American Civilian Missing In Soviet Zone

Area... OIL News

EASTLAND COUNTY GOVERNMENT

Following is report of activities in Kirk Field, Gorman, for July 21:

Burk and Royalty have been making two new locations; 330 feet out of the SW corner, and 330 feet out of NE corner of their 20 acre lease out of the George Bell 60 acre tract. These are more or less forced offset wells since this tract is hedged in by the Della Graham and the Ireland Watson tracts to either side and the Dominy and Sanders to the south and the Mears' well on the north. There doesn't seem to be much doubt but that something should be found on the George Bell 60 acres—with good wells to the right of him, and good wells to the left of him, and good wells to the north and south of him, how can he miss getting something pretty good?

Just north of Sipe Springs O. J. McCulloch is drilling at 2737 on the Moorman lease Tuesday they were being held up by a swabbing job. Comanche county.

J. C. Man, Jr., drilling for the Coast Oil on their No. 2 Griffin at 1150 feet.

France and Gillespie No. 1 McMullen perforated Tuesday afternoon. Will probably acidize Wednesday afternoon.

Collins No. 1 Mears is given up as definitely D&A. This drilling is 7 miles north west of DeLeon. They drilled into the Ellenberger to a total depth of 3201, and found nothing all the way down. This is situated in section 56 H&TC survey, Comanche county.

Foster Bros., No. 4 Ray Burns drilling at 2660 feet in hard lime.

Robert W. McKissick et al. No. 3 Mears Estate set surface pipe and are WOC.

A. F. Richardson No. 1 Jones, 6 miles northwest of Sidney have pits dug and will move in soon. Comanche county.

Skelley Oil No. 3 Mears drilling at 895.

A. W. Gregg and Burton set casing at 2878 and are still WOC on their No. 1 Phillips.

Oil Personnel Noted in and around the Gorman Hotel lobby:

Tom Hamilton, Wichita Kansas; Cecil Burton, Houston; A. B. Taylor, Austin; Mr. Glass, Austin; Bud Green, Fort Worth; Jack Urban, Aubrey, Gregg, Houston; Mr. Gillespie, Fort Worth; Tom Davey, San Antonio; Mr. Blevins, Dallas; Mr. and Mrs. Gillespie, Houston.

Top Communists Arrested

Six top-ranking members of the American Communist party as they appeared in Federal Court in New York City, under indictment on charges of plotting to overthrow the Government of the U. S. by force and violence. They posted \$30,000 bail in U. S. Government bonds. On the front row, left to right: Eugene Dennis, Communist Party's General Secretary; William Z. Foster, National Chairman of Communist Party in U. S.; and Benjamin Davis, Jr., member of New York City Council and member National Board of the Communist Party. In back row, left to right: Henry Winston, Organizational Secretary for American Communist Party, and Jack Stachel, National Educational Secretary and head of Communist Agitation and Publications Dept. — (NEA Telephoto).

Ford Motor Co Grants Increase To CIO Workers

DETROIT, July 22 (UP)—Ford Motor Company and CIO United Auto Workers reached agreement today on a new pact providing a 13-cent hourly wage increase for 116,000 Ford workers.

The agreement, ending threats of a nationwide walkout in 46 Ford plants came in after a grueling 21-hour bargaining session which continued throughout the night.

In addition to the 13-cent wage increase, the agreement provides social security benefits amounting to an additional 3 1/2 cents.

Ford Motor Company officials estimated the cost of the wage and social security benefits at \$32 million annually.

Man Injured In Roping Contest In Eastland

Paul Hodges of west of Ranger is in the West Texas Hospital in Ranger receiving treatment for a broken collar bone and dislocated shoulder.

Mr. Hodges was injured Wednesday night while he was participating in a calf-roping contest in Eastland. The horse tried to jump a gate and Mr. Hodges was injured as a result.

Eastland County Voters, Totalling Approximately 7,500, Due To Vote In Saturday's Democratic Primary

County Chairman O. E. (Oscar) Lyerla states that the usual board will be erected on the courthouse lawn on the southside of the County courthouse in Eastland and the election returns will be placed on it Saturday night as usual each election day night.

