Eastland And Coleman Set For Football Opener Tonight

MAVERICKS LOOK GOOD ON DEFENSE

Eastland High School's Mavericks, untested and untried, will take on the similarly untested Coleman Bluecats at 8 p. m. Friday on Maverick Field in Eastland in the first local game of the 1949 football season.

And Eastland Coach Wendell Siebert said Thursday after the Mavericks' final practice session that if the old show tradition of a poor dress rehearsal indicating a good performance means anything, the Mavericks really ought to give the Bluecats a tussle.

The Mavericks just couldn't do anything right Thursday, he said. But Friday was another day, and then will come the test of three weeks of training for a green but willing Maverick squad.

Siebert said this week that defensively, his line was ready from tackle to tackle, although weak at the ends. He and Coach Jim Alexander were drilling their charges daily on pass defense, an apparent weak spot.

The big question remained the offense, and that question will be answered on the field.

On paper, Coleman is just about even with the Mavericks in returning strength, but two of the Bluecats' returnees are Junior Carr and Eugene Hurst, two of the better Class A backs in this part of the state last year.

Maverick Field will be in the best shape in its history for the game, with a thick green turf to cushion those hard bumps.

The game will help decide several questions for Siebert, such as whether his current choice of Edwin Aaron as the man under the T formation is the right one; who in his backfield really has the ball-carrying ability—a big question with a group of backs who never have performed as ball carriers in a game before—and whether he has made the right choice for No. 1 man in a number of positions.

Standout players for Eastland in practice session and scrimmages have been Bill Sikes at right tackle; Glenn Hogan at right guard; Glenn Garrett at right half back; and Roy Smith at fullback. Leonard Quarles also seems to have clinched his position at center.

Most of the other starters also look secure in their places. They are Larry Falls at right end; Kenneth Williamson of Morton Valley at left end; Richard Bumpass at left tackle; Jimmy Spalding at left half; and Aaron at quarterback.

The only questionable starting position was left guard, where Siebert still had not made up his mind whether it would be Bob Womack or John Hensley.

A complete list of the squad, with numbers and weights, will be found on the football page of this edition of The Eastland County Record.

Eastland and Coleman had a lot the same kind of relative positions a year ago when they opened the season against each other in Coleman, and Coleman won that one 14 to 0 when Eastland slipped up on pass defense and failed to show any sign of an offensive that could keep rolling.

Tonight's battle could develop into much the same sort of battle, or could be far different if the green but eager lads in the Maverick backfield decide they want to play themselves some football.

Pep Rally To Be Held Friday Morning

The spirit that inspired the 1947 Eastland Mavericks to beat Coleman in a bi-district game here will be instilled anew into the 1949 Mavericks Friday morning if a group of Eastland businessmen can do it.

The businessmen will be picked up downtown by bus at 10:30 a. m. to go to Eastland High School for a special pep rally preceding the Coleman-Eastland game on Maverick Field at 8 p. m. Friday.

Every business firm in town was urged to have at least one representative at the rally.

Jack Vaught, formerly of Eastland who has been manager of the Texas Peanut Company plant at Comanche, has gone to Brownwood as manager of the Brownwood Shelling Company.

Sharp School Tax Increase Explained By Board

School Registration In Eastland 775, Less Than Expected

Despite the fact that nearly 100 students were coming in to Eastland schools this week from rural areas for the first time, enrollment at the five Eastland schools Thursday was only 775, School Supt. W. G. Womack said.

Late registrants were expected to bring the total above 800 in a relatively short time, but even that total would be disappointingly small.

Since the state aid program now is based on average daily attendance rather than the scholastic census as in the past, "we're going to have to hump to keep our present number of teachers," the school head said.

And he said further that the schools now have just about the right number of teachers.

"We have the best faculty and the best school program we have ever had, I do believe," he said. Enrollment by schools to date is:

- High School, 201.
 - Junior High School, 191.
 - South Ward, 165.
 - West Ward, 181.
 - Negro School, 28.
- Eastland High School Principal Prentiss Jones said that 48 students had signed up for the two new agricultural courses being taught this year by M. D. Fox.

Of these, about 28 are Eastland residents who never had a chance to take vocational agriculture courses, he said.

Fox, who lived in Eastland before he moved to Graham, said he was very happy to be back, and believed the agriculture courses will prove worth while.

"Almost 100 percent of the boys coming in from the rural districts are taking agriculture," he said.

Womack said that the school hours have been changed this year so students will begin school at 8:40 instead of 9 a. m., get out for lunch at 12 as before but return at 12:45 instead of 1 p. m., and get out for the day at 3:45 instead of 4 p. m.

The net effect is to make the school day 20 minutes longer, he said, but the rearranged schedule creates considerable more efficiency in getting work done.

Farmers to Attend Bureau Meeting

Groups of farmers from each community of Eastland County are planning to attend a Farm Bureau informational and inspirational meeting in the V.F.W. Hall in Comanche Monday, Sept. 19, E. E. Blackwell, Eastland County Farm Bureau president, said this week.

