BOVINA, TEXAS

VOL. VII, NO. 52

WHITTLIN'

BY DOLPH MOTEN

New tennis courts at school were put into use for first time one day last week.

Barber Jerry Rogers and School Superintendent Warren Morton were reportedly first to take advantage of Bovina's newest sport facility.

Rogers was the winner, we understand, but both came out on the short end of the being-in-shape department.

Two days after the match, the superintendent told us, "I'm more sore today than I was yesterday." That, we told him, was a sign of old age. We don't really know if such is the case or not, but he agreed and added that he'd rather not talk about same.

Maybe we've been so absorbed in other things, running in the wrong crowd, or something, but we haven't heard much tennis talk except for the aforementioned.

As far as we know about tennis courts, we have some of the best available and tennis players and ex-tennis players should be taking advantage of them and helping to wear the new off this summer.

Since construction was completed, we've been keeping an ear to the crowd expectantly. We figured there would have been some talk of a tennis tournament by now. Such a promotion might even serve as a fundraising project for some fine organization.

All it would take to make such a tournament successful would be to charge expensive entrance fees, give cheap trophies, publicity in the Bovina Blade and boocoo of work.

Really nothing to it. Seriously, it would work if there is sufficient tennis interest here.

A few years ago we tried to promote a match or a series of matches between some tennis has-beens from Bovina and Farwell.

One side was scared, however, and the other was glad of it so we never did get it done. Might be good to get started working on that again. Then a Parmer County champion could be declared!

Harvey Condron, a Blade subscriber who lives in Houston, is without a doubt one of the nicest people on our mailing list. His subscription was sent to him as a gift by one of his brothers-in-law who live in Bovina, Haskell Sudderth.

"It's as nice a gift as anybody ever gave me," he told us when we met him at a boys baseball game one night last week.

He counteracted that opening statement to some extent by saying that sometimes The Blade is too Democratic (politically) for him, but "I just skip over that part and don't let it keep me from enjoying the rest of it."

Mr. Condron lived here a generation ago and has been gone since that time, except for visits. Says he doesn't know many of the people here now, but occasionally runs across a name he remembers in the paper.

A couple of weeks ago in this space, we were short on material; what with elections being over and all, and we essayed to some extent on umpiring ballgames. To do that it was necessary that we write mostly about our own impressions of that hazardous pastime since we didn't know exactly how anyone else felt about it.

Since that time, we have been criticized some by fellow umpires for Lions Club boys baseball program since they didn't get any of their troubles played up in the paper.

Since umpiring is on a volunteer basis, and not a regular one at that, several men have helped in this all-important capacity this year.

Some of the people who have called balls and strikes, please help us correct any and all omissions, are Shorty Hamlett, Jim Russell, Darrell Read, Jerry Rogers, Wendol Christian, Gary Beauchamp, Don Sides, Howard Looney and Robert Taylor.

Lions Plan Annual July 4th Picnic

All-Star Game Players Named

Members of two all-star teams have been named by managers in Bovina Lions boys baseball league.

The game is slated for Wednesday, July 4, at 8 p. m. and will be feature attraction of Bovina's Fourth of July celebration.

As a result of standings at end of last week players from Bovina Implement, Parmer County Farm Supply, and Red Tops of Farwell will compose one team which will compete against top players from Oklahoma Lane Farm Supply, Charles Oil and Lions of Farwell.

Dividing teams in that manner sends players from first, fourth and sixth place teams against those in second, third and fifth places.

Don Cumpston and Don Caldwell, Bovina Implement managers, will be in charge of one team while Harold Carpenter, Oklahoma Lane manager, will lead the other, Bovina Implement was first place team and OLFS second at time division was made giving those managers privilege of being all-star managers. They will be assisted by managers of other players who are on their all-star rosters.

Each team will be composed of 15 players. Each manager selected three players from his own team as all-stars with all-star manager then named the remaining six with the stipulation that at least one more player had to be named from each team.

Members of Carpenter's all-star team will be Ricky Stewart,

Randy Roberson, Wade Norton, Dennis Ensor and James Symcox, Oklahoma Lane Farm Supply; Tim Crume, Robin Mahaney, Jimmy Webb, Ardell

(Continued on page 2)

AT OKLAHOMA LANE --

Funeral Saturday For Fred Paine

Funeral services for Fred Paine, 68, area resident for past 30 years, were conducted Saturday afternoon at Oklahoma Lane Methodist Church.

Mr. Paine died Thursday morning at Parmer County Community Hospital in Friona following a lengthy illness.

Rev. Douglas Gossett, pastor of the Oklahoma Lane church, officiated. He was assisted by Rev. John Ferguson, pastor of First Baptist Church of Bovina.

Fred Lee Paine was born January 4, 1894 in Nocona.

He is survived by his wife of the home; two sons, Turner of Farwell and Tom of Bovina; one daughter, Mrs. Fred Long of Riverside, Calif.; two brothers, Hugh of Bowie and Ed of Nocona; two sisters, Opal Coleman of Odessa; 13 grandchildren and one great-grandchild. Interment was in Bovina Cemetery.

Serving as pallbearers were Myron Hillock, James Berry, Wendol Christian, Leon Billingsley, Bill Denney and Willburn Carlton.

BOVINA IMPLEMENT LEADING --

Boys Baseball Season Near Halfway Mark

Bovina Implement ranks held on to a narrow lead in Bovina boys baseball league as the season neared completion of the halfway mark Tuesday night.

Though they lost a squeaker, 10-9, to Charles Oil Colts Tuesday night, Oklahoma Lane Farm

Suppliers remained in second place.

The OLFS-Charles game Tuesday was one of best from spectator interest standpoint. Taylor singled home the winning run for Charles in last inning. OLFS advanced a man as far as third plate in an at-

TOP SHOTGUNNER -- Sam Sudderth is winner of Bovina Gun Club's May - June trophy shoot. Sudderth edged out C. L. Lillard of Friona and Art Mast in the two-month average. For his winning effort, Sudderth will receive a shooting jacket. Second go-round was held Sunday afternoon at the trap shooting range here.

Entire Community Invited To Attend

A community picnic and a Bovina Lions Club boys baseball league will highlight July 4 activities in Bovina.

Announcement of the plans was made this week by Roy Crawford, who will become president of Lions Club July 1. Lions Club is annually in charge of Independence Day activities in Bovina.

This year's event will be toned down to some extent from past years.

Crawford says, however, that he feels people prefer a program that is less ambitious than some which have been held.

Picnic will be in the outfield of the baseball park. It is slated to begin at 6 p. m.

Families are invited to bring their picnic dinners to the area. Lions Club will furnish free lemonade to all attending. Gene Ezell is in charge of a committee to supply lemonade for the crowd.

