Molesting Of U. S. Plane Over Berlin Revealed

That Reminds Me
BY FRANK A. JONES

THAT REMINDS ME
Milton (Pop) Gaines read in this column that neither the Eastland Rotary club nor the Eastland Lions club had American flags displayed in their meeting places and promptly called the writer to say that he had flags which he would be glad to donate to the clubs, and as a result Lion L. E. McGraw presented a flag donated by Gaines to the Lions club Tuesday noon. It was accepted and promptly displayed.

At Tuesday's meeting of the Eastland Lions club the members voted to extend through this column, the club's thanks to Pop Gaines for the United States flag which he donated to the club to be displayed at meetings along side the emblem of Lions International. Lion McGraw, in making the motion before the club, requested that I frame the acknowledgement in the most appropriate language. About the only thing I can think of to say, however, is that each and every member of the club is very appreciative of the new flag and very grateful to "Pop" for it.

City Manager Earl O'Brien dropped in our office this morning to ask that we call the attention of Eastland water users the fact that the City's water supply, while ample at present, will not continue so for too long unless rains fall. In this connection, the City Manager pointed out that if water users would refrain from using water for non-essential purposes it would greatly help. The large number of new people that have moved to Eastland within the past few months has naturally caused an increase in the amount of water consumed; that with the long hot summer when such a large number of air-conditioning units were in operation throughout the City, caused more water than usual to be used.

Tuesday next the Eastland Rotary and Lions clubs will meet jointly at the noon hour at the meeting place of the Lions club in the basement of the First Methodist church. On that occasion the clubs will be host to about 30 representative business men of Fort Worth forming a motorcade enroute either to or from Abilene.

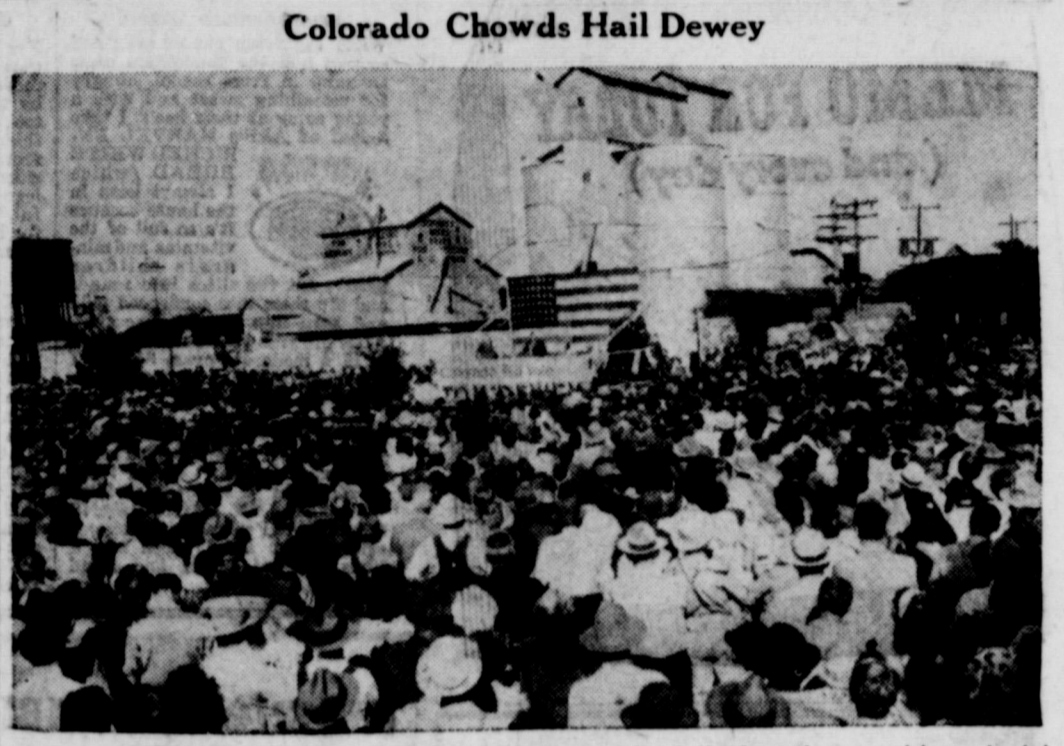

Episcopalians In Conference

GRANBURY, Tex. Sept. 23. — (UP)—The third Liturgical Conference at Camp Crusis near here entered its second day today with more than 100 clergy, laymen and women of the Episcopal church from Texas and neighboring states in attendance.

The conference opened yesterday with the first lecture presented by the Rev. Gabriel Herbert from Kelham, England.

The conference marks the end of a five-month period at the camp, during which some 2,800 persons had used it.

A fluorescent lamp, the color of which matches incandescent light, is on the market. Its efficiency is said to exceed that of the standard white fluorescent lamp by 7 per cent.

Requiem Mass Said For M. J. McLaughlin

Requiem Mass for Marcus John McLaughlin of Dallas, brother of J. R. McLaughlin of Ranger and uncle of Mrs. Charlie J. Owen of Eastland, was said this morning at 9:30 o'clock at the Sacred Heart Cathedral in Dallas. Rosary was said Wednesday night at 8 o'clock at the Ed C. Smith and Brother Chapel.

