Odessa Attorney Gets Court Post

AUSTIN, Tex. Oct. 30 (UP)—Attorney Paul Moss of Odessa will succeed Cecil C. Collings of Big Spring as judge of the 70th Judicial District, effective Jan. 1, 1949, when Collings will become a member of the Eighth district court of Civil Appeals.

Moss, a former city attorney at Odessa, was appointed to the office yesterday by Gov. Beauford Jester. Now a practicing attorney, he holds ranching interests near Odessa.

Re-appointment of two members of the board of directors of the Upper Red River Control and Irrigation District was announced at the same time by Jester.

They are T. J. Dunbar and J. A. Whaley, both of Memphis in Hall County. Their terms will expire July 3, 1953.

Many Gifts Are Collected At Legion Party

Between 75 and 100 gifts were collected by the Legion and Auxiliary Thursday night at the Barn Dance and party. These gifts, it is understood, are to be sent to the Lisbon Veteran Hospital in Dallas for inmates of that institution.

Those in charge of the program have expressed their appreciation for the co-operation of the public and the many gifts received.

Accused Of Beating Son To Death

Mrs. Georgette Brucksed, right 21, accused of beating to death her seven month old son, tells Assistant District Attorneys Adolph Alexander and Fred Henderson, center, that she hated boy babies. Los Angeles autopsy surgeons said the baby's battered body was covered with bruises but at preliminary examination did not show the primary cause of death. — (NEA Telephoto).

Ranger J. C. Plans Big Homecoming Day Festivities

Saturday November 6, the day of the Ranger Junior College-Weatherford Junior College football game is Ranger Homecoming Day.

President G. C. Boswell is extending a cordial invitation to all ex-students to attend the gala Homecoming. Any student who has ver enrolled for a course at Ranger is classed as an "ex" and is invited to be a part of the festivities.

The program will get under way with a supper in the school cafeteria at 5.30 P.M. and following there will be a general meeting in the auditorium. John Shirley, a student of T. C. U. and president of the "exes" will preside at the meeting.

Then the path will lead to Bulldog Stadium to see the important conference test between Ranger and Weatherford. The Rangers are currently riding a four game winning streak and need the Weatherford victory to stay in the running for the conference championship. Hillsboro and Ranger are tied with two wins apiece.

Several Hundred Expected At Co. Livestock Meet

Several hundred livestock and business men from over the county are expected to attend the annual barbecue of the Eastland County Livestock Raisers Association at the City Park in Eastland next Wednesday night, November 3rd, according to officials in charge.

The barbecue and meeting will open the annual membership drive for the cattlemen's association as has been the custom in past years, it was said.

Fred Brown, former Eastland banker, treasurer of the group will act as master if ceremonies. M. E. Fry, Cisco, prominent Polled Hereford breeder of Eastland and Callahan Counties, and president of the organization will present to the membership the list of officers and directors nominated by the nominating committee for the ensuing year.

Scheafer's "Hill-Billy" band from Cisco will furnish music for the occasion.

The barbecue committee under the direction of Judge M. S. Long, Eastland, plan to begin serving the group around 6.30 o'clock.

The meeting and barbecue is an annual affair and is open to those interested in the growth of the livestock industry in the county. The affair is being held later this year than usual it was said. In past years it has been held in the middle of October.

SEARCHERS STYMIED IN HUNT FOR MISSING PLANE

LUBBOCK, Tex. Oct. 30 (UP)—Aerial searchers ran into a mystery today in their hunt for a civilian airplane with four persons aboard reported missing on a flight from Oklahoma City to Denver City, Tex., near the Texas-New Mexico border.

Lieut. C. J. Fuhrman of the air rescue service from Biggs Field, El Paso, reported at mid-morning he had learned the plane, a Cessna 195 owned by oilman R. G. Rapp, had landed at Hobbs, N. M. at noon yesterday and taken off an hour later for an unknown destination.

Fuhrman said that a search plane had been dispatched to Hobbs, to seek more details of the report that the plane carrying Rapp, L. S. Tunks, Mrs. Tunks, and B. B. Parr as pilot had landed

J. F. Jeffries Of Ranger Dies; Funeral Sunday

Funeral services for John F. Jeffries of Ranger will be conducted Sunday afternoon at 3 o'clock at the First Baptist church with Rev. David C. Ham, pastor of the church, officiating. Interment will be in Evergreen Cemetery with Killingsworth's in charge of arrangements.