The all-star game which will feature best players in the Lions Club - sponsored, six-team league (see story elsewhere in this issue) will begin at 8. Lions Club members will

provide picnic tables in the area and the entire community is invited to attend the picnic, Crawford says.

An honor admission charge of \$1 for adults and 25 cents for children will be made for the ballgame, Crawford says. Proceeds from admissions will go toward paying indebtedness on the lighted field.

Oklahoma Lane will stage its annual July 4 celebration Wednesday, too. Activities there will begin at 2 p. m.

Ballgames for men and boys will highlight afternoon doing. A picnic supper will be served at 7 p. m. Each family is to bring a covered dish.

Oklahoma Lane celebration will be at the community building.

Hospitalized

Suzanne Wilson, daughter of Mr. and Mrs. A. M. Wilson was hospitalized Saturday morning at Parmer County Community Hospital at Friona. She is reported to be improving.

ELEVATOR OPENING--This line of trucks, loaded with wheat, were waiting for official opening of Sherry - Anderson Lazbuddie Elevator June 15. Henry Ivy delivered first load of grain to the new firm. His truck is shown parked on the scales.

Jimmy Wright Hurt In Wreck

Jimmy Wright, 17-year-old son of Mr. and Mrs. Woodrow Wright, was injured in a car wreck at Clovis Friday night.

He suffered severe lacerations on back of his head in the accident which occurred when the car in which he was riding went out of control and struck a utility pole.

He was a passenger in a car driven by Leonard Pipkin of Friona. Pipkin escaped serious injury.

Wright, who will be a senior in Bovina High this fall, was released from Clovis Memorial Hospital this week.

St. Ann's Enrolls 49

A total of 49 enrolled in St. Ann's Vacation Church School Monday, according to Mrs. Bill Denney, reporter.

Classes begin each morning at 9 and dismiss at 2 p. m.

Teaching classes are three seminarians from Maryknoll Seminary in New York. They are Father John Corcoran, Father George Laudadio and Father Gene Toland. Assisting is Mr. Frank Hendrick a graduate of Fairfield University of Conn.

Don Stone Conducts Revival

Don Stone, minister of Bovina Church of Christ, will conduct a revival meeting at Church of Christ at Carrizozo, N.M., starting June 25 and continuing through July 1.

Song leaders for services will be Mr. and Mrs. Joe Pinner and Mr. and Mrs. Howard Ellison.

Weather by Willie

More rain by July 2nd.

--Willie

CONCESSIONAIRES--Mr. and Mrs. J. W. Harris, shown in serving window of concession stand at ballpark, have taken lead in operating the stand during games. They are assisted by mothers of boys who participate in the program. All profits from the stand go to pay indebtedness on the field. They report that the stand is currently making in neighborhood of \$100 weekly. Some \$1400 is owed on the park.

With a near perfect attendance record these youngsters were part of group participating in Penecostal Bible School last week at Penecostal Church.

Wheat Fire Burns Garner

Wendell Garner, who farms north and east of Bovina, is recovering in Parmer County Community Hospital in Friona from severe burns he suffered in a wheat stubble fire on his farm late Saturday.

Garner received first, second and third degree burns on his face, arms, and other parts of his body.

The accident occurred as he attempted to control the stubble fire with a tractor and a disk. While he was doing this, wind changed direction causing the fire and a lack of oxygen to kill the tractor. When the tractor wouldn't start, he was forced to run through the fire to escape it.

After getting through the fire, he walked half a mile to his pickup, then drove to his house and his wife took him to the hospital.

CHURCH SCHOOL -- Playtime is observed at St. Ann's Catholic Church School by several youngsters. They are shown playing "Bluebird" and softball, another activity pictured in background.

Eye on Sky

Woman Scientist Boasts Firsts in Space Research

By JOAN SWEENEY
United Press International
LOS ANGELES (UPI)—Laurel van der Wal Roennau decided several years ago that she wanted to work on a new "frontier"—and concluded that in the 20th century, this meant the field of aeronautics and astronautics. As a result, she is the only woman airport commissioner in the United States and her work in bioastronautics helped prepare the way for manned space flights. The soft-spoken Mrs. Roennau says, "I am impatient with people who do not make full use of all their capabilities." In addition to her occupations ranged from deputy sheriff, showgirl, art instructor, aircraft mechanic, model, railroad switch tower operator and gambling casino still. Her impatience with waste in any form led to project MIA, the mouse-in-space project which was the first experiment with taking animals above an altitude of 100 miles. These 1958 flights were the forerunners of America's manned space effort. Mrs. Roennau conceived project MIA when she learned that rocket experiments were using ballast for payloads. This meant that when the rockets were tested, they carried weights in place of nuclear warheads. She reasoned that this space might just as well be used to provide data for manned flights. This was born the hitchhiking or piggy-back concept in which experiments are put aboard the nose cone of a missile being tested for an entirely different purpose. In project MIA, the heartbeats of the mice were measured and telemetered back to earth. The animals traveled at speeds of more than 15,000 miles an hour and reached record altitudes of 140 miles. Mrs. Roennau's energy seems boundless. She earned her way through the University of California by working as a railroad

SOFTBALL DOUBLEHEADER

Bovina Wins From Helton

Bovina softballers did twice Saturday night what they hadn't been able to do in two years--defeat Helton Oil Co. team which features players from Texico, Farwell and Clovis. In a doubleheader played on local field, Bovina took 6-1 and 7-6 wins. Steady pitching, power hitting and dependable fielding by Bovina team, which is sponsored by Bovina Wheat Growers, were enough to upset the visiting team.

Lefthander Glenden Sudderth paced the first win as he allowed Helton only two hits and one run in going the seven-inning distance. The single score was result of a towering homerun by Raymond Hadley in fifth inning after Wheat Growers was in possession of a comfortable lead.

Bovina wasted no time in drawing first blood and had a 3-0 lead at end of first inning. With two outs and two on, Darrell Read blasted a three-run homer to give the Bovina team the lead for good.

Bovina's final three runs were added in the fifth inning. With one out, Don Caldwell singled and was advanced to second on Jimmie Clements' sacrifice, Dolph Moten and Ray Carter then hit back-to-back homeruns for the final scores. Two was Sudderth's winning number--he struck out two.

walked two and allowed two hits. His team played errorless ball behind him. Ox Lewis, popular, aging pitcher from Clovis, took the first game defeat. He gave up seven hits, walked one and struck out one. Carter pitched and batted Bovina to the second game win, 7-6, as the locals had to come from behind twice and go into extra innings to gain the victory. Carter singled home two runs in first inning following a double by Moten and a single by Read to give his team a 2-0 lead. Helton bounced back in its half of the first for three runs as a result of two hits and numerous errors by Bovina catchers, Don Cumpton and Moten who were unable to handle Carter's tremendous amount of "stuff" in the initial frame. Carter's regular catcher, Mike Barraza, did not play in the game.

