## Pythian Sisters Close District Meeting Here

Eastland Temple No. 72, was hostess to the District No. 6 convention on November 15, at the Eastland American Legion Hall, when Pythian Sisters from Breckenridge, Wichita Falls, Lamesa, Amarillo, Brownwood, San Angelo, Bangs, Odessa and Eastland were present.

The hall was beautifully decorated with 'mums' and floral arrangements by 'Poe Floral' in colors significant of the Order of Pythian Sisters. The background of greenery and autumn leaves was so arranged that it blended perfectly with the beautifully colored trees visible through the many windows, and made a setting of such natural beauty that it was a delight to the guests of the convention. Lantern effects in lighting decorations, also emblematic colors, were used.

The registration table was presided over by E. S. Elaine Massengale, E. J. Pauline Lee and G. of O. T. Laura Noble, who also presented corsages to the visiting guests of honor.

At 2:00 p. m. the convention was called to attention by Blanche Nichols of Eastland, District Deputy Grand Chief of District No. 6. The public program consisted of presentation of the Flag, by Breckenridge No. 44; Invocation by Edna Earle Williamson of Eastland, P. G. R. Mary Frances Burkett of Eastland Temple, in her usual gracious manner, welcomed the guests and Alice B. Cherb, of Amarillo, Grand Chief of the Grand Jurisdiction of Texas, responded. At the request of the District Deputy Grand Chief of Eastland Temple exemplified the beautiful ceremony of seating officers in the Temple. The convention went into closed session for the school of instruction conducted by the Grand Chief and the District Deputy.

At 5:00 P. M. the meeting adjourned to meet at the Majestic Cafe where a delicious banquet was enjoyed.

At 7:30 the convention again came to order at the hall. The District Deputy presented her district officers from their stations, including the district musician and staff who were from Brownwood.

## Dry Cold Front Moves Into Texas

By United Press  
A cold front, described by U. S. Weather Bureau forecasters as "mostly dry," left a thin blanket of snow on the ground at Amarillo today in its path toward the Gulf of Mexico.

The front, originating off the mountains of the Pacific Northwest, caused little precipitation as it whipped into the Panhandle country of West Texas. Only at Amarillo was snow reported early today while an early morning fog blanketed the San Antonio-Austin area.

Cloudy conditions were reported in the eastern section of the state and along the Gulf coast, while rain fell at Lufkin. The western part of the state and most of the Panhandle—from Fort Worth westward—was described as clear to partly cloudy. The front, described as moving "fairly fast," was expected to reach the Gulf coast by tonight.

Temperatures in the extreme portion were expected to drop to 30 to 34 degrees tonight with fair and cooler weather predicted for tomorrow. Temperatures of from 24 to 32 degrees were predicted for the Panhandle and South Plains and in the upper portion of the Pecos Valley tonight with fair and warmer weather expected tomorrow.

## Guilty Pleas Heard In County Court; Fines Paid

A number of pleas of guilty were heard by Judge P. L. Crossley in county court Tuesday. The jury called for that day was excused for the week.

Among the cases disposed of were:

State of Texas vs. Jake Stuard. Plea of guilty entered on reckless driving charge. Fine of \$5.00 and cost assessed.

State of Texas vs. Will D. Hazel. Plea of guilty entered for reckless driving. Fine of \$5.00 and cost assessed.

State of Texas vs. Lee Johnson, charged with possession of liquor, for the purpose of sale. Case dismissed on account investigating officers found only one pint of liquor.

State of Texas vs. Billy Jean Hancock, charged with driving while intoxicated. Case dismissed because defendant had entered a plea of guilty and paid fine in City Court.

State of Texas vs. Fairy Lee Patterson. Case continued on motion of defense counsel.

A new record was established by air express in the United States in the first nine months of 1948 when 2,969,411 shipments were flown, a gain of 10.4 per cent over the corresponding period of last year, Railway Express reports.

Battelle Memorial Institute in Columbus, O., with more than 1,200 employees, is the largest endowed research organization in the world.

Gunnard Eric Seaberg takes what may be his last close look at a milk wagon as he receives congratulations of his fellow workers at a Chicago dairy. Seaberg inherited an estate estimated at \$600,000 from an aunt in Denmark. It is believed that Seaberg will have to go to Denmark to collect the money. — (NEA Telephoto).

## MAVERICKS CLOSE OUT SEASON AGAINST CISCO LOBOES AT HOME

By Marvin Gross

Definitely out of contention for the BA crown the Mavericks can still wind up the 1948 season in successful fashion in their final session of football against the hard luck Cisco Lobos tomorrow evening at Maverick field.

After a string of five consecutive successes the Mavericks dropped their last two outings—to Hamilton and to Ranger. But despite the slight slump Coach Wendell Seibert's eleven is ringing down the curtain on a year which promised almost nothing in the way of victories.

Dropping their opening two non-conference games without scoring a single point the Mavericks looked headed for the most dismal season in many years. But somewhere along the line the Mavericks found the spark.

