## DAIRY CATTLE SHOW TUESDAY WAS SUCCESS

"Far beyond our expectations" is the way those in charge of the Eastland County Dairy Cattle Classification show, held in Eastland Tuesday, expressed themselves regarding the show. President L. E. McGraw of the Eastland Chamber of Commerce, one of the leading promoters of the movement, stated that he was elated with each and every phase of the show. "It is an exceptionally good start," he said. The attendance at the show was much greater than had been anticipated as the number of cattle exhibited. Cows were exhibited from almost every community in the County. One hundred and fifty 4-H and FFA boys were present for the cattle judging contests, it was stated. Elmo Cooke, County Agricultural Agent of Taylor county, and R. E. Burleson, Dairy Expert of the A. & M. College Extension Service, judged the stock. The boys entering the judging contest were furnished with score cards from which they judged the animals which had already been judged by Cooke and Burleson. Following are the classifications for the animals exhibited: (We were unable to secure for today's paper the list of the boys winning prizes in cattle judging.) Class No. 1, Heifer Calves under one year of age: London Jordan, 1308 S. Bassett, Eastland, Red. Tommy Craven, Route 1, Eastland, Red. Jerry Buckley, Desdemona, Blue. Jack Clack, Carbon, Blue. ## E. E. Wood Is Candidate For Re-Election

I am glad that I have this opportunity to express to the voters of this Justice Precinct No. 1 my very deep appreciation of past favors you have extended to me, and am now kindly asking that you continue this favor to me in giving me your vote in the coming primary. For the office of Justice of the Peace of this precinct. My record as a Justice of the Peace has been and is now before you, and I believe if you will consider and investigate the same, you will say that I have made you a good officer. I have tried at all times to be fair and just with all litigants. I will appreciate your consideration and friendship in the coming democratic primary election. Should I be successful in this election I promise to continue to serve you with my very best skill and ability. Respectfully, E. E. Wood

## Cattle Judging Contest Winners Are Announced

Following are the results of the cattle judging contest for the Eastland County Dairy Cattle classification show in Eastland Tuesday: Junior Division First place (perfect score) Prinns Akers, Cisco. ELECTION PLEASES POPE ROME, April 22 (UP)—Pope Pius XII said today that Italian election results "quicken the confidence of all Europe and the whole world." Lung tuberculosis was called "rising of the lights" in England in 1648.

## \$800 DONATED TO BUY BAND INSTRUMENTS

Th Band Booster Club's campaign to raise funds for new band instruments got off to a good start this week with the donation of \$800 from interested citizens. This amount is still far short of the \$2390, total needed by the band for the purchase of heavy instruments eligible in competition as a second year band next year. Individuals and firms which have made contributions recently are the following: Lake Temple, owner of the Exchange building, \$200 Don Hill \$100 Bob Vaught \$100 Mr. and Mrs. H. L. King \$100 Texas Electric Service Company \$100 Employees of Lamb Motor Company \$100 Employees of Muirhead Motor Company \$100 Total \$800 Instruments needed are mostly basses with an average cost of about \$350. Students in band classes are purchasing their own instruments but the cost and bulky size of bass instruments make them undesirable for individual ownership. These instruments, however, are very necessary to give the full tonal quality of the band, and bands usually own instruments of this type. Instruments needed and approximate cost is as follows: B flat bass horn, \$450; Bass Clarinet, \$450; Alto clarinet, \$350; Baritone, \$365; Bass trombone, \$225; Bassoon, \$400; Set of tympanic drums \$250; 20 music stands, \$50. Members of the finance committee who will welcome contributions to the instrument fund are: Finance Chairma, V. W. Chambliss; President, Hood King; Superintendent of School, W. G. Womack; Director T. R. Atwood; Neil Day; Mrs. Frank Hightower; Mrs. Hubert Jones; John Ernst.

