## Air Reserve Unit Trains

For the first time in the history of the Air Forces, a complete Reserve Unit, the 309th Bombardment Wing (VH) from Hensley Field, Dallas, is now training with the famous 8th Air Force at Carswell Air Base in Fort Worth, Texas. Here, S-Sgt. George C. Williams, standing on tire, give pointers to reserve enlisted men on the operation of the landing gear system of the B-29. From left to right; Jesus Garcia, S-Sgt. El Paso, Tex.; Elmer C. Davila, S-Sgt. El Paso, Tex.; Arthur R. Bost, S-Sgt. Fort Worth, Tex.; Instructor William; A. E. Childers, T-Sgt. Dallas, Tex.; and W. N. Meridith, Sgt. Irving, Tex. (NEA Telephoto.)

## Crossley Heads Salvation Army Campaign Drive

Judge P. L. Crossley, chairman of the Salvation Army Service Unit for Eastland in approaching the campaign for funds for local and regional welfare needs, announces that special letters will be mailed to local citizens during the next two weeks.

On completion of the campaign a portion of the funds will be left with the local committee of which Guy Parker is treasurer. The balance will go into the Salvation Army Regional fund for the maintenance of a hospital for unmarried mothers, Fresh-Air camp benefits for mothers and children, veteran's Christmas cheer, a state-wide character building program among youth and other regional services including a reserve fund for emergency and disaster.

A very definite program of service will be conducted with the funds remaining with the committee. For example, every school child in the school area who can not afford it may be provided with a tooth brush and tooth powder. Documentary evidence reveals that millions of children need this preventative care.

Vitamins that are so necessary to good health will be part of the program. Glasses, tonsilectomy, dental care and many other services now come to rural children in the establishing of the rural Service Unit. School teachers, nurses and local citizens can feel free to bring cases of need to the attention of the local Service Unit committee. Generally speaking, the program of the Service Unit is to meet any need not provided for through any other organization. In this way there will be no gaps and no one need be overlooked. The local Service Unit committee can render services at the point of need to the limit of their funds.

Judge Crossley and his committee are wholehearted in their cooperation with the Salvation Army and all its traditional services. During the campaign citizens of Eastland are requested to give generously and promptly that the many services now being rendered may be continued.

## Public Invited To Reception For Hickmans

This newspaper has been requested to extend an invitation to the public to attend a reception honoring Judge and Mrs. J. E. Hickman at the Eastland Woman's Club in Eastland on Friday, May 1.

Calling hours will be from 3 to 6 o'clock in the afternoon and from 7:30 to 11:30 o'clock in the evening. Invitations are being extended only through the newspapers of the county.

Judge Hickman of Austin, formerly of Eastland, was recently appointed chief justice of the Supreme Court of Texas.

## Eastland Awarded Third Place In One-Act Play

Eastland High School was awarded third place in the Interscholastic League Regional one-act play meeting held in Abilene, Saturday evening, April 24, with its presentation of the drama "Finders-Keepers." Albany and Burnett were given the first and second awards.

In the individual honors, Stanley Stephen was given second place as portraying the best male part, and Nancy Freyshlag was given the third honor for her acting in the female role.

## CLASS TO MEET

The Martha Dorcas Class of the Methodist Church will meet at the home of Mrs. C. H. McBea, South Green street, Wednesday at 3:00 p. m. for monthly social and business meeting. All members are urged to attend.

## Last Rites For Earl L. McMillen Held Tuesday

Last rites for Earl L. McMillen were conducted this afternoon at 4 o'clock at the Morris Funeral Chapel in Ranger with Dr. Claud P. Jones, assisted by Rev. David C. Ham, officiating. Interment was in the Evergreen cemetery.

Mr. McMillen died of a heart attack at his home Monday morning at 1:15 o'clock. He was born in Franklin, Pa., August 1, 1887, and had made his home in Ranger since 1918 with the exception of a few years at Breckenridge. He held a life membership in the Blue Lodge at Cameron, West Va., where he had resided prior to coming to Ranger. He was a member of the Methodist church.

Until his retirement a few years ago, he had been associated with oil companies, having served both the Prairie and Sinclair as Ranger superintendent.

