**That Reminds Me**  
BY FRANK A. JONES

"Eastland must take the necessary steps now to go forward or do nothing and stagnate," is the way one citizen summed up the proposals discussed at a recent meeting of the Eastland City Commission for extending the incorporated limits of the city.

Have heard some complaint about the proposal of the City Commission to add \$1 per month for 12 months to each of the 1,200 water meters in the city water system to raise funds with which to raise the spillways at Lake Eastland in order to impound more water. But when these complainants are shown that an extra dollar per meter for the next 12 months would be better than to have to pay possibly \$2.00 per 1,000 gallons for water, if it could be had at even that price, would be a r d e r still. They usually agree that it appears the best thing to do is to raise the spillways now.

We hear just about as much for as against parking meters on the downtown streets. Most people agree that if the town grows as much in the next 12 months as it has in the past 12 months, something will have to be done to relieve parking congestion downtown. One woman, who lives in the country, remarked recently that "one has to park out at Barton Valley (five miles out) to buy groceries in Eastland."

In one of the towns in this area that is about the size of Eastland parking meters were tried. There was much opposition at first, but after a few months most of the opposition disappeared — in fact those who had opposed the installation of the meters said that the meters were the best for all concerned. Also it was learned that this town was deriving some \$500 per month revenue from the parking meters.

Next Thursday night is a regular meeting night of the Eastland City Commission at which time it is understood that that body will consider further the various proposals to increase the City's water supply, increase its taxable valuations and otherwise prepare to take care of the rapid growth in population the town is now experiencing.

### Eastland Juniors Lose To Cisco By 12 To 0 Score

Cisco High School Junior football team defeated Eastland Junior Mavericks last night at Maverick Field, Eastland, by a score of 12 to 0.

The game was a good clean, hard fought game throughout.

Cisco scored in the first quarter on a sustained power drive making the score 6 to 0 at the half. In the fourth quarter Cisco got loose for an 80 yard run for the second score.

Eastland's first opportunity to score came when Hill Gaeta made a 50 yard run to Cisco's five yard line.

The two teams will meet again Tuesday night, Nov. 9, at Cisco.

### V.F.W. Members Invited To Attend Breck Meeting

The members of the Karl & Boyd Tanner Post, Veterans of Foreign Wars, have received an invitation to be guests of the V.F.W. Post of Breckenridge Thursday night, November 4th.

As the meeting begins at 7 o'clock, Post Commander Lowell H. Synder requests that all members who can attend meet at the V.F.W. Hall, over the Western Auto Store, at 6 o'clock.

The Post at Breckenridge has just purchased a new home and promises a good time to all.

# Early Trend Indicates Heavy Balloting

## ESTIMATE 50 MILLION TO CAST VOTES IN FIRST POST-WAR ELECTION RACE

BY LYLE C. WILSON

United Press Staff Correspondent

The President-Makers — American voters — turned out early and in large numbers today to decide who shall sit in the White House during the next four years.

By the hundreds of thousands, they came out to vote in weather ranging from sunny to heavy rain.

The early outpouring indicated that an estimated 50,000,000 (m) will have cast presidential ballots before this day of decision ends.

They are choosing between President Truman, the Democratic standard-bearer whom fate thrust into the White House 43 months ago, and Republican Gov. Thomas E. Dewey, who is getting his second shot at the presidency. Nine others are seeking the presidency, but the real contest is between these two men.

The American voters are passing judgment, too, on the congress which Mr. Truman repeatedly has denounced.

Early reports showed 'heavy' to 'very heavy' voting in Cook County (Chicago), Cleveland, Philadelphia, Detroit, Columbus, O., Des Moines, in Connecticut, and in Syracuse, Albany and Binghamton, N. Y.

In New York City, where an estimated 3,000,000 (m) persons will vote during the day, voting was unusually light in the morning hours. The weather there was partly cloudy early but the sun broke through about mid-morning. Voting also was light in industrial Buffalo, N. Y., and the Atlanta, Ga., area.

The first returns of the day came from tiny Hart's Location, N. H., which gave Dewey 11 votes and Mr. Truman 1. Four years ago the same county gave the late President Roosevelt 6; Dewey 4.

Another early result came from Caloochee precinct of Haywood County, N. C., which gave its seven votes to Mr. Truman. Four years ago, it gave Mr. Roosevelt 8; Dewey 2.

Both the Democratic and Republican national chairman admitted in final election statements that their parties made campaign mistakes. But each insisted his side would win anyway.

Democratic chairman J. Howard McGrath said his team's worst mistake was "the effort within the party to tear down the presidential campaign movements before the national convention."

GOP chairman Hugh Scott said the Republicans made a mistake in "not carrying home to the people the tremendous padding of the government payroll during the pre-election months." He said the administration in this period added "some 529 people a day to the government's civilian payroll."

Scott predicted that Gov. Thomas E. Dewey would carry 34 states. He said the new senate would comprise 51 to 53 Republicans and 48 to 45 Democrats. He forecast a GOP gain of 20 of 25 house seats.

McGrath hoped 60,000,000 (m) citizens would vote, asserting that a vote that big would insure election of President Truman and a Democratic house and senate.

The two chairmen also gave their guesses as to the number of votes which will be cast for the Progressives' Henry A. Wallace and the State's Rights Party's J. Strom Thurmond.

McGrath forecast fewer than 1,200,000 (m) for Wallace and about 450,000 for Thurmond. Scott guessed 1,900,000 (m) for Wallace and 800,000 for the States' Righters.

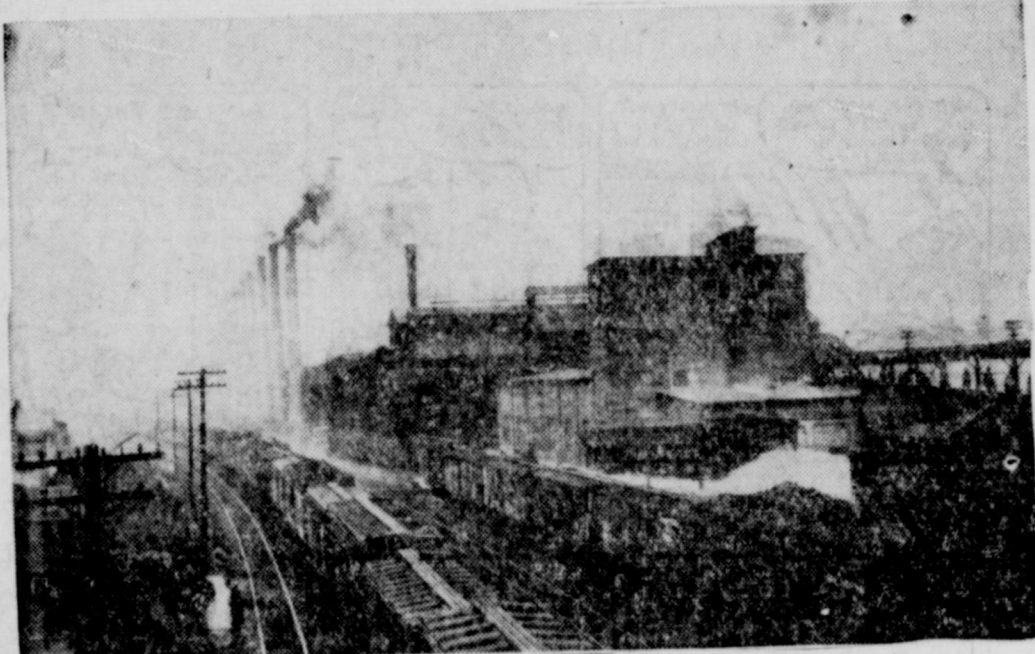

Sunshine Gives Relief From Fog

DONORA, Pa. Nov. 2 (UP)—Bright November sunshine brought relief to this stricken Monongahela river milltown today.