Mr. McLaughlin who was a retired Magnolia Petroleum Company official died suddenly at his home in Dallas Tuesday.

The deceased who had been active in the oil business for 45 years began his career in that field in West Virginia in 1898 and came to Texas in 1912 to work for the Magnolia at Eeltra. He was elected a director of that company in 1930. He was the vice-president and manager of the producing division of Magnolia when he retired on January 1, 1944.

Survivors are the brother of Ranger, his wife, Mrs. M. J. McLaughlin of Dallas; one son, J. M. McLaughlin of Kermit; a daughter Mrs. A. W. Tarkington of Tulsa, Oklahoma; a sister, Mrs. P. H. Pitzer of Mannington, West Virginia and six grandchildren.

Interment was in Calvary Hill Cemetery.

FLORIDA BEGINS MOPPING UP AFTER BIG HURRICANE

MIAMI, Fla., Sept. 23, (UP)—Floridians began mopping up today after a slow-moving, vicious hurricane that caused 12 deaths and well over \$5,000,000 in damage since its birth in the Caribbean south of Cuba four days ago.

The whirling storm roared out to sea last night after slashing across Cuba and wandering over the southern half of peninsular Florida for two devastating days.

At 10 P. M. the hurricane center was about 150 miles east of Melbourne, Fla., moving northeastward over the Atlantic and gaining speed and intensity.

The weather bureau here dubbed the hurricane the "ox-cart special" because of its leisurely and indecisive course. "If it didn't set a record for slow traveling," Chief Forecaster Grady Norton said. "It must have come close to it."

MAVERICKS AGAIN UNDERDOGS AGAINST UNDEFEATED WINTERS

BY MARVIN GROSS
Blizzards of destructive power are expected to sweep into Eastland tomorrow evening—in fact sweep right into Maverick field where the Mavericks are primed to face the Winters Blizzards in a non-conference tilt at 8 P.M.

Coach Wendell Seibert and his boys are putting up storm warnings along the gridiron, hoping for their first 1948 success. But the Blizzard, like Albany will field a big, fast squad that has romped over two opponents in one-two fashion. The Blizzards throttled De Leon 32-6 then went all-out against Snyder winning 40-0.

Seibert rates Albany and Winters in the same class—a fast which might postpone the first Maverick victory until another week. Members of the 7A conference, the Winters team is picked to come home first in that group.

Although they flashed an improved offensive in the Albany tussle the Eastland gang have yet to score their first point of the season—about the furthest penetration made, has been the opponents 30-yard line.

"But this boy Margit Wadley should be ready to break loose," commented Seibert. "He lacks size and weight but he never stops moving and he showed enough in the Albany game to prove he's dangerous."

The Maverick backfield role Jim Smith and the much improved Colonel Don Brasher at quarterback. Co-captain Jack Kelly will be at fullback.

Brasher who only lacks some experience is slowly losing those jitters which handicapped his two signal caller got off several fine earlier efforts. The spindly kinks last week and Seibert feels his passing will shortly have a better accuracy rating.

Bitterest starting battle is for the end positions. Last week's starts Mack Harris and Jimmy Spalding are being passed for starting honors by Leonard Quarles, a converted guard and Larry Falls. Seibert said he would know until game time who will nail down the starting roles.

Starting again at guards will be J. C. Burke, 160-pounds and Glenn Garrett, just about 30 pounds lighter than his running mate.

Co-captain Dan Amis is a fixture at one of the tackles but the other spot is still open to the highest bidder. Murray Herring, steady 160-pound pivotman will continue in that position.

Seibert is far from discouraged with the play thus far of the Mavericks. He feels misplays and tactical errors cost his boys two touchdowns in the Albany contest—a few times the Albany backs were seemingly stopped only to wrench loose and go for long jaunts. The tackling must be stepped up a couple of paces in order to keep opponent's scoring down to a respectable figure.

The Mavericks will concentrate their offense on the ground as the aerial attack still hasn't been polished to a high grade of efficiency. Brasher remains about the only tossed on the squad but long about the first conference game he should be ready to start his circus.

Womack Announces Musical Play For Friday 9:00 A. M.

Superintendent W. G. Womack announces a Musical play will be given at the general assembly Friday at 9:00 a. m. in the high school auditorium. The play will be called the "Bell Ringers," using all kinds of bells, silver, gold, various bells of Countries and colors will be used.

Funeral Plans Pending TEXARKANA, Tex. Sept. 24 — (UP)—

Funeral rites were pending today for Ben. F. Smith, 75-year-old merchant and planter and founder, with his brother, of the Ben F. Smith dry goods store. Smith died yesterday.

Magnolia Is To Make Olden Deep Oil Test

A try for deep production in the old Olden field will be made by the Magnolia Petroleum Co. by deepening a shallow producer, the No. 22 T. W. Connelley. The proposed depth is 3,500 feet and the drilling will be done by rotary.

This lease was one of the most prolific of the old-time boom and some of the shallow wells there have been producing for almost 30 years.

This try has great possibilities because, if successful, it could lead to a wave of development in an old area. Also it gives Eastland new activity in every direction as there were already wells drillings to the north, south and west.