They took a rugged Winters team by one point and then scored to successfully throttle De Leon, Gorman, Dublin, and Comanche—all conference opposition. With a cinderella climb to the championship by a few inches away the Mavericks lost a wild 33-20 affair to Hamilton and then were blanked 13-0 by Ranger.

They meet a team tomorrow night who have given every foe a battle but who have yet to finish with the most points. Cisco tied Weatherford decently but Weatherford received the verdict due to a superiority in first downs. Against SA opposition Cisco dropped a close 12-6 decision to power-

### Just Like A Dream

ful Ranger.

Coach Hansard has a group of backfield performers who can cause trouble if they ever find the right combination. Tailback and ace passer is Russel Johnson, an 136-pounder who has thrown with accuracy at times.

Top power runner is Robert Rendell who runs from fullback spot, and for sprint duties Hansard has tiny quarterback George Watts. Duard Smith at end is on the receiving end of most of the heaves and adds to this forte with a strong kicking game and safety duties.

The majority of the Mavericks will be playing their final game for Eastland. The backfield stalwarts,—in Smith and Jack Kelly wind up a glorious high school playing career. It has been Kelly and Smith who have slashed and battered their way to the majority of the Maverick scores.

Both will rate high in all-district selections. Smith a sprint champion has bolted for scoring runs up to 95 yards in the past few games. Kelly, in his first year as a backfield performer—he formerly played on the line—has been equally effective in his power tursts.

The Mavericks hold the only decision over the potential winners of the BA conference—Dublin. With a last minute touchdown heave—Brashier to Smith, Eastland dumped the Lions with their only conference loss. The battle between Hamilton and Dublin tomorrow will decide the representative playoffs. Each have a season's mark of four and one in conference play. Ranger inflicted the only defeat on Hamilton with a convincing 27-0 victory at Ranger.

## Olin Culberson To Be Eastland Speaker, Nov. 30

Olin Culberson, member of the Texas Railroad Commission, will be guest speaker at a joint meeting of the Eastland Rotary and Lions clubs, Tuesday, November 30. The joint meeting will be held at the regular meeting place of the Lions at the First Methodist church.

Commissioner Culberson is an entertaining and interesting speaker that many will want to hear. Lions and Rotarians and their friends in this area are invited to hear his talk on the above occasion.

In order that arrangements may be made to accommodate the crowd it is suggested that those planning to attend notify the secretaries of the Rotary and Lions club at their earliest convenience.

Papaya, a tropical fruit, and pecans both hold promise of becoming big crops for the Lower Rio Grande Valley area of Texas.

## Crossley And Stiles Purchase Schoor Gas Well

The Schoor well, which has produced longer than any other gasser in this section of Texas, has been sold.

The well, some seven miles southwest of Eastland, was completed early in 1919 by the Humble Oil & Refinery Company and was rated around 30,000,000 cubic feet a day. The Humble has used its output for 30 years at Humbletown for heat and as fuel in operating the company's shops.

W. A. Stiles and County Judge P. L. Crossley of Eastland have purchased the well and 20 acres. Stiles states that the well still has 500 pounds of pressure. It has been making a small quantity of oil, just starting recently, along with the gas.

Stiles indicated that the well will be acidized to see if it can not be made into an oil well. The formation is considered to be the Marble Falls, which is the same stratum that the wells in the Kirk pool, along the Eastland-Comanche line, are producing from. The Kirk pool was discovered last January. Boom day wells in the vicinity encountered the Marble Falls but it was unproductive, acid treatment being unknown in those days.

## First Concert Of Season Tonite

The Barry Ensemble, an all-girl organization, will be presented in a concert at the Eastland High school building tonight at 8 o'clock.

This is the first in a series of three concerts sponsored this season by the Eastland County Community Concert Association and admission will be by membership cards only. No admissions are sold at the door.

The association is a joint effort of the three towns, Eastland, Cisco and Ranger and tonight is opening its fourth concert season.

## Call C. O. C. If You Want New Home In Eastland

People interested in building a home in Eastland are asked to contact H. J. Tanner, secretary-manager of the Chamber of Commerce and advise him of their needs.

Mr. Tanner, in Fort Worth recently, had a conference with contractors there that are planning to build some homes in Eastland and they would like to have an idea of how many people actually want new homes in Eastland.

## BRITAIN FAVORS BERNADOTTE PARTITION PLAN IN PALESTINE

By United Press  
Britain came out today in favor of the Bernadotte partition plan for Palestine, bitterly opposed by both Israel and the Arab states.

Minister of State Hector McNell announced Britain's sponsorship of the plan in the political committee of the United Nations at Paris. It calls for Jewish withdrawal from the arid Negev area of southern Palestine in exchange for western Galilee in the north.

Britain wanted the United States to go along with her in sponsoring the proposal, originally drafted by Count Folke Bernadotte, UN mediator assassinated in Palestine. But it was learned the Americans refused. That probably means that the proposal will be rejected because approval would require a two-thirds majority.

The U. S. delegation to the UN, meantime, summoned to Paris from Washington and Germany American experts on the Berlin currency problem to participate in another attempt to end the Berlin crisis.

