MAVERICKS TIGHT IN PINCHES AS THEY TOPPLE LOBOES, 6-0

By MARVIN GROSS

Staying off three deep penetrations, the Eastland Mavericks closed out their season on a high note of success edging past the Lobos 6-0 in a whirlwind battle of pass interceptions and stubborn lineplay.

With the victory the Mavericks posted their sixth success of the year against four losses. And for added prestige they are the only team in the SA conference who have defeated the ultimate winners—Dublin. The Mavericks prevailed 26-20 back in October.

Last night the Lobos were fired up to score their first 1948 victory—showing only two ties in eight outings—and between the two 20 yard lines they rolled like a powerhouse. But once inside the 20 the Maverick forward wall as if suddenly receiving glucose shots tightened like a steel vise.

The first Lobo march led by the wild charging Robert Rendell was halted on the Eastland two late in the second period. In the final half the desperate Lobos reached the 16 and the 23 but the assaults fizzled out.

It was courageous defensive work by tackles Roy Smith and guard Glenn Garrett who helped turn the tide. Smith clamped down on Rendell deep on the Maverick two when the Lobo fullback was set to lunge over and Garrett was a titan in the line the rest of the night.

Lobo defenses were primed and ready to halt Jim Smith and Jack Kelly but nothing was done about little Margil Wadley. And the shifty nidget bulldozer all but wrecked the C line. He didn't score the clincher—the honor went to Jim Smith—but Wad-

ley supplied the spark which nursed the 68 yard Maverick second half scoring drive.

Hold pretty much in check during the first half the Mavericks

Fairecloths To Operate East Main Station

S. S. and C. M. Fairecloth, the latter recently from Arkansas, are now operating the filling station at 408 East Main street, where they will handle Texaco products and Firestone tires and give the usual filling station service.

As an introductory offer they are offering special prices on Firestone tires. An advertisement giving prices and terms may be found in this issue of the Telegram.

S. S. Fairecloth lives at the Fairecloth sales barn site on Highway 780, just east of town. He and his wife have one child, Georgia Beth two years old.

C. M. and wife reside at 305 N. Seaman Street. They have no children.

NOTICE
If your Eastland Telegram has not been delivered by 6:00 p. m., one will be delivered to you if you will call 601 before 6:30 p. m.
—Circulation Manager.

Olden Citizens Banquet Their Football Boys

Olden citizens gave the Olden Hoops a banquet Thursday night to show their appreciation for the work done this season by the football players. Carmen Avardo was mistress of ceremonies; sixty-two persons were served. The banquet was held at the Olden High School gymnasium.

The welcome address was given by Joy Yates with Alena Fox giving a toast to the "Boys of The Squad." Bill Franklin gave the response.

Coach Thompson, Mr. Weaver and Mr. Hilliard were called upon for talks and each responded, speaking briefly.

Football captains, Bobby Langston and Kenneth Holt, presented Joy Ferguson, Olden Football Sweetheart, with a beautiful corsage of yellow "mums."

The song "Let Me Call You Sweetheart," was sang following the presentation of the corsage.

After the banquet a party was given at which time games were played; Marjorie Hendricks and Alena Fox sang.

Pictures of the group at the banquet and at the party were taken by Mr. Lyon.

Harvesting Of Peanuts Is About Completed

Harvesting of peanuts is drawing to a close in the Southwest, reports the Production and Marketing Administration, U. S. Department of Agriculture.

Weather during the past week in Texas and Oklahoma was unfavorable for curing peanuts and slowed down harvesting operations but the bulk of the crop is already in storage.

In the Virginia-Carolina section the crop has been dug but picking operations have not been completed. A few early sections have up to 75 per cent of the crop harvested, but late sections still have to pick the bulk of the crop.

Farmers' stock peanuts in the southwest, as well as the southeastern states, moved at government support prices. Only the Jumbo variety, popular in the Virginia-Carolina section, sold at a slight premium. Prices to growers in the southwest ranged mostly from \$204 to \$225 per ton for Spanish, according to grade.

Demand for shelled peanuts was slow and the market dull. Shellers in the Southwest were for the most part moving current shellings to the Commodity Credit Corporation as unpicked No. 2's. A few sales of No. 1 Spanish were reported at 16-14 to 16 1/2 cents per pound, about the same as this time last year.

The market for peanut meal as well as most other oilseed meals was slightly stronger than a week ago. However, as a result of a weaker market for cottonseed oil, the market for peanut oil was one-half to one cent per pound weaker than last week in spite of moderate demand.

Merton Valley Thanksgiving Service Tonight

There will be a special Thanksgiving service at the Merton Valley Baptist church tonight at 7:30. Merton Valley school children will have a special-part in the program which will be one of the program features. Rev. M. B. James, pastor, will preach, his sermon being specially prepared for the occasion.

The general public is invited to attend the service.

THE WEATHER

BY UNITED PRESS
For East Texas, — Fair and warmer today and tonight. Sunday partly cloudy, widely scattered showers in south portion. Moderate temperatures, moderate southerly winds on coast.

For West Texas — Partly cloudy today, tonight and Sunday. Warmer today, widely scattered showers in Del Rio-Eagle Pass area Sunday.

Stranded Colby Contacts Outside With Telephone

COLBY, Kan. Nov. 20 (UP)—Colby made contact with the outside world today but only by telephone.

This blizzard-locked community in the hard-hit northwestern corner of Kansas was still isolated as far as highway and rail traffic was concerned, but there was hope for relief soon.

Fifteen passengers of a Greyhound bus and their driver were still "holed up" in the farmhouse of Everett Hayes, 10 miles west of Colby. They reportedly were all well.

There had been no human casualties reported, but farmers feared sheep losses might run as high as 50 per cent in some instances.

