secretary, the only paid position in the organization.

It was voted that the Chamber of Commerce again, as in recent years, sponsor and pay for Christmas lighting for Eastland, and for other Christmas doings such as the annual visits of Santa Claus.

Board members voted also to sponsor publication of an illustrated folder advertising Eastland.

Fred Brown reported on plans for Brazos Valley flood control and water supply dams, and W. B. Pickens on the West Texas Chamber of Commerce referendum session in Breckenridge.

The board turned down a proposal for a co-operative advertising sign that a firm had proposed to erect on the highways outside of town.

Eastland People See Gym Improvements

Eastland's refurbished gym was viewed by a large group of Eastland people Saturday night of last week as open house was held in the big building.

The Eastland High School Band played, the Homemaking class served refreshments, and a brief talk was made by Frank Sparks, president of the school board.

The gym, with gleaming paint, new windows, a sound and solid floor, and other major improvements, was a far cry from the sad-looking building that existed before Mrs. James Horton took the situation in hand, started a fund-raising drive, and collected nearly \$6,000 for improvements.

HENRY G. VERMILLION

Months back my son was desperately ill after operation, and quite a number of transfusions were needed. It was pretty hard to find a doctor because there were not people willing to give the blood, but because we didn't have a doctor who had the right type

while later M. P. Herring was critically ill, and needed even blood. The same situation

two cases are not isolated, they themselves should be an example for every eligible person to get his blood typed in the Monday.

You want to get elected president of the Eastland Chamber of Commerce, just miss the first meeting after new directors have been named.

You don't believe it, ask L. E. McGraw and H. L. King, past president and president of the chamber.

Graw was on the nominating committee last year, and was president while he was conducting an automobile dealership. He couldn't defend himself.

Graw was in Chicago this week on business, and missed the board meeting. He was elected president.

Setting aside, McGraw made excellent president, and I believe King will too. There is a lot of talk in being a chamber of commerce president, and a fellow who loves his town a good deal is the job, and do a good job, if you don't believe me, ask for Fred Brown, or any past president.

Spelling of the names of the Eastland Junior High School American stars, Hill and Lupe Gimenez, as I believe they are listed on the records, has baffled me.

Two boys, incidentally, about 80 per cent of Eastland Junior High's football team, all due respect to the other members, among whom my name is listed.

Back to the spelling. In the Hill undoubtedly would be a good old Mexican name spelled almost exactly like "Hill" no slur intended.

Lupe's last name would be pronounced "hee-mee-more" or less.

I had said to think that all that Eastland County from before of the most prosperous in the nation is a few inches of rain—that didn't fall, that

last year and this, crop price outlooks were good for years when the peanut grower began. But in both years, the rain failed to come at the right time, or much at any for most farmers.

It is naturally the same lack of smart stockmen and everyone (Continued On Page Ten)

California Produce Trucked To Eastland

Produce trucks of the Pig-Grocery Company now are making the long run from California's Imperial Valley to Eastland twice weekly with fresh fruit and vegetables for the Wiggly Store here, James Wiggly store manager, announced last week.

The trucks are Dick Arnold and Bill Arnold.

It is pointed out that the new store will enable the store to offer fresher and better fruits and vegetables than had been possible.

TOWER ATTENDS CITY CONFERENCE

Frank Hightower is expected to be home Sunday from Chicago where he has been representing the Eastland district of the Texas Electric Company at a national safety conference.

Hightower was recently honored by the company for having a record of 321,759 man hours of work without a disabling injury to men or crew.

The reports were graded and handed back to the students to be copied over and attractive illustrations made for them.

There are a variety of covers, among which are covers of adventure, comedy, animals, love, and history.

THIRD WIN FOR MAVERICKS
The Mavericks ran into some unexpected opposition at Gorman, but came through as predicted, 27-0. They held but a slim 6-0 margin at half-time, but scored three touchdowns in the last two stanzas to win going away.