## THIS, OTHER APPOINTMENTS INDICATE ADHERENCE TO BI-PARTISAN POLICY

BY JOHN L. CUTLER

### French Forces Sent To Strike Hit Dunkerque

PARIS, Nov. 18 (UP)—Strong forces of French troops and Security Guards were rushed tonight to Dunkerque, where 2,000 striking dock workers barricaded themselves behind locked iron gates of the port.

The longshoremen's strike scheduled to paralyze all French ports next Monday already was effective at the channel port, and the situation there was described as serious.

Strikers seized port entrances and locked the iron gates which were put up by the Germans during the occupation. They reinforced them with wire, barrels and packing cases, and pushed freight cars up behind the barricades.

Ferry services from Dunkerque to Dover—the route taken in 1940 in the historic evacuation of British forces from France—were suspended, and the boats were diverted to Calais.

Troops and Security guards patrolled the war-scarred streets of the town, but had made no attempt as yet to dislodge the strikers.

### Rayburn Confers With President

SHERMAN, Nov. 18 (UP)—Rep. Sam Rayburn left in an air forces plane today to meet with President Truman in Key West, Fla., but declined to say what he and the President would discuss.

"I'm just going to see the water," said Rayburn with a smile.

Importance of the conference was indicated by the fact that an executive order was issued to send the converted B-17 bomber from Washington to Perrin Field to pick up Rayburn.

Rayburn, who drove here from his home in Bonham, was the only passenger aboard.

Farmers were getting 53 cents of the consumer's food dollar in July, 1948. Wholesaler, retailers, transportation companies and others shared the remaining 47 cents.

More than 8,500,000 acres of land are included in the big timber areas of New Mexico.

KEY WEST, Fla., Nov. 18 (UP)— President Truman today appointed John Foster Dulles acting chairman of the U. S. delegation to the United Nations meeting in Paris.

Dulles, adviser on foreign policy to Thomas E. Dewey during the Presidential campaign, will serve as acting chief of the delegation during the absence of Secretary of State George C. Marshall. Marshall is coming home to confer with Mr. Truman in Washington on Monday.

The president also appointed Benjamin Cohen, an alternate delegate to the UN General Assembly, to serve as chief delegate temporarily. Cohen will replace Warren R. Austin who is ill.

Announcement of the appointments preceded a luncheon conference between President Truman and Defense Secretary James Forrestal on critical world problems.

### Shipping Tie-Up Damaging Nation

NEW YORK, Nov. 18 (UP)—The maritime strike on the East and West coasts has idled 148,000 workers and 647 ships and is costing the nation's economy some \$50,000,000 (m) a day, a United Press survey disclosed today.

While negotiators and federal mediators worked to settle the West Coast strike of 12,000 CIO longshoremen and the East Coast strike of 65,000 AFL dockworkers, some 34,000 seamen and 32,000 workers in allied industries were thrown out of jobs.

Spokesmen for the sugar and wool processing industries, dependent on imports, said they were faced with imminent shutdowns.

And the national defense program is being curtailed as the flow of imported strategic materials is cut off according to a report by the commerce and industry association of New York.

### THE WEATHER

BY UNITED PRESS

East Texas — Cloudy to partly cloudy. Showers in east and south portions. Cooler in interior this afternoon. Clearing and colder to night. Temperatures 30 to 34 in extreme northwest portion. Friday fair, cooler along coast. Moderate to fresh southerly winds on coast, shifting to strong northerly tonight.

West Texas — Partly cloudy and colder this afternoon and tonight. Temperatures 24 to 32 in Panhandle, South Plains and from the upper Pecos Valley westward. Friday fair. Not so cold in Panhandle and South Plains.

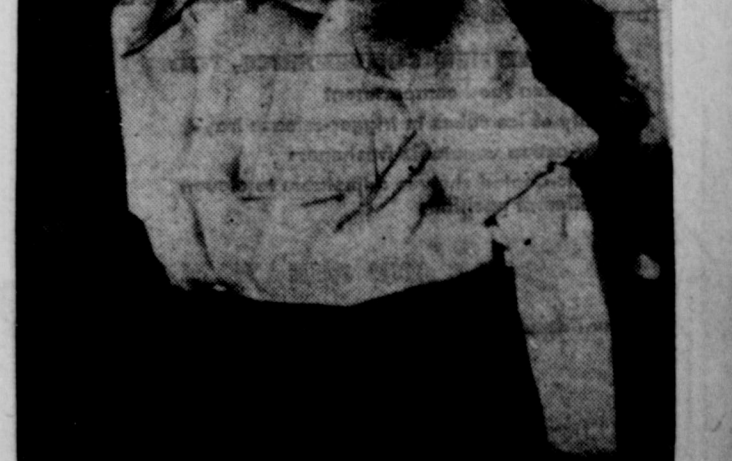

In addition to Forrestal, luncheon guests today were Gov. elect Fuller Warren, Sen. Claude Pepper and Rep. George Smathers of Miami.