"The only thing that saves us," C. E. Hatfield told the United Press, "was the temperature. If it hadn't been bitter cold, we'd have had human loss of life."

Trains were not running on the Rock Island main line, and there has been no mail here since last Thursday morning.

A Kansas State College debate team was stalled here en route to the University of Colorado at Boulder.

One shepherd still was unreported but hopes were held that he reached safety in some isolated farm house.

Veda Merle Sneed Grid Sweetheart

Veda Merle Sneed was crowned Maverick football sweetheart last night during half-time ceremonies of the Eastland-Cisco game.

Miss Sneed was driven onto the field in a shining 1949 automobile. And while the Maverick band played "A Pretty Girl Is Like A Melody," co-captains Amis and Kelly escorted her to the heart-shaped formation in the center of the field.

She received a huge bouquet of flowers at the center of the heart and the football captains capped the impressive ceremonies with the customary congratulatory kiss — then escorted Miss Sneed back to the automobile.

Muirhead And Son Jack, Jr. Attends Abilene Meeting

Jack Muirhead, Eastland Brick and Pontiac dealer, accompanied by his son, Jack Jr., attended a recent meeting of G.M.A.C. dealers held at the Wooten Hotel in Abilene.

The meeting, attended by a large number of dealers, was presided over by Derrel Hull, G. M. A. C. branch manager at Dallas. The program for the Abilene meeting was on the subject of Vocational Automotive Training in high schools and public trade schools.

BARKLEY CLAIMS WORLD ILLS CAN BE OVERCOME PEACEABLY

CINCINNATI, O., Nov. 20. (UP) — Vice President-elect Alben W. Barkley told the AFL's 67th convention today that this country's differences with Russia over Germany, Austria and Japan "are not too complicated to be settled if the nations are reasonable."

Barkley said that "because of the stubborn opposition of one nation which was our ally during the war it has been impossible to get a treaty of peace even for Austria — poor little Austria."

Barkley pledged continuation of this country's non-partisan foreign policy and financial aid for Western Europe and Asia. He said that he could not predict how long it will be before there is a world-wide settlement of the issues that have prevented the making of peace in the three and a half years since the war ended. "I am happy to say that whatever organized labor calls itself

AFL Out To Get Marshall's Job

CINCINNATI, O., Nov. 20. (UP) — The AFL's 67th convention today prepared new moves in what one high official said has become a full scale offensive to get Secretary of State George C. Marshall out of President Truman's cabinet.

On another front, the AFL executive recommended establishment of a super lobby to get the new Congress to push through laws favored by organized labor.

The convention ploughed into its sixth consecutive full-day session in high anticipation of the visit late today of vice-president-elect, Alben W. Barkley. Barkley is expected to get an earful on the AFL's views on Marshall and domestic legislation even though his visit is scheduled to be brief.

AFL sources said they respect Marshall as a soldier and fully support his aid plan for Europe. But the labor leaders, who have played a big part in administration of that plan aboard, are dissatisfied with Marshall's handling of Russia and China, and with some phases of military government administrations in Japan and Germany.

Soap Company Ordered To Cut Out Bad Odors

WICHITA FALLS, Tex., Nov. 20. (UP) — The Soap Corporation of American had orders today to operate its south Wichita plant without smelling up the neighborhood.

U. S. District Judge William H. Atwell granted an injunction against the company yesterday, forbidding it to release any obnoxious odors from the plant.

Atwell slapped on the injunction after witnesses testified the fumes from the factory offended their sensibilities and deflated the value of their property.

Earlier in the week a jury awarded 11 residents near the plant judgment of \$31,916 in damages against the company.

The jury gave each housewife \$1,000 and each male plaintiff \$500, explaining the women should receive double compensation for having to remain in the neighborhood all day.

The injunction granted yesterday specifically forbids the company from making soap in "such a manner as to cause or permit the escape of noxious, objectionable or nauseous odors."

Failure to do away with the odors could cause the company to be cited for contempt. Witnesses said the odor "smelled like a dead salmon" and "like something had been dead a long time."

Ohio has nearly 10,000 miles of railroad, conservatively worth \$1,000,000,000. Most of the rail trade between east and west passes through the state.

OPPOSE BORDER CHANGES UNLESS ISRAELI AGREES

Eastland Women Attending Meet In Houston

Eastland members of Zeta Pi chapter of Beta Sigma Phi attending the State convention in Houston Saturday and today are headed by Mattie Doyle, president of the sorority. Miss Glenna Johnson, member of the local chapter and violinist, will be presented on the program. Others attending are Misses Charles Cline, and Art Johnson.

Miss Frances Bigler, member of Xi Epsilon Chapter of Dallas, will present to the Texas State Tuberculosis Association a Mobile X-Ray unit which was purchased by the Beta Sigma sororities of Texas. Dr. Elva A. Wright, president emerita of the association and international honorary member of the sorority, is to accept.

The project, originally sponsored by Dallas chapters, was adopted last year as state-wide service of the sorority to aid in the early discovery of the disease. Purchase of the unit has been financed by charity dances, bazaars and other events. It cost \$23,000.

Thanksgiving Holiday Scout Camp Planned

A Thanksgiving holiday camp for Scouts of the north district has been announced for November 26 and 27. This camp will be located north of Ranger and begin the afternoon of the 26th and end noon of the 27th.

A campfire Friday night will highlight the first day's activity. Saturday morning a special activity "Operation Lost — emergency" will be held. This is a diversion from the usual camp program and promises plenty of adventure and activity.

All troops in Stephens and Eastland counties are urged to start their plans to attend this event.

