Following is a report on activities in the Kirk Field, Gorman, r Thursday, August 26: J. W. Baldwin No. 3 J. N. Wat-

son are preparing to set pipe at 2923. They have a nice show of oil in this rigging as in the other 2 location which have been proven up on this lease.

W. B. Johnson No. 5 Irelan Watson rigging up with Gilchrist Drilling Contractor in charge of drilling operations.

Man and Griffin No. 1 Millington running pipe at 2828. They also have a good show of oil. This proves A. W. Gregg's prediction before he left for Houston the other day that the Kirk pool was going to funnel to the South of the present activity.

Man and Griffin will move their outfit from the Millington to their new place on the No. 3 Bryan which was their first love in these

A. W. Gregg No. 1 Boyd was perforated last night (Wednesday night) and are preparing to acidize this afternoon.

Activity is really reaching a Drill-site leasing with the completion of Thursday's leases there will have been over 50 sites according to Miss Van Winkle who has done most of the paper work in these deals and who has a record of everything which is available within the city limits. E. T. Gary of Cisco who was formerly a resident of Gladewater and V. R. Green of Gladewater were in Gorman Thursday picking up a dozen or more of the Townsites. Mr. Bradley of Tyler and Long-view, and Mr. Rainwater of Longview, and Mr. Wilder of Longview have been working the town pretty throughly and have several desirable pieces of land leased which could be drilled on very nicely when the city fathers give their go ahead on the permit end of the deal. This kind of a deal is being watched with mounting interest with people in the city and also by the operators in the area and by several from the East Texas towns

Breck Air Show Rescheduled For sunday Sept. 5

The Breckenridge Air Show, which wah formerly scheduled to have been held last June but which had to be postponed when the main star of the show accidently injured a leg, is to be held Sunday, September 5, at 2:30 p.m.

Among the numerous attrac tions offered at this show is that of a man cranking his airplane in mid-air (50 feet from the ground); wing walking three feet from the ground, board wall crash, all kinds of stunt flying, Jimmy Brantan leaving an air plane leaving an airplane at 300 feet without parachute, United Nations Parachute jumps open show at 2:30 p.m., the batwing jump executed by Elmo Bannis-

Truman Due In Washington Sun.

With President Truman - The Presidential yacht Williamsburg sailed toward tiny Blakistone Island, Va., today as President Tru-man neared the end of his nine-day pre-campaign vacation.

The Williamsburg was scheduled to reach the island in the lower Potomac River late tonight. Mr. Truman and his party are due back in Washington Sunday after-

U. S.-Meixco **Airlines Dispute** Still Unsettled

MEXICO CITY, Aug. 27 (UP)-Gen. George Brownell, President Truman's personal representative, left here today for Washington, D. C., following suspension of negotiations between Mexico and the United States on an air transport agreement.

Brownell said that he was "disappointed" at the outcome of the three week long conversations but, he added, the two nations now "see eye to eye" on many points

under discussion. President Aleman is giving "careful consideration" to the points of difference blocking an agreement, Brownell and Mexican Communications Minister Augustin Garcia Lopez announced jointly, raising the possibility that the president may come up with his own solutions.

In Mexico, the president has final say on treaties and agreements and coul modify the Mexico point of view enough to enable

conclusion of a civil air pact.)
The parleys were halted "because of different views with respect to certain air routes to be mutually operated by both coun-tries on a permanent basis," the joint statement said.

There was no mention of the routes involved.

The two countries said suspension of the negotiations was completely friendly and em. asized that it does not imply a "rupture of civil aviation relations or air pitch in the City of Gorman over transport services between the two countries."

At present, Compania Mexicana De Aviacion operates into Los Angeles, and Pan American and American Airlines fly into Mexico under special permits extended by the two governments.

The proposed agreement would provide for the opening of other air routes into the two nations.

Hurricane Heads

MIAMI, Fla., Aug. 27 (UP)across the South Atlantic toward the U.S. mainland shifted slightly today and headed in a more westerly direction 760 miles due east of Miami.

The great winds roaring counter-clockwise around the "eye" of the storm were estimated at 115 miles per hour, 15 miles per hour faster than the estimate issued before dawn this morning.

Its direction, acording to an 11 A. M. advisory from the hurricane warning service, shifted slightly from northwest to west-northwest, pointing it more directly at the southeastern coast.

The storm still was traveling at about 15 miles per hour. A high pressure area north of its present location was funneling the hurricane down a weather through toward the coast.

The hurricane warning service still declined to predict its ultimate direction.

Railroads Ask For Increased Freight Rates

WASHINGTON, Aug. 27 (UP)

—The nation's railroads today asked the Interstate Commerce commission for increases in freight rates on coal, coke and iron ore estimated to yield an additional \$140,000,000 a year.

The railroads said the extra revenue is essential if they are to continue providing "adequate and efficient transportation.