Mr. Jeffries died Friday afternoon, October 29 at the West Texas Hospital, following a two weeks illness. He was born in Holly Springs, Mississippi on December 13, 1878 and had resided in Ranger since 1931. He was married November 27, 1904 at Cooper, Texas to Vennis Harwood who survives him.

He was a member of the First Baptist church and a deacon of that church. He was a veteran postal employe, having entered that service in 1919. He had served as clerk in the local postoffice since coming to Ranger and would have been retired from the service on January 1. He came to Ranger from Boswell, Oklahoma.

Survivors besides Mrs. Jeffries are two sons, E. O. Jeffries of Ft. Worth and Morris H. Jeffries of Brown of Sherman and Mrs. Noell Bell of Fort Worth; two brothers, Lester Jeffries of Lexington, Oklahoma, and Tom Jeffries of Lexington; two sisters, Mrs. Lloyd Ayles of Fort Smith, Arkansas, and Mrs. John Gross of Garvin, Oklahoma. Five grandchildren also survive.

Palbearers will be A. W. Wardlaw, Joe N. Graham, A. E. Crowley, A. E. Sides, W. A. Reuwer, and L. L. Bruce.

Boy Scout Leaders To Meet In Cisco

A meeting for all Scouters of the North District, Stephens and Eastland Counties, will be held Monday, November 1st, 7:15 p.m. in the First Presbyterian Church of Cisco, with the Cisco Scouters as hosts.

The roundtable discussions will be on making plans for winter activities. The meet will start with a supper served by the ladies of the First Presbyterian Church.

Ousted Russian Disappears In Mexico City

MEXICO CITY, Oct. 30 (UP)—Mathieu Tolstoy, native-born Russian who was bounced out of the United States last night by immigration officials, arrived here early this morning and promptly disappeared.

Immigration officials met him at the plaza and held him incommunicado for questioning. The officials denied his arrival after declaring the plane's passenger list secret. The airline's copy, however, had his name listed and airline officials said he arrived. He was listed on the manifest as traveling on a French passport.

Tolstoy asked the United States embassy merely for police protection before he left for the U. S. on his abortive attempt to enter through San Antonio last Wednesday. He told embassy officials his "life was in danger."

Government officials today disclaimed knowledge of the 29 year old Russian. He had not checked in the hotel he formerly lived in.

"What's In The Beer Keg" To Be Presented

A very interesting and unique program will be presented at the Church of the Nazarene Sunday night at 7:15 P. M. The program was written by the pastor, William C. Emberton, and will be presented by the young people of the church.

The outstanding feature of the program will be that all the characters come from the large beer keg on the platform.

Rev. Wm. C. Emberton, says, "We invite all interested parties in Eastland to attend this program and really see what comes from the beer keg. This program will prove instructive as well as interesting. Be sure to come Sunday night at 7:15."

ATTENDS SCHOOL Geo. Fox leaves today for Dallas where he will attend a Veterans' officers service school. Fox's trip is sponsored by Eastland V. F. W. Post No. 4136.

Hearty Congratulations

The lid blew clear off the Palestine situation today. United Nations truce headquarters in Haifa reported that Israeli forces opened a major offensive along the whole northern front in Palestine last night, throwing airpower and armored equipment against the Arabs.

The attack followed the pattern of the sudden thrusts in which the Jews badly cut up the Egyptians in the Negev Desert area to the south recently, it was reported.

In Paris, UN confusion regarding the whole Palestine situation was such that it seemed unlikely that a cease-fire order promptly issued by UN truce headquarters would be effective. Some sources believed the UN might lose control completely of the situation. The cease-fire order directed both Jews and Arabs to stop fighting at noon GMT (7 A. M. EST), but here was nothing to indicate the order had been or would be obeyed.

U. S. secretary of state George C. Marshall was in London, where he was said to have talked the Palestine situation over with British foreign secretary Ernest Bevin at luncheon.