Mrs. Kasenkina Leaves Hospital

On her feet in public for the first time since her dramatic escape from the Soviet Consulate in New York City, Mrs. Oksana Kasenkina, center, leaves Roosevelt Hospital, helped by Virginia Muldoon, right, and Dr. Eugene Watkins. — (NEA Telephoto).

WASHINGTON COLUMN

Anything Can Happen in China And Probably Will—Too Late

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—It is anybody's guess what will happen in China if Chiang Kai-shek's government falls. One good prospect to apply is that things never happen in China as fast as they should. There is much concern lest the Chinese Communists of the North, under Mao Tse-tung, take over the whole country. North-South rail lines are all broken and the roads are worse. But it is claimed there are enough Communist converts in South China to do the taking over when the time comes.

An alternative would be that the Communists will stop their advance when they reach the Yellow River. That would divide the country into Communist North China, anti-Communist South China.

Another alternative is that South China will break up into a number of separate provinces under war lords. Still another prospect is that there will be a coalition of North and South, resulting in a "unified" China with the Communists dominant. This possibility frightens anti-Communists in the United States more than the others.

The present Chinese Communist propaganda line is an appeal to non-Communists to join the northern forces for reform of the corrupt Nationalist government. Government employes in the South are told they need not fear loss of their jobs if the Communists take over. Public utility workers and other technicians are told the same thing.

Attempts to tell the Chinese that these promises from the Communists will not be kept fall on deaf ears. It is difficult to convince Chinese liberals and reformists that coalition with the Communists will mean a loss of civil liberties, because they have enjoyed no civil liberties under Chiang's government.

Faced with these conditions, American government policy-makers have a real problem in trying to decide what to do next. There is a tendency among some critics outside the government—notably William C. Bullitt—to criticize President Truman and Secretary of State Marshall for having failed to back Chiang's government with all-out support, right from V-J Day on.

This may be largely the wisdom of hindsight. At the end of the war, Stalin had agreed to lay off China. Communist leader Mao had been brought to Chungking by Maj. Gen. Pat Hurley for conferences with Chiang Kai-shek. American policy at the time was to support coalition of Communists and Nationalists in a unified China.

When the unity conferences broke down and Marshall came home in January, 1947, to become secretary of state, he blamed his failure on the extremists of both sides. He said the only hope lay in the liberals in both movements taking over from the extremists.

That is just about where American policy has stood ever since, except that President Truman declared last March that the United States did not contemplate inclusion of Communists in the Chinese government, and never had. His memory may have tricked him.

It is generally believed that the Republican-dominated 80th Congress upset this policy by voting China \$400,000,000 aid. That isn't quite the story. Truman had asked for \$370,000,000 for 15 months. Congress cut it to \$463,000,000 for 12 months, then cut further to \$275,000,000 civilian aid plus \$125,000,000 military aid.

In appropriating this military aid, however, Congress stopped far short of providing for American intervention in China and full underwriting of the Chiang Kai-shek government as part of the Truman doctrine drive against world communism. The \$125,000,000 military aid was given China to spend as it saw fit in its war against the Communists. No American government supervision or military staff advice was provided for. As Sen. Arthur Vandenberg put it, there must be no implication that "we are underwriting the military campaign of the Nationalist government."

THE SCOREBOARD

Routing of Touted Missouri Placed Sooners in Spotlight

BY HARRY GRAYSON
NEA Sports Editor

NEW YORK—(NEA)—Oklahoma had to rout Missouri with four touchdowns in 11 minutes and 10 seconds of the third quarter of their game in Norman to prove what the home folks had suspected all along. The Sooners are the best and should be bowl-bound.

It took quarterback Jack Mitchell, operating from the split-7, to bust open a halftime 7-3 deadlock before 38,500 fans, the largest crowd ever assembled for a football game in Oklahoma.

Coach Bud Wilkinson in only his second year as a head coach anywhere introduced a new quarterback spinner play on which Mitchell romped 35 yards for a touchdown, starting the fireworks in that hectic third period.

The Sooners knocked off the three Texas big guns this year which means a successful season for any Oklahoma coach.

Dutch Meyer at TCU, and Homer Norton of Texas Aggies are high in their praise of Mitchell. But Texas' Blair Cherry goes overboard. "He's great... smart, quick, experienced."

Such praise coming from the territory of All-America Doak Walker may raise a few eyebrows, but it shouldn't. The Mustang wonder boy, as the mentors know, can play any of the other three backfield spots.

In '46 Mitchell led the nation in average punt returns. Last year they wouldn't kick to him so he started running from scrimmage, led the Big Seven in yards gained rushing. Sooner followers figure he is the only T formation quarterback in the country to lead his conference in rushing.

The youthful Wilkinson refuses to take credit for his club's success. "It's all due to our two very savage lines and a great quarterback running them on the field," he says. But the canny Dutch Meyer gives Wilkinson credit for the 21-18 defeat of TCU in Fort Worth. "We worked all week on a 4-4 defense, but when Bud came up with his fullback as a flanker, he forced us out of it."

It was his new quarterback spinner that raised havoc with Missouri—and using the Mizour's own version of the T at that.

The Sooner line takes a strong personal pride in the team's running record. They don't use two platoons but are two deep from end to end.

They've out-rushed their last 16 opponents in a row. Teammates pin this achievement on left guard Bud Burris. That is a lot of credit to heap on one man's shoulders. But they tell you down in the cow country he is deserving of such praise.

Yes, Oklahoma and Bud Wilkinson have come a long way since Santa Clara tripped them 20-17 in the opener.

French Troops Take Dunkerque

PARIS, Nov. 20, (UP)—

French troops and mobile guards today seized the waterfront of historic Dunkerque, which had been held by 1,500 Communist-led strikers for 72 hours.