## Mrs. F. W. Dillon Rites This P. M. At Flatwoods

Mrs. Annie Bell Dillon, 69, wife of W. F. Dillon, passed away last night at the family home in the Flatwoods community just south of Eastland, following a long illness. Funeral services with W. E. Moore of the Church of Christ officiating and Hamner's of Eastland in charge of arrangements were to be held at Flatwoods church this afternoon at 3:00 o'clock. Interment was in the Flatwoods cemetery. Survivors include the husband and three daughters; Mrs. Effie Clemmer, Abilene; Mrs. Thelma Lasater, Texas City, and Mrs. Velma Norris, Brownfield. One brother, J. R. Snapp of Lingleville, also survives. The deceased was born in Virginia on July 14, 1878, and came to Texas in early childhood. She and her husband had lived for the past 42 years at the Flatwoods home where she passed away. The Senior class play, "Mind Of Her Own," will be presented tonight, opening at 7:45 at the Eastland High School auditorium. It will also be presented Friday night. This is a good play with a good cast and one that you will not want to miss.

## Mrs. Jack Lusk New Manager At Still Jewelry

J. D. Still, owner of the J. D. Still Jewelry store on the east side of the square, announced the appointment of Mrs. Jack Lusk as store manager, succeeding Mrs. Harl O'Brien, resigned. Mr. Still, who owns and operates a number of jewelry stores, made the announcement regarding the management of the Eastland store Wednesday while he was here from El Paso. Mrs. Lusk, popular Eastland lady, is well known here having lived here for the past nine years and been connected with some of the leading business establishments of Eastland. Mrs. Lusk extends her many friends as well as others an invitation to visit the Still jewelry.

## Crossley Is Candidate For Re-election

County Judge P. L. Crossley has announced his candidacy for re-election, stating that he probably will have a formal statement to make later. There is perhaps no official in the County whose position on county matters is better known than are those of Judge Crossley. He is serving his second term in the office, having had an opponent at each election. Supporters Of Housing Bill More Confident WASHINGTON, April 22 (UP)—Supporters of long range housing legislation were confident of victory today as the Senate neared a final vote on the Taft-Ellender-Wagner bill. Sens. Ralph E. Flanders, R. and Allen J. Ellender, D. La. both predicted the bill would pass by an even wider margin than the 49-35 vote by which the Senate yesterday rejected a proposal to eliminate its public housing features. Ludvig II was called the M a d King of Bavaria. Small size picture newspapers are called tabloids.

## BOXER DIES OF INJURIES FROM FIGHT

MILWAUKEE, April 22 (UP)—Jackie Darthard, 19 year old middleweight boxer, died today of cerebral concussion and internal bleeding suffered in a fight last night with Bert Lytell of Fresno, Cal. Darthard died despite the efforts of 3 surgeons who worked over him for an hour and a half this morning. Dr. Dr. Harry P. Maxwell, who performed the operation said a blood clot had formed on the left side of his brain. Shortly after the fight, Jordan Davis, 27, and Arrington "Bubbles" Klice, 39, both of Kansas City, co-managers of Darthard, were picked up by Milwaukee police on a charge of carrying concealed weapons. They were released on \$500 bail each for a later appearance before District Attorney William McCauley. Lytell also was booked on a technical charge of manslaughter pending the outcome of his ring rivals condition. He was released in \$1,000 bail. Davis and Klice, police said, were carrying guns they told police that they had the guns to protect their share of the gate receipts.

## Cashes In On Juke Box But Thinks It Silly

POPULAR BLUFF Mo. (UP)—Frank Burton, 60 year old drug gist, still thinks it's rather silly. Putting a nickel in a juke box to hear the music come out, that is. Burton's opinion can command some respect. He is the man who brought the first juke box to Missouri 20 years ago. Talked into it by a salesman, Burton thought so little of the contraption that he did not go near it for a week. Then he checked. He found \$58 in nickels in it. So he became interested in juke boxes—quickly. But he still thinks it's silly to drop nickels into them to hear the music go round. McFadden Will Wed Grandmother