The sun broke through for the first time in ten days after a mild breeze swept away an early morning fog.

Before the heavy, damp fog disappeared, health authorities were fearful of another outbreak of deaths among asthmatic or cardiac sufferers. But health authorities reported that no calls for aid had been received, indicating that the "silent killer," which brought death to 19 persons last Saturday and Sunday, had been washed out of the air.

### Smog Causes Death Of Twenty

Donora Zinc works of the American Steel and Wire Co. at Donora, Pennsylvania, where it is believed the sulphur dioxide fumes from the mill and the very heavy smog caused the deaths of twenty persons. — (NEA Telephoto).

### Galveston Mayor Demands Speedy Recall Election

GALVESTON, Tex. Nov. 2 (UP)—Mayor Herbert Y. Cartwright, Jr., announced today he would resign his office unless a recall election is held to reinstate his board of commissioners and himself.

The mayor, in a formal statement issued jointly with Charles H. Oehler, commissioner of street and public property, flayed recent criticism of the administration which "is causing us and our families great embarrassment."

The statement obviously was made in connection with recent developments here which hinted of disagreement within the police force, or between the police force and a county grand jury investigating alleged voting irregularities.

"We are tired of the criticism, which although not directed against our department, is affecting the entire board of commissioners, and which is causing us and our families great embarrassment," it read.

The mayor asked a recall election "if the people of Galveston are dissatisfied with any member of the board," pointing out that the election "is the legal way to make a change."

### Senator Submits New Ellis Plan

HUNTSVILLE, Tex. Nov. 2 (UP)—Legislative presentation of the Ellis Plan for prison reform in Texas will likely be made by Sen. Jimmie Phillips of Angleton, it was announced today.

The \$4,196,000 proposal was the center of discussion at yesterday's prison board meeting here.

French Robertson, chairman of the board's legislative committee, said other aspects of the Ellis Plan's legislative bow would be worked out after a conference with Gov. Beauford H. Jester.

### CAPTURE OF MANCHURIA PRESENTS GRAVE CHINA POLITICAL CRISIS

NANKING, Nov. 2 (UP)—The Nationalist government, severely shaken by the loss of Manchuria, was threatened with a political crisis today when Premier Wong Wen-Hao submitted his resignation and admitted that his currency reform program had failed.

Wong told the legislative Yuan (parliament) that he and finance minister Wang Yun-Wu asked President Chiang Kai-Shek to relieve them of their offices. There was no indication from Chiang whether he would act on their request.

Several months ago, the government called in its Chinese national currency and replaced it with

### SUNNY SKIES FOR COUNTY VOTERS TODAY

Favored by warm sunshiney weather Eastland county voters began early this morning casting their ballots in today's elections. In the first two hours this morning approximately 300 votes had been cast in Eastland—150 in each of the two voting precincts. Indications were that a heavy vote would be polled.

Aside from the general election there was the race for the United States' Senate between the Democratic nominee Lyndon Johnson and the Republican nominee Jack Porter. Also there was the Dixie-ler or States Rights candidates. The latter, however, appeared to be attracting only slight attention in the early voting.

Of special interest in the County was the county-wide election to determine whether the county remained dry or legalized the sale of four per cent beer. This campaign had witnessed an extensive campaign by both sides.

Also of some interest were the eight proposed amendments to the State Constitution.

County Clerk W. V. Love sent an appeal to each election judge in the county to get the returns on today's election to him as soon as possible after the polls close at 7:00 o'clock this evening. If previous elections are taken as criteria, however, the returns will not all be in before late Wednesday.

Collections of Nebraska liquor taxes and fees dropped \$395,848 last year, from \$3,344,349 to \$2,948,501.

In the bee family, the worker has 3,000 to 4,000-lenses in its eyes, the drone 7,000 to 8,000, a queen about 5,000.

### Jester In Austin For Election Day

AUSTIN, Nov. 2 (UP)—Gov. Beauford Jester was scheduled to spend today in Austin. He voted by absentee ballot in Corsicana, his home town.

A spokesman said the Governor went over "some budgetary matters" at the mansion in the morning and was scheduled to take a drive through the Cedar Hills adjoining Austin during the afternoon.

The election returns, which are virtually certain to open the door for Jester's second term in office, will be heard by the Governor at the mansion.

Expected vote for president: 47,000,000 to 50,000,000 (m). Record to date: 49,815,000 (m) in 1940.

Presidential electors to be chosen: 531. They will cast their ballots Dec. 13 in the various state capitals.

Minimum number of electoral votes needed to win: 226. (The election will also see Puerto Rico pick its first popularly-elected governor. Heretofore he has been appointed by the U. S. president.)

### Cool Weather General In State

BY UNITED PRESS  
Most of Texas felt the effects of a mild cool front today, as the mercury dropped as low as 39 degrees at Salt Flat.

Temperatures hovered in the lower forties throughout most of West Texas, with El Paso and Lubbock reporting early morning readings of 40 degrees, Amarillo 41. The highest overnight reading was 63 degrees at Galveston.

Maximum readings yesterday ranged from 57 at Clarendon to 89 at Abilene.

Showers which fell over wide areas yesterday had moved on out of the state today, with no rain reported falling in any sector.

However, 24-hour rainfall totals up to 6.30 A. M. today included .39 of an inch at Abilene, .04 at Amarillo, .01 at San Antonio, .15 at Beaufort, .07 at Lufkin, .05 at Galveston, .19 at Texarkana and .11 at Clarendon.

Skies were generally fair over the state, and the weather bureau indicated favorable weather was in sight for a large turnout of voters in today's general election.

The forecast called for fair skies this afternoon, tonight and Wednesday. Slightly cooler temperatures were expected in extreme East Texas this afternoon, while warmer readings were seen for the Panhandle and South Plains.

### The Stakes In Today's Election

BY UNITED PRESS  
The stakes in today's election: The presidency and vice presidency of the United States.

Thirty-two seats in the Senate and 432 in the House of Representatives.

The office of governor in 32 of the 48 states.

More than 175 special issues before voters in more than half the states — matters ranging from veterans bonuses to birth control.

Expected vote for president: 47,000,000 to 50,000,000 (m). Record to date: 49,815,000 (m) in 1940.

Presidential electors to be chosen: 531. They will cast their ballots Dec. 13 in the various state capitals.