Meanwhile, Mrs. Truman and daughter, Margaret were at Havana aboard the *Williamburg* on a sight seeing cruise.

PRINCESS, SON FINE  
LONDON, Nov. 18 (UP)—Buckingham Palace reported today that Princess Elizabeth had a comfortable night and continues to do well.

Her son, born Sunday, "is a healthy baby and is doing well," a bulletin from the palace said.

## Shrine Frosh Game May Break Record

AUSTIN, Tex., Nov. 18 (UP)—Attendance for the Shrine-sponsored charity football game Saturday between Texas A & M and University of Texas Freshman may break all previous records for freshman football games in Texas, it was indicated today.  
The Ben Hur crippled children's committee, sponsors of the game, reported that advance ticket sales in both Austin and Bryan indicate that the previous unofficial record of 12,000 may be broken.  
The present mark was set several weeks ago at Houston when the University of Texas Short-horns defeated the Rice freshmen.  
The game will be played at College Station.

## Mustangs Prime For Baylor Fray

DALLAS, Tex., Nov. 18 (UP)—Only a pair of reserves were on the doubtful list today as Southern Methodist prepared for its final hard workout before Saturday's crucial game against the Baylor Bears.  
Frank Payne's chest and hip bruises suffered in the Arkansas game have kept the triple-threat back from practice and he was on the extremely doubtful list. Guard Eric Lipke was nursing a knee injury suffered yesterday and may not get into action Saturday.

## Bivins Surprises Battling Champ In Exhibition

CLEVELAND, Nov. 18 (UP)—Jimmy Bivins was enjoying a suddenly fatter reputation as a heavyweight challenger today but the suspicion lingered that champion Joe Louis may just have been toying with him in their six-round exhibition bout.  
Bivins, Cleveland negro who has coveted Louis' crown for years, startled a crowd of 10,860 at the Arca last night as he carried the fight to the champion for the first four rounds, even opening a gash in his left brow.

The fact that Louis rallied in the last two sessions and rocked the Clevelander with stiff shots to the jaw failed to erase the good impression created by Bivins' early attack. Whether, as Bivins hoped, that impression was good enough to gain him a title bout next June remained to be seen.

Louis, however, seemed only half-hearted in the first four rounds and didn't really open up at any time in the longest bout of his current exhibition tour.

## A&M Ceremonies Draws Educators

COLLEGE STATION, Tex., Nov. 18 (UP)—Leading educators from throughout the United States were here today for the inauguration of Dr. Frank Cleveland Bolton as president of Texas A&M College.

Dr. Bolton succeeds Gibb Gilchrist who assumes his new duties as chancellor of the Texas A&M system in Texas.

An Iowa man, Dr. Charles E. Fries, president of Iowa State and an A&M Graduate, will deliver an address on "The Changing

Horizon of Science."  
The ceremony will be held at Kyle Field stadium at 2 P.M. representatives from 130 colleges and universities in the United States and various state officials will attend.  
Dr. Bolton has been connected with A&M since 1909, serving as executive vice-president and dean of the college since 1937.

## Tulsa Takes Lead In Hockey Play

By United Press  
The Tulsa Oilers forged back into the southern division lead in the United States Hockey League today.

The Oilers whipped in three quick goals in the opening period to amass a lead the Dallas Texans couldn't overcome last night and went on to win a 5-3 verdict.

Meanwhile, the Fort Worth Rangers—with whom Tulsa was tied for the lead at 14 points each—dropped their game to the Houston Huskies by the same score.

Tonight's games will send Fort Worth to Houston and Kansas City to St. Paul the latter game pitting the 1-2 clubs in the northern division. Kansas City holds a one-point lead over the Saints.

## Early Pros Traveled Light but Happy, Basket Coach Recalls

BY HARRY GRAYSON  
NEA Sports Editor

NEW YORK—(NEA)—Opening the season at Madison Square Garden with his New York Knickerbockers of the Basketball Association of America, Joe Lapchick recalls the time, when, not so many years ago, Tommy Humphreys made all of his professional bookings with penny postcards.

Pro basketball's front office then was situated in Humphrey's hat, which, during the office season, was hung in Chattanooga, Tenn. He didn't even have a telephone, yet in the early 1930s he annually booked the Original Celtics' 100-game schedules.

Pro hoops now engage in 60 games a season for which the average salary is more than \$1000 a month. They are housed, fed and transported in a grand manner.

"When I played," says Coach Lapchick, "our transportation was a second-hand automobile and its accompanying headaches and repair bills. We made one-night stands, did most of our sleeping in the old jalopy traveling from town to town."

"Humphreys' salary was 15 per cent of what we received, which wasn't much. It was as little as \$125 in some places. Occasionally we hit a hot spot where our take would be as much as \$1000.