Bovina went ahead, 4-3, in third inning with back-to-back solo homeruns by Moten and Sudderth, who played centerfield in second game. Eddie Smith tied score at 4-4 for Helton with a homerun in same inning. Visitors scored one run in fifth to go ahead, 5-4. Bovina tied it up again in seventh inning as Cumpton walked, was sacrificed to second by Neil Smith and scored on Clements' double to center. Carter provided the winning margin in eighth when he homered with Mark Charles on base to give his team a two-run lead. Helton came back with one run in bottom half of the eighth to leave the score, 7-6, in Bovina's favor. Bovina's team will compete in annual softball tournament at Portales June 30-July 4.

Baseball--

took the win with the loss being pinned on Roy McDaniel. In Monday's nightcap, R. B. Riley pitched Parmer County Farm Supply over Charles, 12-4. Thursday night of this week, peeewees play at 5:30. At 7, Red Tops meet Lions with Bovina Implement playing OLF5 in second game. There will be no games next week (July 1-7) except Wednesday night's all-star game.

LEAGUE STANDINGS table with columns: Team, W, L, Pct.

All-Star Game

Autrey and Ricky Stanley, Lions; and Larry Mitchell, Mike Grissom, Rodney Murphy, Johnie Hugh Horn, and Randy Hutto, Charles Oil. Opposing team will consist of Roy McDaniel, J. B. Taylor, Tommy Beavers and Douglas Harriman, Red Tops; Kent Stanberry, Alan Carson, R. B. Riley, Lowell Taylor, and Billy Smith, Parmer County Farm Supply; and Daryl Kirkpatrick, Lynn Murphy, Roy Stowers, Wes Harris, Bill Caldwell and Rex Cumpton, Bovina Implement. All roster members will be expected to see action in the melee. A rule of the game will be that pitchers may be on the mound for only two innings.

United Press International

New for hanging assorted household items from cutlery to the racks: a double-coated pressure foam tape. The tape first is stuck to the object to be hung, and then the object and tape are stuck to a wall, door, mirror or other surface. The manufacturer says the adhesive on both sides of the tape enables even heavy objects to be stuck in place and used immediately, without waiting for the adhesive to develop further strength. The tape is being introduced to consumers with a line of kitchen utensils. Otherwise, it will be available initially only to commercial users. Ekco Products Co., 1949 N. Cicero Ave., Chicago, Ill., and Minnesota Mining and Manufacturing Co., St. Paul.

Weatherproof, gaily decorated, lantern shaped bulbs fasten directly onto any extension cord by means of a removable cap at the head of each bulb. The manufacturer reports they can be placed any interval apart to produce the desired colored lighting effects. Each bulb lights independently when the cord is plugged into an outlet. Ross Products Co.

Methodists Strong Outside Cities NASHVILLE, Tenn. (UPI)—The hard core of Methodist strength in this country lies outside the big metropolitan areas. The Rev. Dr. Rockwell C. Smith, professor of rural church administration and sociology at Garrett Theological Seminary in Evanston, Ill., told a national Methodist meeting here that 84 per cent of all Methodist congregations are in town and country areas of under 10,000 population.

Cookout Safety: Pot Watch Plus Fire Watch

NEW YORK (UPI)—Precaution makes the family cookout safe as well as savory. The Greater New York Safety Council offered these fire prevention tips: Before starting a fire, clear the area of leaves, pine needles and all other flammables. Keep fire small and let it burn down to gray coals before putting on food. Don't use kerosene or lighter fluid to start a fire. Supervise the fire constantly and always have water on hand to extinguish sparks. Use extra precaution on windy days. Small children should be kept away from the fire and from playing in the area where the food is being prepared. Watch your own step and wear clothing that will not droop into the flames or ignite easily. Keep your feet covered to avoid burns from splattering hot grease or boiling liquid. Use asbestos or well-padded pot holder mittens, not the nearest towel or dishcloth, for overheated pan handles. Use long-handled utensils. Get help in handling large pots or ladle out the food until they are light enough to be carried easily. Douse the fire when you're ready to leave the picnic area.

Plow as you fertilize with Monsanto Anhydrous Ammonia from Parmer County Farm Supply Bud Crump, Mgr. Phone 238-2621 Bovina "Your Complete Farm Supply Store" You can save an extra trip through your fields by cutting Monsanto Anhydrous Ammonia into the soil as you plow. Apply the ammonia under the furrow and several feet behind the plow. Trail hose under furrow to assure application at maximum depth. This practice has been especially successful where the soil is heavy and soil temperature drops below 50° in conjunction with fall plowing. Release your ammonia almost as deep as the tillage, so a maximum of loose soil is above the fluid application zone. No doubt about savings. You save that extra trip through the fields. You won't have to wait for your fields to dry out in the spring. And, there are no bags or bagging costs—not to mention handling. You get more nitrogen per pound with Monsanto Anhydrous Ammonia (82.2%) than with any other nitrogen carrier. One more hint, don't forget your check strip for visible proof of the advantages a fall application will bring to your spring crop. Stop in for more valuable tips on fall application of Monsanto Anhydrous Ammonia.

WHEAT GROWERS LEAD -

**Softball League
In Fourth Week**

Dairy Freeze edged out a 3-2 win over Oklahoma Lane Farm Supply in Bovina men's softball league Friday night in the closest tilt which has been played this season.

Glenden Sudderth, pitching for Dairy Freeze, and Oklahoma Lane's hurler, Don McMahan, each allowed only three hits in the contest.

Big blow in the game was Boy Gilreath's three-run homerun for Dairy Freeze in fifth inning. Up to that time, OLFS held a 1-0 lead as a result of a homer by Melvin Terry.

Oklahoma Lane scored one run in seventh inning on a double by James Ensor and an error.

McMahan struck out nine, walked two and hit two batters. Sudderth struck out seven and walked seven.

In second game Friday night, Bovina Wheat Growers downed

Firemen, 12-7. Wheat Growers built up a safe lead in first two innings and held on for the win.

Alfred Mills was losing pitcher for Firemen. He was relieved by Bill Hutto.

Ray Carter started on mound for Wheat Growers, but was replaced in second inning by Darrell Read.

Friday night of this week, Dairy Freeze meets Wheat Growers in first game which will pit top two teams in league against each other. Firemen play Oklahoma Lane Farm Supply in nightcap.

SOFTBALL STANDINGS:

Firemen	0	3	.000

Whittlin'

Helping as base umpires, in addition to those afore mentioned who have performed both services, have been James Taylor, Billie Sudderth, Frank Wilson, and Jimmie Clements . . . as well as others.

