Italian Army Chief Welcomed

General Efisio Marras, right, Chief of the Italian Army General Staff, is greeted by U. S. Army Chief of Staff General Omar Bradley as he arrived in Washington. With him is the Italian Ambassador to the U. S. Signor Alberto Tarchiani. General Marras is scheduled to make a three-weeks tour of American Army installations. — (NEA Telephoto).

Grand Jury Recommends Stricter Liquor Laws, Making Possession Of Intoxicants A Crime

The Eastland County Grand Jury Thursday, in its reports to Judge Geo. L. Davenport of the 91st district court make a number of recommendations regarding "stricter state laws dealing with the matter of liquor in dry territories and drinking drivers in all counties."

The report of the grand jury follows: "We the Grand Jury, have returned six true bills and one no bill and have investigated numerous other cases involving both misdemeanors and felons."

"We inspected the court house and recommend that the County Commissioners employ additional help if necessary, to bring the sanitary conditions of the rest rooms up to standard. We also recommend that the storage space for the old records be improved so as to eliminate any possible fire hazards."

"We recommend that the Legislature amend the liquor laws in the following respects and that a copy of this report be mailed to each representative from this county:

"1. Possession of any hard liquor in a dry area, beer or wine (except for religious or medicinal purposes) is illegal; and if for medicinal purpose said possession shall be accompanied by medical prescription issued in duplicate by a licensed physician; and if for religious purposes, it must be in custody of the licensed minister of a congregation, duly approved by the Liquor Control Board.

"2. Transportation of any liquor, wine or beer in a dry area to be illegal except for religious purposes, as aforesaid.

"3. Sale provisions penalty to be raised from a misdemeanor to a felony.

"4. Consumption of any amount of intoxicating beverage in a dry area to be a misdemeanor.

"5. Possession of any hard liquor in a dry area, beer or wine (except for religious or medicinal purposes) is illegal; and if for medicinal purpose said possession shall be accompanied by medical prescription issued in duplicate by a licensed physician; and if for religious purposes, it must be in custody of the licensed minister of a congregation, duly approved by the Liquor Control Board.

"6. Possession of any hard liquor in a dry area, beer or wine (except for religious or medicinal purposes) is illegal; and if for medicinal purpose said possession shall be accompanied by medical prescription issued in duplicate by a licensed physician; and if for religious purposes, it must be in custody of the licensed minister of a congregation, duly approved by the Liquor Control Board.

"7. Possession of any hard liquor in a dry area, beer or wine (except for religious or medicinal purposes) is illegal; and if for medicinal purpose said possession shall be accompanied by medical prescription issued in duplicate by a licensed physician; and if for religious purposes, it must be in custody of the licensed minister of a congregation, duly approved by the Liquor Control Board.

area to be a misdemeanor, finable for first offense; second offense a felony.

"6. Conviction of provision 1, 2, 3 and 5 to carry with it automatic paddocking of house, hotel or establishment where sold, and also automatic confiscation of automobile or other vehicle under article 2, wherein it is transported. If it is a public carrier like a bus or train, the penalty shall be a fine not less than the value of the vehicle in which it is transported.

"7. To operate any kind of a motor vehicle in any area, wet or dry where operator has consumed any amount of any kind of alcoholic beverage, even if same be consumed under medical prescription or religious sacrament, shall be a felony and it will not be necessary for the State to show that the operator was drunk or intoxicated or under the influence of alcohol, but it shall only be necessary to show that the operator consumed alcohol in any degree, however slight; said penalty to be raised from a misdemeanor to a felony of not less than one year imprisonment."

"F. S. Boland, Foreman."

J. Frank Dean Dies At Gorman; Funeral Sunday

J. Frank Dean, about 60, passed away at 11:00 p. m. last night (Thursday) at his home in Gorman. He had suffered for the past several years from injuries sustained in an automobile accident.

Funeral services will be at 2:30 Sunday afternoon in the Gorman cemetery.

Survivors include his widow, who is the former Miss Molly Alsbrook, two daughters, Mrs. Paul Ormsby and Mrs. Neil Rose of Gorman, a son, Jimmy of Waco, his mother, who resides at Pine Bluff, Arkansas, two or three brothers in Arkansas and four grand children.