The polls for Saturday's Democratic primary will open at each polling place in the County Saturday morning at 8:00 o'clock and remain open until 7:00 p. m.

Following the closing of voting places the returns will be gotten into Eastland just as quickly as possible and as they come in the figures will be displayed on the large board erected for that purpose. At intervals totals will be given.

County Clerk W. V. Love stated Wednesday morning after the time for voting absentee ballots had passed, that a total of 203 absentee votes had been cast. He had formerly estimated that as many as 200 would be polled.

Poll taxes paid and exemptions total 6,999 in the County. To this should be added an estimated 500 over aged making total voting strength of Eastland county approximately 7,500 in the coming election. Under aged, those who will be eligible to vote in this primary, were required to obtain exemptions, and are counted in the above totals.

NEW POOL IS DEVELOPING AT DUSTER

Close to the little community of Duster, in Comanche County, a pool is developing.

A total of four producers have been drilled. Two of these go back to 1934. They are on the north and there is a well, two and a half miles south, which was drilled in 1938. In between is the newest well, completed in June.

The newest well, drilled by W. H. Ezell of Alvin, came in for a round 40 barrels in the Marble Falls at approximately 2,800 feet. This is three quarters of a mile south of the two wells owned by the Empire Gas Company, which are primarily gas wells. The southernmost well is owned by the Sells Petroleum Company of Gladewater and is making about 25 barrels a day on the pump.

The area is witnessing new activity. A mile north of the Empire wells, France & Gillespie on McMullen No. 1 on Sabano Creek have the casing set in the Marble Falls. Two miles north of this test Clemens & Mellard of the Maurey are testing the Marble Falls. This well is some two and a half miles southwest of the Kirk Pool.

Will Attend Dedication Of Historic Church

Vacationing in Gleasondale, Mass. is Mrs. Joseph M. Perkins, who left Eastland Wednesday and was joined in Fort Worth by her daughter, Mrs. C. Keith Beyette and her daughters, Emily and Susan. Mr. Perkins will join the family in Gleasondale.

The family will visit Mrs. Perkins' mother, Mrs. Abert H. Gleason and attend the Golden Anniversary of the Methodist Church at Gleasondale, in the present building fifty years and 150 years in the Town.

Many of Mrs. Gleason's friends will be glad to learn that she is being honored having played her organ for more than fifty years.

Mrs. Gleason's father was choir director until his eightieth birthday. Albert Gleason, father of Mrs. Perkins was the Sunday School Superintendent until shortly before his death a few years ago, and during that time represented the Massachusetts Sunday Schools in London and Paris at a world conference.

The church building was donated by Charles W. and Alfred D. Gleason as a Memorial to Benjamin Whitney Gleason, their father. It was built in 1898 and at the time of its dedication marked the hundredth anniversary of Methodism in that area.

Emily Jean and Susan Beyette, grand-daughters of Mr. and Mrs. Perkins, are the sixth generation. Benjamin Whitney Gleason for whom the town was named.

The Communion service which will be used, as the gift of The Dale, who was the father in the original firm of woolen mill owners "Gleason and Dale." The mill recently sold, was one of the 173 oldest woolen mills in the United States.

HAS PART IN PLAY

Miss Dorothy Perkins, who is attending Middlebury College at Breadloaf, Vermont; recently played the leading role in a play "The Lord's Will," Miss Perkins played in the Midland public school the past year. She is a daughter of Mr. and Mrs. Joseph M. Perkins.

BOYS GO TO CAMP

Eight club boys left Eastland this morning to attend a district camp at Brownwood. A number of counties in this area make up the district of which Eastland County is part.

Latest census figures show there are 17,000 more women in Venezuela than men.

One course of part time cabinet making at Cisco, and agriculture.

Agriculture classes are located at the following places; Carbon, Romney, and Desdemona.

