## WHITTLIN'

BY DOLPH MOTEN

We doubt that it's true, as some farmers have been suspecting, that the current stretch of dry weather has been brought on by the nomination of Barry Goldwater as the Republican presidential nominee.

From a farming standpoint, a lot of bad things can be blamed on Republicans. However, we don't blame them for a drought. Reason for this is that we always try to be fair and we certainly wouldn't want to give them credit for a good rainfall.

With all due respect to them, Parmer County farmers aren't the hardest working group of men that could be found. We don't mean they loaf as such, but they usually have time for a cup of coffee, to visit a little bit, do a little civic work or something else worthwhile.

One farmer friend of ours, though, has been blowing and going and working unreasonably hard since before wheat harvest—the first of June or so. He admits that it isn't his nature to work so hard for so long at a time, but, he says, he's afraid Goldwater will get elected and then he'll be forced to go to work steady-like and he wants to be in practice.

Perish such fear, it'll never happen.

For The Blade's forthcoming Bull Town Days edition, we'll appreciate any old photographs you have to use in that paper.

We'll take good care of the pictures and return them to you immediately after they're printed.

Your cooperation will be greatly appreciated. Our supply of "old day" material is limited.

We haven't worked on an edition of this nature since this same month in '59. Possibly you will run across some new material you had stored away since that time.

Newspaper people are always proud of their letters to the editor. This is especially true if the letters are in disagreement with the editor's views.

This being the case, we're overjoyed with this week's correspondence from Paul Smith, an old Bovina boy now transplanted in San Antonio.

Paul does a tremendous job of picking us to pieces, but we're worried about where he came by his political views.

Surely they were obtained after he left here.

His letter is in this week's paper.

The Blade has one reader who is already eager for Bovina Business Cotton Bowl Football Contest to get underway for 1964. We have plans to run the contest again. However, the advertisers will have to have the same kind of plans and football season will have to begin before the contest can.

Baseball season is due to be completed on the local level this week. With that out of the way, football will make a sharper focus in the sports picture. Football practice is only a couple of weeks or so away, as a matter of fact.

Where'd the summer go?

We hate to admit it, but as of right now we have nothing new to report in regard to grandfather tennis matches. There's still a possibility that something can be arranged along this line during Bull Town Days.

W. H. Graham of Farwell has indicated that he's interested in getting in on that fun. We reminded him that he wouldn't be eligible because of his lack of a grandchild. However, he may be able to adopt one and join in the competition.

Such details will, of course, have to be attended to by the rules committee.

Bull Town Days are August 13-14-15. That's the middle weekend, Thursday, Friday and Saturday of next month. You have just the right amount of time now to notify all former residents of the community who might be interested in coming back here for the celebration about it.

(Continued on page 6)

**TRIMMED WHISKERS**--Don Bandy is displaying his trimmed beard which is being grown for Bull Town Days in mid-August. Bovina Roping Club members, co-sponsors of the celebration, have announced that "policement" will soon be in action to dunk non-beard growers who have no \$2 shave permit in a downtown horse tank.

## DIRECTOR ANNOUNCES--

# Junior High Band Clinic Starts Monday

A clinic for band students in junior high and beginners starts next week. Announcement of the two-week long session was made by Joe Wayne Harper, director. Sessions for members of the junior high band will be from 5 to 8 p. m. beginning Monday.

Harper says. Beginning students will meet from 9 to 10:30 on Mondays, Wednesdays and Fridays. Students in the junior high band are those in fifth, sixth, seventh and eighth grades. Plans call for the junior high band to march during at least two football games this fall, Harper says, and this is one of the reasons for the special junior high clinic. Also, preparations will be made for interscholastic league contests.

A clinic for members of the Mustang Band is slated for August 17-28. In addition to beginning students and the junior high clinic, practice sessions will begin next week, too, for the stage band, Harper says. Practice sessions for this group will begin at 8 p. m. with the days to be arranged. Harper stresses that he is interested in having large turnouts at all the sessions.

## Mrs. Moody's Mother Dies

Mrs. J. N. Shaw, 80, of Gainesville, mother of Mrs. E. H. Moody, died Tuesday morning of last week at Gainesville. She was buried Thursday at Gainesville Cemetery.

Mrs. Shaw has been seriously ill since January. Survivors included Mrs. E. H. Moody of Bovina, W. A. Shaw of Gainesville, 10 grandchildren and eight great-grandchildren.