Minimum number of electoral votes needed to win: 226. (The election will also see Puerto Rico pick its first popularly-elected governor. Heretofore he has been appointed by the U. S. president.)

### Junior "Hi" School To Have Style Show November 12th

The Style Show sponsored by the Junior high school, with Mrs. J. C. Whatley as director, will be at the high school auditorium November 12. Most of the entire class will participate.

Between acts will be featured and much interest is being shown in the play. All the mothers and most all of the pupils are at work in making it a success.

### Mineral Wells Makes Big Plans For Legion Meet

MINERAL WELLS, Tex. —Mineral Wells Legionnaires are making big plans for a real old time district convention when the 17th District meets in the resort city, Saturday and Sunday, November 6-7, 1948, in what promises to be one of the most interesting district conventions held since the end of World War II.

Special invitations have been extended Perry Brown, the newly elected National Commander of the American Legion; William McCraw, Dallas, Department Commander; Congressman Omar Burleson; General Miller Ainsworth, Luling, National Committeeman; Jim Willson, Floydada, Alternate, and a number of other distinguished Legionnaires of Texas.

Also, Lydon Johnson, Democratic nominee for senator, has indicated that he would be here.

P. C. Stacy, of Stephenville, 17th District Commander will preside over the business meeting of the convention.

The program promises plenty of entertainment for Legionnaires and the ladies of the Auxiliary. Registrations will begin at 1:00 p.m. Saturday, Nov. 6, with a stag party at 4:00 p.m. at old Camp Wolters, while there will be a tea for the ladies Auxiliary, Saturday afternoon. A dance will be held at the Convention Hall beginning at 9:00 p.m. Saturday night to which the general public will be invited. The local Square Dance Team will be featured at this dance with music furnished by Marvin McCracken.

Sunday morning, Nov. 7, there will be a joint meeting of the Legionnaires and the ladies of the Auxiliary at the Convention Hall at 9:30 a.m. followed by Church Call at 10:45. Visiting Legionnaires and their ladies will attend services at the Memorial Community Center where the Methodist reserve space for these visitors.

The luncheon will be at the Convention Hall at 12 noon. A special program is being arranged for the luncheon, including the welcome address by Past 17th District Commander George Barber.

Business meetings are scheduled for the Legion and the Auxiliary at the Community Center, beginning at 1:15 p.m. This will conclude the program and the convention. Approximately 320 are expected to attend.

### Bulbs Flash As Truman Votes

INDEPENDENCE, Mo., Nov. 2 (UP)—President Truman cast his ballot today to the accompaniment of flash bulb lighting and the familiar election day banter with the neighbors who were working as election officials in the polling place a block from the summer White House.

The president was accompanied on his trip to the polls by the First Lady and her daughter, Miss Margaret Truman, who was casting her first vote in a presidential election.

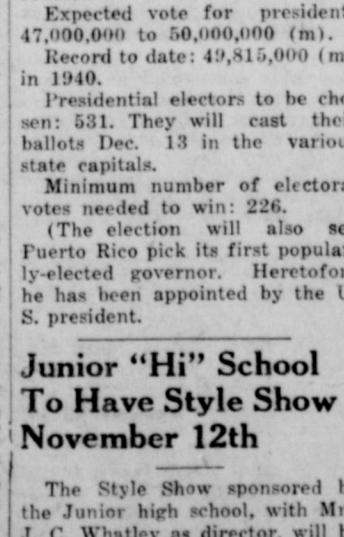

The first family rode the block to the precinct voting place in the memorial building as an uncomfortable drizzle continued from the low-hanging clouds.

### Cancel Air Shows

NEW YORK, Nov. 2 (UP)—National radio and television networks cancelled all regularly scheduled programs tonight to bring listeners election reports.

The four national networks, will switch to election returns between 7 and 8 p. m. and remain on the air until the complete results are in.

### Halloween Frightens Seeing-Eye Dog

Mrs. Dorothy Biery of Bell Gardens, Calif., is led by her two-year-old son, Terry, as they hunt for her seeing-eye dog which was frightened away by children with Halloween masks in Chicago. — (NEA Telephoto).

**THE STORY:** Hilary Shenstone, British secret agent, recalls being wounded in the Indian desert because a crashed plane, after completing a dangerous mission. He remembers feeling a desperate need to return to England and Miss Farthing, his family's country home. Next day he visits his mother, aware of, he is back in London dropping in at his club. But no one seems conscious of his presence. Hilary learns that his brother, George, has been cutting in with Alice, Hilary's fiancée. He thinks it's all a dream until he appears a report of his own death. Shocked at first, Hilary later decides to enjoy the situation. Next day he visits his mother's town house. George and his mother are awaiting Alice for lunch. They, too, seem unaware of his presence. Hilary hears his mother encourage George to win Alice away from him.

XIV  
"YOU needn't look so innocent, George, you weren't born yesterday!" said his mother, and both her sons regarded her with amazement and no little respect. From their separate viewpoints, Hilary don't believe Hilary cares twopence about Alice anyway," she remarked defiantly.  
"She thinks he does," said George. "It amounts to the same thing."  
"No—it doesn't," she contradicted. "Besides, she wouldn't be happy with him. I mean—" she added quickly, and then hesitated. "—that is—I don't think she would," she finished lamely.  
"Why?" demanded Hilary.  
She went to drawing little meaningless things on a fresh sheet of note-paper.  
"What makes you say I couldn't have made her happy?" Hilary pressed her.  
"I wasn't—very happy," said his mother just above a whisper, watching the busy point of her pen. "And Hilary's exactly like his father."  
That jerked George out into the open.  
"Oh, here, I say—I I always thought you and the governor hit

## LEAGUE CHANGES TO BE VOTED UPON BY MEMBERS

AUSTIN, Tex. Nov. 2 (UP)—Several referendums apparently were headed today for a vote by the members of the Texas Inter-scholastic League.  
Recommendations for the referendums were made by league's legislative advisory council, which closed a two-day meeting here yesterday.  
The council urged a referendum among member schools on reinstating a 30-day spring training period, and moving the opening of fall training from the present Aug. 15 to Sept. 1.  
Spring football training was eliminated last year. The council adopted the motion on the referendum made today by Superintendent R. B. Norman of Amarillo. The council also advocated a

referendum on a proposed revision of the amateur rule.  
The change would broaden the definition of "athletic sport or games" by adding to the list of league-recognized professional sports in which schoolboy participation would be banned.  
It would provide one year's advance notice of addition of sports "which in the judgment of the state executive committee have become professional sports."  
The change also would carry with it a penalty of one year's disqualification in high school sports for violations.  
The proposals made by the council will be voted on by superintendents of TIL member schools next April if approved by the league's state executive committee.  
Other issues marked by the council for referendum were:  
Recommending affiliation by the TIL with the National Federation of High School Associations. Texas and Rhode Island presently are the only states not member of the national association.  
Providing that the fall football training period be limited to the local campus. The "campus," under the proposal, would consist of facilities controlled by the local school authorities and lying within the local school district.  
The council also recommended a rules change regarding eligibility of transfers in various sports. It urged that a boy be eligible for all sports he did not take part in at the previous school. Now, on transfer, a schoolboy athlete is ineligible in all sports for a year.  
A special committee on television recommended that the state executive committee take a vote of superintendents on whether to negotiate television contracts for 1949 on the same basis as is provided now for standard broadcasts.  
The committee advocated granting an option to the Magnolia Petroleum Company, which now has standard broadcasting rights.

