West Agrees To Soften Resolution On Spain

Area OIL News

Jack Chamberlain and Associates expect to begin operation soon on their No. 1 Guy Quinn located about two miles east of Eastland at 330 feet from the west line and 380 feet from the north line of section 6, block 6, T. & P. Railroad company survey. The Railroad Commission permit, which Chamberlain has received, will allow the operators to go to the deeper sands if desired. They plan, however, to try first for the pay in the shallow sands.

The Quinn well is being drilled on a 40 acre tract, located between highway 80 and the Texas & Pacific railroad right-of-way. It is located in the vicinity of former shallow production.

Chamberlain states that is possible that a water well will have to be drilled before operation on the oil well can be begun.

Reynolds et al. are reported to be moving in rig and making preparation for a test on the C. M. Murphy land southwest of Eastland. We have little information on this project at this time.

Reports from the Kirk pool, Gorman, lists among other activities, the following for Oct. 7:

E. K. and E. M. Burt No. 1 Fugua bottomed the hole at 3235 and are in the process of finishing off the well. They had three good pays in this well.

W. B. Johnson No. 2 Cooper Grocery drilling at 2000 feet.
Scott Drilling Co., No. 1 G. F. Porter ready to acidize either Thursday night, or Friday morning.

Snowden et al., No. 1 Kinney Estate drilling at 1280.
Foster Brothers No. 1 Putty drilling at 3019.

J. Ralph Stuart No. 2 W. J. Anderson have set pipe and are WOC.
Josephson No. 1 Roy Baskin have finished making preliminary pictures and tests and are setting pipe.

Sept. Quarter Tax Due In Oct.

The regular quarterly social security tax returns and wage reports for the calendar quarter ending September 30 are due in the office of the Collector of Internal Revenue, and Ralph T. Fisher, Manager of the Abilene social security office, announced today.

For the sake of economy in Government and to simplify reporting by employers, the two agencies use the same reports to secure needed information. Both officials strongly recommend to employers that the name and account number of each new worker be copied from his social security card when he starts to work.

The statement concluded that "a great majority of employers have done an excellent job of reporting; the few who have not done so are now expected to comply fully with the requirements."

Thanks, Folks, We Now Have The Needed Baby Buggy

Friends who were looking for a baby buggy for the use of a mother who was here to have her baby treated by an Eastland doctor, and who enlisted the help of this newspaper to find the needed article, advise that a suitable buggy has been supplied by Mrs. Paul Lovelace and that thanks are extended each and everyone having anything to do with securing the buggy.

Thanks are also extended to those persons who called the newspaper offering information regarding buggies but which came after one had been secured.

French Miners Bricade

Cold miners barricade the mine entrance at Montigny, France, to prevent any possibility of a back-to-work move. The coal strike touched off a wave of strikes, culminating in rioting at Micheville steel works. Troops and security guards battled the mill workers who were reinforced by coal miners. (NEA Radio-Telephoto).

CHURCHILL WARNS THIRD WORLD WAR 'REMORSELESSLY APPROACHING'

By Richard D. McMillan
United Press Staff Correspondent
LLANDUDNO, Wales, Oct. 9—(UP)—Only the American stockpile of atomic bombs offers hope of preventing a third world war which "seems to be remorselessly approaching," Britain's wartime Premier Winston Churchill said today in a pessimistic speech.

The United States, he warned, "would be guilty of murdering human freedom and committing suicide" if she were to agree to destroy existing atomic bombs in accordance with any paper agreement.

Churchill spoke in somber tones to the conference here of the Conservative Party, of which he is the leader. He turned the thunder of his rolling oratory upon the rulers of Russia, denouncing the "growing aggressiveness and malignity of the Soviet government and its complete breaches of good faith."

In an apparent reticence to his repeated warnings before world War II against the increasing menace of Hitler's Germany, Churchill said with utmost gravity:

"Nothing stands today between Europe and complete subjugation to Communist tranny but the atomic bomb in American possession."

"Bolshevik Russia is already heavily armed and her forces in Europe far exceed those of all the western countries put together," Churchill said.

In Paris, Britain's Sir Hartley Shawcross told the United Nations political committee that Russia's armed forces now are two and one fourth times larger than they were before the war.

"I will not encourage you with false hopes of a friendly settlement with Soviet Russia," Churchill said in one of the most pessimistic declarations yet made by a British leader.

Churchill denounced the "growing aggressiveness and malignity of the Soviet government and its complete breaches of good faith."

