### Area OIL ..... News

**EASTLAND COUNTY—  
GORMAN AREA—**  
Report of activities for October, 25.

Decker and Raymon acidized Sunday afternoon using 100 gallons of acid. They broke the structure at 1500 lbs. pressure even though it took the acid at 500 after the resistance was overcome. They are bailing and swabbing now. No figures are available as yet, even though it looks like they have a well on their No. 1 Jordan.

Snowden et al No. 1 Kinney drilled to 2948 feet and set pipe Saturday night. They will acidize Wednesday in all probability.

Kirk and Sessions No. 1 Jim Wood will acidize in all probability Tuesday. Their No. 2 Jim Wood drilling at 700 feet.

Wampler Brothers No. 1 Wallace drilling at 2700 feet.

National Coop. Refinery Association No. 2 Krell still waiting for shooting equipment. Will shoot with Nitro in the Desdemona Sand.

Rathke No. 1 Stroebel drilled in to the Ellenberger (this is just west of Nimrod in the Section 117, H. & T. C. Survey. The well will make from 150 to 200 barrels with-out being treated. No official tests have been run.

Joe Josephson and Jimmie Rosenthal in Gorman finishing off their well—the No. 1 Roy Baskin. Acidized but did not break structure. Will swab and clean and acidize again. Will work from bottom up this time. They used 75 perforation shots.

Joe Josephson predicts the real field in the Gorman area will be to the west of town since studies of every old log shows at least 3 streaks of pay—Caddo, Marble Falls, and Ellenberger. Some few wells have had a shallow sand also, at above 1000 feet. An example of this was in the well J. R. Hunter drilled on the George Blackwell land (the old Boone tract) out on the Gorman-to-Eastland highway.

Luling Oil & Gas Co. No. 1 J. G. Rumph, Ellenberger wildcat 8 mi SW Gorman, 467 from N and 291 from W line of S-2 Sec. 25 D&DA Sur. 4,00 R.

Operator: Luling Oil & Gas Co., 2300 Alamo National Bldg., San Antonio 5.

Starr Oil Co. No. 1 M. E. Flippen A, Ellenberger wildcat 2 mi SW Pioneer, 330 from N&E lines of SW-40 ac J. Doubias Sur. 4,000 R.

Operator: Starr Oil Co., 509 City National Bank Bldg., Houston 2.

### Abilene Rites For Floyd D. Irion, 56, This Afternoon

Funeral services for Floyd Irion, 56, brother of Mrs. Pat Murphy of Eastland and of Mrs. J. E. Bryan and Mrs. R. C. Wilson of Ranger, who died Saturday at Carlsbad, will be conducted this (Tuesday) afternoon at 2:00 o'clock from Elliott's Funeral Home in Abilene.

Of the twelve children in this family this is the first to pass away.

It was stated erroneously in this paper Monday that it was the father in the family that passed away Saturday. The elder Irion, has been dead for a number of years.

### "Toughy" Dies

Sadness pervades the Kurklean farm, west of Eastland, where a well is being drilled because the members of the crew miss the troickosom dog that was the mascot.

Ever since the Homer Glover well started, Toughy not only had been an interested spectator but he had played tag and had wrestled with the workers.

The body of the animal was found not far from the well. Death apparently was due to natural causes.

"Cotton" Kurklean, Toughy's young owner, misses the dog most of all.

Glover, a former Texas Ranger who now lives in Tyler, is looking around for a dog to give to Cotton.

### Nobody Met Him

Dejected Bohman Nelson, 8, sent by his mom to see Daddy in New York City, makes his pups and kitten comfortable in Grand Central Station. With his pets, 40 comic books and a nickel, he arrived from South Norwalk, Conn. Nobody was at the station to meet the lad. He said his mom sent him to visit with his father for a month, but his father, separated from his wife, said he didn't "want to get involved." So the Children's Aid Society has the lad and the SPCA has his pets. — (NEA Telephoto).

### Commission Considers Plans For Taking Care Of City's Growth

Plans for meeting the needs of a larger Eastland were discussed at a special meeting of the Eastland City Commission and a number of representative citizens Monday night on the occasion of a special meeting of the city governing body. All members of the commission were present.

While many things were discussed no definite action was planned at least for the present, except that the water minimum, which has been at 7,500 gallons, will be lowered to 5,000 on November billings. This, it was explained, is a temporary measure for the purpose of conserving water in hopes of preventing a possible further reduction later.

Other plans discussed at the Monday night meeting included those of installing parking meters, extension of the corporate limits of the city raising of the spillways at Lake Eastland in order to increase the capacity of the lake, and methods for financing this improvement.

One of the plans proposed for raising funds with which to pay the cost of raising the spillways at Lake Eastland was to levy an assessment of possibly as much as one dollar per month on each water meter. It was believed that this assessment would pay the cost of the improvements that are imperative at Lake Eastland. There are approximately 1,200 water meters in the city water system.

The matter of parking meters came in for discussion. It was pretty well agreed that such things are inevitable in towns that are growing—how to manage them if they should be installed is a matter for close consideration.

In discussing the conservation of water it was pointed out that

there are possibly some who would continue to use all of the water they wanted regardless of the cost. This argument was met by the suggestion that in cases of that kind such users would have to be rationed if it came to that.

It was pointed out that 179 water users with meters on the city system are wholly outside the city limits and that should an emergency arise forcing the city to ration water or cut the users off entirely, these outside-of-city meters would necessarily be the first to come off. This was one argument offered in favor of taking such users into the city.

### Eastland Man's Short Wave Radio Reaches Far

Through the courtesy of R. H. Latham and his short wave radio, station W5OFN Saturday afternoon, Mrs. Hazel Peyton talked to her daughter, Mrs. I. J. Cuddington at France Air Field in the Panama Canal Zone, which was about the fourth or fifth time for the conversation.

Mrs. Peyton has arranged with Mr. Latham to talk with her daughter every other Saturday. Lt. and Mrs. Cuddington are located at the Air Base in the Canal Zone.