my life—while your father was alive—" Her voice broke suddenly, and she rested her head on her left hand, shielding her face.  
"I—I don't know quite what's come over me this morning. I know I shouldn't be saying these dreadful things out loud. But it's not fair, George, it's not fair to Alice that I love like my own daughter, not to warn her! I don't want her to live as I had to live, always in deadly fear that her man won't come back—and the rest of the time hoping, praying that he won't go away again! And always knowing that it's no use, that he's bound to be off again soon—so soon—"  
"But, mum, good heavens, you had the War," George reminded her futilely.  
"It wasn't just during the War, George. Even before that started, he was always doing something for the Home Office that nobody else dared to do. Once he went to Russia about spies. Once he was down in Limehouse for six days and nights without sending me one word. Once they sent him to Egypt, and I didn't hear for two months—like Hilary now, out there on the Border. It's no marriage, it's no life for a woman—to love people like Hilary! Don't let her, George," she entreated him hysterically. "Don't let Hilary have Alice!"  
"I see," said Hilary.  
"Mater, for heaven's sake—" George was genuinely horrified. "You really must pull yourself together!"  
"Hullo, am I late or anything?" said Alice from the doorway. She saw Mrs. Shenstone's tears, then, and halted with a child's embarrassed impulse to back out of the room, followed by a quick anxiety. "Oh, sorry—Hinton said—. What is it? Have you had bad news?"  
"No, of course not—no news at all!" Mrs. Shenstone recovered quickly, and wiped her eyes. "Come in, dear—you're not a bit late. George is going to make some cocktails. Luncheon will be ready in a minute. I must just go and see about the flowers—"  
She hurried away, blowing her nose briskly as she went.  
(To Be Continued)

The child's body, badly burned was found in a bedroom where she was trapped by the flames after smoke apparently obscured her vision.

**Tardion Carried On**  
SAN DIEGO, Calif. (UP)—Midshipman Stephen Decatur VIII, a great-grand nephew of Commodore Stephen Decatur, hero

of the war against the Barbary States in 1804, was a guest at Camp Decatur, reserve headquarters at the naval training center here. Young Decatur was one of

2,000 naval R. O. T. C. midshipmen brought here for amphibious warfare training.

# Oil and Gas News

## Area OIL News

### EASTLAND COUNTY—Gorman Area November 1st

Luling Oil and Gas No. 1 L. E. Haile drilling at 2600 feet.

Sessions and Kirk No. 2 Wood drilling at 2730 feet. They will drill into pay sometime Monday.

Gregg and Glass No. 1 Payne drilling at 2500 feet.

Luling Oil and Gas No. 1 Blackwell drilling at 2500 feet.

National Cooperative Refinery Association No. 1 Krell drilled in to the pay. It blew the tools up in the hole. The gas sprayed out a-fishing job is in the process of going back to kill the well. Now a bout 2,000,000 cubic feet. They are on.

Commercial Production No. 1 J. C. Burns was finished off Friday, using 1000 gallons of acid. This is a good well, even though no official figures are available.

Commercial Production No. 2 J. C. Burns drilling at 1950 feet.

Commercial Production No. 3 J. C. Burns drilling at 1750 feet.

Snowden and Sadler No. 1 Kinnew acidized Sunday using 650 gallons of acid. The response was exceedingly good.

Commercial Production No. 5 J. A. Hirst acidized Sunday using 1000 gallons of acid.

More Ducks in Michigan LANSING, Mich., (UP)—Summer tallies by Michigan conservation department field men indicate the numbers of bluewing teal, black ducks and mallards, with some increases also indicated in the number of pintails.

Experiments to process rayon from eucalyptus gum fibres are being conducted in Australia.

### Five Wildcats Started In This Area Last 5 Days

The stimulus of \$2.65 oil plus the possibilities that are offered by deeper pays and improved treatment for old formations have resulted in the starting of no less than five wildcats in the past few days in this general territory.

Three of the wildcats are in Eastland County and the other two are in Comanche County.

No less than three are being put down by a single company: Luling Oil & Gas Company of San Antonio; No. 1 Blackwell between Carbon and Gorman, to the Ellenburger; No. 1 J. G. Rumph, also to the Ellenburger, southwest of Gorman, and No. 1 Haile also south of Gorman, in the edge of Comanche County, 4,000 feet.

Two miles southwest of Pioneer, scene of a boom in 1921-22, Starr Oil Company of Houston plans to go to a depth of 4,000 feet, which of course is much deeper than the old Pioneer gushers produced from No. 1 M. E. Flippen. The other wildcat is No. 1 E. O. Watkins, of J. K. Hughes Oil Company, near Sipe Springs, 3,500 feet.

### Desdemona Area Appears To Be Getting Oil Play

It looks as though a "play" is breaking out around Desdemona, the scene of one of the roaring oil booms in history, with two locations announced.

One of the wells will be drilled by Haynes B. Ownby Drilling Company of Dallas, which has registered two hits in the last few months with wildcats, one in north Comanche County and the other in western Erath County. The No. 1 W. W. Martin is a south offset production and is 2 1/2 miles southeast of Desdemona, being 360 feet from the north and 990 from the west line of the tract in D. J.

## Tiny Town Votes By Dawn's Early Light; Pro Dewey

HART'S LOCATION, N. H., Nov. 2 (UP)—By a flickering kerosene lamp, 10 registered voters in this White Mountains settlement marked their ballots at dawn today—then reported the nation's first presidential election returns. The vote was: President Harry S. Truman 1, Gov. Thomas E. Dewey 11.

Two absentee ballots accounted for the total of 12 votes. In 1944 the vote was: Roosevelt 6, Dewey 4.

In 1940 it was: Roosevelt 5, Wilkie 3.

While most Americans still were asleep, the mountain folk of Hart's location gathered around the old-fashioned oval dining room table at the home of Mr. and Mrs. Joseph Burke.

It was 7 a.m. when town clerk Douglas Macomber opened a cardboard box from the secretary of state's office at Concord and took out the ballots. He passed them around to the 10 voters crowded in the small room.

The polls were opened at 7 a.m. and the voting for president was completed six minutes later. At 7:30 a.m. all ballots had been marked in their entirety and the vote was tabulated.

O'Millard survey, Erath County.

The other is No. 1 Otis Sharp of A. J. Slaughter, Jr., Mr. Vernon, Ill., and is an outpost to production, a mile and three quarters north and a little east of Desdemona, being 330 from south and east lines of W. B. Howard survey, Eastland County. Intended depth of both wells is 3,200 feet.