Most of the strikers had crept away from their barricades under cover of darkness after 3,000 colonial troops and guards massed in front of them. The liberators of the port were 16 ships bringing U. S. aid to France were strike-bound, made a number of arrests but there was no violence.

Several hundred workers and fishermen watched silently while the troops and guards moved through the port installations in an hour beginning at dawn. They destroyed the barricades blocking the entrance to the docks as well as those within the installations.

The action at the port where the allied armies were saved from

Show Goes On

Dorothy Sarnoff, musical comedy star, escaped serious injury during the second act of "Magdalena" when her hair caught fire after a floodlight exploded. While the New York audience watched, her leading man, John Raitt, beat out the fire with his hands. — (NEA Telephoto).

Search Goes On For 2nd Killer

LEXINGTON, Mo., Nov. 19 (UP)—A police search for a second killer of George Huston, 41, was intensified after the capture last night of his brother, Ernest, 28, by highway patrolmen.

The brothers, both convicted and serving life terms in the state penitentiary for the murder of Barton County Sheriff Roy Patterson and his son near Lamar, Mo., escaped Sunday in Excelsior Springs, Mo.

They had been taken there by penitentiary guards to attend the funeral of their mother. Before the relatives left the Huston home for the funeral parlor, the brothers slipped away from the two guards.

Ernest, who surrendered without a struggle, told patrolmen that he had not seen his brother since early Monday morning.

"We jumped over a fence along the highway to try not being seen by a man in a car," he said. "That was the last I saw of him." The sheriff and his son were shot to death on a road near Lamar in Aug. 1944. The killers were traced through an abandoned wrecked automobile and arrested 11 months later.

Onions should be held under water while peeling to avoid shedding of tears.

Just What He's Always Wanted

Ronnie Sherman, right, went to an auction of unclaimed articles conducted by Jim Smith, left, in Wichita, Kan. When Smith put this coffin up for sale, and Sherman measured it and found it was his size, he bid it in for \$26.

WEEKLY BIBLE COMMENT

Great Prophecy Is Often Great Poetry

BY WILLIAM E. GILROY, D. D.

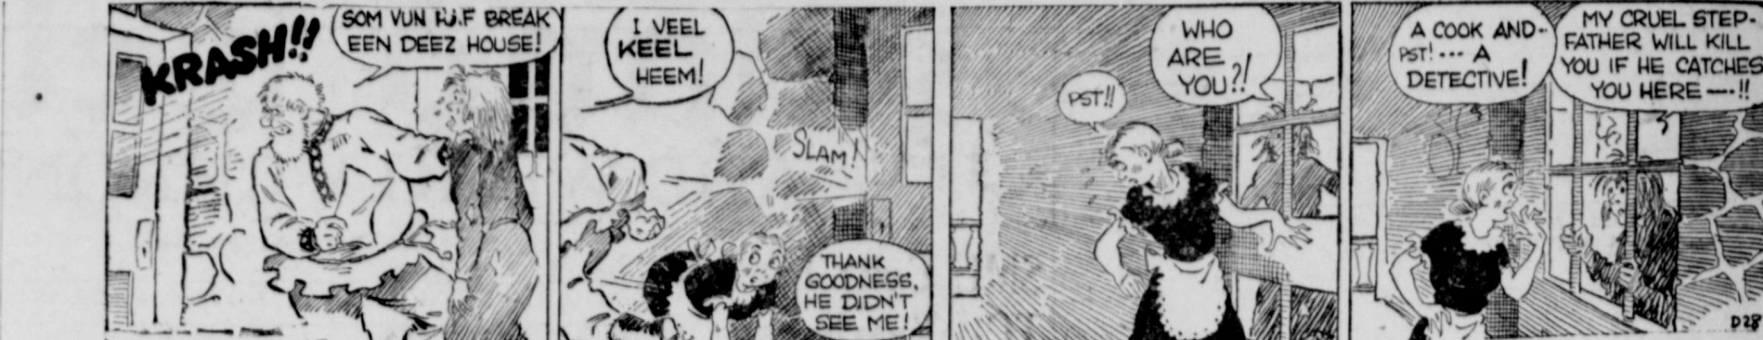

THE late Dr. George A. Gordon, of the Old South Church in Boston, whom the late Dr. Cadman, himself a notable preacher, considered the greatest of all American preachers, once remarked that it is the quality of all great prophecy that it bursts into song.

The truth of that is at least evidenced in the prophecy and poetry of the Old Testament. The prophecy and poetry alike came out of the religiously heroic era of Israel. They are intermingled. The poetry of the Psalms frequently expresses the noblest prophecy, and in the great prophecies are passages of such lyrical beauty that they are in the realm of poetry.

One thinks of such outstanding passages as Isaiah 35 and Isaiah 62, Amos 3, and Jeremiah 31. Also, great portions of the prophecies are cast in forms of symbolism, more characteristic of poetry than of prose.

WHAT, however, specifically characterized Hebrew poetry as distinguished from Hebrew prose? It is a question to which an intelligent answer can be given at a time when, in our modern literary world, poetry is less conceived in terms of the rhyming of similar word endings.

Rhythm is not identified with rhyme, but the rhythm that in our typical poetry is associated with the rising and falling of accents, in Hebrew poetry is associated with forms of parallel statements.

HAIR-BREADTH HARRY

the Nazis in 1940 dramatized the government policy of getting tough with the Communist strikers. Premier Henri Queuille had staked the life of his cabinet on the policy in a confidence vote set for Tuesday.

The Dunkerque strikers harried themselves around the waterfront in anticipation of the nationwide port and dock strike called by the Communist leadership for Monday.