Principal speakers on the bi-district program will be J. Walter Hammond, state Farm Bureau president, and Congressman Omar Burleson.

The program is to include a discussion of the issues and problems facing agriculture, Blackwell said.

Farm Bureau county "queens" from this area will compete for the honor of representing counties in this area in the district and state queen contest, to be held later in Dallas.

Blackwell invited all interested persons to attend the meeting.

Hagaman Services To Be Held Friday

Funeral services for M. H. Hagaman, pioneer Ranger resident who died there Thursday morning, will be held at 4 p. m. Friday at the First Methodist Church in Ranger.

Mr. Hagaman was the first mayor of Ranger, and was one of a small group of men responsible for the building of the town during the tremendous oil boom of 30-odd years ago.

Lake Hagaman, from which the City of Ranger gets most of its municipal water supply, is located on the ranch owned by the Hagaman family.

OVER 40 OUT FOR EASTLAND JUNIOR HIGH SCHOOL TEAM

County Considers Bid Of Baptists For Prairie Building

Purchase of the Sinclair-Prairie Building at Seaman and Plummer Streets by the First Baptist Church of Eastland for use as an educational building was under consideration this week.

The church has offered to buy the building from Eastland County, it was reported, but no reply has been received pending study of the matter by the Commissioners Court.

The county has owned the building for some years.

The Baptists began using part of the county-owned structure last Sunday for Sunday School purposes under a rental agreement.

The building is across Plummer Street and down the block from the church building.

It was reported that at least one other party in addition to the church was interested in the purchase of the building, which is one of Eastland's better-built business type structures.

When the topic of selling the building came up about a year ago, it was disclosed that the sale could be made by the county only on the basis of competitive bids, at public auction or by sealed bids.

One bar to the sale is the fact that the district and county offices of the State Department of Public Welfare now are housed in the building, and county officials do not want to have to order them out.

The Red Cross office also is in the structure.

COUPLE TO HAVE CHARGE OF REVIVAL SERVICES

Rev. and Mrs. Mike Wright of Corpus Christi will be in charge of services for an Eastland Assembly of God revival which will be held in the local church beginning at 11 a. m. Sunday.

Good music and singing will be featured at all the services during the meeting, it was said by local church officials.

TO CONDUCT SERVICE

Rev. M. P. Elder, pastor will conduct preaching services at the First Presbyterian Church in Eastland at 11 a. m. Sunday

PROSPECTS BRIGHT, COACH BELIEVES

With a squad of over 40 youths reporting for practice daily, Coach Joe Lee Williams of the Eastland Junior High School football team said this week that he feels prospects are good for an excellent season.

Coach Williams, who is holding down his first school job this year in Eastland, was employed as health and science teacher for the junior high school, and is coaching the young football aspirants as an additional duty. He played football at Dalhart High and had a year of college football before he injured a knee and was forced out of the game.

Williams, who is married and a recent graduate of Hardin-Simmons University, lives at 311 South Madera Street, overlooking the Junior High football practice field.

The junior high team had as coach last year the school principal, W. C. Robinson.

Williams said he believes he will be able to field a team that will average in weight 125 or 130 pounds—although some of the larger boys may not make the starting eleven, he said.

The coach said the team probably will play its first game of the season in about two weeks, but that arrangements for the first game have not been completed yet.

Williams said he felt he had several boys on the Junior High squad who will gladden the heart (Continued on page 8)

Mrs. Clinton's Father Injured In Accident

U. L. Lowry of Putnam, father of Mrs. Robert Clinton of Eastland, was reported recovering in a Cisco hospital Thursday from a broken leg and other injuries received Monday when his car pinned him against a rock ledge on an oil lease near Putnam.

Lowry got out to open a gate, leaving his grandson, Robert Clinton, Jr., in the car. When the car began to roll, Lowry got in front to stop it, and was pinned against the ledge.

Robert, only 26 months old, could not help, and Lowry stayed there until a fellow worker found and released him.

O. B. Shero and Jimmy Still went fishing at Possum Kingdom Lake over the week end and caught about 50 fish, mostly bass.

Livestock Men Set Barbecue Date

Annual barbecue of the Eastland County Livestock Raisers Association will be held Thursday, Oct. 20, it was decided at a meeting of the association in Eastland Friday night of last week.

The barbecue again will be held in the Eastland City Park, and Judge M. S. Long again was chosen as chairman of the barbecue committee, by unanimous vote.

Members of the Eastland County Dairy Association likely will participate in the barbecue meeting also, said A. Z. Myrick of Cisco, president of the dairy group. A decision on the joint meeting will be made at the next meeting of his board of directors, he said.

The livestock association set the dates for the next county livestock show in Cisco as the last Friday and Saturday in March. A catalogue committee was appointed to work out classes and premiums.

It was decided that tickets to the barbecue will be sold this year for the first time, with the tickets to be placed on sale at \$1 each ahead of the occasion. Persons who wish to join the association may do so by paying \$2 extra. A membership committee will be on the grounds the night of the barbecue to solicit memberships.