The American position regarding Palestine questions was not clear. President Truman reportedly intervened yesterday to postpone action on a joint Anglo-Chinese resolution proposing a study of possible sanctions which could be imposed if Israel refused to withdraw from newly-won positions in the Negev.

The Palestine debate was laid over at least until Tuesday — election day in the United States — but it was by

Probe Shooting Of Jury Bailiff

GALVESTON, Tex., Oct. 30, (UP) — Assistant county attorney Jack Beckhausen and two Texas Rangers were expected to make a report today on the mysterious shooting of a grand jury bailiff.

However, unofficial but reliable sources said the investigators attached little credence to the story of ambush related by the grand jury bailiff, C. H. Jackson, Jr.

Jackson was closeted for hours yesterday with Beckhausen and the two Rangers. Authorities were trying to answer several questions. The major one was: Were Jackson's wounds in the arm and leg self-inflicted or did a gang of hoodlums really attack the bailiff?

Police have added several more signed statements to the pile of eyewitness accounts of various phases of the mystery affair.

Experiments to process rayon from eucalyptus gum fibres are being conducted in Australia.

Meanwhile the Haifa reports indicated the Israeli forces were achieving considerable success in the new fighting in North Palestine, and that the action was on a large scale.

Other foreign news:

PEIPING — Communist forces drove into Mukden as Chinese Nationalist troops in Manchuria retreated southward to attempt a Dunkerque-type evacuation through the recently captured Yellow Sea port of Yingkou. It appeared that Generalissimo Chiang Kai-Shek's forces were suffering one of the greatest reverses of three years of civil war, and there was no hope of holding any part of Manchuria.

LIMA — President Jose Luis Bustamante of Peru flew into exile after a right-wing military revolt which seized practically the entire country in three days. The Lima garrison joined in the revolt. A military junta was formed to govern the country temporarily, and Gen. Zenon Noriega, a division commander, was named provisional president. No bloodshed was reported.

THENS — The private plane of Gen. James A. Van Fleet, head of the American Military mission, was destroyed yesterday when it hit a mine after landing at Floreina, it was reported in Athens. Van Fleet was not aboard. The American crew of five and the Greek general they carried escaped injury.

PARIS — The French government started what appeared to be a purge of communists from government positions as a counter-measure to the communist-led coal strike. Many non-communist miners began returning to work. Troops seized more mines from strikers who had held them. Fresh strikes occurred in the railroad and metal industries and on docks.

Court Recessed Until Monday

The 91st District Court, hearing the case of Patsy Nantz et al, versus Wesley Aisenhower et al, for damages for alleged personal injuries on trial since Wednesday, recessed at noon Saturday and will reconvene on Monday morning at 9:30 o'clock.

Damages in the amount of \$100,000 are being sought in the case.

Lewis Charges Truman's Action Influences Green

WASHINGTON, Oct. 30 (UP)—John L. Lewis charged today that "Truman axemen" forced AFL president William Green to change his mind about American intervention in the French coal strike.