Valley To Back March of Dimes

EDINGBURG, Nov. 20 (UP)—

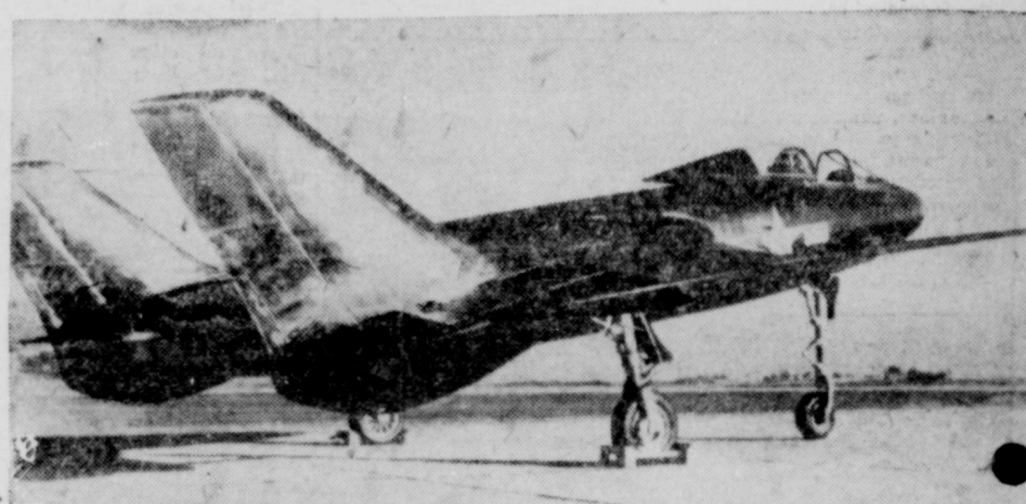

The 1949 March of Dimes drive today seemed assured of strong backing of lower Rio Grande Valley residents, after a meeting with State Campaign Director Ed Stewart of Abilene.

Stewart met Friday with a 100 campaign workers to map the January March of Dimes drive. Ten of the 100 had children stricken with polio this year.

The state director pointed out that Hidalgo county last year donated less than six cents per person to the drive, but he didn't mention that almost \$200,000 poured into the area in the last 10 months from the National Foundation for Infantile Paralysis to fight polio.

Stewart expressed confidence that the valley would make up a fourth of the Texas goal of \$1,500,000, after hearing talks by valley people who know first-hand of suffering caused by the malady.

Navy Fight Tested

The tough X-70-1, Navy's new "wing" jet, a fighter, specially designed for shipboard operation has successfully completed tests, the Navy announced. The plane has two engines with no conventional landing gear. It is "potentially capable" of flying faster than any other jet now in operation. The Chance-Vought plant at Grand Prairie, Texas, will produce this model. — (NEA Telephoto).

SMU Colts Top TCU Yearlings

DALLAS, Nov. 20 (UP) — sSMU's Colts moved into the win column for the first time this year today.

Their passing game was bad, but it took only one completion to give the Colts a 7 to 6 win over rival TCU's Wogs yesterday.

TCU has not won a game this year.

SMU's touchdown play came in the second period when Henry Stollenwreck dropped back to the TCU 24 and threw to end Dave Powell on the five. He went over without much trouble and Pat Knight kicked the extra point.

The payoff toss ended a 69-yard downfield drive featured by a 22-yard run by Val Joe Walker and a 17-yard gain by Stollenwreck.

Jack Ray plunged over from the SMU one for TCU's score in the first period. Gil Bartosh had sparked a 66-yard drive to the SMU one where he was injured and replaced by John Ethridge who put on a fancy show of broken-field running.

Though beaten, TCU outgained the Colts 250 yard to 85.

Paris JC Upsets Kilgore Rangers To Tie Up Loop

PARIS, Nov. 20 (UP) — Kilgore and Tyler moved into a tie today for Southwest Junior College championship honors.

Paris Junior College broke undefeated Kilgore's 10-game winning streak last night with a surprise 20-14 victory. The loss possibly ruined Kilgore's chances of getting a Little Rose Bowl bid, but it was believed Kilgore would settle for Texas Rose Bowl recognition.

Dulth, Minn., Junior College and Hutcheson, Kans., J. C. have hopes of going to the Little Rose Bowl, but it was apparent one of the teams would accept an invitation to play in the Tyler game Dec. 4 or Dec. 11.

Gambling Hints Strike At Nevada

RENO, Nev., Nov. 20 (UP)—Officials of the University of Nevada today were studying an article in a national sports weekly charging that the Nevada football team "threw" its game against Santa Clara in order to let the gamblers win.

Football Coach Joe Sheeketski and Harry Frost, chairman of the board of athletic control, said they were "studying the story very carefully and very thoroughly." They said they had no comment to make "at this time."

Meanwhile the collegiate newspaper of the school, the Sagebrush demanded editorially that university officials "take action" against the sports weekly for the article.

The accusations against the Nevada Wolfpack appeared in a nationally-circulated sports newspaper, the Sports-Week, in an article signed by a staff writer, Don Freeberg.

The article said Reno gamblers gave \$30,000 as a "direct subsidy to the university and planted their \$40,000,000 per annum business squarely behind the ostensibly noble purpose of building a national gridiron power."

Fake Coal Is Six Times as Hot

With real coal a scarce item in Berlin, "ersatz" (imitation) coal is being manufactured in the American sector. It's made of sawdust, coal dust and a tarlike substance, and has six times the heating value of the real thing. It's much cheaper, too. These men work between piles of coal dust and sawdust. (Photo by NEA-Acme staff correspondent Joe Schuppe.)

Nevada's 14 to 0 loss to Santa Clara on Nov. 7 saddened everyone in Reno, the article alleged except an "exclusive group of bookies who were on the 'in' and a few dozen assorted Nevada football players who were on their payroll."