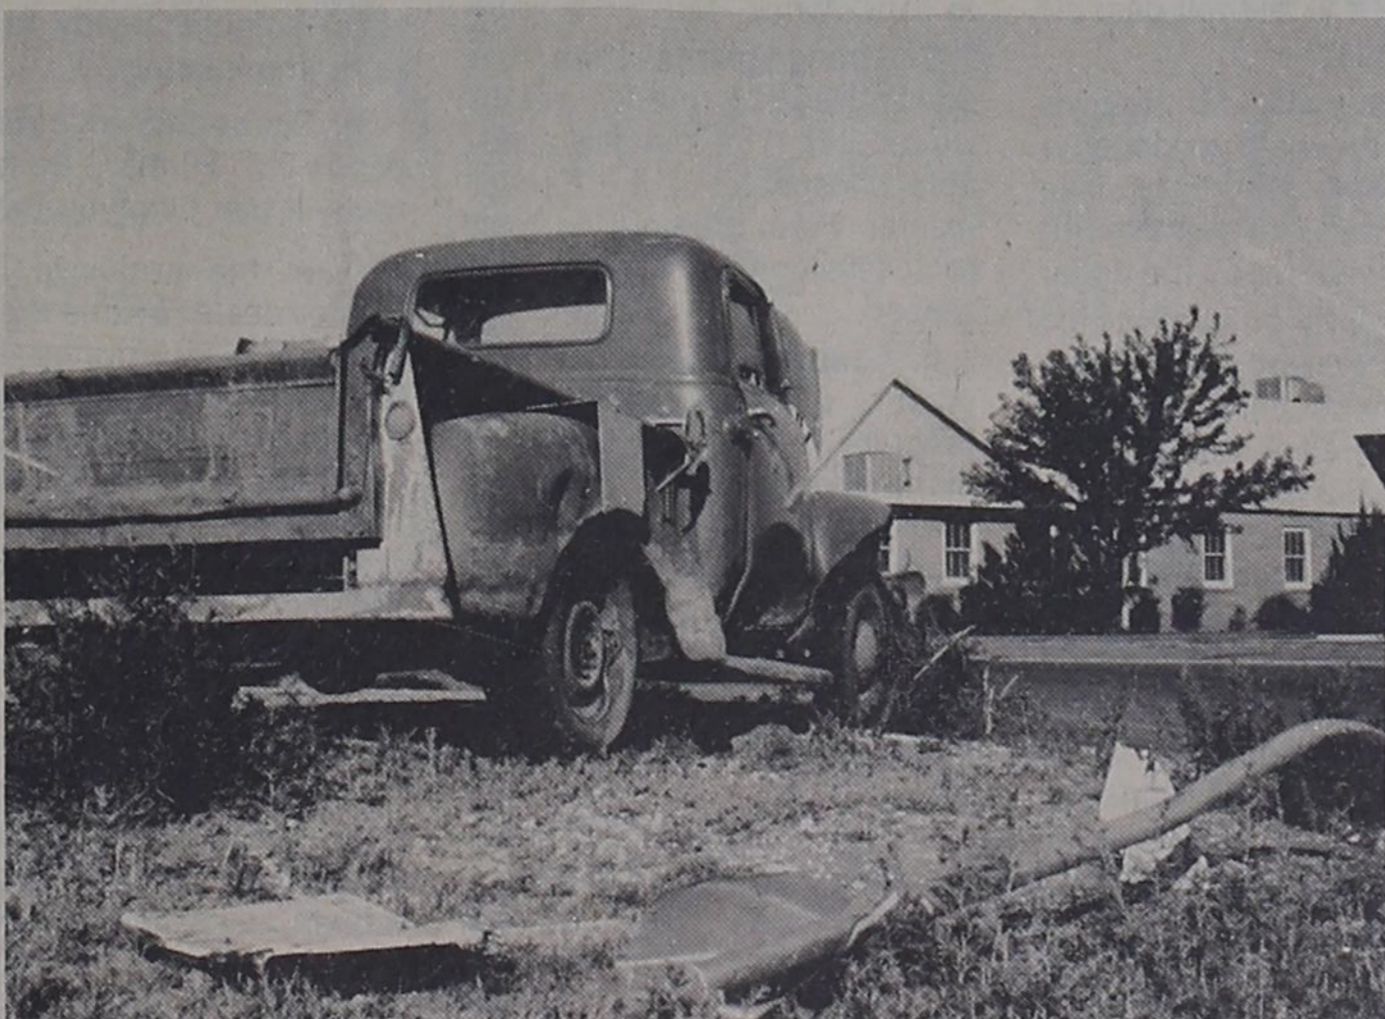

## Weather

by Willie

Well, it failed to rain. Slight chance this weekend.

Nothing in sight at this time----not until the hurricanes start off the Southern Coast in September.

--Willie

**WHO SAID STOP?**--A badly damaged stop sign, shown in the foreground, at the intersection of Third Street and Avenue D was part of the damage in a two-vehicle collision Sunday night. Buford Standberry was driving the '54 Chevrolet pickup south on Third Street when it collided with the rear of an unoccupied late model automobile owned by Don Murphy which was parked on Third at First Baptist Church. After striking the car, the pickup went through the intersection and overturned (It had been put back on its wheels when the picture was made). Standberry was unharmed. The pickup is owned by C. E. Trimble.

## LIVING WITH CHARLES FAMILY--

# Exchange Student From West Berlin

Alexander Orlowsky, 17-year-old youth from West Berlin, Germany is the third exchange student in Bovina. He will make his home for the next year with Mr. and Mrs. Jimmy Charles and family.

His parents, Mr. and Mrs. Egon Orlowsky, left East Berlin, the Soviet sector, of Berlin in 1945. They had to flee leaving behind all property and personal belongings.

His father is a lawyer and civil servant in West Berlin. Alex arrived in Amarillo last Tuesday from New Jersey where he had a short orientation course. He was met by the Charles family there.

Alex commented that he was anxious to come to a small town in America rather than a city in order that he might become

acquainted with more people.

The language does not present a great problem to Alex as he has studied English for seven years. However, he notes that it was English but not Texas-style.

He will have seven more months of school to finish when he returns to Germany. He is primarily interested in physics and math which he plans to study here as well as government, American history, and English.

Alex recounted that this was his first time to see irrigation farming and also the first time to have the opportunity to see and be around a farming community for any length of time. He is impressed by the country and freely admits that he likes

it. He related to his American family that he lives a short distance from the Berlin wall and almost every night they can hear shooting from the eastern sector.

Alex, who is not a great sports enthusiast, notes that his favorites are shooting and fishing.

He responds well to American food according to his new family.

Alex finds his new family similar to his own as he has a three-year-old brother and a married sister who has a daughter.

He says he is looking forward to his year in Bovina and is sure he will enjoy meeting the people of the community.

**TWO-TONE BEARD**-- Elton Venable is shown with his two-colored, black and white beard which is being cultivated for Bovina's Bull Town Days, slated for August 13-14-15. He is also sporting a Bull Town Days band on his hat.

Alex Orlowsky, new exchange student from West Berlin, Germany, second from right, is shown with members of his new family. They are Johnny, Lisa, Rene, Carolyn and Jimmy Charles.

## TWO MORE GAMES--

# Peewee League Champ - PCFS

Standings in peewee baseball remained almost unchanged after a pair of playing dates last week. Parmer County Farm Supply is dominantly in first place with a 7-0 record while Cicero Smith Lumber Co. is firmly entrenched in the cellar with the record as the leaders

---except in reverse. Games were played as scheduled Thursday and Friday nights, but Monday's tilts were postponed because several players from the teams were away at a church camp. PCFS will be the league champ regardless of the outcome of the remaining games. The postponed Monday games

will be played Thursday. These games will conclude the peewee season.

PCFS meets Cicero in the Thursday opener at 5:30. The second game, slated to start about 7, will have Dairy Freeze going against Texico-Farwell.

In games played last week,

Dairy Freeze edged Cicero, 8-5, and Oklahoma Lane lost to Texico-Farwell in Thursday tilts, Friday, Texico-Farwell

downed Cicero, 9-5, while PCFS picked up win No. 7 over Oklahoma Lane, 6-2.

(Continued on page 6)

## Dry Goods Business Expanding

Bovina Dry Goods will double in size in the near future. Remodeling of the building next door east of the Main Street business is currently underway and is expected to be completed

within the next few days. This building was formerly occupied by Bovina Recreation Hall which moved last week to its new building on east Main.

Edward Isaac, owner of Bovina Dry Goods, says that the store will be expanded to include the building it now occupies as well as the one which is being remodeled. Isaac owns both buildings.

## Warehouse Construction Underway

Construction started Monday morning on a new warehouse structure for Bovina Wheat Growers, Inc.

The new building will be of tile and will be 34 by 100 feet in size.

It will be located adjacent to, and east of, the present office of the business on Highway 60. Cicero Smith Lumber Co. has the contract for the new building.

Jim Russell manager of the co-op, says the additional space will be used to house an increased line of farm supplies to be handled by the firm.

Construction is expected to take about three weeks.