Indeed, I only wondered that it took the British and American people, in spite of all the lessons of the past, so long to realize the fearful challenge to their life and freedom which was being opened upon them from the east," he said.

"It may be that some formula will be found or some artificial compromise effected which will be hailed as a solution and a deliverance," he said. "But the fundamental danger and antagonisms will still remain."

The Russian leaders, he said, "dread the friendship of the free civilized world as much as they would its hostility."

He described them as "fourteen men in the Kremlin, who rule over 300,000,000 (M) human beings with as arbitrary authority as ever possessed by any Czar since Ivan the Terrible and who are now holding down nearly half of Europe by Communist methods."

If the iron curtain were lifted and free intercourse allowed between both sides, Churchill said, the power of the Moscow oligarchy soon would be undermined and the Communist spell broken.

"Therefore, for the sake of their own interests and skins, they cannot allow any intercourse or intermingling," he said.

"Above all, they fear and hate the global influences of a free and easy Democratic life such as we have evolved for ourselves in the western world."

"These, they know, would be fatal not only to their ideological theories and their imperialistic desires for domination, but even to their own dictatorial power."

At the celebration last year relatives and friends from California on the west, Mississippi on the east and Missouri on the north, as well as many friends in Ranger and vicinity called at an open house held in the afternoon. One hundred and 75 guests registered in the guest book.

Friends who have known Mr. Stuard through the years today spoke appreciatively of the fine life that he has lived and extended wishes for another year of health and happiness.

School Children Have Lessons On Fire Prevention

Mrs. Guy Patterson instructor of English in Junior High School, has completed a series of lessons on fire prevention for this week's project.

A clever idea of showing hazards in and around the home was displayed with a miniature house completely furnished with the hazards labeled. In contrast to the house of hazards was a "Home Made Safe by the Fire Prevention." In the safe none all precautions were labeled.

Some children were assigned to make a call on local firemen to obtain information such as; how many, if any, fire alarm boxes do we have in the city? where are they located? How do you turn in a fire alarm?

Others were to report on the duties of the fire chief and men; obtain the cost of maintaining the fire building; providing and keeping in good condition the hose, fire trucks, and other equipment.

Another group sought the number and causes of fires which occurred in Eastland during 1947. They sought total loss in property and lives. All pupils have either written a theme, given a talk, made a poster, or made slogans on fire prevention. The unit climaxed with the eighth grade section B making a visit to the fire department where courteous firemen escorted the children through the building furthering explaining details to them.

Ranger Man Is Celebrating 101st Birthday

R. C. Stuard of Ranger who makes his home with his daughter, Mrs. Amy Brown and his son Truman Stuard, today is celebrating his 101st birthday. The birthday actually occurred Friday but due to the fact that members of the family could not be here until the week-end, the quiet celebration is taking place today.

Mr. Stuard who was honored with an elaborate celebration on his 100th birthday last year has been in ill health recently and the quiet celebration was arranged for that reason. Here to be with him are his children, Mrs. Brown and Truman Stuard, Mr. and Mrs. Clarence Stuard of Breckenridge and Mr. and Mrs. Ross Stuard of Dallas. A number of grandchildren and great grandchildren are also here for the day.

Friends who have known Mr. Stuard through the years today spoke appreciatively of the fine life that he has lived and extended wishes for another year of health and happiness.

At the celebration last year relatives and friends from California on the west, Mississippi on the east and Missouri on the north, as well as many friends in Ranger and vicinity called at an open house held in the afternoon. One hundred and 75 guests registered in the guest book.

BRITAIN AND FRANCE REJECT PLAN TO ADMIT SPAIN TO UN AGENCIES

Hiway 80 Sees Traffic Hike

U. S. Highway 80, which runs through Ranger and Eastland and the nation's shortest transcontinental trafficway, is booming with increased travel, according to the California Department of Agriculture.

From Savannah, Ga., to San Diego, Calif. more and more motor vehicles are traveling the improved 2600 mile coast to coast highway.

Because it is the southernmost coast to coast route, highway 80 is the popular winter travelway, particularly when more northerly routes are apt to be more difficult.

In recent statistics released by the California Dept. of Agriculture, showing traffic entering California, it is noted that the number of out-of-state cars entering Yuma on highway 80 during hot July was 20 per cent greater than July of 1947. The number entering at other California ports of entry decreased approximately 9 per cent. From January to June traffic entering California on "80" increased 16 per cent, while other entry ports showed decreases of 23 per cent to 2.7 per cent.