The Maverick backfield lugged the ball for a net 291 yards, rushing while the line was yielding 80 yards to the Panthers. Gabby Brashier connected on half of his six passing attempts, while Gorman completed only two of eight aerials.

Gorman penetrated the Eastland 20 yard line in the first quarter but did not score or come so close again.

Socialite Club and the Sophomore Double Seven Club. Their hayride for Saturday night had to be postponed. They haven't given up the idea of having it and will try to have it next week.

There were good and bad grades for our six weeks tests. Among the good ones were Joan Hardin who made 99 on a shorthand test. She was proud of it and she should be too!

Mr. Phillips, 66, widely-known cattle buyer and trader, was found dead at his home early Saturday morning by his wife. Health Hints

FREQUENTLY, PATIENTS will ask their Chiropractor a question like the following: "I know that I now enjoy better health than ever before in my life, and it is wonderful that my symptoms have disappeared entirely, but I have a friend who suffers with heart trouble, and I am wondering if Chiropractic could correct that kind of condition?"

Chiropractic is not limited as a health service to any particular type of ailment or kind of sickness. Misalignment of vertebrae in the spine cause pressure upon nerves, (a proven fact, not a theory) and regardless of what particular organ that nerve or nerves supply, then that organ, gland or region of the body will suffer — Ill health will remain with that individual until he has those misalignments and pressures REMOVED.

HEART TROUBLE

CASE NO. 308:

A MAN SUFFERING with a bad heart condition, complicated by an ulceration of right leg, swelling in both legs, with digestive disturbances and constipation. Doctors had warned patient to avoid hard work and physical exercise.

Patient went to a Chiropractor, who determined the CAUSE of his disorder, by a thorough examination. When the cause was determined, corrective adjustments were begun, and within a short time symptoms began disappearing. When this testimonial was written, the patient was working and living a normal life.

Are you content with your present state of health? If not, phone 217 for appointment.

EDGAR S. McFADDEN

TEXAS AGRICULTURAL EXPERIMENT STATION COLLEGE STATION, TEXAS (PART OF THE TEXAS A. & M. COLLEGE SYSTEM)

DEVELOPED NEW RUST-RESISTANT WHEAT NOW GROWN ON MILLIONS OF TEXAS ACRES.

MY VISITS ARE RUINED! (Sob)

WITH TEXAS PLANTED TO RUST-RESISTANT WHEAT, THE MIGRATORY SPORES WHICH CAUSE THE RUST PROBLEM WILL HAVE NO PLACE TO SPEND THE WINTER.

GEE, GOVERNOR! IT'S FOR ME!

A MONUMENT HAS BEEN ERRECTED IN McFADDEN'S HOME TOWN, WEBSTER, N.D.

WORKING ALONE IN FIELDS FOR YEARS, HE CROSSED WILD EMEMERS WITH BREAD WHEATS, FINALLY DEVELOPED HOPE STRAIN - THEN AUSTIN AND OTHERS.

READERS DIGEST AWARDED HIM \$2,500 FOR HIS 'EXCEPTIONALLY MERITORIOUS ACHIEVEMENT.' FARM JOURNAL CALLED HIM THE 'BURBANK OF THE WHEAT FIELD'

HIS RESEARCH HAS INCREASED THE EARNINGS OF AMERICAN FARMERS BY MILLIONS!

Edgar S. McFadden, agronomist for the United States Department of Agriculture, stationed at the A. and M. College of Texas since 1935, is credited with having done more than any other living man to feed this hungry world. Breeder of the first rust-resistant bread wheat, named "Hope," he has made it possible to grow wheat on millions of acres throughout the world where it could not be successfully grown before. His discovery is authoritatively credited with having saved American farmers \$400,000,000 a year during the past war and with having furnished bread for 25,000,000 people who would have died of starvation. His "Austin" wheat now grows on more than a million Texas acres and his new "Seabreeze" variety is spreading throughout the Gulf Coast area rapidly.