Five Locations Announced For The Kirk Pool

The Kirk pool, along the Eastland-Comanche line, continues to set a rapid pace in development, with five locations announced during the week. There are approximately 65 producers in the pool which was discovered in January. The new locations, all in the Comanche County portion of the pool are:

- Coast Oil Corporation of Eastland, No. 8 Della Graham, 330 ft. from north and west lines of tract Wm. DeMoss survey.
- J. W. Baldwin of Wichita Falls No. 2 J. A. Watson, 330 ft. from north and west lines of tract, Wm. DeMoss survey.
- H. W. Snowden of Dallas No. 1 C. L. Schugart, 330 ft. from north and east lines. Southwest quarter of northwest quarter, Sec. 57, Block 2, H&TC survey.

Lea Berry Walker Critically Hurt In Auto Accident

Lea Berry Walker of Cleburne, brother of Frank Walker and Raymond Walker of Ranger, remained in a serious condition in a Cleburne hospital today, suffering from injuries sustained in an automobile accident near Cleburne Tuesday morning.

Reports indicated today that Walker is still unconscious and is suffering from possible internal injuries, broken ribs and a badly mangled leg.

According to reports of the accident, Walker had started to Dallas when on the edge of Cleburne his automobile struck a soft spot in a road under construction and overturned a number of times.

Raymond Walker and his sisters, Mrs. E. O. McClain of Breckenridge are in Cleburne with their brother.

The injured man is well known in this section, having lived at Breckenridge, Ranger and Cisco.

ISRAELI FIGHTER OF RUSSIAN YAK TYPE SHOOTSDOWN ARAB PLANE

Western Papers Stripped From Berlin Stands

BERLIN, Sept. 23 (UP)—German police stripped all western licensed newspapers and periodicals from newsstands in the Soviet sector today in systematic raids. The raids marked the first official move to eliminate western publication from the Soviet sector.

37 States Report 5,208,663 Men Listed In Draft

WASHINGTON, Sept. 23 (UP)—Selective Service Headquarters disclosed today that 5,208,663 (M) young men in 37 states and territories registered for the peacetime draft between Aug. 30 and Sept. 18.

Eleven states have not yet reported, draft headquarters said. It added that of the registrants, 1,364,401 (M) were reported by their state and local boards to be single, non-veterans, non-fathers 18 through 25 years of age.

BERLIN, Sept. 23, (UP)—Two Russian fighter planes closed in on an American transport Tuesday, endangering it by darting within six feet and stunting along the line of flight, it was learned today.

The yak fighters flew in next to the U. S. Army Liner flying from Berlin to Frankfurt and for a time kept so near it that those aboard could plainly see the face of one of the Russians.

Those aboard the transport said one Russian fighter drew within six feet of the American plane, set a course alongside it, stayed for several minutes and then peeled off and began doing acrobatics.

The other plane remained slightly under and behind the transport, informants reported.

American and British airmen flying the Berlin run frequently have reported Soviet harrying tactics, but no such close approach to a transport had been disclosed heretofore.

In Berlin itself, German police removed all newspapers and periodicals licensed by the Western powers from newsstands in the Soviet sector in systematic raids. The raids marked the first official action to eliminate such publications from the Soviet sector.

Earlier it was revealed from Amman that an Israeli fighter plane shot down an Arab transport plane on Trans-Jordan soil today, causing the deaths of two British newspapermen and one Arab passenger.

The Arab reports said the Jewish fighter plane, said to have been of the Russian Yak type, intercepted the Arab transport plane near the Palestine-Syrian border, followed it for several miles over Trans-Jordan territory, and shot it down in flames.

Three passengers—two Britishers and one Arab—and the crew of two escaped with minor injuries as the plane crashed among rocks, it was said. The transport was enroute from Amman to Beirut, the reports said.

The three men who died disobeyed orders of the Arab pilot and leaped from the plane while it was in flight when the Israeli fighter attacked, according to the reports.

One of the dead was identified as David Woodford, veteran middle east correspondent of the London Daily Telegraph. The other Britisher killed was said to have been a newspaper man also. His name was reported only as Mitchell.

Remington May Sue Spy and NBC

WASHINGTON, Sept. 23 (UP)—William W. Remington, suspended commerce department official, announced today he will sue Miss Elizabeth T. Bentley and the National Broadcasting Company unless she retracts immediately charges that he is a Communist.

Miss Bentley has admitted that she was a Communist spy courier during the war. She charged before a congressional committee and during an NBC broadcast that Remington was a Communist and one of her contacts here.

Remington told a press conference that he is not and never has been a Communist. He said he will fight until he gets vindication of the charges made on the air and before Congress by Miss Bentley.