Survivors are his wife, the former Minnie Lowe whom he married in 1910, a daughter, Mrs. Pat Hinkson of Strawn, a brother, Ray McMillen of Tulsa, Oklahoma, and a sister, Mrs. Orville Carpenter of Siloam Springs, Ark. A grandson, Rickey Hinkson of Strawn, also survives.

## Barbara Martin Injured In Fall From A Jeep

Miss Barbara Martin, daughter of Mrs. Frank Martin and a Junior in Eastland High School, was painfully injured Monday between 12:30 and 1:00 p. m. when she was thrown from an amphibious jeep driven by Jack Muirhead, Jr.

With Miss Martin and Muirhead in the jeep were a number of the members of their high school class. The party was driving to Lake Eastland when the machine rounded a corner and Miss Martin fell or was thrown out. She was given emergency treatment at the Eastland hospital, and it is understood that her injuries, while painful, are not of a too serious nature. Her mother stated this morning that Barbara was resting well and she believed she would soon be out again.

## Local Masons To Organize Wardens-Masters Assn.

Officials of the Eastland Masonic lodge announce a called meeting of the lodge for 8:30 o'clock Thursday evening when District Grand Master of Cisco will be present for the purpose of organizing a Wardens and Masters' association.

All members of the lodge are urged to be present and visitors are welcome.

## Anti-Communist String Tied To Appropriation

WASHINGTON, Apr. 27. (UP)—The House Appropriations committee today put an anti-Communist string on the \$969,050,000 it voted to operate Federal Security Agency in the fiscal year starting July 1.

And it ordered a sweeping reorganization of the security agency.

Among other things, the committee wants the United States Employment Service transferred from the Labor Department to FSA on July 1. The proposed changes first would have to get House and Senate approval, however. The committee said reorganization was necessary to get increased efficiency and to save money for the taxpayers.

It said that not one cent of the appropriation for the FSA should be paid to any government worker belonging to a union whose officers have not filed an anti-Communist affidavit with the National Labor Relations Board.

Furthermore, the committee said if Congress okays this idea, it will extend the same prohibition to funds for all other government departments and agencies.

## District WSCS To Hold All-Day Eastland Meet

Eastland Methodist will be hosts Wednesday to the Woman's Society of Christian Service for this district in an all day meeting at the Eastland Church.

Mrs. W. A. Clepper of Caddo, the district president, will preside over the meeting and Miss Irene Nixon, a Missionary from Mexico, and Lacy Goodman of Fort Worth, will be speakers. Each one attending the meeting is asked to bring a sack lunch. The local society will furnish drinks.

The program opens at 9:45 A. M.

## Tel Aviv Bank Robbed By Jews

TEL AVIV, Apr. 27 (UP)—Jews of the Sternist underground group today robbed Barclays Bank in the heart of Tel Aviv, of an estimated \$1,000,000.

Dressed as Haganah military police, the Stern group gang overpowered Haganah guards in the bank, cordoned it off, forced the bank manager to turn over keys to the underground vaults, and fled with about 250,000 pounds sterling.

The timber rattler, the copperhead and the massasauga, a small rattler, are the only three species of poisonous snakes found in New York State.

## Silver Anniversary

Thousands of spectators cheered King George and Queen Elizabeth when they appeared on the balcony of Buckingham Palace in London, after the royal couple said prayers of thanksgiving for a happy marriage in St. Paul's Cathedral on their silver wedding anniversary. (NEA Radio-Telephoto.)

## Production Employes Force Way Into Plant

CHICAGO, April 27 (UP)—Production employes entered the struck Wilson and Company meat packing plant today amid a flurry of minor violence that developed when CIO United Packinghouse Union pickets tried to stop them. The production employes entered the plant by crouching in the rear of automobiles driven by company supervisors.

One car manned by pickets attempted to curb an automobile in which two negro workers crouched.

Fists swung as police forced the pickets' car to let the other auto enter the plant. Three negro pickets were arrested.

Meanwhile farmers, who had been holding back their hogs because of the nationwide meat strike, dumped 80,000 of them on the market and prices headed for another big drop.

Hog shipments to the 12 big cornbelt markets were the heaviest for a Tuesday since last January. Prices at Chicago were \$1 per hundred pounds lower.

## Jester Not Interested In Vice-Presidency

AUSTIN, Texas, April 27 (UP)—Gov. Beauford H. Jester said today he was not interested in the vice-presidency.