Their proposal would increase the rates on hard and soft coal and coke by 25 cents a net ton or 28 cents a gross ton all over the country. They asked for an increase of 20 cents a gross or net ton for iron ore in the East and

Recently the government issued the first approval to a jet engine for commercial transport use.

Sixteen Die In This Blaze

Firemen battle vainly to save the lives of sixteen Air Force men who died when this B-29 attempted an emergency landing on Honolulu Airport and crashed on adjacent Hickam Field. Four men, thrown clear of the crash, are still in critical condition (U.S. Air Force Photo via NEA Telephoto.)

Final Rites For M. P. Herring

Final rites will be conducted for Milton P. Herring, 53, in the Church of Christ at 3:30 p. m. this afternoon by Claud C. Smith minister of the Church of Christ. Interment will be in Eastland

Pallbearers are: Leon Bour-land, Russell Hill, Hal Boggus, Lowell Snyder, Jim Golden, A. B. Cornelius of Eastland, Homer Wiesen, Ranger, and J. W. Wilcox

The deceased had lived in Eastland approximately 22 years and had been manager of the A & P store for a number of years. He was a member of the Church of Christ and the Masonic Lodge.

Survivors are widow, six chil-dren, Milton P. Jr., Brooks, Steen, Lowell, and Murray and Mrs. Jimmy Pollard, his father, B. Herring, two brothers, Tom and Mur-

Communists Break Up Second Berlin Meeting

BERLIN, Aug. 27 (UP) - Communist leaders demanded that a special nine-man commission be set up to rule Berlin today after 4,000 demonstartors broke up the second scheduled meeting of the city assembly within 20 hours.

The scheduled assembly meet ing was postponed indefinitely when Communist action squads smashed down iron gates and stormed into the city hall, threatening to break down inner doors

with a battering ram.

More than 1,800 of them jamm ed the city assembly chamber, which has a capacity of 150, to hear a speech by Karl Littke, Communist leader in the city assembly.

Voters Go To Polls Again Saturday

Texas voters will go to the polls tomorrow (Saturday) to vote for a number of candidates in run-offs following the first primary in July.

Principal among these are the candidates-Lyndon Johnson and Coke Stevenson for United States

In Eastland county there are a few run-offs. At Gorman there is a run-off for County Commission-

In Eastland the interest in the run-off centers largely around the run-off between Allen D. Dabney of Eastland and Cecil C. Collings of Big Spring, candidates for associate Justice of the Eleventh Court of Civil Appeals located at

Collings' supporters have centered their campaign largely on the slogan-"Promote a District Judge," while Dabney's supporters have urged the election of him as a seasoned lawyer with long practice before the courts including the appellate courts They have also urged the election of Dabney on the ground that two of the present members of the court were elected from the west end of the district and further that Collings, a district judge in the 70th Judicial District is serving in a district of five counties only 1 of whch is in the eleventh appellate district, and that he is lacking in practical experience.

The large blackboard, used in the first primary, will not be up for the display of returns in Sat urday's election, County chair-man Oscar Lyerla has stated.

The players will play 18 holes Dr. Whittington To Visit Month In Eastland

Dr. and Mrs. James C. Whittington and their small son. Dick. came in Friday to visit through the month of September with Dr. Whittington's mother Mrs. Buda B. Butler 603 South Connellee Street.

ALLEN D. DABNEY DABNEY Opponent NONE 25 Years 7 Years 35 Years

Judge Dabney carried his home county of Eastland by a substantial majority, although Judge Gray, the third man in the race, also w a s living in Eastland and holding court, where he received a nice vote.

My opponent, living in Big Spring, is District Judge of the 70th District Court, which is composed of 5 counties, but only one of these counties is in the 11th Appellate district where he is now seeking office. In other words, 4-5ths of his judicial service is spent in the El Paso Appellate District. Why elect him to the Eastland Court when he renders only 1-5 of his service in OUR district?

My opponent is charging there will be two members from Eastland County if I am elected. The fact is that two members now LIVE at Eastland and the third stays ther much of his time. In fact, since creation of this court ONLY ONE member lived in Eastland County WHEN ELEC-TED OR APPOINTED, but they almost everyone MOVED THERE after he became a member. When they joined the court one present member was of Brown County, one of Taylor County, and one of Haskell County. The Brown County member is retiring, the Haskell County member lives in Eastland and votes there, but his address is listed as Haskell as late as 1945. (Southwestern Reporter 187-88 2nd). The Taylor County member lives in Eastland but votes in Abilene.

My opponent ERRONEOUSLY bases his qualifications to the Civil Appeals court on the fact he is a district judge, Chief Justice Hickman of the Texas Supreme Court was not a district judge before being elected to the Eastland court, but was an Active practicing lawyer, (as is Judge Dabney) and as were many others.