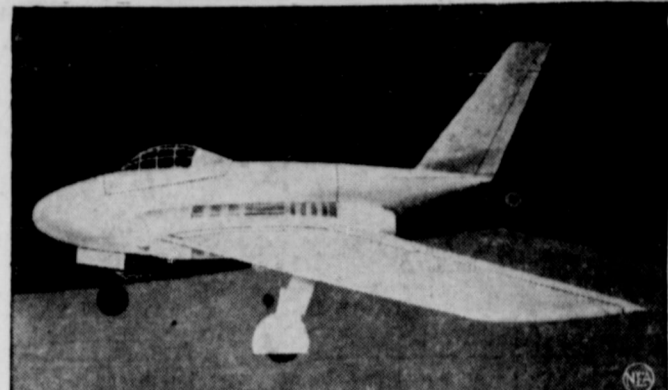

"As ours was a co-operative undertaking, we couldn't afford any portion of the luxuries of the current pro squads. Our hotel bill per man per day never exceeded \$1.25, but as food was cheap we had no problem in that respect.

"We took the road late each November, played almost every night with an average of 125 miles travel between starts. The standard equipment was one suit of clothes, one uniform and two dark shirts. We had no laundry bills. The suits were pressed often enough to maintain the social standing and dignity of the champion Celtics."

"We called the dark shirts 'One Thousand Miles' because we wore them that long between washings. Underwear, socks and handkerchiefs were purchased in 5-and-10-cent stores and discarded, never washed, when soiled.

"Those old-timers, the trail blazers of modern pro basketball, were great trouperers. There were many discomforts, true, but we had a million laughs and experiences."

Joe Lapchick's Knicks conditioned in the open air of Bear Mountain, N. Y. The other money teams trained at swank resorts or on college campuses. They play in the superior arenas on polished floors, under perfect lighting and with the most expensive equipment. They have financial backers. But it was men like the Original Celtics, who played in dark hole-in-the-walls, and later coached college boys, that ultimately turned 'em away in basketball.

AUSTIN, Tex., Nov. 18 (UP)—A total of 254 Texas charters of incorporation were issued businesses with a capitalization of \$4,729,000 in October, the University of Texas bureau of business research reported today.

Of the new firms, 57 were in merchandising; 33, real estate,

and 30 manufacturing, the report said.

BAYTOWN, Tex., Nov. 18, (UP)—Farmers and gardeners of East Harris County were schooled today for another year's production after the one-day annual clinic sponsored by the agriculture committee of the Baytown Chamber of Commerce.

The clinic was held yesterday, in conjunction with a livestock and poultry show by 4-H club boys and Future Farmers of America.

Speakers included Dr. J. F. Roseborough, horticulturist at Texas A & M College and Dr. Charles A. King, associate extension entomologist at A & M.

HOUSTON, Tex., Nov. 18 (UP)—Plans for a school of pharmacy at the Texas State University for negroes were announced today by the school's president, A. O'riara Lanier.

Dr. Lanier made the announcement after a meeting of the board of trustees. He said six students at TSU were already taking pharmacy courses.

The board session resulted in the awarding of a \$30,944 contract for a home economics building to the Baxter Construction Company of Houston.

HOUSTON, Tex., Nov. 18, (UP)—A new cold wave is predicted to hit Houston tonight, and

weatherman E. A. Farrell said readings would be around the 46-degree mark.

Farrell said the front is moving toward Texas from the Rocky Mountain region, and snow flurries have already been observed in the Panhandle.

SHERMAN, Nov. 18 (UP)—Rep. Sam Rayburn, D., Tex., left Perrin Field in an air force plane at 7:30 A. M. today for Key West, Fla., where he will confer with President Truman.

Rayburn will be joined in the conference by defense secretary James Forrestal.

## Morton Valley News Items

Rev. and Mrs. Maurice B. James and daughter, Linda, were guests in the L. H. Taylor home Sunday.

A family reunion was held at the O. H. Williamson home one night this past week. For the first time in several years all the children of Mrs. Annie Lee Williamson, a home owner here for many years, were all together.

Mrs. Williamson is in poor health now, and is unable to get around too much by herself, but you will not find a more jolly person any more. She is the mother of twelve children, five of them having passed to their reward. Mr. W. G. Williamson passed away some thirteen years ago.

Those present for the reunion were, Mrs. Annie Lee Williamson and sons, Don, of Marshall, Lee, of Olden, Less, A. W., O. H., and Dee, all of Morton Valley, and one daughter, Mrs. Ludie Mae Owens, of Olden. A number of grand children and two of the great grandchildren were present.

Gerald Matthews, a student of Hardin Simmons University, visited his parents, Mr. and Mrs. W. J. Matthews over the week-end.

Mr. and Mrs. Arvil Sherrill and children visited their parents in Dallas Sunday, Mrs. J. C. Reimer and Mr. and Mrs. George Sherrill.

Cpl. G. W. Tankersley visited his wife and sons in the J. L. Williamson home over the week-end.

Mr. and Mrs. Bobby Crouch of Cisco visited her parents, Mr. and Mrs. H. C. Pounds Sunday.

Morton Valley and Olden A and B Teams clashed Friday night in the Olden Gym, coming out just about even since the Morton Valley girls were winners in both of their games, and Olden boys were winners in both games.