The Governor said he has "no idea whatsoever" of being a vice-presidential candidate.

Jester was quizzed at his press conference. He said he thought he made his position clear at his speech at the Fort Worth barbecue on April 20.

When newsmen told him that the Fort Worth speech itself was causing the vice-presidential talk, Jester answered:

"I have no idea whatsoever in my mind as to any interest for the vice-presidency. I'm only interested in making a good governor of the greatest state in the union. I'd like to make it very clear I'm not interested in the vice-presidential nomination—from any party."

## 'Open House' Marks Beginning Of Work, Two County Road

The Home Demonstration clubs of Lingleville and Desdemona held "open house" recently in celebration of the paving of the Lingleville-Desdemona road, work on which began a few days ago. The celebration was scheduled at the Desdemona High School gymnasium.

## REPORTS SAY ARAB NATIONS FORCES MASSES FOR ATTACK

By United Press, April 27 (UP)—The Arabs apparently were ready today to make their big move against the Jews in Palestine. Reports from capitals of the Holy Land indicated that regular forces of these states—as contrasted with the Arab volunteers who previously have entered Palestine—are on the move.

Beirut quoted authoritative Trans-Jordan sources as saying that King Abdullah, best prepared of any of the Arab chieftains, had begun an invasion of Palestine.

Cairo said that two trainloads of Egyptian infantry left for an "unknown destination," presumably Palestine.

Baghdad said that 8,000 Iraqi troops, with planes, had left for Trans-Jordan to enter Palestine.

London denied that any Arab forces had entered the Holy Land, and said organized Arab invasion before May 15 would be resisted by the British.

But the swiftly withdrawing British already had abandoned control of an estimated 90 per cent of Palestine. Even if their remaining forces wanted to block an Arab move, there was doubt that they could do so. Abdullah's powerful Little Arab Legion—15,000 to 20,000 men—is British trained, British-equipped, and British-officered.

## Man Arrested In Reuther Shooting

DETROIT, April 27 (UP)—Police Commissioner Harry S. Toy today announced the arrest of a man answering the description of the gunman who threatened to kill Walter P. Reuther, president of the CIO United Auto Workers.

Toy said the suspect had been named by witnesses as a gun-carrying former UAW organizer who boasted before the attack last Tuesday that he would shoot Reuther "on sight."

One of the witnesses, who reported he heard the threat to Reuther's life, was placed under police guard for protection, Toy said.

## GIRLIE-GIRLIE STUFF AT CONVENTIONS GETS BRUSH-OFF

By Robert Musel  
United Press Staff Correspondent  
NEW YORK, (UP)—The man who will entertain many of the delegates to the Democratic and Republican national conventions in Philadelphia is against too much frivolity.

He says that in this hour of national emergency he plans to keep everybody's mind on the job of picking a president.

"I could fill the town with beautiful chorus and show girls, not to mention dancers with or without veils," said pleasant little Frank Palumbo. He is the inventor of the "depression proof" night club, The Click. He made it click.

"I could have had the pick of the nation's lovelies," he continued. "But I figure this isn't the time for looking. It's time for acting. So I got plans all laid out for entertainment that will never clash with serious business before the conventions.

## Ted Wins Again

Ted Horn, Patterson, New Jersey, happily clutches his trophies after winning for the second time the 100-mile championship AAA dirt track race at Arlington Downs, Texas. The race is sponsored by Racing International of Texas and was run for the first time last November. The trophies were presented by Mrs. H. H. Whelan of Dallas, as the H. H. Whelan Memorial Trophy. (NA Telephoto.)

And what is Palumbo's solution? In two words, Frank Sinatra.

"Yes," he said seriously. "Frankie is one of my big reliances. He's got the soothing kind of voice that won't jangle the nerves of a delegate after a hard day on the convention floor. Frankie will keep them calm and reasonable—which is what the nation needs today."

Palumbo said he also had Xavier Cugat rounded up.

Cugat is playing ball with us. He will give out with his less violent tempos. Nice medium rhumbas and things. I wouldn't want a dislocated sacroiliac to be blamed on me. One vote either way may mean a lot."

Palumbo dropped into New York from Philadelphia to pick up more entertainers and, coincidentally, to see how his psychological warfare against New York night clubs is going. Smaek in the Broadway white light district is his sign: "If You Wanna Have Fun Come to Philly."