Ching, Mediation Director Leaves For West Coast

By United Press
Cyrus W. Ching, federal mediation director leaves today for his first visit since taking office with mediation service workers on the west coast, where strikers are in process against ocean shipping and

oil refining industries. At Washington, Ching's aides said he will confer with members of the mediation staff, labor officials and businessmen. They said that he probably will talk with leaders of both sides in the maritime and oil disputes, although they denied that his trip was made in connection with the strikes. In the maritime dispute, both the shippers and the unions today sought the support of President Truman as he campaigned through California. But the president avoided comment on the 21-day-old

strike. One shipping firm—the W. R. Chamberlin Company—reported it would be forced out of business within four to six weeks if the strike continued. At Oakland, pickets were withdrawn from docks to allow accumulated commercial cargo to be cleared from the docks. Sporadic gasoline shortages developed at many points because of the strike by members of the CIO

International Oil Workers in California. In some places, drivers were told they could buy no more than five gallons at a time. In Los Angeles, the non-striking Independent Union of Petroleum Workers reached a wage agreement with the Union Oil Company. The union accepted a 12-1/2 cent hourly wage boost, which the CIO strikers had rejected.

MARKETING with Marjorie

School days mean homework for mothers as well as for their offspring... what with lunch boxes to pack and after-school snacks to fix. And this kind of homework requires a lot of thought, too, if you want to win honors (and help your children do likewise). So let's start concentrating on it right now!

NEIGHBORHOOD MARVEL
When I'm fresh out of cake and cookies and the youngsters come trooping in from school, hungry for something sweet and with a young army at their heels, I take a loaf of A&P's MARVEL ENRICHED WHITE BREAD (which I always keep in the house because it's so full of the vitamins and minerals children need); cut the slices into rounds and dip them into condensed milk and then into shredded coconut. After browning these rounds lightly in a moderate oven, 350° F., I put them together in pairs with preserves between.

MAKE 'EM BEAM WITH BEANS!
If your children think baked beans are "on the beam," they'll beam at the sight of sandwiches filled with cold ANN PAGE BEANS from the A&P mixed with chopped celery, crisp diced bacon and a little chopped pickle and salad dressing.

OF SCHOLARS AND DOLLARS
For satisfying the big appetites that small fry develop in school, foods from the A&P are in a class by themselves! It's a huge class, too... including hundreds of good things that promote good health from kindergarten to college. Incidentally, if you've started a college fund for your "young hopeful," you can save plenty of money for it by marketing at your A&P, where prices are low every day.

ON WHAT A PICKLE!
Firm, ripe cantaloupe that ends up in a pickle makes a grand garnish! Boil 3 1/2 lbs. (pared and sectioned) in salted water till tender. Drain. Mix 2 cups sugar, 1 cup vinegar, 1/2 cup water and 1 tbsp. A&P's ANN PAGE WHOLE MIXED SPICES FOR PICKLING. Boil about 5 minutes. Add drained cantaloupe and cook gently 5 to 10 minutes. Pack in clean hot jars and seal at once.

Airport News

ON THE PROWL
PULLMAN, Wash., Sept. 18—1 flew into Boise, Idaho, the other day via United Airlines from Denver. At Boise I transferred to Empire Airlines, a small interstate line operating between Boise and Spokane. As a matter of fact Empire gets along on two converted C-47's which recently replaced a couple of Boeing transports—the last two to go out of airline service. Empire stops at such small places as Baker, Oregon, La Grande, Oregon, Pendleton of round-up fame, Walla Walla, Washington, and (at a later date) Pullman, Washington. I was particularly impressed by the Class III and IV airports at Baker and La Grande, both towns somewhat smaller than Eastland and neither of which had the benefit of having taken over former army air fields. Empire is not presently landing at Pullman since the airport there is being paved with nine inch thick layer of back top. I looked up a member of the airport board and asked him how this was being done—the line managed airports which would meet the year around requirements of airline operation? He told me it was being done through federal aid funds which had been successfully matched. Pullman, a town not as large as Eastland, had raised the matching funds by subscription, the contributions of air-minded townspeople and farmers who see future benefits in airport improvement.

Just how much good can be done in the raising of funds by subscription is shown by the fact that Pullman is spending nearly two hundred thousand dollars on their airport. It wasn't any overnight project—an active airport board has been working and looking for the ways and means for the past ten years. It is the result of long range planning. By merit of having a board looking after the affairs of the airport much grief and trouble has been sidestepped—troubles of the sort that can arise from incompetent and poor operators.

We may have missed the boat on federal aid in Eastland, but federal aid isn't necessarily the making of any airport. First of all there has to be a plan and some-

one to back it up with active interest. It requires such a board to determine what the actual need is, how many people actually want it and would use such facilities, and would desire daily stops of a scheduled airline. For the present at least, ways and means to regular maintenance for the present facilities might be found, whereby oil operators who are finding frequent use of the field would not have to land elsewhere because of rough and ill-kept runways. The field was recently worked over with a grader which started bringing back some of the business, from out of town planes, which had been lost. This maintenance of the runways should be regular but not the ultimate aim in developing the airport. We can have daily and regular stops from Pioneer Airlines eventually if we do more than talk about it or just wish it were so.

Feller Pitches Cleveland Into First Place Tie

The man who's been through for two months reared up and tossed a three hitter to put the Cleveland Indians up in a tie for the lead in blistering American League pennant race. Bob Feller scored number 17 on the credit side as he topped the Red Sox 5-2.

The Yankees are just two measly percentage points from the top after beating the White Sox, 7-2. The Yanks can make it a three way tie today by beating Chicago again as the Red Sox and Indians are idle.

A four run seventh by the New Yorkers clinched the win after Chisox hurler Bill Wight had battled Tommy Byrne on even terms.