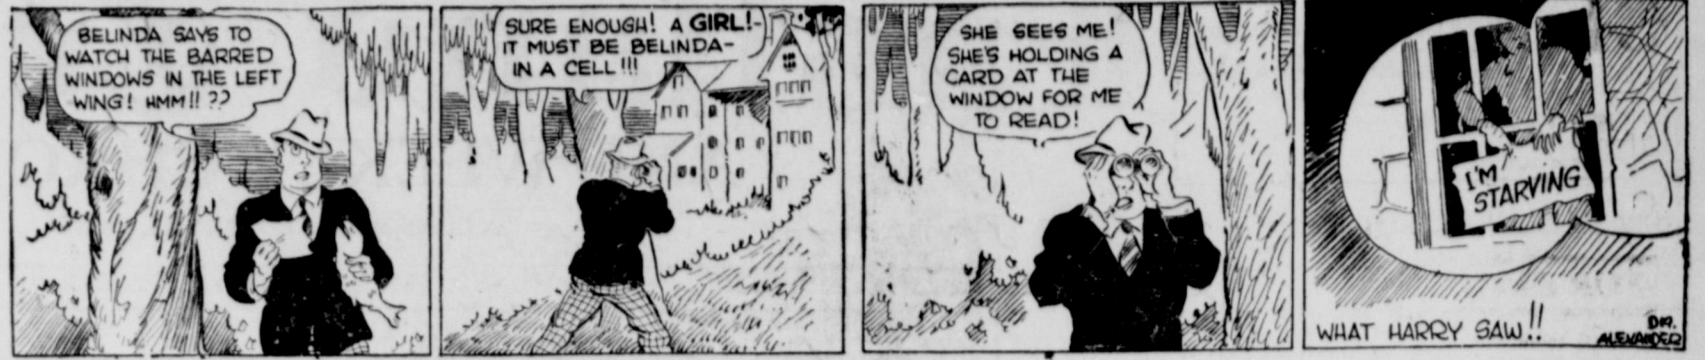

The United Mine Workers president referred to statements made by Green as "lying statements" and "contemptible slurs."

But he said a cryptic paragraph in a letter to Green that he would join Green "in another secret meeting" should the AFL president wish.

Newsman conjectured that the two union leaders may have been conferring on possible reaffiliation of the UMW with the AFL.

If so, Lewis' letter to Green did nothing to promote harmony.

HAIR-BREADTH HARRY

Lewis had proposed to Green that he ask President Truman to use his authority under the Marshall plan to withhold aid to France until the government stops "shooting hungry" coal miners.

EDDIE EAGAN DISCOUNTS RUMOR OF FIGHTING FIX IN PEP BOUT

United Press Sports Writer
BY JACK CUDDY
NEW YORK, Oct. 30 (UP)—
Chairman Eddie Eagan of the
New York boxing commission an-
nounced today here would be no
investigation of Sandy Saddler's
featherweight-title triumph over
Willie Pep, despite rumors of a
betting "fix."

Eagan, an ex-amateur cham-
pion, was in the front row ring-
side at Madison Square Garden
last night when lanky, brown-
skinned Saddler of New York
wrested the world featherweight
crown from Pep on a knockout at
2:38 of the fourth round.

Loud boos from the 14,680 fans
greeted this upset victory by the
skinny but explosive Harlem
negro, who had gone into the ring
a 14-5 underdog in the betting.
Pep weighed 125 1-2, Saddler
124.

The fans, seemingly recalled
published rumors that a betting
coup had "put the right in the
bag" for Saddler.

Eagan, himself, had comment-

ed upon those rumors at yester-
day's weigh-in, and had warned
fighters to do their best and
thereby "protect the good name of
boxing."

Today Eagan said, "The bout
appeared honestly contested. Pep
just didn't seem to have his for-
mer legs after he was nailed in the
third round. But he did his very
best in the first and second
rounds. We have had rumors be-
fore many fights. All a man has
to do to start them is call some-
one on the telephone.

"There'll be no investigation of
the bout unless someone presents
me with genuine evidence that
something was wrong."

Pep — bleeding profusely
from his nose and sprouting red-
dish-purple bruises on both
cheeks—was on the floor for the
third time in the bout when re-
feree Ruby Goldstein, ex-light-
weight, counted him out in
the fourth round. Wee Willie's
first two trips to the canvas were
made in the third session.

When Goldstein completed the
count, Pep was tagged with the
first knockout in his remarkable
career of 137 professional fights
and only his second defeat.

Citatin Shorn Of Competition

PIMLICO, MD., Oct. 30 (UP)—
Behind him was \$830,250 in

Aggie Frosh Lose As Lippman Stars

WACO, Tex., Oct. 30 (UP)—
Glenn Lippman, the El Camero
freshman at Texas A&M, can do
everything on a football field he's
been touted for, but it wasn't
enough to give the Aggie Frosh a
victory over Baylor's Cubs last
night.

Baylor chalked up a 19-12
triumph over the hitherto unbeaten
Aggie Frosh despite Lippman's
121 yards from scrimmage and
two touchdowns.

The Aggies rang up 12 first
downs to Baylor's four, but the ac-
curate passing of Bob Reid and
Charlie Harper contributed three
touchdowns to Baylor without the
benefit of first downs.

NEW BRUNSWICK, N. J., Oct.

their field hockey games if they
don't want to get launched off
the campus, settled down to "ser-

ing their fourth victory in a row
—over a women's school.