"I'm putting one up on Piccadilly in London and on the Rue de la Paix in Paris," he said. "Philadelphia figures in plenty of vaudeville jokes like Flatbush and Brooklyn, but we can prove our night life is better than any of them now."

Palumbo owns a string of clubs and restaurants but his "depression proof idea" is his pet.

"It's like a telescope," he said. "Business is good—then we open up full. On duller nights we retract a few sections. It's hard to lose that way."

## Dr. Harris Isabell Wife And Children, Eastland Visitors

Dr. Harris Isabell, head of the Bureau of Research at the United States Health Service, a narcotic hospital at Lexington, Kentucky, is visiting his parents Dr. and Mrs. F. T. Isabell and his sister Mrs. Bob Vaught.

Dr. Isabell lectures quite often on the scientific methods used at the hospital and while here gave a lecture at Cisco. Dr. Isabell is accompanied by his wife and daughters, Ann and Elizabeth.

84 Communists Killed  
Rangoon  
RANGOON, Burma, Apr. 27. (UP)—Eighty-four Communists have been killed in the government's drive to wipe out Communism in the new Independent Republic.

## Hints U. S. To Withhold Troops From Palestine

LAKE SUCCESS, Apr. 27. (UP)—An American official hinted today that the United States will not send troops to help police Palestine unless all or most of the warfare in the Holy Land is halted.

The official, a responsible member of the American delegation to the United Nations, refused to elaborate and official confirmation of his statement was lacking. But if such became the announced policy of the United States, it would have far-reaching consequences on the current UN debate over Palestine.

It probably would leave Arabs and Jews to fight to a finish their battle for Palestine unless their leaders agreed to a truce. So far both sides have ignored a Security Council order to cease fire.

## Interest Grows In Nazarene Revival

Good interest in the revival now in progress at the Church of the Nazarene is being shown from night to night. Good crowds have been reported according to the pastor.

Evangelist and Mrs. C. W. Brockmuller are the workers for the meeting with Evangelist Brockmuller drawing a beautiful scene each evening just before the speaking hour.

The pastor, William C. Emberton says.

"We are having a good rugged Bible preaching each night, the kind you seldom hear any more. The evangelist preaches with a passion and a concern for the unsaved. We urge our friends to be sure and come and enjoy these services which begin each night at 7:45. We urge you to come to a religious meeting where you will reap eternal benefits instead of going to certain foolish and sinful places now in operation in Eastland. Come and join in and help Eastland have a real revival meeting. These services will be conducted each evening until May 2."

## Brotherhoods May Stop Negotiations

CHICAGO, Apr. 27. (UP)—A union spokesman said that three railroad brotherhoods probably will break off negotiations today with the nation's carriers, setting the stage for a national strike.

The brotherhoods involved were those representing 150,000 engineers, firemen and switchmen. A work stoppage by them would halt almost all passenger and freight service through the country.

## WEATHERMAN TO RETIRE; HOPES FOR GOOD FISHING WEATHER

SAN ANTONIO, Tex. (UP)—The weatherman is going to retire.

Non-mechanical predicting—“People predict rain if their joints ache, or by skin texture, moss on the river or bubbles on the lake. There’s a lot to this. Aching joints are caused by falling barometric pressure. So is the falling moss and bubbles. Skin texture is governed by moisture in the air.”

Long range forecasting—Meteorologists are making progress and at best they can predict two weeks ahead, maybe longer. I don’t believe they will ever be able to predict in detail the weather for November, 1977.”

Accepting his first civil service appointment as a meteorologist in Panama in 1907, the 66-year-old weather prophet was at various times in the weather bureau at Portland, Ore., Pueblo, Colo., and Milwaukee, Wis. After serving six years in Panama he then operated an irrigated ranch in the state of Washington but re-entered the weather service a short time

later. He came to San Antonio in 1920.

“After May 1,” sighed Jarboe, “somebody else can predict the weather, I’m going fishing. We’ll have good fishing weather then—probably.”

On May 1, J. H. Jarboe, chief weather prophet here, will retire after 28 years with the San Antonio weather bureau and 38 years in the same capacity with the U. S. Department of Commerce.

“Thirty eight years is a long time,” the veteran forecaster said, “but I don’t think it’s a record.”