The deceased was engaged in the mercantile business at Carbon for a number of years, moving from Carbon to Gorman in 1906 where he engaged in the same line of business for many years. He also was employed for a number of years with Higginbotham, general merchants, at Gorman.

He was superintendent of the Baptist Sunday school at Gorman for 25 years, resigning only after his health failed.

MORE HOLIDAY
WASHINGTON, Dec. 3 (UP)—President Truman today ordered a half-holiday for federal workers on the day before Christmas.

UN COMMITTEE REJECTS PALESTINE MERGER PLAN

PARIS, Dec. 3 (UP)—The United Nations political committee today rejected an Anglo-American recommendation for merging the Arab half of partitioned Palestine with the Kingdom of Trans-Jordan.

The committee voted 26 to 18 with 12 countries abstaining against the Palestine-Trans-Jordan merger as originally proposed by the late Count Folke Bernadotte. Earlier, the United States and Britain also conceded defeat in efforts to inject Bernadotte's boundary plan into United Nations negotiations for a Palestine peace.

American Delegate Dean Rush proposed a new paragraph instructing the three-nation conciliation commission to "assist the governments and authorities concerned to achieve a final settlement on all questions outstanding between them."

The paragraph did not mention the Bernadotte plan to give the

Negev to the Arabs, but Rush conceded the objective was to give the conciliation commission the right to consider the touchy boundary problem.

It was believed that the American paragraph could have been used to pull the Bernadotte proposals into negotiations. However, it was modified so much from the original Anglo-American attempt to obtain General Assembly approval of the Bernadotte plan that observers agreed it represented a concession of defeat.

The paragraph, slightly modified by Canada, was approved 42 to 2 with six Soviet bloc states and six Arab states abstaining.

Another Palestine debate was coming up in the Security Council's membership committee, which scheduled a meeting to decide whether the United Nations should act now on Israel's bid for membership.

Gasoline Plant May Be Built At Gorman Field

Proposals for the construction of a natural gasoline plant to utilize waste gas of the Kirk pool will be presented by Dec. 20 to a sub-committee of the Kirk Pool Operators Committee, it was announced today by G. P. Porter, president of the operators' organization.

Representatives of six concerns interested in erecting the plant were present when the general committee met here this week but the engineers of the committee had not completed their data.

The sub-committee, after studying the propositions, will report to the general committee here on Jan. 4.

Owners of 81 of the 90 wells in the pool attended the session and it is hoped to have 100 per cent representation at the meeting on Jan. 4.

An assessment against each well was made to provide a fund for the expenses of the committee's engineers, who will make an extensive study.

The Kirk pool was discovered last January and is along the boundary of Eastland and Comanche counties.

Chilly Week-End Due In Texas

By United Press
Texas is due for a chilly week-end but the weather bureau said no sharp temperature drop appeared in sight.

A cool front was forming over the Rock Mountain area and was expected to bring colder weather to West Texas and considerable cloudiness with occasional rains Saturday in the southeast portion of East Texas.

Temperatures yesterday ranged from a maximum of 79 at Brownsville to a low maximum of 35 at Guadalupe Pass. The overnight low was 22 degrees at Salt Flat with Galveston's 50 degrees the high minimum.

Other early morning readings included 23 at Junction, 24 at El Paso; 27 at Mineral Wells, 30 at Big Spring, 32 at Waco, 33 at San Antonio, 35 at Dallas and 42 at Houston.

Yesterday's cool front covered most of the state, the weather bureau said. It brought some rain in East Texas and along the Gulf. Beaumont reported .18 inch of rain, Galveston .03 and Lufkin .01.

Generally fair weather was expected throughout the state this afternoon and tonight but colder weather is due in both east and West Texas by Saturday afternoon.

Carbon Rock Crushing Plant Ready For Work

Using a portable crusher, the Concrete Materials Construction Company, who have just completed the installation of machinery for excavating and crushing lime rock from a site one mile east of Carbon for use in building the Whitney dam, are now engaged in hard surfacing a road from Carbon to the plant, which is located on the C. S. Eldridge farm along the M. K. & T. Railroad. Actual crushing of rock for use on the big dam will be started soon.

THE WEATHER

EAST TEXAS—Fair this afternoon and tonight, a little warmer in west and north portions. Saturday considerable cloudiness, occasional rain in southeast portion late Saturday. Colder in northwest portion Saturday. Gentle to moderate variable winds on coast becoming moderate to fresh southeasterly Saturday.