W. M. R. met at the church for the Royal Service program Monday evening. Mrs. Burton Tankersley presided. Mrs. Arvil Sherrill brought the devotional.

Mrs. H. O. Hearn of this community and Mr. and Mrs. Earl Trout of Oil Center, New Mexico, have gone to visit Mrs. Hearn's daughter, Mary in Kansas.

Mr. and Mrs. Sam Jones and children of Rising Star, visited the J. W. Harrisons last Wednesday evening.

Mr. and Mrs. Morris Joe Greenfield of Slaton, visited his grandparents, Mr. and Mrs. Lewis Bagget Sunday evening.

Miss Delores Williamson underwent tonsilectomy last Saturday at the Gorman Hospital.

## Big Ears Mean Much Work

Farmer Francis L. Gorman, of Monee, Ill., contemplates with pride—and a little awe—two of the giant ears of corn he grew. Gorman's farm helps to make up the record corn crop, which means a record job of harvesting and husking. Upwards of 3,500,000,000 bushels are expected.

Malthy.

Mr. and Mrs. Billie Joe Clark of Gorman visited this week-end with his mother, Mrs. Eula Clark.

Mr. and Mrs. Charlie Warden and daughter, Gwendolyn, accompanied by her mother and grandmother, Mrs. Nina Lohman, and aunt, "Sally" Eaton made a business trip to Clyde Saturday.

## Mrs. A. F. Taylor Leader Of Program For Study Club

Members of the Seale Runners Club, and the Beethoven Club, were guests musicians at the guest day program of the Music Study Club, Wednesday afternoon at the Woman's Clubhouse, with Mrs. A. F. Taylor as leader of the program, who was introduced by Mrs. T. E. Richardson the president.

Milton Herring at the piano played Moonlight Sonata, by Beethoven, and Warsaw Concerto, by Adolphine, Col Don Brashier, with Veda Myrie Sneed, and Milton Herring with Marie June Poe at two pianos played Hungarian Dance, number five, by Brahms, and Country Gardens, by Graner. In the second number the quartet changed pianos for the next number, which they did very gracefully.

"Echoes of Vienna" by Strauss, was played in a duet by Jimmy Everett and Alice Joyce Cushman of Olden. On The Meadow, by Linchner, was played by Patsy Atwood, Audrey Crews and Marilyn Morgan sang Morning Hymn, and The Rose of Traut, accompanied at the piano by Mrs. Taylor. Valse Brillante was played by Jana Weaver, all of which were beautifully presented.

Hostesses for the lovely occasion were Mesdames Bob Vaught, W. E. Brasinger, D. L. Houle, and T. R. Atwood, served delicious punch, cookies and roasted nuts. The tea table in white madras linen had a center piece of various colored mums flanked on each side by a Thanksgiving motif of turkey gobblers, surrounded

by autumn foliage. The Thanksgiving motif was carried out in the napkins. Mrs. T. E. Richardson laddled fruit punch.

Present were Mesdames A. F. Taylor, Don Parker, A. H. Gleason, J. E. French, D. L. Kinnaird, F. A. Jones, R. L. Carpenter, H. E. Williams, N. L. Smitham, N. P. McCarty, N. T. Johnson, H. T. ## West Ward PTA Held Regular Meet Tuesday

The West Ward P. T. A. held their regular meeting Tuesday, Nov. 16, at 8:00 p. m. The meeting was opened by Mrs. L. E. Corbell, president. Virginia Ray McCard, Juan Smith and Juan Jay Smith each gave a piano solo. Mrs. Jack Lee, program chairman, introduced the speaker for the afternoon, Mrs. Curtis Keen, who spoke on "The Home". Mrs. Eldress Gattis, Finance Chairman, reported that West Ward made \$181.24 to their part out of the Halloween Carnival. Through the generosity of Mrs. Keen, hospitality chairman, a present was presented to Mrs. Eldress and Mrs. L. E. Corbell for their efforts put forth in the carnival.

Swings have been put on the school playground through the efforts of Mr. Curtis Keen, Mr. Eldress Gattis, Mr. Jeff Chenault, and G. L. McDonald.

After the meeting adjourned, the group retired to the cafeteria for the social hour. Mrs. Hubert Tombs, Mrs. Bill Coie, Mrs. Jeff Chenault, and Mrs. Otis McDonald, second grade mothers, who were hostesses, served pumpkin pie with whipped cream and coffee to thirty mothers. The table was beautifully decorated with fruit and candles.

The Study Club will meet at the home of Mrs. Jack Lee, Dec. 7, at 9:00 a. m.

## Mrs. J. L. Waller Entertains Son With Party

Mrs. J. L. Waller entertained her young son, Bobby with a party on his third birthday Tuesday morning, Nov. 16, at their home at 1314 South Seaman. Guests were greeted at the door by the honoree. ### Alsbrook's Kliener Shows As Big Well

The largest Mississippi well in Eastland County was brought in Tuesday north of Cisco for a calculated open flow of 2200 barrels of 43 gravity oil per day. The well is the Alsbrook and Potter Kleiner. It has extended the Mississippi pool north of Cisco westward one-half mile. This spot had been previously condemned by other operators in the area as having no Mississippi. Don Kralls, Eastland geologist, worked the project out for Alsbrook and Potter and recommended that a test well be put down because he believed the reef extended that far, after doing detailed geological work in the area.