Is Considering Construction Of Homes Here

V. G. Tilley of Tyler, who has been in the lumber business in one manner or another for a number of years, was in Eastland Wednesday and discussed with a few representative citizens the possibility of his engaging in the construction of a number of homes in Eastland that would be built for sale.

Tilley will be remembered by many in Eastland as a driller in the Eastland County oil boom days, having operated with Tom Harrell. He and Harrell left Eastland about the same time in 1931 and engaged in rig building in the East Texas oil fields.

Tilley recently came to Eastland for the purpose of delivering lumber shipped to Eastland builders.

Mrs. Ida Morris To Be Hostess To Pioneer Club

Under the old oak tree by the old well, 306 South Seaman street, Mrs. Ida Morris will be hostess to the Fifty Year Pioneer Women's Club Tuesday, July 27, which is an annual picnic style meeting.

All members are invited to attend and bring their silver and tea glasses for the covered dish affair.

Mrs. Tonsie Johnson is president of the Club.

TWO AMERICAN MILITARY POLICE ARRESTED; EXPLANATION WANTED

CHARLES EATON KILLED IN CAR ACCIDENT

Charles B. Eaton, 520 South Dixie Street Eastland Meter Relay Engineer in the Transmission Department of the Texas Electric Service Company, was found dead in his wrecked car down a 30 foot embankment on U. S. Highway 99 near Jacksboro this morning about 5:00 a. m. by a passing motorist who called the sheriff at Jacksboro to investigate.

The body was carried to Hawkins Funeral home in Jacksboro and was to be carried later to Weatherford, the home of his parents, Mr. and Mrs. Frank C. Eaton.

Mr. Eaton left Eastland Wednesday for Wichita Falls and was thought to be enroute home last night and was to go to Sweetwater.

Mr. Eaton was to attend a farewell party in Eastland Wednesday night in honor of Mr. and Mrs. Jack Ammer who are moving to Monahans and notified friends he could not be present.

He had been with the company since April 27, 1936 and came to Eastland in June 1940. He died on his 40th birthday. Funeral arrangements were incomplete this morning.

Survivors are his widow of Eastland, and his parents, Mr. and Frank C. Eaton of Weatherford.

BERLIN, July 22. (UP) — U. S. Authorities asked the Russians today for a report on an American civilian missing in the Soviet zone for 48 hours and for an explanation of the arrest of two American military police who stayed into the Soviet zone.

The British Military Government charged today that two Soviet fighters "flew directly toward a York transport," veering away only at a distance of 100 yards.

The mysterious disappearance of the civilian and the arrest of the military police early today added new tension to the crisis over the Russian blockade of Berlin.

The Russians opened a propaganda attack on Gen. Lucius D. Clay, the U. S. Military governor. They asserted

New Dealers Challenge The Wallace Party

PHILADELPHIA, July 22 (UP)—Some of Henry Wallace's former political associates accused his new party of being "an instrument of Soviet policy."

They challenged it "to declare its independence of Communism."

The charge and challenge was voiced by the New Deal Americans for Democratic Action which is composed in large part of one-time Roosevelt administration colleagues of Wallace who no longer see eye to eye with him politically.

The Wallace party opens its first and founding national convention here tomorrow night. It will christen itself, nominate Wallace and Sen. Glen Taylor for President and Vice President, and adopt a platform calling for public ownership of key industries, peace with Russia, federal price controls and rationing of scarce goods.

Clay In Washington For Conference

WASHINGTON — President Truman, after declaring that the chances for world peace seem excellent, met today with the national security council and top military leaders to hear from Gen. Lucius D. Clay a first-hand report on the Berlin blockade.

The White House said that "This is not in the nature of a crisis meeting."

The president at an earlier press conference declined to enter into any detailed discussion of the international situation, but he said he thought the overall chances were good, in fact, excellent.

Later in his news conference, during a second round of "peace" questions, the president said he thought the chances for world peace were just as good as they had ever been — that he was confident that the world would eventually reach a peaceful condition.