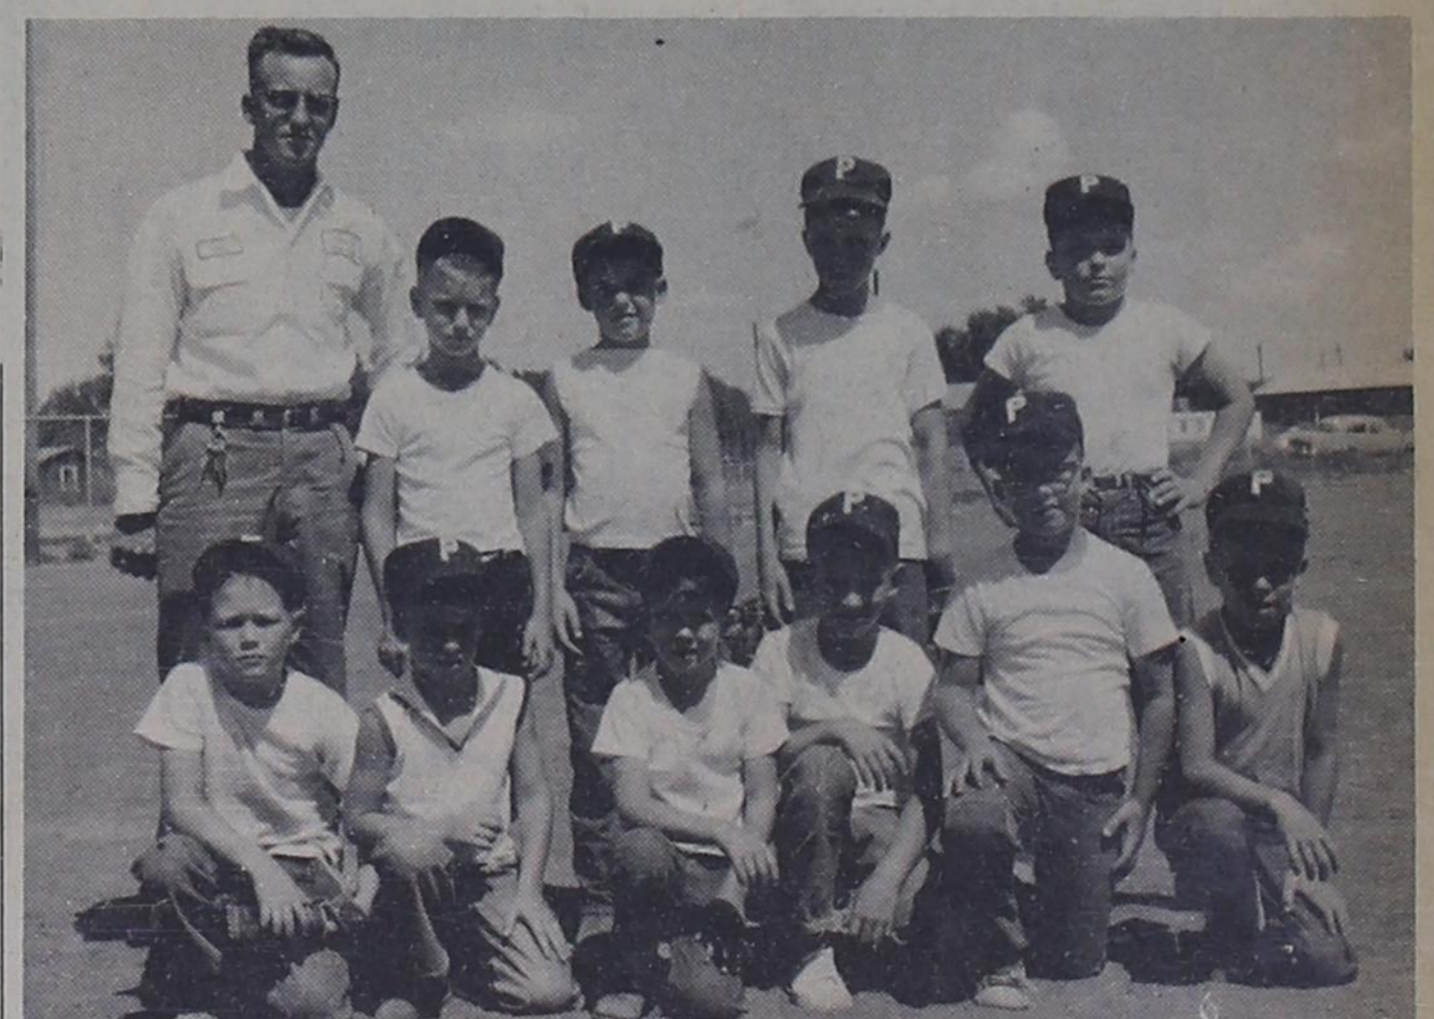

## Drive-In Opening Success

"We had a real good day." That was the way Mrs. H. H. Kelso described the opening of Mustang Drive-In Saturday.

The building was recently remodeled after being damaged by fire.

Door prize winners were Mrs. Charles Corn, a pair of ceramic quail; Kathy Spurlin, bride doll; and Mrs. Joe Jones, a Stanley products gift.

Appreciation to the public for formal opening patronage is expressed in an advertisement in this issue of The Blade.

**PEEWEE CHAMPS**--Parmer County Farm Supply team is champion of the Bovina peewee league. The team has one game left to play, but is a cinch to be on top no matter its outcome. Up to now, the Suppliers have a perfect league record. Members of the team are, left to right, kneeling, Jerry Barber, D. T. King, Mike Verner, Gary Gober, Gaylene Holcomb and Ronnie Nuttall. Standing, left to right, Manager Paul Holcomb, Tom Page, Ted King, Kim Rundell and Glen Hise. Absent when the picture was made were Coach Wyndol Davies, Dickey Garner, Ronnie Stone, Chuck Gilbreath, David Bushnell, Bryon Fillpot and Mike Cruger.

### Letter To The Editor

San Antonio, Texas  
 July 24, 1964

Dear Dolph,

I see that you persist in getting into politics in your "Whit-tlin'" column. Of course, you always praise the Democrat Party and attempt to belittle the Republicans. I suspect this is at least partly the result of your minor office in the Farmer County Democrat Organization. However, both sides deserve to be heard and I will speak for the Republicans since you apparently can not.

You indicate that by nominating Senator Goldwater for president, the Republicans have given the voters no choice but to vote for Democrat Johnson. How wrong you are! For the first time in 20 years, the voters are given a choice, Individual Initiative vs "Let Uncle Sam Do It."

Federal Aid means Federal Control. Federal Control means more Federal Employees. I resent the Federal Government taking my tax dollars, and I pay plenty, to pay the salary of some employee who in turn tells me what I can or can not do. If that makes me a sorehead (your word, not mine) fine. I believe you will be shocked again in November, as you profess to be now at Goldwater's nomination, at the number of soreheads in this country, our state, Farmer County, and your section of it.

Since the Kennedy-Johnson administration came into power, the national debt has increased some 30 billion dollars. The interest alone now costs over 10 billion dollars a year. The Democrat solution to this seems to be spend, spend, spend. If we can't reduce our debt in times of prosperity, Heaven help us if a recession hits. The Republicans thru Goldwater and Miller propose to balance the budget and start reducing the national debt. If that is what you mean by turning back the American clock, then Yes! we Republicans want to turn back the clock.

Cuba, Viet-Nam, Panama and the United States' position as a world leader? Yes! we Republicans want to turn back the clock.

Scandal? The Democrats almost have a monopoly there. The most recent are Billy Sol Estes and Bobby Baker, Lyndon's protégé. Why don't you talk about them? Governor Hatfield of Oregon said, "You can't sweep a stereo set under the rug, it makes too big a lump." How right he is.

You Democrats make me laugh with all your weeping and wailing, shock and dismay at how the Republicans have practically conceded the election by nominating Goldwater. Nothing would make a Democrat happier than to have a weak opposition candidate. The truth is that you know you have a real race on your hands.

The Democrats are not all good nor all bad and neither are the Republicans. Even though I am a "sorehead" Goldwater supporter, I will not vote a straight party ticket. I believe anyone who pre-commits himself to vote a straight party ticket simply shows his own ignorance and is as bad as those who don't vote at all. I will listen to what the candidates have to say, not what some newspaper columnist says they said, then vote for those, who in my opinion, will do the best job, be they Democrat or Republican. I hope other voters of this country, our state, Farmer County and your section of it will do the same.

Incidentally, I missed your weekly newsletter from "Smil-

## Reflections From The Blade

SIX YEARS AGO  
 July 23, 1958

Three Bovina Future Farmers of America are Lone Star Farmers. Degrees conferring the title were presented last week to Duane Rea, Don Bandy and James Stevens.

Teachers in Bovina Schools may be given an increase in salary.

At least, the Bovina School board discussed the matter at their regular meeting last week, but postponed the final decision on the matter.

The water and sewer bond issued passed by about a two to one margin.

Bovina City Commission, in a special meeting Monday night, canvassed the returns of the election and certified that the bond issue had passed.

THREE YEARS AGO  
 July 26, 1961

Action on installing water and sewer lines in Redgelea addition in southwest part of town must be taken by end of this month.

There's a possibility that Bovina's new lighted ballpark will be ready for use as early as late next week.

Winner's of a children's photo contest conducted recently by The Blade and Winston B. Lucas, photographer, have been announced. Arby Hawkins, son of Mr. and Mrs. Erith Hawkins won first place in the contest. Second place went to Mike McCallum, son of Mr. and Mrs. Dean McCallum, and third place winner was Lucretia Turner, daughter of Mr. and Mrs. H. N. Turner.