Mr. Latham often talks with men over seas. He has talked to Australia, Scotland, South Africa, Germany, England, Aliuetuen Islands, Guam, Saipan, Asia, and many other places. In fact he has talked to every country except Japan and Russia. Mr. Latham is a radio repair man located in the rear of the Western Auto Store.

### LETTERS FROM READERS

Eastland, Texas  
Oct. 26, 1948.

Dear Editor:

There appeared an article on the front page of your paper, Sunday, Oct. 24, under the heading "Legal Control Committee For Sale of Beer." In order that your readers may be properly informed, we feel some additional information and corrections should be made.

Who is the Legal Control Committee of Eastland County? If there has been any public meeting out of which such an organization has grown, the facts of such meeting, who called such meeting, or the names of those composing the committee have not been published.

We feel that the public should know who is responsible for the statements made in this article. Are they men who are interested in the moral and civic betterment of our community or men who plan to profit from the sale of beer in our county? The public is entitled to know.

The statement is made in the article referred to, "We feel that the time has come to outlaw the bootlegger in Eastland County." Evidently those responsible for that statement are ignorant of the fact that the bootlegger is already outlawed in Eastland County. He operates (to whatever extent he does operate) in violation of the law. (Continued on Page 4)

# Soviet Seeks World Domination Accuses Dulles In UN Meeting

## Fireman Killed In Goldthwaite Church Fire

GOLDTHWAITE, Tex., Oct. 26 (UP)—A volunteer fireman died and 11 others were injured today fighting flames which destroyed the beautiful new First Baptist Church of Goldthwaite.

The dead was T. Barker, 36. He died in Brownwood's memorial hospital at 7 A.M., several hours after the fire broke out in the brick church.

Barker and Jesse C. Moreland, 31, and O. E. Hale, 38, were hurt when a gable in the fire-weakened structure collapsed, trapping them as it fell.

The loss in the fire was estimated at \$100,000 included a new \$6,000 organ.

The Goldthwaite church was completed only a year ago. It was a huge structure and was regarded as one of the most beautiful churches in this part of Texas.

A crew of workmen had been busy at the church making repairs yesterday. The cause of the fire, which was discovered early today, was not learned immediately.

Brownwood's city fire department sent a pumper truck, three firemen and Chief Charles Alford to the neighboring city to help the undermanned Goldthwaite volunteers battle the flames.

## Army To Offer Commissions

To provide the necessary officer personnel to accomplish the mission of the Army under the current expansion program, the Department of the Army will offer commissions, as Reserve second lieutenants for active duty, to young male citizens who have served in the Armed Forces and have completed 2 or more years of college.

Applicants must be between the ages of 19-31 and meet the mental, physical and moral requirements necessary for commissioning.

If accepted for appointment the applicant must agree to serve on active duty for a period of at least 2 years and he may sign for a three-year tour.

This program is in addition to the Officer Program through attendance at Officer Candidate Schools, which is open to high school graduates 19-28 year of age, and was instituted to guarantee a steady flow of junior grade officers into the Army.

Full information and applications blanks may be had by calling at the Army and Air Force Recruiting Station located at 311 West Main Street in Eastland.

## Test Offsetting City Of Eastland Is Announced

The revived oil play which has been going on for several months in this area has not yet entered the actual city limits of Eastland but a test has been announced offsetting the city.

Frank Day, veteran oil man of Eastland, has leased a tract which comes up to the southern boundary of the town—the Will Martin farm. Day announces that a test will be drilled to the Ellenberger.

Not far south of the location is the Martin pool where many wells were drilled 25 years ago, some of them coming in for as high as 1,000 and even 2,000 barrels a day and still producing after a quarter of a century.

Day believes, from a study of the log, that the discovery well of the Martin pool was in the Ellenberger. The wells which followed however, struck production at a lesser depth and so were not carried on to that formation.

Eastland could witness a town-site drilling campaign as, recently the city council repealed an ordinance which had been on the books since the boom of 1918-21 against drilling inside the city.

## Courses To Be Offered People Of Eastland

Dr. Collins of Hardin-Simmons University, will be at the Eastland High school Wednesday night, Oct. 27, at 7:30 to discuss lecture courses in literature, sociology and history to be offered citizens of Eastland and of nearby communities.

These courses may be credited or taken for college credit.

This is an opportunity for club women, P. T. A. members, church circles, business men and women, and teachers.

The nature of the courses offered will be determined by popular demand. All interested persons are urged to attend.

## Who Knows Mr. Caffey? His Dog Pines For Him

A male dog, solid black with white stomach and brown feet, and wearing a vaccination tag No. 142 showing to have been vaccinated by Dr. J. H. Denton of Cisco, has been at the home of H. E. Craven at West Main and Virginia Avenue, Eastland, since Friday, Oct. 22.

Dr. Denton, when contacted, stated that he remembered vaccinating such a dog for Bernard Caffey, but that he didn't know the owners address.

The Cravens do not know the breed of the dog, but said that he is short haired, very smart and apparently has been the pet of a child. They want the owner to have him and request anyone knowing the owner please notify him where the dog may be found.

## Spooks To Parade Friday Night At Olden Carnival

Spooky Friday night at Olden. Coronation ceremonies will be at 8:00 p. m. at the Olden High school gymnasium.

You are invited to be present and enjoy the fun and entertainment.

## CORRECTION

In Monday's Eastland Telegram an article on the County Federation meeting Saturday at Gorman. It stated presidents would be honor guests at the silver tea in January, when it should of read new club presidents' will be honor guests.

Wood is made up of millions of fibrous cells resembling narrow tubes almost as fine as human

## U. S. DELEGATE CONDEMNS COMMUNIST DOCTRINES AS CONTRARY TO CHARTER

### Committee Reports Carnival Plans In Full Swing

West Ward Committee Chairman reported projects in full swing for the Halloween Carnival to be held jointly with the South Ward P. T. A.