The growth of travel over U. S. 80 is said to be due to improved road conditions and to local promotion by travel minded communities located on the highway. The National U. S. Highway 80 Association plans a full scale national program to increase travel on the all-weather cross-country expressway.

PLAY GOLF FINALS

SAN ANTONIO, Tex. Oct. 9—(UP)—Ed Anderson and Ike Handy, both of Houston, were to meet in the finals today at 11 a. m. to decide the 1948 winner of the Texas State Golf Tournament.

Handy defeated M. P. Wilson of San Antonio, 3 and 2, yesterday. Ed Tyre of Houston was defeated by Anderson, one up in 19 holes.

Play is at the San Antonio Country Club course.

MAVERICKS CLICK IN FINAL HALF TO WHITEWASH PANTHERS, 27-0

By Marvin Gross

An underdog Gorman Panther eleven threw up a stubborn first half defense but the Eastland Mavericks came on with a rush in the final two periods to roll to a 27-0 victory at Gorman Friday night.

The Panthers set out to make up for last weeks shellacking at the hands of Ranger by moving swift and sure into Maverick territory early in the game. But the line stalwarts Glen Garrett and Dan Ames rose up to smack down the Panther threat.

For the Mavericks it was big Jack Kelly, still weak from the effects of a week-old cold, who paced the ground gainers. The 192 pound fullback scored two touchdowns on short bucks and piled up 104 yards rushing for his evening's effort. Jim Smith also caused the Panthers some annoyance to the tune of 74 yards.

But aside from the opening Gorman surge it was Coach Wendell Seibert and his T-formation Mavericks who dominated the play. Mixing an occasional aerial with their powerful running game the Mavericks kept the Panthers on the defensive for three quarters of the game.

The Eastland boys opened up the scoring parade midway in the second period when reserve Tommy Velasco climaxed a lengthy drive blasting over from the four. Colonel Don Brasher missed out on the first conversion but hit bulls eyes on each succeeding attempt.

"This is goat's blood," he said proudly. "I brought it for him."

PARIS, Oct. 9, (UP) — Reliable sources reported today that the Western Powers would be willing to soften but not rescind a United Nations Assembly resolution on Franco Spain at this session.

The original resolution barred Franco Spain from membership in all UN agencies, called on members to recall their ambassadors or ministers from Spain, and asked the Security Council to look into possible steps against the Franco regime.

A proposal to rescind the resolution arose, and Britain and France rejected it. Security of State George C. Marshall discussed the matter with Foreign Secretary Ernest Bevin and Foreign Minister Robert Schuman, and was reported to have said he did not propose to rescind the whole resolution.

London, Oct. 9, (UP) — Spain protested to Great Britain today against a foreign office report alleged to contain false information about an anti-Franco pact concluded by the Spanish Socialists and Monarchists.

The Spanish charge d'affaires, the Duke of San Lucar La Mayor, called on Sir Ivone Kirkpatrick, undersecretary of state, at the foreign office to lodge the protest.

The information to which he referred was given at a regular foreign office press conference Thursday.

Whitehall professed no surprise at the denial of the pact, largely because of the large number of Spanish exile groups with conflicting interests. While not expressing doubt as to the pact itself, Whitehall admitted that most of the information on it came from exile socialists.

A foreign office spokesman denied today that he ever said indalecio Prieto, Socialist leader, and Jose Gil Robles, exiled Monarchist leader, had signed an agreement. He added that there apparently has been some misinterpretation regarding Gil Robles' role.

Earlier it was reported from Paris that the Western Plan for international control of atomic energy won overwhelming approval of the United Nations subcommittee today despite strong Soviet objections.

The 11-nation sub-committee charged with drawing up a compromise atomic energy resolution voted 9 to 2 for a key paragraph in the resolution endorsing the American control plan.

By the same vote the group rejected a Soviet attempt "not to give any appraisal of the work of the atomic energy commission."

The sub-committee, moving toward a draft resolution along the western lines, approved in principle the western thesis that an international agency must be established to insure effective control before the west gives up its atomic bombs and secrets.

The vote came on a paragraph of a Canadian resolution endorsing the American plan "as constituting the necessary basis for establishing an effective system of international control of atomic energy to insure its use only for peaceful purposes."

The sub-committee was composed of the big five, Sweden, Ecuador, Brazil, India, the Ukraine, and Canada.

It rejected an argument by Jacob Malik of Russia that the previous 30 months of work by the atomic energy commission had been nullified by the latest Soviet proposal.

But the west gave way under the pressure of the Soviet block and many smaller nations on a decision to break off atomic negotiations until Russia's attitude changes.