The security council includes Secretary of State George C. Marshall, Defense Secretary James Forrestal and the Secretaries of Army, Navy and Air.

Clay, U. S. Military governor in Germany, arrived here last night to give a first-hand account of the crisis stemming from the Russian blockade of Berlin.

Says Britain To Stand Pat With Rusians

LONDON, July 22 (UP)—Foreign Secretary Ernest Bevin told Commons today that Great Britain like the United States, "cannot be coerced" in dealing with Russia on the German situation.

In a brief statement in Commons on Germany, Bevin used some of the same words as Secretary of State George C. Marshall did yesterday in Washington.

Winston Churchill, leader of the opposition, at once pressed Bevin for a detailed statement on "the military aspect" of the situation.

Bevin said he was in close touch with the United States and French governments on the Berlin situation, and particularly on the next move in the light of Russia's rejection of a Western demand that the blockade be lifted.

Lonesome Pine Remains Lonesome

By William A. Shires
United Press Staff Correspondent
BIG STONE GAP, Ca. (UP)—
A pine tree that probably never existed except in one man's imagination is a major tourist attraction in the southwest Virginia hills.

It supposedly stands somewhere in the hills west of this modest little town. But no one seems able to find it.

That's about the first question a tourist asks. He stands in front of the Big Stone Gap hotel and peers off at the ridges that rise up on ever side.

"Where's the tree?" he asks a native. "Don't know," is the answer.

"But doesn't anybody know?" the tourist will ask.

"Oh sure. Miss Fox knows. And a few others."

Just off the main section of town and down in a shaded little hollow is a low-built house of stone and wood. It is almost cov-

ered with ivy and mountain foliage. A fence surrounds it.

It is the quaint-appearing home of Miss Minnie Fox and her brother, Oliver. They are the brother and sister of John Fox, Jr., who lived here and wrote his story "Trail of the Lonesome Pine."

According to legend, Fox, before his death, took his sister to the tree he wrote about in his book. He said it was standing alone on a ridge and became his inspiration.

But gentle Miss Minnie Fox is about 80 now. It was back in the 1900s that John Fox wandered out into the hills around here.

Miss Minnie Fox is retired. She and her brother are the foremost citizens of Big Stone. Near the house is John Fox's library which they gave to the city.

As far as the gentle couple is concerned, their brother's lonesome Pine will stay lonesome forever.

HEART-BREAKING JOB
COLUMBIA CITY, Ind. (UP)—
Employees of the Nickel Plate Railroad had a regretful task to perform when they had to bury four and one-half tons of meat. The meat was in a refrigerator car overturned in a derailment and the wreckers couldn't get to it before it spoiled.

Work Never Hurt Anyone 10 Work Doesn't Hurt Anyone, Old Man Says

LYNN, Mass. (UP)—Recently turned 95, Charles Durkee Lyon claims to be the nation's oldest active locksmith.

A native of Vermont, Lyon says he started working on his father's farm as a youngster and hasn't stopped since.

"Work never hurt anyone," said the spry old New Englander. "What's the sense of retiring and hanging around doing nothing when you have everything you want right here in the shop to you happy."

Siamese Girls Bob Hair To Cheat The Devil

BANGKOK, Siam (UP) — Close-cropped hair is more than just the rage in Singhaburi province in Siam. It's a life-saving measure.

Travelers returning from the hinterland report that according to a rumor in the province, the

Devil, in a recent conversation with a religious mystic, said he would take the life of every woman in Singhaburi. The sudden and unexplained deaths of several women in the province seemed to confirm the rumor.

Anyway, women immediately rushed to the hairdressers to demand boyish bobs as a disguise to "cheat the devil."