Committee chairmen are as follows: Costume—Mrs. Frank Castleberry. Country Store—Mrs. James Pipkin.

Movie Projection—Mrs. Bill Walters and Mrs. T. L. Amis. Make Up—Harry Van Geem. Food Booth—Curtis Koen. Coke and Candy—Mrs. Pete Hurst. Cake Walk—H. Hill.

Fish Pond—Eugene Hickman. Grab Bag—Mrs. Bill Adams. Fortune Telling—Tom Hicks. Spook House—Mrs. Otis McDonald.

Ring Toss—Jack Lee. Dart Throw—Bill Cole. Bingo—Jeff Chenault.

All proceeds will go to the benefit of the schools.

Anyone having anything to donate to these booths, please call any one of these chairmen, or bring them to the West Ward P. T. A. All donations will be appreciated.

## Roy Lane, Jr., Burned On Face, Hands And Arms

While working on the motor of a car Saturday afternoon, Roy Lane Jr., was burned, when a short caused the gasoline to ignite. Lane was burned on the face, hands, and arms, receiving first, second, and third degree burns.

Young Lane's father said his face was not so bad but his arms and hands were. He was reported as doing satisfactory. He was carried to the clinic for emergency treatment but is now recuperating at home on Maderia Street.

## REVOLT CRUSHED ASUNCION, Paraguay, Oct. 26 (UP)—The Paraguayan govern-

ment announced today that loyal troops had crushed a revolt of cadets at the Asuncion Military Academy in 19 hours of heavy fighting.

REP. WEST ILL  
WASHINGTON, Oct. 26 (UP)—Rep. Milton H. West, D., Tex., was reported in "critical" condition today at Walter Reed Army Hospital. He is suffering from a glandular illness.

## "Under shot"

Crowds view the wreckage of an Air Force C-47 plane which crashed into two unoccupied barracks at Chanute Field, Ill., killing at least three of the 21 persons aboard. Diverted from its course to Scott Field, the craft "undershot" in an attempted landing. — (NEA Telephoto).

BY R. H. SHACKFORD  
United Press Staff Correspondent

PARIS, Oct. 26 (UP) — John Foster Dulles, Republican adviser to the American delegation to the United Nations, accused Russia today of seeking to extend "Soviet Communism throughout the world."

Dulles denounced the Communist doctrine of "violent charge by revolution" as contradictory to the tenets of the United Nations charter. He questioned whether the Russians were sincere when they signed the charter.

This was Dulles' first full dress speech in almost six weeks of this General Assembly. Most delegates regarded it as a preview of the attitude he would take toward Russia if he became secretary of state — an eventuality widely predicted if Gov. Thomas E. Dewey is elected president a week from today.

Speaking during the assembly's political committee debate on the Greek case, Dulles placed the blame on Russia for many of the dilemmas in which the UN finds itself.

He outlined some of the basic principles of Communism, and then reviewed the objectives of the UN charter.

"There is a basic contradiction between the charter theory of peaceful change by evolution and the Communist doctrine of violent change by revolution," Dulles told the committee.

"And it is because Soviet Communism teaches and practices the use of violence that the United Nations has found it impossible as yet to relieve the peoples of the world from the heavy burden of armament and the even heavier burden of fear.

"So long as Soviet Communism does preach and practice revolution as a means to destroy the social order elsewhere and to achieve worldwide political ambitions many are bound to wonder whether the Communist governments signed the UN charter with integrity of purpose."

Dulles said the attempt by Russia to establish a Communist government in Greece was only part of a "general effort to extend the power of Soviet Communism throughout the world." He referred to "corrective measures" taken by Russia "to extend its power over all Berlin." He said the same was true in Korea.

"Wherever one looks, whether it be Europe, Africa, Asia or the Americas, there is apparent the same pattern of effort, namely incitement from without of coercion, fear and violence within, to achieve international political objectives," Dulles said.

Dulles said Communists throughout the world were being taught that Russia will not be satisfied until the non-Communist nations have been so reduced in strength and numbers that Communism's influence is dominant throughout the world.

He added that the Communists taught that "this result cannot be achieved by peaceful reforms, but only by methods of revolution."

The Western big three had agreed to wait and see what move, if any, Russia would make in the Berlin crisis.

WASHINGTON, Oct. 26 (UP)—Hearings will begin Nov. 4 on the application of the Brazos River Conservation and Reclamation District of Texas to increase power rates from the Morris Sheppard Dam to the Brazos River Transmission Electric Cooperative, Inc., the federal power commission has announced.

The commission previously postponed hearings in hopes that the district and that cooperative might reach an agreement. The cooperative said no agreement has been reached and asked the hearings.

## Rotary District Governor Visits Eastland Club

W. B. (Bill) Todd of Fort Worth Rotary District Governor, paid his first official visit to the Eastland Rotary Club Monday and was guest speaker at the noon meeting. He was accompanied by Mrs. Todd.

Rotarian Fred Brown, in charge of the program for the day, introduced the District Governor, who gave a splendid talk on Rotary's aims and purposes. In the afternoon, he presided at a business meeting of Rotarians headed by James Horton, president of the Eastland club.

An unusually large number of visiting Rotarians were in attendance at the Eastland meeting Monday.

Farmers Union Grain Terminal Association belongs to more than 100,000 co-operative farmers.

## ★ WASHINGTON COLUMN ★

### Senate Committee Will Probe Whitewashing of Ilse Koch

BY PETER EDSON  
NEA Washington Correspondent

WASHINGTON—(NEA)—Senate War Investigating Committee will hold public hearings on the Army's cut in sentence from life imprisonment to four years for Frau Ilse Koch, "belle" of the Nazis Buchenwald prison camp. Date of the hearings will be set just as soon as Sen. Homer Ferguson of Michigan, chairman of the committee, can recover from a chest cold and get back to Washington.

Principal aim of the Senate's investigation into the Koch case will be to find some formula to get the Army off the hook and get Frau Koch's sentence stopped up again.