In our opinion, umpiring is second only to managing and coaching in its importance to the program. Scorekeeping is another highly important chore which is being capably handled by Dean McCallum and others who assist him.

While we're handing out bouquets, we best not overlook the work which Bedford Caldwell and his ground crew have been doing. They've really been "on the ball," especially lately.

Roy Crawford was almost solely responsible for the homemade, but adequate, outfield fence which is portable and can be used for any kind of game. It takes only a few minutes for the fence to be adjusted to any distance. Fistcuffs have almost resulted on a few occasions when "discussions" as to what distance the fence should be have become too heated.

All in all, the program, in spite of its troubles, is worth a lot.

A highlight of the season will come night of July 4 when the all-star game is played. That game, we hope, will attract a lot of attention and will be a lot of fun and inspiration to the boys who get to play in it.

Another such game is being planned at end of season and boys who aren't selected to play in this first one will have an opportunity to work harder between now and season's end and possibly be selected to play in that game.

By SHELLEY SINGER
United Press International

CHICAGO (UPI) — Most homemakers have finished at least the first lap of spring cleaning.

And most probably discovered, in the process of rearranging the house for summer, that there is no such thing as adequate storage space.

But the feeling of futility in looking for places to put household articles is not a necessary part of clean up time. Storage planners for a shelving manufacturer, Hirsch Co., have some suggestions to help reduce household clutter.

First, consider the two-year rule in deciding what possessions to keep. Anything that hasn't been used, cleaned, inspected or worn for two seasons is a candidate for trash or for sale.

Of course, the rule can't be applied too firmly, since husbands have a way of getting sentimentally attached to old bowling equipment and outgrown military uniforms. It might be a good idea to hold a family conference before throwing out any "irreplaceable" items.

Now for storage planning. Decide where items are most often used, then plan nearby storage space. How often is each article used? If it's something used every week, it should be easy to reach and assigned a permanent storage space. If it's seasonal, it can be relegated to the basement or attic.

Still another factor is size of items to be stored. Measure folded towels, sheets and blankets to determine how much space is needed. A good sheet depth is 18 inches, and length should not exceed six feet for any articles to be reached without the aid of a step stool. For flexibility and safety, shelves should be able to support a 70-pound per square foot load.

Curry Sauce
A hot curry sauce for hot cooked vegetables is easy to make. Just mix together and heat slowly, without boiling, 1 cup of dairy sour cream, 1/2 cup of canned tomato sauce and 1/2 teaspoon of curry powder, or more to taste.

Juice Fizz
Mock champagne punch combines apple juice and gingerale. Mix 1 quart each of chilled apple juice and chilled gingerale. Pour into champagne glasses. Garnish each with a maraschino cherry and a twist of lemon peel. Makes 16 half-cup servings.

1963 Wheat Quotas Postponed 30 Days

acreage allotment and marketing quota proclamations for the 1963 wheat crop have been postponed for another 30 days under a special resolution passed by the U. S. Congress. Prentice Mills, office manager of the Farmer County Agricultural Stabilization and Conservation County Committee, said that the new resolution permits the Secretary of Agriculture to defer until July 15 any proclamations which otherwise would be required on acreage allotments and marketing quotas for the 1963 crop.

The resolution also permits any referendum on marketing quotas for 1963 wheat to be held as late as August 25, 1962. The permanent legislation which authorizes the quota-allotment programs directs that

the required proclamations be made by May 15, and that any wheat quota referendum be held not later than July 25. A previous 30-day deferment of the proclamations was authorized in mid-June.

The USDA has announced that barbecued meats prepared under Federal meat inspection will continue to be limited to products cooked by dry heat from burning hardwood or hot coals formed by burning hardwood.

ELLIS, KANSAS, REVIEW: "It's a tough world for the American businessman. Every time he comes up with something new the Russians invent it a week later, and the Japanese make it cheaper."

WITH THE COUNTY AGENT

DERYL COKER

For all practical purposes, wheat harvest is over and a great deal of farmers were disappointed in their yields. From talking with several farmers about yields, I was surprised to find yields running as low as 15 bushels per acre, and highs running 50 to 60 bushel.

The continuing hot dry winds this spring blasted a great number of fields, which will bring our average yield down considerably this year.

The Southwestern Great Plains Field Station has harvested the fertilizer rates plots on the Connie O'Brian farm and these results are going to be interesting on a year like this one as compared to the last several good years. The experiment station had 16 different fertilizer rates replicated four times. This should give some very accurate results. These results will be made available to the public as soon as all calculations are figured. Many thanks to Connie O'Brian.

Already several fields of wheat straw have been burned, but it will be to your advantage not to burn this straw, for one of these days our soil will be hard to plow and irrigate because of a low organic matter content. Let's try to at least maintain our present organic matter level.

On June 29 and 30 there will be a Horse Management and Training Short Course held at Texas A & M College. The course will cover nutrient requirements, feeding and rations, disease, parasite control, care of horses, shoeing and several other items. If anyone is interested, come by the office for further information. Also, there will be a sale connected with the short course.

This is the year that the U. S. D. A. is celebrating its 100th Anniversary. Agriculture and the American Farmer have come a long way since 1862. Following is a short article that I thought would be of interest to you.

Downtown, uptown, wherever they work, businessmen and manufacturers depend on the American farmer for a lot more than food. For instance, he sup-

plies over half of all the raw materials used by American industry—wool and cotton, tobacco, wood for newspapers and rocking chairs, hides for shoes and handbags, soybeans for paints and plastics.

Industry also depends on farming for jobs and gets them—16 million nonfarm jobs in all. As a customer, the farmer is America's biggest buyer of petroleum products. He buys enough tires annually for 6 million cars and spends a sizeable fortune every year on farm machinery. He spends a great deal more on all the things from dry cleaning to TV sets than city people buy too.

And if it weren't for his unmatched productivity (he's only seven percent of the Nation's work force), industry and business would simply not have the manpower needed for them to make their vital contributions to our high standards of living, our strength as a world power.

This dependence works two ways, of course. The farmer couldn't do a single day's work without the active partnership of industry, not only in research and manufacturing, but in providing income for the millions of nonfarm workers he depends on to buy his products.

Naturally, industry and the farmer both benefit. And so do you.

Thrip Infestations Have Caused Some Damage To Cotton

Although rains have greatly improved conditions for growth and fruiting of cotton in most areas, wind and hail damaged or destroyed stands on sizeable acreages in a number of counties. Replanting to cotton will likely continue through June in most localities.

Thrips infestations have increased rapidly in many fields during the past week. Heavy hatching has occurred, particularly in plantings of older cotton. Damage is apparent in many plantings, leaves showing silverying on the under surface as well as abnormal size and shape. Some loss of tiny squares has occurred where infestations are heaviest.