Looking back over 38 years of predicting the whims and caprices of the elements, Jarboe had this to say:

Texas weather—“Contrary of popular belief, Texas weather is not a weather man’s nightmare. On the whole, our weather is quite average to predict. The hardest weather to predict is up around the lake regions.”

Consistency—“Our predictions have proved to be 88 per cent correct. Nationally, it’s about 86

## Says Insects Take Every 7th Cotton Bale

DALLAS, Tex. (UP)—Insects take every seventh bale of Texas cotton on a year in and year out basis, says Eugene Butler, chairman of the Insect Control section of the Statewide Cotton Committee of Texas.

Writing in the current issue of the Cotton Gin and Oil Mill Press, Butler said:

“In 1947 the weather whipped cotton insects almost singlehanded and it didn’t need much help from farmers. But year in and year out, insects take every seventh Texas bale. And a seventh of the crop is only the average toll. In 1946—one of the worst on record for Texas—insects probably took one bale out of four.”

Texas cotton farmers made a profit last year because of the high price and because they made a good acre yield. And, Butler added, “that good acre yield was

To increase the food supply in England, more than 20,000 railway men and women are cultivating “lineside” vegetable gardens, rented from the railroads for a shilling or two a year, utilizing 1,300 acres of idle land and producing \$1,000,000 worth of crops.

per cent. The hardest element to predict is rainfall—when it will begin and end. Winds are the easiest. Temperature changes come next.”

Ribbings and criticisms—“We weathermen always take the blame if it rains when Aunt Maggie is on a picnic and when a drought plagues the farmer. People seem to enjoy taking a crack at us now and then. I say let them have their fun. About one out of nine forecasts go wrong and we are the first to admit it when that happens. When someone approaches me about a forecast I called wrong, I always say, ‘Yeah, that one was pretty bum.’ That leaves them cold. I remember an Easter morning several years ago when I predicted rain in the afternoon. Well, it rained that morning during the Easter parade and one woman’s hat was ruined. She came to me and lashed me up one side and down the other. When she finished I told her to send me the bill.”

## Kids Get Private Circus Showing

Richard Falsey and Mario Sambiasi, both 5, watch a private circus performance in Chicago. Explaining the act is clown Harry Dann, as the wide-eyed youngsters watch the acrobatics of Chai and Somay, an Oriental team. Performers are with Shriners' Circus.

## Gargantua Gets Back Seat As Compared To This

CHICAGO (UP)—A young animal here has just celebrated his 20th birthday.

He stands six feet three inches tall. He weighs 550 pounds. He could kill a man with a blow of his fist.

His name is Bushman and he is the oldest, the strongest and the toughest gorilla in captivity. The Lincoln Park zoo prizes him as the most valuable animal in any zoo in the world.

On his birthday the big brute

4. Organization in the county and community to put the recommendations into effect.

Butler added that “to measure the success of the Texas program, farmers must check their fields before and after applications of poison to determine their effect on the infestations; and they must leave check plots to show the effect of the program on the acre yield.”

## 9-Year-Old Shows Cattle Buyers How To Strike Practical Bargain

By LEO SOROKA  
United Press Staff Correspondent  
MOSCOW, Tenn. (UP)—Nine-year-old Corbett Yeager, Jr., back-haired son of a farmer, strikes a hard bargain as a cattle buyer. He’s making money, too, for a youngster because he knows a good calf when he sees one.

Corbett started in business for himself when he was five years old. His father gave him a patch of cotton—half an acre to be exact. From his cotton profits, Corbett moved into the cattle field. He considers himself the youngest livestock trader in business.

Corbett was too young to plant his own cotton the first year. But he watched over his crop. When he marketed his first bale he got \$75. His father helped him buy two heifers.

Two years later he swapped one heifer for a saddle horse. He sold the other one for \$116.42 because he said “she wouldn’t breed.”

Corbett’s been buying and selling ever since. Now he grows an acre of cotton which nets him around \$190.

Nine months ago young Corbett bought a 250 pound calf for \$65. The other day he sold it for \$251.12.

“Now I think I’m going to get me a heifer to raise as a grand champion,” he said.

Glenn Howard, a stocker cattle dealer at the South Memphis Livestock Exchange, ran up against young Corbett in the recent mid-south livestock show.

“I wanna buy a good Hereford heifer,” Corbett told him.

“Get your daddy here, son, and I’ll sell you one,” Howard said.