Reduction of the Koch sentence has, however, aroused a storm of protest in the United States. Frau Koch was the wife of one of the commanders of Buchenwald. She was accused of beating prisoners and of instigating their torture. In her apartment it was said there were lamp shades made from the skin of human victims.

In all there were 31 Nazis accused of horrors at Buchenwald. They were tried before an eight-judge military court, headed by Brig. Gen. Emil Kiel, now stationed at Scott Air Base, Belleville, Ill.

Prosecutor at the Buchenwald trial was Maj. William D. Denson of Birmingham, Ala., now an attorney for Atomic Energy Commission in Washington. Defense counsel was Maj. Carl Whitney, now stationed at the Pentagon, Washington.

After sentence was handed down by the court, Major Whitney went through the routine legal move of filing petition for review and clemency. In all, 13 sentences were reduced as a result. Several of the death sentences were cut to life imprisonment. Frau Koch was given life imprisonment instead of the death penalty because she became pregnant before her trial began and her child had not been born when she was sentenced.

Record of the whole case was sent to review officer, Lt. Col. Clio E. Straight, deputy judge advocate general for military government in Germany. This is the procedure in military cases. Colonel Straight arbitrarily decided that part of the testimony against Ilse Koch was false or insufficient evidence. He did this solely on reading the Buchenwald trial record of over 1000 pages. He did not see nor re-examine any of the witnesses. He then recommended that Frau Koch's sentence be reduced from life to four years. This was confirmed last June by Gen. Lucius D. Clay, U. S. military governor in Germany. No announcement was made at the time.

Lieutenant Colonel Straight is now stationed at the Pentagon. He will be called as a witness before the Ferguson committee. So will William Denson, the prosecutor, and Major Whitney, the defense counsel.

ANOTHER witness who may get a chance to defend the Army's position on the Koch case is Leon B. Poullada, now in the Foreign Service Institute, Department of State. Poullada was defense counsel for the Nordhausen concentration camp war criminals. Nordhausen was a branch of Buchenwald, but its staff was tried separately.

Poullada has made public a long written statement on the Buchenwald and other war crimes trials. He admits that "Frau Koch was a morally depraved woman not fit for the company of decent people anywhere." But he claims that much of the evidence cited against her was hearsay, and that the court was swayed by prejudices.

What bothers the Senate Investigating Committee is that cutting of the Koch sentence will make the German people believe that the atrocity stories were not true in the first place. Whitewashing one of the principal Buchenwald defendants by letting her off with a minor sentence, it is feared, will play into the hands of Nazis who were reluctant to believe that anything unusual had happened in a camp where 50,000 human beings were ruthlessly exterminated, and another 22,000 starved.

This Puerto Rican, working under the blazing Caribbean sun, seems to have a nice cool job chopping ice. But the "ice" is salt. At Cabo Rojo, tons of sea water are allowed to flow into foot-deep pools. The hot sun evaporates the water in a month and the remaining salt is harvested. The Spaniards set up the industry over 100 years ago and the operations haven't changed much since then.

THE STORY: Hilary Shenstone, British secret agent, recalls lying wounded in the Indian desert beside a crashed plane, after completing a dangerous mission. He remembers feeling a desperate need to return to England and Nuns Farthing, his family's country home. (He doesn't know that the house has been let and that Hilary, if you can call him Hilary, has never met, has adopted his old room and eagerly awaits his return. Next time Hilary is aware of, he is back in London dropping in at his club. But no one seems conscious of his presence. Hilary learns that his brother, George, has been cutting in with Alice, Hilary's fiancée. At first, he thinks it's all a dream. Then with dismay, he receives a report of his own death. Shocked at first, he later decides to enjoy the situation. After spending the night in a room at the club, he wanders around London, and makes up his mind to look into the matter of George and Alice.

XII  
TOWARDS lunch time he mounted the steps of his mother's little house in Park Street. It was George's green Rolls-Bentley four-seater, he supposed, which stood at the curb. A noisy brute of a car, and just what George would drive. Automatically he searched his pockets—damn—no keys—Dalton had his keys, in Peshawar.

Found the corner came two quite correct little boys, brothers, dressed alike in gray suits with bare knees and white collars. With them was a lively spaniel, off his lead, which dangled from the younger boy's hand. Eminently well-behaved, they came level with the bottom of the steps where he stood—they were moving briskly, absorbed in the dog. Hilary pressed the bell.

The little boys broke into a brief run in an effort to refasten the lead to the frisky dog's collar. They were still chasing him busily, several houses further away when Hinton, the maid, opened the door to an empty doormat. Hilary slipped past her into the hall. With a dark look, after the innocent pair with the spaniel, Hinton

think it was a ghost?"  
"Well, Ponsoby says he was in bed reading, when the door suddenly swung open as though someone had turned the knob from the passage."  
"Yes—and hadn't someone?"  
"Not a soul. There was nobody there. That is, nobody he could see. He was frightfully upset!"  
"I said I was sorry," said Hilary in his own defense.  
"Men's clubs are full of practical jokers," asserted their mother.

## Texas, Mustangs Lead In Offense

DALLAS, Tex., Oct. 26 (UP)—The University of Texas and Southern Methodist set the pace today in Southwest Conference offensive maneuvers, according to official statistics.

While the Longhorns led in total yardage with 1,907 yards—1,213 on the ground and 694 through passes—the Mustangs' per game average was the better of the two on the basis of having played only five games to Texas' six.

SMU's passing attack led the top with 819 yards through the air, and this yardage coupled with 913 the Mustangs have made rushing totaled 1,732—an average of 346.4 yards per game to Texas' 317.8 yards.

Individual standings changed but little with Lindy Berry of TCU replacing Bobby Goff of Texas A&M as runner-up of Arkansas' idle Clyde Scott in rushing gains. Scott had 500 yards, Berry 459, Goff 409 and Bobby Lantrip of Rice 300 yards.