Detroit behind Hal Newhouse's gait-edge tossing stopped the Athletics 5-1. Prince Hal held the A's in check all evening to record

his 19th triumph. Phil Marchildon was the loser for the Mackmen.

A trio of walks in the tenth inning gave the Senators a 5-4 win over the Browns. Forrest Thompson who relieved Sid Hudson was the winner for the Senators.

And the Braves will have to wait another day to clinch their first flag since 1914. The St. Louis Cards blasted 17 hits to defeat the Braves 8-2. For the fourth time this season Stan Musial blasted five-for-five and tied a major league record.

Rep Sewell, the aged-in-the-wood Pirate righthander hurled a six hitter to humble the Dodgers, 5-1. Two former Dodgers, Stan Rojek and Dixie Walker each had four hits against their former mates.

The Giants fell twice to the Chicago Cubs, dropping the first 3-2 and the nightcap 11-7. Rookie Bop Rush pitched a three hitter in the opener. Bob McCall who had previously dropped 13 straight was the winner in relief in the finale. Bill Rigney of the Giants fractured his right thumb in the second inning of the sec-

ond game. Johnny Vander Meer having one of his finest seasons in baseball notched his 16th victory beating the Phils 4-3. Hank Sauer's homer tied the game for the Braves while three consecutive doubles in the eighth insured the victory.

Harris Travels With Longhorns

AUSTIN, Tex., Sept. 23 (UP)—Texas' Longhorns, 39 strong, were enroute today by chartered plane to Chapel Hill, N. C., where they will meet the Tar Heels Saturday in the Steers first inter-sectional tilt of the football season.

Co-Capt. Dick Harris, injured in last week's game against LSU, was with the team. Reports on his wrenched knee were more encouraging, but whether he would see action Saturday was still doubtful.

One top hand was left behind. That was end Jimmie Watson who was ill with bronchitis.

Mustangs Headed For Pitt Battle

DALLAS, Tex., Sept. 23 (UP)—Forty-two Southern Methodist Mustangs were scheduled to en-train here today for Pittsburgh, where the defending Southwest Conference champions open their season against the Pitt Panthers Saturday.

All hands were in good shape and Coach Matty Bell ordered only a last-minute limbering up drill early this afternoon before train time. A stiff workout plus a night skull practice was held yesterday.

The Mustangs will ride a Texas & Pacific special train, which also will carry 125 SMU rooters to Pittsburgh.

Frogs List One Doubtful Starter

FORT WORTH, Tex., Sept. 23 (UP)—Only one regular appeared on the doubtful list today as the Texas Christian Horned Froge scheduled a light drill before embarking for Stillwater, Okla., for Saturday's tilt with Oklahoma A. & M.

Randy Rogers was sporting three new "store" teeth after getting the originals broken in last week's Kansas game and it was doubtful if he would feel well enough to play against the Aggies.

An extra-long skull practice occupied the Horned Frogs yesterday as movies of the Kansas game were shown with coaches pointing up mistakes.

TEXAS DIAMOND DOINGS

By United Press
TEXAS LEAGUE
PLAYOFF
By United Press

Eddie Chandler put the handcuffs on the hard-nitting Tulsa Oilers last night and the Fort Worth Cats went one-up in the fight for the Texas League championship, winning the first tilt of the final playoff, 7 to 0.

Chandler, a right-handed fast-baller, shutout the Oilers and gave up only three hits. His team mates had their hitting caps set a little better than did the Oilers, hanging out six hits, one less than the number of runs scored.

Tulsa got men as far as first base and Chandler's stingy pitching was helped by tight fielding by Fort Worth in keeping the runners pinned down. The Oilers committed two bobbles afield to help their opponents along.

The game was watched by a crowd of 9,545.

The two teams meet again tonight at La Grave Field in Fort Worth.

BIG STATE LEAGUE

It took them the limit to turn the trick, but the Sherman-Denison Twins held both the regular season and Shaughnessy playoff honors in the Big State League today.

The Twins won the seventh and deciding game of the playoff from the Wichita Falls Spudders last night 3-2, but had to subdue a ninth-inning uprising to keep the Spudders from winning a third straight game and taking the series.

They went into the ninth leading 3-0. With two out and two on for the Spudders, Pat McNair doubled home both runners, but was nabbed at third trying to stretch his blow into a triple.

It was a fine hurling duel between the Twins' Pete Appleton and the Spudders' Sid Peers, each allowing only six hits.

LONGHORN LEAGUE PLAYOFF

The Midland Indians wore the championship crown of the Longhorn League today, victors over the Vernon Dusters in the final playoff which went the limit of seven games.

The Indians took the payoff game last night, 6 to 2.

LONE STAR LEAGUE PLAYOFF

The Kilgore Drillers overcame the Longview Texans, 8-2, last night to take the championship of the Lone Star League in four straight games.

By winning the circuit crown, Kilgore won the right to meet Amarillo of the West Texas-New Mexico league for class C title of

Texas. Play will open in Amarillo Friday night in a best-of-seven series.

Kilgore, the no. 1 team in the Lone Star loop during the regular season, snagged three runs in the fourth inning last night and were never threatened hereafter. The Texans tallied 10 hits, one more than the winning drillers, but also committed 3 errors. Kilgore bobbled only once afield.