An ammonia compressor owned by Three Way Chemical Co. was stolen from Wilsey Switch, between Bovina and Farwell Wednesday night.

ing Ralph Yarborough" in last week's paper. What happened? You know he is the second best wrestler in the Senate. We need more like him.

Very truly yours,  
 Paul L. Smith

EDITOR'S NOTE -- We appreciate your kind letter, Paul, and we're especially proud of the \$4 subscription renewal check which was enclosed with it. There's nothing wrong with being a Goldwater Republican if (1) you can afford it and (2) you have no feeling for the many fine Americans who can't. Please note that Senator Yarborough's letter is again appearing on schedule. Thanks again. DM.

You Democrats make me laugh with all your weeping and wailing, shock and dismay at how the Republicans have practically conceded the election by nominating Goldwater. Nothing would make a Democrat happier than to have a weak opposition candidate. The truth is that you know you have a real race on your hands.

The Democrats are not all good nor all bad and neither are the Republicans. Even though I am a "sorehead" Goldwater supporter, I will not vote a straight party ticket. I believe anyone who pre-commits himself to vote a straight party ticket simply shows his own ignorance and is as bad as those who don't vote at all. I will listen to what the candidates have to say, not what some newspaper columnist says they said, then vote for those, who in my opinion, will do the best job, be they Democrat or Republican. I hope other voters of this country, our state, Farmer County and your section of it will do the same.

## NEWSLETTER From U. S. Senator RALPH W. YARBOROUGH

Dear Fellow Texan:

The Senate has passed a bill raising the pay of 2 1/2 million men and women in military service. I supported this bill as an act of justice. It now goes to the House for action there.

It is of the most importance to the servicemen themselves, who are always the last to share in an improving economy, but it is also important to Texas where five per cent of the state's population of 10 million is military.

The pay increases range from 2.5 per cent in basic pay for all personnel -- officers and enlisted men -- to 8.5 per cent for about 44,000 officers with less than two years in service who were left out of the last pay increase.

I introduced an amendment to provide a 2 1/2 per cent pay increase for about 840,000 enlisted men with less than two years because their pay scale has not been raised in 12 years. As I pointed out in Senate debate -- the enlisted personnel in grades E-1 through E-5 are the ones who are the foot-sloggers, who do the dirty work in the military service. They go out on security patrols; they get the harsh details to perform; they do the hard work.

They are the ones who are discriminated against. They are pulled out of their civilian employment and denied the GI bill benefits to go to school after they have completed their military service. Yet they are also denied the pay increase given to those higher in rank.

My amendment was defeated. I supported the military pay raises as passed, but I am disappointed that the GI who makes only \$78 a month will not share in the general raise.

The greatest military training ground in this union is in our home state of Texas. I was proud to support the bill and proud, too, of my amendment for the men with less than two years of service. They deserve the increase because there is no GI Bill to train them after they get out, but the bill has passed the Senate. It's a step in the right direction. It has gone to the House of Representatives. I hope they pass it, too.

--Ralph W. Yarborough

"THE BEST COLOR AND UNIFORMITY I'VE SEEN IN 30 YEARS OF RAISING WHEAT!"

says HILMAR REILEY, at left, Cibolo, Texas.

# MR. REILEY USED THE ECONOMASTER PLAN

Hilmar Reiley is a typical Texas wheat farmer. He raised his spring wheat profits six ways by using the Economaster Plan. So can you. Here's how Economaster used in the fall paid off for Mr. Reiley:

- Higher yields.** Mr. Reiley's 125 acres of wheat produced a substantial yield increase using the Economaster Program. But that's not what made the dollar and cents difference.
- More grazing . . .** in addition to an outstanding wheat yield, Mr. Reiley was able to graze 90 head of cattle for 110 days without supplemental feed. The Economaster Plan made this possible.
- Premium prices** -- tests prove that wheat fertilized with Anhydrous Ammonia has a higher protein and sedimentation value. The Economaster Plan allows you to market your wheat for premium prices.
- Fast start for winter wheat.** The Economaster Plan helps young wheat cover the ground early in the fall. This fast start saves soil losses due to sandstorms.
- Strong plants from the start!** Healthy plants resist winter kill. The quickly available phosphate of the Economaster Plan promotes strong root development early in the season.
- Lowest cost fertility program . . .** the Economaster program is the lowest cost of plant food materials . . . pound for pound . . . of any other program you can buy . . . anywhere! Add it all up. You'll come to the same conclusion Mr. Reiley did. Economaster is the fertility plan for your wheat! Here's why:
  - Economaster uses anhydrous ammonia . . . made right here in Texas . . . for the most concentrated source of nitrogen money can buy.
  - Economaster uses a high analysis ammonium phosphate. It is even spreading and water soluble. Ready to go to work immediately.
  - Economaster paid dividends to Hilmar Reiley six ways. It can help you too.

We are the exclusive Economaster dealer in this area. Our personnel are trained in soil testing and interpretation. They are ready to explain the advantages of the Economaster Plan. They can determine the most profitable application of Economaster for your wheat operation.

And remember, we're ready to serve you with custom application or tip-top rental equipment delivered to your farm. Inquire about wheat profits today inquire about Economaster!

## Heidi Writes Her Farewell

(Editor's note. . . The following article was written by Heidi Jonasdottir, exchange student from Iceland, who made her home last year with the R. E. Wilson family.)  
My exchange year in the United States is now over. It has been one of the most wonderful years in my life. I feel like I have grown up living with and meeting new people in a new country. It was very hard right after I first came because of the language barrier, but after school started and I learn-

ed more about the American way of life, it got easier and more fun everyday. I don't think there are many exchange students that have had the opportunity to see as much of the United States as I have and had the chance to go to both Canada and Mexico. I had only been here for a week when my American family took me on a three-week's trip to Yellowstone Park, Glacier Park, Vancouver, Canada and back through California. After school (Continued on page 4)

## Shower Fetes Mrs. Dutton

Mrs. Joe Mac Dutton was honored with a pink and blue shower Saturday afternoon at Fellowship hall of Church of Christ.

Refreshments of punch, sand tarts and nuts were served to guests by Miss Suzanne Ferguson and Miss Beverly Pinner.

Several guests called throughout the afternoon.

Hosting the courtesy were Mrs. Joe Pinner, Mrs. Billy Marshall, Mrs. Howard Ellison, Mrs. Marlin Ferguson, Miss Suzanne Ferguson and Miss Beverly Pinner.

Mrs. Cecil Sisk, Judy and Royce visited with her parents in Lamesa recently.