## Fort Worth Livestock Report

FORT WORTH, Nov. 2 (UP)—(USDA)—Livestock:

Cattle 2400: active, strong, most classes steady to 50 higher for two days. Medium steers and yearlings 21.00-24.00, cutter and common grades mainly 17.00-20.00. Medium and good beef cows 17.00-20.00, canner, cutter and common grades 10.00-17.00. Bulls 14.50-19.50. Stocker yearlings 25.00 down. Stocker cows 18.00 down.

Calves 1800: active, steady to strong, some slaughter calves 50 higher and stockers 50-100 higher for two days. Good and choice slaughter calves 21.00-24.00, medium grades 18.00-20.00, cull and common 15.00-18.00. Stocker steer calves 26.00 down, heifers 23.00 down.

Hogs 600: active, butchers and sows mostly 1.00 higher than Monday's average, feeder pigs fully steady. Good and choice 190-280 lbs butchers 25.75-26.00, top 26.00, heavier weights scarce, 150-180 lbs. 24.00-25.50. Most sows 23.00-24.00, some outside this range. Feeder pigs 23.00 down.

Sheep 3000: active, lambs 50-1.00 higher, ewes 25-50 higher. Medium and good slaughter lambs 22.00-24.00, load good and choice 99 lbs 25.00, cull and common lambs 15.00-21.00. Few common and medium short yearlings 16.00-17.50. Most cull and common ewes 8.50-9.00, medium and good lots to 9.50.

## Rita Denies Marriage Rumor

MEXICO CITY, Nov. 2 (UP)—

Movie Star Rita Hayworth denied today that she was here to marry Prince Aly Khan, son of international millionaire Aga Khan.

Registered at one of Mexico City's swankiest hotels, Miss Hayworth sent word through her secretary, Shifra Haran, that marriage talk was "ridiculous" and that she was here only for a vacation.

Miss Hayworth and the prince, whom she met last summer on the French Riviera, arrived here by plane from Hollywood yesterday. However, the prince, who has a wife in India disappeared and has not been seen since.

The movie actress' divorce from producer-actor Orson Welles does not become final until Nov. 10.

"Neither one is free to marry, you know," Miss Haran said. "She just had nothing to do and she

## Trap Worked; Man Sues For Divorce

WASHINGTON, Nov. 2 (UP)—

Suspicious that his 31-year-old wife was having an affair with another man, Simon Beloff, 66, said he spread lime on a walk outside the house.

When he returned later, Beloff told a district Judge yesterday, he found footprints—"size 9 or 10"—leading up the stairway and into his wife's bedroom. He is suing for divorce on ground of adultery.

About 45 per cent of the nation's total duck population is on New York state farms. According to latest figures, there are nearly 6,000,000 ducks on farms in the state.

likes Mexico, so she decided to come here for a short stay."

## TRUST

By Elswyth Thane

THE STORY: Hilary Shentone, British secret agent, recalls being wounded in the Indian desert because a crashed plane, after completing a dangerous mission, is returning to England and Hilary decides to enjoy the situation. Next day Hilary is aware of, he is back in London sleeping in at his club. But no one seems conscious of his presence. Hilary learns that his brother, George, has been entering into with Alice, Hilary's fiancée. He thinks it's all a dream until he sees a report of his own death. Shocked at first, Hilary later decides to enjoy the situation. Next day he visits his mother's town house. George and his mother are awaiting Alice for lunch. They too, seem unaware of his presence. Hilary hears his mother encourage George to win Alice away from him.

XIV  
"YOU needn't look so innocent, George. You weren't born yesterday!" said his mother, and both her sons regarded her with amazement and no little respect, from their separate viewpoints. "I don't believe Hilary cares tuppence about Alice anyway," she remarked defiantly.

"She thinks he does," said George. "It amounts to the same thing." "It doesn't," she contradicted. "Besides, she wouldn't be happy with him. I mean—" she added quickly, and then hesitated. "—that is—I don't think she would," she finished lamely.

"Why?" demanded Hilary. She went to drawing little meaningless things on a fresh sheet of note-paper. "What makes you say I couldn't have made her happy?" Hilary pressed her.

"I wasn't—very happy," said his mother just above a whisper, watching the busy point of her pen. "And Hilary's exactly like his father."

That jerked George out into the open. "Oh, here, I say—I always thought you and the gunner hit

## LEAGUE CHANGES TO BE VOTED UPON BY MEMBERS

AUSTIN, Tex. Nov. 2 (UP)—Several referendums apparently were headed today for a vote by the members of the Texas Inter-scholastic League.

Recommendations for the referendums were made by league's legislative advisory council, which closed a two-day meeting here yesterday.

The council urged a referendum among member schools on reinstating a 30-day spring training period, and moving the opening of fall training from the present Aug. 15 to Sept. 1.

Spring football training was eliminated last year. The council adopted the motion on the referendum made today by Superintendent R. B. Norman of Amarillo.

The council also advocated a

referendum on a proposed revision of the amateur rule.

The change would broaden the definition of "athletic sport or games" by adding to the list of league-recognized professional sports in which schoolboy participation would be banned.

It would provide one year's advance notice of addition of sports "which in the judgment of the state executive committee have become professional sports."

The change also would carry with it a penalty of one year's disqualification in high school sports for violations.

The proposals made by the council will be voted on by superintendents of TIL member schools next April if approved by the league's state executive committee.

Other issues marked by the council for referendum were: Recommending affiliation by the TIL with the National Federation of High School Associations, Texas and Rhode Island presently are the only states not member of the national association.

Providing that the fall football training period be limited to the local campus. The "campus," under the proposal, would consist of facilities controlled by the local school authorities and lying within the local school district.

The council also recommended a rules change regarding eligibility of transfers in various sports. It urged that a boy be eligible for all sports he did not take part in at the previous school. Now, on transfer, a schoolboy athlete is ineligible in all sports for a year.

A special committee on television recommended that the state executive committee take a vote of superintendents on whether to negotiate television contracts for 1949 on the same basis as is provided now for standard broadcasts.

The committee advocated granting an option to the Magnolia Petroleum Company, which now has standard broadcasting rights.

my life—while your father was alive—" Her voice broke suddenly, and she rested her head on her left hand, shielding her face.

"I—I don't know quite what I come over me this morning. I know I shouldn't be saying these dreadful things out loud. But it's not fair, George, it's not fair to Alice that I love like my own daughter, not to warn her! I don't want her to live as I had to live, always in deadly fear that her man won't come back—and the rest of the time hoping, praying that he won't go away again! And always knowing that it's no use, that he's bound to be off again soon—soon—"

"But, mum, good heavens, you had the war," George reminded her futilely.

"It wasn't just during the war, George. Even before that started, he was always doing something for the Home Office that nobody else dared to do. Once he went to Russia about spies. Once he was down in Limehouse for six days and nights without sending me one word. Once they sent him to Egypt, and I didn't hear for two months—like Hilary now, out there on the border. It's no marriage, it's no life for a woman to love people like Hilary! Don't let her, George," she entreated him hysterically. "Don't let Hilary have Alice!"

"I see," said Hilary. "Mater, for heaven's sake—" George was genuinely horrified. "You really must pull yourself together!"

"Hullo, am I late or anything?" said Alice from the doorway. She saw Mrs. Shentone's tears then, and halted with a child's embarrassed impulse to back out of the room, followed by a quick anxiety. "Oh, sorry—Hinton said—, What is it? Have you had bad news?"