Berry's 408 yards passing on 35 completions out of 72 attempts was still good for third place—behind Gil Johnson of SMU and Paul Campbell of Texas—and gave him the total offensive lead by a long margin—867 yards to 603—over Scott. Johnson has gained 366 yards, Campbell 309 passing.

### It's Share The Apron Now

LINCOLN, Neb. (UP)—The new look in aprons may please Mom but the rest of the family may not approve. At a style show for rural women, University of Nebraska clothing specialists displayed an adjustable apron. With only the flick of a wrist it can be made to fit the head of the house or the small fry.

## New Teams Rise In Football Poll

DALLAS, Tex., Oct. 26 (UP)—Four new teams showed up in the top 10 clubs in the Dallas News' weekly schoolboy poll today, but there was no change in the top four clubs—Port Arthur, Amarillo, Waco and Baytown, in that order.

For Port Arthur it was the eighth straight week in the top spot as the Jackets lacked only one of 25 votes of being unanimous choices after stomping Houston Reagan 41-0 last week.

The new faces were those of Texarkana, Henderson, Odessa and Alamo Heights, replacing San Antonio Brackenridge, Gladewater, Reagan and Stephenville. Texarkana moved up from 14th to seventh, Henderson to eighth from 12th, Odessa from 11th to a tie for ninth and 10th with Alamo Heights, which jumped from the also-ran class.

## TCU's New Defense Uses 10 Man Eleven

FORT WORTH, Tex. Oct. 26 (UP)—Movies of the Texas Christian-Oklahoma football game have confirmed the report that TCU had only 10 men on the field when the Sooners scored their second touchdown Saturday night.

Coach Dutch Meyer said that one substitute was sent into the game, but that two came off just before Lindell Pierson plunged two yards for the touchdown. Oklahoma won the game 21-18.

Ceramic tile decoration, extremely popular in modern Mexican architecture, was introduced to Latin America by the Spanish Conquistadors about 400 years ago.

## Baylor Bears Win Again

The Baylor Bears, only Southwest Conference team thus far undefeated, relied on toward more honors as they defeated the Texas Aggies at Waco. Here, Lyle Blackwood, No. 35, Baylor, tries to hop through between No. 71, James Flowers and No. 84, Cedric Copeland, both of A. & M. The play netted 8-yards in the second quarter. — (NEA Telephoto).

## Letter From

Continued from Page 1

law and is able to do so only because the liquor crowd patronize him in violation of the law. The Drys are not responsible for the bootlegger. The wets are the ones who feed him. To establish places where beer is legally sold only gives the bootlegger a better place to operate.

Another erroneous statement concerns taxes for county towns and schools derived from the sale of beer. The county does not receive any tax at all from beer sold in the county. There is a state tax on beer which does not go to the county in which the beer is sold, but to the state fund. Eastland County now receives its prorata part of the state tax fund. The only revenue to the county is from licenses issued, which would not bring in enough money to pay the salary of an additional officer to police the beer joints and arrest the drunks.

Regarding business in the county: The only business to benefit from the sale of beer outside of the wholesalers and retailers of beer (whose profit would be at the expense of the morals, peace, and safety of our citizenship) would be the hospitals and undertakers who would have to care for those wounded and killed as the result of it. We do not believe the people of Eastland County want this

kind of business.

If prohibition can not be enforced (as the wets erroneously claim) how could the improved regulations governing the sale of beer, referred to in the article mentioned, ever be enforced.

These are questions and observations we believe should be called to the attention of your readers and we will appreciate your giving this letter as prominent place in your paper as the article replied enjoyed.

For the Cause of the Right,  
Clair C. Smith,  
L. M. Chapman,  
W. E. Hallenbeck, Jr.,  
James M. Bond,

## Court Refuses To Review Protests

WASHINGTON, Oct. 25 (UP)—The Supreme Court has refused to review protests of Panhandle Eastern Pipe Line Co., against government authorization of a competing natural gas pipeline into the Detroit, Mich., area.

The certificate was issued by the Federal Power Commission to the Michigan-Wisconsin Pipe Line Co. for the proposed new pipeline from the Hugoton gas field in Texas. Besides the Detroit-Ann Arbor section, the company was authorized to transport gas to Wisconsin, Missouri, and Iowa.

## Accent on Youth in USAF

When 41-year-old Lt.-Gen. Curtis E. LeMay was named to head the Strategic Air Command, it marked another exhibit of the Air Force's "young blood" policy since youthful Gen. Hoyt S. Vandenberg became Chief of Staff. Other young men in top posts are Lt.-Gen. Lauris Norstad, head of Air Force Operations and reportedly in line for the deputy chief of staff post; Lt.-Gen. Elwood R. Quesada, tactical air commander; Maj.-Gen. Laurence S. Kuter, Air Transport Service commander; Maj.-Gen. Emmett O'Donnell, commander of the 15th Strategic Air Force; and Maj.-Gen. Roger Ramey, commander of the 8th Strategic Air Force. The 15th and 8th are the two heavy bombardment outfits.

Panhandle fought the proceedings before the commission, claiming the Michigan service would cut down its own right to serve the area. Panhandle has transported gas to eastern Michigan for resale since 1935.

The commission said Panhandle had not adequately shown it was able or willing to meet the expanding needs of the eastern Michigan market. When the certificate was approved, Panhandle charged some of the commissioners with prejudice.

Panhandle took its objections to the U. S. Court of Appeals here and that court upheld the commission. Panhandle appealed to the Supreme Court.

Opposing the appeal, the commission said its orders adequately protected Panhandle's interests in the Michigan market.

## Burial Rites For Babe Ruth Held

WHITE PLAINS, N. Y., Oct. 26 (UP)—The body of Babe Ruth finally lay today in its last earthly resting place, a grave on a wooded hillside in Gate of Heaven cemetery near here.

Ruth's funeral was held on August 19 at St. Patrick's Cathedral, but until yesterday his mahogany casket had reposed in a receiving vault at the cemetery, awaiting selection of a cemetery plot by his family.