Representing the only men's

ELECTION ISSUES OVER NATION RUN THE GAMUT

By United Press
More than half the states will
vote Tuesday on a host of special
issues ranging from soldier bon-
uses—\$1,000,000,000 worth—to
birth control, prohibition repeal,
dog racing, and Communism.

At stake are more than 175 pro-
posed amendments to state consti-
tutions and other propositions
brought to the voters via the ini-
tiative or referendum.

Ten states will vote on whether
to give veterans of World War II
bonuses ranging from \$250 to \$650.
The total involved is around \$965-
000,000.

Six states are considering liquor
amendments or special proposi-
tions dealing with liquor.

Tuesday's special issues in-
clude:

World War II bonuses (by states
with estimated totals)—Washing-
ton, \$100,000,000; Louisiana, \$60-
000,000; Wisconsin, \$200,000,000;
Iowa, \$85,000,000; South Dakota,
\$30,000,000; Missouri \$150,000,000;
Minnesota, \$100,000,000; Oregon,
\$50,000,000; Indiana, \$142,000,000.

and Nebraska, \$40,000,000.

Liquor—Kansas will decide whe-
ther to substitute sale of liquor un-
der state control of its bone dry
prohibition law; Washington will
vote on proposals to license sale
of liquor by the drink in hotels,
restaurants, clubs, etc., and to ab-
olish taverns by restricting sale of
beer and wine to state stores;
Colorado will vote on whether to
extend local option, now confined
to all political subdivision; South
Dakotans will decide whether to pro-
hibit sale or possession of liquor
in food stores; California will rule
on whether to give local govern-
ments control over prohibition or
sale of liquor and whether to give
local authorities the right to
keep minors and unaccompanied
women away from bars; Oregon
will vote on a proposal to license
sale of liquor by the drink in ho-
tels, restaurants, clubs, etc.

Official pay—A Washington
state proposal would give the leg-
islature power to raise the pay of
all elected officials; Kansas legis-

Oil and Gas News

Three Producers, 7 New Locations' In Kirk Field

One of the biggest completions in the history of the Kirk pool; two other producers and no less than seven new locations marked the week in the highly active area on the Eastland-Comanche line.

J. W. Baldwin's No. 5 G. R. Sanders gauged 720 barrels of 42 gravity oil in 24 hours through 3-4 choke with 600 pounds on the casing and 530 on tubing from two sets of 36 perforations from 2,750-60 and 2,766-80.

Coast Oil Corporation of Alice scored with two new wells: No. 1 B. J. Griffin, 288 barrels, and No. 3 Della Graham, 284 barrels. Coast announced two new locations: No. 2 B. I. Griffin, 990 east and 330 north of northwest corner of J. A. Hirst tract, and No. 6 Della Graham A, 1,091 from north and 330 from east line of tract, both in Wm. DeMoss survey.

Other locations: Man, Griffin & Baldwin, Wichita Falls, No. 3 J. D. Bryant, 330 from south and east lines of tract, J. B. Richardson survey, and No. 4 J. D. Bryant, 330 from south and 1,520 from east line of tract; E. P. Griffin, Wichita Falls, No. 2 Calloway, 330 from north and east lines of southeast 40 acres of the north-

west quarter, Sec. 59, Blk. 2, H. & T. C. survey; D. D. Feldman, Houston, No. 1 Cooper Grocery Company, 1,062 from south and 330 from west line, Sec. 59, Blk. 2, H. & T. C. survey; Commercial Production Company of Sinton, No. 5 J. A. Hurst, 330 from north and 660 from east line of 82 acre tract, Wm. DeMoss survey. T&T

Big, Little Inch Ordered To Up Gas Deliveries

WASHINGTON, Oct. 30 (UP)—A Federal Power Commission trial examiner has authorized Texas Eastern Transmission Corp. owners of the Big and Little Inch pipelines, to build additional facilities to increase daily delivery capacity by 75,000,000 (M) cubic feet.

Examiner Emery J. Woodall said, however, that Texas Eastern should be required to deliver the additional gas to companies in Pennsylvania, New Jersey, Oklahoma, Indiana, New York and Texas instead of three companies of the Consolidated Gas System. The examiner's decision will become final if no objections are filed in 20 days and the commission does not call for a review in 30 days.