"No, of course not—no news at all!" Mrs. Shentone recovered quickly, and wiped her eyes. "Come in, dear—you're not a bit late. George is going to make some cocktails. Luncheon will be ready in a minute. I must just go and see about the flowers."

She hurried away, blowing her nose briskly as she went.

(To Be Continued)

## 12-Year Old Girl Dies In Blaze

HOUSTON, Tex. Nov. 2 (UP)—A faulty gas stove was blamed today for the sudden fire late last night that took the life of 12-year-old Mary Lavena Priest, while her parents and four other children fled to safety.

Mr. and Mrs. Velmer Priest ran from their frame home with Donnie, 3, Raymond, 10, Jean Marie, 9, and Juanita, 15. They thought Mary Lavena had followed.

## Perfect Pair

Larry Gordon, New York photographer specializing in glamor gals, went 'way out on a limb—two of them, in fact. "There are only two perfect legs in the world," says Larry. "The right one belongs to Betty Grable and the left one to Marlene Dietrich." Here they are—what do you think?

The child's body, badly burned was found in a bedroom where she was trapped by the flames after smoke apparently obscured her vision.

Tardition Carried On SAN DIEGO, Calif. (UP)—Midshipman Stephen Decatur VIII, a great-great-grand nephew of Commodore Stephen Decatur, hero

of the war against the Barbary States in 1804, was a guest at Camp Decatur, reserve headquarters at the naval training center here. Young Decatur was one of

2,000 naval R. O. T. C. midshipmen brought here for amphibious warfare training.

# Oil and Gas News

## Area OIL News

### Five Wildcats Started In This Area Last 5 Days

The stimulus of \$2.65 oil plus the possibilities that are offered by deeper pays and improved treatment for old formations have resulted in the starting of no less than five wildcats in the past few days in this general territory.

Three of the wildcats are in Eastland County and the other two are in Comanche County.

No less than three are being put down by a single company: Luling Oil & Gas Company of San Antonio: No. 1 Blackwell between Carbon and Gorman, to the Ellenburger; No. 1 J. G. Rumph, also to the Ellenburger, southwest of Gorman, and No. 1 Haile also south of Gorman, in the edge of Comanche County, 4,000 feet.

Two miles southwest of Pioneer, scene of a boom in 1921-22, Starr Oil Company of Houston plans to go to a depth of 4,000 feet, which of course is much deeper than the old Pioneer gushers produced from No. 1. M. E. Flippen. The other wildcat is No. 1 E. O. Watkins, of J. K. Hughes Oil Company, near Sipe Springs 3,500 feet.

### Desdemona Area Appears To Be Getting Oil Play

It looks as though a "play" is breaking out around Desdemona, the scene of one of the roaring oil booms in history, with two locations announced.

One of the wells will be drilled by Haynes B. Ownby Drilling Company of Dallas, which has registered two hits in the last few months with wildcats, one in north Comanche County and the other in western Erath County. The No. 1 W. Martin is a south offset production and is 2 1/2 miles southeast of Desdemona, being 360 feet from the north and 990 from the west line of the tract in D. J.

### EASTLAND COUNTY—Gorman Area November 1st

Luling Oil and Gas No. 1 L. E. Haile drilling at 2600 feet.

Sessions and Kirk No. 2 Wood drilling at 2730 feet. They will drill into pay sometime Monday.

Gregg and Glass No. 1 Payne drilling at 2500 feet.

Luling Oil and Gas No. 1 Blackwell drilling at 2500 feet.

National Cooperative Refinery Association No. 1 Krell drilled in to the pay. It blew the tools up in the hole. The gas sprayed out a-fishing job is in the process of going to have had to kill the well. Now a about 2,000,000 cubic feet. They are in on.

Commercial Production No. 1 J. C. Burns was finished off Friday, using 1000 gallons of acid. This is a good well, even though no official figures are available.

Commercial Production No. 2 J. C. Burns drilling at 1950 feet.

Commercial Production No. 3 J. C. Burns drilling at 1750 feet.

Snowden and Sadler No. 1 Kinnew acidized Sunday using 650 gallons of acid. The response was exceedingly good.

Commercial Production No. 5 J. A. Hirst acidized Sunday using 1000 gallons of acid.

More Ducks in Michigan LANSING, Mich. (UP)—Summer tallies by Michigan conservation department field men indicate successful seasons and rains in the numbers of bluewing teal, black ducks and mallards, with some increases also indicated in the number of pintails.

Experiments to process rayon from eucalyptus gum fibres are being conducted in Australia.

### FOR RENT

**FOR RENT**—New floor sanding machine. Call us for estimate. Hannah Hardware and Lumber, Phone 70.

**FOR RENT:** A nice furnished apartment down town. \$40.00 month, bills paid. For a working lady only. Muirhead Motor Co.

**FOR RENT:** Small furnished house, private bath and electric refrigerator. Suitable for couple or gentleman. 209 W. Patterson.

**FOR RENT:** 3 room house unfurnished. See Mrs. Ruby Thomas Rt. 1, Eastland.

### WANTED

**WANTED:** Girl for soda fountain. Day work only. Tombs Richardson Drug Store.

**WANTED:** Your repairs on all makes of automobiles. Muirhead Motor Co.

### NOTICE

**NOTICE:** Persons wishing maternity information write or phone West Texas Maternity Hospital, 2306 Hemphill St., Fort Worth, Texas, 4-9258.

### Not His Lucky Day

KENOSHA, Wis. (UP)—Bad luck rode Abraham Lusk. His unluckiest day began when he found an overtime parking ticket on his car. While he paid a \$1 fine, another car rolled into his left fender and hub cap. To make the day complete, another car hit Lusk's machine broadside, damaging it to the extent of \$200.

### Honored for DDT

For his discovery that DDT was the most powerful insecticide in the world, Dr. Paul Mueller, Swiss research chemist, was awarded the Nobel Prize in physiology and medicine. DDT is credited with saving the lives of thousands of servicemen and civilians from death by insect-borne diseases.

# Tiny Town Votes By Dawn's Early Light; Pro Dewey

HART'S LOCATION, N. H. Nov. 2 (UP)—By a flickering kerosene lamp, 10 registered voters in this White Mountains settlement marked their ballots at dawn today—then reported the nation's first presidential election returns. The vote was: President Harry S. Truman 1. Gov. Thomas E. Dewey 11.

Two absentee ballots accounted for the total of 12 votes. In 1944 the vote was: Roosevelt 6, Dewey 4.

In 1940 it was: Roosevelt 5, Willkie 3. While most Americans still were asleep, the mountain folk of Hart's location gathered around the old-fashioned oval dining room table at the home of Mr. and Mrs. Joseph Burke.

It was 7 a. m. when town clerk Douglas Macomber opened a card-board box from the secretary of state's office at Concord and took out the ballots. He passed them around to the 10 voters crowded in the small room.

The pools were opened at 7 a. m. and the voting for president was completed six minutes later. At 7:30 a. m. all ballots had been marked in their entirety and the vote was tabulated.