“That ain’t necessary,” the youngster assured Howard.

Corbett looked over a herd of 35, checked the width around the hip and shoulders, felt the ribs, and looked at the legs, finally making his selection. Howard said he had picked the best one.

Corbett’s father makes the final decision, but the elder Yeager has yet to over-rule his son’s buying, largely due to light damage by insects. The year 1947 was the best cotton year for Texas farmers in a quarter of a century.

Butler said that in dollars and cents, the insect loss for the 10-year period 1937-47 was \$35,182,000.

“That \$35,000,000 plus would have bought a lot of college education for farm children and many other things farms and farm people need. During the same 10-year period, it is estimated that insects annually destroyed 210,043 tons of seed valued at \$8,994,660. And that’s a lot of money, too. Thus we have a total annual loss of better than \$44,000,000.”

Butler outlined plans for controlling cotton insects as follows:

1. Joint recommendations for control of cotton insects.
- A. Insecticides.
- B. Cultural.
2. Training farmers to make the most effective use of the recommendations.
3. Surveys to determine the location and extent of insect damage.

ate his usual meal consisting of 20 pounds of apples, lettuce, grapes, bread and vitamin pills washed down with three quarts of milk. Then he topped it off with a special birthday dessert, guava fruit from his homeland in Africa.

## Eastland County Towns & Communities

(Editor's Note—The following is taken from the forthcoming book, "History of Eastland County," By Ed T. Cox.)

**CURTIS, Continued**  
The Curtis Baptist church was organized about 1890 as that is the time of its first appearance on the minutes of the Cisco Baptist Association. M. E. Surles was pastor-in-charge with a membership of 43. The next pastor shown was T. J. Nicholas in 1897, followed by W. B. Cobb in 1898-99. G. P. May in 1903, T. H. B. McAllister in 1904, W. J. Rogers, 1907 and E. E. Mason in 1908. In 1910 W. J. Smith was pastor followed by Thad Johnson in 1911, H. J. Lee in 1912-14 and P. D. O'Brien in 1915.

Union Baptist church in the Cook community was organized about 1902 with a membership of 15 with F. C. Dick as pastor for that year. G. P. May was pastor in 1903 and the membership had increased to 41. He was followed by J. A. McIntyre in 1904-5, J. W. Tennyson 1907-08, B. G. Ruchburg, 1910-13, E. E. Mason 1914, B. G. Richburg, S. H. Williams 1916-17, T. H. B. McAllister again in 1918, Frank Skaggs, 1921, J. W. Vaughn 1922-24, B. F. Sandie, 1926, I. K. Holmes, 1928. He was followed by E. H. Scott probably from 1930 to 1933. Following were W. R. Ivie and Leon Woods.

The Church of Christ had an organization at an early date under the name of Cook Christian Church, meetings were held at the Curtis school house. In 1899, when C. E. Statham was pastor of the Rising Star and Pugh Methodist churches, he organized a Methodist church in the Cook community later known as Barnes Chapel. Three houses of worship have been located at that many locations. The minutes of the Cisco Baptist Association for 1941-42 and 1942-43 lists Nimrod Baptist church with Charles Myrick as pastor and a membership of 66.

Curtis has been served by the following postmasters: Daniel B. Curtis, Nov. 14, 1884 (established); George W. Hardin, 1894; William L. Smith, 1899, Geo. W. Hardin, 1901. The office was ordered discontinued March 31, 1911 and mail sent to Nimrod.

Sabano was served by the following postmasters: James E. Broiles, Feb. 14, 1901 (established); Robert R. Wells, December 1, 1902; Stephen D. Crouch, January 2, 1904; John R. Hollis, March 1, 1907; Earle Shell, Sept. 26, 1907; Guy Westerman, April 29, 1916. This office was discontinued December 31, 1917 and mail was sent to Nimrod. (To Be Continued)

Few Americans are still traveling about in Model T autos, but most Americans are living and working in buildings constructed under building codes as old as or older than the Model T. Of the more than 16,000 municipalities in the U. S., less than 2,000 have a building code, and most of these are from 15 to 20 years old, according to the National Board of Fire Underwriters.

Malaria is spread by the anopheles mosquito.