The association will have another meeting in the Eastland County Courthouse the night of Sept. 27. President A. V. Clark of Cisco urged all members to be present.

Warren Manages Jarecki In Cisco

H. D. Warren, Jr., of Eastland has been appointed manager of the Jarecki Manufacturing Co. oil supply house in Cisco.

Warren and his family were moving to Cisco this week.

He is the son of Mr. and Mrs. H. D. Warren of Eastland.

COLONEL DON BRASHIER TO LEAVE FOR BAYLOR

Colonel Don Brashier, son of Mr. and Mrs. W. E. Brashier and quarterback on last season's Eastland High School football team, will leave Monday for Waco to enroll as a freshman in Baylor University.

He will take a pre-medical course.

Valuation Boost Is Necessity, Say Meeting Speakers

Members of the Eastland School Board, having rough going with a program for raising almost all school taxes in Eastland 25 percent, called a temporary halt last week end and took time out to explain to the citizens what they were doing and why.

In a Courthouse meeting attended by about 40 persons, School Board President Norris Wilson said the valuation increases now being imposed would not have been necessary had the voters approved a 25-cent per \$100 valuation tax rate increase submitted a year and a half ago.

The money raised that way all would have stayed with the local schools for use here, he said.

But now to raise the extra \$6000 a year needed to maintain the school system here, the board has been forced to raise valuations about one-fourth, so as to raise \$9000 a year, \$3000 of which must go to bond holders under court order, Wilson pointed out.

He said many taxpayers had "raised Cain" with the equalization board on receiving notices of the tax increases, and that was the reason for the meeting being called.

Wilson pointed out that the local schools are \$9000 in debt to the Eastland National Bank, an indebtedness incurred over a period of three years, and that the only way to pay off the indebtedness was to raise more money by taxes.

The debt was incurred because the fact the schools were operated with a maximum of economy, with practically nothing being spent on repairs or improvements on the aging buildings, Wilson said.

Although a relatively small group was at the meeting Friday, some of the largest taxpayers in Eastland were on hand or represented. Among those in attendance were W. B. Pickens, Grady Pipkin, Ben Hamner, Victor Cornelius, and Milton Gaines.

The school budget figures and what the Gilmer-Aikin bill means to school finances here were presented to the meeting by Ross Rucker, secretary of the school board.

Rucker explained that under the valuation increase program, property is not supposed to be on the school tax rolls at more than one-third of its current market value.

This accounts for the fact that not all increases have been made on exactly the same percentage basis, he said.

Board Members Bob Vaughan and Mrs. Jim Horton also spoke briefly at the meeting.

Mrs. Horton said she is proud of the Eastland school system, and feels every citizen of Eastland has a right to be proud also.

Legion Considers Eastland Movie

Sponsorship by Dulin-Daniel Post of the American Legion of production of a "See Yourself in the Movies" picture in Eastland was discussed by the post's board of directors at a breakfast meeting in the Tip Top Cafe Thursday morning.

It was decided to bring the project before the organization in the form of a motion.

Proceeds from the project, if it is adopted, would be used to buy a horn for the Eastland High School Band, and a heifer calf to be given to an Eastland County farm boy under the program being sponsored by the Eastland County Dairy Association.

At the regular Legion meeting Thursday night of next week, a film of local citizens taken 12 years ago will be shown, to give Legion members an idea of the proposed picture. The public was invited to attend and see the showing of the film.

Present for the breakfast were Post Commander Matt Wallace, P. L. Crossley, Henry Pullman, George Fields, Neil Day, C. G. Stinchcomb and Joe Collins.

Side Issues

BY HENRY G. VERMILLION

Bill Brashier and I have been a jumpy lately, there's a good reason.

The other day Bill was out walking his yard and picked up a spider. He felt a sharp pain in his back. The pain quickly mounted to almost unbearable proportions. Bill noted a large gray spider crawling from under the board. He killed the spider, but the pain from the bite lasted some days and was not all gone the next day.

Bill was asleep in bed one night when something woke him up crawling on my neck. I actively brushed at it, and the next moment felt a sharp pain in my arm under my armpit. I shot out of there, and a bit searching in the cover—it was a spider which was dispatched with aid of my wife.

Although I had killed many spiders in my life, this was the one that ever had stung me. The pain was intense for a while, but after that the spider did not bother me very much. I'll bet Bill Brashier looks at spiders before he goes to bed, and I know bed will not be so safe a place to me.

Johnson reports seeing hail on the ground like drifts of snow (Continued on page 8)

Had Services Held In Cisco

Funeral services for Emory Johnson, 38, Cisco resident and cook at Emory's Drive-Inn cafe in Eastland, who allegedly was shot and killed by his estranged wife, Mrs. Elva Moad, were held Sunday at the Church of God in Cisco with Rev. W. E. Hallock of Eastland officiating.