121 feet of Mississippi reef pay was penetrated. The well bottomed in Mississippi. On a reduced flow on a 12-64's choks the well gauged over 400 barrels in 24 hours flowing naturally.

Operators have moved 660 feet north and are beginning their second well immediately.

### Brilliant New Comet Makes Camera Bow

"Comet 1948 L," the most brilliant aerial visitor seen in the Northern Hemisphere since 1927, is photographed by an 18-inch camera at Mount Palomar observatory, California. The comet is visible just about dawn. It was first seen in South Africa, and astronomers say it rivals the famed Halley's Comet for brilliance. They are working now to determine its orbit, and to figure out when it may be expected back again.

### SEE NO SPECIAL SESSION TO STUDY SCHOOL MOVES

AUSTIN, Nov. 18 (UP)—Statehouse speculators believed today that Gov. Beauford Jester, who has never called a special session, will not summon the legislature into an extraordinary meeting to consider proposals of the Gilmer-Aikin committee.

The Governor has declined comment on a special session, but his office recently reported he was "still studying the matter."

Lt. Gov. Allen Shivers of Mission asked Jester to call the session "as early in December as possible" to prevent matters of "first importance" from conflicting with business at the new regular session.

The Gilmer-Aikin committee was created by the 50th legislature to study the state's school system and recommend improvements.

Shivers said Jester had told him he would give his request,

made formally Nov. 9, "serious consideration."

Since taking office, Jester has rejected requests for special sessions for rural aid for schools, old age pensions, teachers' pay, and the Ellis plan for reform of the state prison system.

### Win Texas 4-H State Championships

TEXAS' 4-H State winners in the 1948 Dress Revue, Food Preparation, Girls' Record and Home Improvement programs, who each received an all-expense trip to the 27th National 4-H Club Congress in Chicago, and brief outlines of their records follow:

In recognition of what she has learned in 4-H Club work about all phases of homemaking, Lois Wilson, 16, of Morton, has been named State winner in the 1948 National 4-H Girls' Record program. She helped raise 1,250 fowl and sell eggs, and canned 2,922 quarts of fruit and vegetables from the family garden. To beautify her home she repaired the fence, cared for the lawn and planted flowers. Lois makes all her own clothes. She has served her club as secretary, president, and is junior leader. Lois has been awarded an all-expense trip to the National 4-H Club Congress, Chicago, provided by Montgomery Ward.

If you visited her home in Moore, you would readily see why Shirley Moore, 15, has been named State winner in the 1948 National 4-H Home Improvement program. Shirley has remodeled a narrow clothes closet into a linen closet, put new linoleum on the floor, varnished and covered a rocking chair, and saved the posts off her bed to make it Hollywood style. Shirley helped upholster a studio couch and chairs for the living room. She also helped in painting the bathroom and kitchen. In recognition of her achievements, The Sears-Roebuck Foundation is providing Shirley with an all-expense trip to the National 4-H Club Congress, Chicago.

Preparing tasty, nutritious home meals is an art, well mastered by Donna Hendry, 16, Blackwell, who has been named State winner in the 1948 National 4-H Food Preparation program. Donna has prepared and served 4,889 meals and 2,217 separate dishes during her eight years as a 4-H member. She has also completed 63 projects, canned 2,345 quarts of food, raised 1,320 chickens, and 57 hogs, calves, and sheep. She has held every office in her club, and was also county president. She is now an assistant leader. The income from her 4-H projects amounts to \$4,566. As a recognition of her 4-H achievements, Donna was awarded

All of these activities are conducted under the direction of the Extension Service of the State Agricultural College and USDA cooperating.

### OPPOSITION LOOMS

EDINBURG, Tex., Nov. 18 (UP)—Rio Grande Valley school officials will have an opportunity Monday night to criticize the Gilmer-Aikin committee report on education when State Sen. A. M. Aikin of Paris speaks in Edinburg.

Many Valley educators have reared up in opposition to Lt. Gov. Allan Shivers' suggestion that a special session of the legislature be called to enact changes in the state's educational system as proposed by the committee.

They met at Pharr, San Benito, Brownsville and Edinburg to discuss the idea. Cameron and Wilacy county school men named committees to study the committee report further.

Supt. H. P. Ward of Edinburg charged that the plan would run his districts taxes up to \$2.10 per \$100 valuation. He said the program appeared entirely inadequate.

"It looks like a plan to put every school system on a rural aid plan," he said, claiming that teacher salaries would be lowered rather than raised in Edinburg.

Ward said cost of adoption of the plan to the state would be \$185,000,000. Taxes would take care of part, he said, "but \$65,000,000 would have to come from one source not mentioned in the Gilmer-Aikin report."

He objected also to the plan's being administered by nine board members and an administrator in Austin.

