. News

The town of May in Brown County is a local point of activity which is being watched with interest.

Two miles to the northeast, W. Estes on the Blair has a well which came in for 80 barrels in the Marble Falls about two months ago.

Estes has a well on the H. F. McBride, a mile northeast of May which was acidized in the Marble Falls but a report of the result has not been received here.

Half a mile northeast of the Bair, Mann & Griffin are drilling on the F. M. Henry.

EASTLAND COUNTY—Gorman.

Following is report on activities in the Kirk Field, Gorman, for July 19:

Foster Bros. No. 4 Ray Burns, drilling at 2,600 feet.

Coast Oil No. 2 Griffin drilling at 470. This operation was spudded in Sunday.

Coast Oil moving in on their Della Graham No. 2 with Carter and Jones from Kilgore the drilling contractors.

Skelley No. 3 Mears Estate drilling at 500 feet.

France and Gillespie shut down waiting on casing on their No. 1 McMullen. This reporter understands the trouble is in the cementing and not the lack of casing.

Mellard and Clemens No. 1 Pete Mauney wait on machine to run tubing and acidizing. Perforated Saturday in bottom section of Marble Falls. Since they drilled 83 feet into the Ellenberger and reached a total depth of 3231, this will make the well being bottomed at about 3140.

Hunter and Mellard No. 1 Blackwell underreaming at 722 to 840 to by pass the section of water which inundated all operations on this well the last of the week. The section showing saturation was in the shallow sand at approximately 657. They will drill to approximately the 3000 foot depth provided a gusher is not ushered in before that depth is reached.

Finishing operations are under way on Ownby Drilling Co.'s No. 1 Clayton. They started up again Sunday night and according to Mr. Driver they plan to drill at least another 30 feet.

Luling Gas and Oil No. 1 H. I. J. W. Baldwin No. 2 J. N. Watson acidized Sunday. They are now swabbing and the well looks unusually promising.

J. W. Baldwin No. 3 Sanders are rigging up.

Wrather Penn and Walters No. 1 Wallis was acidized Saturday and this looks to be one of the best wells in the field.

Acid trucks are out on the W. B. John No. 1 Sanders, apparently to treat this well this afternoon (Monday.)

Oil Personnel Noted in and Around the Gorman Hotel Lobby:

Carl Angstadt, Eastland; Henry Kottenburg, Houston; David Kumble, Wichita Falls; Charley Corley, Dallas; J. Wade Driver, Dallas; Frank Morehart, Cisco; Early Northrup, Fort Worth; E. L. Hanson, Dallas; Joe Satterfield, Longview; N. E. Loomis, Longview; Mrs. Curry visiting her husband which is drill sup. superintendent for Gilchrist Drilling Co. on the McMullen, Wichita Falls; Harland Eugene Choate, Midland; C. V. Culver, Hillsboro; Aubrey Gregg, Houston; Cecil Burton, Houston; T. N. Davey, San Antonio; Wallace Reilly, San Antonio; Arnold Kirk, Fort Worth; Mr. Smith, with Stephens and Stephens, Cisco.

CONVICTS TO PLAY OUTSIDE COLUMBUS, O. (UP)—

The Ohio Penitentiary softball team will play three road games in August. It will mark the first time in the prison's history that a team has played outside the walls.

From Darkness Into Sunshine

Seconds after an air attack in Tel Aviv, Israel, a frightened Jewish youngster, tightly clutching his baby brother emerges from the darkness of an air raid shelter into the quiet sunshine of the afternoon. Currently peace touched the Holy Land as all indications pointed to an acceptance of Palestine truce by Israeli and Arab governments. (NEA Telephoto by David S. Boyer).

Big Explosion Rocks Heart Of Cairo Monday

CAIRO, July 20 (UP)—A big explosion rocked the heart of Cairo last night and the government reported an enemy air raid on the city but conflicting statements made it uncertain whether there was no connection between the two.

Coming midst charges that the Palestine truce was being violated, the explosion prompted speculation whether a Jewish plane had dropped some heavy missile such as a mine. The Jews bombed the city last week in the closing hours before the new truce.

But today the public security director reported that the explosion was "followed by" an enemy air raid which lasted nearly an hour.

Some 500 ruins of ancient Indian pueblos have been found on the rims of Arizona's Grand Canyon. Cliff dwellings made by the Indians are found along the lower walls of the canyon in many places.

SECOND BLOW STRUCK BY RUSSIANS AT BIG-THREE

BERLIN July 20 (UP)—The Russians struck another blow at the Western foothold in blockaded Berlin today by announcing they would send in more than 100,000 tons of foodstuffs and sell it to all comers, including Germans from the Western sectors of the city.