Cotton should be checked frequently for thrips and their damage. As plants reach the squaring stage, plants should also be checked for the presence of fleahoppers.

In Parmer County, thrips have damaged cotton to some extent, but we shouldn't have to be so concerned now, as a month ago. Farmers should continue to check for thrip, however, and heavy infestations should be treated, states County Agent Deryl Coker.

SOIL CONSERVATION DISTRICT NEWS

A new publication intended to help air travelers understand what soil and water conservation practices look like from the air has just been issued by the U. S. Soil Conservation Service.

A copy of the publication, THAT LAND DOWN THERE, may be obtained from the local SCS office in Friona.

The publication consists of 16 pages well illustrated with pictures taken from the air along with some from the ground showing close-ups of what is going on "down there."

Unique patterns on the land may consist of curving bands of strip-cropping or terraces. Orchards planted on the contour and windbreaks to protect large fields in the Plains States have

THE HIGH PLAINS FARM AND HOME

Tech Swine Course Scheduled July 5-6

"The Future of Pork Production in the Southwest" will be the theme for the ninth annual Texas Tech Swine Conference to be held on the Tech campus Thursday and Friday, July 5-6.

The program, sponsored by the animal husbandry department of Texas Tech, Texas Swine Breeders Assn., Texas Chester White Swine Breeders Assn., Southwestern Hampshire Swine Breeders Assn., Texas Berkshire Swine Breed-

ers Assn., West Texas Duroc Swine Breeders Assn., and the Panhandle Plains Poland China Breeders Assn., will get underway Thursday, July 5, at 8 a. m., with registration at the Tech Livestock Judging Pavilion.

Stanley Anderson, associate professor of animal husbandry at Tech, said the conference will include reports on keeping pork up-to-date, artificial insemination, the potential of specific pathogen free hogs, research conducted on Atrophic Rhinitis and Virus Pneumonia, and a panel discussion on practical swine management.

The panel will discuss and show slides on new uses of hog equipment. Panel members include Euel Limer, Lubbock; Larry Tackitt, Happy; Jack Barton, Littlefield; and Dr. J. C. Hillier, animal husbandry department, Oklahoma State University.

Speakers for the two-day

program include Dr. L. N. Hazel, animal husbandry department, Iowa State University; Dr. Wayne Moore, Texas A&M; T. D. Tanksley Jr., swine extension specialist at Texas A&M; Dale Zinn, Tech animal husbandry department; and Anderson.

Anderson said a carcass contest will be held in conjunction with the swine conference. "Anyone may enter barrows or gilts in this contest by bringing them to the pavilion by 8 a. m., July 5.

FOOTSAVING EDUCATION

by James E. Edwards

Why Do Cowboys Wear High Heels?

I have always assumed that the high heel was to provide a surer grip on the stirrup and to dig into the earth when the cowboy roped a steer.

Those advantages are real, but the most important reason, supplied by a Texas Ranger, is that the high heeled shoe holds the foot in a position that allows it to slip out of the boot if the cowboy is thrown from his horse.

In language almost as colorful as he is, the Ranger told me that if a cowboy wore shoes like mine, and he was thrown from his horse he would be "drugged."

Winners Listed In Girls' 4-H Favorite Foods Show

Sixteen 4-H Club girls participated in the first Farmer County 4-H Favorite Foods Show conducted Tuesday, June 19 at 3 p.m. in the Hub Community Center. Thirty-three parents, adult leaders and 4-H members attended.

Food exhibits were set up in four food groups in senior and junior divisions. These food groups include meat, bread-cereal, vegetable-fruit, and milk.

Winners in each of these groups are Janis Billingsley

in milk, Jill Mimms in vegetable-fruit, Kathryn Gober in bread-cereal, and Cheryl Ramage in meat groups. These winners represented fourteen exhibit entries in the junior division.

Representing the senior division group were Katie Blackstone in the vegetable-fruit and Reba Lesly in the meat group. Both Katie and Reba will represent the county in the District 4-H Favorite Food Show in Canyon, Tuesday, June 26. Junior division representa-

tives in the district show will be Janis Billingsley and Jill Mimms. Alternates are Kathryn Gober and Cheryl Ramage.

All girls were presented blue, red, or white ribbons by the Home Demonstration Agent, Miss Ettie Musil. Fifty percent of the score was rated on the food exhibits and answers to questions asked by the judges. Record books were valued as the remaining fifty per cent.

Judges for the record books were Mrs. W. T. Magness and Mrs. C. C. Christian. Exhibit judges were Mrs. Ernest Osborn, home economics teacher in Friona, and Miss Loreta Fowler, Assistant County Home Demonstration Agent of Deaf Smith County.

While the girls waited their turn to be judged they played games. This recreation training was directed by Miss Musil.

Entering the show in the Milk Group were: Janis Billingsley, Janie Watkins, Sharon Martensen, Tina Rundell, and Shella Garner.

Participating in the vegetable-fruit groups were: Peggy Lesly, Debra Garner, Ann Blackstone, Jill Mimms, Shella

Vaughn, and Katie Blackstone. Entering the meat group were Cynthia Phillips, Cheryl Ramage and Reba Lesly. In the

bread-cereal group were Kathryn Gober and Cheryl Kaltwasser.

Adult leaders directing the eleven foods subject matter groups since the first of the year were Mrs. Cordie Potts, Mrs. Ray Martensen, Mrs. Ralph Broyles, Mrs. U. L. Lesly, Mrs. Walter Kaltwasser, Mrs. Johnnie Rundell, Mrs. Leon Billingsley, Mrs. Lexie Branscum, Mrs. J. R. Bartlett and Mrs. C. W. Tannahill.

Senior division winners in the 4-H Favorite Foods Show for Farmer County 4-H girls were Katie Blackstone, left, of Lazbuddie, and Reba Lesly, Farwell.

Junior division winners in the Farmer County Favorite Foods Show last week were (1) Jill Mimms, Lazbuddie and Janis Billingsley, Farwell.

Chitwood Attends State 4-H Council

Richard Dee Chitwood is one of the 29 top 4-H young people in the state who attended the Texas 4-H Council Workshop at Houston last week, it was announced by W. W. Grisham, Jr. and Edith Lois Wilson, district agents for this Agricultural Extension District.

The annual workshop is the only full meeting of the council, which is composed of a boy and a girl from each of the 12 agricultural extension districts in Texas, in addition to five officers. Its purpose is to promote and to coordinate statewide 4-H Club activities. The five-day meeting is being held on the campus of the University of Houston.

Officers of the council include Douglas Cowan of Sierra Blanca, chairman; Dorsey Ewing of Corpus Christi and Dick Plank of Hereford, vice chairman; Linda Rosenkranz of Bryan, secretary-treasurer and Lanier Price of Eden information chairman.