WEST TEXAS—Fair this afternoon and tonight. A little warmer this afternoon. Saturday partly cloudy, colder in the Panhandle and South Plains.

Mme. Chiang To See Marshall Again Today

WASHINGTON, Dec. 3 (UP)—Mme. Chiang Kai-Shek was expected to seek a second conference with Secretary of State George C. Marshall today on more American aid to Nationalist China.

Mme. Chiang, accompanied by Mrs. Marshall, visited the secretary for about an hour late yesterday at Walter Reed Army Hospital where he is undergoing a physical checkup. Reliable informants said she may call again today.

The length of the first visit indicated strongly it was more than a "courtesy" call. In any event her second conference was certain to be devoted to an appeal for quick and large-scale American support of her husband's faltering battle against Chinese Communists.

President Truman disclosed at his news conference yesterday that China's first lady would also meet with him at the White House. He didn't say when.

Despite visits with Marshall and the President, there was nothing to suggest the administration will change its belief that it could be futile to extend more than aid to the Nationalist regime as it now exists. It contemplates drastic reforms are in order before China can make use of American assistance.

Jury To Report On Hodges Case

WICHITA FALLS, Tex., Dec. 3 (UP)—The Wichita county grand jury was scheduled to report today on its investigation into charges against Mrs. Charles Hodges of Atlanta, Ga., accused of kidnapping her eight-year-old son and taking him to Oklahoma last Nov. 10.

The 37-year-old mother appeared voluntarily before the grand jury Thursday afternoon and her attorneys posted a \$2,000 appearance bond in connection with the charges. Also charged in the case is Johnnie Carver, Atlanta taxi driver, who is at liberty on a \$1,000 bond.

They are accused of taking the boy from school here where he was placed by his father, Dr. Claude Hodges, a Wichita Falls dentist. The parents are divorced and Dr. Hodges was granted temporary custody of the child by a district court here last August.

The taxi driver was arrested here and Mrs. Hodges in Waurika, Okla.

The mother at first refused to waive extradition to Texas.

Air Force Gets First Stratojet

WASHINGTON, Dec. 3 (UP)—The Air Force has accepted delivery on its first Boeing B-17 "Stratojet" bomber, a high speed ship with 18 jet engines and swept back wings.

The stratojet is in the 600-mile an hour class with a cruising radius of more than 800 miles and a bomb capacity of 10 tons.

The plane recently completed tests at Moses Lake Air Force Base, Wash., and will be returned to the Boeing company for extending flight testing. The Stratojet will go into production at the Boeing plant at Wichita, Kan.

Annual Charity Ball Date Set For Wednesday Night, December Eighth

Mrs. Art Johnson announces the annual charity ball will be held Wednesday night, December 8, at the American Legion Hall, and tickets are now on sale at the price of \$1.25 per couple.

Those who wish to buy or assist in selling the tickets may contact Miss June McKee, phone 651 or Mrs. Mattie Doyle 163. Members of Zeta Pi chapter of Beta Sigma Pi are in charge of the ball.

Aubrey L. Shafer

Aubrey L. Shafer, above, Eastland underwriter, will be the guest of Southwestern Life Insurance Company at a training school in Mineral Wells, December 6-10. The school is the second for which Mr. Shafer has qualified since becoming an agent for the company, and is part of the 3-year sales training program begun by Southwestern Life in 1939.

The school will be under direction of R. R. Davenport, CLU, Director of Sales; J. Carlston Smith, CLU, and Don B. Parkinson, CLU, Assistant Sales Directors, all of Dallas.

Raymond Monroe Inducted For 21 Month Army Tour

Raymond Monroe of Eastland is in the Army now. He with a group of other men were inducted for a 21-month tour of duty with the Army.

Their first assignment is to the 5th Armored Division at Camp Chaffee, Arkansas, for 13 weeks of basic training. Their future assignments are not known at this time. They will be eligible for overseas assignment of their basic training period, however.

The men will be eligible for many of the benefits offered the volunteer, such as the Army's education program and Officer's Candidate School. They are not eligible to choose their branch of service nor overseas theater of operation, however.

Two choices are open to the men at the end of the 21-month period. They may enlist for one, two, or three years of active duty or serve a period of five years with the organized reserve corps.