O'Millard survey, Erath County. The other is No. 1 Otis Sharp of A. J. Slaughter, Jr., Mr. Vernon, Ill., and is an outpost to production, a mile and three quarters north and a little east of Desdemona, being 330 from south and east lines of W. B. Howard survey, Eastland County. Intended depth of both wells is 3,200 feet.

# Rita Denies Marriage Rumor

MEXICO CITY, Nov. 2 (UP)—Movie Star Rita Hayworth denied today that she was here to marry Prince Aly Kahn, son of international millionaire Aga Khan.

Registered at one of Mexico City's swankiest hotels, Miss Hayworth sent word through her secretary, Shifra Haran, that marriage talk was "ridiculous" and that she was here only for a vacation.

Miss Hayworth and the prince, whom she met last summer on the French Riviera, arrived here by plane from Hollywood yesterday. However, the prince, who has a wife in India disappeared and has not been seen since.

The movie actress' divorce from producer-actor Orson Welles does not become final until Nov. 10. "Neither one is free to marry, you know," Miss Haran said. "She just had nothing to do and she

# Trap Worked; Man Sues For Divorce

WASHINGTON, Nov. 2 (UP)—Suspicious that his 31-year-old wife was having an affair with another man, Simon Beloff, 66, said he spread lime on a walk outside the house.

When he returned later, Beloff told a district judge yesterday, he found footprints—"size 9 or 10"—leading up the stairway and into his wife's bedroom. He is suing for divorce on ground of adultery.

About 45 per cent of the nation's total duck population is on New York state farms. According to latest figures, there are nearly 6,000,000 ducks on farms in the state.

## When is a rate increase a good thing for telephone users?

THE RIGHT PRICE IS "the lowest possible price that will assure you of good quality." That's true of everything you buy, including telephone service.

So—answering the question above—a rate increase is a good thing for telephone users in Eastland when it is needed to protect the quality of their telephone service.

The last time there was an increase in telephone rates in Eastland was 24 years ago. Rates established in 1924 have not increased, although the cost of most things—wages, taxes, supplies—has gone up.

Costs of furnishing telephone service in Eastland have gone up much faster than our income. Costs of furnishing service here are up 87 per cent since 1924, but our income is only 34 per cent higher. As a result, we are losing money each year on our operations here.

Telephone rates established in 1924 simply won't pay the cost of furnishing service in 1948.

There's been a lot of work done and a lot of money spent to extend and improve service to telephone users in Eastland. We still have a big expansion program ahead of us. The money has

to come largely from investors. They will furnish it only if they can be sure of a fair return, which our present rates are simply too low to provide. A growing business, especially, has to earn a good return in order to attract the capital needed for growth.

The whole future of Eastland telephone service depends on raising rates enough to assure the financial stability of telephone operations here. We don't like to have to ask for a rate increase but we believe that in the light of the facts you would want us to take this step to assure you of the kind of service you want.

**1924 TELEPHONE RATES WON'T WORK IN 1948**

CHART SHOWS HOW EXPENSES ARE INCREASING FASTER THAN REVENUES

EXPENSES UP 87% SINCE 1924  
 REVENUES UP 34% SINCE 1924

## TWO MORE RANGERS JOIN LENGTHY INJURY ROSTER

By MARVIN GROSS

With two injured boys ready to go back on the firing line, fate decided things were rolling too smoothly for the Rangers and snatched two footballers away via the injury route.

Stellar guard Bob Herrington showed up for Monday's practice with a ball-on-knee, suffered in the Navarro game. And at the tall end of yesterday's drills defensive end Quack Ivy pulled up lame with another knee injury. Both injuries are not too serious and if both don't slip in the bathtub they may do some Coyote battling.

Discounting the epidemic of knee knocks the opening preparatory drill for Weatherford showed a new determination for the boys. As Charley Sullivan put it, "Ranger football days are numbered and I want to say I played on a conference championship team or even a state championship team." And the entire team shared his views.

This Ranger eleven must be ranked as the team to beat in

their district. Hillsboro and Ranger each two victories in conference play but th locals have gotten over the tougher hurdles—Cisco and Clifton. Hillsboro has yet to face these two clubs and of course buck up against Ranger in the season's finale November 25.

A tightening up on the leaky pass defense was the keynote of the spirited session yesterday. Coach Yarbrough fed the boys the proper way to back off the line with the potential pass receiver and how to wait until the receiver makes his tell-tale move. He ruled out foolish breaks in front of the man for daredevil interceptions. That, he said, was a sure way to lose ball games.

With Junior Arterburn and Jackie Wright throwing, Yarbrough stationed one backfield man at a time in the secondary in an attempt to tear off the ragged edges of the pass defense. Although Wright and Arterburn were successful with the majority of the heaves the defense put a check on the receivers for

about five seconds which usually allows the line enough time to put pressure on the passer.

And on the opposite end of the field Line Coach Rush was dishing out his detailed defenses for the Weatherford single wing offenses. The entire defensive set-up carefully arranged for the Navarro T attack will be switched.

Again the line prevented the opposition from scoring on the ground in the Navarro tussle. Since the Kilgore defeat all scoring against the Rangers has been accomplished through the air. Reed rifled three touch-down shots and in the Cisco victory it was another chuck that payed off for the only Wranglers score.

Yarbrough doesn't anticipate too much contact work this week. With the injury hex now riding at its peak, Yarbrough is seriously considering breaking out his old uniform and taking a place in the starting line-up. He may only have 10 boys ready by Saturday evening.

points, Waco pulled within two points of Amarillo (176 to 174). Baytown with 162 was not far behind, while Sweetwater polled 132 points.

Arlington Heights and Alamo Heights dropped out of the top 10 with Wichita Falls and Kerrville moving in—at ninth and tenth, respectively.

Henderson surged into sixth from eighth, Odessa into seventh from ninth to drop Texarkana down a notch to eighth.

The second 10:

Houston Milby; Houston Lamar; Arlington Heights, Alamo Heights and Breckenridge tied for 13th; Highland Park, Houston Reagan; Alice, Freerport and El Paso Austin tied for 18th.

**Waco Gains Votes In Football Poll**

DALLAS, Tex., Nov. 2 (UP)—The top five teams in the Dallas News' weekly schoolboy rankings held to their position today, but the Waco Tigers in third place were pushing Amarillo for the runner-up spot behind the season-long pacesetter—Port Arthur.

While Port Arthur got all but four of the 23 sports writers' first-place votes for a total of 222

**Baylor Prepares For Key Contest**

WACO, Nov. 2 (UP)—The Baylor Bears were in good physical shape today, with only a few bruises and cuts among the football squad from the encounter with TCU Saturday.

Yesterday, the Bears went through a short limbering up session after viewing films of last year's Texas game and hearing reports from scouts who have covered Texas this season.

Monday morning quarterbacks said that the wet turf last Saturday kept the Baylor score low. It was the third time in four years that the Baylor-TCU score has been less than a touchdown; different.