Tickets Remain For Texas-A&M

AUSTIN, Tex., Nov. 20 (UP) — Approximately 1,000 tickets for next Thursday's University of Texas-Texas A & M football game will go on sale here Monday morning, Ed Olle, University of Texas athletic business manager, announced today.

The ticket represent a surplus, Olle said, of a block set aside for the 18,000 university students and their wives. Sales over the counter and by mail, will begin at 8:30 A. M.

In making the announcement, Olle expressed regret that hundreds of earlier requests had been turned down.

"However," he said "we had no alternative but to set aside the full quota of student tickets. They cannot, of course, be released until the last minute."

Aggies Nip Texas In Cross Country

COLLEGE STATION, Nov. 20 (UP) — Texas A & M tucked away the Southwest Conference cross country championship today, after breaking Texas University's strong grip on the title.

The Aggies defeated a five-team field by totaling only 23 points at the annual conference meeting yesterday.

Texas, underdog this year for the first time in many seasons, finished second with 34 points and SMU came in third with 75. Low-scoring determines the winner cross country runs.

Papaya, a tropical fruit, and pecans both hold promise of becoming big crops for the Lower Rio Grande Valley area of Texas.

Fires Don't Know When To Stop—
... and no one knows when they are going to start. Consider the words of wisdom from the man about town who is defending himself for not being insured: "I am careful. I never had a fire in my life," and the implication is that he never will. The answer to this kind of reasoning is in every daily newspaper, on radio programs and all other places where we get our news. The most careful and most fire-conscious some time have fires — not because they are careful but in spite of it.

Mrs. D. E. Frazer Reviews Book For Las Leales

Mrs. D. E. Frazer reviewed the book "Remembrance Book" by Carl Sandburg, for members of Las Leales Club Tuesday evening at the Woman's club, which was the regular meeting. Hostesses for the occasion were Mesdames W. E. Brahier, J. M. Cooper, J. O. Earnest and Guy Patterson. The program theme was on Treasure Chest. Mrs. Caton, president, conducted the business.

Cheese balls, salted nuts, pumpkin pie topped with whipped cream and coffee was served from the table laid in a lace cloth, with a flower arrangement of yellow bronze mums flanked by miniature turkey gobblers, surrounded by autumn leaves. Other autumn flowers decorated the club room.

Present were Mesdames Brasher, Caton, P. J. Cullen, H. H. Durham, J. O. Earnest, B. E. Hanna, H. L. Hassell, Prentiss Jones, J. P. Kilgore, Patterson, Hubert Tombs, W. Q. Verner, J. C. Whatley, Cooper, H. J. Walter, Misses Verna Johnson, Jessie Lee Ligon, and Eunice Nall.

More than 8,500,000 acres of land are included in the big timber areas of New Mexico.

Announcements Of The Church Of The Nazarene

The Church of the Nazarene located at West Main and Connelley with William C. Emberton, pastor, announces the following services for the week:
Sunday Bible School, 9:45 a.m.
Morning worship, 11:00 a.m.
N. Y. P. S. and Juniors, 6:45 p. m.
Evening service, 7:30 p.m.
Prayer meeting (Wednesday), 7:00 p.m.

Personals

W. E. Cooper is visiting Mr. and Mrs. W. H. Rhodes at their ranch near Eureka Springs. Mrs. Rhodes is a sister of Mrs. Cooper.

Mrs. A. R. Mvrick was a Breckinridge visitor Friday.

Mrs. T. F. Wright and infant daughter are home from the West Texas hospital in Ranger.

Lenzo Geber was a Fort Worth visitor Friday.

Mrs. L. R. Pearson of Ranger was a recent guest in the home of Mrs. W. E. Cooper.

Mr. and Mrs. W. R. Johnson are parents of a baby daughter born in the West Texas hospital in Ranger.

Miss Blossom Bennett, sister of Mrs. J. M. Bond who underwent surgery in Harris hospital Friday morning, is doing as well as could be expected.

Mr. and Mrs. Theo Lamb were in Dallas attending S.M.U. game with Baylor Saturday and visiting her mother.

Mr. and Mrs. T. J. Greenwood and son, Julian A., have just returned from a visit with relatives in Rockdale, Singleton, Bay City, Matagorda, and other points south. They also spent some time fishing in the Gulf.

TEXAS NEWS BRIEFS

By United Press
TYLER, Nov. 20 (UP)—Managers and secretaries of chambers of commerce in East Texas attended their annual short course today.

Verne Lane of Houston, Lee Johns of Plainview, Ed Holden of Lufkin, Bill McCalib of McAlester and Fred H. Husbands of Waco were principal speakers.

WASHINGTON, Nov. 20—(UP)—The Federal Power Commission Monday will hear an application of the National Oil Corp., Newark, O., to receive natural gas from Texas

MERLENE ROSS

Mr. and Mrs. H. A. Freeman announce the approaching marriage of their daughter, Miss Merlene Ross, above, to Mr. R. L. (Bob) King, son of Mr. and Mrs. H. L. King of Eastland. The wedding date has been set for December 18.

Eastern Transmission Corp., or the Texas Gas Transmission Corp. National asked both companies to furnish their requirements.

AUSTIN, Tex. Nov. 20 (UP)—The West Texas cotton harvest appeared about 70 per cent complete today.

Henry Leblanc, chief of the Texas Employment Commission's farm placement bureau, said that 843,000 hales have been ginned. The estimated yield is 1,211,500.

LONGVIEW, Tex. Nov. 20 (UP)—Workers at the Huger R. G. LeTourneau heavy earth-moving machinery company today continued work under a "no-strike" status after combined organization efforts of the CIO and the AFL had met with a crushing defeat.