## CONFLICT FOR STRATEGIC SAFAD, CITADEL OF GALLILEE

Arab Army Headquarters North Palestine, April 22, (UP)—Arab and Jewish forces today were reported locked in bloody conflict for Safad, strategic citadel of Galilee which dominates much of northeastern Palestine. Reports reached headquarters that units of the Arab Army of Liberation had entered Safad after the withdrawal British troops from the town. and were clashing with the Jews in a series of battles. The Arab population of Safad northwest of the Sea of Galilee and near the border of the Jewish-Arab zones under the partition plan, outnumbered the Jews four to one. But the Arabs were dominated strategically by the Jewish quarter on heights overlooking the Arab sections. Jewish gun posts at the entry of the main highway into Safad from the coastal area fired mortars and machine guns at Arab convoys trying to break through with supplies and reinforcements, the headquarters reports said. When the British left the town infiltrating Arab Army forces occupied the fort of Safad and were relying on that position to check the Jews in any showdown test. The Jews were reported getting reinforcements from the Huleh Valley northeast of Safad, where there are a number of strong Jewish settlements. A young doctor just back from Safad said there were clashes almost hourly and the number of dead and wounded in the sniping was mounting steadily. JERUSALEM, April 22 (UP)—Great Britain disclosed today that some British troops and supplies will be kept in the Holy Land indefinitely, apparently until the United Nations reaches a final decision on Palestine. The brief British announcement gave no hint of what new plans might be afoot for British Forces in Palestine. It said merely that "a number" of troops will remain to protect military stores after the mandate ends May 1. LAKE SUCCESS — Australia today launched a small-power drive to go ahead with the United Nations program for partitioning Palestine despite Arab armed resistance and the United States demand for another solution.

### Semmes Talks On Shipping Wastes And Its Remedy

J. B. Semmes, representative of the Texas and Pacific railroad, was guest speaker before the Eastland Lions club at its regular weekly meeting at noon Tuesday.

Mr. Semmes' subject was "Perfect Shipping Month" and had to do with the wasterful freight damage which cost \$120,000,000 the nation over last year. The talk also disclosed that the reduction of this multi-million dollar waste is a co-operative job shared in by all businessmen who ship or receive merchandise, as well as the rail-

roads which transport merchandise.

Although you may not have realized it before, every one of you has an interest, either directly or indirectly, in the subject of freight claims because the millions of dollars annually involved in settlement must come out of the railroad's freight charges which you, the public, pay.

Some of you gentlemen here today have doubtless have been inconvenienced or have lost a sale because of freight damage. The industry I work for, railroads, realize that fact and is facing it with a large amount of realism these days. After all aside from the general economic waste of goods which freight damage causes, it's no fun seeing \$120 million dollars thrown away in one year. And that's the claim bill American railroads paid out in 1947—\$228 every minute, nine hundred and ninety-three thousand dollars of that was paid by the Texas and Pacific—\$1.59 per minute. You've heard a friend say that he wishes he had a nickel for every time he

### It's Always Derby Day Here

This is one race track where you'll always come out a-head. The latest in hat fashions, it is modeled by Mary Rose Nance at New Orleans' millinery pageant, "Fete des Chapeaux." Shirley Guess, left, and Betty Bastian are fascinated by the creation, designed by Grace Nugent. It's a white straw sailor with green tulle grass, a brown felt starting gate, a picture of the clubhouse and four race horses. Nope, no tote board.

did something or the other. Well, if the Texas and Pacific had \$1.89 for every minute it paid a claim last year, the total of \$993,000 could have been channeled into improvements to supply better service to customers.

Without going any further, I think we can safely and correctly state two thoughts which rule any successful program aimed at preventing merchandise damage rests equally with all three parties who handle the goods before it reaches the retail shelves—not with the shipper alone, the railroad alone, nor the receiver alone.

Secondly, any program which consistently will mean the safe delivery of profit-making goods to you gentlemen, must in itself be consistent.

The rest of the time with you, I'd like to devote to some comments on what the T&P, the railroad that serves you, is specifically doing to carry out its responsibility in a continuing program

against freight damage. And before I close, it may be in order to add some specifics which you as businessmen can do from day to day to help.