Two Executed At San Quentin

SAN QUENTIN PRISON, Calif., Dec. 3 (UP)—Sam Shockley, 38, and Miran (Tex) Thompson, 31, ringleaders of the bloody Alcatraz prison riot of 1946, died side-by-side in the lethal gas chamber at San Quentin today.

The double execution began at 12:04 P.M. EST, and the two convicted murderers were pronounced dead at 12:12 P. M.

Rescued At Sea

HONOLULU, Dec. 3 (UP)—Two Texans were among four naval flyers rescued by a Navy crash boat late Thursday after crash-landing their twin-engine Beechcraft plane in heavy seas 50 miles south of Oahu, the Navy has announced.

The Texans were Lt. (jg) Everett L. Wheeler, 26, of Santo, and 19-year-old crewman D. C. Waters of Harlingen.

ALL AVAILABLE STRENGTH MUSTERED BY BOTH SIDES

BY UNITED PRESS

An estimated 750,000 Chinese Nationalist and Communist troops were locked today in a fierce battle above Nanking that may determine the fate of that Nationalist capital.

Front reports said both sides have thrown all available strength into the see-saw struggle raging over a 40-square mile area along the Huai river 120 miles north of Nanking.

Generalissimo Chiang Kai-Shek was reported to have called reinforcements from as far as Sinkiang province to bolster Nanking's outer defenses. Part of the Nanking garrison already has joined the battle.

Nationalist military quarters conceded the outcome of the battle probably will determine whether Chiang can hold his capital through the winter.

The battleground centers around Suhsien, where 18 Communist columns are fighting to stem a northern assault by three Nationalist army groups under Gen. Tu Yi-Ming and a southern assault by forces from Pongpu.

Front reports said the Communists virtually have halted TU's drive from the north, but the southern Nationalists had advanced 15 miles north of Pongpu and recaptured Tsaoiaochi.

The government belatedly admitted the fall of Suchow, 185 miles north of Nanking. The Suchow garrison has joined TU's forces in the assault on Suhsien from the north.

The rush to leave Nanking is in full swing. It was estimated that 200,000 persons, mostly families and dependents of officials, planned to join the exodus. Twelve long trains were leaving every 24 hours on the 140 mile trip to Shanghai.

One source estimated that 750,000 men are involved in the battle, which is being fought in an area criss-crossed by the Nanking-Suchow railway and the Huai river, providing natural defense points for both sides.

An official government release placed Communist strength in the entire theater at 500,000 men. No figures were released on the size of the government forces, but Tu Yi-Ming's command previously was estimated at 200,000 men.

The government release said that 150,000 Communists and 98,000 Nationalists already have been killed, wounded and captured in the three weeks of fighting in this area that preceded the fall of Suchow.

Ancient Relics Found
LONDON, Ohio, (UP)—Archaeologists are trying to determine the age of skeletons and objects found on the Orleton farms near here. A workman made the find while digging gravel and believed he had uncovered a burial site of the mound builders. There were five skeletons and utensils, including a tube-pipe and a bone awl.

Sixteen Killed In Berlin Crash
BERLIN, Dec. 3 (UP)—Sixteen persons were killed and seven seriously injured today when a Berlin-bound passenger train crashed into a halted passenger train in the Russian zone, just outside the city limits of Berlin.

German railroad headquarters said eight others were less seriously injured.

The Berlin express train, coming from the Baltic seaport of Rostack, was filled to capacity when it crashed into the standing train, it was said. It was running 25 minutes behind schedule.

Wife's Pleas Win Husband's Release

Mrs. Walter Seiferle and her 10-month-old baby, Walter, Jr., look over daddy's belongings in anticipation of his return to the states, following his release from a Singapore prison. The seaman was sentenced to a four year prison term for carrying a concealed weapon in Singapore. — (NEA Telephoto).

Operators Win Gas Flare Fight

BY LLOYD LARRABEE
 United Press Staff Correspondent
 AUSTIN, Dec. 3 (UP)— Operators in 15 oil fields today continued to flare their casinghead gas after winning their first court battle against the Railroad Commission's close-in order.

