Magnolia Petroleum Company's No. 22 T. W. Connelley located on the John York survey of Eastland county lands and 930 feet from the same company's No. 5 T. W. Connelley, was drilled Monday at 2,700 feet. It is understood that a sand expected to be found at around 3,100 feet, will be explored and if unsatisfactory drilling would be continued to the 3,500 foot pay. The test is located between Olden and Ranger.

Following is the report for Oct. 11 on operations in the Kirk Fisher Gorman.

J. W. Baldwin No. 5 Sanders has been shut down most of the week-end with a breakdown, however, the damage has been repaired and we understand operations were resumed Monday morning.

Foster Brothers No. 1 Putty drilling at 3220 feet.

Man, Griffin and Baldwin No. 3 Bryan drilling at 2100 feet.

Scott Drilling Co., No. 1 B. F. Porter tried to acidize in an open hole. The Packer would not hold. They are now underreaming to set pipe on bottom. This hole was plugged to 2812, but Mr. Clendenen reported this morning that they have plugged back to 2751 where they will bottom. They will perforate and attempt to acidize again sometime this week.

W. H. Johnson No. 2 Cooper Grocery drilling at 2615.

W. B. Johnson No. 3 Sanders drilling at 2895.

Dalport No. 1 Wood drilling at 2768 feet.

Snowden et al No. 1 Kinney Estate drilling at 1704 feet.

Decker and Raymon No. 1 Jordan drilling at 3295 feet.

### Business Women's Club Met Oct. 11 With Mrs. Amis

Business Women's Club met Monday night, October 11, at the home of Mrs. Mildred Amis, 1309 South Seaman for Bible Study. The opening prayer was offered by Mrs. Hannah Lindsey. Roll call and the minutes of the last meeting were read and discussed. Business was then discussed and Mr. Lindsey was appointed to deliver books and magazines to the colored church, which is the club's project for this month. Miss Betty Jo Carroll and Mrs. Mae Plowman were elected as the Flower Committee.

Mrs. Hazel Green, President, recognized the visitors who were: Mrs. Roland McFever, Mrs. Rufus Lanier, Mrs. Dave Flensy, and Miss Nettie Thornton.

Mrs. Amis program enarrman then turned the meeting over to Mrs. Winnie Young who gave a very interesting and educational discussion on the Book of Ruth.

Delicious refreshments of pie, nuts, and coffee were served to the above mentioned guests and the following members: Mrs. Hazel Green, Mrs. Pearl Safely, Mrs. Mae Plowman, Mrs. Wynelle Durden, Miss Betty Jo Carroll, Miss Florence Barber, Mrs. Hannah Lindsey, Mrs. Winnie Young, and the hostess: Mrs. Mildred Amis.

The next meeting will be held in the home of Mrs. Florence Barber on October 25th at 7:30.