## Attend Reunion

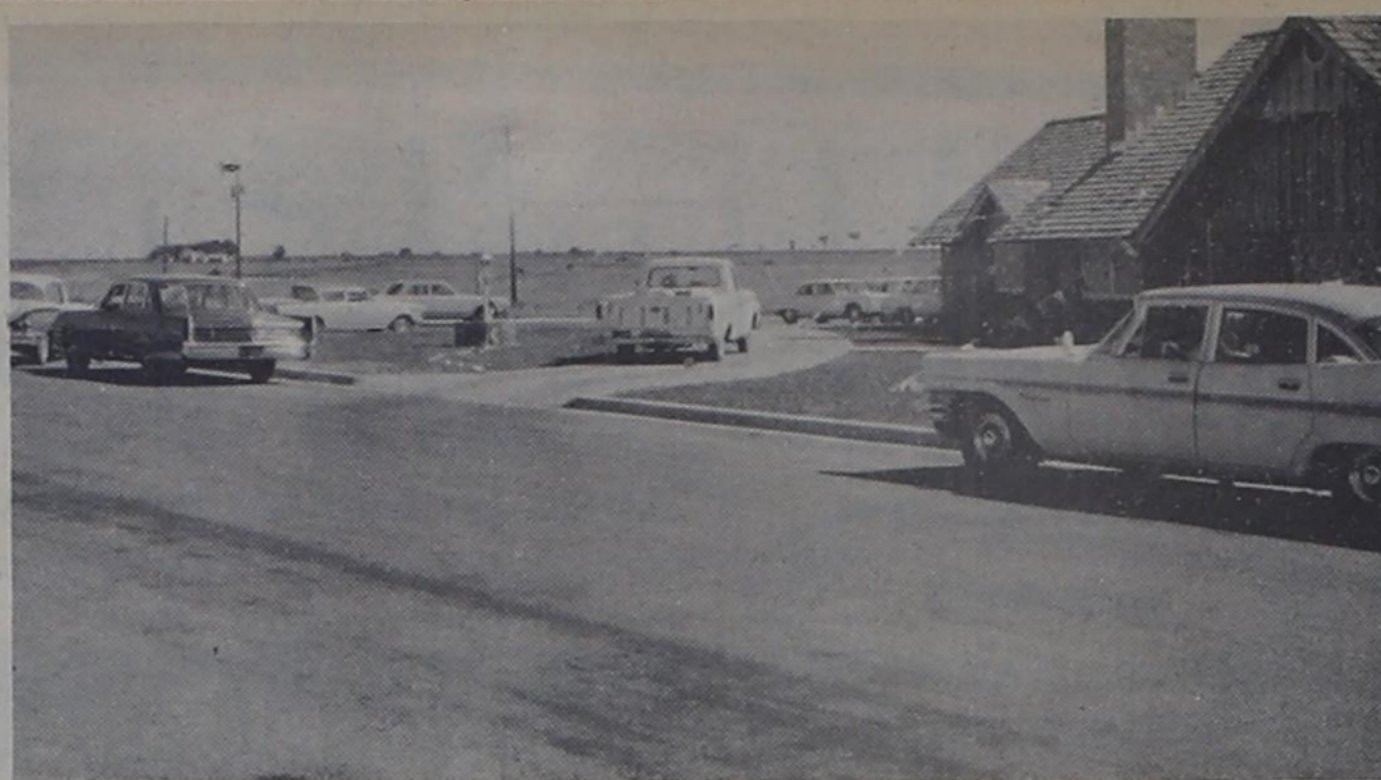

Mr. and Mrs. Earl Richards, Janice and Leon, Mr. and Mrs. Billy Richards and Robin and Mr. and Mrs. Cash Richards attended the annual Richards family reunion in Childress last weekend.

## Shower To Fete Mrs. Rhodes

Mrs. Wayne Rhodes, the former Judy Meachum, will be honored with a bridal shower Friday July 31 at the home of Mrs. Jessie Williams.

The come and go courtesy will be between the hours three and five p.m. Friends of the honoree are cordially invited.

Hosting the occasion are Mrs. Carrol Burnam, Mrs. Herman Estes, Mrs. S. E. Redden, Mrs. Bill Smith, Mrs. Mary Ruth Martin, Mrs. Dean Hastings, Mrs. Bob Johnston and Mrs. Williams.

LARGE CROWD--An estimated total of 500 or more people attended open house Sunday afternoon at the new home of Mr. and Mrs. A. M. Wilson in Ridgelea Addition, Cicero Smith Lumber Co. Manager J. E. Sherrill was host for the home showing.

## Blade Sawdust

By Sue Moten

(Continued from page 3) was over I went to Mexico for a few days, I thought it was very interesting to see how the Mexican people live.

Carlsbad Caverns was the most interesting place I have seen. I never did believe there was a place such as this in the world.

School was very different from what I was used to in Iceland. But with help from my sister, Ann Lynn, and other classmates and teacher I got along fine.

I'm very much looking forward to going back home to see my family again, but I will miss my American family and all my other friends here in Bovina that have made my year here so wonderful.

I wish to thank each of you for the happy year in Bovina. Adalheidur Jonsdottir Alfhelmur 73 Reykjavik, Iceland

Some people have all the luck, according to Willa Mae Ross. Her granddaughters, Vickie, 13, and Diane, 11, and Charles and Willa Mae were playing bridge the other evening when the younger girl who was playing partners with Charles drew this hand: AKQJ of both spades and diamonds, AKJ of clubs and AQ of hearts. Charles had the KJ of hearts and J of clubs. The bid was three no trump and they made seven. After the hand was played the youngster remarked to her grandmother that there wasn't anything about how to play a hand of this kind in the bridge books.

Those who have been to the New York World's Fair all agree that there is "No Place Like Home." Lady Armstrong says that it makes one want to sit down on weary feet each night and be glad he lives in Bovina.

Adults are an amazing group. They sit around telling of how their youngsters complain that there is nothing to do and wish someone would organize something. They organize something, the parents complain about having to drive them to and fro and that the kids are tired of it. Inconsistent, of course not, it just isn't organized right, according to the complainers.

Can remember hearing a humorous speaker tell about tobacco chewers spitting curves and curlies and the art therein. Now that the spouse has quit smoking and taken up chewing we are well aware of the fact that there is an art to chewing. It isn't a simple task as well as the fact that spittoons are completely outmoded and unavailable.

The fishing at a lake close to Bovina is good according to reports we have had. In fact it is so good that Wallace Rogers turned on his car lights so he could fish after dark. The only trouble was the battery went down on the car and it isn't a resort lake. There isn't even a dingy, dirty motel for rent.

## Party Honors Hawkins Boys

Arby and Korby Hawkins, sons of Mr. and Mrs. Erith Hawkins, celebrated their fifth

and third birthdays Friday afternoon with a party at their home.

Youngsters were entertained with yard games.

Traditional birthday cake carried out an outdoor theme with trees and animals as decorations. Ice cream and pineapple slush completed refreshments for youngsters.

Favors of books, hats and candy were presented to guests.

Attending were Jeff Hromas, Del Ray and Blake Sudderth, Lady Beth Moten, Kathy and Leslie Williams and Kim and Pat Ware.

## To Ceta Canyon

Mrs. Earl Stevenson, Mrs. Bedford Caldwell, Miss Rita Caldwell and Mrs. Margaret Caldwell attended annual Wesleyan Service Guild weekend camp at Ceta Canyon this week.

## Club Meets In Glasscock Home

Mrs. Kent Glasscock entertained several women with a bridge party Wednesday at her home.

Winning prizes for the afternoon were Mrs. Nicky Foster, high and Mrs. Glenn Hromas, low.

Refreshments of chips, dips, relishes, ice cream, cake, coffee and tea were served throughout the afternoon.

Attending were Mrs. Erith Hawkins, Mrs. Scott Gober, Mrs. Nicky Foster, Mrs. Glenn Hromas, Mrs. Billy Whitecotton, Mrs. Bob McMeans, Mrs. Lanham Ford and Mrs. Glasscock.

## Floyd Englants Have Daughter

Mr. and Mrs. Floyd Englant of El Cahan, Calif., are the parents of a daughter born Monday afternoon.

The new arrival weighed eight pounds three, one half ounces and is named Mary Charlene.

Grandparents are Mr. and Mrs. Floyd Englant and great-grandparents are Mr. and Mrs. Ezra Englant of Bovina and Mr. and Mrs. Lee Goloway of Farwell.

## Holy Land Slides To Be Shown Sunday

Rev. Gene Snodgrass of Oklahoma Lane will show slides of the Holy Land at the Pentecostal Holiness Church Sunday evening at 7:30 p. m., August 2.

Rev. Snodgrass and his family visited the Holy Land in recent years and will present slides and the Bible story that relates to the tour.