Only 59 out of 571 votes went to either of the unions, although

this was the third organizational drive among employees of the plant since it began operation in 1946.

The unions seeking recognition were the AFL International Brotherhood of Boilermakers, Iron Shipbuilders, and the CIO United Automobile Aircraft and Implement Workers.

BROWNSVILLE, Nov. 20 (UP)—Vern A. Bruce is sitting down in Cuautla, Mexico, wondering how a bird with a broken wing can fly.

Bruce, flying his private plane into Mexico, Oct. 11, cleared for the border crossing at the Brownsville International Airport. Four days later, the plane was demolished in a crash.

Mexican custom officials say he entered Mexico with an airplane. And they say, according to law, he has to leave in one.

WACO WORKERS HELP SWITCH BARREN FARM INTO DREAMLAND

WACO, Tex., Nov. 20 (UP)—Ned Shurette rubbed the raw corners of his mouth today as he walked with pride over some of his 172 acres.
Shurette's fever blisters made smiling difficult, but he did not object to the pain. He had become the owner of one of the most modern small farms in Texas.

Some soil-conscious Waco groups sent 600 skilled workmen and \$250,000 worth of equipment to Ned's farm 18 miles east of Waco yesterday and before sundown they had used all their know-how to turn the place into a dreamland.

The crew labored in a chilly wind. They constructed terraces, rebuilt Shurette's farm pond, seeded his pastures and set out an orchard.

Ordinarily that would have been a day's work for 600 men. But they also improved Ned's roadside ditches, built a new chicken house, installed a septic tank, put a coat of paint on his barn, and insulated his white frame home. To make life more comfortable for Ned, his mother, wife and two children — Paul 10 and Cherry 4 — they rigged up the fanciest and most modern bathroom fixtures.

More than 25,000 people who did not object to the cold weather, huddled around cheerful woodfires which burned wherever men were working.

If Ned Shurette had been billed for the transformation, it would have cost him at least \$10,000. But it didn't cost him a penny.

The demonstration was part of a "save-a-farm" project planned by Waco citizens, civic groups and county agricultural offices to stress the need for more soil conservation.

Henry N. Smith, regional soil conservation officer for the U. S. Department of Agriculture, said the project was at least as large as four others he had seen outside the Texas borders. He spoke briefly at the noon recess.

Airplanes zoomed over the farm throughout the proceedings while newsreel men ground their cameras. The radio technicians brought along their wire-records for rebroadcasting the event.

For Ned, who is 31, it was a day he will never forget. A year ago he was only a poor tenant farmer. But last November he floated a farm loan and decided to work for himself.

If there was anyone around who felt happier than Ned, who hugged his wife and mother after the crowd had dispersed, it was his children.
They were proud of their pop.

Buick, Cadillac Prices Boosted

DETROIT, Nov. 20 (UP)—1949 model Buick and Cadillac automobiles will cost \$50 to \$112 more than the 1948 models, general Motors Corporation announced today.

Buicks will range in price from a two-door Sedan at \$1,665 to \$3,550 for a Roadmaster Dynaflo station wagon. Cadillacs range from \$2,840 for the 61 series club coupe to \$5,253 for the seven-passenger 75 Imperial Sedan.

All prices are F.O.B. Detroit, including federal taxes.

A red salmon, marked by the U. S. Bureau of Fishes in Alaskan waters in May and caught 44 days later in a Siberian stream, was found to have traveled 1,300 miles in that time.

Measles And Flu Show Increase

AUSTIN, Tex., Nov. 20 (UP)—Measles and influenza are continuing to spread in Texas at a rate far above the seven year average the state department of health reported today.

The department noted that during the week end Nov. 13, there were 261 known cases of measles, compared with the seven year median of 45 cases. During the same period 1,004 cases of influenza, topping the seven year average by 44, were reported.

So far this year, the department said, there have been 541 cases of measles as compared with 7,229 during the same period last year.

The patriot Paul Revere was the first president of the Boston Board of Health.

Oil and Gas News

Area OIL News

Luling Oil and Gas No. 1 Rumph drilling at 1950 feet.
 J. C. Mann Drilling Co. No. 1 Sandy Roberts drilling at 2850 with a slight show so far.
 National Cooperative Refinery Association No. 1 Krell drilling the concrete out of the squeeze job, still attempting to make a well out of the second drilling of the No. 1 location drilled right by the side of the first attempt.
 A. W. Gregg No. 3 Phillips setting pipe at 2975 feet.
 Kirk and Gregg et al No. 1 Quinn drilling at 2900 feet. They have gone through 140 feet of lime which has not been definitely identified as any one of the regular ones encountered in this area. However, they are drilling now in a formation which they are calling the Marble Falls.
 Commercial Production No. 4

J. C. Burns drilling at 2614 feet. Commercial Production No. 5
 J. C. Burns drilling at 1335 feet. Commercial Production No. 4 J.
 A. Hirst has corrected the trouble reported yesterday and are pumping away.
 D. D. Feldman No. 1 Cooper Grocery drilling a 2803. They have at least another 100 feet to go before the real payoff will be found.
 R. H. Patterson No. 1 Davis drilling at 500 feet.
 Decker and Ramon No. 1 Jordan have been bailing and swabbing trying to make a well that will flow instead of having to put it on a pump. There is both oil and gas in the hole.
 Coast Oil No. A3 Griffin are moving rig to begin operation with St. John as contractor for the job.
 Kirk and Haynes No. 1 Glover rigging up 7 miles SE of Gorman and 4 miles West of DeLeon. This location is also 2 miles south of the Platt well drilled some time ago by Haynes B. Ownby.
 Coast Oil No. 2 George Bell have set pipe at 2821. This was done Wednesday morning and they are now WOC.
 in New Mexico contains an interesting cluster of pre-historic ruins.
 The Aztec national monument