Mrs. Moad assertedly shot her husband twice as he sat in his car parked on a Cisco street. A special grand jury met Thursday to consider the case.

Elva Moad had been held in Eastland County jail pending trial by the grand jury.

Mrs. Moad drove to the home of his parents in Cisco following the shooting, and died later in a Cisco hospital.

Mrs. Moad had been employed in the cafe about two years.

Johnson was a star high school athlete at the Elk City, Okla., high school before he and his family moved to Cisco in 1932. His parents were Rev. and Mrs. C. S. Moad of Cisco, and in addition, four sons and three sisters survive.

There also are two daughters, one in Cisco and one in Neota of Cisco.

Record Publishes Football Page

With this issue, The Eastland County Record begins publication of its annual football page.

The page, published prior to each of the games of the season, and the Mavericks, you can get the season's schedule, the scores of games previously played; the names, positions and weights of the Mavericks squad members; information on the game to be played next.

Out of the schedule in this issue of The Record, if you are a Maverick fan, you will find it of interest many times during the season.

The Record wishes to pay tribute to the merchants and business firms of Eastland who have made the football page one of its publication positions.

Eastland County Record

Kem Smith, Mary Smith, Nancy Smith, Jeanne, Pat and Trevette Vermillion, Larry Wilkinson and Donald Ward.

Intermediate course tests were passed by Joe Ernst, Carl Freese, Niel Van Geem, Herby Weaver, Charles Williams and Richard Williams.

Junior life saving courses were passed by Herman Hassell, Jim Ed Willman, George Harris, Lonnie Young and Rodney Stephen.

Senior life saving courses were completed by Don McClendon and Dan Amis, the latter taking a renewal course.

The Hart brothers said they were quite pleased with the result of the courses, particularly in view of the fact that the classes were started quite late in the summer.

They said certificate for all those who passed courses likely will arrive in a week or two.

In French history May 31, 1793 to July 27, 1794 is known as the "Reign of Terror."

High Blood Pressure

HARDENING OF ARTERIES, PAINS IN LEFT ARM AND SIDE

Elmer G. Johnson, president of Harlingen State Bank, Harlingen, Texas, writes, on Feb. 20, 1948:

"Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mass.

"I have some good reports to make on the effectiveness of Garlic used. Mr. Turner, Texaco dealer here, has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson, San Benito, who was in bad shape, is also very much better and her blood pressure down considerable. This garlic works, and you are doing a fine job of producing it for the benefit of those suffering from high blood pressure or heart trouble."

Here's a report on the steps saved in one typical morning by one typical customer's telephone . . . 6 conversations . . . covering 39 1/2 miles, all in local calls . . . at an average cost of about 2c a call — or a third of a cent per mile!

Mrs. R. E. SIVLEY, 2115 RUTLAND ST., HOUSTON, TEXAS

EVER WONDER HOW MANY STEPS YOUR TELEPHONE SAVES? Like most people, Mrs. Sivley was amazed when she looked at the actual record of the calls she made and received . . . and at the actual cost of those calls.

Every year the telephone becomes more and more important in our daily lives. And every year brings further progress in telephone service. New telephones added so you can reach and be reached by more people. Improvements made so you can hear better, get your calls through quicker, enjoy more trouble-free service. The result—a real bargain today that grows in value every year. SOUTHWESTERN BELL TELEPHONE CO.

What else gives so much for so little?

"Cleo, our washwoman—2 1/2 miles"

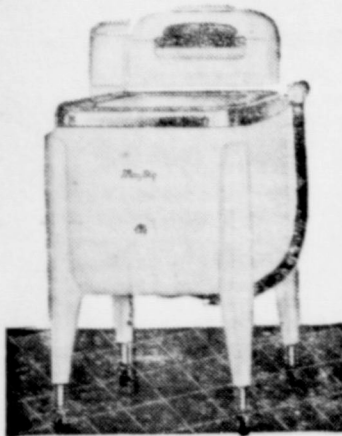

"Mrs. Charlot, our baby sitter—4 miles"

"A real estate agent—5 miles"

"Dorothy, my sister-in-law—2 calls, 22 miles"

"My friend, Jen—8 miles"

Ask any of the millions of satisfied users and you'll insist on Maytag!

Over 5 million Maytags sold—far more than any other washer. Come in and place your order now.

Captains Named For Lions' Ticket Sales

H. L. King, Everett Plowman, Bruce Pipkin and Homer Smith were named team captains of a Lions Club drive to sell tickets toward a fund for sight conservation at a meeting of the club's board of directors Tuesday night.

Joe Collins previously had been named general chairman of the drive.

All members of the club were assigned to one of the four teams, and the club officers said they hoped to raise enough money in the campaign to finance the sight conservation program for a year.

The club has organized a visual examination program for all the school children of Eastland, to be carried out a bit later, and announced its intentions if possible to buy glasses for every student who needs them and whose parents cannot afford to buy them.