Let begin this last part of our discussion by explaining that three years ago, we on the T&P revamped our claim operations. This was done with a basic principle in mind, the principle that the nation's big freight damage bill only could be reduced by viewing the job as a preventive one.

Efforts of the T&P toward damage prevention then is transmitted into practice to agents, freight handlers, yard forces, motor transport employees and train crews by weekly meetings in the warehouses, on the loading docks, in the yard offices—anywhere occasion demands. At the larger terminals, traffic and operating executives—the men who sell the customer and the men who move the customer's goods—meet weekly. Freight damage prevention is on

### Navy Puts Fleet On Lake Mead

WASHINGTON (UP)—The Navy has launched a miniature fleet on Lake Mead in Arizona and Nevada to find out how the sediment is piling up in the world's largest artificial lake.

A barge, sounding boat and other small craft equipped with underwater photography equipment, divers and technicians were hauled 300 miles overland to undertake the joint Navy-Interior Department project.

The operation is expected to take 10 months and enable the Interior Department to find out how much water in the Hoover Dam reservoir is available for power, irrigation and flood control.

As was foreseen when Hoover Dam was built, the Colorado River now drops virtually all of its silt and sand load into the lake reservoir. The Interior Department knows that the accumulation of sediment in the past 12 years has caused some reduction in water storage space but not how much.

Water in the bottom of a ship is called bilge water.

There's no need for that useless loss of life every month. Ten thousand persons a year. Two thousand of them children. Begin in your home right now, in Spring Clean-Up Week, to protect your family against fire.

### West Ward PTA Reports On Meet Tuesday P. M.

(By Reporter)  
The West Ward P. T. A. met Tuesday, April 20, at 3:00 o'clock in the school auditorium. The meeting was called to order by the President, Mrs. Corbell. The minutes were read and approved. Mrs. Corbell read a letter concerning the Mobile Health Unit, which we had hoped could be here. The letter stated that it would not be possible for us to get the unit. The Health Round-Up was discussed and the first week in May set as a tentative date. Nominating committee stated they were not ready to give a report. Also that they would like to propose an amendment to the by-laws whereby an officer might serve more than two terms if necessary. Mrs. E. M. Gattis made the motion to that effect. Mrs. Amis seconded the motion. The amendment and officers are to be voted on at May meeting.

Two films concerning cancer were shown through the courtesy of Joe Hague, Mr. Jones and Mrs. Perkins. The teachers were hostesses when 19 members were served refreshments in the cafeteria.

### Find People Eat Better If Food Dishes Smell Nice

CHICAGO (UP)—Medical researchers here contend that poor appetite may be "all in your mind."

Doctors at Michael Reese hospital tested their theories that the "rain, not the stomach," controls the appetite.  
A dozen "guinea pigs" from the hospital's medical staff fasted for 12 hours. Shortly before they were to eat they were subject to various obnoxious odors, such as asafetida, chloroform and ether.

Despite gnawing hunger, none wanted to eat.

"The study draws attention to the importance of a clean atmosphere and pleasant surroundings at meal time," the scientists concluded.

### Stevenson Files Application For Place On Ballot

HILLSBOLO, Tex., April 22 (UP)—Application of Former Governor Coke R. Stevenson for a place on the ballot as a candidate for U. S. Senator in the July Democratic primary was received here today by State Democratic Chairman R. W. Calvert. Calvert said the 60-year-old ranchman of Junction sent with his application a check for \$126 to cover filing fees.

Although Stevenson had announced he was retiring from politics when he left the governor's office at the end of 1946, his application for a place on the ballot as the opponent of Senator W. Lee O'Daniel had been expected for some time.

The former governor had declared his intentions of making the race on New Years Day.

Senator O'Daniel has made no statement of his intentions to seek re-election, but observers awaited his return to Texas to make a speech in Fort Worth next Monday.

Those who have announced include George Peddy of Houston Jesse C. Saunders of Orange and Otis C. Myers of Dallas and Dr. F. C. Clark of College Station.