VOTE FOR Cecil C. Collings For CIVIL COURT OF APPEALS Ask Any One Who Knows Him

Born Chalk Mt., Erath Co., Texas, September 28, 1899. Finished high school at Glen Rose, Texas, 1917. Attended Meridian College, University of Texas. Elected County Judge of Somervell County, Texas, 1922. Received law degree, University of Texas, 1927. Practiced law in Abilene and Big Spring, Texas. Elected District Attorney, 70th Judicial District, 1934. Elected District Judge 70th Judicial District, 1938. Has occupied that office until present time. Pd. for by Friends of Judge Collings

We, the undersigned lawyers of Eastland County, hereby heartily endorse Judge J. E. Hickman for nomination to the first elective term of Chief Justiceship of the Supreme Court of Texas. Judge Hickman is now serving as Chief Justice, having been appointed following the death in January of this year of Chief Justice Alexander.

Never before has there been a Chief Justice from this section of Texas, and Eastland, Stephens, and Erath Counties should take great pride in giving him an almost unanimous vote July 24 as each of the three counties can justly claim him for their own as he resided in and practiced law in each of the counties and was on the Court of Civil Appeals at Eastland for many years, each of the three counties being part of the Eastland Court of Civil Appeals District.

All who are acquainted with him know him to be an outstanding judge, a good citizen, and a fine Christian gentleman. These combined should make him an ideal public servant.

Here's Help For Lost Golf Ball Troubles

By John Rosenburg United Press Staff Correspondent NEW LONDON, Conn (UP)— Golfers may relax. Take your eye off the ball. Forget that back-swing. Have fun. Mort Mencher, manager of the Griswold Country Club, says he has the antidote to golf's most maddening bugaboo, the lost ball. "We have eliminated that off-the-fairway nightmare," he said. It took two years of experimentation, Mencher explained. Two years of trial and error. "But we have the answer," he said. "Our golfers rarely lose balls up here." It should be a comfort to every golfer, he added, especially at the price of golf balls today. What is the great discovery?

Well, Mencher said, he hated to broadcast it because people might think he was crazy. But the modern method of keeping sanity while in the rough is— "Dogs," he said. "We have trained a pack of pointers to hunt for our lost balls. When the ball is found the dog comes to a point and waits for the player to make his next shot." Mencher said it wasn't easy to train the dogs. "We tried everything to give the balls a scent the dogs would follow," he said. First the golf balls were rolled in ground beef and dog food. It didn't work. "One pooch almost choked trying to swallow one of our steak treated balls," Mencher said. "We had to give that idea up." But the ingenious Mencher, who is credited with inventing the luminous golf ball for night play, didn't give up. "I finally hit on the idea of giving the balls a pheasant scent," he said. "It worked on the first

Hopes for Miracle at Lourdes

Says Germans Still Feel Like Fighting Again

FRANKFURT, Germany (UP)—Fritz von Unruh of New York, well-known German-born writer, fears that "the real democratic forces of the German people may be too weak to overcome nationalism."

Unruh, touring western Germany, said in an interview that he had not expected a democratized German people.

"I fear that those who endeavor to establish a real democracy in Germany will try in vain because of the dangerous rebirth of nationalist movements," he said.

Unruh said recent developments in Hesse, where the newly-founded National Democratic Party—charged to the fascist by the military government—could make substantial election gains are "disappointing and alarming."

Blames U. S. Party He added that the U.S. military government attitude toward the German problem in some cases furthered nationalists and militarist feelings. He mentioned the recent announcement of an American foreign legion and said, "this could become the death blow to all anti-militarist endeavors in Germany."

Unruh said that "if you ask a German whether he would be willing to become a soldier again, he undoubtedly would answer yes and not even care what he is supposed to be fighting for."

"Just give them a gun—they'll march," Unruh said. The gray-haired writer, who vainly fought nationalist Germans before Hitler came to power, and left Germany in 1932 when he recognized that the wave of nationalists-militarist forces would sweep the country.

He said he plans a new book about his impressions in Germany. "It will be a tragic song of misdirected and vain attempts to restore democracy to Germany," he declared.

try." Mencher said that after the first successful experiment he arranged with a pheasant farm in Lakewood, N. J., for a continuous production of pheasant-scented golf balls.