In a brief service yesterday afternoon, the casket was carried from the vault and placed in the grave chosen by his widow, Mrs. Claire Ruth. In marked contrast to the crowds that followed his

## WTCC Endorses All Amendments

ABILENE, Oct. 26—Support of the Constitutional Amendments to be voted on at the general election Nov. 2, is recommended by the West Texas Chamber of Commerce.

The organization points out that amendments are nonpolitical in nature and "will enhance the efficiency and economy of our government."

Two of the amendments have been on the agenda of WTCC for many years and their passage is stressed by Manager D. A. Bandoen. First of these is SJR2, which occupies second place on the ballot, calling for the redistricting of Texas. This amendment provides that the legislature shall redistrict after each decennial. If this is not done, then an automatic board is set up, and if this board fails to function, it can be mandated by the supreme court.

"Although West Texas stands to lose some votes in redistricting, there is at present an imbalance in our legislative redistricting which will be corrected," Bandoen said.

The organization also strongly recommends passage of HJR 24, which is No. 7, on the ballot and provides for abolishing the state ad valorem tax and enables counties to levy the tax for local revenue purposes. The measure would permit the counties which do not at present receive tax re-

## Dewey Off On Four-Day Tour

En Route With Dewey, Oct. 26, (UP)—Gov. Thomas E. Dewey set out today to prove his charges that President Truman is deliberately playing class-against-class in an effort to stay in the White House.

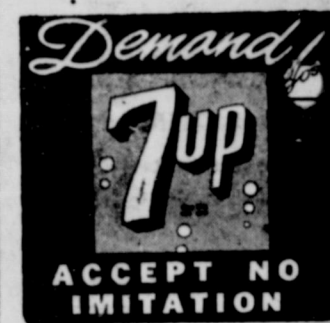

The GOP presidential candidate has denounced repeatedly what he considers Democratic efforts to divide the nation for election purposes, even during critical times in foreign relations.

He was expected to hammer at this theme tonight when he speaks in Chicago at 10 P. M. (EST).

Dewey left Albany last night after a three-day rest during which he licked a severe head cold and brought about improvement in an attack of bursitis in his right shoulder.

He was scheduled to arrive in Chicago at 5 P. M. (EST). Chicago is the first big stop on a four-day tour of seven states. It will include four major speeches, at Chicago, Cleveland, Boston and New York.

missions, to have the 30 cents for flood control and farm-to-market road purpose.

baseball career, that saw his body lie in state at Yankee Stadium, and attended the funeral, the final commitment service was private with only Ruth's immediate family present.

**Birthday Party Honors Sylvia Ruth Hendricks Oct. 13**

Wednesday afternoon, October 13, at her home in Gorman, Mrs. Albert Hendricks entertained from 2:00 to 4:00 o'clock honoring her daughter, Sylvia Ruth on the occasion of her third birthday.

The children enjoyed various outdoor games and sang a birthday song for Sylvia before she blew out the three tiny pink candles.

The three tiered pink and white birthday cake bore the inscription, "Happy Birthday To Sylvia", on the top tier; a miniature doll in an organdy dress, stood on the bottom tier.

A refreshment plate of cake and punch was served to each child. A balloon was also given each child present.

Among those present to assist Sylvia Ruth open her many gifts were: Cecil and Patricia Everton, Linda and Timothy Hallmark, Delores and Mickel Don Foster, Gene and Zelma Hendricks, Kathryn Caroway, Glenda Joyce Jordan, Mickel Lee Collins, Glenda Lou and Vance Laminack, Bobby Gleason and Mike Rodgers, Larry Marrow, Jackie Leslie Boswell, Merla Raye Miller, Linda Gale Eaves, a d Lavelle and Verna Lee Garrett.

Mrs. Floyd Wood Elver Everton, Raymond Hendricks, Vern Garrett, Thomas Joe Hallmark, Dick Foster, Jake Caroway, Glenn Jordan, Owen Mangum, L. Johnson, Ezzie Hendricks, W. A. O'Neal, Calvin Brown, Bruce Laminack, Otis Rodgers, J. L. Morrow, Merle Miller, and Albert Hendricks.

Several children, unable to attend, sent gifts.

**Business Women's Circle Meets With Miss Barber**

The Business Women's Circle of the First Baptist Church met in the home of Miss Florence Barber, West Main Street, Monday night for a Mission Program. The meeting opened with the singing of "Bless Be The Tie That Binds" and Mrs. Mildred Amis gave the opening prayer.

Roll call and the minutes of the last meeting were read and discussed. Members answered roll call with current events. Business was then discussed and a financial report was given by Mrs. Wynell Durdin. Secretary-Treasurer, Mrs. Frances Zernial, was nominated and elected to fill the place of Mrs. Amis, who resigned her office due to her having other church posts to fill. The Circle was discussed as well as the Thanksgiving dinner. An offering of \$3.60 was made for the Sun Beams.

Mrs. Green presided and returned the meeting over to Mrs. Amis, Program Chairman, who gave a very interesting and educational program on the Jew, aided by Hazel Green, Mrs. Garrard, Durden and Winnie Young. Mrs. Young gave the closing prayer, after which delicious refreshments of sandwiches, pop corn balls, mints, and orange punch were served to the following members and one guest: Mrs. Mildred Amis, Mrs. Hazel Green, Miss Christine Garrard, Mrs. Winnie Young, Miss Allene Williams, Mrs. Wynell Durdin, Mrs. Myrtle Lovelace, Mrs. Frances Zernial, Mrs. Pearl Safely, and Mrs. Dorothy Helen Horn of Fort Worth; and the hostess, Miss Florence Barber and her mother, Mrs. Barber.

**Mrs. Doyle Was Leader Of WSCS Program Monday**

Mrs. John A. Doyle secretary of the Spiritual Life committee was leader of the Consecration Service of the Woman's Society of Christian Service Monday in an all day meeting at the Methodist Church.

Meditation and response was given by the group and led by Mrs. Doyle. A sacrificial offering was taken for nurses school in China and social centers in Alaska.