U S. Golfers Pace Open Play

VANCOUVER, D. C. Sept. 23, (UP)—The second round in the \$10,000 Canadian Open Golf Tournament, won for the last 34 years by U.S. players, gets under way today with three Americans tied for the lead.

The blazing American trio—Her-man Keiser, Akron, O.; Dick Metz Virginia Beach, Va.; and Billy Nary, Los Angeles—carded five-under-par 67's on the opening 18 holes yesterday.

Ellsworth Vines, Iowa City, Ia., shot a four-under-par 68 to move into second place as 140 U. S. and Canadian golfers played the rain-drencher Shaughnessy heights course.

The four shot-makers who carded 69's were George Schneider, Ogden, Utah; Eric Mori, San Monica, Cal.; George Bolesta, Tampa, Fla.; and Dale Anderson, Glenview, Ill.

Grouped at 70 were Fred Wood, Vancouver, B. C.; Chuck Congdon, Tacoma, Wash.; Fred

Dewey Challenged On Spy Query Stand

WASHINGTON, Sept. 23, (UP)—A House spy investigator today publicly challenged Gov. Thomas E. Dewey to say whether he will open the government's loyalty files to congressional inspection if he is elected president.

Rep. F. Edward Hebert, D., La., said it is "only fair and proper that those of us who have been so critical of President Truman on these matters should know what position he (Dewey) would take."

At the same time, Hebert revealed a sharp split within the House Un-American Activities Committee when he accused fellow members of putting politics ahead of national security in their current espionage investigation.

In perhaps the most bitter criticism ever directed at the committee by one of its members, Hebert said "it is a tragedy that politics has played such a large part in the committee's activities. Democrats and Republicans together have contributed. The Republicans want to keep in the headlines. The life sight of the fact the security of this nation is threatened."

The only tomb of an unknown soldier of the Revolutionary War is in Bethlehem, Pa.

Accuse Clark Of Evading Duty

WASHINGTON, Sept. 24 (UP)—Two members of Congress took attorney General Tom Clark to task today for his statements on the current espionage investigation and the federal loyalty program.

Chairman Homer Ferguson, R. Mich., of the Senate investigating committee accused the attorney general of trying "to excuse the inefficiencies and delays in the operation of the loyalty program."

Rep. F. Edward Hebert, D. La., a member of the House Un-American activities committee, said Clark is "derelict in his duty" if he has all the espionage data uncovered by House investigators and still does not prosecute.

In another skirmish of his running battle with Clark Ferguson criticized the attorney general for his recent statement on an interim report of the senate committee. Clark had said the report contained "incorrect and misleading statements" about the loyalty program.

Inquest Verdict Returned In Death Of Three

FREER, Tex., Sept. 24 (UP)—An inquest ruling today was that two men—one from San Antonio and the other from Austin—died under a hail of buckshot from a weapon fired by Ross Nabors, a World War I veteran.

Nabors then turned another weapon, a .22 caliber rifle, on himself dying instantly in the front yard of his home near here yesterday afternoon.

Deputy Sheriff John Vivian of Duval County said that the two men—John F. Gilbert of San Antonio and Tom R. Banks of Aus-

tin—had gone to Nabors' home yesterday afternoon on oil business. They recently had purchased 160 acres of the old Miller tract.

Vivian said that while they talked with Nabors' wife in the front yard, the war veteran opened up with a shotgun, firing through the screen door of his home. Both men died instantly.

The deputy said that Nabors then picked up a .22 caliber rifle, walked into the yard and viewed the bodies. He then shot himself.

Cafe Closed For Serving Horse Meat

SAN ANTONIO, Tex. Sept. 24 (UP)—City Health Officer Austin E. Hill revealed today that one cafe had been closed for serving horse meat but said that a preliminary investigation by the health department disclosed no legitimate papers were involved.

The Bexar County grand jury began an investigation yesterday of reports that horse meat was being served in some San Antonio cafes.

Dr. A. E. Wharton, chief veterinarian for the city health department, said that horsemeat had been sold to at least one downtown cafe.

Dr. Hill said that only one cafe had been closed, but that "60 to 100" tests still were in the laboratory stage.

The smallest state park in the United States covers only 25 square feet on the slopes of Mt. Hood.

What's the best buy on this table?
 You're right! It's that glass of milk. And it's the best buy for several reasons. All food prices have gone up. Every woman knows that only too well. But the price of milk has increased far less than most foods and much less than the average for all foods.
 What's more, milk is the best buy on the table because it is the most nearly perfect food. It supplies nearly one-half of all the food values your family needs... and does it for less money than any other food. And there's never any waste. Any way you figure it, penny for penny, milk is always your best food buy!

FOUR CO-EDS HEARTILY APPROVE A LITTLE FLIRT

By Harman W. Nichols
United Press Staff Correspondent
WASHINGTON, Sept. 23 (UP)—The man who called said four lovelies from George Washington University were willing to be interviewed on flirting.

He whetted the appetite by saying he understood the girls thought such nonsense "dangerous." Turned out our man had misunderstood. The girls, from left to right, proved to be heartily in favor of a flirt here and there.