Miss Johnson, Mr. Hake Wed Saturday

BRILLIANT RITUAL HELD IN EASTLAND

A lighted cross centered on a candlelight chancel with a backdrop of greenery interspersed with white flowers and baskets of white gladioluses, flanked each side and the center front of the church altar for the picturesque setting for the wedding of Miss Glenna Lee Johnson and Stanley Louis Hake in the First Methodist Church of Eastland last Saturday night.

Rev. P. W. Walker, pastor of the First Methodist Church of Denton, officiated as muted violins softly played throughout the ceremony.

A quartet of unaccompanied violinists composed of Mesdames Robert Moreton of Temple, Thomas Hughston of Dallas, Jimmy Wells of Abilene, and Miss Billye Beall of New York City played "Nachtzauber" by Slunicko, "Wilda" and "Alma" by Carl Venh, "Lohengrin" by Wagner, "Believe Me If All Those Endearing Young Charms," "Drink To Me Only With Thine Eyes" and Mendelssohn's "Recessional Wedding March."

The bride's exclusively self-designed gown was made in New York City and fashioned with a strapless fitted white satin bodice and a full gathered skirt over hoops, extending into a formal cathedral train.

Covering the satin was a white chantilly lace fitted bodice with an off the shoulder neckline and long fitted sleeves coming to a point on the hands. Lace covered buttons were used on the sleeves and all the way down the back of the bodice.

A gathered silk marquisette skirt parted down the front, with rippling chantilly lace edging it and the marquisette cathedral train.

The bride's fingertip veil was of imported illusion, caught into a Juliet cap of chantilly lace. She carried a bouquet of red roses surrounded by tulle.

J. B. Johnson, owner of the Modern Dry Cleaners in Eastland, gave his daughter in marriage.

Miss Olivia Hake of Nashville, Ill., sister of the groom, was maid of honor, and Mrs. Cyrus B. Frost, Jr., of Austin was matron of honor. Bridesmaids included Misses Gloria Graham of Dallas and Dorothy Perkins of Midland, Mesdames Harold Law of Weatherford and Louise Cowan of Wichita Falls.

The feminine attendants' gowns were styled in patterns similar to the bride's, with full marquisette skirts over hooped satin, fitted satin bodices, deep round necklines with marquisette yoke and satin fold.

Each dress was a different hue of pastel, including Nile green, shell pink, powder blue, yellow, lavender, and aqua. They wore picture hats of pastel shades contrasting with the gowns, and elbow length gloves of matching marquisette. Each carried an arm bouquet of tinted Marconi daisies.

Flower girls were Charlotte Vaught, daughter of Mr. and Mrs. Bob Vaught, and Cathy Smith, daughter of Mr. and Mrs. Eldon Smith, both of Eastland.

Harry Blackwell of Fort Worth served as best man and ushers included Cyrus Frost, Jr., of Austin, Jack Germany of Wichita Falls, John Osborne, Jr., and Jack Collins of Eastland, and Virgil Seaberry, Jr., of Austin.

Miss Johnson, daughter of Mr. and Mrs. J. B. Johnson, is a graduate of T. C. U. She was a violin student of the late Miss Wilda Dragoo, and studied violin with Francis Macmillen in New York. In 1945 and '46 she gave concerts in Europe with a USO group.

The groom is the son of Mr. E. A. Hake of Nashville, Ill., and a Naval Air Corps veteran. He worked for the Texas Company in Venezuela in 1948, and presently is employed as a computer for a seismograph crew of the Texas Company.

The bridal couple spent their honeymoon in New Orleans before going to Centreville, Miss., where they will make their home.

Following the wedding, a reception was given at the home of

MRS. STANLEY LOUIS HAKE

the bride's parents on the lawn. Hurricane lamps were used for light. Three tables had been erected on the lawn, with the center table displaying a large wedding cake decorated with pastel roses and two love birds, over which were two wedding bells.

Punch in crystal bowls on side tables was served to the guests by members of the lawn party, which included Mesdames Ed Bogaty of Fort Worth, sister of Mr. Johnson, Sam Johnson, sister-in-law of Mr. Johnson, Harry Blackwell of Fort Worth, R. A. P'Pool, C. J. Germany, Jimmy Harkrider, John Paul Beatty of Colorado City, Jack Germany of Wichita Falls, and the four violinists.

Out of town guests for the wedding included Messrs. and Mesdames Harry Blackwell, C. W. Geue, Wid Crawford, Ed Bogaty, Keith Beyette, Alvis Herring, J. H. Stamps, Robert Kessler, June Kimble, Brooks Morris, Henry Boren, Mrs. Florence Whitman, Robert Johnson, Clyde Whitlock, and J. P. Whitman, all of Fort

Worth, Messrs. and Mesdames Pat Owen of Odessa, Russell Williams of Oakland, Calif., Hollis Bennett of Abilene, Frank Davis of Abilene, Conrad Kroll of Austin, Dr. and Mrs. W. H. Buckholts of McKinney, Mesdames Marie McDonald of Fort Worth, Emmett Graham of Cisco, Paul Woods of Cisco, Miss Lannie Mancill of Cisco, Harold Law of Weatherford, Bobbie Beall of San Angelo, Austin Furse of Houston and Bob Leslie of Houston.

