WASHINGTON July 24 (UP)-The Air Force rushed prepara-tions today for adding about 100 giant transport planes to the Berlin supply run to overcome the Soviet blockade.

Gen. Lucius D. Clay, American military commander in Germany, was flying back to Berlin to put the expanded airlift plan into operation. The details were worked out during a two-day round of conferences which Clay had with military and diplomatic leaders in Washington.

With Clay was Charles E. Bohlen, the state department's top expert on Russia, who carried new U. S. diplomatic proposals for relieving the tense Berlin situation. He will confer in London over the week-end with American, British and French officials.

The new airlife program calls for increasing food and fuel shipments to Berlin from the present 2,500 tons a day to 4,500 tons. Officials emphasized that it will continue indefinitely — e v e n through the winter if the Russsians maintain their restrictions on rail and highway travel.

BERLIN, July 24 (UP)- Gen. Lucius Clay, racing back to Germany from Washington, has summoned Ambassador Walter Bedell Smith from Moscow for a top-level conference of western military and political officials on the Berlin crisis, it was reported today.

Miscow dispatches said Smith received the summons last night and planned to fly to Berlin tomorrow. Clay was expected to arrive back in Berlin late today.

It was believed that Clay was carrying new instructions from Washington and may give some hit of future American policy in Berlin soon after his arrival. Meanwhile, Marshall Vassily D.

Sokolovsky announced issuance of 255. a new currency for the Soviet zone of Germany and all of Berlin. The new currency will be called the Deutche Mark, similar to the new Western Zone currency.

CONVENTION HALL, Philadelphia July 24 (UP)- A brand new but musclar "Progressive Party" today nominates Henry A. Wallace and Glen H. Taylor to run for President and Vice President on a platform promising 'peace, abundance, and freedom"

The nominees will accept the call to an open air rally in Shibe Park tonight. Among other things, Wallace will accuse the Democrats and Republicans of pushing the country to the edge of war via their bipartisan foreign policy. He will talk about the U.S. Russian crisis in Berlin.

Wallace and the singing Senator from Idaho have been running for President and Vice President since last winter. But not until last night did their infant movement have an official name and a formal status.

It was christened the "Progressive Party" at the opening session of its first national convention. C. B. Baldwin, Wallace's cam paign manager, proposed the name because, he said, "it expresses the fundamental spirit of America."

(UP)-This southwestern Iowa town claims that its 266-foot long, four-foot-wide swinging bridge is the longest and narrowest of its type in the world.

Working with him on his address to the special session were t w o former New Dealers-Paul Porter and Judge Samuel I. Rosenman. Porter will try to "sell" Mr. Truman's anti-inflation program to GOP-controlled Congress whose leaders already have denounced the plan as a political gesture. Reports have it that other New Dealers will go to work in the Truman camp as the electio campaign gets hot.

The bridge is called "Lover's Leap," presumably from the story of an Indian maid who jumped from predecessor bridge when

her love was spurned. It is 100 feet in the air, between two wooded hills. Its oak planks are supported by iron cables that sway in the wind.