Red Spy Story Goes 'Under Cover'

Mrs. Assella S. Poore, of New Orleans and Charlotte, N. C., editor for the House Un-American Activities Committee, knows what "a large volume of testimony" means. She's looking over 1300 pages of transcribed testimony just released by the committee. They include the story of two Communist underground networks that allegedly operated in the State Department before the war.

Panhandle Pipe Line Ordered To Ration Gas

WASHINGTON, Oct. 30 (UP)—Panhandle Eastern Pipe Line Co. was under orders today from the federal power commission to ration natural gas this winter to customers in six midwest states and Texas.

The curtailment becomes effective Monday. The curtailment rules are the same as last year. They provide steps to be taken according to the degree of shortage.

The first step calls for 50 per cent curtailment of normal daily winter requirements to all interruptible customers—those who take gas on an if-and-when available basis.

The second step reduces these to about 10 per cent of normal. The third step calls for 50 per cent curtailment of normal peak-day requirements of industries who buy gas on a firm basis, and

One-fourth to two-thirds of the weight of trees and freshly cut logs is water.

JUST DROPPED IN TO TELL YOU — ... that my \$10,000.00 home which you have insured for \$3,000.00 has gone up in smoke" is an announcement that insurance agents don't like to hear for two reasons. First, his friend had lost his home, and second, he wasn't carrying near enough insurance. Incidents similar to this one are common around every insurance office. What can we do? Nothing much, except to suggest again that you be adequately insured, day and night.

EASTLAND COUNTY

Report on activities in Gorman field for Thursday, Oct. 29, and Friday, October 29:

October 28th
Luling Oil and Gas No. 1 Blackwell arising at 1900 feet.

The No. 1 Wright about 9 miles southwest of Caron is drilling at 1042. We could not determine from the information available just how this is to be carried. Will try to furnish that later.

Snowden and Sadler et al, No. 1 Kinney is being perforated Thursday afternoon. Hopes are so high on this well that there is strong talk of not having to acidize at all.

Tom Hamilton with National Cooperative Refinery Association is in Gorman to see the cleaning and reworking and finishing the last well drilled on the Krell location. We have labeled this operation Krell No. 2, however, it is really a redrill on the No. 1 location, since the No. 1 was never finished, because of a hole in the tubing which could never be corrected.

Decker and Raymon No. 1 Jordan is swabbing and recovering acid and water along with a quantity of oil, so that no figures are available from there.

St. John and Griffin No. 2A Griffin is drilling at 1000 feet.

St. John Drilling Co. No. 2 Galway drilling at 1400 feet.

Burke Royalty Co., have not completed operations on the No. 1 Daniels which they bought from Roy Parker and Associates some few days ago.

Kirk and Sessions No. 1 Wood drilling at 2000 feet.

customers who receive only part of their gas requirements from Panhandle.

The fourth step calls for "full curtailment" and provides for firm industrial deliveries of 10 per cent of normal in addition to gas deliveries for space heating purposes.

The rules will remain in effect until April 30 unless changed by the commission.

The commission has denied a request by Texas Gas Transmission Corp. that Panhandle be requested to increase daily winter deliveries from 6,000,000 cubic feet daily to 8,000,000 cubic feet.

The commission said that Panhandle and companies depending upon it for their supply of gas made no objection at an Oct. 21 hearing to the rules used last year.

The curtailment in step four will affect one utility company in Texas, six companies in Kansas, 10 companies in Missouri, nine in Illinois, 16 in Indiana, seven in Ohio, and seven in Michigan.

Naval Scientist

Dr. Karl R. Spangenberg has been named head of the Office of Naval Research's electronics branch. He has been granted a leave of absence from Stanford University to take charge of the Navy's vital electronics studies.

and are waiting for a completing unit to finish the thing off.

Martin Harris Drilling Co., who drilled the Jordan well for Decker and Raymon have moved to the No. 1 Cooper Grocery which Feldman and Pardo bought the outfit more than a year ago. The location for the No. 1 location is 660 south and 330 east out of the northwest corner of the tract.

Commercial Production No. 2 J. C. Burns have set surface pipe with Gilchrist contractor for the job. We are glad to have Mr. Gilchrist and his crew back with us. He was away for a few weeks drilling out some locations and contracts around Cisco.