The Mavericks wrapped up their point making activities midway in the final period. Rolling through tackle and around the end, Brasher finally fed to Kelly who hit over center for the touchdown. Quarterback Brasher raised the count to 27 with his third straight conversion.

The Mavericks amassed 291 yards rushing and had 12 first downs to Gorman's five. Brasher hit on three of six pass attempts while the Panthers numbered only two successes from their eight attempts.

The victory gave the Mavericks a clean record in conference play this far with two wins—over De Leon and Gorman—as against no defeats.

The Panthers tightened up and

Undeclared schoolboy grid team fell like tenpins in the class AA and city conference races Friday night as the field of unbeaten teams narrowed down to 16—five of which have ties on their records.

Principal casualties in the week-end firing were the state's No. 3 and 4 teams—San Antonio, Brackenridge and Odessa—as Port Arthur and Amarillo further entrenched themselves in the 1-2 spots in the rankings.

Port Arthur, the top class AA club, knocked Brackenridge from the ranks with a hard-fought 14-6 victory, while Amarillo ran roughshod over a highly-touted Odessa team 33-6.

Others falling by the wayside were Pampa, Quanah, Bonham, Highland Park, Kilgore, Texas City and Houston S. F. Austin.

Wichita Falls dropped Pampa 6-0, Weatherford kayoned Quanah 31-14, Denison took care of Bonham 19-12 in a district 5 affair, Waco bumped Highland Park 27-7, Marshall eliminated Kilgore 34-6 in a district 8 game, Class A Alvin dumped Texas City 6-0 and Houston Reagan beat S. F. Austin 13-0 in a city conference encounter.

Remaining among the unbeaten were Amarillo, Sweetwater, El Paso, Austin, Stephenville, Henderson, Marshall, Waco, Beaumont, South Park, Port Arthur, Baytown, Alice, San Benito Fort Worth, Arlington Heights, Houston, Lamar Reagan and Milby. Marshall, South Park, Baytown, San Benito and Lamar have ties against their records.

Gromek Starts Against Braves

CLEVELAND, Oct. 9 (UP)—The cocky Cleveland Indians gambled yesterday on a little-used pitcher from Hamtramck, Mich., hoping that he could chop down the Boston Braves for the third straight time in the World Series.

The surprise pitching started was Steve Gromek, who once worked as an apprentice in a meat market before he became one of the better pitchers in the American League.

And he had a pretty big job cut out for him. For his pitching opponent was rubber-armed Johnny Sain, the brilliant Boston right hander who turned back the Indians in the first game of the series with a 1 to 0 shutout over the redoubtable Bobby Feller.

New Car Chief

New general manager of the Chevrolet Motor Division, world's largest builder of passenger cars and trucks, is W. F. Armstrong. A vice president of General Motors, Armstrong has been in charge of the corporation's manufacturing and real estate staffs since 1944. His administrative and production experience dates back to 1912 and includes executive posts with three other GM divisions. Armstrong succeeds the late Nicholas Dreystadt.

Fair Officially Opened Saturday

DALLAS, Tex. Oct. 9 (UP)—The 1948 State Fair of Texas swung open its gates today to the first mad rush of visitors hungry for education and entertainment. The turnstiles started clicking at 9 A. M.

An hour later, a mile-long parade, headed by Gov. Beauford Jester, was scheduled to run the length of the town from the court house to Fair Park.

At 11 o'clock, Gov. Jester officially opened "the biggest gate fair in the world" with dedication ceremonies for the new automobile, aviation and recreation building.

In the meantime, some 25,000 persons were expected to flow through the turnstiles to witness the 63rd annual state fair, produced at a cost of \$30,000,000, during the first two hours.

Sparked by \$3,000,000 in improvements since last year's record-breaking exposition, the fair appeared at opening time to be indeed "bigger and better than ever."

Among the first influx at the fair were hundreds of Texas press

Navy Band To Play In Abilene

The United States Navy Band, world famed musical organization, on its first tour of the West and Southwest since the war, will be presented in concert October 19 at Hardin-Simmons University. Programs will be given at 3 and 8 p. m. in the Rose Field House on the campus.

Gib Sandefer, concert tour director, formerly of Hardin-Simmons University, has completed arrangements with E. W. Ledbetter, business manager.

Composed of 50 members for its tour, the band will present several featured soloists at its concert appearances. The thirty-date tour

and radio men and women who came to take part in press and radio day, held traditionally on the opening day of the fair.