The workshop is a part of the Texas 4-H Club Junior Leadership Training Program sponsored by United Gas in cooperation with the Texas Agricultural Extension Service.

HD Agent's Notes

BY MISS ETTIE MUSIL

In spite of our comparing the cost of living today with that of years ago our food costs are not as high as we seem to think. Yes, there's supposed to be an extra nickel left in your pay-day dollar these days after you buy your food.

This information comes from economists of the U. S. Department of Agriculture's Economic Research Service. They report that the family food bill in the mid-forties was about 25 cents of our take home dollar. Today, they claim that we spend only 20 cents. Our incomes have gone up faster than food prices, they point out.

Ten years ago, for example, an hour's work bought 2.3 pounds of chuck roast. Today, we get 3.3 pounds. In the early postwar years, an hour of work was worth 22 eggs; today, it's worth 43 eggs.

Guess we don't know when we have it so good, as far as food prices are concerned. Our grocery bill seems high because we have so many extras on the grocery store shelves. Next time you come home from the grocery store, take time to notice all the extras in the grocery bag. You'll find laundry detergents, freezer bags or jars and jar lids, writing paper, hosiery, tee shirts, pencils, records, or a variety of drug store items.

Some of our food costs add up with convenience foods. Instant foods are the first choice of many food shoppers today. Many of our foods are packaged and ready to serve. Of course, we pay for these conveniences. Our time of preparing these foods is of more importance than the extra cost of the packaged foods.

Sometimes we pay for food value that does not reach our table. One of the easiest ways to lose food value is in the cooking process. Storage of foods

can be an investment that we sometimes lose if foods spoil before cooking.

Baking, steaming, and cooking vegetables in their skin helps retain food value. When using water, use the smallest amount possible. Begin cooking vegetables in salted water at a high heat, but lower the heat when water and vegetables begin to boil. Be sure to have the water boiling when the vegetables are added to it.

Food value is lost if vegetables are cut in small pieces or are allowed to stand in water before cooking. If water remains after cooking, use this liquid in gravies, sauces, and soups.

Avoid over-cooking. Just cook vegetables until tender. We used to cook cabbage and corn on the cob all morning, but now 8 to 12 minutes is long enough for tender foods. Then serve vegetables as soon as possible after cooking.

With so many fresh vegetables soon to be on the market and in our gardens, you may want to try different ways of preparing them. Come by or write us for the bulletin, "Vegetables" available free upon your asking.

This bulletin includes these appetizing recipes: scalloped green beans, sweet and sour green beans, swiss style green beans, and green beans with hot mustard sauce. Okra gumbo or fried okra are both delicious.

Maybe you would like to try potato fluff, potatoes napoli, potato cakes, or parmesan potato sticks. To change your squash meals try preparing stuffed patty pan squash, chicken-baked squash, squash and onions, Mexican squash, squash squares in sour cream, and squash rings with peas.

All of these recipes are tried and tested.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

"A number of county Farm Bureau leaders in Texas have reported that their Congressmen have informed them that they cannot vote against the Administration's Omnibus Farm Bill without losing a large part of federal moneys spent in their district. Leaders should surely remind these Congressmen that if the United States Government is going to be run by people who are controlled by threats and/or economic favors, then the United States has already abandoned its traditional system of government." This is a quote from Bill Wedemeyer who edits Facts For You for Texas Farm Bureau.

President J. H. West of Texas Farm Bureau, in congratulating members in their successful fight against the above mentioned farm bill, now urges them to express appreciation to those representatives who had the courage to vote against it. He also urges Farm Bureau members to urge strong support to the Farm Bureau bill and get it out of the House Committee. This, he says, would be the surest way of preventing a future successful effort to ensnare farmers with the bill that was just defeated, even after many concessions made in the effort to make it acceptable.

Farm Bureau people are interested in freedom and pros-

perity for the United States farmer. Freedom, although it sounds a little old fashioned to some people, is the only thing that makes prosperity possible, so it comes first. Witness prosperity in this country in comparison to any country that has embarked upon a program of government control of farm and industry management.

"To speak of victory in the Cold War with Russia is impermissible. Such talk has a militaristic and aggressive ring. It implies an all-or-nothing approach which leaves no room for accommodation with the Soviet Union." This is the official statement of American policy filed by the State Department with a special Senate subcommittee.

It was filed in defense of censorship procedures against military leaders deemed too forceful in their anti-Communist speeches. Here is another paragraph from the same statement, filed by your State Department: "Such objects as the slavery of captive peoples in the Soviet satellite system must be avoided. Nor must such adjectives as 'brutal' be applied to the Soviet government." Does this sound like the voice of America to you?

Farm Bureau directors will meet Monday night, July 2, at about 8:30. You are welcome. CONSIDER THIS: Wilt thou set thine eyes upon that which is not? For riches certainly make themselves wings; they fly away as an eagle toward Heaven.

Pentecostal Bible School Successful

Highlighting week long activities of Pentecostal Bible School was a program presented by youngsters Sunday morning at Pentecostal church.

Mrs. J. W. Crim, superintendent of school reports that they had an enrollment of 36 and perfect attendance by all children with one exception.

Other teachers were Mrs. Max Crim, senior instructor; Mrs. John Fielder, junior instructor, Mrs. Weldon Crim and Mrs. Thogle Stanberry, intermediates; Mrs. Paul Miller and Mrs. Jack Stanberry were in charge of primary department.

Mrs. Buck Crim gave musical instruction to individual classes.

Refreshments were served by Mrs. A. R. McCutchan and Mrs. A. T. Kersey.

Charity Circle With Mrs. Gee

Mrs. Hallie Gee hosted Charity Circle of Methodist Church Tuesday morning at her home.

Mrs. Vernon Willard was in charge of program and assisting her was Mrs. Jimmy Clements.

Following devotional refreshments of soft drinks and cookies were served to Mrs. Glendon Sudderth, Mrs. Richard Baxter, Mrs. Clements, Mrs. Willard and the hostess.

Visits Parents

Visiting in the home of Mr. and Mrs. H. D. Bradshaw is their daughter and family, Mrs. Al Rawls, Teresa, Larry and Donald, of Atlanta, Ga. They plan to stay approximately two weeks.

Of Interest To THE WOMEN

Visit With S. E. Reddens

Visiting in the home of Mr. and Mrs. S. E. Redden and other relatives here last week were

Mrs. Free Hosts Widow's Club

Widow's Club was entertained in home of Mrs. Ola Free Thursday with a covered dish luncheon.

Following the luncheon the group played games and visited.