Rev. Cooper, who was reassigned to the Bovina Pentecostal Holiness Church last week in a conference at Amarillo, extends a cordial welcome to everyone to see these pictures.

## Hospitalized

W. J. Parker was hospitalized at Memorial Hospital in Clovis Friday. He is reported to be in serious condition.

**PUBLIC NOTICE**  
Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

SENATE JOINT RESOLUTION NO. 6 proposing an amendment to Section 5 of Article VII of the Constitution of the State of Texas so as to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Section 5 of Article VII of the Constitution of the State of Texas is amended to read as follows:

"Section 5. The principal of all bonds and other funds, and the principal arising from the sale of the lands hereinbefore set apart to said school fund, shall be the permanent school fund, and all the interest derivable therefrom and the taxes herein authorized and levied shall be the available school fund. The available school fund shall be applied annually to the support of the public free schools. And no law shall ever be enacted appropriating any part of the permanent or available school fund to any other purpose whatever; nor shall the same, or any part thereof ever be

appropriated or used for the support of any sectarian school; and the available school fund herein provided shall be distributed to the several counties according to their scholastic population and applied in such manner as may be provided by law."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

"AGAINST the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

## Barbee's Host Family Reunion

Mr. and Mrs. S. A. Barbee and daughters were hosts for the annual Sanders family reunion at their home Saturday and at Hillcrest Park in Clovis on Sunday.

Those attending were Mr. and Mrs. Warren Bidderback and children of Terre Haute, Ind.; Mr. and Mrs. Clark Mires of Dalhart, Mr. and Mrs. R. G. Morris and children of Petersburg, Mr. and Mrs. Cecil Joiner of Tatum, N. M.; Mr. and Mrs. John Sanders of Portales, Mr. and Mrs. Hugh Don Sanders and Stan of Pampa, Mr. and Mrs. Andrew Sanders of Lockney, Mr. and Mrs. Guy Sanders and Denny of Arch, N. M.; Mr. and Mrs. Calvin Sanders and Mrs. E. M. Bacox of Clovis.

## Youth Choir Slates Concert

Youth Choir of Eastwood Baptist Church of Tulsa, Okla., under the direction of J. M. Woods, will present a concert of sacred music Thursday, August 6, at 8 p.m. at Oklahoma Lane Baptist Church.

The public is cordially invited to hear the concert and a special invitation is extended to young people of the area.

## Potato Harvest In Full Swing

Potato harvest in the Friona area is in full swing, according to Kenneth Neill, manager at Friona Growers and Shippers, who estimates that some 40 per cent of the acreage in that area is out of the fields.

Harvest operations began on July 10 and are due to be completed within the next week or 10 days. All of the early varieties of potatoes have been harvested and the late maturing varieties are being dug at this time.

Friona Growers and Shippers has 400 acres of potatoes, 300 acres carrots, 40 acres each of sweet corn, cabbage and cucumbers in addition to which they have 20 acres of sweet pepper. Carrot harvest will not begin until fall and is due to be completed late in December. However, all other vegetables will be harvested soon (beginning around August 15).

Potato acreage is slightly less than that of former years due to the increase in sugar beet

acreage, according to Neill. Price of the number 1 spuds is running at some \$3.75 per 100 lb. sack in comparison to \$2.50 per sack at the same time last year. This is due in part to the lower acreage, believes Neill.

Number 2 spuds are bringing approximately one dollar less per sack.

Estimates of a decrease of 10 per cent to 20 per cent in potato acreage this year has been made by area farmers,

Approximately 80 persons are employed by Friona Growers and Shippers during harvest season with some 50 persons working in the fields. The remainder work at the shed where they wash, grade and sack the potatoes to get them ready for shipment.

Majority of the workers are Spanish-American. One of the directors of the company comes to Friona to assist Neill with the harvest operation and stays approximately six months or until carrot harvest is completed. Neill's daughter assists in the office at the potato shed during the busy season as receptionist.

This young workman has the job of hauling sacks of potatoes to the shed dock where they are loaded into trucks and later onto refrigerated freight cars for shipment to the national markets. Much hard work is eliminated by using this modern equipment which handles many sacks of potatoes at one time. All of this work formerly required many hours of grueling labor.

## Agriculture Boosts Texas' Economy In Big Way

The value of Texas' farm and range production is exceeded by only one other raw material, oil. The state's total yearly agricultural production value exceeds the payroll for manufacturing, the total of construction awards, or the payroll for retail trades, says John G. McHaney, Extension economist, Texas A&M University.

Farm and ranch production each year has a total value of about \$2.4 billion. However,

explains McHaney, agriculture adds much more to our total economy than just income from the sale of products. Of the \$2.4 billion received by farmers and ranchers, \$1.8 billion is paid to suppliers for items used in the production of agricultural commodities. About 12 per cent of all Texans are engaged in supplying these production items.

Business firms which assemble, process, distribute, transport, wholesale, and retail the

products of Texas' farms and ranches employ about 20 per cent of the labor force of the state and add about \$3.9 billion to the agribusines economy. Their primary concern, says McHaney, is to get the agricultural products to the final consumer in the desired form and at the right time and place.

The sale of agricultural products plus the costs of processing and distributing them annually adds about \$6.3 billion to the state's economy, notes the economist. The economic destiny of most Texas counties hinges primarily on the agribusines economy, he adds.

The future of the Texas agricultural industry will belong to those who work to keep their agricultural economy competitive with other areas of the nation and world, McHaney emphasizes. Agriculture, he adds, is no longer a way of life but rather a big competitive business.

If disaster should strike, how would you and your family fare on food you have in the house? About one-third of more than 11,000 households surveyed by the U. S. Department of Agriculture recently said existing food could be stretched about a week—or possibly less. Another third said one or two weeks, and the remainder said they could hold out more than two weeks. Most suburban families had more food stored than city dwellers, and farm families generally were in even better shape. Homes in the Pacific Northwest and western north central states had the most food on hand, while those in the Southeast and Northeast were least prepared, the survey showed.

### Texas Youth To Study Range Management

For the tenth consecutive year, outstanding Texas 4-H and FFA members will get advanced training in range management. The training is offered at the week-long Youth Range Camp to be held at the Texas A&M Adjunct at Junction from July 27-August 1.

According to B. J. Ragsdale, Extension range specialist, the camp, as in the past, is being sponsored by the Texas section, American Society of Range Management. The boys who will attend have been selected on the basis of their outstanding range management projects, their participation in range and plant judging activities or an active interest in range and natural resource management. Each has been awarded a camp scholarship, according to Ragsdale.

This year's camp will be conducted by Ragsdale and G. O. Hoffman, Extension range specialists; Dr. Don Huss, Department Range and Forestry, Texas A&M University; Valton Hoffman, assistant county agent, Amarillo; Durwood Ball, area range conservationist, Soil Conservation Service, Uvalde; Obert Sagebiel, vo-ag teacher, Junction; John Hunter, Department of Agronomy and Range Management, Texas Technological College, Lubbock and the Reverend Joe Fasel, Episcopal Minister, Lubbock. All are members of the Texas Section.

The campers will study such subjects as plant identification, ecology, ranch economics, grazing systems, seeding, noxious plant control, ranch and range planning, and the relationship of wildlife and range management. They will make field trips to an Edwards County ranch and the Ranch Experiment Station, Sonora, for on-the-ground studies.

A gain of four pounds per person—on a product weight basis—was indicated by whole milk and skim milk sales statistics showing a per capita gain in fluid milk consumption in 1963, the USDA reports.