The coeds were Billie Klapp, a 21-year-old senior, from Washington; Janet Glisson, also 21—a blonde—and also from Washington; Tot Weld, aged 18, from Arlington, Va.; and Donne Dalton, 19, of Arlington.

My tipster, it turned out, was reading the results of a survey made by United Artists in New York, among mothers and daughters, on the subject of flirting. It was the MOTHERS who view the practice with alarm, not the girls.

Billie, a Spanish literature student fingering her green earrings nervously in front of all those reporters and said sure, why not flirt? what's wrong with that?

"Just so you don't overdo it and show a little intelligence. But to use the old-fashioned wink, or to whistle back at a whistle would be cheap," she said.
Janet had her own ideas.
"When you're out on a date and spot someone you'd like to dance with, be sweet to your boy friend," she said. "Make it look as if you think he's the most wonderful guy in the world. Wear that old smile—wax it if you have to. Others will notice your personality and you'll have all the dances you can handle. All because of the flirt."

Tot, an art student, was amazed at the survey among college and high school kids in New York, wherein 80 per cent of the girls voted for the flirt.

"The other 20 per cent wish they had the nerve to say they do a little flirting, too. Even the wallflowers. And where would those poor souls be without flirting?"

Dionne said she thought the smile was the most important part of this flirting business. Billie and Janet butted in to collaborate on their definition of the perfect flirt:
One that is cute, maybe even

overdone — "and just subtle enough to be sophisticated and still attract attention."

That doesn't stack up with Mr. Webster. He describes flirting as "trifling amorously, etc."

As for a good night kiss under the porch light—the girls varied a little in their opinion. One said her pappy always said never until the third date.

But all the rest eyed that young lady and said: "That all depends."

As for me, a lot depends on whether mama sees tonight's papers. One of those snoopy photographers caught me interviewing Tot Weld, cute in her red fall new-look-and-a-half dress. The picture man had coached her to wink, flirtations-like.
She did—right at me.

Couple Held For Kidnapping

HOUSTON, Tex. Sept. 24 (UP)—A Portsmouth, N. H., couple was held here today on a kidnapping charge, but tearfully admitted they would rather "spend the rest of our lives in jail" than give up 9-year-old Catherine Elizabeth Pendergast.

The child was allegedly brought south by her uncle and aunt, Mr. and Mrs. Lewis Michael Rice Titus, after lengthy litigation in New Hampshire courts that left Catherine Elizabeth's status unsettled. It all started back in 1941, the 41-year-old Mrs. Titus told detectives.

The child's parents brought her to the couple to "leave her for the winter." But they did not return, Mrs. Titus claimed.

"We grew to love her and wanted to keep her," she added, "and then in 1947, my brother came and asked us to pack her clothes. He said he'd return for her the next day."

That was when the court battle started, Mrs. Titus said. "We just couldn't give her up."

After losing a lower court decision, the Tituses appealed to the supreme court of New Hampshire, but were advised that "rulings in that court always resulted in decisions in favor of the parents," the couple told officers.

"We told a lawyer we'd run away with her rather than give her up... and he said the only charge we could face would be attempt of court," Titus said.

Detectives made the arrest here yesterday after a wire from Sheriff Sims Frink in Portsmouth stating that the Tituses were wanted for kidnapping.

Questioned in jail here, they said they would not willingly return to Portsmouth.

Too Ambitious
NEW YORK (UP)—Two boys, one 15 and the other 16, were arrested and charged with carrying a 500-pound safe containing \$2,500 in government bonds from the home of Eugene Rhodes.

DRUNKEN WOMAN' TALES TURN OUT TO BE TRUE

ENID, Okla., Sept. 23 (UP)—Police admitted today that they made a mistake when they ignored the drunken ravings of a 24-year-old woman who told about two murders.

When officers finally got around to checking the stories told by Mrs. Betty Janice Snyder, they learned that she apparently was telling the truth about the murder of her five-day-old baby in Texas and the slaying of a soldier in California.

Mrs. Snyder was held by the FBI as a material witness in a white slavery case.

Mrs. Snyder had been arrested several times for drunkenness. Each time she begged officers to listen to her but they dismissed her pleas as drunken ravings.

But Sheriff Ralph Tension heard the stories and investigated.

Mrs. Snyder said that on Sept. 20, 1941, her illegitimate daughter was smothered to death by its father, a man named Ellis, and thrown into a ditch near Plano, Tex.

Texas police informed Tension that such a body was found about that time.

Her husband, who is now serving a 10-year term in the state prison, was involved in the other story, Mrs. Snyder said, and her husband got the men drunk and then robbed them.

One night in November, 1944, she said, one victim in San Francisco put up a fight. He was beaten fatally, she said, and left somewhere near the waterfront.

San Francisco police told Tension that there was an unsolved murder and robbery at about that

time.
The white slavery case involved a soldier who was charged with bringing Mrs. Snyder here from Liverpool, La., for purposes of prostitution.

Death Separates Couple United After 34 Years

CHICAGO (UP)—An elderly couple, re-married after 34 lonely years apart, were separated by death just three weeks after their second marriage.

Charles Harbinson, 78, and his wife, Mary, 77, were divorced in 1914. A few weeks ago Harbinson wrote his former wife and said, "We have just a few years left. Let's spend them together."