Attending were Mrs. H. T. Hastings, Mrs. J. Sam Gaines and guest, Mrs. Axle Armstrong of Amarillo, Mrs. Lillian Wheeler, Mrs. J. H. Steelman, Mrs. Margaret Caldwell, Miss Ellen Reminsider, Miss Rita Caldwell, Mrs. Minnie McCutchan, Miss Loula Smith, Mrs. Ether Glover and the hostess.

Their next meeting will be with Mrs. Gaines July 19.

Congratulations

Congratulations to Mr. and Mrs. Bill Whitesides of Farwell on the birth of a baby girl born June 15. The new arrival weighed 7 pounds 9 ounces, and is named Ruth Ann.

The Whitesides also have a son, Guy. They are former residents of Bovina.

Party Honors Octogenerian

A surprise birthday party honored Miss Ellen Reminsider Saturday evening at the home of Mr. and Mrs. Wilbur Charles.

Miss Reminsider was 87 years old. Refreshments of orange sherbet and cake were served to guests.

Attending were Mrs. Margaret Caldwell, Miss Loula Smith, Miss Rita Caldwell, Mr. and Mrs. L. M. Grissom, Mr. and Mrs. I. W. Quickel, Mrs. Frank Smith and the hosts.

Attends Wedding

Mrs. H. T. Hastings attended the wedding of her grandson, Sammie Dean Swim, son of Mr. and Mrs. J. T. Swim Jr. of Roaring Springs, to Sandra Jenkins, daughter of Mr. and Mrs. Homer T. Jenkins of Matarador, recently.

She also visited with her son, Gordon Hastings, in Lubbock for a few days.

FHA Girls Work Toward State Degrees

Judy Crawford, Jeanie Ivy, Joyce Marshall and Mary Ann McKinney local FHA members are working toward state FHA degrees.

Prior to earning state degrees each girl must first earn a junior and chapter degree in local chapter work. If state degrees are accepted the girls will be allowed to attend State convention above regular quota of girls attending.

In order to obtain degrees the girls must select four goals and work toward them during next school year and submit a report to be judged in March.

This is the first year for state degree work at Bovina according to Mrs. Charles Thompson, homemaking teacher.

her sister and family, Mr. and Mrs. Harvey Condron and granddaughter, Sheryl Ligon of Houston, Mrs. Manning Ligon, Richard and Judy, Mrs. Elliott Roach, Malissa and Marylee also of Houston. They were returning to Houston after a trip to Worlds Fair in Seattle, Wash. and points of interest in Canada.

Blade Sawdust by SUE MOTEN

From time to time some comment has been made on "Weather By Willie" as appears in Blade each week but most of it, though not always favorable, has been in a joking, good-natured, humorous vein. Willie Williams has been predicting the weather as a hobby for as long as I can remember and being what could be considered a native of Bovina, that is quite a few years. It seems a newcomer to the region, Travis Harrell, editor of Friona Star, had a rather wry comment to make about Willie's predictions in his column last week.

He pointed out that Willie, while correct in his prediction about rain also came back the next issue with "I never saw so many doubting Thomases." Knowing Willie, and we will be charitable enough to give Mr. Harrell the benefit of the doubt and figure that he doesn't, we are certain that the remark wasn't of smart aleck nature.

Ironically enough, Mr. Harrell had this statement to make, in effect: a man calling one shot right and having the gall to brag about it going a long way toward a swelled head. Somewhere there is an adage, "Takes one to know one." This seems to us quite apropos, especially since Willie, over the years, has been right a great deal of the time . . . as most people in Bovina will quickly testify.

Was sitting at the ballgame the other evening and started watching a youngster eating a piece of candy. He was attacking the bar with all the fervor of a cat pouncing on a delectable mouse. It made us wonder why adults' taste change. Can remember, and sure you can, too, that candy when you were a child was the greatest thing ever and that there was a taste that was more delectable than cavair. Perhaps it is the fact that as an adult you have to keep your hands clean and try to keep the goodie wiped off your mouth whereas children thoroughly enjoy every bite not worrying about whether it is dribbling onto their clothes or not. Out of curiosity sometime buy the kind of candy that was your favorite as a child and see if it is as good as it was then.

Wonder if there will be a flag flying at annual July Fourth celebration. Perhaps flag campaigners will get to work on this as next project.

If stored nuts become stale, restore them to freshness by warming them in a 300-degree oven for about 10 minutes.

Babe Ruthers Lose Game At Friona

Bovina's Babe Ruth-age baseball team was defeated, 15-10, by Chester-Fleming Gin

of Friona there Friday night. Gene Pruitt was losing pitcher.

Bovina's offensive attack was paced by Pruitt, Ricky Kunselman, Richard Carson, Larry Riley, and Wayne Davies.

The Babe Ruthers have no game scheduled for this weekend, according to their manager, Jimmie Clements, but expect to play again weekend following July 4 holiday.

Former Resident In Hospital

Mrs. Alma Vassey, former resident of Bovina, is hospitalized at Bethanial Hospital, Room 402, Wichita Falls. She is reported to have undergone surgery and is improving.

WMU Complete Current Study

Mrs. John Ferguson presented final program in study, "The Bible and Race," to members of W. M. U. Tuesday morning at First Baptist Church.

Attending were Mrs. Ovid Lawlis, Mrs. P. A. Adams, Mrs. R. N. Williford, Mrs. Don Murphy, Mrs. Bobby Englant, Mrs. J. S. Williams, Mrs. Evelyn Burchel, Mrs. Jim Russell and Mrs. A. D. Cumpston.

Visit With Don Sides

Mr. and Mrs. Don Sides entertained his brother and family, Mr. and Mrs. Billy Sides of Hub and their parents, Mr. and Mrs. H. H. Sides of Lake Buchanan over the week end.

Juniors Attend Church Camp

Several young people from Bovina Methodist Church are attending junior camp at Ceta Canyon this week.

Sponsoring the group are Mrs. Mack Ragsdale and Warren Norton.

Those going are Johnny Charles, Larry Mitchell, Bobby Redden, Mike Grissom, Bill Caldwell, Susan Thornton, Janice Morton and Patti Ragsdale.

Rhineharts Host Birthday Dinner

Mrs. Dick Martin and Cecil Sisk, were honored with a birthday dinner Sunday at the home of Mr. and Mrs. Lester Rhinehart.

Attending the celebration were the honorees, Dick Martin and daughter, Kenda, Mrs. Cecil Sisk and family, R. A. Sisk and the hosts.

LOCAL

Mrs. J. B. Barrett was released from Parmer County Community Hospital in Friona recently. She is convalescing at home and is reported to be improving.

Children's Hymnal

MINNEAPOLIS (UPI) — The Augsburg Publishing House of the American Lutheran Church has published a new children's hymnal entitled "Hymns and Songs for Church Schools."