Western occupation authorities at once attacked the Soviet announcement as a propaganda move toward Russia's intended mastery of all Berlin and ejection of the Americans, British and French.

Attacking the Soviet move as "pure propaganda," American and British spokesmen said their planes would carry on the aerial supply operation, and would continue to supply the food needed in the Western sectors of Berlin.

One of the first catches in the Soviet offer spotted by the Westerners was the provision that payment would be required in Soviet sponsored currency, as against that imported to Berlin by the

Western powers. Theoretically at least, the Western currency would lose much of its value.

The Russian government reported it was dipping into Soviet reserves for the foodstuffs to feed Berlin, including the Western sectors. It said shipments would include 100,000 tons of wheat. The decision was made upon request of the Soviet military administration in Germany, the Soviets said.

WASHINGTON, July 20 (UP)—Diplomatic officials today interpreted the latest Soviet "offer" of food for the Western sectors of Berlin as another Russian propaganda effort to discredit and embarrass the three Western Allies.

Authorities here noted that the Soviet announcement coincided with a three-power admission that the United States, Britain and France could not, in the face of the blockade, increase the food ration in their Berlin areas.

FRENCH GOVT. COLLAPSES AS SCHUMAN QUITS

PARIS, July 20 (UP)—French political leaders met in urgent conferences today in efforts to replace the coalition of government of Premier Robert Schuman, ousted last night by vote of the National Assembly.

Schuman resigned after the assembly refused to give him the 12th vote of confidence he has demanded since he took office during the Communist strike crisis last November.

THE HAGUE, July 20 (UP)—

The fall of the French government struck a severe blow at the conference of the Western European Union today.

Foreign Minister Georges Bidault of France planned to go home by plane late today. The other foreign ministers agreed to cut short the final formal meeting after lunch.

The foreign ministers of Great Britain, France, Belgium, the Netherlands and Luxembourg were meeting alone this morning without advisers to survey the problems raised by the French political crisis.

The crisis struck at the very roots of the major problem discussed here—the defense of Western Europe, now that one of the main governments of the union has fallen over the very question of increased armaments and defense.

What Is The Biggest Well Drilled In Co?

What is the biggest well ever drilled in Eastland County? Recent news articles telling of the location of a well which will seek oil east of the old Pioneer field awarded the honor of the biggest well in the county's history to Tom Slick's gusher on the Eakin.

However, J. Will Carter of Eastland feels that the title should go to a well drilled at Desdemona during the great rush, on the W. M. Echols lease. Carter, who was royalty owner, declares that the Echols well ran 252,000 barrels in 36 days, the value of this immense flow of oil being \$660,000.

Taking the performance of a well for a considerable stretch of time, such as more than a month, the Echols was perhaps the biggest well the county has ever seen.

But he writes of the articles dealing with the history of the Pioneer field had in mind a single day's flow. Tom Bryant, who drilled the Eakin gusher for Tom Slick said that the well made 18,000 barrels the first day and that its best day's performance was 20,000 barrels.

The Eakin was drilled in 1922, which was after the county's tremendous boom. The biggest well, based on one day's output, drilled in the county during the 1918-21 rush was the Norwood, which was credited with making 14,000 barrels in 24 hours.

Mr. and Mrs. Carter are deriving from a well in the new Kirk pool.

Fort Worth Livestock

Cattle 500. Very slow, buyers talking 25.50 or lower. Common and medium slaughter steers and yearlings around 22.30. Cows 18.23. Bulls 16.23.

Calves 1800. Steady at 27.29.50. For strictly good and choice stocker calves. Best slaughter calves 28.32, few sold from 30 down.

Hogs 800. Mostly steady, sows 50-\$1 lower. Top 28.50. Sows 23.50. Few 24.40.

American Soldier Killed In Korea In An Ambush

SEOUL, Korea July 20 (UP)—A group of Koreans from Communist dominated North Korea killed an American soldier from ambush yesterday, the U. S. Army reported today.

It was the first fatal shooting of an American serviceman since the occupation of Korea began.

Another soldier was slightly wounded in the incident that occurred on American territory near the 38th parallel separating the U. S. and Soviet occupation zones.

CANDIDATE

ROSCOE H. COLLIER, Legless, Purple-Hearted, Seabee Roscoe H. Collier, above, candidate for the United States Senate, is touring the state with three former opponents who are throwing their full support to him. (Story on page One).

Legless Seabee Candidate For U. S. Senate

A legless, Purple-Hearted, Seabee Roscoe H. Collier, the people's coalition candidate for U. S. Senator, is touring the state with 3 former opponents who are throwing their full support to Collier.