She accepted and they were married. Two weeks after the wedding Mrs. Harbinson went to the hospital, where she died a week later.

Mrs. Corbell Talks Before P. T. A. Meet

The P. T. A. organization, was the subject of a talk given by the president, Mrs. L. E. Corbell, at the first session of the P. T. A. organization at the school auditorium Tuesday afternoon.

The meeting was opened with a prayer led by Mrs. Curtis Koen, followed by ensemble singing of "The Eyes of Texas." Mrs. Eldress Gattis read the budget for the year. "What Do We Do In The P. T. A.," was sung by Lou Ann and Dickie Corbell and Randi Kay Koen. Mrs. Jeff Chensault gave a talk on "Child Inferiority."

An announcement was made of the need of a phonograph-radio combination for the benefit of the school and music class. Mrs. Frank Castleberry donated \$1.00 towards the fund, which will be accepted by those wishing to contribute for a phonograph-radio. Mrs. R. D. Estes was appointed as chairman for the fund. Mrs. Castleberry also

so contributed a large slide to the school.

Following the meeting the group adjourned to the cafeteria for a social hour. Green and white cake with green punch, which is the club colors was served by the executive board. The tables were decorated with dahlias and button dahlias were plate favors, which is the club flower.

The meeting closed with a friendship circle welcoming eleven new members.

JUDGE ENTERS INJECTION BARRING NAME ON BALLOT

DALLAS, Tex., Sept. 23, (UP)—Federal District Judge T. Whitfield Davidson today formally entered an injunction order barring Rep. Lyndon B. Johnson's name from the November general election ballot as Democratic nominee for U. S. Senator.

The entry of the injunction cleared the way for Johnson to carry an appeal to the 5th U. S. Circuit Court at New Orleans. The indicated strategy was, after the formal appeal has been lodged, to seek a stay of execution. Any member of the circuit court could grant such a stay at his discretion.

The effect of such a stay would be to nullify, temporarily, the injunction granted by Judge Davidson and, probably, to allow Johnson's name to go on the printed ballot.

If that strategy works, Stevenson was ready to battle it out with the congress — who defeated him by 67 votes in the Aug. 28 runoff primary — on the floor of the U. S. Senate.

Judge Davidson granted Stevenson's injunction in an oral ruling in his Fort Worth court last night. The judge was "good up" but very late this morning by ex-Gov. Dan Moody, chief of the legal staff representing former Gov. Coke R. Stevenson.

Warm Weather Ushers In Fall

BY UNITED PRESS
Today was the first day of fall but a look at the thermometer wouldn't indicate it. Temperatures over the state yesterday generally were in the 90s. Fall was ushered in officially at 9:22 last night.

Some showers were reported yesterday, but they were scattered. Junction had .85 inch, Laredo .75, San Antonio .15 and Crystal City .03.

Yesterday's high was 100 degrees at Presidio. Many points had readings in the high 90s with Texarkana's 97 and Dallas' 96 typical. This is above normal for this late in September. The weatherman said.

Overnight, the low was 53 degrees at Mule Shoe with Dalhart's 55 a close second. Dallas had a warm 72 for an overnight minimum.

The outlook was for a continuation of comparatively warm weather with partly cloudy skies and a few widely scattered thundershowers.

Ex-Gov. James V. Alred and John Cofer, representing Johnson, were in Judge Davidson's Dallas office at 8:30 a. m. Moody was expected to appear by 9:30 a. m. at the latest. But he strolled in at 10:30 a. m.

When Judge Davidson ruled that Stevenson should be given the temporary injunction, he left it to the opposing attorneys to figure out the phraseology they used.

Still unacted upon, and delayed until such time as the validity of Stevenson's claims of fraud in the runoff election in three south Texas counties is determined, was the former governor's plea that the certificate of nomination be taken away from Johnson.

The litigation involved a fine point of the law. Johnson's attorneys said it constituted an election contest. Stevenson's attorneys replied they were in court trying merely to protect their client's civil rights. Judge Davidson said he thought that the ballot boxes of Jim Wells, Duval and Zapata counties should be opened

None Hurt In Airliner Crash

LISBON, Sept. 23 (UP)—A Mexican airliner en route from Madrid to Mexico was wrecked at Santa Maria airport in the Azores last night but all passengers and crewmen were saved, reports reaching here said today.

The crash occurred shortly after the takeoff, when all four motors failed, the reports said. Thirty five passengers and five crewmen were aboard when the Aerovias Guest airliner stopped at Lisbon.

The nation's shortest river is the "D," 400 feet long, flowing from Devils Lake into the Pacific Ocean on the Oregon coast.

Area OIL News

The ninetieth and ninety-first locations that W. C. Whaley, civil engineer of Eastland, has made in the Kirk pool, were made Tuesday. They are approximately 70 producing wells and some eight or nine drilling in the Kirk area, with other locations made but not yet drilled. The locations which Whaley made Tuesday were the Nos. 2 and 3 on the W. K. Willis for Wrather, Penn & Walters.

Nothing but trouble is reported from the Tex-Harvey City of Eastland and the Aaron well south of town. This trouble, however, is expected to be cleared most any time.