# County Girls Participate In District Dress Revue

Among the 38 girls from counties in this district modeling clothing at the district 4-H Dress Revue held in Amarillo Thursday were Kathy Coker and Judy Koelzer, both of Laz-

buddle, winners of first place respectively in the junior and senior divisions, in Parmer County. Kathy was not eligible to participate in the district competition but along with other county winners she modeled her garment for spectators at the show. Her dress was made of printed bates cotton in which green was the predominant color. The dress was fashioned in a style

appropriate for either school dress wear. She wore white accessories. Judy, senior winner in the county, was winner of a second place (red ribbon) on her suit

of turquoise blue styled with a short jacket of plaid. With the suit she wore accessories of black. The dress when worn without the jacket and adorned with costume jewelry would be

quite appropriate for a dressy occasion. She was county runner-up in 1962 and was county winner in 1963.

Girls were judged on poise, posture, construction of the garment, and how the garment looked on the wearer as well as record books.

Leader of the junior Lazbuddle club of which Kathy is a member is Mrs. Harvey Blackstone and leader of the senior Lazbuddle club of which Judy is a member is Mrs. Pete Jesko.

Garments modeled and entered in the county and district show were made under their supervision. Mrs. Jesko was in Amarillo along with parents of the girls and Mrs. Cricket B. Taylor, Parmer County H. D. Agent for the district revue.

The girls were guests at a tea held in their honor during the afternoon.

Kathy Coker, 13, daughter of Mr. and Mrs. Roy Miller and Judy Koelzer, 16, daughter of Mr. and Mrs. Ben Koelzer, both of the Lazbuddle Club were first place winners in the recent county dress revue. They are shown receiving first place ribbons from Mrs. Cricket B. Taylor, Parmer County HD Agent.

### 4-H ACTIVITIES...

The next events in which 4-H members may participate are coming up soon. The County 4-H Bake Show to be held August 19, at the Hub Community Center at 1:00 p.m. All 4-H members that were enrolled in a 4-H project are eligible to participate. The county winner will enter the District Bake Show at the Tri-State Fair in Amarillo to compete for the award of \$100 bond. This is a good opportunity for members to try out skill in baking. Products to be submitted this year are: Quick Loaf Bread and Bar Cookies. Rules for these will be furnished all 4-H members

and training given, Thursday, July 30th at 10:00 a.m. at the Hub Community Center. **VEGETABLES...**

With summer vegetables at peak production now, there are vegetables to suit every menu. Vegetables are important in the diet for general good health. The wider variety we learn to enjoy the more interesting are our meals. It does pay to cultivate the taste for many vegetables.

Vegetables supply Vitamin C, and A which are needed for healthy gums, body tissues, normal vision and healthy skin. The deep green and deep yellow are best sources.

Requests for squash recipes have been made from my office as the yellow, acorn and zucchini are in production now.

Here is a favorite that usually appeals to the family members when other methods of cooking fail. It is called: **SQUASH NEW ORLEANS**

About 1 pint cooked or frozen cooked squash (Do not cook squash completely done),

4 strips bacon diced and drained on absorbent paper

2 T. Bacon fat left in skillet

Add to bacon fat and cook to a delicate brown:

1 clove garlic minced

1/4 cup chopped onion

Combine all ingredients and Add:

1/4 cup melted butter

3/4 T. salt

Soak in water 2 slices whole wheat bread. Squeeze out excess moisture from bread and add to squash. Add and combine 2 well-beaten eggs. Place

Kathy Coker, junior winner of the Parmer County Dress Revue and Judy Koelzer senior winner model their prize winning garments while discussing plans for the district revue in which they participated Thursday. Kathy was not entered in competition in the district revue, however she along with 17 other county winners modeled their garments for spectators. Judy was winner of second place at the district revue. She was also a county winner last year.

Homemakers will be honored when a new postage stamp goes on sale August 1, Postmaster General John A. Gronouski has announced. The new five-cent commemorative postage stamp will pay tribute to the American woman and also will honor the Extension Service of the U. S. Department of Agriculture, which came into being half a century ago, with the passage of the Smith-Lever Act. Under the USDA's Extension Service, working in cooperation with the land-grant colleges of the nation, some 4,000 home demonstration agents, assisted by nearly 700,000 women who serve as local leaders, are aiding millions of women to become better homemakers.

Records indicate that the first use of the bow and arrow as hunting tools was in North Africa.

"This program to stop the boll weevils spread to the cotton-rich Plains is not just a need—it's a vital necessity." This sums up the thinking of a group of the nations leading "weevil experts" who met in Lubbock Wednesday, July 22. The experts—entomologists representing USDA, Texas A&M University, Texas Tech, and the Texas Agricultural Experiment Station and Extension Service—met to finalize plans for a far-reaching boll weevil program. (This group serves as a Tech-

nical Advisory Committee for the Boll weevil control program.)

The program provides for not only keeping the boll weevil off the Plains, but also to push the costly insect further back to the east. This would have the added benefit of reducing cost of chemicals and applications for growers in counties adjacent to the Plains on the east. Dr. J. C. Gaines, Head of the Entomology Department at Texas A&M University, said boll weevil control costs in areas of Texas where the insect is a problem runs \$6. to \$36. an acre or more annually. In addition, up to 20% of the potential cotton crop is lost to the boll weevil.

A second meeting on Thursday, July 23, was conducted for the Area-wide Boll Weevil Committee and county agricultural agents representing the 23 counties served by Plains Cotton Growers Association. The county agents and committee-men developed plans for the intensive educational program that will be carried out in the 23-county area.

This educational program is a must for smooth, effective operation of the boll weevil control program in all participating counties, says Don Rummel, Area Extension Entomologist.

Several important points were explained and others clarified in the Technical Advisory Committee meeting. One of the most significant statements concerned the spray program, which will begin this fall. This phase is the "heart" of the weevil control program. The goal is to suppress the boll weevil below the Caprock to

such an extent that it won't spread on the Plains. It was made clear by Dr. Perry Adkisson, Texas A&M University Entomologist, that each and every cotton grower in the area to be sprayed must participate. "Just one grower could provide a 'hot spot' which would allow weevils to survive and repopulate the area the coming spring," Dr. Adkisson pointed out. As for how fast a weevil can move in one season, Dr. Adkisson cited this example: "In Missouri, weevils moved 90 miles in just one year to invade another area—until then, weevil-free."

It was emphasized by the entomologists the weevils ability to spread out over a lot of territory in a short time should be cause for concern. "This should be ample evidence to all Plains growers that this fight against the weevil doesn't belong solely to Plains farmers bordering the Caprock to the east," the entomologist stressed. "If conditions happen to be right and Plains growers' guard was relaxed, the weevil could soon be 'knocking on New Mexico's door' it was emphasized.

Archie Geisher of USDA's Plant Pest Control Division, and several of his coworkers, reported the initial spray program this fall would take place in Dickens, Floyd, Crosby, Motley, Garza and Briscoe counties—and possible others if the weevil's spread warrants.

The Texas Department of Agriculture will be in charge of getting contracts signed for each individual cotton farm. These contracts provide an agreement between the farmer and USDA, Texas Department of Agriculture, and PCG for the spray program to be carried out.

Farms in the fall spray program area will be sprayed with a chemical for overwintering (diapause) weevil control three and possible four times. Dr. Sloan Jones, of Plant Pest Control, said the spraying will be done by private planes whose pilots will be under contract to Plant Pest Control for the spraying operation.

Thinking of the entomologists was that the first spray for overwintering weevil kill should take place about September 10. Applications will follow at about 10 day intervals.

Choice of a chemical—or chemicals—for the fall spraying program also came up for discussion. It was not decided which chemicals would best serve the purpose of being both economical, relatively safe for use in populated areas and effective. Plant Pest Control officials told the group a series of research tests were underway to evaluate several chemicals. Three chemicals—each known to be effective for such a program—are now being evaluated. Final selection of the chemical to be used will take place shortly.