VAN HOY TO ATTEND OKLAHOMA U.

Conner Van Hoy, son of Mr. and Mrs. Aubrey Van Hoy, will leave this week end for Norman, Okla., where he will enroll in the University of Oklahoma as a sophomore.

Last year he attended Hardin-Simmons University in Abilene.

Mr. and Mrs. Mel Stover of Las Cruces, N. M., are visiting Mrs. Stover's parents, Dr. and Mrs. F. Vermillion, for a few days.

Lions Schedule Notable Programs

Two outstanding programs are in store for the Eastland Lions Club during the coming two weeks, Program Chairman Robert Nelson announced Tuesday.

Next Tuesday, George Brown of the information department of the Southwestern Bell Telephone Company will present an unusual "Journey With Your Telephone Voice."

In the program, brought here by W. H. McAnally, local telephone company manager, music and speech will be projected through space and reflected with a mirror. The program also will feature a showing of the transistor, which some day may replace the vacuum tube.

The following Tuesday, A. Z. Myrick, president of the Eastland County Dairy Association, will be on hand to tell of the association program for giving Jersey heifers to deserving farm boys of Eastland County.

The dairy group is enlisting the assistance of organizations and individuals in putting over its program of improving the dairy stock of the county and building interest in dairying among young people of the rural areas.

Prince Von Bismark was chiefly responsible for the unification of Germany.

A league of German towns from the 13th to the 17th century was called the Hanseatic League.

Plea To Hunters: Miss Phone Lines

A plea for hunters not to shoot at birds on telephone lines made by W. H. McAnally, manager for the Southwestern Bell Telephone Company.

Each year, thousands of telephone lines in the nation are damaged by stray shots during the hunting season, he said, and the resulting damage not only is costly to the telephone companies of the nation, but disrupts long distance and rural service.

"Birds can fly away," McAnally pointed out, "but telephone wires just have to sit there and take it." Until telephone engineers develop a wire that will duck a shot at, hunters will be doing everyone concerned a great service by not shooting at birds on telephone wires, McAnally concluded.

Revival Service To Begin Early

The revival service being conducted by Evangelist Horace By of Fort Worth will be held 7 p. m. Friday to avoid conflict with the Eastland-Coleman ball game, it was announced.

Mr. Busby, who has a wide reputation as an evangelist and baptized over 17,000 converts, preaching to large crowds at service. The services will continue through Sunday night.

Singing is under direction of Bro. Bost of Abilene, former music director of Boles Orphan Home.

South Ward Opening
Marked By Assembly

Opening of South Ward School this morning was marked by an assembly in the school building attended by all pupils, teachers and the mothers of the children.

H. H. Durham, principal, presided over the assembly. Mrs. E. E. Layton, first grade, Mrs. Marvin Hood and Mrs. Cooper, second grade, Johnny Hart, third grade, E. Frazer and Mrs. Prentiss, fourth grade, Mrs. Durbin, fifth grade, Miss Charlene, kindergarten, and Mrs. A. Fisher, who will have a piano in the school. Lon Fisher is in charge of the lunch.

Milton Day, president of South Ward P.T.A., made a talk and presented each of the members with a bouquet of flowers. Mesdames Josie Nix and Mrs. Morton Valley made remarks.

W. W. Linkenhog spoke for the P.T.A., expressing appreciation to those responsible for the new safety signs adjacent to the school.

A. To Sponsor
Cream Supper

Members of the South Ward will sponsor an ice cream social at the Eastland High School on Tuesday of next week from 7 to 9 p. m.

Members and patrons of South Ward School will furnish home made ice cream to be sold at 25 cents per serving. Proceeds from the supper will be used for buying equipment for the school.

Junior Music Clubs
To Have Meetings

Members of the Beethoven Junior Music Club will meet at the home of the club sponsor, Mrs. A. F. Taylor, at 9:30 a. m. Saturday, for a breakfast and the club's first meeting of the season.

Members of the Scale Runners Junior Music Club, also sponsored by Mrs. Taylor, will meet in her home at 4 p. m. Wednesday for their first meeting of the club year.

Mrs. Taylor recently returned after an extensive vacation trip through the South, East, New England, and Canada.

Accompanied by Mrs. Homer Bird of San Angelo, who was Mrs. Taylor's college roommate, she visited Shreveport, Birmingham, Atlanta, Philadelphia, Washington, New York, and went on to Quebec and Toronto, Canada before returning by way of Chicago, Detroit and other Mid-western cities.

Sub-Deb Club Plans
For Cake Raffle

Members of the Sub-Deb Club met recently in the home of Gayle Parrack for the regular business meeting, and discussed plans for a cake raffle.

The hostess served refreshments of hamburgers, Cokes and Fritos. Those present included Ann Day, Gene Griffin, Zena Grissom, Frances Van Geem, Claudine Laster, Sorita Seale, and the hostess.