Joe Josephson and Jimmie Rosenthal are back at work on their No. 1 Roy Baskin with a vim this Friday morning. They have two very real reasons for really hitting the ball. Their very lovely and charming wives arrived on the scene Thursday. Both Mrs. Josephson and Mrs. Rosenthal are really likeable young women. We hope we shall have them with us for

some time, and that the operation in which their husbands are interested really pay off.

There are several instances on record of voracious bluefish that have driven schools of menhaden on to the shore until they were piled up knee deep.

Miss Wood Is Honoree At Party In Breckenridge

Honoring Miss Melba Wood, bride-elect of Cecil W. Maifeld, Mrs. J. T. Roberson, 1206 West Walker Street Breckenridge, entertained with a "Wishing Well" party and a luncheon recently.

Guests were received by the hostess, the honoree, and Mrs. Harry E. Wood of Eastland, Miss Ann Harrell of Breckenridge presiding at the bride's table.

Punch was served from "the old cake bucket," miniature wells with buckets made of thimbles containing nuts, jelly pudding topped with whipped cream was served from the table centered with an arrangement of white asters.

As the guests were ushered into the dining room they saw their image in a reflector in the bottom of the well as they tossed in pennies to make wishes for the bride.

The highlight of the evening came when the honoree was requested to return to the well where she found the blue and white well filled with gifts. As she started to open the gifts a

photographer snapped pictures of her opening the gifts at the well. The home was attractively decorated with white and blue flowers and in the living room were arrangements of white roses. Twenty five guests attended.

Legion Auxiliary Looks Forward To Year Of Growth

Looking forward to a year of expanding activities, the American Legion Auxiliary is offering new members greater opportunity for interesting service than ever before. Mrs. Geo. W. Fields, president of Dulin-Daniel Unit of the auxiliary, stated, in an invitation to all eligible women to come into the organization now.

"The American Legion Auxiliary is growing and developing to meet the needs for its services," Mrs. Fields said. "Our program for the coming year promises to give us one of the most interesting years in the history of our unit. Now at the beginning of the organization year, is the best time for new members to join. They will be in at the start of our 1949 activities and will be able to take full part.

"In the wide variety of Auxiliary activities there is something to interest every woman. We give our support to all the projects of Eastland American Legion Post. We work for the welfare of disabled veteran and needy children of veterans. In our Pan American program this year we will study colorful Venezuela. Music will have a place in our activities. Our junior group composed of girls under eighteen will be busy. We will be fighting against Communism and for Americanism. And there will be social activities, both our own and those held jointly

with the Legion. It promises to be a year no eligible woman should miss."

Those eligible to American Legion Auxiliary membership, are wives, mothers, sisters and daughters of American Legion members. Wives, mothers, sisters and daughters of persons who died in service during World War I or II, or who have died since discharged from war service.

EASTLAND now makes more calls than ever...

...and every call costs more to handle

Telephone users in Eastland are making 8,350 local calls a day—more than three times as many as were made here six years ago.

Telephone revenues here have gone up, to be sure, but costs have risen even faster. Today the telephone company is losing money each month on its operations in Eastland.

Payrolls, representing more than half the cost of furnishing telephone service in Eastland, now are more than four times as high as they were only seven years ago.

Materials and equipment, which have had to be added continuously as Eastland has grown, cost much more money than they did seven or eight years ago. A 35-foot pine pole that cost \$6.30 in 1940 now costs us \$18.11. Copper is up 105 per cent. It's the same for practically everything that goes into furnishing telephone service in Eastland.

Rates for local service, on the other hand, are the same as they were 24 years ago, while the scope and value of the service have steadily increased.

With more calls than ever, and each call costing more to handle, an adjustment in telephone rates in Eastland is necessary. The money we are collecting in Eastland is not sufficient to pay the actual costs of furnishing the service.

Like any other business, the telephone company cannot continue to furnish service at less than cost. Prewar rates in Eastland are simply not enough to meet postwar costs.

The operation of the telephone system in Eastland must be put on a sound financial basis, so the system here can be enlarged and improved to meet the city's needs for more and better telephone service.