## Skeleton Held As Clue To Ancient Indians

BOULDER CITY, Nev. (UP)—Research into what happened to the ancient Patayan Indians has been aided by the discovery near here of an 850-year old burial site and a perfect skeleton estimated to have been interred about 1100 A. D.

Hailed with interest by the scientific world, the skeleton was uncovered about 15 miles below Hoover Dam, where a large sand terrace, imbedded with arrowheads, broken bits of pottery and campfire ashes marked the site of an extensive pre-historic Indian camp site.

Dr. Gordon Baldwin, National Park Service archeologist, seeking Indian relics along the Colorado where they will be covered by Davis Dam waters, made the discovery. The Patayan people inhabited this region from about 700 to 1200 A. D., said Dr. Baldwin, who noted that they raised corn, beans and mud shelters, and made clay pottery.

They had disappeared as a race by the time white explorers arrived during the 16th and 17th centuries. It is the hope of the

## Young Carville Lepers Form Boy Scout Troop

CARVILLE, La. (UP) — Boy Scout Troop No. 26, composed of eight leprosy sufferers, has received a charter from the national organization. They are all being treated at the U. S. Marine Hospital (leprosarium) here.

Although the Scouts at Carville will be prohibited from taking

part in Scout activities "outside," there presumably will be no prohibition on other Scouts visiting the Carville troop. Authorities at the leprosarium permit liberal visiting with years old. There is some suspicion that children under 10 are more susceptible to leprosy than others.

**Walters Circle Methodist W.S.C.S. Met Monday P. M.**

The Walters Circle of the Woman's Society of Christian Service of the Methodist church met Monday afternoon in the home of Mrs. James Horton, with Mrs. B. O. Harrell and Mrs. Pearson Grimes as co-hostesses.

Mrs. Bill Walters, chairman of the circle, presided and Mrs. T. M. Johnson gave the devotional on the Queen of Persia, which was beautifully given.

The circle voted to join the Ammer Circle in having a rummage sale at the Castleberry Store Saturday. Mrs. Wm. Jessop presented the amount needed for dishes in the church and the members voted to use the amount needed in buying the dishes.

During the social hour Mrs. Horton led the group in "Who You Admire," her original way of entertaining the women. Refreshments of ice cream topped with fresh strawberries and chocolate cookies were served.

Present were: Meses. W. H. Mullings, Olivia Carothers, Charles Harris, George L. Davenport, John D. McRae, C. B. Frost, J. M. Perkins, L. C. Brown, F. A. Jones, E. R. Townsend, N. P. McCarney, Frank Crowell, H. G. Vermillion, Pearson Grimes, George Cross, Bill Walters, M. B. Murdock, Wm. Jessop, and hostesses, Mrs. Harrell, Mrs. Grimes and Mrs. Horton, and a guest, Miss Julia Brown.

Mrs. Murdock became a new visitor. Mrs. Horton had her home beautifully decorated with fresh garden flowers.

**Schoolboys Organize To Preserve Peace**

MERCHANTVILLE, N.J. (UP)—Half a dozen eight and nine-year-olds have tossed aside the pessimism of their parents and formed the nucleus of what may become a widespread "Boys for Peace" movement.

The boys are in the fifth grade of the Roosevelt, School here. Their purpose, they say, is "to keep our generation from being as foolish as the last one."

Each Saturday afternoon the boys meet and talk over current problems, learn more about the United Nations, and try to understand the people of the world they live in.

Eight-year-old Donald Love, founder and president of "Boys for Peace," explained: "We certainly think America is worth defending, but we want the world to find a peaceful way to solve its problems."

**READ CLASSIFIEDS DAILY**

tion in Weatherford Thursday. From there she went to Temple where she visited Mr. and Mrs. B. E. Rigby over the week-end.

Mr. and Mrs. Lee Greer are the parents of a baby boy, born Sunday morning at the Ranger General Hospital. The baby who is the grandson of Mr. and Mrs. E. J. Greer, has been named Edward Lee.

**Spring Fever?**

If you're not feeling just right, can't enjoy the outdoors, due to a hang-over of winter sluggishness, chances are what you need is good old Calomel. Calomel, the improved Calomel Compound Tablets, are especially designed to make calomel-taking pleasant, safe and sure. No need to follow Calomel with Salts — they do the complete job. Try Calomel whenever you need a laxative as in spring fever, colds, biliousness due to constipation. You will like them. Follow label directions.