Nearly 70 per cent of elementary schools in the United States provide music-making instruction, bands, and orchestras; either at an introductory or advanced level.

The average cedar tree yields about 172,000 pencils.

**Food Is Still A Bargain**

America's agricultural producers, unmatched for their production skills, continue to give consumers a bountiful supply of good things to eat. And at continuing bargain prices, reports Mrs. Gwen Clyatt, consumer marketing

specialist for the Texas Agricultural Extension Service. Beef, in good supply at all meat counters, though showing some increase in price still offers many choice buys. Special steak sales offer real bargains while chuch and rib

roasts and ground beef also continue as good buys, says the specialist.

Pork steaks, hams and picnics are listed as among the most economical of the pork selections, Franks and luncheon meats remain at their usual economical level.

While fresh fish supplies are relatively scarce, the specialist suggests serving frozen fish fillets, steaks and portions in a number of interesting ways. For example, have you tried

fish sandwiches or fishburgers?

Produce counters are supplying snap beans, beets, cabbage, carrots, sweet corn, okra, cucumbers, green and dry onions, peppers, summer squash, southern peas and tomatoes at reasonable prices. Celery, lettuce and other salad items are other attractive offerings.

Heavy production of plums, especially in California, have placed this fruit on the August list of plentiful.

**TIDE EQUIPMENT SAVES YOU MONEY**

**HOW TIDE'S TILT BOX SERVES YOU:**  
Tide's TILT-BOX, pictured above, is an air-tight, all weather container. It keeps your fertilizer dry, fresh, and free-flowing. This TILT-BOX puts 14,000 pounds of fertilizer where you want it... at the most convenient location to the field and high enough to make loading any type of application equipment easy.

Because of Tide-designed equipment and production facilities, you don't wait for Tide fertilizer... it's delivered the day before you need it and left at the field to fit your schedule.

**PRESCRIPTION MIX FERTILIZER**  
Tide takes soil samples from your land, free of charge to determine exactly what your soil needs. Then your fertilizer is mixed from high analysis raw materials to fit your exact requirements. Because it is made "on order" your fertilizer is fresh dry, and free-flowing.

**TIDE SERVICE'S**  
Tide grower services and products are planned to save time and labor... help take the guess-work out of farming. Agricultural Consultants, free soil tests, and Tide's custom-designed, weather-proof, delivery and storage equipment, cut your production costs. TRY TIDE... you'll be glad you did.

**ECONOMICAL**  
Ease of handling fertilizer in Tide equipment reduction cost... saves time and labor. One man can fill an applicator or spreader with Tide fertilizer simply by opening a gate in 2 to 3 minutes. With TIDE'S "PRESCRIPTION MIXES" you buy only the nitrogen, phosphate and potash your soil tests show you need. High analysis fertilizer cuts material handling costs. No bags to handle (UNLESS YOU WANT IT BAGGED) and storage is no problem, as Tide's Tilt-Box, holding 14,000 pounds, provides air-tight delivery and storage at the end of the row.

### Fern Harris Owner Of Mary Marr

Mrs. Fern Harris is now the owner of The Mary Marr Shop.

Mrs. Harris purchased the interest of her partner, Mrs. Margaret Minter, in the ladies'

ready-to-wear business effective this week.

Mrs. Minter was one of the original partners in the business which was established in '59. The other founding partner was Mrs. Mary Turner.

Mrs. Turner sold her interest in '62 to Mrs. Jesse Williams. Mrs. Williams sold out to Mrs. Harris in March of this year.

### Oilers Lose Saturday

Charles Oil Co.'s entry in Friona-Bovina Pony League dropped a close, extra-inning tilt to Herring Implement Co. of Friona here Saturday night.

The game went nine innings instead of the regulation seven until Herring was able to push across a pair of runs to break a 9-9 deadlock and win 11-9.

The score was tied at the end of seven frames.

Both Bovina teams see action Saturday night—Sherley Grain plays Friona Motors at Friona while the Oilers meet Hub Grain here.

Both games start at 8 p.m.

The Bovina teams are slated to play each other here Tuesday at 8 p.m.

Final Pony League game of the season will be Thursday of next week when Charles Oil meets Parmer County Implement at Friona.

## TEAMS TO ELIDA TOURNEY--

# Little League Nearing Close

It's all over but the shouting in Bovina's Little League. Oklahoma Lane Eagles are the champions even though they have one remaining game to play---they have a cinch on first place.

Two tilts remain on the regular schedule and they are both set for this week. Oklahoma Lane is to play Lions at Texico-Farwell Friday night while Bovina Wheat Growers-Bovina Insurance is slated to meet First National Bank-Lawlis Gin here Friday night. Gametime for both contests is 8 p.m.

The games are subject to postponement because all-stars from this league, two teams of them, are entered in a Little League tournament at Elida. If the players are involved in the tournament either Thursday or Friday nights, the games here will be delayed until next week.

In games last week, Oklahoma Lane suffered it's second defeat of the season as the Lions handed the Eagles at 13-7 licking at Texico-Farwell.

Friday night, Red Tops beat the Lions, 7-5, and Oklahoma Lane downed Three-Way Chemical-Bovina Gin, 11-5.

Monday night, Three-Way-Bovina Gin downed BWG-BI, 10-8, and Red Tips downed Bank-Lawlis, 10-6.

Playing in a tournament at Portales Thursday afternoon, all-stars from this league dropped a 5-2 decision to Portales Mets in the single elimination meet.

Two teams will play in the Elida tournament, Team No. 1 will be composed of players from BWG-BI, Bank-Lawlis and Oklahoma Lane. It will be managed by Harold Carpenter and Floyd Coates. Stuart McMeans and Jimmy Anclra will represent BWG-BI while Roy Mayhew and Kyle Carter will wear Bank-

Lawlis colors. Other players on this squad will be from Oklahoma Lane. They are Manuel Quintana, Chuchio Aree, Dan Prince, Randy Barrett, Bob Haseloff, Frankie Galvan. They play Mountainair at 3 p. m. Texas time.

Team No. 2 will be managed by Bill Meeks of the Red Tops. He will be assisted by Jimmy Clements and J. W. Harris. Players on this team will come from Red Tops, Lions, and Three-Way-Bovina Gin.

Representing the Bovina team on the squad will be Wes Harris, Tony Foster, Gary McCormick and Bruce Caldwell. From the Lions will be Marty White, Charles Tipton and Brett and Gregg Hargrove. From the Red Tops, players will be Greg Meeks, Dean Stovall, J. R. Sewell, Doug Harriman.

This team plays Causey Thursday at 7 p.m. Texas time.

## CORN'S Farm Store

Highway 86 And Third Street Bovina Phone 238-3181

### Will you lose one out of five pounds to midge? Not this year. Not with Diazinon.

Midge damage can cost you 900-1600 pounds per acre in sorghum planted to yield 4500 pounds. That's like losing one pound or more out of every five pounds you counted on at harvest. This year, you don't have to pay that price. This year, you can use Diazinon® insecticide.

**Texas college test results:**  
Two Texas colleges tested Diazinon for midge control in 1963. Results? Effective control. An 80% increase in yield. Now, USDA acceptance of Diazinon for control of sorghum midge means you can expect a similar yield increase.

Spray Diazinon after 90% of the heads have emerged from the boots. Then, four days later, spray again. You'll knock out the second wave of larvae and complete the control job.

**Extra advantages of Diazinon**  
You can harvest or feed your sorghum to livestock 14 days after spraying with Diazinon. Diazinon is easy to work with—you don't need any special clothing or equipment. And, accidental spray drift to nearby forage causes no milk or meat residue problems.

Ask your supplier for Diazinon... the newest and best in midge control.