Present at the meeting were: Mmes. F. L. Drago, N. P. McCarney, W. M. Haymes, George Cross, Bill Walters, B. O. Karel, W. H. Mullings, Ida Foster Annie Day, J. L. Cottingham, T. M. Johnson, Frank Crowell, D. R. Childar, W. G. Marquardt, R. C. Ferguson, O. O. Mickel, Ina Bean, J. M. Bond, Fred Davenport, Heiman Hassell, L. C. Brown, Ora B. Jones, W. Hoffmann, and Rev. J. M. Bond.

The first Revolutionary tea party in America was held in Edenton, N. C., on Oct 25, 1774, when ladies of the town, sipping a brew of raspberry leaves, pledged not to buy any tea bearing the odious stamp tax.

**Monty Meets the Omahene**

At the African Conference in London, Field Marshal Viscount Montgomery, right, supreme commander of the newly-created Western Europe General Staff, confers with an African delegate. The portly representative has a name to match his size—his name Sir Tsibu Darku IX, O. B. E., Omahene of Asin Atandasu.

**Mrs. Doyle Is Honoree At Tea**

Mrs. Mattie Doyle, president of the Zeta Pi chapter of Beta Sigma Phi, was the honoree at a tea given Saturday afternoon by Mrs. Beatrice Stacey in her home at Big Spring.

Mrs. Doyle also received her exemplary degree at the meeting of Beta Sigma Sorority at 7:30 p. m. which is the highest degree in the chapter.

During the evening a banquet and dance was given by the sorority.

Mrs. Doyle was a guest of Miss Evelyn Merrill in Big Spring.

**Homebuilders Class Enjoys Weiner Roast**

The Nazarene Homebuilding Class enjoyed a weiner roast Monday night at the Warner home, several miles west of Carbon. The group met at the church parsonage, and all went in the bus to the home. Weiners, pickles, hot coffee cookies, and many other good things were served to the ones present. The following adults were present: Mr. and Mrs. R. F. Robins, Mr. and Mrs. Elbert Rains, Rev. and Mrs. Wm. C. Emberton, Mr. and Mrs. John Williams, Mrs. Clifford Ledbetter, Mr. and Mrs. W. H. Warner. A very enjoyable time was reported by all.

**Sunday School Class To Meet With Mrs. E. R. Townsend**

Martha Dorcas Class of the First Methodist Church will meet in the home of Mrs. E. R. Townsend, 904 South Semmes Street Wednesday at 3:00 P. M. Co-hostesses are to be Mmes. M. S. Long, R. E. Sikes and W. H. Mullings.

This is the regular monthly meeting, all members are urged to attend as a good program is being arranged.

**HOUSTON, Tex., Oct. 26 (UP)**—Funeral services were to be held today for E. H. Borden, 62-year-old Houston contractor, who died suddenly yesterday less than five hours after attending his wife's funeral.

Borden had lived in Houston 30 years, and retired two years ago because of ill health.

His wife, Mrs. Julia Borden, was buried here yesterday morning.

**GONZALES, Tex., Oct. 26 (UP)**—Funeral services were scheduled today for Wilhelm Frederick Tuch, 61, who died in a hospital as a result of injuries suffered in a two-car collision on highway 290 near Coat, Tex.

Mrs. Clara Tuch, 58, the victim's wife, was hospitalized and attendants said she was in serious condition.

**MOULTON, Tex., Oct. 26 (UP)**—Postal inspectors today had been called in to investigate a postoffice burglary of last Sunday night.

The burglar or burglars took \$30 in postal funds and a revolver.

**HOUSTON, Tex., Oct. 26 (UP)**—Oil companies holding leases on public school lands have been advised by State Land Commissioner George Cates to fall in line with price increases.

Phillips Petroleum Co. recently jumped the price of crude 35 cents per barrel in West Texas fields, including some Texas school land.

Giles said yesterday that under terms of its standard lease agreement with all companies, the

state receives one-eighth royalty on oil produced at the post price or the equipment in oil, delivered transportation free to the closest shipping point.

Giles said "several companies" were assured that they would meet the price increase.

There was no immediate estimate on the price increase, which would be a boon to the state's permanent University fund.

**FBI Chief Ill**

J. Edgar Hoover, the nation's number one sleuth, is in serious condition in his Washington, D. C., home. Chief of the FBI since 1924, Hoover is confined to bed with bronchial pneumonia.

**JUST DROPPED IN TO TELL YOU**

... that my \$10,000.00 home which you have insured for \$3,000.00 has gone up in smoke" is an announcement that insurance agents don't like to hear for two reasons. First, his friend had lost his home, and second, he wasn't carrying near enough insurance. Incidents similar to this one are common around every insurance office. What can we do? Nothing much, except to suggest again that you be adequately insured, day and night.

*Time to do as she pleases... even on washday!*

**ELECTRIC HOME LAUNDRIES ARE KEYS TO BETTER LIVING!**

Doing the family washing is not the all-day job it used to be—when electric home laundry equipment takes over. Even on rainy days, the electric washer, drier and ironer speed the washing right on through, with time left over. An electric home laundry means more leisure and less effort on washdays.

Electric washers, driers and ironers are available now in many styles. See your electrical dealer for the home laundry equipment of your choice.

J. E. LEWIS, Manager

# KING ASKS PARLIAMENT TO STRENGTHEN FORCES

By Bruce Munn  
United Press Staff Correspondent  
LONDON, Oct. 26 (UP)—King George VI opened a new session of the British Parliament today with a call to members to nationalize the vast iron and steel industry and strengthen the British armed forces.

Amid pomp and splendor Britain has not seen since 1938, the king asked a joint session of the House of Commons and House of Lords to take "steps to ensure that my armed forces shall be efficient and well equipped."

"A measure will be laid before you to bring under public ownership those companies extensively engaged in the production of iron ore or pig iron or steel or in shaping steel by rolling processes," the king said.

Traditionally the king's speech contains the legislative program for the coming year. It is agreed upon by members of the government before delivery.