### Veteran Aviator Explains How To Fly Safely

WICHITA, Kan. (UP)—Larry A. Enzinger, who has been a pilot half his 48 years, completed 10,000 hours in the air without an accident of any sort.

He attributes his spotless safety record—he actually knocks on wood when talking about it—to four factors:

### Cut From the Same Cloth

Yale's new football coach, Herman Hickman, left, is dressed in the best collegiate style as he meets captain-elect Bill Conway.

### Charles Sawyer Made Secretary Of Commerce

WASHINGTON, April 22 (UP)—President Truman today named Charles Sawyer, former ambassador to Belgium, to be secretary of commerce. Sawyer accepted the cabinet post.

The appointment of Sawyer followed Mr. Truman's action yesterday in naming the present secretary, W. Averell Harriman, to be the roving ambassador to direct the European recovery program from the field.

Sawyer, a Cincinnati, O., attorney, conferred with Mr. Truman this morning by telephone and agreed to take the job.

Sawyer formerly was democratic national committeeman from Ohio before his diplomatic service in Belgium.

Meantime, presidential Press Secretary Charles G. Ross declined to comment on a report that Jess Larson, war assets administrator, would be named deputy administrator for economic cooperation under Administrator Paul G. Hoffman.

Sawyer was in Cincinnati when he talked with Mr. Truman by telephone this morning. Presumably the 61-year-old attorney will come to Washington shortly.

- 1. Considering safety first.
- 2. Taking good care of equipment.
- 3. Understanding weather.
- 4. Good luck.

"Weather kills more people in the air than all other factors put together," the veteran pilot says.

### Blnd Vet Buys Farm With Government Aid

KOSCIUSKO, Miss. (UP)—The first veteran in Atala County to get a government-insured mortgage to buy a farm is William H. Miller, who was blinded in Germany by an explosion.

He is the first disabled veteran in the United States to benefit by the new government-insured program for ex-GI farm buyers.

He will run a dairy farm and raise feed crops on the 98 acres he has bought. Miller intends to do a large part of his own work, guided by wires strung between his house and barn.

He is married and has two sons one two-and-a-half years old, and the other five-and-half months old.

## Letter From Reader

McCook, Nebraska.  
 Editor Telegram,  
 Eastland, Texas.

You may or may not remember me. We were in Eastland in 1931-34. Eastland is our home county. My wife was a Pritchard, sister of Ed S. Pritchard, former County Judge of Eastland county. I was chaplain of the American Legion Post there but do not remember many of the boys. I do remember the R. E. Sikes, F. V. Williams and W. D. R. Owen who were friends of ours.

I am pastor of the Baptist church here and am still going strong. Would like to hear from any of our old friends there who feel like writing to us.

I am enclosing one of my poems, "Mother In Heaven," which I wrote in 1919 while I was in France serving as Chaplain with the 78th division. I wrote it just a year after the death of my mother from that dreaded disease, "Cancer." This poem has been used at various times by the newspapers where we have lived and worked. It was printed last year in the Baptist Standard of Dallas.

Very Truly,

## Triplets, 80, Still Confusing Folks

**MARLBORO, Mass. (UP)—** Faith, Hope and Charity confuse people as much today as they did when they were walking off with blue ribbons in baby shows in horse and buggy days.

Eighty-year old triplets, Mrs. Annie Faith MacDonell, Mrs. Ellen Hope Daniels and Mrs. Nora Charity Murphy, all widows, are hard to tell apart.

"The only time we really had any identity," Mrs. Daniels said, "was when we were married. As children we were frequently punished for each other's mischief at school and now that we're reunited we're hardened to folks staring at us.

"When we were young girls a young man once invited me to a ball. The next day he met Faith, and mistaking her for me, confirmed the date Faith accepted. Two days later he met Charity and went through the same process.

"The night of the ball," she recalled with a smile, "all of us were busy dressing for our date. We wouldn't tell each other the name of our beau. It was distressing when he called and all three

of us tripped down stairs to meet him."

"He was a resourceful young man," Mrs. Murphy said. "After he recovered from the shock he rounded up two more escorts and off we went. All during the ball we girls switched partners and the boys never suspected it."