WE ALL WANT TO VOTE FOR **Jack Porter**

We can! Article 2981 of the Laws of Texas (Enacted 1905) specifically provides for the voting of a split ticket in a GENERAL ELECTION. Scratch all candidates for U. S. Senator except the name of **JACK PORTER**. Your vote will be counted, and your choice for Senator, **JACK PORTER**, will be seated. The so-called loyalty pledge does not apply to the election on November 2. It is a GENERAL ELECTION all over the United States. It is NOT a state primary. This has been so held by our courts and by the Texas Attorney General's Department for years past.

NEW DEMANDS

SOARING COSTS
WAGE INCREASES

48 hours pay for 40 hours work
Penalty pay for weekends & holidays
25¢ an hour increase
Total 1 1/2 BILLION DOLLARS

1 1/2 Billion Dollar Road Block!

RAILROADS MUST OPERATE around the clock every day and night of the year.

Although they know this, leaders of 16 railroad unions are demanding a five-day, Monday through Friday, week for one million railroad employees.

They want 48 hours pay for 40 hours work—in itself a 20% wage increase.

They also demand a minimum of 12 hours pay for any work performed on Saturdays, and 16 hours pay for any work performed on Sundays and holidays.

On top of all this they want an additional increase of 25¢ an hour for every employee!

You'd Pay the Bill!

Summing up these demands, they mean that these union leaders seek to force the railroads to give one million employes an annual raise which would average \$1500 per employe!

The total cost of this would be no less than 1 1/2 billion dollars per year, which is more than twice the expected net income of the railroads this year.

You'd pay the bill, because if these increased costs are forced on the railroads, they must have still further rate and fare increases.

Demands Unreasonable

These employes have had substantial raises during and since the war. Their average weekly earnings are higher than the average weekly earnings of workers in manufacturing industries. They have more job security than the average worker in American industry. They also enjoy paid vacations, a retirement system and other advantages more generous than the average worker receives.

In contrast with the demands of these 16 unions, which add up to the equivalent of 48¢ an hour, the Conductors and Trainmen recently settled their wage request for an increase of 10¢ an hour.

Railroads Run for Everybody—Not Employes Alone

The railroad industry must serve not one but many groups—producers, businessmen, shippers, passengers and the general public—night and day, every day of the year. These unions are proceeding in utter disregard of this important difference between railroads and other industries. Industrial plants can be shut down over weekends and holidays, but freight, mail, express and passengers must continue to move. Everybody who enters railroad employment knows this.

Strike Threat

On September 18, 1948, the leaders of these 16 unions began taking a strike vote. But the threat of a strike will not alter the opposition of the railroads to such unreasonable demands!

Eastland Boy Sells Calf At State Fair

Eastland County baby beef, 1160 pounds of it before it was dressed, was fixing to grace Dallas tables this week after Guy Warden, Eastland 4-H Club boy, sold his club calf "Bulldog" at the Texas State Fair in Dallas.

Young Warden is the son of Mr. and Mrs. T. E. Warden. The 1160-pound calf was purchased by Guy as a weanling in the spring of 1947 from the breeder, Quincy Corbett of Stephens County. He was shown at the Ranger and Cisco livestock shows last spring.

In the Dallas fair, the calf was in competition with hundreds of top Texas calves.

Guy was assisted by his brother, Jim Tom Warden, former 4-H Club boy, in grooming and dressing his calf for the show.

"Bulldog" was the only Eastland County club calf shown and sold at the Dallas show, and was bought at the auction following the show by the White-Plaza Hotels in Dallas.

Later, Guy received a congratulatory note saying in part: "Dear Mr. Warden:

"It was our good fortune to purchase your prize beef at the Junior Livestock Auction Sale this past Tuesday. We feel sure that you have already been congratulated many times on your fine achievement, but want to add

our congratulations and sincere good wishes for your continued success."

The letter was signed by H. H. "Andy" Anderson, manager.

Even three or four inches of rain spread at exactly the right times over the two-year period would have made perhaps two or three million dollars' difference in the crop and stock yields—and perhaps a lot more than that.