Several Oil Tests Underway In Area Around Eastland

Several tests are under way in the territory of which Eastland is the center and are being watched with close interest.
 Billy Price of Wichita Falls has spudded in on an Ellenburger wildcat, seven miles northwest of Eastland, on the Maynard.
 Bracken Production Company of Tyler has entered the county and is starting a well on the W. B. White, four miles southwest of Carbon, offsetting the McBride well, which was drilled in 1921 and is still producing from the Marble Falls. McCurdy Bros., of Gainessville are the contractors. This is on acreage blocked up by Dick Richardson of Longview.
 Another effort is being made to test the possibilities of the Caddo in the old Cross Cut shallow pool in Brown County. The Twin Oil Company is drilling three-quarters of a mile northwest of the McCurdy test which encountered 390 feet of the Caddo but, because of complications, did not prove to be a well.

Pearson Buys Hill Well Six Miles West Of Eastland

The Hill well, six miles west of Eastland, has been purchased from the 4-M Oil Company of Dallas by Judge L. R. Pearson of Ranger, it is announced.
 The well has been placed on the pump.
 Jesse McKee of Eastland had charge of drilling the well, which is in the general vicinity of the Homer Glover well on the Kurklin now being placed on the pump.
 Several other wells, it is reported, are to be drilled by various operators in the area.

South Ward . . .

Continued from page one because they bore fruit and nuts which are used as food.
 Our vegetables and flour and corn meal come from the farm, also made a collection of grains.
 To sum up the unit, we made booklets of farm animals and products.
Second Grade
 The Second Grade read stories from two readers, and listened to the reading of several stories. There was reading from books in the library as well as from books in the room library.
 A display was made of some of our good books.
 Some language lessons were combined with drawing. These drawings were displayed. A discussion of Armistice Day was also a part of language.
 Music and art lessons have been a great enjoyment.
 Visitors in the room through the week were: Mmes. L. E. Barber, Chas. Butler, J. H. Hart, T. M. Fuller, J. E. Fruse, A. C. Pierce, Little, and Mr. Womack.
Third Grade

Chinese See Modern Tractor

In China, where hand labor still prevails, modern farm machinery is being demonstrated. Some of 600 farmers who gathered in Shanghai to observe latest farm equipment watch a tractor in action. (Photo by NEA-Acme staff correspondent Warren Lee.)

The third grade has been working on a Community Unit in Reading. This work was correlated with other subjects taught in the third grade.

The pupils have read, illustrated, and dramatized stories on community life. They have written original stories made posters, set up a street scene on work tables, and have duplicated the high school stage in miniature, using a china doll orchestra.

They have made a very attractive frieze showing how people of a community work together. Their work has been on display during National Education Week. Visitors to the third grade room this week were: Mr. Womack, Mmes. W. J. Burr, Robert Vaughan, W. W. Linkehoger, Neil Day, Alan Tullis, L. M. Crowley, J. L. Owen, Milton Day, E. M. Pritchard, Rev. and Mrs. W. E. Hallenbeck.

Fourth Grade
 In geography we have almost completed a unit on Switzerland. The first thing we did was to display pictures of Switzerland on the bulletin board.

We showed a film of "Heidi" and have almost finished reading the book "Heidi" by Spyrli.

In the subject matter we have studied about mountains, glaciers, the Rhine River, lakes, beautiful scenery, peoples and their customs, occupations, and winter sports.

The children have written paragraphs on "Alpine Pastures," "Swiss Homes," etc. They have made individual maps of Switzerland; pictures of the Alpine pastures, mountain homes, costumes, Swiss villages, etc.

From our basal reader we have read the following stories: "Swiss Scenes," "Song of the Swiss Goatherd," "The Strawberry Goat," "Janet's Present," "King of the Mountains," "Swiss Sports," and "The Magic Alphorn."

We have a frieze on our board depicting the things we have learned about Switzerland. On this frieze we have pictures comparing the Swiss home with the Eskimo home and Swiss costumes costumes with Eskimo costumes.

We also have mountain scenes, Swiss sports, Alpine pastures, Swiss mountain homes, the goatherd, Swiss people making cheese, and pictures of Heidi. The frieze is very pretty and Switzerland has

Mavericks . . .

(Continued from page 1)
 broke loose with the second half kick-off to tally the game's only touchdown.

Mack Parry returned the crazy kick to the Eastland 32 and the Mavericks were off. Kelly and Smith hit through the middle for a first on the 43. After Fadley picked up five more yards, Smith took a Brasher pitchout and moved around right end to the Lobo 44. Here on a deceptive fake double hand-off, Wadley broke from a knot of players to bolt 19 yards to the 25.

From the 23 big Kelly shook off a half dozen defenders to twist to the 15-yards short of a first down. Wadley again filled the breach filtering through to the 11. Then on the key play of the drive Smith grabbed another pitchout, simply outran three Lobos and crossed in the extreme corner of the end zone. Brasher's pass for the point was batted down.

Back came Cisco from their own 23 to get back into the ball game. Runs by Rendell and Durwood Smith, mixed with a couple of Johnson aeriels advanced to the Maverick 16. But Murray Herring batted down a last ditch

pass stopping the march. Late in the final period the Lobos moved deep again. From the 33 then to the 24. With the ground attack, clicking the Lobos tried their luck in the air. It was a game losing error as Mack Harjia capped the pass, returning to the Maverick 41. With seconds remaining Cisco completed a marathon run but the clock ran out for a Maverick victory.

The 55,000 colonies of honeybees in Utah during 1947 produced an estimated \$545,000 worth of marketable honey and beeswax.