The white-haired bespectacled triplets won several baby show prizes, including a state-wide contest held at Boston's Mechanics Building. They call each other by their middle names—Faith, Hope and Charity.

## U. S. Line Plans To Build Largest American Liner

**NEW YORK (UP)—**United States Lines has announced plans for a 48,000-ton ocean liner. It would be the largest passenger liner ever built in this country, to cost \$65,000,000.

Although the ship will be only a little more than half the size of the 86,673-ton Queen Elizabeth, the world's largest vessel, its cruising speed of 28.5 knots would equal that of the Queen Elizabeth and her sister ship, the Queen Mary. Its passenger capacity of more than 2,000 would be only about 200 less than that of the British ships.

Congress will be asked for funds to build the ships.

NEWS FROM CISCO CALL AT 400 E. 7th Mrs. A. M. McBeth, Cor.

Cisco, April 21- The remains of Otis C. Lomax, Jr., who was killed Aug. 12, 1943, while on duty on the United States submarine Carbella in South Pacific, is being brought to Cisco for reburial Sunday with military honors. Services will be at Thomas Funeral Home chapel and at the graveside in Oakwood cemetery. Rev. C. A. Warden will officiate at the religious service while Rev. R. W. Crews and Rev. Stuart Rhone and the American Legion will have charge at the cemetery.

Deceased was born in Cisco on April 28, 1921, and graduated from Cisco High school with the class of '39. He is survived by his parents, Mr. and Mrs. O. C. Lomax, Sr., sister, Miss Mayonnie Lomax, and a brother, Alton Lomax, all of Cisco.

He joined the Navy Sept. 5, 1939, and received the Presidential Citation for bravery in the Pacific. He was awarded World War II medal for American defence, posthumously.

Mrs. S. N. Poe underwent a successful eye-operation Wednesday at Dallas and says the world looks very beautiful to her after having been able to see but very little for several months.

Mack Stephens has received word of the death of his brother, J. E. Stephens, Monday night at his home in Los Angeles where he had lived for the past 20 years. His death followed a stroke which occurred three weeks ago. The deceased formerly lived in Cisco, coming here in the pioneer days of this section. Funeral and burial will be in California.

NEWS FROM GORMAN

Funeral services will be held Wed. P. M. at the Baptist Church for Curtis and Clennon Short, sons of Mr. and Mrs. C. L. Short. The brothers lost their lives in the late war.

Mrs. E. L. Mason of Kingsville and Mrs. W. G. Winters of Callham returned home with them on their return trip home they visited W. B. Mason and family at Ballenger.

Campus Communists Merely "Irritation"

CHICAGO (UP) — Left-wing student groups in American colleges are losing ground, President Howard S. McDonald of Brigham Young University believes. He said most educators agree that Communist campus organizations are an "irritation" rather than a menace.

Northwest Guns For California Tuna Monopoly

By Harold Hughes United Press Staff Correspondent ASTORIA, Ore. (UP)—The efforts of a Seattle "wonder boy" to break the tuna canning monopoly of California packing firms might well decide how much you pay for that tuna sandwich at the counter.

Nick Bez, a determined young slay immigrant from Seattle, who has risked national fame in fishing and aviation, has just delivered the second blow of a one-two punch.

A converted navy vessel is fishing at present off Costa Rica in "home waters" of the Californians. The ship is a former repair ship renamed the Sappan. The Sappan is the "mothership" in a new technique to freeze and store yellowfin tuna off the hot tropical coasts of Latin-America.

The Sappan is the follow-up of Bez's first blow which he delivered with the aid of \$4,000,000 spent on the ship Pacific Explorer by the Reconstruction Finance Corporation. The Pacific Explorer is being refitted in Seattle for further "exploratory" trips, probably into the Bearing Sea off the Russian coast.

The determined Bez has still another "mothership" called the Tinius is being outfitted at Astoria. It, too, will store 75 tons of frozen tuna.

As here is how Bez hopes to affect the drug store tuna sandwich by his gamble on the high seas.