### Fort Worth Oil Man's Rites Today

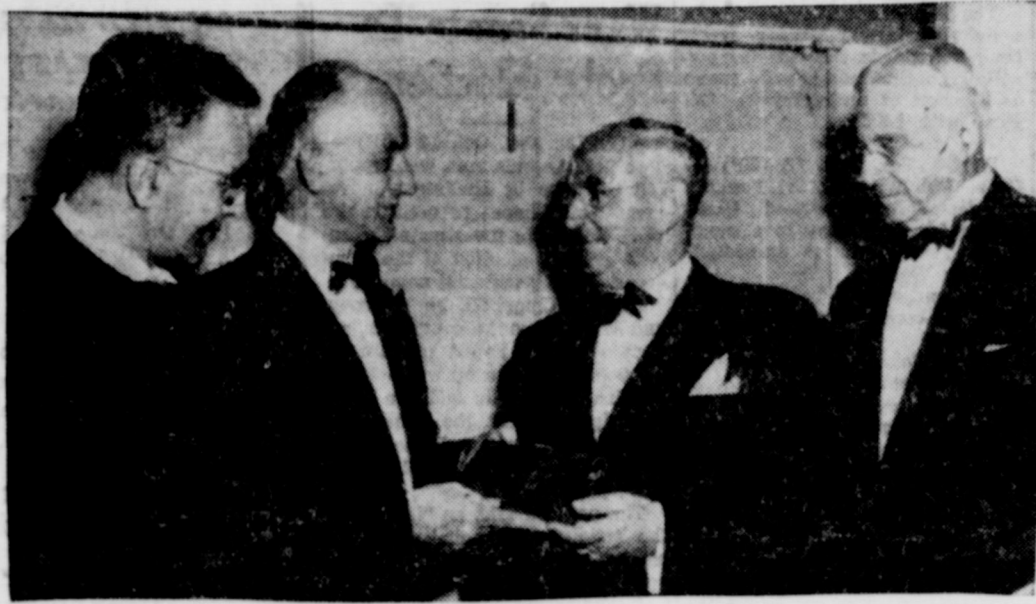

FORT WORTH, Tex., Oct. 12 (UP)—Funeral services will be held today for Joseph Danciger, 67, vice president and general manager of the Danciger Oil and Refining Co., who died last night at his home.

The body will be sent to Kansas City, Mo., for burial.

A native of Taos, N. M., Danciger was associated with his brothers in an investment firm in Kansas City before moving to Fort Worth in 1929.

He is survived by his widow and three brothers, all of Fort Worth.

### Four Big Dams In Central West Texas Approved

FORT WORTH, Tex., Oct. 12 (UP)—The construction of four big dams in Central West Texas without Federal aid and at a cost of some \$25,000,000 today had the unanimous approval of the directors of the Brazos River Conservation and Reclamation District.

Milton E. Daniel of Breckenridge, chairman of the special committee assigned to investigate the projects, told the directors at a meeting at the Blackstone hotel yesterday that power companies in the area had expressed willingness to purchase the power thus generated.

The demand for power is so enormous that these people are willing to pay a very good price for it, and we are assured they can use all of the power we can develop," he said.

Tentative sites for the dam are Inspiration point and Turkey Creek in Palo Pinto County, De Cordova Bend in Hood County and Been Mountain in Somervell county.

To be financed by bond issues, the dams would take 30 to 36 months to construct, Daniel estimated. Following his report, his committee was reappointed to make positive plans for the project.

Two West Texas groups appeared before the directors seeking aid of the district. A committee from Comanche asked financial assistance for a \$191,000 reservoir project, Pat Cagle, spokesman for the group, declared the situation was so desperate that he had only one drink of water daily for the past three or four years.

A delegation from the Upper Brazos watershed asked that plans be speeded up for building Bob Baskin dam on Double Mountain Fork of the Brazos.

### Tonight's Revival Service Subject—'Wanted, A Man'

"Wanted, A Man," is the subject for the service tonight at the Methodist Church revival. Services begin at 7:30.

Opening last Sunday the daily services have been interesting and instructive. Attendance has been good.

### STYLE SHOW REHEARSALS DUE TONIGHT

Rehearsal for the Civic League and Garden Club style show will be tonight at 7 o'clock on the Connelley Roof Garden. The style show is to be staged there Wednesday afternoon, October 13, at a tea which will open the season of activity of the Club.

Current styles are being provided by the Altman Style Shop and the D. L. Houle Shop. They will be organized with fashions of other periods around a "Modern Victorian" theme with explanations made by the commentator, Mrs. Art Johnson.

Tickets, which sell for fifty cents each to Civic Leagues and guests, are still available and may be purchased from any of the party's hostesses: Meses. Steve Potts, Earl Conner, Jr., W. G. Marquardt, Bill Walters, Jr., Johnnie Aaron, Leon Howard, and Binford McVoy.

### C. of C. Elects New Directors; Officers Later

Newly elected members of the Eastland Chamber of Commerce Board of Directors are Fred Brown, Carl Johnson, E. E. Freyschlag, K. E. Tanner, A. J. Blevins, Jr., and Jack Muirhead.

These directors, whose terms of office began, October 1, succeed L. E. McGraw, Theo Lamb, Robert Vaughan, Johnny Kilgore, W. W. Linkenhoger, and H. G. Vermilion.

The board of directors will elect new officers for the Chamber of Commerce on Tuesday, Oct. 19.