Thinks Housing Surplus Likely

DALLAS, Tex. Oct. 9 (UP)—An official of the Prudential Insurance Company of America was on record here today as believing that "a housing surplus probably will exist in some cities when units now under construction are completed."

Thursday Club Tea Honors Club Officials

Members of the Thursday Afternoon Study Club assembled at the Woman's club Thursday afternoon for a tea honoring the president, Mrs. Ben Hamner, and the district president, Mrs. W. E. Cantrell of Lometa.

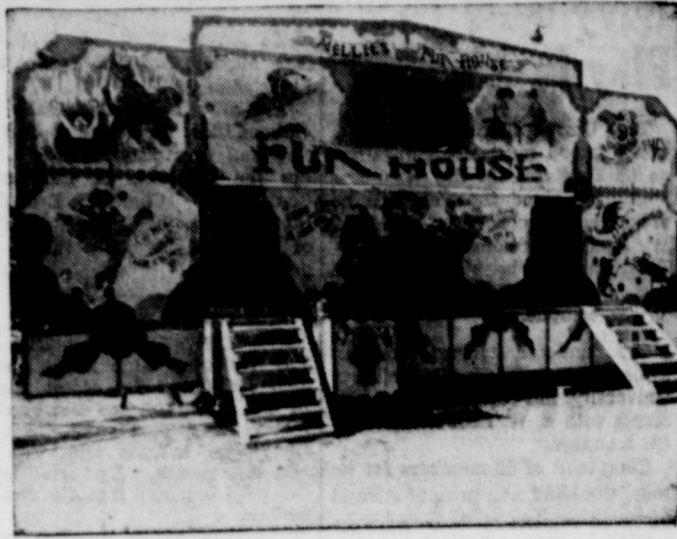

Hostesses for the tea were the I. CHARLES HECK PUBLIC ACCOUNTANT ANNOUNCES The opening of offices for the general Practice of Accountancy With Offices 206 Petroleum Building Phone 159 Eastland

yearbook committee, composed of Mrs. Frank Crowell, Mrs. W. F. Davenport and Mrs. Jack Frost, who presented the new yearbooks and announced the study theme: "Think These Things Over," and the next program of October 23, with the theme on "Alaska Our New Frontier."

Mrs. Cantrell, speaker for the afternoon, gave an informative and inspirational talk on Federation.

Mrs. Hamner and Mrs. C. B. Frost, Sr., seated at each end of the table poured tea from the silver services. White cake squares, ice pink and pink and white mints were served with the coffee from the table, laid with a lace cloth, and with a centerpiece of various colored dahlias.

Present were Meses. Dan Childress, Earl Conner Sr., C. B. Frost, Sr., R. E. Sikes, Jack Frost, Hamner, James Horton, D. L. Houle, W. P. Leslie, W. W. Linkenbarger, M. S. Long, Jack Muirhead, A. L. Muerrell, J. M. Perkins, Grady Pipkin, W. B. Pickens, W. C. Robinson, Dixie Williamson, and E. R. Townsend.

THE FUN HOUSE: One of the feature novelties offered by the Victory Exposition shows. Playing a weeks engagement starting Monday. The show is located next to the soft ball field and is sponsored by the V. F. W.

Southerners Welcome

CONCORD, N. H. (UP)—For the first time, new Hampshire apple growers are planning to use southern migrant farm labor in harvesting their crop. Albert Page of the state employment service said local workers would, as usual, get "first chance," but that arrangements are being made to fill out the labor supply with migrant farm hands.

CHRISTIAN SCIENCE SERVICES

"Are Sin, Disease, and Death, Real?" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 10, 1948. The Golden Text is: "O Lord my God, I cried unto thee, and thou hast healed me" (Psalms 30:2). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And God saw everything that he had made, and behold, it was very good" (Genesis 1:31). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Everything good or worthy, God made. What ever is valueless or baneful. He did not make,—hence its unreality" (page 525).

The Exclusive Monarch **ROASTER RANGE** Has a Built-in Electric Roaster

Large surface oven for complete meals, roasts, vegetables and potatoes.
Convenient litter rack for casserole dishes and other small utensils.
High domed cover to increase depth of roaster for large fowl or for whole ham.
Smooth flat top for working space when roaster is not in use.

In addition to the regular oven, the Monarch roaster range gives you an extra, auxiliary oven at cooking-top height . . . convenient for roasting complete meals, casserole dishes, and quick baking. Reduces fuel cost. Saves stooping. The only range like it on the market. Come in and see it.