"It was fairly simple," Mencher said. "The owner of the pheasant farm merely put the golf balls in the pheasant nests and the hens

would sit on them." Mencher said his idea isn't perfected yet, but it's workable.

Mencher thinks a breed of dogs that would hunt golf balls without an unnatural scent-stimulus would be ideal.

"I'm working on that now," he said.

And what will he call the new breed? "Cad-dogs," he replied.

PORTLAND, Ore. (UP)—A 66-year-old man was taken to jail accused of stop-lifting perfume. A vial broke in Forrest R. Freight's pocket during a getaway attempt and police picked up the scent.

Bright Child Usually Sturdy

CHICAGO (UP)—The extremely bright child is not usually a physical misfit.

In fact, he's more likely to be superior in size, strength, muscular control and general health to other children in his age group, says Paul Witty, professor of education at Northwestern University.

Writing for the National Parent-Teacher, Witty says the idea that extremely bright children are "physically weak unsocial, bespectacled miffits" has no foundation whatsoever.

Witty cites a study which traced the careers of 1,500 "very bright individuals" from childhood into adulthood. That and other less extensive studies support the view that unusually intelligent children are usually physically superior also, he said.

Witty contends that one of the greatest shortcomings of today's school systems is their failure to recognize and conserve unusual ability and talent.

Orchids From England Prized

BANGKOK, Siam (UP)—The shipment by air of orchids from the cold climate of England to tropical Siam calls for an explanation of the "cosas to Newcastle" trade.

The orchids are the result of hybridizations of plants originally taken to England from Malaya by Sir Hugh Low almost a century ago.

Sir Hugh, founded his orchid nurseries in 1830 and his successors, 87-year-old Stuart Henry Low and Miss W. Eileen Low, carry on. They manage nurseries at Crowborough, where hybrids are developed, from specimens collected from tropical regions all over the world. The hybrids are sent back to the orchid-producing countries to collectors and fanciers.

Worth from \$4 to \$2,000 a single plant, the orchids are packed in special boxes for air transport.

Hogs which are kept cool during the summer months eat better, gain faster and put on weight at less cost.

Experiments in Iowa indicate 12 cents worth of DDT insect killer can increase production of a dairy cow by as much as 200 pounds of milk in two months.

Internal parasites of livestock cause an estimated \$125,000,000 loss annually.

Chocolate Sundae Fails As Stickup Weapon

FORT WAYNE, Ind. (UP)—Dewey Lamle, 22, was arrested on a charge of trying to hold up a drug store with a chocolate sundae.

Police said Lamle ordered a sundae "with plenty of nuts" and when police arrived they found Lamle unarmed and starting on his sundae. They didn't let him finish it.

The average age of World War II women veterans now is an even 29 years and 9 1-2 months.

If you wonder what makes a Venetian blind, consider this display of what little there is to the latest Italian beach wear. The blue and white striped, modified diaper-model swim suit was shown at a fashion show at Venice's Lido beach.

The girls don't give a fig for old-style bathing suits. Claire Rose designed this swimsuit, which has two satin fig leaves for its bra top and another leaf on the brief trunks. Kay Hempree, wearing it on the beach at Miami, Fla., makes it look good.

The recent finding of oil again at the "ghost town" of Leeroy (on the Eastland-Stephens county line) after the spot had been de-

serted 20 years ago as "played-out" reminds me of the time that I started an oil boom at Leeroy—probably the shortest oil boom on record. Leeroy sprang up about 1919 in a wilderness of wolves and men quite when oil was struck. The C. and N. E. railroad, building

from Cisco to Breckenridge, built through the town, which grew to a population of perhaps 6,000. Then dry holes were hit and the people moved on. The buildings were torn down; piles of rubbish and streets, rapidly being reclaimed by grass and brush, were the only reminders of the one-time

boom town. It was late in 1923 that a friend of mine and I visited the scene. I had in mind writing an article on the "phantom city". My companion had a box camera, which he set up on a tripod, and took pictures. A small brick vault stood all by itself—thousands of dollars had been stored there. The bank building had been torn down but the little vault was considered not worth the trouble of salvaging.