### THE WEATHER

East Texas—Fair this afternoon, tonight and Wednesday. A little warmer in northwest this afternoon and in north Wednesday. Moderate northeast and east wind on the coast.

West Texas—Fair this afternoon, tonight and Wednesday. A little warmer in Panhandle and South Plains this afternoon.

### Mine Workers Demand Fourth Wage Increase

CINCINNATI, O., Oct. 12 (UP)—The United Mine workers 40th convention today adopted a "fourth round" wage policy calling for a general pay boost, shorter work week, increased royalty fund, and other improvements.

The convention's wage scale committee did not give out the detailed demand, but it referred to Miners' President John L. Lewis and a national policy committee resolutions which would reduce the work week to 30 hours, increase the royalty payment to the welfare fund from 20 to 40 cents per ton, boost annual vacation pay from \$100 to \$200, lengthen the vacation from one to two weeks, extend the paid lunch period from 30 minutes to one hour, and require coal operators to pay for all supplies, equipment and much of the mining work not now compensated.

The committee also ended that the convention void spelling out the demand in detail in order to give Lewis the widest possible latitude in the 1949 coal wage negotiations.

The convention reaffirmed his demand for a national bituminous contract which has been in effect since 1945.

The union, which along with the rest of organized labor has received three general increases since the end of the war, is the first big organization to frame its fourth round demands for 1949.

### Railroads Hike Increase Request

WASHINGTON, Oct. 12 (UP)—Railroads today asked the Interstate Commerce Commission for a freight-rate increase of 13 per cent instead of eight per cent requested Oct. 1.

They filled formal petition with the ICC amending the Oct. 1 request. If the 13 per cent is granted, it would add \$1,092,000,000 (b) a year to shippers' costs on the basis of estimates by the railroads of their next year's business. And it would bring to \$4,100,000,000 (b) the total annual increase in rail freight-passenger revenue since the war.

The royal palm will not grow at Arcadia, Fla., but grows profusely at Fort Myers, 50 miles away.

### EISENHOWER INSTALLED AT COLUMBIA U.

NEW YORK, Oct. 12 (UP)—Gen. Dwight D. Eisenhower was installed as 13th president of Columbia University today before an audience that included presidents and representatives of more than 300 of America's leading universities and colleges.

The former Allied supreme commander in Europe formally took over as head of one of the nation's largest universities in a colorful ceremony in Low Memorial Library as his wife, son and four brothers looked on.

In his inaugural address, Eisenhower pledged Columbia to present the "untrammeled" primary role of teaching the values of human freedom and warned that education must not become overly engrossed in highly specialized knowledge.

"There will be no administrative suppression or distortion of any subject that merits a place in this university's curricula," he said. "The facts of Communism, for instance, shall be taught here—its ideological development, its political methods, its economic effects, its probable course in the future.

"The truth about Communism is, today, an indispensable requirement if our Democratic system are to be properly assessed."

Garbed in long black robe and mortarboard cap, Eisenhower marched across the campus along with hundreds of other similarly dressed college presidents, including Harold Stassen of Pennsylvania University, Dr. James Bryan Conant of Harvard and Maj. Gen. Maxwell D. Taylor, superintendent of the U. S. Military Academy at West Point from which Eisenhower was graduated.

### West Texans Told Redistricting Vital To Them

ODESSA, Tex., Oct. 12 (UP)—West Texans were advised today that they have a vital stake in redistricting the state because of the phenomenal growth of their cities since the last redistricting in Texas in 1921.

The statement was made yesterday by John Ben Sheppard when he met with Odessa Jaycees. Sheppard is immediate past president of the U. S. Junior Chamber of Commerce.

Sheppard cited Ector county, which has had a population increase of 413.4 per cent since 1921, as an example of West Texas urban population increases.

The past Jaycees chief, discussing the international situation, said that Americans must become better citizens and salesmen of Democracy. He said Russia could be stopped politically by Europeans realizing the benefits of Democracy.

Later, at Hobbs, N. M., Sheppard said the Marshall plan is "America's acceptance of world citizenship" for everyone who will be called upon to bear the cost of carrying it out.