Collier's 3 enthusiastic allies are Cyclone Davis, Perennial people's candidate who polled 75,000 votes in 1946; F. H. Clark, Ex-A&M professor, who made headlines last year during the A&M investigation by the Texas Senate; and Terrell Sledge, farmer and Rhodes Scholar from Kyle who polled 67,000 votes in 1946, all traveling and speaking along side Collier, urging the people to unite under the plucky, Purple-Hearted's banner.

"At last we have got the Big Boys where we want them," points out Sledge, Collier's campaign manager, "usually the interests are united and it's the people who are divided, this time, Wall Street is split three ways and the people of Texas are uniting under their own man Collier, who, I deeply believe, will honestly and capably give the plain, real folks of Texas the representation they so desperately need."

Social Security Representative To Be In Eastland

E. Glen McNatt, a representative of the Social Security Administration, will be at the Army Recruiting Office in Eastland Thursday, July 29, at 10:00 a.m.

All persons wishing to file retirement or death claims under the Social Security Act should call to see him at that time. When a worker becomes 65 years of age he should contact the Social Security Administration and discuss his status. When a worker dies, some member of his family should get in touch with the Social Security Administration and find out what payments may be due.

All persons wishing to see Mr. McNatt should call promptly at 10:00 a. m., as he will remain at the office for only a short time.

Local Team Heads For Bi-District Championship

American Legion Baseball Club managed by Neil Day defeated Hamilton and Brownwood. Stephenville forfeited to Eastland because of ineligible players. Ranger just forfeited their game.

Eastland will go to Dublin Wednesday afternoon to play for district championship. If this game is won they will go to Paris, to play for Bi-District Championship.

prospects indicate that hog farmers probably will earn more from this year's fall pig crops than they are now getting from their 1947 crop.

Ninety per cent of Rural Electrification Administrator borrowers are rural electric co-operatives.

INDUCTION CANNOT BEGIN BEFORE SEPT. 22; OLDEST SIG N FIRST

Giant Pipe Line Planned To Tap Mosul Oil Field

By K. C. Thaler
United Press Staff Correspondent
LONDON (UP)—Plans for a new giant pipe line from the rich Mosul oil field of Iraq to the Mediterranean have been disclosed by the annual report of the Shell group, in which Britain has a major interest.

In connection with the report, experts expressed the belief that the oil export center of the world is likely to move from the western hemisphere to the Middle East because of the considerable reserves which so far have not been tapped.

The new pipe line from Iraq, which is to run through Syria, is to have an initial capacity of 100,000,000 barrels a year, and thus to assist in the utilization of Iraq's great oil deposits.

The line will run from Kirkuk in Iraq to Homs in Syria and then proceed to a "suitable terminal on the eastern Mediterranean seaboard." Construction of the proposed line will take several years.

Meanwhile work is proceeding on a new pipe line from Kirkuk to the existing pipe line terminal at Haifa to increase the oil capacity available to Haifa from 15 to 50 million barrels annually, the report disclosed. It was expected that despite the political difficulties at present in Palestine, the pipe line will come into operation in the last quarter of this year. It will be ready for full operation in the second half of 1949.

Finally, a second pipe line is to be built from Kirkuk in Iraq to Tripoli when work on the Kirkuk-Iraq line is completed. It is scheduled to be in operation in 1950.

Estimates are that Iraq can be developed into one of the world's biggest oil supply centers. Its potential yearly output is estimated at more than 25,000,000 tons, or about five times the present contribution.

Simultaneously, the Anglo-Iranian Oil Company reported that construction of a new pipe line from Kuwait on the Persian Gulf to Haifa has made good progress. Unsettled conditions in Palestine, however, have upset its likely operation date, it was stated.

WASHINGTON, July 20 (UP)—President Truman today ordered registration for the new draft to begin Aug. 30 for men 18 through 25. The registration will continue through Sept. 18. Different age groups will register on different days.

The President's proclamation called on all male citizens and residents of the United States who have passed their 18th birthday but not yet reached their 26th birthday to begin registration a 8 A. M. Aug. 30.

Mr. Truman listed 10 age classifications and gave these dates for registration, between 8 A. M. and 5 P. M. in this country, Alaska, Hawaii, Puerto Rico and the Virgin Islands—

Mayfield Was Eastland Visitor Monday P. M.

"My opponent has been in the Land Office for 27 years; it's time for a change," declared W. T. Mayfield, candidate for State Land Commissioner, while campaigning here, Monday.

