JITTERY MUSTANGS LEAD RACE AFTER SQUEAK AGAINST AGGIES

By Ed Fite
United Press Sports Writer
DALLAS, Tex. Nov. 2 (UP)—Arkansas, like Texas A. & M., isn't noted for its passing, but Southern Methodist's Southwest Conference front-running Mustangs hoped today the Porkers don't emulate the surprise aerial assault with which the Aggies almost blew SMU's hopes away last Saturday.

For Arkansas is the big hurdle SMU must get over this week if it is to keep a clean slate with which it can become the first peace time championship repeater in conference history—and, not too incidentally, get a return visit as host team in the Cotton Bowl classic.

The Mustangs salvaged their game with the Aggies last week after a terrific scare to step into undisputed first place in the conference race as Texas knocked the props out from under Baylor's hitherto unbeaten Bears.

Now, SMU has only Arkansas, Baylor and Texas Christian ahead—all expected to be rugged tests.

Texas and Baylor can only sit back and hope that the Bears or one of the other two remaining foes of the Mustangs turn in an upset victory and pave the way for a double or triple tie for the crown.

The SMU-Arkansas game tops a full conference slate of three games and an inter-sectional melee between Baylor and Tulane at New Orleans.

Texas invades the TCU Horned Frog lair in the second most important test on the card, while the Aggies play host to Rice in the other tie go.

The Porkers at Fayetteville are always tough—thanks to the long, difficult train-bus trip necessary for a foe to get there and this week is homecoming week in the Ozarks, always a time for the Hogs

Upsets Reduce Unbeaten Roster To Five Teams

NEW YORK, Nov. 8 (UP)—With their teeth still rattling from a bombardment of upsets over the weekend, the five remaining candidates for the national football championship were looking forward today to more woe next Saturday.

A tidal wave of surprises, without parallel this season swamped the ranks of the hopeful and, when the flood had receded, only Army, Notre Dame, Michigan, California, and Clemson were left high and dry.

Of the five only Michigan, a 37-0 winner of Navy, can expect easy going against this week when it meets Indiana, one of the weaker big nine teams. On the other hand Notre Dame, which trounced Indiana, 42-6, faces what may be its toughest game of the year in Northwestern, the team likely to play in the Rose Bowl.

Army, which breezed over Stanford, 43-0, will meet Pennsylvania, the major upset victim of the past week-end when it fell out of the unbeaten ranks at the hands of Penn State, 13-0. California, with a 4-0 record in the Pacific Coast conference after slugging U. C. L. A., 28 to 13, takes on Washington State, owner of a 4-2-1 record.

Fires Don't Know When To Stop

... and no one knows when they are going to start. Consider the words of wisdom from the man about town who is defending himself for not being insured: "I am careful. I never had a fire in my life," and the implication is that he never will. The answer to this kind of reasoning is in every daily newspaper, on radio programs and all other places where we get our news. The most careful and most fire-conscious some time have fires — not because they are careful but in spite of it.

COMBAT READINESS PLEA MARKS RED CELEBRATION

By Henry Shapiro
United Press Staff Correspondent
MOSCOW, Nov. 8 (UP)—Russia's celebration of the 31st anniversary of the Bolshevik revolution set Soviet policy today on a course of full combat readiness for protection against alleged Anglo-American efforts to unleash a new war.

The policy set forth by Premier Josef Stalin in his recent Pravda interview was emphasized and expanded somewhat in the speeches of Soviet leaders at the anniversary celebrations.

The most forthright pronouncement was by Marshal Semyon Timoshenko famous commander in the second World War and in the civil war. Standing atop Lenin's tomb in Red Square, he said in the presence of the elite of Communism and massed civilians:

"The Soviet Army must be in full combat readiness and must strive constantly to perfect itself in order to protect the Soviet Union."

He already had sounded the warning voiced previously by Stalin in his interview and by Foreign Minister V. M. Molotov at the outset of the anniversary celebration that American and British warmongers were trying to foment a new war.

He contrasted what he called the peaceable, constructive labor of the Soviet Union with what he labeled the aggressiveness of the British and Americans.

The Soviets, he said, are willing to "work for peace and international collaboration on a basis of equality of powers and mutual respect."

He addressed his words to the massed officers and troops of the Soviet Army, drawn up for a great parade through the square.

The army marched under a fleet of hundreds of four-motor-bombers, fighters, assault bombers and jet propelled planes. They roared low under overcast skies, the jets hardly visible.

The parade ended with a display of light and heavy siege artillery, rocket guns, and heavy tanks. After the military show was over, an estimated 2,000,000 civilians representing factories, schools and offices marched singing and cheering through the square. Zikvbotov, in his capacity as acting prime minister, reviewed the parade. Stalin was believed to be on vacation.

Opposite Lenin's tomb, sandwiched between giant portraits of Lenin and Stalin, was a huge banner with the legend "under the banner of Lenin, under the leadership of Stalin, forward toward triumph of Communism."

The American military, naval and air attaches—Maj. Gen. John O'Daniel, Rear Admiral Leslie Stevens and Brig. Gen. Russell Crandall—were invited to the show. Last year the Americans were not invited, presumably in retaliation for the failure to admit observers to U. S. Army maneuvers.

NLRB Orders Texas Election

WASHINGTON, Nov. 8 (UP)—The NLRB has ordered an election to determine the bargaining agent for production and maintenance employees at the Grandview, Tex., plant of R. G. Le Toumeau, Inc., according to an announcement released by the NLRB today.

Most of the workers involved are machinists or machine operators.

Balloting at the election, to be held within 30 days of Nov. 4, will determine if workers are to be represented by the International Brotherhood of Boilermakers, Iron Shipbuilders and Helpers (AFL), United Automobile, Aircraft and Agricultural Implement Workers of America (CIO), the International Association of Machinists, or by no union.

A special switch, designed to prevent fire when a motor vehicle overturns, is available. It automatically cuts off engine ignition the moment a vehicle tips to an angle of 45 degrees or more.