### VISHINSKY REPLIES IN BITTEREST ATTACK YET MADE ON WEST POWERS

By R. H. SHACKFFORD  
United Press Staff Correspondent

PARIS, Oct. 12 (UP)—The United States warned the Soviet Union today that the American rearmament program is being speeded to "stay the heavy hand of Russia's constant drive for world power."

U. S. Delegate Warren Austin made this statement in a speech before the United Nations political committee, which was considering a Russian proposal for immediate one-third disarmament by the Big Five Powers.

Russian delegate Andrei Vishinsky replied in a shouting, screaming speech of one hour and 57 minutes in which he made some of the bitterest charges ever heard in a United Nations meeting.

Austin had taken a leaf from Vishinsky's book. Instead of defending American policy, he took the offensive. He denounced Russia for blocking a lasting peace, creating a threat of peace, refusing to cooperate in the UN, and frustrating a settlement of the Berlin crisis.

Admitting that the United States disarmed "too far and too fast" after World War II, Austin said this mistake was going to be remedied by a stepped-up rearmament program designed to protect against Russian aims of world domination.

Vishinsky came back fighting. Red-faced, waving his arms, pointed his finger accusingly at Western delegates, frequently raising his voice to a shriek, the prosecutor of the famous Moscow purge trials:

1. Asserted that Russia will give no information about her armed forces to the world until and unless the U. S. discloses the size of her stockpile of atomic bombs.

2. Accused the western powers of "making believe" that they wanted to prohibit the atomic bomb, while actually depending upon "this illegitimate queen."

3. Warned that "there is a re-

ply for every weapon, gentlemen—don't forget that—there is a reply for every weapon."

4. Accused the Western Powers of plotting with Nazi Germany to attack Russia in 1939.

5. Attacked John Foster Dulles Republican foreign policy adviser who frequently has been mentioned as a probable choice for U. S. Secretary of State if Gov. Thomas E. Dewey of New York is elected president next month. He said Dulles' New York law firm of Sullivan and Cromwell played a major part in building the war potential of Hitler's Germany.

6. Denounced the delegates of the U. S., Britain and France for "transgressing all permissible limits" in their "unbridled attacks" on Soviet Russia.

Even while Vishinsky was speaking, a sub-committee of the political committee was overwhelmingly approving the Western Powers plan for international control of atomic energy; and rejecting the latest Soviet proposals on this question.

By a vote of 8 to 2, with India abstaining, an 11-nation subcommittee favored a Canadian resolution which would suspend the work of the UN atomic energy commission until the Big Five and Canada could find that "there exists a basis for agreement on international control of atomic energy."

The western proposal calls for establishment of an international atomic control agency with power to inspect and supervise any and all atomic enterprises. There would be no big power veto in this agency.

Thus, in effect, the sub-committee backed the stand of the Western Powers that they have done all possible to reach agreement with Russia on the problem of control of the atomic bomb and possible other atomic weapons, and that any further advances must come from the Soviet union.

Vishinsky replied to challenges to Russia to lift the iron curtain from its military forces by demanding that the west accept the Russian disarmament proposal first and make public information about its stocks of atomic bombs and all other weapons.

"We will give this information when it will have practical significance," he said. "You adopt our proposal, gentlemen, and then we will put our cards on the table, every single one of them. Put yours right next to ours. When we can check which ones are wrong, and whether there is any falsification, I can assure you the Soviet Union's cards will be true and genuine."

The United States, Vishinsky charged, made millions of dollars out of rearming Hitler.

## Football Briefs

BY UNITED PRESS  
AUSTIN, Texas, Oct. 12 (UP) — The Longhorns of Texas University were scheduled to run through hard drills today and Wednesday in preparation for Saturday's contest in Austin against Arkansas. It will be the Longhorn's first conference game.

Coach Blair Cherry said yesterday he believed the Longhorns would be in their best physical shape by Saturday. The only player suffering a major injury was end Ben Pote, who received a dislocated shoulder against Oklahoma Saturday.

Cherry, in a long, chalk-talk session, planned strategy for the clash with the Razorbacks. He said his squad is starting a "brand new season."

COLLEGE STATION, Tex., Oct. 12. (UP) — The Texas Aggies began secret workouts today in anticipation of a strong running game in their conference bid-blast against the TCU Horned Frogs Saturday at Aggeland.