"Yes, it's high time that we had efficiency restored to the Land Office," Mayfield continued. "One error for which my opponent is responsible cost the taxpayers almost \$300,000 for a special election on a constitutional amendment only two days after the general election. The amendment should have been voted on at the general election thereby saving the people that enormous amount of money."

Mayfield pledges, as Land Commissioner of Texas, to work to make the G. I. Constitutional Amendment effective. "It is just an empty letter now, he says, "and needs the breath of life—enabling legislation, so that Texas veterans can obtain land for farms and small ranches."

County Receives \$21,385.80 In Fines Collected

For the period from January, 1947, to July 8, 1948, a total of \$21,385.80 had been collected in fines and the amount turned into the Eastland County road and bridge funds.

The amount above included only the amount of the actual fines collected. The total amount of costs added to the fines collected, total approximately \$10,000.

Local Florists Return From Convention

Mr. and Mrs. J. C. Poe were in San Antonio last week attending the State Florist Convention of which they are members. Mr. and Mrs. P. L. Parker, who formerly operated the Floral Shop now operated by Mr. and Mrs. Poe, had charge of the business while they were attending the convention.

Women Roach Trappers Bring 'Em Back Alive

TUSCALOOSA, Ala. (UP)—Mrs. Alice Mink, 73, and her daughter, Mrs. Bessie Camp, 55, have established a thriving business trapping roaches for fish bait.

Using flashlights, wire baskets and their bare hands, the women go to work each night, they average about 600 roaches a night, they say. They get two cents each for them.

Local Team Heads For Bi-District Championship

WASHINGTON, July 20 (UP)—State Department officials waited anxiously today for Egypt's official explanation of the fatal stoning of an American tourist in the streets of Cairo Sunday.

The victim was 53-year-old Stephen Haas, a Philadelphia businessman who was on a five month tour of the Mediterranean with his wife.

Rockettes Play Mineral Wells Here Tonight

What promises to be one of the most interesting and most exciting softball games played this season in Eastland will be that tonight at Firemen's Field between the Willy Willys Rockettes and the Mineral Wells team.

These teams have played each other twice, each winning one game apiece. The game tonight will decide the winner.

Out of ten games played the Rockettes have won seven.

12:00 O'Clock Tonight Final On Absentee Voting

County Clerk W. V. Love stated this morning that todate some 150 absentee ballots had been received at his office for the July 24 primary. He estimated that 175 or 200 total would be received by closing time.

Absentee ballots may be filed with the County Clerk upto midnight tonight. The clerk's office however, closes at 5:00 p. m. this afternoon, the usual time, and anyone filing after that time would have to make special arrangements with the clerk.

URGE COMMUNIST YOUTH TO WAR AGAINST RELIGION

By Walter Kolarz
United Press Staff Correspondent
LONDON (UP)—Three leading Soviet journals have so far joined the new anti-religious campaign recently started in the USSR.

They are the Uchitel'skaya Gazeta, the teachers' paper; the scientific journal, Kultura i Zhizn (Culture and Life), and the organ of the Communist Youth League, Molodoi Bolshevik.

Both Moscow and Kiev radio have started to broadcast anti-religious propaganda included in those journals, in addition to special anti-religious lectures.

The most outspoken attack on religion made during the new campaign was in Molodoi Bolshevik, which called upon the members of the Communist Youth League to conduct "offensive anti-religious propaganda" by organizing lectures on scientific subjects dealing in particular with the origin of man and the universe.

The paper admitted that there was still a "backward section" among Soviet youth which has not yet overcome the prejudice of religion. The Communist Youth League was faced therefore with the task to educate the non-party youth in an atheist spirit, the paper said.

Molodoi Bolshevik described religion as an "anti-scientific reactionary ideology."
"Religion," the paper said "prevents people from being fully fledged builders of Communism and conscious and active citizens of socialist society. As the party and the Communist Youth League are fighting for complete victory of Communism in our land they cannot afford to be indifferent and complaisant toward religion."

Molodoi Bolshevik also warned the Communist Youth League members that they must not consider religions as a private affair and that any form of religious belief or "superstitions" are absolutely incompatible with league membership.

Both the Molodoi Bolshevik and the last issue of Kultura i Zhizn quoted the article of the Soviet constitution guaranteeing not only freedom of religion but freedom

Farmer Makes a Beachhead in a Wheat Field

Billy Koelsch, St. John, Kan., wheat farmer, hitched his combine to a war surplus landing barge when heavy rains made his fields too muddy for ordinary tractors. Koelsch's ingenuity saved his wheat crop, which yielded about 30 bushels to the acre. With regular equipment, he would have had to wait another week before he could harvest.