December 2.
 Commercial Production Company No. 1 E. L. Parr drilled Thursday morning using 2000 gallons. The well is casing itself out but does not look too strong. Commercial Production Company No. 5 J. C. Burns have run their potential. The well gauged 62 barrels of 42 gravity oil under a 10-64 inch casing, with 800 lbs. pressure on choke and 500 on tubing.

Luling Oil and Gas No. 1 Moore are still working on installing the tank battery and that battery is set toward the next location which may indicate that they intend drilling not too far into the future a second hole on this lease.

D. D. Feldman No. 1 Cooper are still working on installing tank battery. They will set on their No. 2 location within the next day or two.

R. H. Patterson No. 1 Davis drilling at 2400 feet. They finally found a shoulder firm enough in the sand to set their 8 inch casing.

National Cooperative Refinery Association No. 1 Krell are drilling out the plug preparing to drill perhaps another 20 to 30 feet below the show indicated in the bottom of the present hole and then to set and treat that bottom show.

Luling Oil and Gas No. 1 Rumph have moved their rig off this location and are waiting for completion units to finish this well.

Kirk and Haynes No. 1 Glover drilling at 2916 feet after having overcome a temporary setback during the last 24 hours due to machinery breakdown.

Gregg and Glass No. 4 Phillips drilling at 2400 feet.
 Gregg and Glass No. 5 Phillips have set surface pipe and are WOC.

Gregg and Glass No. 1 H. O. Bailey are rigging up with Glass's rig doing the drilling.

Weed tree stumps do not respond to poisoning as they lack a complete circulatory system to spread the poison.

erators.
 Daniel estimated that the flaring of gas would equal, within five months, burning of 500,000 barrels of oil on the ground.
 In fighting the close-in order, attorneys for the oil producers said their clients had not been able to obtain pipeline and compression facilities needed to handle the casinghead gas.

One attorney said facilities would not be ready until next April.
 Nelson Jones, Humble Oil attorney, said his clients would spend \$1,670,000 for compression facilities and \$150,000 for laying a pipeline to connect with the Tennessee Gas Transmission Co.'s outlet.

Jones said a shutdown of the well under the order would have halted oil production valued at

The Sterling Oil Co., operators of the Heysler Field, and three other companies had won temporary injunctions in hearings Wednesday.

In winning the permanent injunction, the oil company completely thwarted the commission order to stop the burning of casinghead gas in the South Texas field.

After a two-and-one-half hour hearing, Betts said, "The permanent injunction is granted as prayed for."

Attorney General Price Daniel, who had filed suits against the companies, said that the flaring gas was the same as burning oil on the ground.

He said yesterday that the Heysler ruling will be appealed and the state "will follow through" on suits brought by the other operators.

Bowie Well Opens Up New Oil Field

BOWIE, Tex., Dec. 3 (UP)— A new oil well in what is thought to be a new field six miles southwest of Bowie was reported today.
 The well is the Joe Evans wild-cat test drilled by the Starr Oil Co. It blew in late Wednesday night, spraying oil over a large area around the well.
 The hole has been plugged back to the Caddo, after drilling to the Conglomerate. The Caddo formation was perforated at around 5,600 feet.

No production tests have been made yet. The well is 1,200 feet northeast of the old Sinclair Prairie well drilled in 1942, and which still flows.

The hole has been plugged back to the Caddo, after drilling to the Conglomerate. The Caddo formation was perforated at around 5,600 feet.

No production tests have been made yet. The well is 1,200 feet northeast of the old Sinclair Prairie well drilled in 1942, and which still flows.

Red Men Red Faced DURANT, Ckla. (UP)—The faces of 25 Indians were really red here after they got lost in the woods they are traditionally

supposed to know. Even their excuse was pale—they got lost after they relied on a white man to lead them back from a tribal council wailer roast.

If health is your problem, we invite you to see us.

27 YEARS IN CISCO

"My White Cross Plan

pays up to
\$8 for 100
 PER DAY DAYS

plus
\$5 to \$150
 For My Surgeon"

41,516 persons are being rushed to hospitals today. This year 1 out of 9 persons in the U.S. will be hospitalized. That means 1 person out of your family or your neighbor's is due to become a hospital case within the next year. And 60% of those cases will require surgery. More than 25,000,000 smart persons have already taken out some form of hospital plan.