**Mustangs Face Winless Aggies**

DALLAS, Tex., Nov. 2 (UP)—Only a slight leg injury to center Fred Goodwin marred the Southern Methodist university physical condition today as it prepared for the winless Texas Aggies here Saturday.

## Steers In Shape For Baylor Clash

AUSTIN, Nov. 2 (UP)—The University of Texas grid squad, which worked itself to top shape for the SMU game, was in good physical shape today, although facing a mental letdown.

The team studied offensive plans yesterday for the meeting Saturday at Waco with the undefeated Bears.

The Longhorns wound up the session with a study of defensive maneuvers to be used against the Bruins.

The only serious injury due to the SMC clash was to guard Danny Wolfe, who suffered a shoulder injury. Although Wolfe was sidelined, end Ben Proctor and fullback Frank Guess were ready for full duty again.

Coach Blair Cherry, in commenting on last week's game, said he "was disappointed, naturally, but far" from discouraged. I think we put out all we had, and I'm proud of our showing."

Coach Matty Bell warned the Mustangs yesterday that they would not be able to let down against the Aggies, despite the fact the visitors have lost seven straight.

## Rose Bowl System Draws Criticism

PASADENA, Cal. Nov. 2 (UP)—Long-smouldering objections to the Big Nine sending its second or third-best football team to the Rose Bowl broke into the open today.

The tournament of Roses Association, sponsors of the New Year's Day classic, was reported preparing a protest to the Pacific Coast conference which provides the host school in the annual game. The association's executive committee voted to instruct its football subcommittee to find out why the Big Nine can't change its rules so the championship team comes West New Year's Day.

As the agreement, between the two conferences now stands, no team from the Big Nine can play in the Rose Bowl more than once during the first three years of the five-year contract.

A needle-threader which threads all sizes of small needles from No. 9 up and any thickness of thread has been produced. All one does is drop the needle, eye down, into a tiny hole in the device.

## Heath Will Enter Pro Ranks In 1949

RENO, Nev. Nov. 2 (UP)—Stan Heath, who has gained almost a mile this season with his phenomenal arm, will "throw for dough," next season.

Heath, the six-foot quarterback for the sensational undefeated Nevada football team, has another year of eligibility at Nevada but he said he will give that up for a fat paycheck.

"I figure that I'll have about as good a season this year as I'll ever have and after thinking it out, I'm sure it's the right thing to do," the pigskin wizard said.

## Rate Hike Denied

WASHINGTON, Nov. 2 (UP)—The Interstate Commerce Commission today rejected a petition by the nation's railroads for an immediate freight rate increase.

It said hearings will start Nov. 30, on the carrier's request for a 13 per cent increase in rates. At that time it will consider whether part of the increase should be made effective on short notice.

The railroads on Oct. 1 requested an eight per cent increase. On Oct. 12 they boosted the request to 13 per cent. At the same time, they asked that eight per cent of the proposed hike be granted immediately in view of recent wage increases won by unions.

Arizona is crossed east and

west by four transcontinental highways — United States highways 60, 66, 70 and 80 — while the Canada to Mexico highway — United States highway 89 — crosses the state north and south.

## Hopper Chopper

Latest entry in the grasshopper gulping derby is Hazel Ford, 25, Northwestern University journalism student. Hazel held out for \$7 before eating the insect in Chicago. A Macon, Ga., girl started the hobby by swallowing one for \$2.

W. H. Mullings, Publicity; James Horton, Fellowship; R. D. Estes, Baby Specials; F. L. Drago, Pianist; Circle Leaders, Mrs. Elbert Tanner and Mrs. R. D. McCrary.

Mrs. H. C. Ferguson, acting president, presided over the business session when plans were made for the Bazaar in this month. Mrs. N. P. McCahey, Mission Study secretary had charge of the program on Americas' Geological Frontier. Mrs. Bean talked on The Canal Zone, and "Our Obligations in Church and Nation." Mrs. George Cross discussed "The Virgin Islands and America."

Present at the meeting were: Mmes. J. M. Bond, J. L. Cottingham, N. P. McCahey, Frank Castleberry, Frank Crowell, Bill Walters, B. O. Harrell, C. G. Stinchcomb, W. H. Mullings, H. L. Hassell, R. D. McCrary, W. G. Marquardt, W. M. Haymes, Margaret Welch, F. L. Drago, George Cross, Ina Bean, O. O. Mickle, C. H. Harris, T. M. Johnson, Ida Foster, James Horton, M. S. Long, Cyrus B. Frost, P. M. Davenport, Ora B. Jones and R. C. Ferguson.

Chickens in the United States consume enough feed annually to fill 500,000 railroad cars — the equivalent of five trains stretching from New York to Chicago.

One-fourth to two-thirds of the weight of trees and freshly cut logs is water.

**Preserved in Pottery**

Tom Cribb, left, and Tom Molineux, the Virginia Negro whom he defeated in 40 rounds defending the world heavyweight championship in 1810, are preserved in these rare pottery statues on display at the New York Antiques Fair. The figures were made at the scene of the fight, Copthall Common, England, and are valued at \$1200. Martin Murray of New York, is admiring them.

**Council Met Monday At 3:00**

The Missionary Council of the First Christian Church met Monday at 3:00 p.m. in the Church. Mrs. T. L. Cooper president, presided and opened the meeting with group singing. Let the Lower Light Be Burning, followed by the Lords prayer.

Mrs. James Watson was leader of the program and gave a talk on "Red Lights for Danger." Mrs. Eldress Gattis gave the devotional on Love. Mrs. Neil Day gave a talk on Stewardship of Time. Mrs. R. L. Carpenter gave a talk on Christian Family Life. Mrs. E. K. Henderson talked on Christian Literature Week and urged the members to read the bible daily.

During the business session it was announced a covered dish luncheon will be Sunday November 7 at 5:00 p. m. in the Church annex. All members and Church friends are invited to attend. The

**Missionary benediction closed the meeting.**

**Communists Seize Mukden**

Chinese Communists troops completed occupation of Mukden, (1) and reportedly cut to pieces the two Chinese armies attempting to escape at Yinkow (2). The American-trained and equipped 1st and 6th Armies were reported trapped and beaten in the 100-mile corridor (3) between Yinkow and Mukden. Task Force 38, main American Pacific fleet, arrived at Communist-menaced port of Tsingtao (4) reportedly to evacuate Americans from North China. It was also reported in Nanking that Communists had routed five government armies trying to retreat westward in Jehol Province (5). — (NEA Photo).

Jack Cross employed by the Texas Petroleum Company, located in Venezuela, South America; the past ten months arrived in Midland Saturday and is to reach Eastland to visit his parents Mr. and Mrs. George Cross. Jack will be here for about eight weeks, and is expecting a transfer.

This was revealed today by investigating officers as a physician began performing autopsies on Billrey and Duke's wife, Mrs. Dorthea Duke, 27, who died at 4:15 A. M. last Feb. 17. Mrs. Duke was in a local hospital being treated for what was described as a mild form of influenza at the time of her death.

The bodies of Billrey and Mrs. Duke were disinterred for the autopsies.

District Attorney Al Clyde called for the autopsies after they had been requested by the physician who attended the three persons.