Stormy Weather In Kansas Makes Family Housing Problem Difficult

HUTCHINSON, Kan. (UP)—Ordinary housing troubles are minor compared to those of the Lloyd Magbys of Hutchinson.

Mrs. Magby and her five children lost four homes in two weeks. She shouldered much of the heart break herself, with her husband plying his trade as an oilfield worker out of town.

Here's the story:
Getting set to build a cement-block house on their corner lot, the Magbys first setup a 16-foot square tent as a base of operations. That was last fall. With the home-to-be not far beyond the foundation stage, money ran out. The tent served as family headquarters.

Then the recent stormy weather began raging in the Hutchinson area. Mrs. Magby and the children—Ruth 17, Lois 12, Arlen 9, Virginia 8, and little Earl 3—were asleep. The tent home was torn down in the high wind, but they escaped unhurt.

Arthur Magby, a brother-in-law, came by the next day and helped put up a wooden shelter. Another storm wrecked it.

Magby again pitched in and with his wife's assistance, finished another crude structure. It went

down before pounding winds the next morning.
Still not licked, the Magbys set up two frame buildings, small and a bit on the rickety side, with the assistance of the older Magby children.

The stormy weather had passed. Things seemed brighter.
The little suburban lot did get brighter, but only from a destructive cause—fire. An oil stove exploded and the Magby temporary residence was wiped out again. It happened while Mrs. Magby was at work in a laundry.

Mrs. Mamie Hause, Mrs. Magby's mother, took the family into her home.

"I'd get out of there," said Mrs. Hause. "That's a bad spot."
But not Mrs. Magby.
"One of these days our luck will turn," she said. "We're going to build that house."

Mrs. Hause, a large, gray-haired woman, sighed. Until a fifth temporary home is ready and work re-started on the concrete-block house, the Magby's will stay with her.

Dim Your Lights—Save A Life

Radio Amateurs On Gulf Ready If Storm Hits

BILOXI, Miss. (UP)—Irritant elements of nature in the future will meet stiffer resistance in the way of communications around Biloxi when the hurricane hit the gulf coast last September.

Last year, all communications from the stricken area went over a tiny radio set in hangar No. 1 at nearby Kessler Field. Calls for assistance, emergency calls to worried relatives and wire service stories, all took their turn on the tiny radio set.

But the shrimp net forstalls any such situation in the future.

ASSOCIATE JUSTICE
COURT OF
CIVIL APPEALS
AT EASTLAND

Candidate to Succeed Himself

Subject to Action Of The Democratic Primary

Experience - Ability

JUDGE

Cecil C. Collings

Candidate For The Office Of
ASSOCIATE JUSTICE OF
THE COURT OF CIVIL
APPEALS
AT EASTLAND

Judge Collings was born in Erath County, and after finishing his education began the practice of law in Abilene, during which time he made many close friends. He is capable, honest and diligent. He is young enough, age 48, to do the hard work of this position. He is old enough to be mature and sound in his judgement.

He is now a highly successful District Judge, now serving his 3rd term. If elected, he will make a highly satisfactory Appellate Judge. He is a Christian gentleman with a keen sense of justice asking for promotion.

We urge all of you to vote for Judge Collings in the July Primary.

ASK ANYONE WHO KNOWS HIM

(This ad paid for by Friends of Judge Collings)

The shrimp net is the unofficial name of the gulf coast amateur radio net, which was organized after last September's disaster by some 26 hams in Biloxi and 12 at Kessler Field. All are prepared to make immediate contact with the outside world in case of another disaster.

had never seen blue grass, the Kentuckian bundled up some of the cured grass and sent it to his gulf coast friend.

Meantime, they are having a lot of fun and have made many international friends. Most of them are trying for the certificates passed out by the National Amateur Radio Club on the presentation of 100 cards from different countries, or cards from each of the United States. Many are exchanging stamps, with their new-found foreign friends.

One of the leaders of the Biloxi group is M. Sgt. Joe Melton, who is stationed at Kessler Field. Melton lives in a Biloxi court that was flooded last year but he has built a portable set which he can move on a moment's notice.

Melton has endeared himself to Kessler Field soldiers by one of the radio services he now performs. If he contacts a ham in the home town of a soldier at the field, he arranges for the soldier to have a radio chat with his family.

Melton's radio activities have netted him an unusual present. When he told a Kentucky ham he

Let's Elect
ALLAN SHIVERS
for
2nd TERM
as
LIEUTENANT GOVERNOR

Presenting the Candidacy of

COKE STEVENSON

Of Junction, Texas

for the UNITED STATES SENATE

FIRST, We all know our A B C s —

- A—That campaign promises and running the other follow down don't mean a thing.
- B—That what a candidate can and will do after he is elected is all that counts.
- C—That what a fellow is likely to do after election is to be judged mainly by his past record.