No Rate Raises

Rate you start with is one you keep. No raises or assessments on any policy. Even if you start at the 75c children's rate, it does not increase when you become an adult, as long as you stay on your original policy. You are still entitled to your 100 days a year, Surgical Fees, Operating Room, Anesthetic and other "extras".

We Pay Your Hospital,
 Your Doctor or YOU!

It's "your money" and subject to your orders. You just tell us where to send your check.

COMPARE!

See how nearly 70 years' experience serving almost 1,000,000 persons enables Bankers to offer such liberal benefits as these:

\$ Pays hospital room and meals up to \$8 per day, up to 100 hospital days per year, per person.

\$ Pays Surgeon's Fees from \$5.00 to \$150.00 for operations in home, hospital or doctor's office.

\$ Pays for X-Rays, medicines, treatments (as specified) given in hospital, even though not bed patient.

\$ Pick any Surgeon and any Hospital.

Also "Income Insurance"

You can have, for a few cents more per day, up to \$200.00 per month... if you're laid up by accident or sickness, at home or anywhere.

★ Letters To Santa Claus ★

Eastland, Texas

Nov. 26, 1948

Dear Santa Claus:

I will write you to let you know what I want you to bring me. I would like to have a "sleepy" doll, stove, candy, apples and oranges. I am a little girl five years of age. I want to go to school, but Mama won't let me.
 Princes Eullivent,
 Route 2, Eastland; Texas

Dear Santa Claus:

Nov. 25, 1948.

I am doing my best to be a nice girl and help mother and daddy. I hope you can bring me the things I want most for Christmas which are a baby doll with plenty of clothes, billfold, piano and plenty of toys to play with until next Christmas.
 Please remember all of the other good little boys and girls.
 Love,
 Linda Vessels

Nov. 22, 1948.

Dear Santa Claus:

I think I have been a nice boy this year and I would like for you to bring me a Tool Set so I can build things, a billfold to carry my money in and plenty of other toys to play with.
 Remember all the little boys and girls and bring them something too, Santa Claus.
 Lots of Love,
 Volley Earl Vessels, Jr.

Eastland, Texas.

Dear Santa Claus:

Please bring me a football, a

cowboy suit, dart board and a jacket, BB shots, saddle, hat and cowboy shirt.
 I will be a good boy.
 Clinto Ray Humphreys

Dear Santa Claus:

I want a rubber doll, dishes and doll bed. Will you please bring them to me?
 Ruby LaVerne Harbin

Dear Santa Claus:

I wish you would please bring me a train and gun for Christmas. Also I want a car and banjo and some balloons.
 I am five year old.
 Billy Edward Harbin

Carbon, Texas.

Nov. 27, 1948.

Dear Santa Claus:

How are you?
 I have been good and sweet most of the year.
 I would like for you to bring me a tricycle, teddy bear and a set of dishes.

Please don't forget my sister, mother and daddy. Also remember the little children that don't have a good home.
 With Love,
 Carolyn Lee Beaty, age four

Dear Santa Claus:

I am a little boy six years old. I go to school.
 Please bring me a double grab, a hat, boots and cuffs and anything else you want to.

My little sister wants a doll and car and my little brother wants a gun and truck.
 Thank you,
 Phillip Lewis

Dear Santa Claus:

I am a little boy six years old and I live at the power plant. Please bring me a football pump, pool table, candy, nuts and fruit.
 Love,
 Don Petty,
 Eastland.

Dear Santa Claus,

The North Pole
 I have been a good girl. I have a new brother.
 Please bring Nelson a baby rubber doll. I would like a bride doll if you have one.

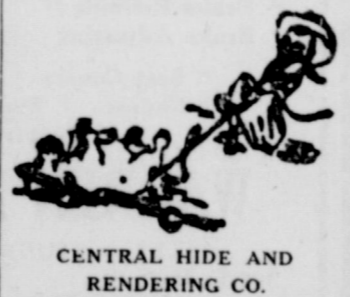

Please bring daddy a radio and record player together. Bring Minnie a dog collar.
 I Love You, Happy Christmas
 Cathy Ann

A new record was established by air express in the United States in the first nine months of 1948 when 2,969,411 shipments were flown, a gain of 10.4 per cent over the corresponding period of last year, Railway Express reports.