The sun was shining that Saturday but it was a deceptive sunshine, as though it mocked the hopes of which Leeroy was the graveyard. The temperature was cold and a strong wind added a penetrating keenness that was almost numbing.

Someone saw the two visitors and assumed that the camera on a tripod was a scientific device of some kind. So the report spread that Leeroy was being studied for further oil development. On Monday morning, when the oil company offices in Eastland opened, landowners of the Leeroy area were waiting, ready to lease their land. When the official of one company said that he was uninterested, the land owners went on to another until all the offices had been visited, then they sadly returned home. The oil company of-

ficials scratched their heads as they puzzled about the sudden "invasion" of landowners from around Leeroy. And that's how I started an oil boom which lasted from Saturday through Monday. But like the character in the comic strip who was "born 30 years too soon," I was just ahead of developments by something like 25 years. Leeroy is now the scene of a revival of oil activity.

That cold, wind-swept day, I had been walking around on a tripod under which lay a treasure of deeper oil. Recently, six wells have been drilled in the vicinity—two of them in the townsite itself. In fact, one of these deeper producers is only 200 feet from where the old bank vault stood. Well, anyhow I have a picture of the vault.

ATTENTION TAX PAYERS

The Tax Record of Two Men

PAT BULLOCK

HARLEY SADLER

Now a member of the State Senate and a candidate for re-election to a SECOND full term:

Now a member of the House of Representatives and a candidate for the Senate.

At the last session of the Legislature Harley Sadler introduced House Bill No. 634 which levied the following taxes:

In 1941, Pat Bullock (Then a member of the House of Representatives) Co-authored and helped pass the Bill which increased the tax on OIL, GAS and SULPHUR. This was to pay Old Age Assistance, aid to dependent children, aid to the needy blind and to finance teachers retirement.

1. The Sadler Bill levied a Tax on all soft drinks whether served at the fountain or in bottles.
2. The Sadler Bill levied a TAX on TIMBER, LIME, SAND, SHELL, GRAVEL, and LIMESTONE, or building stone. (This would have increased the cost of building homes which are so badly needed).
3. The Sadler tax Bill would have levied a TAX on Gypsum from which WALL BOARD and other building materials are made.
4. At the previous session of the Legislature Harley Sadler introduced House Bill No. 174 which levied a TAX on Gasoline in Farm Tractors. (This would amount to the same thing as taxing a bushel of oats or other horse and mule feed).

Since the passage of this bill Senator Bullock has successfully opposed all tax bills of every kind. He is especially opposed to a SALES TAX.

With a cash surplus of Ninety Million dollars anticipated in the General Revenue Fund for the next session of the Legislature PAT BULLOCK is opposed to any new taxes.

These original Bills are on file in the Secretary of State's Office in Austin just as they were introduced by Mr. Sadler. A copy of these Bills by Harley Sadler, certified by the Secretary of State, has been mailed to each County Judge in the 24th Senatorial District. We suggest that you examine these Bills to verify the truth of the above statements.

The issue between these two candidates is clear. Senator Bullock opposes addition taxes. Mr. Sadler tried to tax the necessities of life.

This ad paid for by tax payers of the 24th Senatorial District who are opposed to further burdening the people with new taxes as long as there is a vast surplus in the State Treasury with which to meet the needs of our state.

Hiroshima Police Taught To Dance For Democracy

By Earnest Hoberecht United Press Staff Correspondent

HIROSHIMA, Japan (UP)—If you are going to be a good policeman in this city, you've got to be able to dance the "boogie-woogie". Everybody in Japan knows that "dancing is democratic," so there is really nothing strange about dancing lessons being included on the regular police training schedule here.

Hiroshima wants to be the most democratic city in Japan. It wants to be the peace capital of the world. Police Chief Shimono-san demands that his men promote peace and democracy by being able to both waltz and "boogie-woogie."

He explained this fully to the recruits and old-timers and then waved a baton to turn Higashi police station into a dancing school.