NOW —

- * Coke Stevenson makes no campaign promises except honest and faithful service.
- * He is the only man in this race who has a well known record from having served the whole state of Texas, in the legislature as well as in the Governor's office.
- * That record is extra good or you wouldn't bump into somebody strong for Coke, town or country, and all over Texas, every time you turn around.
- * By the record he has done more for highways, farm-to-market roads (to get them started any way), pensions, school per capita, protection of farmers and ranchmen from predatory animals, and on down the lines than anybody else in the race.
- * Coke Stevenson is a man of the soil and always has championed the cause of the farmer and cattleman.
- * He is the only man in this race who seems to attach any importance to constitutional and State rights.
- * He is the only candidate for the U. S. Senate that has a past record to show that something can be done about waste in operating the government, and who wants to talk and do something about the subject.

Are These Things Not Better Than Mere Promises?

If you think they are, then

Vote For

COKE STEVENSON

July 24th

to be your next SENATOR

(This political statement written and paid for by Eastland County friends who know and believe in the Coke Stevenson brand of government.)

Iowa Goes All Out With Device To Protect Corn

By Richard Kunzman
United Press Staff Correspondent
DES MOINES, Ia. (UP)—Iowa is using the weapons of war to protect its famous corn.

Airplanes are spraying whole fields and townships with DDT to halt the spread of a \$20,000,000-a-year enemy, the European corn borer.

Iowa State College research men have mixed radioactive phosphorus from the Oak Ridge, Tenn., atomic plant with regular fertilizer and planted two Wright County farms in an experiment to trace the route of phosphorus through plants.

That has a bearing on one of nature's most closely-guarded secrets—the conversion of plant food to green vegetable matter.

To protect the corn that made her the nation's No. 1 state in 1947 for per capita far income, Iowa has developed a state-wide communication system and a reliance on weather forecasting that suggests a war-time offensive.

Daily throughout the last three weeks of June, Iowa State College field men measured the height of corn in seven areas of the state, and the number of clusters of corn borer eggs on the corn.

The information was relayed by press and radio to Iowa farmers to advise them of the nearness of their time to arrange for DDT application. The daily "box score" reports on egg-laying were sent out during the egg-laying of the first flight of corn borer moths.

Weather forecasts also are important in the battle against the corn borer. To apply DDT effectively, a farmer should know the wind velocity, and probability of rain.

The weather bureau in Des Moines, in addition to its regular forecasts, issues a daily "agricultural outlook" to give farmers specialized weather information.

Entomologists say corn borer damage has increased "tremendously" in Iowa during the last two or three years. They warn

A CENTURY OF FRIENDSHIP
UNITED STATES — CANADA
1848 - 1948

UNITED STATES POSTAGE 3¢
Commemorating "a century of friendship" between Canada and the United States, this new 3-cent stamp will go on sale at Niagara Falls, N. Y., Aug. 2. The design features the old Niagara Railway Suspension Bridge.

Shooting Ranges Yield Fortune In Lead

CLEVELAND (UP)—A storage battery company here is getting lead from some unusual "mines".

The company reports that "pay dirt" in the form of shotgun pellets is being struck in trap and skeet ranges throughout the country.

At Kansas City, for instance,

that if the borer is not met with an all-out offensive, the damage probably will soon be "several times" the 1947 loss of \$20,000,000.

Better Mousetrap Has Its Points At That

FORT WORTH, Tex. (UP)—Eight years ago W. A. Uttz caught his finger in a mouse trap. Today, with Bing Crosby's aid, he has done something about it.

Uttz has invented a better mouse trap. The six-inch strip of pressed aluminum has saw-tooth tapered jaws operated by a spring lever that permits disposal of the catch, untouched by human hands.

Uttz perfected the trap and sent it to Crosby's California research foundation, a clearing house for gadgets. The foundation approved the design, sold the patent and obtained Uttz the guaranty of a royalty each month.

Farmhand, 75, Enters Governorship Race

ROCHESTER, Minn. (UP)—A 75 year old farmhand, Goldie B. Davis, has filed as Gov. Luther W. Youngdahl's Republican opponent in the September gubernatorial primary.

Davis never has tried his hand at politics before, never has held public office and won't say why

Fire Has Become The Fifth Horseman
... joining War, Famine, Pestilence and Death in the order named. Fire removes 12,000 lives annually in the U. S. and destroys 700 millions in property. Here are the causes of most fires: (1) Careless, forgetful smokers. (2) Children with matches. (3) Uncontrolled use of gasoline, benzine and naphtha in home cleaning. (4) Faulty electrical appliances and over loaded circuits. (5) Neglect of heating plants, stoves and chimneys or flues. One person can help to prevent fires. Will you try?