Speaking in the crowded Chamber of the House of Lords, where Commons has met since its own quarters were damaged in the Blitzkrieg, the king touched briefly on the international situation in language somewhat more harsh than customarily used by British royalty in comment on foreign affairs.

"In Berlin a difficult situation has arisen as a result of the action of the Soviet government in cutting surface communications between the city and western Germany," the King said.

"My government hold the view that this action constitutes a threat to peace and therefore referred the matter to the Security Council of the United Nations."

"The resolution of the security

council has been vetoed by the Soviet representative and the situation thus created is under consideration by my government and other like governments (the United States and France) concerned.

"Meanwhile Berlin is being supplied by air and air craft from the United Kingdom, some of them flown by crews from other commonwealth countries, combining with those of the United States to keep Berlin linked with Europe."

## Election Data To Washington

LAREDO, Tex., Oct. 26 (UP)—S. Truman Phelps, Laredo attorney, said today that Aug. 28 runoff primary election data from Starr and Zapata counties would be taken to Washington.

A special investigator, Joseph Langan, took custody of the data from the two counties yesterday. Phelps said, in the course of his inquiry into charges that fraudulent returns were made in the U. S. senatorial runoff primary between Congressman Lyndon Johnson and Former Gov. Coke Stevenson.

Langan and a second special Senate investigator were aiming at getting custody of data from others in the eGorge Parr "political empire"—Webb, Jim Wells and Duval counties.

Langan was silent on developments in his investigation. Phelps, a Stevenson campaign manager in Webb county, said he accompanied the senatorial agent to Starr and Zapata counties for the purpose of impounding the election data yesterday.

He reported that the poll list and tally sheets from precinct number 3 in Zapata county were missing.

The senatorial investigators were ordered into the South Texas counties at the request of Stevenson, who lost the Democratic senatorial nomination to Johnson by the margin of 87 votes in final, official statewide tabulations.

## Follow the Leader to Death

A peaceful stretch of Florida beach turned into a whales' graveyard as 44 pilot whales beached themselves nine miles north of St. Augustine. Some of the monsters, ranging from 5000 to 6000 pounds, are shown here. Observers say they committed suicide by "following the leader" who flopped up on the beach.

## UN DEMANDS ISRAEL GIVE UP CONQUERED POSITIONS

PARIS, Oct. 26, (UP)—The United Nations demanded today that Israel give up the Negev towns and territory won from the Egyptians in the short-lived campaign which began in south Palestine on Oct. 14.

Dr. Ralph Bunche, acting UN mediator for Palestine, announced his demand that the Israeli forces withdraw from their newly won positions at an emergency meeting of the Security Council, called to hear Egyptian charges of Israeli truce violations.

The request for the realignment of farmed forces in south Palestine as they were Oct. 14 was addressed in Bunche's name yesterday. But the Jews had scored the only appreciable gains, and it was to them that the UN move applied.

Bunche's action, which he said had not been answered by either Arabs or Jews, confronted the Tel Aviv government with a choice of defying the mediator or giving up the gains which undermined the Egyptian position in south Palestine.

The Jews captured Beersheba, ancient town known as the capital of the Negev, opened a corridor to isolated Jewish settlements deeper in the Negev, and damaged Egyptian communications so badly that the forward positions of the Egyptians were threatened.

Before Bunche addressed the council briefly, amplifying a written report to it, the delegates of Egypt, Lebanon and Syria bitterly attacked Israel. They urged

the Council to act at once against Israel for alleged violations of the Palestine truce.

Warren Austin, U. S. delegate and chairman of the council, said it could act only after due deliberation, and would not "be lashed into action by charges of bias."

## Margarine Plant To Offer New Cotton Outlet

A new outlet for the products of cotton farmers in the Southwest was assured today when the Southwest Margarine Company announced its formal opening at 700 S. Harwood in Dallas. H. E. Brown, veteran margarine manufacturer, pointed out that the fast-growing company already is creating a large market for cottonseed oil, one of the basic ingredients of margarine.

Brown and his co-organizers, Fred and A. S. Kidane, are thoroughly experienced in the making of margarine, having opened what was termed the first margarine manufacturing plant in the Southwest in Dallas in 1927. They sold their original plant, but are now re-entering the business. Other partners are Holger Blok, sales manager, recently of Indianapolis and Cecil Hill, plant manager. Hill who recently moved to Dallas from Indianapolis, was affiliated with one of the world's largest margarine plants.

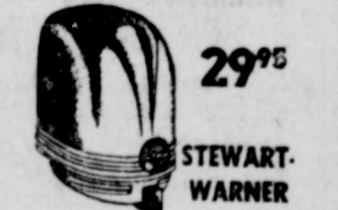

The officials are jubilant about their new enterprise. They said the organization, makers of Admiration brand margarine, already has branch offices in Fort Worth and Houston and distributorships in Beaumont, Tyler, Longview, Abilene and El Paso. Soon the product will be on grocers' shelves over a seven-state area, they added. A few choice territories are still open to distributors.

They pointed out that their modern plant manufactures margarine untouched by human hands and is well equipped with the most modern machinery available. The plant has a capacity of a million pounds of margarine a month, they said.

The New Orleans, a steamboat built by Robert Fulton, was the first to navigate from Pittsburgh to New Orleans.

# TO THE VOTERS OF EASTLAND COUNTY

We, the undersigned qualified voters of Eastland County, solicit your support in our effort to legalize the sale of beer in those precincts of the county which permitted its sale prior to October, 1939, when Eastland County last voted "dry."

Since beer was voted out of Eastland County, the State of Texas has passed a new Liquor Control Act. It is much stricter in its provisions regarding who may secure a license to sell beer, hours of sale are governed by law, and in general many more restrictions are placed around the sale of beer.

We feel that the time has come to outlaw the bootlegger in Eastland County and to restore the sale of beer by tax-paying, law-abiding citizens of our County. We know that business is being lost to our County because legal beer is obtainable in nearby towns.