The next meeting will be in the home of Sorita Seale.

Misses Catherine Canet, Betty Jo Carroll and Gertrude Daffern are spending a two-week vacation in California, Colorado and Arizona. Miss Canet and Miss Carroll are employed by the Southwestern Bell Telephone Company and Miss Daffern is employed by the Cornelius Theatrical Printing Co.

News From . . .
Morton Valley

—By Special Correspondent—

Mr. and Mrs. Rufus Keye of Fort Worth spent Saturday night with Mrs. L. Langlitz.

News Items From CHEANEY

By SPECIAL CORRESPONDENT

crowds, good preaching and attention are being manifested at each service of the meeting in progress this week at the Church of Christ under the supervision of minister H. Holden.

were numbered among the 63 relatives who registered for the Watson reunion held Saturday and Sunday at Forest Park in Fort Worth.

Mr. and Mrs. Wooten were pleasantly surprised Sunday when her parents, Mr. and Mrs. S. H. Kitchen and brother, Henry Kitchen and family of Cisco and her sister, Mrs. T. J. Tucker and daughters, Barbara Ann and Betty

Sue of Dumas; also a friend, Mrs. Joe Flournoy and daughter, Paula Mae of Morton Valley, gathered unexpectedly for a reunion.

Another gathering was that of the Melva Love and Blackwell families. A basket lunch, following the morning Church service, was spread in the meadow at the Melva Love home, with all the local families present.

Out-of-towners were Mr. and Slim Blackwell and family of Ranger, Mr. and Mrs. Jack Love and sons of Odessa, Mr. and Mrs. Lum Love and Charlotte of Lubbock and Mr. and Mrs. Clarence Horne of College Station.

All of these visitors were also visitors at church services Sunday morning.

Mr. and Mrs. Joe Hudson returned Saturday from Idaho where they spent a month visiting their daughter, Mrs. Elva Jo Haagenson and family.

Mrs. Sallie Bishop is visiting in New York and other places of interest.

Mr. and Mrs. Jack Bishop of Denton were church visitors Sunday; also Mr. and Mrs. Walton Mosely and two sons of Merkel and Mrs. M. V. Simmons of Walnut Springs.

Guests Saturday night in Mrs. Electra Hattox' home were Mr. and Mrs. S. C. Watson and Mr. and Mrs. Jack Fisher of Albuquerque.

Mr. and Mrs. Gene Ferrell were happy to have their daughter, Mr. and Mrs. Frank Tory and son, Lloyd of Fort Worth home over the week end. Other visitors were Mr. and Mrs. Lynn Gentry and family and their daughter, Mr. and Mrs. Clifford Floyd, all of Ranger.

Mr. and Mrs. T. A. Grice spent the week here with Mr. and Mrs. Jim Grice. They returned to Abilene Monday afternoon.

Friends will be glad to know that Mr. J. T. Strickler came home Sunday night from Harris Memorial of Fort Worth. He states that he is feeling fine despite his advanced years; 88 of them.

Word comes from Galveston that Mrs. Mattie Walton will undergo two weeks of treatment before her tentative operation and that she is resting well.

Sunday guests in the Arthur Love home were John, Ellen and Betty Tucker, and Mr. and Mrs. Bill Tucker and Billy.

Fred Scott of Abilene made a trip here Saturday in the interest of his farm which is operated by Ira Wilson.

Mrs. Lynette Woodard of Fort Worth visited over the week end

with her mother, Mrs. Omie Underwood and family.

G. C. Tucker and family of Arlington were Saturday night visitors in the Joe Tucker home.

Mrs. Wynne of Ranger visited the Bruce Laminack home and attended church at Alameda Sunday evening.

Mrs. Rogers has been ill at the home of her daughter, Mrs. Della Galloway, but is now recovered sufficiently to be at home again.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY TEXAS COCA-COLA BOTTLING COMPANY

SEE IT and you want it - PRICE IT and you'll buy!

FOLKS take a look at those bumper-guard grilles - built as a unit and proof against "locking horns" - and say "Hmmm! Nice!"

They sweep their eyes over tapering fenders, with a suggestion of jet power in their after contours - and say, "That's for me!"

They eye-measure windshields that are 48% bigger and rear windows with 56% more area - and know without being told they can see the road up closer, both fore and aft.

So they say - "That's for me - IF!" "What does it cost me to get this handy-sized dandy with the roomiest interiors ever found on a Buick Special?"

"What do I pay for high-compression, high-pressure Fireball power from a big Buick straight-eight engine?"

"What's the tag on that swell Buick ride, with coil springing, extra-wide rims, seats between the axles and all that?"

"And what about Dynaflo Drive -

understand I can have that at extra cost - how much?"

Well, sir, the news is good. Plenty good. Because this honey's priced well under your expectations. It's a straight-eight that's priced under a lot of sixes - over the years your investment will be no more than for any other car.