Colorado Strike Holds Promise Of Big Boom

DALLAS, Tex. Dec. 3 (UP) — A new major discovery flowing 26 barrels of premium oil every hour may give Colorado a boom in black that will set its neighboring states "afire," oilman D. Harold Byrd said today.

Byrd returned to Dallas last night after flying over the S a n Juan basin in Montezuma county, where the strike was made.

The discovery is the Byrd-Frost Driscoll No. 1 on the Dove Creek structure. It was shut in Wednesday night, Byrd said.

"It's an awful big thing," he said. "It's opening up a whole oil province that had just been fooled with."

Byrd said the oil was tester at 68 gravity.
 "It should be worth from \$4 to \$5 a barrel," he said

Carbon dioxide gas was struck

at 2,286 feet on the Mississippi river line. Then, Byrd said, operators plugged back almost 3,000 feet to where the premium oil was struck.

Byrd said his company had leased 43 structures in Colorado, Utah, New Mexico and Arizona and would extend its operations on the 40,000 acres surrounding the rich wildcat.

He said plans were being made to build a pipeline to Salt Lake City and then to San Francisco.

"We've been drilling three years and this is the third field in five or six tries," Byrd said jubilantly.

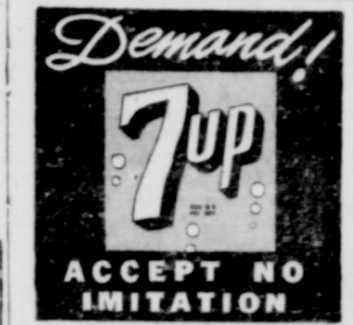

In the bee family, the worker has 3,000 to 4,000 lenses in its eyes, the drone 7,000 to 8,000, a queen about 5,000.

Onions should be held under water while peeling to avoid shedding of skins.

Heiress To King Ranch To Wed

RYDAL, Pa., Dec. 3 (UP) — The heiress to the famous King Ranch of Texas will be married to a socialite doctor now on the staff of New York Bellevue hospital, it was revealed last night.

A report of the pending wedding of blonde Helen Kleberg, 20 to Dr. J. Deaver Alexander, was confirmed by the physician's mother, Mrs. Emory G. Alexander, at her home here.

Mrs. Alexander said the formal announcement will be made shortly by Miss Kleberg's parents, Mr. and Mrs. Robert J. Kleberg, Jr. Miss Kleberg is a graduate of the Foxcroft School and attended Vassar College.

Kleberg is owner of the 976,000 acre King Ranch, bigger than the state of Rhode Island, which sends 20,000 cattle to market annually and has 390 oil-producing wells spread through its vast territory. The ranch is also famous for its racing stable whose turf standouts included Assault, winner of the 1946 Kentucky derby.

Alexander, a graduate of Princeton University in 1945 and the University of Pennsylvania medical school in 1947, is a son of the late Dr. Emory Graham Alexander, socially prominent chief surgeon of Abington Memorial Hospital near here. He is a member of the Huntingdon Valley County Club and the St. Anthony Club.

Fires Don't Know When To Stop—

... and no one knows when they are going to start. Consider the words of wisdom from the man about town who is defending himself for not being insured: "I am careful. I never had a fire in my life," and the implication is that he never will. The answer to this kind of reasoning is in every daily newspaper, on radio programs and all other places where we get out news. The most careful and most fire-conscious some time have fires—not because they are careful but in spite of it.

Mrs. Horton In Book Review On Club Program

"Doctor Hudson's Secret," by Lloyd C. Douglas was reviewed by Mrs. James Horton at the Bible Day program of the Thursday Afternoon Study Club, meeting at the Woman's Club Thursday afternoon, of which Mrs. Horton was leader.

Dusin the business meeting presided over by the president, Mrs. Ben Hamner, the club voted to send Mrs. Johnnie Dean of Stephenville, who was a guest speaker at the last meeting a nice dainty present. Plans were made for the Christmas dinner to be December 17, at the club house with husbands as guests.

Present were Mesdames. Frank Castleberry, Dan Childress, Earl Conner, Sr., Frank Crowell, C. B. Frost, Jack Frost, Fred Davenport, Hamner Horton, D. L. Houle, Hubert Jones, W. W. Linkenhoger, Milburn S. Long, Jack Muirhead, R. E. Sikes, E. R. Townsend, W. C. Robinson, Pearson Grimes and W. G. Marquardt.