A hot combo ran through three numbers but nobody ventured out on the floor of the police station's auditorium where lectures on fir-

gerprinting and jujitsu usually are given. "What's the matter with you?" demanded the chief. "Don't you want to broaden your personalities? Now get out and dance—that's an order!"

Slowly the cops got into action, selecting partners from among the policewomen who were called in off their beats to aid in the new class work.

The cops were shy and didn't seem to get the idea, but at least a half dozen of the women law-

enforcement officials very evidently had been taking private lessons from American soldiers. "Boogie-woogie! Boogie-woogie!" They waved their hands, kicked up their legs and made sounds like: "Get hepped, Joe." The chief asked the girls where they learned to dance. With GIs, maybe?

Presenting the Candidacy of COKE STEVENSON

Of Junction, Texas

for the UNITED STATES SENATE

FIRST, We all know our A B C s —

- A—That campaign promises and running the other fellow down don't mean a thing.
- B—That what a candidate can and will do after he is elected is all that counts.
- C—That what a fellow is likely to do after election is to be judged mainly by his past record.

NOW —

- * Coke Stevenson makes no campaign promises except honest and faithful service.
- * He is the only man in this race who has a well known record from having served the whole state of Texas, in the legislature as well as in the Governor's office.
- * That record is extra good or you wouldn't bump into somebody strong for Coke, town or country, and all over Texas, every time you turn around.
- * By the record he has done more for highways, farm-to-market roads (to get them started any way), pensions, school per capita, protection of farmers and ranchmen from predatory animals, and on down the lines, than anybody else in the race.
- * Coke Stevenson is a man of the soil and always has championed the cause of the farmer and cattleman.
- * He is the only man in this race who seems to attach any importance to constitutional and State rights.
- * He is the only candidate for the U. S. Senate that has a past record to show that something can be done about waste in operating the government, and who wants to talk and do something about the subject.

Are These Things Not Better Than Mere Promises?

If you think they are, then

Vote For

COKE STEVENSON

JUDGE

Cecil C. Collings

Candidate For The Office Of ASSOCIATE JUSTICE OF THE COURT OF CIVIL APPEALS AT EASTLAND

Judge Collings was born in Erath County, and after finishing his education began the practice of law in Abilene, during which time he made many close friends. He is capable, honest and diligent. He is young enough, age 48, to do the hard work of this position. He is old enough to be mature and sound in his judgement.

He is now a highly successful District Judge, now serving his 3rd term. If elected, he will make a highly satisfactory Appellate Judge. He is a Christian gentleman with a keen sense of justice asking for promotion.

We urge all of you to vote for Judge Collings in the July Primary.

COUNTY JUDGE

HE HAS been instrumental in LOWERING your COUNTY tax rate from \$1.16 to 60c, less 3% discount, per \$100.00 valuation. Where you paid a County tax of \$11.60 per \$1000.00 in 1946, you now pay only \$5.82. He will CONTINUE TO stand for as LOW a County Tax rate, as is consistent with good county business.

HE HAS been instrumental in keeping EVERY COUNTY FUND in the best condition in the history of the County, and HE WILL continue to do so.

HE HAS collected more fines as County Judge than has EVER been collected in a period of time before, ALL of which goes to and has been an additional benefit to YOUR County Commissioners for RURAL ROADS to the extent of more than \$25,000.00.

HE HAS been fair and impartial in the trial of Civil and Criminal cases and in the handling of Probate cases. He has never had a case reversed by the Higher Courts.

HE HAS been prompt and generous in handling cases of the poor, indigent and unfortunate, personally seeing that their needs were taken care of properly and without delay.

HE HAS NEVER failed to render every aid at his command to the AGED PEOPLE of the County and he NEVER will fail them.

HE IS an Ex-Service man, a member of the American Legion, and constantly renders aid to the men of ALL WARS and THEIR dependents.

HE WILL continue to devote his full time to the best interest of Eastland County and you will ALWAYS know where he stands on ALL questions affecting the interest of the people of Eastland County.