So better not stop with looking. Better price it too - delivered at your door. Your Buick dealer will give you the figures, even demonstrate.

After which you'll do as others are doing - you'll get a firm order in.

TEN-STRIKE! Only Buick SPECIAL has all these Features!

- TRAFFIC-HANDY SIZE • MORE ROOM FOR THE MONEY • DYNAFLOW DRIVE optional at extra cost • JET-LINE STYLING • NON-LOCKING BUMPER-GUARD GRILLES • HIGH-PRESSURE FIREBALL STRAIGHT-EIGHT ENGINE • COIL SPRINGING ALL AROUND • LOW-PRESSURE TIRES ON SAFETY-RIDE RIMS • GREATER VISIBILITY FORE AND AFT • SELF-LOCKING LUGGAGE LIDS • STEADY-RIDING TORQUE-TUBE DRIVE • THREE SMART MODELS WITH BODY BY FISHER

SIDE ISSUES . . .

(Continued From Page One)

the other day near Texline as he was coming home from Raton, N. M.

There was a cloud in the sky, but not too big a one, and when the first hailstone hit the car during a shower, he first thought it was a rock, Carl said.

Then a little later, when it was no longer hailing, he saw where the hailstones were banked up.

My family made a labor day trip to Burnet, the Longhorn Cavern, and Buchanan and Inks Lakes.

The Hill Country was less beautiful than I have seen it because it was so dry, but the children got a big kick out of the trip.

My wife and I both had seen the Carlsbad Caverns, and the biggest cave in Texas seemed no great shakes to us after viewing the pride of New Mexico.

But none of the children had ever been in any sizable cave before, and they got a big bang out of the experience.

Incidentally, the cave is only about 150 miles from Eastland, the road is paved all the way up to the entrance, and the prices for going through are \$1.20 for adults, 60 cents for youths 12 to 16, and nothing for children under 12.

Tours are conducted through the cave every hour on the hour, at least through the summer months. The cavern is owned by the state of Texas, and is in the midst of the Longhorn State Park.

And if you ever do go and get there on a clear day, drive on past the cavern office about a half mile on the paved road, turn right on a little unpaved road that leads up a hill, and enjoy the view from the hilltop. You can see miles and miles of hills and valleys, with Inks and Buchanan Lakes nestled down in some of the valleys, and with Buchanan Dam visible past the end of one of the lower hills.

Buchanan Dam up close is an immense thing, and its nameplate proclaims that it is the largest multiple arch dam in the United States, whatever a multiple arch dam is.

Posted prominently on the walk way atop the dam are no fishing signs, and a fellow who was up there explained why they were there.

After the dam was built, fishing was allowed from on top of

it, he said, and for a good while the fishing was excellent.

But this drew crowds, and it got so when an angler caught a good fish, the mob would crowd over toward his spot to try to get close to the "good fishing place."

All this led to so many mob scenes that fishing was forbidden there.

While the man was talking, we were watching some fairly large catfish—possibly three to five pounds—swim around in the water just under the dam, in their perennial quest for food. But we couldn't offer them any—at least, none with a hook in it.

At Llano, an old fellow in a service station said they hadn't had any cool weather in the last couple of weeks such as we have had in Eastland County.

Which just shows you how much difference 150 miles or so to the north or south can make where the climate is concerned.

And the crops looked better in Eastland County and the northern part of Comanche County than anywhere we went.

My eldest son Alan had wanted

us to go to the Carlsbad Caverns for our outing, but his mother and I decided it was just too long a trip for us that time.

And perhaps it was just as well. Jerry Sitton, publisher of the Cisco Press, went out to Carlsbad last week end—I believe on Sunday—to see the Caverns, but on arriving found that about 15,000 other persons had had the same idea. So he still hasn't seen the caverns. He skipped it rather than stand in line four hours.

The first time I went through the Carlsbad cave was in 1924, with old Jim White who discovered the caverns. There were no electric lights, no elevators, not even any steps. We went down in a guano bucket.

There were about 15 or 20 in the party—some others hadn't been able to climb the steep hill on the dirt road that led to the caves then.

It was quite an experience, and I doubt that anyone enjoys today's streamlined tours half as much.

Miss Hunt Plays On Club Program

The Eastland Lions Club three sweethearts Tuesday, a new sweetheart, Margie Hunt, took over her job.

Also on hand were the immediate past sweethearts, Myrl Sneed and Billie Hunt.

Miss Hunt, now a music teacher at North Texas State College, played a group of piano selections as the feature of the program, arranged by Billy Hunt. President W. B. Harris wrote a letter from School Board Secretary Ross Rucker confirming the board's decision to permit club to sponsor a sight-seeing among the school children of land.

MISS HARRIS RETURNS TO WORK AT S.M.U.

Miss Wanda Lou Harris several days visiting her mother and Mr. Percy L. Harris before leaving Thursday to S.M.U. in Dallas.

She will enroll in the semester as a senior, having completed her junior work in summer course that ended weeks ago.