The Astoria tuna canneries have been operating only during the summer and fall months, canning Albacore tuna, caught off the west coast of the United States.

If the expensive machinery and well-paid workers can be kept busy all year canning the tropical yellow fin tuna, then the sandwich is going to cost less—at least, that's what fishermen here believe.

Also, there will be a wider market for the northwest canneries because the scarce Albacore is a deluxe tuna, not like the yellowfin which just loves to snuggle up to a milk shake.

But the counter punch in this battle may land squarely on the Bez team. He has to whip the

"Some institutions," McDonald said, "are banning such groups, while others feel that to suppress them is to shut off a safety valve."

Ex-Naval Officer Joins Y.W.C.A.

RICHMOND, Va. (UP)— Dick Gibb has just done something no other male has ever been able to do—join the Young Women's Christian Association. His entry was approved by the national board of the Y. W. C. A.

Dick, an ensign on an aircraft carrier during the war, dropped into the Y. W. C. A. here to finish up some research looking toward a degree in social work. He soon became a favorite with the staff and members.

So it was suggested that maybe he would like to stay on with the Richmond branch as teen-age director, the first male to crash the sacred portals for a full-time job.

Now, he is recreation leader, dance coach, juke box attendant, vocational counselor, man-of-all talents and friend to the young tough, enterprising California packers.

He also has to find the tuna. And there are a lot of bankrupt tuna fishermen around who explain that the latter can be very difficult.

girls of Richmond. Dick modestly credits his war experience. "You know the slogan, he says. "The Navy is always first."

rious on Aug. 9, 1945 as a result of a fall and has remained in a coma ever since. Doctors at Washington County Hospital say her physical condition is fairly good, but she is unable to speak or to recognize anyone.

THEY'LL DANCE AT FORT WORTH!—This team, which performed at the statewide square dance festival in Austin this month, will lead in putting the little foot right there at the Texas Democratic Barbecue at Fort Worth, April 20. Music will be furnished by Henry Hudson (shown with fiddle, center) and the caller will be Mrs. Paul Baker, who is before the second microphone. Party leadership is sponsoring the Fort Worth barbecue, to which all Texas Democrats are invited.

## Man's Honesty Is Rewarded

BROWNWOOD, Tex. (UP)—Wade Jackson, a Coleman truck operator, has been rewarded for his honesty.

When Jackson returned from hauling a 15,000 pound caterpillar bulldozer from Brownwood to Lubbock and read in a newspaper that the machine had been stolen at Brownwood, he immediately reported that it was he who had innocently hauled the stolen item for a \$100 check fee given him by a man upon delivery at Lubbock.

Brown County Deputy Sheriff Jack Pike recovered the bulldozer at Levelland, near Lubbock.

Herman Bettis, manager of the Brown County water improvement district No. 1, owner of the bulldozer, employed Jackson to haul the machine back to Brownwood and praised Jackson's honesty.

J. D. Rambo was arrested at Levelland on a complaint charging that he stole the machine, valued at \$5,000.

## Rain, Rain Go Away

Mr. Abercrombie and Mr. Stanley arrived in Chicago from their home on the African coast and were greeted by a downpour that threatened to wrinkle their formal attire. So Jini Roche, hostess on the plane that flew them from New York, gallantly supplied an umbrella. The penguins will live in the Lincoln Park Zoo.

### Spritely Style

It could be a dryad, right out of mythology, garbed in leaves and timid as a fawn. But shucks, it's just Hollywood's June Haver again—this time modeling a new-fangled bathing suit made of hand-painted silk leaves applied on flesh-colored topper and trunks.

### Dickie's TEXAS JEANS & JACKETS

I LIKE 'EM BECAUSE THEY LOOK GOOD LONGER

Dickie's Jeans are Western cut for snug leg fit. Made of Cone's tough deepstone blue denim. Sanforized throughout. Shrinkage less than 1%. Reinforced at strain points with rust-proof rivets. Fade-proof orange stitching. Heavy boatsail drill pockets. Rust-proof metal buttons anchored on.