Mmes. Bond And Fleming To Be Party Honorees

Honoring Mrs. Darwood Fleming of Houston and introducing Mrs. J. M. Bond, wife of a former pastor and the new pastor of the First Methodist Church, Mrs. James Horton, Mrs. H. L. Hassell and Mrs. Ed F. Willman will entertain with a coke party at Mrs. Horton's home Wednesday from 9:30 to 11:30 a. m. All ladies of the City are invited.

Mrs. Taylor Celebrates Her 81st Birthday

Mrs. Cornelius Taylor celebrated her eighty-first birthday with a dinner given Sunday, July 18, by her children. The dinner was held in the office of the Cornelius Advertising building.

Tables were decorated with arrangements of crepe myrtles and purple asters. A three-tiered cake marked the place of the honoree. After the dinner, Mrs. Taylor opened the gifts which had been presented her by her children and grandchildren.

Those present were: Mr. and Mrs. M. T. Cornelius, Gerald, and M. T. Cornelius Jr.; Mr. and Mrs. Sam Cornelius and Caren Cornelius; Mr. and Mrs. Othel Puckett and Carolyn Puckett; Mr. and Mrs. Buster Dendy—all of Abilene; Mr. and Mrs. A. J. Cornelius and Anita Cornelius of Austin; Mr. and Mrs. William Holm, Gretchen and John Austin Helm of Colorado City, Texas.

Mr. and Mrs. C. C. Cornelius; Mr. and Mrs. Paul Lovelace and Paula Lynn Lovelace; Mrs. Maude Blackard; Mrs. Florence Miller; Glen, Robert, Larry, Sam and Vic-

Beethoven Junior Music Club, Guests Are Entertained

Mrs. A. F. Taylor and Mrs. I. M. Herring hosted the Beethoven Junior Music Club and their guests Monday July 19, at 7:30 p. m. on the back terrace of the Taylor home. The garden was colorful with verbenas, fern and evergreens.

Mesdames M. H. Perry, I. M. Herring, and A. F. Taylor received the guests and Wanda Lou Harris presided at the register table.

Card tables were arranged on the spacious lawn for a bingo game. M. H. Perry called the game. Audrey Crews received high score for the girls, and Bobby Womack for the boys. Each was presented with a lovely gift.

Jimmy Black wrote a most interesting class prophesy of all members of the club.

Marilyn Wittrop was an honor guest as a graduate of Eastland High School this June. She was presented a pottery vase by Mrs. Taylor wishing her four happy years in college.

Marleece Elliott, bride elect of Bill Kendrick, was presented an electric clock by the Beethoven Music Club for her faithfulness. The presentation was made by Milton Herring.

Marjorie Hatcher Duncan, bride of Bill Duncan, was presented with an electric clock by Veda Sneed, from the Beethoven Club in appreciation of her loyalty to the club.

Refreshments of frosted punch, cookies and mints were served

tor Miller; Mr. and Mrs. A. B. Cornelius, Catherine and La Verne Cornelius; Mr. and Mrs. Baxter Bennett—all of Eastland.

Special guests were Mr. and Mrs. Earl Jones of Dallas and Eastland guests Mrs. C. W. Pettit, Mrs. Geraldine Pettit, Mrs. Hannah Lindsey and Jack Germany.

from a white linen laid table, centered with pink gladiola, to the following members: Veda Sneed, Mary Ann Henderson, Marilyn Wittrop, Marjorie Ann Terrell, Audrey Crews, Margie June Poe, Patsy Simpson, Edith Cox, Billie Vessels, Milton Herring, Allen Vermillion, Honorees and ex-members Marleece Elliott, Marjorie Hatcher Duncan, Wanda Lou Harris, and guests, Mary Halkias, Dan Amos, Eddie Haines, Bobby Womack, Mary Lou Anderson, Bill Kendrick.

The club adjourned until September.

Personals

Mr. and Mrs. Tom Lasater and grandson, Billie Joe Lasater, attended the reunion of the White family Sunday, July 18, which was held on the roof garden of the Laguna Hotel in Cisco. Relatives were in attendance from Fort Worth, Dallas, San Antonio, Albany, DelLeon and Carbon. The reunion next year will be in San Antonio.

Mr. and Mrs. L. W. Aldredge were called to Ardmore, Oklahoma, her mother, Mrs. Tankersby is seriously ill.

Dan Martin is on a two week's vacation and is visiting in Levelland.