Scout Marty Karow, who watched the Frogs' defeat Indiana 7-6, said TCU has a "second football team with a stronger running game than many people think."

The Aggie regulars took only a light workout yesterday. Halfback Bob Goode was working out with his right knee heavily taped as a result of an injury in the game with LSU.

WACO, Tex., Oct. 12 (UP) — Coach Bob Woodruff of Baylor's undefeated but once-tired Bears looked forward today to a tough Texas Tech eleven in Saturday's game in Waco.

The contest will be the Bear's third non-conference game of the season. The Baylor eleven went through a light workout yesterday, devoted mostly to running against Tech plays and formations.

The Bears came out of the Arkansas skirmish with only a few minor injuries. Most of the injured will report back to duty later in the week.

DALLAS, Tex., Oct. 12 (UP) — Heavy word was on the Southern Methodist Mustang menu today as the Ponies drilled for the opening Southwest conference clash against Rice at Houston Saturday night.

Coach Matty Bell reported that he expected all hands to be in shape for the Owls. Brownie Lewis, guard who missed the Missouri game, was improving rapidly

## Dallas Man Dies From Odd Accident

DALLAS, Tex., Oct. 12 (UP) — Funeral services have not been arranged for James E. Shropshire, 54, (4318 Aoka) who died early today in St. Paul hospital from injuries received in a traffic accident Friday.

Shropshire and his wife were waiting for a bus when it skidded on a wet pavement at Ross and Leonard. The bus careened off a parked car, struck Shropshire and crashed into a fire station door. The impact threw the victim under the wheels of a passing car.

He is survived by his wife, a son, and three sisters. He was formerly a resident of El Paso, and had been a department store manager in several Texas towns.

The death brought the city's traffic fatalities for the year to 36.

## Little Stinker Makes His Exit

FORT WORTH, Tex., Oct. 12. (UP) — "The Little Stinker" took

a powder and Mr. and Mrs. Ross Jennings were relieved no end today.

"The Little Stinker" was a skunk who invaded the bedroom closet of the Jennings house. They found him there Sunday.

They blocked off the bedroom and left plenty of exits open for the little stinker.

How he got in the bedroom closet no one knew. How he left was a moot question.

"He's gone — that's what matters," said the Jennings. "That bedroom just wasn't big enough for he three of us."

Forest Fires Under Control

LUFKIN, Tex., Oct. 12. (UP)—The East Texas forest fire situation was under control today with only four blazes in the Concho district reported burning through the night.

Thousands of acres of woodland were destroyed during the past four weeks but week-end rains and diligent work by fire fighting crews were credited with bringing the outbreaks to a near

halt. Last night's fires were located in Montgomery, Harris and San Jacinto Counties, O. H. Hill, Texas forest service communications officer, said.

Even Woodville district 4 was clear of fire yesterday. It had been the scene of most of the blazes.

Forest service crews stood by to guard against possible new fires.

Carpenters Call Off Fishing Trip

FORT WORTH, Tex., Oct. 12 (UP)—Some 1,200 union carpenters called off an 11-day "fishing trip" and took up their jobs again today—with a 12½ cent hourly pay raise awaiting them.

The increase brings their hourly pay scale to \$2. They "went fishing" Oct. 1 when Associated General Contractors turned down their demands for a 25 cent hourly increase.

Veteran Fort Worth Showman Dies

FORT WORTH, Tex., Oct. 12 (UP)—Lynton W. (Lew) Burke, 66, veteran Fort Worth showman, died in a Fort Worth hospital last night following a three week illness.

Burke had been stage manager for the Worth theater since its opening in 1927.

Prior to that, he had traveled cross country with several vaudeville troupes, including the Four Marx Brothers. It was while with

the Marx Brothers that he met his wife, Rose Morin, Canadian ice figure skater, who died in May, 1946.

Southerners Welcome

CONCORD, N. H. (UP)—For the first time, new stamping apple growers are planning to use southern migrant farm labor in harvesting their crop. Albert Page of the state employment service said local workers would, as usual, get "first chance," but that arrangements are being made to fill out the labor supply with migrant farm hands.