### Engineer Honored

Dr. Theodore von Karman, chairman of the Scientific Advisory Board of the U. S. Air Force, was awarded a Franklin medal, highest honor of the Franklin Institute of the State of Pennsylvania. Von Karman was named for his work which has "influenced the progress of aeronautical design."

### Laborites Push Steel Industry Nationalization

LONDON, Nov. 18 (UP)—The labor government pushed its bill to nationalize the British steel industry through its second reading in the House of Commons last night.

Although approval was by the comfortable majority of 373 to 211, the opposition vote was the biggest since the Laborites were voted into office in 1945.

The second reading is the most crucial stage for legislation. The third and final reading will deal mostly with minor amendments.

Anthony Eden, No. 2 conservative after Winston Churchill, denounced the nationalization measure as a "wanton and foolish step."

Herbert Morrison, deputy prime minister, told the House that the iron and steel industry's present "cartel nature" was virtually identical with the economic policies of Nazi Germany and Fascist Italy.

Come Thanksgiving, you'll be mighty thankful you marketed early. So look over the ideas below and plan your dinner right now. Then choose all you need for your Thanksgiving feed from A&P's big stock of big values!

### GOOD USE FOR A GOOD HEAD

Ever eat all of a salad, including the bowl? You can when it's made like this: Hollow out a firm, green cabbage head and shred portion removed (about 1 1/2 quarts). Add 3/4 tsp. salt, 1/2 tsp. pepper, 1/2 tsp. sugar, 1/2 tsp. grated onion and 1 1/2 tbsps. vinegar. Add 1/2 cup of tangy ANY PAGE SANDWICH SPREAD from the A&P; toss; chill and pile into cabbage shell. Serves 6.

### "CORN" AS CAN BE

Honest Injun, this corn pudding is the best thing that's happened to corn since the Indians discovered it! Beat 1 egg; add 1 cup milk, 1 cup of A&P's golden sweet IONA CORN, 1 tbsps. fat (melted), 1 tsp. sugar, 1/2 tsp. salt and 1/2 tsp. pepper. Mix well; turn into greased casserole and bake in moderate oven, 350° F., 1/2 hr. or till set. Serves 4 to 6.

### HOLIDAY HIT

If you want to make a big hit on the big day, take my tip and take a trip to your A&P for a rich JANE PARKER FRUIT CAKE. Studded with glacéed cherries, pecans, raisins and citrus fruits... this luscious fruit cake is America's favorite. Bet it'll be yours too!

### CRUST ISN'T A "MUST"

Pumpkin pie filling baked in a casserole instead of a crust is just as tasty... especially if you use A&P's choice ANN PAGE SPICES and this recipe: Mix 1/2 cup brown sugar, 1 tsp. cinnamon, 1/2 tsp. nutmeg, 3/4 tsp. ginger, 1/2 tsp. cloves and 1/2 tsp. salt. Add to 3 eggs, slightly beaten. Add 1 1/2 cups cooked or canned pumpkin; mix well and stir in 2 cups milk. Pour into 1 1/2 qt. casserole; set in pan of hot water and bake in moderate oven, 375° F., 1 1/2 hrs. or till set. Serves 6.

## Athletes Know the Benefits of Heat Lamps

Electric HEAT LAMPS ARE KEYS TO BETTER LIVING

Take a tip from athletes and their coaches and trainers—they all know that one of the best ways to get quick relief from muscular aches and pains is by applying the relaxing, soothing heat of an electric heat lamp. Sore and stiff muscles, strained ligaments or more severe sprains all react to the penetrating heat of heat lamps.

Electric heat lamps have many other uses around the home, too. For example, they dry fingernail polish, paints and lacquers rapidly. And best of all, they fit any standard lamp socket. No special stands or holders are needed, unless you prefer them.

Appliance stores, department stores and furniture stores have electric heat lamps available now.

### Snow Predicted For Midwest

By United Press  
The weatherman predicted snow for the entire midwest tonight, and said that violent storms will continue over Oregon and Prince Rupert, B. C. where a tug and a cargo vessel carrying 34 crewmen were reported in distress.

ted in Kansas, and the Federal Weather Bureau here said that snow had been sweeping across Colorado, Nebraska, and Wyoming since yesterday afternoon. The forecast for the midwest was for rain today, becoming heavy with snow tonight.

tonight with full force. The two distressed ships were caught by a preceding storm which swooped from the Alaskan Gulf in the wake of fierce winds. The four ships and left three persons missing.

### Shelled Pecans Should Be Stored Before January

Whether they are canned, frozen or in the shell, pecans are likely with cold evenings by the first of the year. And, if you intend to store any of this year's big crop of pecans, don't wait too long to get started. Waiting too long before putting them away might give the pecans a chance to get rancid. So for best results, store them before January.

Freshly shelled pecans may be packed in cell-phone bags, in cans, frozen in ice chest coolers, or in cardboard boxes. Seal the container and store at 0 degrees F. in a home freezer or a refrigerator. If a heating is necessary when freezing