Mr. and Mrs. L. S. Young and son, Lonnie, are spending a few days in Amarillo.

Mrs. John Bracken of Fort Worth is visiting her parents, Judge and Mrs. George L. Davenport.

Miss Elsie Glenn has had as house guest for several days her close friend Miss Elizabeth Coleman, registered nurse, Graham Sanatorium, Cisco. Miss Coleman is well known to several Eastland people. From Eastland, she went to Gorman to visit her sister, Mrs. Wilbur Shell.

Mrs. M. L. Poole of Vici, Oklahoma, is here with her mother for an indefinite stay.

Little Miss Kay Reader of Dallas is visiting her grandparents, Mr. and Mrs. Jesse McKee, South Halbryan Street.

Mr. and Mrs. Harry E. McDonald of Dallas are parents of a seven pound son, Michael Lyman, born July 17. Mrs. McDonald is the former Miss Marie Plummer daughter of Mr. and Mrs. G. A. Plummer.

Mr. and Mrs. Ben F. Lynch returned Saturday from Dallas where Mr. Lynch has been in the Veterans hospital for treatment since early in March.

M. B. Burgamy of Devor is critically ill with heart trouble.

His sons Arlys and Estes have been called to his bedside.

Arlys Burgamy, wife and two children, have been recent guests of his mother Mrs. John W. Smith at the Texland hotel.

"Chalk" Mulkey and wife of Throckmorton were recent visitors in the home of Mr. and Mrs. John W. Smith.

Mr. and Mrs. B. G. Blair were in Lipan Saturday visiting her parents.

Guests in the home of Mr. and Mrs. I. M. Herring and son Milton Monday night were Mr. and Mrs. Bailey Herring and two children of Gatesville. Mr. Herring is a cousin of I. M. Herring.

Recently married, Mr. and Mrs. Edwin Edmondson have moved into the newly decorated Lanier Apartments on West Commerce street. Mr. and Mrs. S. Bradshaw and little daughter have moved to the Lanier apartments. Mr. and Mrs. Bradshaw recently were married in Monahan and moved to Eastland. Mrs. Bradshaw is the former Miss Rhea Mildred Hearn.

Mrs. Mat Wallace is ill in the Ranger General Hospital. Little Stephanie is staying with her grandmother, Mrs. Jennie B. Seif.

APPETIZING RECIPES
(Editor's Note—The following recipes and those to follow are to be used later in a cook book to be published by the South Ward P. T. A.)

Fruit Punch For 30
4 cups sugar
2 cups boiling water
4 cups strained tea
3 cups lemon juice
3 cups orange juice
2 cups grape juice
2 cups crushed pineapple
2 bottles ginger ale
8 cups ice water
Mix sugar and boiling water and boil 2 minutes. Add rest of ingredients and chill.

Mrs. Roert D. Vaughn, 405 Pershing, Eastland, Texas.

Lemon Dessert
2 cups rolled vanilla wafers
1-2 cup butter, melted
Mix ingredients, pour into buttered shallow pan, press down to

form crust for dessert.
Add lemon filling.

Filling
2 1/2 cup sugar
1 1/8 cup flour
1-8 teaspoon salt
3 tablespoon lemon juice
1 tablespoon lemon rind
3 egg yolks
1 cup water
3 egg whites beaten
Blend sugar flour, and salt, add juice and rind egg yolks and water
Cook slowly, stirring constantly until mixture thickens. Fold in egg whites, pour over crust, cool then chill. Cut in squares and serve with whipped cream.

Mrs. J. O. Earnest, Eastland, Texas.

Flour Sacks Made Clothes

MEMPHIS, Tenn. (UP)—Headquarters of the National Cotton Council is displaying 18 new wardrobes made completely from cotton feed and flour sacks. The wardrobes, ranging from baby apparel to the most formal wear, will be shown throughout the country at fashion shows.

Motor vehicle ownership in Nebraska rose from 397,936 in 1944 to 466,847 in 1947.

Cost of Being Pretty Hiked in Philippines

MANILA (UP)— Philippine congressmen, tossing a mud pie into the world of fashion, have passed a bill that taxes women for trying to prettify themselves.

Perfumes, toilet waters and bath salts will jump 20 to 30 per cent in price. So will petroleum jellies, hair oils, pomades, face creams, hair restoratives, essences, extracts and other cosmetics.

Taxes have been hiked 10 to 15 per cent on flat irons refrigerators, electric stoves, washing machines, upholstered furniture, beauty parlor equipment and textiles.

A jack rabbit can run faster than a race horse according to the World Book Encyclopedia. The jack rabbit has been clocked at 45 mph. while top race horse speed is only 42.3 mph.