HOUSEHOLD HINTS

Store potatoes and cabbage in a dark, cool place which has plenty of ventilation.

Clean ceiling with parallel strokes to insure an even, unspotty surface.

To whiten bathtub, kitchen sink or any porcelain surface, sprinkle with sal soda or cream of tartar powder before applying cleaning solution. Also, peroxide or javelle water will help to remove rust stains from these surfaces.

When embarking on a special cleaning project, place a piece of plastic under pairs of furniture to prevent damage from accidental spills or drippings.

Dampen a cotton ball with a drop of mineral oil and a little water. Rub it on the leaves of house plants to give them a healthy luster.

Wax window sills with furniture polish or paste wax. It makes them easier to clean and the wax won't show stain in rain.

LEGAL NOTICE

THE STATE OF TEXAS
To: George W. Hart, et al,
Defendants, George W. Hart, et al,
You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A. M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 23rd day of July 1962, at or before ten o'clock A. M. before the Honorable District Court of Parmer County, Texas, at the Court House of said County in Farwell, Texas.

Town of Bovina, which point is 9 feet Southwest of the SE corner of said Lot 9; THENCE Southwesterly along the boundary line between Lot 9 and North Street, 21 feet to the place of beginning, and that on or about the first day of April, A. D. 1962, that Defendants each entered unlawfully upon said land and premises and ejected Plaintiff therefrom and wrongfully withhold possession from said Plaintiff of said property, and Plaintiff further alleges that he holds title to the above described lands by virtue of the 10-year statute of limitations, as is more fully shown by Plaintiff's Petition on file in this suit. If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this 5th day of June, A.D. 1962. Attest: Hugh Moseley Clerk, District Court, Parmer County, Texas. (SEAL)

LEGAL NOTICE

NOTICE TO BIDDERS OF CITY'S INTENTION TO LET CONTRACT OR CONTRACTS FOR THE CONSTRUCTION OF STREET IMPROVEMENTS IN AND FOR THE CITY OF BOVINA TEXAS. AND TO ISSUE TIME WARRANTS NOT EXCEEDING \$50,000 IN PAYMENT OF ALL OR A PORTION OF THE COST THEREOF. SEALED PROPOSALS, addressed to the Mayor and City Council of the City of Bovina, Texas, will be received at the office of the City Secretary, City Hall, Bovina, Texas, until 2:00 o'clock P.M., on the 5th day of July, 1962, for furnishing all labor, materials and equipment and performing all work required for constructing street improvements in and for said City, including drainage, curbs and gutters, in accordance with specifications and plans approved by the City Council, on file in the office of the City Secretary, and at such time and place all such proposals will be publicly opened and read. PLANS AND SPECIFICATIONS may be examined without charge in the office of the Engineer, RALPH W. DOUGLAS, 403 LFD Drive, Littlefield, Texas, and may be procured from said Engineer upon a deposit of \$10.00 for each unit, as a guarantee of the safe return of the plans and specifications. All of the deposit will be returned to each bidder immediately upon the return of plans and specifications in good condition and to all non-bidders who return their plans and specifications to the Engineer in good condition at least five days before the bid date. Copies of general plans, specifications and other contract documents are also on file with the City Secretary and are open for public inspection. A CERTIFIED CASHIER'S CHECK, or an acceptable bid bond, in an amount not less than five per cent (5%) of the total bid shall accompany each bid as a guaranty that, if awarded the contract, the bidder will promptly enter into contract with the City of Bovina, Texas, and furnish bonds on the forms provided. THE SUCCESSFUL BIDDER will be required to furnish a Performance Bond and a Payment Bond, each in the amount of the contract, written by a responsible Surety Company authorized to do business in the State of Texas, and satisfactory to the City Council, as required by Article 5160 V.A.T.C.S., as amended by H. B. 344, passed by the 56th Legislature, Regular Session, 1959. BIDDERS are expected to inspect the site of the work and to inform themselves of all local conditions. ATTENTION of bidders is directed to the provisions of House Bill No. 54, Chapter 45, passed by the Forty-third Legislature, at its Regular Session, requiring that not less than the general prevailing rates of per diem wages for work of a similar character in the locality where the work is performed, shall be paid all laborers, workmen and mechanics employed in the construction of public works. IT IS THE INTENTION of the City Council of the City of Bovina to issue time warrants to the contractor or contractors in payment of all or a portion of the cost of the above mentioned improvements, not to exceed the principal sum of FIFTY THOUSAND DOLLARS (\$50,000), said warrants to bear interest at a rate of not to exceed FIVE PER CENTUM (5%) per annum, and to mature serially, the maximum maturity date to be not later than December 31, 1962. THE CITY will make arrangements for the contractor to dispose of the warrants herein mentioned at their face value, and the contractor must agree to deliver the warrants at face

EDUCATOR COMES TO LADIES AID NEW YORK (UPI) - An women tired of being constantly the subject of study by psychologists, sociologists, educators and others? Dr. Millicent McIntosh suggests they are. At the farwell luncheon in her honor when she retired as president of Barnard College, she noted the often articulate but nevertheless staggering volume of material on "the woman question."

CHEESE 'N CHILI Give pancakes a south of the border flavor with cheese and chili. Make pancakes from your favorite mix and bake as label directs. Place 1 slice of processed cheese on each hot pancake and fold over. Top with heated canned chili.

A South Dakota Experiment Station study of food likes and dislikes among a group of South Dakota State College students showed milk, butter, strawberries, apples, peaches, pears, grapes, corn, beef and poultry were among foods they'd be willing to eat often. Parsnips and turnips were liked least of the 20 vegetables on the list.

Farm Facts Annual fat consumption totals 45 pounds per person. In 1962, approximately 1.3 million more Americans will reach retirement age, reports the Institute of Life Insurance.

FOR SALE--To be moved about July 1, 40' by 66' stucco frame building. Built new 1947. Equipped with two floor furnaces, large air conditioner, attractive light fixtures. Call or write Church of Christ, ph. 238-3341, P. O. Box 422, Bovina Texas, 47-tfnc

We've got GAS air conditioning at our house! Boy, it's the MOST! It does more than just COOL, too. It circulates, ventilates, dehumidifies and cleans the air. Oh, and it HEATS in winter... I almost forgot! Mom says it's a lot easier to keep house, now, because there ain't... I mean "isn't"... as much dust around. And you should hear Dad go on about how his hay fever's let up since we bought the Arkla-Servel. An' you know what? It runs so much cheaper than our old job that the folks increased my allowance from the savings! All I know is that when I get a house, I'm gonna have an Arkla-Servel Sun Valley, too. Say, ain, I mean "isn't", that a funny name for an air conditioner! For sales, service or information, just call... Pioneer Natural Gas Company
